Preface

Volume 3C, originally published in 1964, accumulated supplements exceeding the bound volume in size and including, among other things, new Chapters 143A, State Government Reorganization, and 143B, the Executive Organization Act of 1973. In addition, a new Chapter 153A, Counties, was enacted by Session Laws 1973, c. 822, effective February 1, 1974, but not included in the 1973 Interim Supplement to Volume 3C. This 1974 Replacement volume is issued to incorporate the new material in the bound volume and to eliminate what is obsolete.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, such opinions which construe a specific statute will be cited as an annotation to that statute. For a copy of an opinion or of its headnotes write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

The recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes, and any suggestions they may have for improving them, to the Department.

ROBERT MORGAN,
Attorney General

Chapter 138.

Salaries, Fees and Allowances.

Sec.
138-1. Annual salaries payable monthly.
138-2. Payment of fees; when to be paid in advance.
138-3. Compensation limited to that fixed by law.
138-4. Governor to set salaries of administrative officers; exceptions.
138-5. Per diem and allowances of State boards, etc.
138-6. Travel allowances of State officers and employees.
138-7. Exceptions to §§ 138-5 and 138-6.

§ 138-1. Annual salaries payable monthly. — All annual salaries shall be paid monthly. (Code, s. 3731; 1893, c. 54; Rev., s. 2772; C. S., s. 3847; 1925, c. 230; 1928, c. 100.)

§ 138-2. Payment of fees; when to be paid in advance. — All public officers shall receive the fees prescribed for them respectively, from the persons for whom, or at whose instance, the service shall be performed, except persons suing as paupers, and no officer shall be compelled to perform any service, unless his fee be paid or tendered, except in criminal actions. The said officers shall receive no extra allowance or other compensation whatever, unless the same shall be expressly authorized by statute. In case the service shall be ordered by any proper officer of the State, or of a county, for the benefit of the State or county, the fees need not be paid in advance; but if for the State, shall be paid by the State, as other claims against it are; if for a county, by the board of commissioners, out of the county funds. The fees in criminal cases are not demandable in advance. (Code, ss. 1173, 3758; Rev., s. 2804; C. S., s. 3849.)

Cross References. — As to liability of defendant in criminal actions for costs, see §§ 6-47, 6-48. As to liability of prosecutor for costs, see § 6-49 et seq. As to constitutional provision, see N.C. Const., Art. IV, § 21.

Officers of Court Must Demand Fees. — Officers of the courts are not compelled to perform their duties, unless the fees prescribed by law are paid or tendered them, but they must demand them before laches can be imputed to the litigants. West v. Reynolds, 94 N.C. 333 (1886).

Same—When Demand Not Made. — The officer is not "compelled to perform" the required service, but he may perform it, and dispense with the payment, and if he does not so intend, he should say so at the time, and not presume that the posting of the notice in his office, of an inflexible rule that he had adopted and from which he would not under any circumstances depart would be known to everyone. West v. Reynolds, 94 N.C. 333 (1886).

Effect of Unconditional Pardon. — Fees due officers of the court are vested rights by law, and are not discharged when the defendant receives an unconditional pardon, after conviction and sentence, from the Governor of the State. State v. Mooney, 74 N.C. 98 (1876).

When Pardon Discharges Defendant from Costs. — In State v. Underwood, 64 N.C. 599 (1870), it was held that where the pardon is pleaded after verdict and before judgment, it will discharge the defendant from the costs. State v. Mooney, 74 N.C. 98 (1876).

Supreme Court Clerk's Fee for Docketing Case. — The appellant's undertaking does not cover the fee of the clerk of the Supreme Court in docketing the case, and the clerk is in the exercise of his right in refusing to docket the transcript where he has demanded the prescribed fee in advance and its payment has been refused. Dunn v. Clerk's Office, 176 N.C. 50, 96 S.E. 738 (1918).

Right of Clerk of Superior Court. — The clerk had the right, even under the common law, as he has under the statute, to demand his fees in advance. Clerk v. Wagoner, 26 N.C. 131 (1843); Martin v. Chesteen, 75 N.C. 96 (1876); Andrews v. Whisnant, 83 N.C. 446 (1880); West v. Reynolds, 94 N.C. 333 (1886); Long v. Walker, 105 N.C. 90, 10 S.E. 858 (1890); Ballard v. Gav, 108 N.C. 544, 13 S.E. 207 (1891).

Same—In Criminal Actions. — In criminal actions, the clerk of the superior court cannot require that the costs of transcript upon appeal shall be paid in advance, although the defendant did not appeal in forma pauperis, and a certiorari will issue directing the clerk to send up the transcript which he holds for such prepayment. State v. Nash, 109 N.C. 822, 13 S.E. 733 (1891).

Same—Section 1-305. — This section and § 1-305 providing that clerks shall issue execution on all judgments rendered in their respective courts, within six weeks of the rendition thereof, or be amerced in the sum of one hundred dollars, must be construed together, it follows that clerks of the superior court will not

incur the penalty prescribed in § 1-305 unless the plaintiff pays or tenders him his fees for that service. Bank of Oxford v. Bobbitt, 111 N.C. 194, 16 S.E. 169 (1892).

Register May Refuse to Function. — The register has the right to refuse to treat a mortgage as delivered to him for registration until his fees in that respect have been paid. Cunninggim v. Peterson, 109 N.C. 33, 13 S.E. 714 (1891).

Legislative Power. — The legislature may reduce or increase the salaries of such officers as are not protected by the Constitution, during their term of office. Cotten v. Ellis, 52 N.C. 545 (1860).

Taxation of Salary. — It was formerly held that the State could not tax the salary of a State officer whose office was created by the Constitution. Purnell v. Page, 133 N.C. 125, 45 S.E. 534 (1903).

Improperly Collected Fee Subject to Recovery. — Where a person is compelled to pay a public officer fees which he had no right to claim, in order to induce him to do his duty such fees may be recovered back. Robinson v. Ezzell, 72 N.C. 231 (1875).

§ 138-3. Compensation limited to that fixed by law. — No officer or employee of the State shall receive any compensation other than the salaries fixed by law, except as provided by way of fees or by special appropriation or from any departmental funds. (1907, c. 830, s. 1; c. 994, s. 1; C. S., s. 3850; 1925, c. 128, s. 1.)

§ 138-4. Governor to set salaries of administrative officers; exceptions. — The salaries of all State administrative officers not subject to the State Personnel Act shall be sent by the Governor, subject to the approval of the Advisory Budget Commission and shall be payable in equal monthly installments. In setting the salaries of those who serve as administrative officers to a board or commission, the Governor and Advisory Budget Commission shall give consideration to the recommendations, if any, of the board or commission involved. This provision does not apply to State officials whose positions are specifically authorized by the Constitution, nor to the chief administrative assistants of such officials, nor to the administrative officers of the occupational licensing boards of the State, except those administrative officers of occupational licensing boards whose salaries are now set by the Governor, subject to the approval of the Advisory Budget Commission. (1947, c. 898; 1957, c. 541, s. 1.)

§ 138-5. Per diem and allowances of State boards, etc. — (a) Members of State boards, commissions, and committees which operate from funds deposited with the State Treasurer shall be compensated for their services at the following rates:

(1) Advisory Budget Commission, seven dollars ($7.00) per diem: Provided, that the rate during the period from July 1 through December 31 of each even-numbered year shall be twenty-five dollars ($25.00) per diem;

(c) The schedules of per diem, subsistence, and travel allowances established in this section shall apply to members of all State boards, commissions, and committees which operate from funds deposited with the State Treasurer, excluding those boards, commissions and committees the members of which are now serving without compensation; and all special statutory provisions relating to per diem, subsistence, and travel allowances are hereby amended to conform to this section.

Editor's Note. — The 1971 amendment in subsection (b), substituted in subdivision (1) the language beginning "the same mileage" for "eight cents (8¢) per mile of travel and the actual cost of tolls paid," substituted in subdivision (3) "twenty-five dollars ($25.00)" for "twenty dollars ($20.00)," and substituted in subdivision (4) "the actual amount expended, as shown by receipt" for "not to exceed ten dollars ($10.00) per convention period."

ARTICLE 1.

General Provisions.

§ 139-1. Title of Chapter. — This Chapter may be known and cited as the Soil Conservation Districts Law. (1937, c. 393, s. 1.)

Editor's Note. — For article on "Introduction to Water Use Law in North Carolina," see 46 N.C.L. Rev. 1 (1967). For note on disposition of diffused surface waters in North Carolina, see 47 N.C.L. Rev. 205 (1968).

§ 139-2. Legislative determinations, and declaration of policy. — (a) Legislative Determinations. — It is hereby declared, as a matter of legislative determination:

(1) The Condition. — The farm, forest and grazing lands of the State of North Carolina are among the basic assets of the State and the preservation of these lands is necessary to protect and promote the health, safety, and general welfare of its people; improper land-use practices have caused and have contributed to, and are now causing and contributing to, a progressively more serious erosion of the farm and grazing lands of this State by wind and water; the breaking of natural grass, plant, and forest cover has interfered with the natural factors of soil stabilization, causing loosening of soil and exhaustion of humus, and developing a soil condition that favors erosion; the topsoil is being blown and washed out of fields and pastures; there has been an accelerated washing of sloping fields; these processes of erosion by wind and water speedup with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; failure by any land occupier to conserve the soil and control erosion upon his lands causes a washing and blowing of soil and water from his lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible.

(2) The Consequences. — The consequences of such soil erosion in the form of soil-blowing and soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottomlands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, drainage developments, farming, and grazing.

(3) The Appropriate Corrective Methods. — To conserve soil resources and control and prevent soil erosion and prevent floodwater and sediment damages, and further the conservation, utilization, and disposal of water, and the development of water resources it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices and works of improvement for flood prevention or

the conservation, utilization, and disposal of water and the development of water resources be adopted and carried out. Among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, desilting basins, floodwater retarding structures, channel improvements, floodways, dikes, ponds, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, contour furrowing, farm drainage, land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands with water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops; the addition of soil amendments, manurial materials, and fertilizers for the correction of soil deficiencies and to promote increased growth of soil-protecting crops; retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(b) Declaration of Policy. — It is hereby declared to be the policy of the legislature to provide for the conservation of the soil and soil resources of this State, and for the control and prevention of soil erosion, and for the prevention of floodwater and sediment damages, and for furthering the conservation, utilization, and disposal of water, and the development of water resources and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety and general welfare of the people of this State. (1937, c. 393, s. 2; 1947, c. 131, s. 1; 1959, c. 781, ss. 2, 3.)

(7) To receive, review and approve or disapprove applications for planning assistance under the provisions of Public Law 566 (83rd Congress, as amended), and recommend priorities on such applications. (1937, c. 393, s. 4; 1947, c. 131, s. 3; 1953, c. 255; 1957, c. 1374, s. 1; 1959, c. 781, s. 5; 1961, c. 746, s. 2; 1965, c. 582, s. 2; c. 932; 1971, c. 396.)

Editor's Note. — The 1971 amendment so changed subsection (a) as to make a detailed comparison impracticable.

State Government Reorganization. — The Soil and Water Conservation Committee was transferred to the Department of Natural and Economic Resources by § 143A-124, enacted by Session Laws 1971, c. 864.

§ 139-5. Creation of soil conservation districts. — (a) Any 25 occupiers of land lying within the limits of the territory proposed to be organized into a district may file a petition with the State Soil Conservation Committee asking that a soil conservation district be organized to function in the territory described in the petition. Such petition shall set forth:

(1) The proposed name of said district.

(2) That there is need, in the interest of the public health, safety, and welfare, for a soil conservation district to function in the territory described in the petition.

(3) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate.

(4) A request that the State Soil Conservation Committee duly define the boundaries for such districts; that a referendum be held within the territory so defined on the question of the creation of a soil conservation district in such territory; and that the Committee determine that such a district be created.

Where more than one petition is filed covering parts of the same territory, the State Soil Conservation Committee may consolidate all or any such petitions.

Town or village lots or government owned or controlled lands may be included within the boundaries of any district. As used in this subsection: The term "government owned or controlled land" includes land owned or controlled by any governmental agency or subdivision, federal, State or local; and the term "town and village lots" means parcels or tracts on which no agricultural operations are conducted, or (being less than three acres in extent) whose production of agricultural products for home use or for sale during the immediately preceding calendar year was of less than two hundred and fifty dollars ($250.00) in value. This section applies to existing soil conservation districts as well as districts that may hereafter be formed. Insofar as it applies to existing districts it is intended to be declaratory of the present boundaries of such districts as defined by other charters.

(b) Within 30 days after such a petition has been filed with the State Soil Conservation Committee, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such districts, upon the

question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this Chapter, and upon all questions relevant to such inquiries. All occupiers of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for the inclusion of the district, and such further hearing held. After such hearing, if the Committee shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety and welfare, for a soil conservation district to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the Committee shall give due weight and consideration to the topography or the area considered and of the state and composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other soil conservation districts already organized or proposed for organization under the provisions of this Chapter, and such other physical, geographical and economic factors as are relevant, having due regard to the legislative determination set forth in G.S. 139-2. The territory to be included within such boundaries need not be contiguous. If the Committee shall determine after such hearing after due consideration of the said relevant facts, that there is no need for a soil conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After six months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

(c) After the Committee has made and recorded a determination that there is need, in the interest of the public health, safety and welfare for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon soil conservation districts in this Chapter is administratively practicable and feasible. To assist the Committee in the determination of such administrative practicability and feasibility, it shall be the duty of the Committee, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a soil conservation district of the lands below described and lying in the county(ies) of ....., ... and ....." and "Against creation of a soil conservation district of the lands below described and lying in the county(ies) of ..... and ....." shall appear with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose creation of such district. The ballot shall set forth the boundaries of such proposed district as determined by the Committee.

All occupiers of land lying within the boundaries of the territory, as determined by the State Soil Conservation Committee, shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote.

(d) The Committee shall pay all expenses for the issuance of such notices and the conduct of such hearings and referenda, and shall supervise the conduct of such hearings and referenda. It shall issue appropriate regulations governing the conduct of such hearings and referenda, and providing for the registration prior to the date of the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such referendum. No informality in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

(e) The Committee shall publish the results of such referendum and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the Committee shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Committee shall determine that the operation of such district is administratively practicable and feasible, it shall record such in the manner hereinafter provided. In making such determination the Committee shall give due regard and weight to the attitudes of the occupiers of lands lying within the defined boundaries, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the proposed district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative determination set forth in G.S. 139-2: Provided, however, that the Committee shall not have authority to determine that the operations of the proposed district within the defined boundaries is administratively practicable and feasible unless at least a majority of the votes cast in the referendum upon the proposition of creation of the district shall have been cast in favor of the creation of such district.

(f) If the Committee shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two temporary supervisors to act as the governing body of the district, who shall serve until supervisors are elected or appointed and qualify as provided in G.S. 139-6 and 139-7. Such districts shall be a governmental subdivision of this State and a public body corporate and politic, upon the taking of the following proceedings:

The two appointed temporary supervisors shall present to the Secretary of State an application signed by them which shall set forth (and such application need contain no detail other than the mere recitals):

(1) That a petition for the creation of the district was filed with the State Soil Conservation Committee pursuant to the provisions of this Chapter and that the proceedings specified in this Chapter were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and public body, corporate and politic under this Chapter; and that the Committee has appointed them as supervisors;

(2) The name and official residence of each of the temporary supervisors, together with a certified copy of the appointment evidencing their right to office;

(3) The name which is proposed for the district; and

(4) The location of the principal office of the supervisors of the district.

The application shall be subscribed and sworn to by each of the said temporary supervisors before an officer authorized by the laws of this State to take and certify oaths, who shall certify upon the application that he personally knows the temporary supervisors and knows them to be the officers as affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the State Soil Conservation Committee, which shall certify (and such statement need contain no detail other than the mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid, that the Committee did duly determine that there is need, in the interest of the public health, safety and welfare, for a soil conservation district to function in the proposed territory and did define the boundaries thereof; that notice was given and a referendum held on the question of the creation of such district, and that the result of such referendum showed a majority of the votes cast in such referendum to be in favor of the creation of the district; that thereafter the Committee did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Committee.

The Secretary of State shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other soil conservation district of this State or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other soil conservation district of this State, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the State Soil Conservation Committee, which shall thereupon submit to the Secretary of State a new name for the said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed and recorded, as herein provided, the district shall constitute a governmental subdivision of this State and a public body corporate and politic. The Secretary of State shall make and issue to the said supervisors a certificate, under the seal of the State, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the State Soil Conservation Committee as aforesaid, but in no event shall they include any area included within the boundaries of another soil conservation district organized under the provisions of this Chapter.

(g) After six months shall have expired from the date of entry of a determination by the State Soil Conservation Committee that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petitions may be filed as aforesaid, and action taken thereon in accordance with the provisions of this Chapter.

(h) Petitions for including additional territory within an existing district may be filed with the State Soil Conservation Committee, and the proceedings herein provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusions. The Committee shall prescribe the form for such petitions, which shall be as nearly as may be in the form prescribed in this Chapter for petitions to organize a district. Where the total number of land occupiers in the area proposed for inclusion shall be less than 25, the petition may be filed when signed by two thirds of the occupiers of such area, and in such case no referendum need be held. In referenda petitions for such inclusion, all occupiers of land lying within the proposed additional area shall be eligible to vote.

(i) In any suit, action or proceeding involving the validity or enforcement of, or relating to any contract, proceeding or action of the district, the district shall be deemed to have been established in accordance with the provisions of this Chapter upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such suit, action, or proceeding and shall be proof of the filing and contents thereof. (1937, c. 393, s. 5; 1947, c. 131, s. 4; 1959, c. 781, s. 6; 1965, c. 582, s. 3.)

§ 139-6. District board of supervisors — elective members; certain duties. — After the issuance of the certificate of organization of the soil conservation district by the Secretary of State, an election shall be held in each county of the district to elect the members of the soil conservation district board of supervisors as herein provided.

The district board of supervisors shall consist of three elective members to be elected in each county of the district, and that number of appointive members as provided in G.S. 139-7. Upon the creation of a district, the first election of the members shall be held at the next succeeding election for county officers.

All elections for members of the district board of supervisors shall be held at the same time as the regular election for county officers beginning in November 1974. The election shall be nonpartisan and no primary election shall be held. The election shall be held and conducted by the county board of elections. No absentee ballots shall be permitted in the election.

Candidates shall file their notice of candidacy on forms prescribed by the county board of elections. The notice of candidacy must be filed no later than 12:00 noon on the second Friday in September preceding the election. The candidate shall pay a filing fee of five dollars ($5.00) at the time he files the notice of candidacy.

Beginning with the election to be held in November 1974, the two candidates receiving the highest number of votes shall be elected for a term of four years, and the candidate receiving the next highest number of votes shall be elected for a term of two years; thereafter, as their terms expire, their successors shall be elected for terms of four years.

The persons elected in 1974 and thereafter shall take office on the first Monday in December following their election.

The terms of the present members of the soil conservation districts, both elective and appointive members, are hereby extended to or terminated on the first Monday in December, 1974.

All qualified voters of the district shall be eligible to vote in the election. Except as provided in this Chapter, the election shall be held in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes.

The district board of supervisors, after the appointment of the appointive members has been made, shall select from its members a chairman, a vice-chairman and a secretary. It shall be the duty of the district board of supervisors to perform those powers, duties and authority conferred upon supervisors under this Chapter; to develop annual county and district goals and plans for soil conservation work therein; to request agencies, whose duties are such as to render assistance in soil and water conservation, to set forth in writing what assistance they may have available in the county and district. (1937, c. 393, s. 6; 1947, c. 131, s. 5; 1949, c. 268, s. 1; 1957, c. 1374, s. 2; 1963, c. 815; 1973, c. 502, s. 1.)

Editor's Note. — The 1973 amendment rewrote this section.

§ 139-7. District board of supervisors — appointive members; organization of board; certain powers and duties. — The governing body of a soil conservation district shall consist of the three elective supervisors from

the county or counties in the district, together with the appointive members appointed by the State Committee pursuant to this section, and shall be known as the district board of supervisors. When a district is composed of less than four counties, the elective supervisors of each county shall on or before December 31, 1974, and on or before December 31 as the terms of the appointive supervisors expire, recommend in writing two persons to the State Committee to be appointed to serve with the elective supervisors. If the names are not submitted to the State Committee as required, the State Committee shall appoint two persons of the district to the district board of supervisors to serve with the elected supervisors. The State Committee shall make its appointments prior to or at the January meeting of the State Committee. Appointive supervisors shall take office on the third Wednesday in January following their appointment. One appointive supervisor shall be appointed for a term of two years and one for a term of four years. Thereafter, as their terms expire, their successors shall be appointed for terms of four years. Vacancies for any reason in the appointive supervisors shall be filled for the unexpired term by the appointment of a person by the State Committee from the district in which the vacancy occurs. Vacancies for any reason in the elected supervisors shall be filled for the unexpired term by appointment by the State Committee of a person from the county in the district in which the vacancy occurs.

In those districts composed of four or more counties, the State Committee may, but is not required, to appoint one district supervisor without recommendation from the elective supervisors, to serve as a district supervisor along with the elected members of the board of supervisors. Such appointment shall be made at the same time other appointments are made under this section, and the person appointed shall serve for a term of four years.

The supervisors shall designate a chairman and may, from time to time, change such designation. A simple majority of the board shall constitute a quorum for the purpose of transacting the business of the board, and approval by a majority of those present shall be adequate for a determination of any matter before the board, provided at least a quorum is present. Supervisors of soil and water conservation districts shall be compensated for their services at the per diem rate and allowed travel, subsistence and other expenses, as provided for State boards, commissions and committees generally, under the provisions of G.S. 138-5; provided, that when per diem compensation and travel, subsistence, or other expense is claimed by any supervisor for services performed outside the district for which such supervisor ordinarily may be appointed or elected to serve, the same may not be paid unless prior written approval is obtained from the State Committee.

The supervisors may employ a secretary, technical experts, whose qualifications shall be approved by the State Committee, and such other employees as they may require, and shall determine their qualifications, duties and compensation. The supervisors may call upon the Attorney General of the State for such legal services as they may require. The supervisors may delegate to their chairman, to one or more supervisors, or to one or more agents, or employees such powers and duties as they may deem proper. The supervisors shall furnish to the State Soil Conservation Committee, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this Chapter.

The supervisors shall provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements. Any supervisor

may be removed by the State Soil Conservation Committee upon notice and hearing, for neglect of duty, incompetence or malfeasance in office, but for no other reason.

The supervisors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

All district supervisors whose terms of office expire prior to the first Monday in January, 1948, shall hold over and remain in office until supervisors are elected or appointed and qualify as provided in this Chapter, as amended. The terms of office of all district supervisors, who have heretofore been elected or appointed for terms extending beyond the first Monday in January, 1948, are hereby terminated on the first Monday in January, 1948. (1937, c. 393, s. 7; 1943, c. 481; 1947, c. 131, ss. 6, 7; 1957, c. 1374, s. 3; 1963, c. 563; 1973, c. 502, s. 2.)

Editor's Note. — The 1973 amendment rewrote the former first paragraph as the present first and second paragraphs.

§ 139-8. Powers of districts and supervisors. — A soil conservation district organized under the provisions of this Article shall constitute a governmental subdivision of this State, and a public body corporate and politic, exercising public powers, and such district, and the supervisors thereof, shall have the following powers in addition to others granted in other sections of this Chapter.

(1) To conduct surveys and investigations relating to the character of soil erosion and floodwater and sediment damages, and to the conservation, utilization, and disposal of water, the development of water resources, and the preventive and control measures and works of improvement needed, to publish the results of such surveys and investigations, and to disseminate information concerning such preventive and control measures and works of improvement.

(2) To carry out preventive and control measures and works of improvement for flood prevention or the conservation, utilization, and disposal of water and development of water resources within the district, including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in subsection (a), subdivision (3) of G.S. 139-2, on lands owned or controlled by this State or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the occupiers of such lands or the necessary rights or interest in such lands.

(3) To cooperate, or enter into agreements with, and within the limits or appropriations duly made available to it by law, to furnish financial or other aid to, any agency, governmental or otherwise, or any occupiers of land within the district, in the carrying on of erosion control and prevention operations and works of improvement for flood prevention or the conservation, utilization, and disposal of water and development of water resources within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of this Chapter.

(4) To obtain options upon and to acquire by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such

properties and to expend such income in carrying out the purposes and provisions of this Chapter; and to sell, lease, or otherwise dispose of its property or interests therein in furtherance of the purposes and the provisions of this Chapter.

(5) To make available, on such terms as it shall prescribe, to land occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, seeds and seedlings, and such other material or equipment as will assist such land occupiers to carry on operations upon their lands for the conservation of soil resources and for the prevention and control of soil erosion and for flood prevention or the conservation, development, utilization, and disposal of water and the development of water resources.

(6) To construct, improve, operate, and maintain such structures, works and projects as may be necessary or convenient for the performance of any of the operations authorized in this Chapter, including watershed improvement structures, works, and projects as well as any other structures, works, and projects which the district is authorized to undertake.

(7) To develop comprehensive plans for the conservation of soil resources and for the control and prevention of soil erosion and for flood prevention or the conservation, utilization and disposal of water and development of water resources, within the district, which plans shall specify in such detail as may be possible, the acts, procedures, performances, and avoidances which are necessary or desirable for the effectuation of such plans, including the specification of engineering operations, methods of cultivation, the growing of vegetation, cropping programs, tillage practices, and changes in use of land; and to bring such plans and information to the attention of occupiers of lands within the district.

(8) To act as agent for the United States, or any of its agencies, in connection with the acquisition, construction, operation, or administration of any project for soil conservation, erosion control, erosion prevention, flood prevention, or for the conservation, utilization, and disposal of water and development of water resources, or combinations thereof, within its boundaries; to accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this State or any of its agencies, and to use or expend such moneys, services, materials, or other contributions in carrying on its operations, except that all forest tree seedlings shall be obtained insofar as available from the State Forest Nursery, operated by the State Department of Conservation and Development in cooperation with the United States Department of Agriculture.

(9) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal, rules and regulations not inconsistent with this Chapter, to carry into effect its purposes and powers.

(10) As a condition to the extending of any benefits under this Chapter to, or the performance of work upon, any lands not owned or controlled by this State or any of its agencies, the supervisors may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require land occupiers to enter into and perform such agreement or convenants as to the

permanent use of such lands as will tend to prevent or control erosion and prevent floodwater and sediment damages therein.

(11) No provision with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the legislature shall specifically so state.

(12) Nothing contained in this Chapter shall authorize or allow the withdrawal of water from a watershed or stream except to the extent and degree now permissible under the existing common and statute law of this State; nor to change or modify such existing common or statute law with respect to the relative rights of riparian owners or others concerning the use or disposal of water in the streams of this State; nor to authorize a district, its officers or governing body or any other person, firm, corporation (public or private), body politic or governmental agency to utilize or dispose of water except in the manner and to the extent permitted by the existing common and statute law of this State. (1937, c. 398, s. 8; 1939, c. 341; 1959, c. 781, s. 7; 1969, c. 711, s. 1.)

Disposition or Exchange of Land by Watershed Improvement District. — See opinion of Attorney General to Mr. Samuel H. Johnson, Watershed Improvement Commission, 41 N.C.A.G. 228 (1971).

§ 139-8.1. Purposes of Chapter. — (a) It is hereby declared that the provisions of General Statutes Chapter 139 were intended to authorize the maintenance of watershed improvement works and projects, as well as watershed improvement structures. All expenditures heretofore incurred by any local watershed sponsor for any such maintenance of works, projects, or structures are hereby validated and confirmed.

(b) The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such maintenance of works and projects, as well as structures, if the board of county commissioners or other watershed governing body after a public hearing determines that the proceeds should be so expended. Notice of such hearing shall be published as provided for notices under Article 2 of General Statutes Chapter 139.

(c) The proceeds of any tax hereafter approved by the voters of a county for a watershed improvement program may be expended for such maintenance of works and projects, as well as structures, with or without the holding of a public hearing as designated by subsection (b) of this section, even though any election procedures preliminary to the vote approving the tax may have been initiated prior to the ratification of this section.

(d) No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1970, to enjoin or contest any such expenditure or any such use of tax proceeds. (1969, c. 711, s. 1.)

Editor's Note. — Session Laws 1969, c. 711, from which this section was codified, was ratified June 5, 1969, and made effective on ratification.

§ 139-9. Adoption of land-use regulations. — The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving the soil and soil resources and preventing and controlling soil erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to con-

duct a referendum for submission of such regulations to the occupiers of lands lying within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for the inspection of all eligible voters during the period between publication of such notice and the date of the referendum. The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed ordinance number ....., prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed ordinance number ....., prescribing land-use regulations for conservation of soil and prevention of erosion" shall appear, with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. The supervisors shall supervise such referendum, shall prescribe appropriate regulations, governing the conduct thereof, and shall publish the result thereof. All occupiers of lands within the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The supervisors shall not have authority to enact such proposed ordinance into law unless at least two thirds of the votes cast in such referendum shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by a two thirds of the votes cast in such referendum shall not be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of lands within such district.

Any occupier of land within such district may at any time file a petition with the supervisors asking that any or all of land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this section for adoption of land-use regulations. Referenda on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six months.

The regulations to be adopted by the supervisors under the provisions of this section may include:

(1) Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures.

(2) Provisions requiring observance of particular methods of cultivation including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water-conserving and erosion-preventing plants, trees and grasses, forestation, and reforestation.

(3) Specifications of cropping programs and tillage practices to be observed.

(4) Provisions requiring the retirement from cultivation of highly erosive areas or of areas on which erosion may not be adequately controlled if cultivation is carried on.

(5) Provisions for such other means, measures, operations, and programs as may assist conservation of soil resources and prevent or control soil erosion in the district, having due regard to the legislative findings set forth in G.S. 139-2.

The regulations shall be uniform, throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of lands lying within the district. (1937, c. 393, s. 9.)

§ 139-10. Enforcement of land-use regulations. — The supervisors shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of G.S. 139-9 are being observed. The supervisors are further authorized to provide by ordinance that any land occupier who shall sustain damages from any violation of such regulations by any other land occupier may recover damages at law from such other land occupier for such violation. (1937, c. 393, s. 10.)

§ 139-11. Nonobservance of prescribed regulations; performance of work under the regulations by the supervisors. — Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of G.S. 139-9 are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands and its interfering with the prevention of control of erosion on other lands within the district, the supervisors may present to the superior court for the county or counties within which the lands of the defendant lie a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant land occupier to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform, the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the cost and expenses thereof, with interest, from the occupier of such land. Upon the presentation of such petition, the court shall cause process to be issued against the defendant, and shall hear the case. If it appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence, or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may dismiss the petition, or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such lands into conformity with the requirements of the regulations and recover the costs and expenses thereof, with interest at the rate of five per centum (5%) per annum, from the occupier of such lands.

The court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the court the supervisors may file a petition with the court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgement therefor with interest. The court shall have jurisdiction to enter judgement for the amount of such costs and expenses, with interest at the rate of five per centum (5%) per annum until paid, together with the costs of suit, including a reasonable attorney's fee to be fixed by the court. This judgement, when filed in accordance with the provisions of G.S. 1-234, shall constitute a lien upon such lands. (1937, c. 393, s. 11.)

§ 139-12. Cooperation between districts. — The supervisors of any two or more districts organized under the provisions of this Chapter may cooperate with one another in the exercise of any or all powers conferred in this Chapter. (1937, c. 393, s. 12.)

§ 139-13. Discontinuance of districts. — At any time after five years after the orgaanization of a district under the provisions of this Chapter, any 25 occupiers of land lying within the boundaries of such districts may file a petition with the State Soil Conservation Committee praying that the operations of the district be terminated and the existence of the district discontinued. The Committee may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within 60 days after such a petition has been received by the Committee it shall give due notice of the holding of a referendum, and shall supervise such referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the ..... (name of the soil conservation district to be here inserted)" and "Against terminating the existence of the ..... (name of the soil conservation district to be here inserted)" shall appear with a square before each proposition and a direction to insert any X mark in the square before one or the other of said propositions as the voter may favor or oppose discontinuance of such district. All occupiers of lands lying within the boundaries of the district shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The Committee shall publish the result of such referendum and shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the Committee shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the Committee shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the supervisors of the district. In making such determination the Committee shall give due regard and weight to the attitudes of the occupiers of lands lying within the district, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the land occupiers of the district, the probable expense of carrying on erosion control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative

findings set forth in G.S. 139-2: Provided, however, that the Committee shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of such district.

Upon receipt from the State Soil Conservation Committee of a certification that the Committee has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the supervisors shall forthwith proceed to terminate the affairs of the district. The supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the State treasury. The supervisors shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificates of the State Soil Conservation Committee setting forth the determination of the Committee that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The Secretary of State shall issue to the supervisors a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such districts shall be of no further force and effect. All contracts theretofore entered into, to which the district or supervisors are parties, shall remain in force and effect for the period provided in such contracts. The State Soil Conservation Committee shall be substituted for the district or supervisors as party to such contracts. The Committee shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise as the supervisors of the district would have had. Such dissolution shall not affect the lien of any judgement entered under the provisions of G.S. 139-11, nor the pendency of any action instituted under the provisions of such section, and the Committee shall succeed to all the rights and obligations of the district or supervisors as to such liens and actions.

The State Soil Conservation Committee shall not entertain petitions for the discontinuance of any district nor conduct referenda upon such petitions, nor make determinations pursuant to such petitions, in accordance with the provisions of this Chapter, more often than once in five years. (1937, c. 393, s. 13.)

§ 139-14. Dividing large districts. — Whenever the State Committee shall receive a petition from any board of district supervisors signed by all supervisors of such district, the State Committee shall have the authority to divide such district into two or more districts. The governing bodies of the resulting districts shall be composed of supervisors in the same manner and in the same number as is provided in G.S. 139-6 and 139-7. Upon the creating of new districts through dividing an existing district under the provisions of this section, the State Committee shall appoint all district supervisors necessary to give such district its full quota of supervisors who shall serve until regular supervisors are elected or appointed, as the case may be, at the time of the next regular election of supervisors. The State Committee shall assign a name to each district resulting from the division of the district under the provisions of this section and do all other things necessary to complete the organization of such new districts and place them on an operating basis. (1947, c. 131, s. 8.)

§ 139-15. "County committeeman" construed to mean "county supervisor"; powers and duties. — Wherever the words "county committeeman" or "county committeemen" appear in this Chapter, the same shall be construed to mean "county supervisor" or "county supervisors"; and each such county committeeman or county supervisor shall receive the same compensation and have and exercise the same rights, powers, duties, responsibilities and voting privileges granted to or imposed upon district supervisors in respect to soil conservation activities under the provisions of this Chapter. (1949, c. 268, s. 2.)

ARTICLE 2.

Watershed Improvement Districts.

§ 139-16. Establishment within soil conservation district authorized. — Watershed improvement districts may be established within one or more soil conservation districts or within and without such districts, to the extent permitted by G.S. 139-18(a), in accordance with the provisions of this Article; provided that no watershed improvement district may be established on or after January 1, 1972. (1959, c. 781, s. 8; 1971, c. 1138, s. 1.)

Editor's Note. — The 1971 amendment added the proviso at the end of the section.

§ 139-17. Petition for establishment; what to set forth. — Any 100 owners of land lying within the limits of a proposed watershed improvement district, or a majority of such owners if their total number be less than 200, may file a petition with the supervisors of the soil conservation district in which the proposed watershed improvement district is situated asking that a watershed improvement district be organized to function in the area described in the petition. Any petition circulated in person by an official or employee of the United States Soil Conservation Service shall be void. Each owner of an undivided interest in real property located within the proposed watershed district shall have the right to sign petitions under this section and subsection (c) of G.S. 139-21, to register and vote under G.S. 139-18 and otherwise exercise any right granted owners of land under this Article. The petition shall set forth:

(1) The proposed name of the watershed improvement district;

(2) That the said district appears to hold promise of administrative, engineering and economic feasibility, and the reasons therefor;

(3) A description of the area proposed to be organized as a watershed improvement district, and the names and addresses of those landowners therein who are known to petitioners. The discription shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the petitioners, the boundaries may be described by any of the following methods or any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land;

(4) That the area described in the petition consists of contiguous territory and in what watershed or watersheds such area lies;

(5) To the extent feasible, a description of the proposed work or works of improvement for the control and prevention of soil erosion, flood prevention, or the conservation, utilization, and disposal of water and development of water resources, contemplated for said district, together with an explanation of the effect which said work or works of improvement will have upon the lands of the various landowners in the proposed district;

(6) That none of the land within the proposed watershed improvement district lies within the boundaries of any other watershed improvement district;

(7) A request that the area described in the petition be organized as a watershed improvement district; and

(8) The maximum rate of initial annual assessment proposed for levy against specially benefited lands of the proposed district, not in excess of the maximum annual assessment rate provided in G.S. 139-26. (1959, c. 781, s. 8; 1961, c. 746, s. 3; 1963, c. 1151, s. 1.)

§ 139-18. Notice and hearing on petition; determination of need for district and defining boundaries. — (a) Within 30 days after such petition has been filed with the supervisors of the soil conservation district, they shall set the time and place for a public hearing upon the practicability and feasibility of creating the proposed watershed improvement district, and shall publish notice thereof once a week for two consecutive weeks. All owners of land within the proposed watershed improvement district and all other interested parties shall have the right to attend such a hearing and to be heard and may register their name and address with the supervisor if they want the notice provided for under G.S. 139-18(m) sent to them. During the hearings or thereafter the supervisors may recommend that the purposes of the proposed district or its proposed boundaries be changed. The supervisors may amend the proposed boundaries to include within such boundaries lands which lie within the watershed of the proposed district but do not lie within an existing Soil Conservation District, if the owner of such lands consents to their inclusion.

(b) In passing upon the petition the supervisors shall consider whether:

(1) The area proposed to be organized as a district consists of contiguous territory none of which lies in any other watershed improvement district. It is the intention of the General Assembly that the territory of a watershed district shall normally comprise all or part of a single watershed, or of two or more watersheds tributary to one of the major drainage basins of the State, but exceptions to this policy may be permitted in appropriate cases, but it is not the intention of the General Assembly to authorize hereby the diversion of water from one stream or watershed to another.

(2) Any land or structure has been included in the proposed district which cannot be served or benefited by the proposed work or works of improvement and which could be excluded from the boundaries of the district without substantially impairing the effective purpose of the proposed work or works of improvement; and

(3) The proposed district appears to hold promise of administrative, engineering and economic feasibility.

If, in the judgment of the supervisors there is substantial compliance with these requirements, the supervisors shall issue an order setting dates and places for a referendum (and for registration of voters therefor) to be held, after publication of the order as herein provided, among the landowners of the proposed district in order to assist the supervisors in determining the administrative and economic feasibility of creating the proposed district. The supervisors shall publish such order once a week for two successive weeks in the manner provided by this Article for publication of notices. They shall also send to the board of county commissioners of each county wherein any part of the proposed district lies a copy of the order, together with a request that the said board or boards conduct the referendum within their respective counties on the date set out in the order, and a cash or certified check deposit furnished by the petitioners and sufficient in the judgment of said board or boards to defray the expenses of conducting the referendum within their respective counties. If (in connection with a district that lies in more than one county) the

supervisors determine that only a single voting place shall be used or that all voting places should be located within one county, the said order and request shall be sent only to the board of county commissioners of the county containing such voting place or places.

(c) The registration and voting dates and places shall be set by the supervisors and after consulting with the said board or boards of county commissioners. The referendum may be held on any day (Sunday excluded) during the week following the last day for registration as hereafter provided for, but the county commissioners shall not be required to conduct the referendum during any 30-day period immediately preceding nor during any 10-day period immediately following a county-wide election. Any such board of county commissioners may require its county board of elections or any other designated persons to conduct on its behalf the said referendum, and the term "county election authority" as used in this section means whatever authority shall be designated by the board of county commissioners to conduct the referendum.

(d) All owners of land lying within the boundaries of the proposed watershed improvement district, and only such owners, shall be eligible to register and vote in the referendum. The registration shall be conducted at one or more registration places within the proposed district, as established by the supervisors. The supervisors shall furnish a registration book for each registration place, and shall appoint for each registration place at least two registrars to register the voters. One or more supervisors may be assigned to perform the function of registrar. If the proposed district lies within more than one county, separate registration books shall be supplied and kept for each such county, regardless of the number of registration or voting places. Each registrar before entering upon the discharge of his duties shall take an oath before a magistrate or some other person authorized to administer oaths, that he will support the Constitution of the United States and the Constitution of North Carolina not inconsistent therewith and that he will honestly and impartially discharge his duties in registering the voters. The registration book shall be opened for the registration of voters at nine o'clock A.M. on the second Saturday before the referendum, and closed at sunset on the Saturday before the election. On each such Saturday, the registrars shall attend their respective registration places and keep open the registration books between the hours of nine o'clock A.M. and sunset for the registration of voters. If any person shall give satisfactory evidence to the registrars that he has become qualified to register and vote after the time for registration has expired, he shall be allowed to register on that date and his name shall be inserted in the registration book, except that no registration shall be allowed on the day of the referendum.

(e) Each applicant for registration shall be sworn before being registered, shall state his name and place of residence, shall describe as accurately as possible the land he owns that lies within the boundaries of the proposed district, and shall state his interest in such land. The oath to be taken shall be as follows:

"I do solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution of the State of North Carolina not inconsistent therewith, and that I am the owner of land lying within the boundary of the proposed (here insert name of proposed district) watershed improvement district. So help me, God."

The registrar, if in doubt as to the right of the applicant to register, may require other evidence satisfactory to him as to qualifications of the applicant. Thereupon, if the applicant be found to be qualified to be registered, the registrar shall register the applicant and record his name, place of residence, and a description of the land he owns that lies within the boundaries of the proposed district.

(f) On the second Saturday of the registration period, from the hour of nine

A.M. until sunset, the registration books shall be open for inspection by the landowners of the proposed district, and any of said landowners shall be allowed to object to the name of any person appearing on the books. In case of any such objection, the registrars shall enter on their books opposite the name of the person so objected to, the word "challenged," and shall appoint a time and place, before the referendum date, when they shall hear and decide said objection, giving personal notice of such challenge to the voters so objected to. If for any cause personal notice cannot be given, then it shall be sufficient notice to leave a copy thereof at his residence. Nothing in this subsection shall prohibit any landowner from challenging or objecting to the name of any person registered or offering to register at any time other than that above specified. If any person so challenged or objected to shall be found not duly qualified, the registrars shall erase his name from the books.

(g) When any person is challenged, the registrars shall explain to him the qualifications of a voter in the referendum, and shall examine him as to his qualifications. If the person insists that he is qualified and proves his identity with the person in whose name he offers to vote, and his continued ownership of qualifying property since his name was placed on the registration book, as the case may be, by the testimony under oath of at least one person qualified to vote in the referendum, one of the registrars shall tender him the following oath or affirmation:

"You do solemnly swear (or affirm) that you are a citizen of the United States, that your name is (here insert name given), that in such name you were duly registered as a voter of the proposed (here insert name of proposed district) watershed improvement district, and that you are the owner of lands that lie within the boundaries of the proposed district. So help me, God."

If he refuses to take such oath or affirmation when tendered, his vote shall be rejected. If, however, he does take the oath or affirmation when tendered, his vote shall be received; provided, that after such oath or affirmation shall have been taken, the registrars may nevertheless refuse to permit such person to vote, unless they be satisfied that he is a legal voter; and they are hereby authorized to administer the necessary oaths or affirmations to all witnesses brought before them to testify to the qualifications of a person offering to vote. Whenever any such person's vote shall be received, after having taken the oath or affirmation prescribed in this section, one of the registrars shall write in the registration book, at the end of such person's name, the word "sworn." The same powers as to the administration of oaths and affirmations and the examination of witnesses, as in this section granted to registrars, may be excerised by the registrars in all cases where the names of persons registered or offering to register are objected to.

(h) After all challenges have been heard and decided, and before the day of the referendum, the registrars shall deliver the registration books to the county election authorities responsible for conducting the referendum. The supervisors of the soil conservation district shall cause to be printed or otherwise duplicated ballots for the referendum in substantially the form set forth in G.S. 139-5(c), but the watershed improvement district shall be substituted by name for the soil conservation district. Not later than the day before the referendum, the supervisors shall cause to be delivered to the county election authorities a number of said ballots equal to five percent (5%) greater than the number of persons registered to vote therein. The supervisors shall appoint one registrar from each registration place to attend the referendum as a poll watcher and to assist the election authorities in identifying the voters.

(i) The county election authorities shall conduct the referendum at the date and place or places set out in the order published pursuant to subsection (d) of this section. They shall open the polls and superintend the same until the close of elections, shall keep pollbooks in which shall be entered the name of every person who shall vote, and at the close of the referendum they shall certify the

same over their proper signatures and deposit them with the supervisors of the soil conservation district. The polls shall open and close at the same hours as provided for primary and general elections by Chapter 163 of the General Statutes. At the end of the referendum at each voting place the polls shall be closed, the ballot boxes opened, and the ballots counted by or under the supervision of the county election authorities in the manner provided for with respect to general elections by Chapter 163 of the General Statutes.

(j) If there be only one voting place the county election authorities shall immediately after the counting of the ballots form a board of canvassers and, in the presence of such voters as choose to attend, shall canvass and judicially determine the results.

If there be more than one voting place the county election authorities at each voting place shall elect one of their members to attend the meeting of the board of canvassers as a member thereof. When the results of the counting of the ballots shall have been ascertained, such results shall be embodied in a duplicate statement, one copy of which shall be placed in a sealed envelope and delivered to the official elected to attend the meeting of the board of canvassers, and the other copy of which shall be mailed by another county election official to the board of supervisors of the soil conservation district. The members of the board of canvassers so appointed shall meet at 11 A.M. on the second day after the election at the county courthouse of the county wherein the largest portion of the proposed district lies, as determined by the said board of supervisors. A majority of the board of canvassers shall constitute a quorum, and such board shall organize by the election of one of its number as chairman and one as secretary. Any member of such board who shall fail to deliver the certified returns from his voting place by 12 noon on the day of such board meeting shall be guilty of a misdemeanor, unless for illness or good cause shown for such failure. If any returns have not been received by 12 noon on the day of the meeting, or if any returns are incomplete or defective, it may dispatch an officer to the residence of such officials for the purpose of securing the proper returns for such voting place. The board of canvassers at its meeting shall in the presence of such voters as choose to attend, open, canvass, and judicially determine the results.

Whether there be one or more than one voting place, the board of canvassers after judicially determining the results shall make abstracts stating the number of legal ballots cast in each voting place and the number of votes cast for and against creation of the watershed improvement district, and shall sign the same in duplicate with its certificate as to the correctness of the abstracts. It shall have power to pass upon judicially all the votes relative to the election and judicially determine and declare the results of the same; to send for papers and persons and examine the latter upon oath; and to pass upon the legality of any disputed ballots transmitted to it by any election official. The board of canvassers shall transmit one copy of the certified abstract of the results to the State Soil Conservation Committee, and shall file the other copy with the supervisors of the soil conservation district.

(k) The board of county commissioners shall apply the deposit heretofore provided for toward defraying the costs of the election. If there be any excess of such deposit remaining after all such costs have been defrayed, the board shall return the balance thereof remaining to the petitioners. If the deposit shall prove insufficient to defray all such costs, the petitioners shall pay over sufficient funds to cover any deficit therein within seven days after they have been notified by the board of such deficit.

(l) The results of the referendum shall be considered by the supervisors in determining whether it is administratively and economically feasible to create the district. The supervisors shall not approve the petition unless a majority of the voters in the referendum, and also a majority in number of the signers of the petition, voted in favor of the creation of the district, and (such

requirement being met) shall approve the petition if, in their judgment, the district appears to hold promise of administrative and economic feasibility.

(m) After the completion of the referendum the supervisors shall enter a final order approving or disapproving the petition, and shall record such order in their official minutes. The supervisors shall by personal service or registered mail serve a copy of the final order upon every person who attended the hearings and signed a roster provided for that purpose, and shall publish notice of such order once a week for two successive weeks. Any order of approval shall declare the district to be duly organized; shall specifically define the boundaries of the district, and shall be certified by the supervisors together with a certified copy of the petition for establishment of the district, to the State Soil and Water Conservation Committee, the State Board and the clerk of the superior court of the county or counties wherein any part of the district lies for recordation in the special proceedings docket. The boundry definition contained in said order shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land, and said boundaries may be defined by any of the methods permitted in G.S. 139-17(3) for description of boundaries. If the final order makes no change in the area proposed to be organized in the petition, a reference to a map or description of said area contained in the petition shall be a sufficient boundary definition for purposes of the order. If a petition is disapproved, subsequent petitions covering the same or substantially the same territory may be filed after six months have elapsed from the date of the order of disapproval, and new proceedings held thereon.

(n) (1) Corporations and associations owning property located within a proposed district shall be entitled to register and vote in referenda held pursuant to this section through representatives designated by them. Persons owning property as trustees, guardians, executors, administrators, or in other fiduciary capacities, (hereinafter collectively referred to as "fiduciaries"), such property being located within a proposed district, shall also be entitled to register and vote in such referenda.

(2) In lieu of meeting the requirements of subsection (e) of this section a fiduciary or a voting representative of a corporation or association shall state his name and place of residence; shall describe as accurately as possible the land, on behalf of which he seeks to register, that lies within the boundaries of the proposed district; shall show satisfactory evidence of his authority to register on behalf of such corporation or association, or of his fiduciary status; and shall state, as the case may be, his interest as a fiduciary or the interest of the corporation or association, in such land.

(3) Fiduciaries shall be subject to the same oaths as required of other prospective voters under subsections (e) and (g) of this section. The oaths to be taken by the voting representatives of a corporation or association shall be as follows:

Under subsection (e) —

"I do solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution of the State of North Carolina not inconsistent therewith, and that I am duly designated voting representative of the (here name corporation or association) which is the owner of land lying within the boundary of the proposed (here give name of proposed district) watershed improvement district. So help me, God."

Under subsection (g) —

"You do solemnly swear (or affirm) that you are a citizen of the United States, that your name is (here insert name given), that in such name you were duly registered as a designated voting

representative of the (here name corporation or association) to vote upon the proposed (here insert name of proposed district) watershed improvement district, and that such (corporation) (association) is the owner of lands that lie within the boundaries of the proposed district. So help you, God." (1959, c. 781, s. 8; 1961, c. 746, s. 4; 1963, c. 918, s. 2; 1973, c. 108, s. 86.)

Editor's Note. — The 1973 amendment substituted "magistrate" for "justice of the peace" in the sixth sentence of subsection(d).

§ 139-19. Establishment of watershed improvement district situated in more than one soil conservation district. — If a proposed watershed improvement district is situated in more than one soil conservation district, copies of the petition shall be presented to the supervisors of all the soil conservation districts in which any part of such proposed watershed improvement district is situated, and the supervisors of all such soil conservation districts shall act jointly as a board of supervisors with respect to all matters concerning such watershed inprovement district, including its creation. Such watershed improvement district shall be organized in like manner and shall have the same powers and duties as a watershed improvement district situated entirely in one soil conservation district. (1959, c. 781, s. 8.)

§ 139-19.1. Supervisors of multi-county soil and water conservation district may delegate powers. — The supervisors of any multi-county soil and water conservation district may delegate to a county soil conservation committee of the district any of their powers, duties or functions respecting any watershed improvement district or proposed watershed improvement district lying wholly within the boundaries of the county represented by said committee. (1961, c. 746, s. 5.)

§ 139-20. Inclusion of additional area. — Petitions for including additional land within a duly created and existing watershed improvement district may be filed with the supervisors of the soil conservation district and in such cases the provisions hereof in respect to the creation of watershed improvement districts shall be observed. (1959, c. 781, s. 8.)

§ 139-20.1. Validation of creation of certain districts. — All actions had and taken prior to March 1, 1963, by supervisors of soil conservation districts, boards of county commissioners, boards of election, registrars, or other officials in the course of attempting to form and create watershed improvement districts, are hereby ratified, approved, validated and confirmed, as if accomplished in full and complete compliance with the law, and any watershed improvement district with respect to which formation may have been attempted and completed prior to March 1, 1963, is hereby declared to be lawfully formed, created, and in all respects constituted a legal and valid watershed improvement district. (1963, c. 918, s. 1.)

§ 139-21. Board of trustees; selection and tenure. — (a) Each watershed improvement district shall be governed by a board of trustees to be composed of three members, all of whom shall be residents of the district, and shall be selected in the manner provided in this section.

(b) Within 30 days after they have entered a final order under G.S. 139-18 declaring the organization of a watershed improvement district, the soil conservation district supervisors shall appoint an interim board of trustees for the watershed improvement district to serve until their successors are elected and qualified. Such interim board shall have all of the powers and duties of,

and be subject to all of the provisions of this Chapter respecting, the board of trustees whose election is provided for in this section.

(c) At the next general election occurring not less than 180 days after the appointment of said interim board, there shall be elected three members of the board of trustees of the watershed improvement district. At each succeeding general election one member of said board shall be elected.

Nominations in all cases shall be by written petition signed by any 25 owners of land lying within said district, or one third of such owners if their total number be less than 75. Such petitions shall be presented, not later than 120 days before the date of the general election, to the supervisors of the soil conservation district or districts within which the watershed improvement district lies. It shall be the duty of the said supervisors to examine said petitions and determine their validity. Not later than 90 days before the date of the general election the said supervisors shall certify to the boards of election of each county wherein any part of the watershed improvement district lies the names of the candidates thus nominated, together with a request that these candidates be presented to the voters at the next general election.

All qualified voters residing within the watershed improvement district shall be eligible to register and vote for said trustees. For such election the board of elections of each such county, at county expense, shall provide polling places in said district and in their respective counties, and shall provide for a registrar or registrars and judges of election at each said polling place. In their discretion the said board or boards of elections may designate the general election polling places and election officials as polling places and election officials for such election (for registrations as well as for elections). The said board or boards of elections shall provide for the printing and distribution of ballots in the same way they provide ballots for county and precinct offices. Said ballots shall be printed separately, shall contain the names of all nominees certified to the board of elections, and shall carry the facsimile signature of the chairman of the county board of elections. The ballots shall indicate the title and term of the office being voted on, shall contain an instruction as to the number of candidates to be voted for and shall state that if the voter tears or defaces or wrongly marks a ballot he may return it and get another. Write-in votes shall be treated as provided for write-in votes in the general election under subdivision three of G.S. 163-175. The said board or boards of elections shall certify the results of the elections to the supervisors of the soil conservation district or districts within which the watershed improvement district lies.

The board of elections of each county wherein any part of the watershed improvement district lies shall provide for a new registration of all qualified voters residing in said district and in their respective counties. Said board or boards shall give notice thereof once a week for two consecutive weeks by advertisement in a newspaper of general circulation published in the district and in their respective counties or, if there is no such newspaper so published, then in a newspaper of general circulation in the district and in their respective counties. The first of such notices shall be published at least 30 days in advance of the first day for such registration. Such notices shall specify the dates, times and places for registration and for challenges to be received. Each registrar shall be furnished with a separate registration book for such watershed improvement district registration. The period for registration and the times when the registrars shall attend the polling places with the registration books shall be the same as those provided for the general election in G.S. 163-31. Challenges may be made and shall be heard and decided at the polling places, and at the times and in the manner provided for the general election in G.S. 163-78 to 163-80.

(d) Of the trustees first elected, the one receiving the largest number of votes shall serve a term of six years, the one receiving the second largest

number of votes shall serve a term of four years, and the one receiving the third largest number of votes shall serve a term of two years. Their successors in every case shall serve terms of six years.

(e) Members elected to the board of trustees shall qualify and enter upon the duties of their offices on the first Monday of December next succeeding their election. Appointed members shall qualify and enter upon the duties of the offices not later than the second Monday next succeeding their appointment. All members shall take the oath of office prescribed by the State Constitution before the clerk of the superior court, or some judge, or magistrate or other person qualified by law to administer oaths.

(f) Vacancies in the membership of the board of trustees occurring otherwise than by expiration of term shall be filled by appointment to the unexpired term by the soil conservation district supervisors. (1959, c. 781, s. 8; 1963, c. 1026, s. 1; 1973, c. 108, s. 87.)

Editor's Note. — The 1973 amendment substituted "magistrate" for "justice of the peace" in the third sentence of subsection (e).

The references to §§ 163-31, 163-78 to 163-80 and 163-175 in subsection (c) of this section are to Chapter 163 before its revision in 1967. For present provisions as to registration of voters, see §§ 163-65 to 163-79. For present provisions as to challenges, see §§ 163-84 to 163-90. For present provisions as to write-in votes, see § 163-151, subdivision (2) (c).

§ 139-22. Organization and compensation of board. — (a) The interim board of trustees at its first meeting shall select a chairman, vice-chairman and secretary-treasurer to serve until their successors are selected. The elected board at its first meeting shall select corresponding officers to serve two-year terms. All official acts done by the board shall be entered in a book of minutes to be kept by the secretary-treasurer. A majority of the membership of the board shall constitute a quorum. The board shall meet in regular session at least quarterly and may meet specially upon the call of the chairman or any two members, and upon at least three days' notice of the time, place and purpose of the meeting.

(b) A trustee shall receive a per diem allowance of seven dollars ($7.00) and necessary expenses while engaged in the discharge of his official duties as a member of the governing board of the district. The claim of any trustee for per diem and expenses for any duty except attendance upon a meeting of the board, shall be paid only after approval of the board. (1959, c. 781, s. 8; 1963, c. 1026, s. 2.)

§ 139-23. Officers, agents and employees; surety bonds; annual audit. — The trustees may employ such officers, agents, consultants, and other employees as they may require; shall determine their qualifications, duties and compensation; shall provide for the execution of surety bonds for the secretary-treasurer and such other officers, agents and employees as shall be entrusted with funds or property of the watershed improvement district; and shall provide for the making and publication of an annual audit of the accounts of receipts and disbursements of the watershed improvement district. (1959, c. 781, s. 8.)

§ 139-24. Status and general powers of district; power to levy assessment. — A watershed improvement district organized under the provisions of this Article shall constitute a political subdivision of this State, and a public body corporate and politic, exercising public powers, and such watershed improvement district shall have all of the powers of the soil conservation district or districts in which the watershed improvement district is situated, and in addition thereto shall have the authority to levy and the county tax collector or collectors shall collect an assessment as hereinafter provided, to be used for the purposes for which the watershed improvement

district was created and for the operation and maintenance thereof. (1959, c. 781, s. 8.)

§ 139-25. Benefit assessments to defray district expenses; classification of land according to benefits. — (a) The expenses of a watershed improvement district under this Chapter shall be assessed in the manner hereafter provided against lands specially benefited by the activities of the district.

(b) As soon as practicable after the organization of a district and the formulation of plans for construction of works of improvement, the trustees shall examine and classify the lands in the district (and from time to time may reclassify them) according to the relative benefits they will receive from the activities of the district. The lands may be classified into as many as five classes, marked "Class A," "Class B," etc. In making such classifications the trustees shall consider the fertility of the soil, the proximity of the land to the watercourse (or, in the case of drainage benefits, its proximity to the ditch or a natural outlet), the degree of wetness on the land, the location of the land relative to existing or proposed works of improvement of the district, its susceptibility to damage from floods or erosion, and other factors evidencing anticipated benefits or lack thereof to particular lands.

The holdings of any one landowner need not necessarily be all in one class, but the number of acres in each class shall be ascertained and listed, though its boundary need not be marked on the ground, but shall be shown on a separate map of the district designated "Classification Map."

The total number of acres owned by one person in each class and the number of acres benefited shall be determined. The total number of acres benefited in each class in the entire district shall be set forth in tabulated form. The scale of assessment upon the several classes of land shall be determined by the trustees.

(c) Following completion of such classification the trustees shall publish at least once a week for two successive weeks a notice of the time and place for a public hearing to hear the objections of all interested persons to the classification. In addition, the trustees shall, with respect to any land on which the scale of assessment calls for a benefit assessment, address and mail a copy of the notice of classification to the owner, and at the address, as shown on the tax records of the county in which the lands are located. As to the owner of land classified and scaled for no benefit assessments, notice other than publication shall not be required. The certificate of the person designated to mail the notices that such notices were mailed, giving the mailing date, shall be conclusive in the absence of fraud. The hearing shall be held not earlier than 10 days from the first publication of the notice or the certified mailing date of the notices whichever occurred last. The notice shall refer to the district by name, describe generally the property included in the classification, set forth the scale of assessment upon the various classes of land, state where and when the classification will be available for inspection, and state that all objections must be made in writing, signed in person or by attorney, and filed with the secretary-treasurer of the district at or before the time of the hearing, and that any objections not so made shall be waived. At the hearing or some other time to which it may be adjourned the trustees shall consider objections made in compliance with the above requirements. If any objection is made and not sustained by the trustees, their action thereupon shall be the final adjudication of the issues presented, subject to appeal pursuant to subsection (d) of G.S. 139-26.

(d) The proceedings for a reclassification shall be in all respects as in the case of the original classification. (1959, c. 781, s. 8; 1963, c. 1025, s. 1.)

§ 139-26. Estimate of expenses; filing and confirmation of initial assessment roll; subsequent assessments. — (a) The trustees shall estimate: The total or amortized portion of capital costs, including incidental expenses and debt service charges, of the contemplated works of improvement to be completed, for which the district shall be obligated during the assessment period; and the amount of all other expenses of the district, including the expenses of administering the district and maintaining the works of improvement. Initially such estimate will include all such costs and expenses which have accrued or will accrue prior to the beginning of the first fiscal year of the district in which assessments are turned over to the county authorities for collection, and that will accrue during the first and the two succeeding fiscal years. (The fiscal year of the district shall begin on July 1 and end on June 30.) The trustees shall thereupon make an assessment of the sum of the estimate calculated pursuant to the above. For that purpose the trustees shall make out an assessment roll in which shall be entered the names of the landowners assessed so far as the same can be ascertained and the amounts assessed against them respectively, with a brief description of the parcels or tracts of land assessed. The assessment roll shall indicate the amount of assessment installments which shall be paid by landowners electing to pay the assessment in installments.

(b) Immediately after such assessment roll has been completed the trustees shall publish at least once a week for two consecutive weeks a notice of the completion of the assessment roll. Such notice shall describe the proposed improvement in general terms, state where and when the assessment roll will be available for inspection, and specify the time and place for a meeting of the trustees to hear objections to the assessments. In addition, the trustees shall, with respect to land against which an assessment has been made, mail a copy of the notice to the owner, and at the address, as shown on the tax records. The certificates of the person designated to mail the notices that such notices were mailed, giving the mailing date, shall be conclusive in the absence of fraud. The meeting shall be held not earlier than 10 days from the first publication of the notice or the certified mailing date of the notices whichever occurred last.

(c) At such meeting the trustees shall hear the objections of all interested persons who appear and offer proof in relation thereto. The trustees shall either annul or sustain or modify in whole or in part the prima facie assessment as indicated on said roll, either by confirming the prima facie assessment against any or all tracts or parcels described therein, or by canceling, increasing or reducing the same according to the special benefits which the trustees decide each tract or parcel has received or will receive on account of the activities of the district during the period of the assessment. If any property subject to assessment has been omitted from the roll or if the prima facie assessment has not been made against it, the trustees may place on the roll an apportionment against such property. The trustees may thereupon confirm the roll, but shall not confirm any assessment in excess of the special benefits to the property assessed and the assessments so confirmed shall be in proportion to the special benefits. Whenever the trustees shall confirm an assessment roll the secretary-treasurer shall enter in the minute books of the district the date, hour and minute of such confirmation, and he shall immediately cause the assessment roll to be filed with the tax collector of the county wherein the land is located and from that time the assessment shall constitute a lien on the real property against which the same is assessed. Subsequent assessments levied in accordance with this Article shall be a lien against real property from the date of filing of said assessment.

(d) If the owner of, or any person interested in, any land assessed or classified is dissatisfied with the amount of the assessment under this section or with the classification under G.S. 139-25, he may give written notice to the secretary-treasurer of the district within 10 days after confirmation of the assessment roll or after the last day of the classification hearing, respectively,

that he takes an appeal to the State Board. Within 20 days after such confirmation or after the last day of the classification hearing, respectively, he must file with the State Board and the secretary-treasurer of the district a brief statement of the grounds for his dissatisfaction with the ruling of the trustees. The State Board shall set a date for a hearing not more than 90 days from the date of the filing of the statement. At said hearing, evidence shall be taken by the State Board from the district and the landowner, both of whom shall have the right to be represented by counsel. After hearing the evidence, the State Board may affirm, overrule or modify the ruling of the trustees and may tax the cost of the hearing against the losing party. Either party may appeal from the ruling of the State Board to the superior court of the county wherein the land is located for trial de novo. The appeal from the trustees or the State Board shall not delay or stop the operation of the district or any of its works of improvement. The State Board in order to fulfill the duties herein granted shall have the powers given it under G.S. 139-35(e). The State Board may delegate to one of its members or to a deputy the function of holding any or all hearings which it is required to hold under the provisions of this subsection.

(e) The trustees may correct, cancel or remit any assessment, and may remit, cancel or adjust the interest or penalties thereon. The trustees have the power, when in their judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto to set aside the whole of the assessment made by them, and thereupon to make a reassessment. The trustees' power of correction, cancellation, remission or adjustment of any particular benefit assessment or of the interest or penalty thereon, or of setting aside a general assessment, shall not limit or abridge the duty and responsibility hereby imposed upon the trustees to preserve the fiscal integrity of the district, and to provide by reassessment or otherwise, for the repayment of all principal, interest and other debt service charges on assessment bonds, notices, or other evidence of indebtedness issued by the district to pay for works of improvement or any other expenses of the district. The proceedings shall be in all respects as in the case of the original assessment, and the reassessment shall have the same force as if it had originally been properly made. In the event of a reassessment the trustees may, if necessary, postpone the dates for payment of assessments and installments and for performance of other acts required to be performed on or before designated dates.

(f) No change of ownership of any property or interest therein after the last day of the classification hearing shall in any manner affect subsequent proceedings, and the works of improvement may be completed and assessments made therefor as if there had been no change of ownership.

(g) The following provisions of the General Statutes concerning municipal special assessments with modifications as specified, shall apply to assessments by watershed improvements districts:

G.S. 160-95 to 160-97, which relate to assessments in case of tenants for life or years;

G.S. 160-98, which relates to liens in favor of cotenants or joint tenants paying assessments;

G.S. 160-101, which relates to apportionment of assessments where property has been or is about to be subdivided (except that for "governing body," read "trustees").

(h) Subsequent to the initial assessment the trustees may annually, biennially, or triennially, at their discretion, levy additional assessments to meet: The total, or amortized portion, of capital costs, including debt service charges consisting of principal, interest, and other charges on borrowed funds to be paid during the assessment period, and further including costs and expenses incidental to the construction of contemplated additional works of improvement to be completed during the assessment period; and all other expenses of the district, including the expenses of administering the district,

maintaining all works of improvement, and interest on borrowed funds, that will accrue during the ensuing fiscal year, biennium or triennium, as the case may be.

The trustees shall prepare estimates, make out the assessment roll, hold hearings and in all other respects proceed as in the case of the initial assessment, except that:

(1) The estimate shall be prepared on or before May 20 preceding the fiscal year during which the assessment (or the first installment thereof) shall come due, but failure to comply with this requirement shall not affect the validity of subsequent proceedings;

(2) The period covered by the estimate of "all other expenses" shall be the succeeding fiscal year, biennium or triennium, as the case may be; and

(3) The assessment installments, if any, to be indicated on the assessment roll shall be those to be paid during each year of the fiscal biennium or triennium, as the case may be, by landowners electing to pay in installments.

(i) The assessment rate on any assessment roll shall not exceed a maximum annual rate of seven dollars ($7.00) per acre. (1959, c. 781, s. 8; 1963, c. 1025, s. 2; c. 1151, s. 2; c. 1228, ss. 1-4.)

Editor's Note. — Sections 160-95 to 160-97, 160-98 and 160-101, referred to in subsection (g) of this section, were repealed by Session Laws 1973, c. 698. For present provisions as to special assessments, see §§ 160A-216 to 160A-238.

§ 139-27. Collection and payment of assessments; expenditure of proceeds thereof and of other district funds. — (a) (1) The landowner against whom an assessment is made shall have the option of paying the entire assessment, if he so elects and gives written notice accordingly to the secretary-treasurer of the district within 15 days after the confirmation of the assessment roll and upon his failure to so notify the district, he shall be deemed to have elected to pay the assessment in annual installments. Assessments (and installments of assessments) shall become due and payable on the date provided by law for payment of ad valorem property taxes in the county. Interest shall be charged for late payments, and discounts shall be allowed for prepayment of assessments, in the amounts and during the periods covered by law with respect to payment of ad valorem property taxes in the county. The entire assessment may be paid at any time by payment of the principal and all interest accrued to that date.

(2) It is the intent and purpose of this subsection that any assessment (initial, subsequent or annual) may as determined by the assessment roll be paid and collected in multiple annual installments in such installment amounts and spread over such installment periods as the assessment roll may fix. As to any assessment roll which shall fix and determine multiple annual installment payments spread over periods in excess of three years, the following modifications of designated subsections of this section shall apply:

a. In subsection (b) "three" shall read "multiple";

b. In subsection (c) "second and third" shall read "subsequent";

c. In subsection (d) "second and third" shall read "subsequent"; "one and two years, respectively" shall read "in subsequent years"; and the form of the order of the board of commissioners to the county tax collector shall be suitably modified;

d. In subsection (b) the form of assessment receipt shall be suitably modified for fourth and subsequent annual installments.

(b) After confirmation of the assessment roll the district shall have prepared a form of receipt, with appropriate stubs attached, for the assessment due on each tract or parcel of land as recited in the assessment roll. A separate sheet

shall be used for each tract or parcel assessed, and each such separate sheet shall contain three perforated receipts attached to a single stub, with appropriate entries and blank spaces substantially as set forth in subsection (h) of this section. The receipts and stubs for land within each county wherein any part of his district lies shall be separately bound. The bound books of assessment receipts shall be endorsed "Assessments of the (here give the name of the district) Watershed Improvement District due on the first Monday of October, 19....," and the same endorsement shall be printed at the top of each assessment receipt. The necessary cost of printing and binding such books of assessment receipts and the filling in of the same shall be a proper charge against the district and shall be paid by the board of trustees.

(c) During the month of September next following the confirmation of the assessment roll the district shall mail to the landowners the receipts for the first annual installment with the blanks duly filled in. The district shall also remove from the bound books, and retain, the receipts for the second and third annual installments. On or before the twenty-fifth day of such month the appropriate bound book of stubs, with the names of the property owners and assessment and installment amounts duly filled in, shall be delivered to the board of commissioners of each county wherein any part of the district lies. On or before the first Monday of October next following the said boards of commissioners shall cause such bound books to be delivered to their respective county tax collectors, together with appended orders in substantially the following form:

Tax Collector, ... County:
This is to certify that the attached book of assessment stubs embraces watershed assessments made on certain lands in the County of ..... which are located within the boundaries of the ..... Watershed Improvement District. The affected landowners, unless otherwise indicated to the contrary, have elected to pay their assessments in installments, the first of which becomes due on the first Monday of October, 19...., and must be paid and collected within the time and in the manner required by law. (See G.S. 139-27). Interest for failure to pay this installment shall accrue on the principal amount of the installment at the rate and at the times provided by law for property taxes in the county. You will enter the dates of payments on the stubs and retain the book of stubs in a safe place for use in recording subsequent annual installments. You will make monthly settlements of your collections with the secretary-treasurer of the ..... Watershed Improvement District, and in all other respects you will discharge your duties as tax collector as required by law.
In witness whereof I have hereunto set my hand and official seal, this ..... day of ....., 19.....

.....
Chairman, Board of Commissioners,
..... County

(d) The procedure for the second and third annual installments shall be set forth in this subsection. The district shall mail the receipts for such installments with blanks duly filled in to the landowners during the month of September, one and two years, respectively, after the mailing of the receipts for the first installment. On or before the twenty-fifth day of such month there shall be delivered to the boards of county commissioners a notice of the due date of the installment. On or before the first Monday of October next following the said boards of commissioners shall cause to be delivered to their respective county tax collectors orders in substantially the following form, omitting therefrom the appropriate bracketed words and phrases:

Tax Collector ..... County:
This is to certify that the [second] [third] installment of the watershed assessment of the ..... Watershed Improvement District

becomes due on the first Monday of October, 19...., and must be paid and collected within the time and in the manner required by law. (See G.S. 139-27).

Interest for failure to pay this installment shall accrue on the principal amount of the installment at the rate and at the times provided by law for property taxes in the county. You will enter the dates of payments on the stubs [and retain the book of stubs in a safe place for use in recording the third annual installment] [and thereafter retain or dispose of the book of stubs in the manner provided by law.] You will make monthly settlements of your collections with the secretary-treasurer of the ..... Watershed Improvement District, and in all other respects you will discharge your duties as tax collector as required by law.

In witness whereof I have hereunto set my hand and official seal, this ..... day of ..... 19.....

.....
Chairman, Board of Commissioners
..... County

(e) All watershed assessments shall be collected by the county tax collector in the same manner as county taxes, except as otherwise herein provided, and such collections shall be enforced in the manner provided by G.S. 105-414 and subsections (f) through (v) of G.S. 105-391; provided, however, that there shall be no right to proceed against personal property in enforcing such collections. The tax collector shall be required on the first day of each month to make settlements with the secretary-treasurer of the Watershed Improvement District of all collections of watershed assessments for the preceding month, and to deposit all moneys so collected in an account maintained in the name of the district at an official depository designated by the district. Such account shall also be used for the deposit of all other funds of the district. Expenditures from such account may be made with the approval of the trustees of the district on requisition from the chairman and the secretary-treasurer of the district. The fee allowed the tax collector for collecting the watershed assessments shall be two percent (2%) of the amount collected, except that, where the tax collector is on a salary basis, such fee shall be paid into the general fund of the county.

If the tax collector shall willfully fail or neglect to comply with any requirement of law concerning collection or deposit of watershed assessments, he shall be guilty of a misdemeanor, and upon conviction shall be subject to fine and imprisonment, in the discretion of the court. He shall likewise be liable to a civil action for all damages which may accrue either to the trustees of the district or the holders of its bonds, to either or both of whom a right of action is hereby given.

(f) No statute of limitation, whether fixed by law especially referred to in this Chapter or otherwise, shall bar the right of the district to enforce any remedy provided by law for the collection of unpaid assessments, save from and after 10 years from and after the due date thereof, or, if payable in installments, 10 years from and after the due date of any installment.

(g) All proceedings for watershed assessments under the provisions of this Article shall be regarded as proceedings in rem (and no mistake or omission as to the name of the owner or person interested in any tract or parcel of land affected thereby shall be regarded a substantial mistake or omission).

Editor's Note. — Section 105-414, cited near the beginning of subsection (e) of this section, was repealed by Session Laws 1971, c. 806, s. 3, effective July 1, 1971. See now § 105-374. Former § 105-391, also cited near the beginning of subsection (e) of this section, was part of Subchapter II of Chapter 105, which was revised by Session Laws 1971, c. 806, effective July 1, 1971. See the Editor's note to § 105-271. For present provisions similar to former § 105-391, see § 105-374.

§ 139-27.1. Debts may be incurred to be repaid over more than three years. — The other provisions of this Article generally, and particularly the provisions of G.S. 139-26 and 139-27, pertaining to initial and subsequent annual, biennial or triennial assessments or reassessments, shall not be construed to limit the authority of the district and a watershed improvement district shall be authorized to issue notes, bonds, and other evidences of indebtedness, to be repaid over a period greater than three years and shall have the power, duty and responsibility to provide through benefit assessments all

sums which may be necessary to pay in full the principal, interest and other debt service charges of all bonds or other obligations of the district. (1963, c. 1228, s. 6.)

§ 139-28. Fiscal powers of governing body; may hold referendum on question of incurring indebtedness and issuing bonds. — The trustees of a watershed district shall have power, with or without a referendum, to incur indebtedness on behalf of the district to defray any part of the expenses and costs of the district, and may pledge to the repayment thereof funds to be derived from benefit assessments, grants, gifts, or other sources of revenue.

The indebtedness of the district may be evidenced by bonds, bond anticipation notes, benefit assessment anticipation notes or revenue anticipation notes. No debt shall be contracted for a term of more than 20 years.

The trustees, if they so elect, may request the board or boards of election of each county wherein any part of the district lies to call a referendum on the question of whether the district shall incur debt or issue bonds for one or more of the purposes for which it was created. (1959, c. 781, s. 8; 1963, c. 1228, s. 7.)

§ 139-29. Conduct of referendum. — Such referendum may be held at the same time as the initial or a subsequent election for officers of the district. Such referendum shall be conducted in the manner provided for the conduct of elections for officers by the last two paragraphs of subsection (c) of G.S. 139-21; except that—in place of the provisions thereof requiring that the ballots contain the names of nominees, the title and term of office, and the instruction as to the number of candidates to be voted upon—the ballots shall contain a question and a voting instruction in the form certified to the board or boards of election by the trustees of the district. The form of the said question and instruction, with appropriate insertions and deletions, shall be substantially as follows:

Shall the ..... Watershed Improvement District (incur an indebtedness to ..... in the amount of .....) (issue bonds in the amount of .....) for the purpose of .....?

vote "Yes" or "No."

(1959, c. 781, s. 8.)

§ 139-30. Resolution authorizing district to incur indebtedness or issue bonds. — If such referendum is held and a majority of the votes cast are in favor of incurring the indebtedness or issuing the bonds, the trustees of the district shall enter on the records of the district a resolution authorizing the district to incur the indebtedness or issue the bonds for one or more of the purposes for which the district was created. (1959, c. 781, s. 8; 1963, c. 1228, s. 8.)

§ 139-31: Repealed by Session Laws 1963, c. 1228, s. 9.

§ 139-32. Annual assessments to repay indebtedness or bonds and debt service charges. — The trustees of the watershed improvement district shall, if necessary for the payment of the principal, interest and other debt service charges on such indebtedness or bonds, and to amortize the repayment of such indebtedness or bonds, levy annual assessments on all the real estate in the watershed improvement district, which may be subject to assessment under the provisions of this Article, to pay such principal, interest and other debt service charges, and to amortize such indebtedness or bonds. Such additional assessments shall constitute a lien, be apportioned, levied, assessed and collected in the manner provided for assessments generally in G.S. 139-25, 139-26, and 139-27. (1959, c. 781, s. 8; 1963, c. 1228, s. 10.)

§ 139-33. Powers granted additional to the powers of soil conservation districts; soil conservation districts to continue to exercise their powers. — The powers herein granted to watershed improvement districts shall be additional to those of the soil conservation district in which the watershed improvement district is situated; and such soil conservation district or districts shall be authorized, notwithstanding the creation of the watershed improvement district, to continue to exercise their powers within the watershed improvement district. (1959, c. 781, s. 8.)

§ 139-34. Power to incur debts and accept gifts, etc. — A watershed improvement district shall have the power, in the manner hereinabove set forth, to incur debts and repay the same over such period of time and at such rate or rates of interest, not exceeding six per centum (6%) per annum, as the lender or lenders agree to; and to accept, receive, and expend gifts, grants or loans from whatever source received. (1959, c. 781, s. 8.)

§ 139-35. Supervision by State Board. — (a) The State Board, to the extent herein provided, shall have supervisory responsibility over the programs provided for in this Article.

(b) Each watershed improvement district (to the extent that moneys are made available therefor by the State of North Carolina or any of its agencies or political subdivisions, by any municipality, or otherwise) shall:

(1) By means of suitable measuring and recording devices and facilities and at intervals prescribed by the Board, record the inflow of water into and release of water from such reservoirs of the district as may be designated by the Board; and

(2) Make periodic reports of such records as required by the Board.

(c) The State Board shall be the State agency to which watershed work plans developed under Public Law 566 (83rd Congress, as amended) for contemplated works of improvement shall be submitted for review and approval or disapproval. All other work plans for contemplated works of improvement pursuant to this Chapter shall likewise be submitted to the Board for review and for approval or disapproval. The Board shall approve such work plans if, in its judgment, the work plans

(1) Provided for proper and safe construction of proposed works of improvement;

(2) Show that the construction and operation of the proposed works of improvement (in conjunction with other such words and related structures of the district and the watershed) will not appreciably diminish the flow of useful water that would otherwise be available to existing downstream water users during critical periods;

(3) Determine whether a program of flood plain management in connection with such proposed works is in the public interest, and to withhold approval until satisfactory measures are incorporated; and

(4) Are otherwise in compliance with law.

No work of improvement may be constructed or established without the approval of work plans by the Board pursuant to this subsection. The Board may publish flood plain management criteria to be followed by those persons, district, or other agencies preparing such work plans. The construction or establishment of any such work of improvement without such approval, or without conforming to a work plan approved by the Board, may be enjoined. The Board may institute an action for such injunctive relief in the superior court of any county wherein such construction or establishment takes place, and the procedure in any such action shall be as provided in Article 37, Chapter 1 of the General Statutes.

(d) In conjunction with any work plans submitted to the Board under subsection (c) of this section, a watershed improvement district shall submit in such form as the Board may prescribe a plan of its proposed method of

operations for works of improvement covered by the work plans and for related structures. With the approval of the Board, the district may amend its initial plan of operations from time to time. Board approval of the initial plan of operations shall not be required.

(e) If the Board has reason to believe that a watershed improvement district is not operating any work of improvement or related structure in accordance with its plan of operations as amended, the Board on its own motion or upon complaint may order a hearing to be held thereon upon not less than thirty days' written notification to the district and complainant, if any, by personal service or registered mail. Notice of such hearing shall be published at least once a week for two successive weeks. In connection with any such hearing the Board shall be empowered to administer oaths; to take testimony; and, in the same manner as the superior court, to order the taking of depositions, issue subpoenas, and to compel the attendance of witnesses and production of documents. If the Board determines from evidence of record that the district is not operating any work of improvement or related structure in accordance with its plan of operations, as amended, the Board may issue an order directing the district to comply therewith or to take other appropriate corrective action. Upon failure by a district to comply with any such order, the Board may institute an action for injunctive relief in the superior court of any county wherein such noncompliance occurs, and the procedure in any such action shall be as provided in Article 37, Chapter 1, of the General Statutes.

(f) As used in this section the term "critical periods" means monthly periods, or other periods designated by the Board when (in the area affected) below average stream flows coincide with above average utilization of water; provided, that where insufficient data are available to permit reliable determinations concerning these matters, the Board may adopt as the "critical period" for any particular area the period June 15—September 15. (1959, c. 781, s. 8; 1967, c. 1070, ss. 2, 3.)

Editor's Note. — The Board of Water Commissioners has been succeeded by the Board of Water and Air Resources. See §§ 143-214, 143A-120.

§ 139-36. Dissolution of watershed improvement district. — A watershed improvement district, after all outstanding debts or obligations have been satisified, if any, may be dissolved upon:

(1) Petition filed with the supervisors of the soil conservation district or districts wherein the watershed improvement district lies, setting forth the change of circumstances which causes such district to be no longer of any benefit, and signed by any 100 owners of land lying within the limits of the watershed improvement district, or a majority of such owners if their total number be less than 200;
(2) Public hearings held, as provided in G.S. 139-18; and
(3) An order of the supervisors of the soil conservation district or districts approving the action sought.

If the foregoing requirements are met, the supervisors shall declare the watershed improvement district to be dissolved. Such declaration of dissolution shall be recorded in their official minutes, and the same certified to the State Soil Conservation Committee, the State Board, and the clerk of the superior court of the county or counties wherein any part of the district lies for recordation in the special proceedings docket of such clerk. (1959, c. 781, s. 8.)

§ 139-37. Participation by cities, counties, industries and others. — (a) Any industry, or private water user, the State of North Carolina, the United States or any of its agencies, any county, municipality or any other political subdivision may participate in watershed improvement district works or projects upon mutually agreeable terms relating to such matters as the construction, financing, maintenance and operation thereof.

(b) Any county or municipality may contribute funds toward the

construction, maintenance and operation of watershed improvement district works or projects, to the extent that such works or projects:

(1) Provide a source (respectively) of county or municipal water supply; or protect an existing source of such supply, enhance its quality or increase its dependable capacity or quantity; or

(2) Protect against or alleviate the effects of flood-water or sediment damages affecting, or provide drainage benefits for, (respectively) county or municipally owned property or the property (respectively) of county or municipal inhabitants located outside the boundaries of such district but within the respective boundaries of such county or municipality.

Each county and city may fund appropriations for the purposes of this section by levy of property taxes pursuant to G.S. 153A-149 and G.S. 160A-209 and by the allocation of other revenues whose use is not otherwise restricted by law. (1959, c. 781, s. 8; 1973, c. 803, s. 33.)

Editor's Note. — The 1973 amendment rewrote the last paragraph of subsection (b).

§ 139-37.1. Borrowing by local units for anticipated water supplies. — (a) Any local unit may issue bonds or other obligations in the manner provided by this section (and may appropriate and expend funds derived therefrom) for the purpose of financing all or any part of the cost of providing storage capacity for anticipated future or present water supply needs, in conjunction with any watershed improvement work or project.

(b) Any two or more local units, each situated in whole or in part in the basin of the same river in which a watershed improvement work or project is located, may issue bonds or other obligations for the purpose stated in subsection (a) of this section in such amounts as constitute their proportionate parts, respectively, of the estimated cost of such a work or project. The governing bodies of said local units shall jointly determine and agree upon the proportionate part of the estimated cost which each local unit is to bear, taking into consideration the taxable resources of each local unit and such other economic and beneficial factors as deemed pertinent and advisable, and such determination shall be recorded in the minutes of each such body.

(c) Such bonds or other obligations of counties shall be issued pursuant to the County Finance Act, as amended: Provided, the amount thereof shall constitute an item to be included in the sum in item (8) of G.S. 153-84 of the said act in arriving at the net debt for other than school purposes in item (9) of said section: Provided, further, the provisions of G.S. 153-80, 153-82 and 153-103 of said act shall not apply to such bonds. Such bonds or obligations shall mature at such time or times, not exceeding 40 years from their date, and may be subject to redemption with or without premium as the governing body may by resolution determine, with the approval of the Local Government Commission.

(d) Such bonds or other obligations of municipalities shall be issued pursuant to the Municipal Finance Act, 1921, as amended, and the amount thereof shall constitute a deduction from the gross debt under subsection (a)(2) of G.S. 160-383 of said act: Provided, the provisions of G.S. 160-382 and 160-391 shall not apply to such bonds and such bonds may not be consolidated with bonds authorized by another ordinance as provided in G.S. 160-380 of said act. Such bonds or obligations shall mature at such time or times, not exceeding 40 years from their date, and may be subject to redemption with or without premiums as the governing body may determine, with the approval of the Local Government Commission.

(e) Notwithstanding any other provisions of law, the Local Government Commission may sell any bonds or other obligations issued pursuant to this section to the United States of America, or any agency thereof, at private sale and without advertisement. The first installment of principal of bonds or other

obligations issued under this section may be made payable not more than 10 years after the date of the bonds or obligations. Accrual of interest may be deferred not more than 10 years. Any such bonds or other obligations may contain appropriate provisions which will authorize the initiation of payments of interest and installments of principal on the bonds on a date not later than 10 years from the date of such bonds or obligations, or on the date when the local unit shall begin to use such local water supplies, whichever date shall occur first. The date on which such use of local water supplies begins shall be determined by the governing body of the local unit issuing such bonds or other obligations, which determination shall be binding and conclusive.

(f) If the bonds or other obligations of one or more local units which have agreed upon their proportionate part of the estimated cost, as provided for in subsection (b) of this section, are required by the laws or the Constitution to be submitted to the voters of such local unit at an election and a majority of said voters voting in said election vote against the issuance of such bonds, the bonds or other obligations of any other local unit which have been duly authorized may be issued in whole or in part only when a sufficient number of local units have agreed upon their proportionate part as provided in subsection (b) of this section and have duly authorized their bonds or obligations so that the full amount of such estimated cost may be paid.

(g) As used in this section the following terms have the following meanings:

"Local unit" means any county or municipality.

"Local water supplies" include any municipal or county water supplies, whether or not the purposes served by a particular storage facility financed under this section initially include service to domestic or any other water supply customers.

"Costs" include the cost of water storage capacity in a structure or facility (or other equivalent costs for water supply purposes) and the cost of facilities for release or withdrawal of water stored for water supply purposes, as well as other installation costs of a structure or facility including costs of real and personal property, easements, options, or other interests in real property, and water rights, engineering and inspection fees, contract administration costs, and costs of conveyance facilities for local water supplies. (1967, c. 987, s. 4.)

Editor's Note. — Sections 153-84, 153-103, 160-380, 160-382, 160-383 and 160-391, referred to in subsections (c) and (d), were repealed by Session Laws 1971, c. 780. See now Subchapter IV of Chapter 159.

§ 139-38. Power of eminent domain conferred on watershed improvement districts. — (a) A watershed improvement district shall have the power to acquire by condemnation any interest in land needed in carrying out the purposes of this act, except interests in land within the boundaries of any project licensed by the Federal Power Commission or interests in land owned or held for use by a public utility as defined in G.S. 62-3. This power may be exercised only after:

(1) The district makes application to the Committee, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

(2) The Committee finds that the land is sought to be acquired for a proper district purpose. The findings of the Committee shall be conclusive in the absence of fraud, notwithstanding any other provision of law.

(b) The Committee shall certify copies of its findings to the applicant district, the State Board and the clerk of superior court of the county or counties wherein any part of the district lies for recordation in the special proceedings thereof.

(c) For purposes of this section:

(1) The term "interest in land" means any land, right-of-way, right of access, privilege, easement, or other interest in or relating to land.

Said "interest in land" does not include an interest in land which is held or used in whole or in part for a public water supply, unless such "interest in land" is not necessary or essential for such uses or purposes.

(2) A "description" of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant district, boundaries may be described by any of the following methods or any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.

(3) "Committee" means the State Soil and Water Conservation Committee.

(d) The procedure in all condemnation proceedings pursuant to this section shall conform as nearly as possible to the procedure provided in G.S. Chapter 40, Article 2, and all acts amendatory thereof.

(e) Interests in land acquired pursuant to this section may be used in such manner and for such purposes as the trustees of the district deem best. If, in the opinion of the trustees, such lands should be sold, leased or rented, the trustees may do so, subject to the approval of the Committee.

(f) All provisions of local acts inconsistent herewith limiting condemnation powers of watershed improvement districts or of counties for county watershed improvement programs are hereby repealed. (1967, c. 987, s. 5.)

Article 3.

Watershed Improvement Programs; Expenditure by Counties.

§ 139-39. Alternative method of financing watershed improvement programs by special county tax. — The board of county commissioners in any county is authorized to call a special election to determine whether it be the will of the qualified voters of the county that they levy and cause to be collected annually, at the same time and in the same manner as the general county taxes are levied and collected, a special tax at a rate not to exceed twenty-five cents (25¢) on each one hundred dollars ($100.00) valuation of property in said county, to be known as a "Watershed Improvement Tax," the funds therefrom, if the levy be authorized by the voters of said county, to be used for the prevention of flood water and sediment damages, and for furthering the conservation, utilization and disposal of water and the development of water resources. (1959, c. 781, s. 10; 1967, c. 987, s. 8.)

Cross Reference. — See Editor's note to § 139-3.

§ 139-40. Conduct of election. — (a) There shall be no new registration of voters for such an election. The registration books shall be open for registration of new voters in said county and registration of any and all legal residents of said county, who are or could legally be enfranchised as qualified voters for regular general elections, shall be carried out in accordance with the general election laws of the State of North Carolina as provided for local elections. Notice of such registration of new voters shall be published in a newspaper

circulated in said county, once, not less than 30 days before and not more than 40 days before, the close of the registration books, stating the hours and days for registration. The special election, if called, shall be under the control and supervision of the county board of elections.

(b) The form of the question shall be substantially the words "For Watershed Improvement Tax of Not More Than.....Cents Per One Hundred Dollar ($100.00) Valuation," and "Against Watershed Improvement Tax of Not More Than ..... Cents Per One Hundred Dollar ($100.00) Valuation," which alternates shall appear separated from each other on one ballot containing opposite, and to the left of each alternate, squares of appropriate size in one of which squares the voter may make a mark "X" to designate the voter's choice for or against such tax, provided, the board of county commissioners may vary the aforesaid form of the question to be placed upon the ballot for the watershed improvement tax election in such manner as the board deems appropriate, and the board of elections shall cause to be placed upon the ballot such form of the question as may be requested by the board of county commissioners. The board of county commissioners shall designate the amount of the maximum annual rate of such tax to be levied, which amount may be less than but may not exceed twenty-five cents (25¢) on the one hundred dollar ($100.00) valuation of property in the county, and said amount shall be stated on the ballot in the question to be voted upon. Such ballot shall be printed on white paper and each polling place shall be supplied with a sufficient number of ballots not later than the day before the election. At such special election the election board shall cause to be placed at each voting precinct in said county a ballot box marked "Watershed Improvement Tax Election."

(c) The duly appointed judges and other election officials who are named and fixed by the county board of elections shall count the ballots so cast in such election and the results of the election shall be officially canvassed, certified and announced by the proper officials of the board of elections, according to the manner of canvassing, certifying and announcing the elections held under the general election laws of the State as provided for local elections.

(d) If a majority of those voting in such election favor the levying of such a tax, the board of commissioners of such county is authorized to levy a special tax at a rate not to exceed twenty-five cents (25¢) on each one hundred dollars ($100.00) of assessed value of real and personal property taxable in said county, not to exceed the maximum rate of tax approved by the voters in such election, and the General Assembly does hereby give its special approval for the levy of such special tax. (1959, c. 781, s. 10; 1961, c. 32; 1969, c. 711, s. 2.)

§ 139-41. Powers of county commissioners. — (a) If the majority of the qualified voters voting in such election favor the levying of such tax, then and in that event, the board of county commissioners shall have all powers of soil and water conservation districts as set forth in subdivisions (1), (2), (3), (4), (5), (6), (7), (8) and (10) of G.S. 139-8 (subject to the limitations set forth in subdivision (12) of such section) concerning flood prevention, development of water resources, floodwater and sediment damages, and conservation, utilization and disposal of water. It is the intention of the General Assembly that such powers shall normally be exercised within all or parts of one or more single watersheds, or of two or more watersheds tributary to one of the major drainage basins of the State, but exceptions to this policy may be permitted in

appropriate cases; provided, however, it is not the intention of the General Assembly to authorize hereby the diversion of water from one stream or watershed to another.

(b) The board of county commissioners may itself exercise such powers or, for that purpose, may create a Watershed Improvement Commission to be composed of three members appointed by the board. The terms of office of the members of the Commission shall be six years, with the exception of the first two years of existence of the Commission, in which one member shall be appointed to serve for a period of two years, one for a period of four years, and one for a period of six years; thereafter all members shall be appointed for six years, and shall serve until their successors have been appointed and qualified. Vacancies in the membership of the Commission occurring otherwise than by expiration of term shall be filled by appointment to the unexpired term by the board of county commissioners. The Commission shall hold its first meeting within 30 days after its appointment as provided for in this Article, and the beginning date of all terms of office of commissioners shall be the date on which the Commission holds its first meeting. The provisions of G.S. 139-22 and 139-23 concerning the organization and compensation of the elected board of trustees of a watershed improvement district, and concerning the powers and duties of such trustees respecting personnel, surety bonds and audits, shall apply to the Commission. The Commission shall provide the board of county commissioners 30 days prior to July 1 a proposed budget for the fiscal year commencing on July 1 and shall provide the board of county commissioners an audit by a certified public accountant within 60 days after the expiration of the fiscal year ending on June 30.

(c) The board of county commissioners may create a single Watershed Improvement Commission for the entire county or may create separate commissions for individual projects or watersheds.

(d) The board of county commissioners, as an alternative to itself exercising the powers set forth in subsection (a) of this section or to creating a watershed improvement commission for that purpose, may by resolution designate the soil and water conservation district having jurisdiction in the county to exercise authority for the board of county commissioners in carrying out the county watershed improvement program. The provisions of G.S. 139-22 and G.S. 139-23 concerning the organization and compensation of the elected board of trustees of a watershed improvement district, and concerning the power and duties of such trustees respecting personnel, surety bonds and audits, shall apply to any soil and water conservation district so designated. The soil and water conservation district shall provide the board of county commissioners 30 days prior to July 1 a proposed budget for the fiscal year commencing on July 1 and shall provide the board of county commissioners an audit by a certified public accountant within 60 days after the expiration of the fiscal year ending on June 30.

(e) Counties which carry out watershed improvement programs under this Article shall be subject to supervision by the State Board pursuant to G.S. 139-35 to the same extent as are watershed improvement districts, and, for this purpose the words "districts" and "watershed improvement districts," wherever they occur in such section, shall be read as referring to counties.

(f) Any industry or private water user, the State of North Carolina, the United States or any of its agencies, any municipality, any other county, or any other political subdivision may participate in county watershed improvement programs hereunder in the same manner and to the same extent as provided by G.S. 139-37 with respect to participation in watershed improvement district programs.

(g) The board of county commissioners may provide for county watershed improvement programs and any or all other related activities (such as water supply systems, sewerage systems, water resources programs, beach erosion

control programs, and conservation programs) to be coordinated, to be jointly undertaken by two or more local agencies, or to be assigned to a single county agency designated by such name and organized in such manner as the board deems appropriate. (1959, c. 781, s. 10; 1967, c. 987, s. 10; 1969, c. 711, s. 3; 1971, c. 1138, s. 2.)

Editor's Note. — Section 10 of Session Laws 1967, c. 987, which amended this section, provides: "It is hereby declared that the purpose of this section is to clarify the existing authority of boards of county commissioners to acquire property in connection with county watershed improvement programs. The authority expressed in this section concerning acquisition, use and disposition of property by counties under the provisions of G.S. 139-41 (a)(4) shall be considered to be in addition to the general property acquisition use and disposal powers of counties under G.S. Chapter 153 or otherwise. All expenditures heretofore incurred by counties for property acquisition in connection with county watershed improvement programs are hereby validated and confirmed, as being based upon said general property acquisition powers of counties. The proceeds of any tax heretofore or hereafter approved by the voters of a county for a county watershed improvement program, or authorized by local act for a county watershed improvement program, may be expended for property acquisition in connection with such program."

The 1971 amendment redesignated former subsections (d), (e), and (f) as present subsections (e), (f), and (g), and added present subsection (d).

§ 139-42. Article intended as supplementary. — This Article is intended to provide an alternative method of financing and operating watershed improvement programs, supplementary to the method set forth in Article 2 of this Chapter. (1959, c. 781, s. 10.)

§ 139-43. Transfer and continuation of programs. — A watershed improvement program initiated under this Article may be discontinued as a county program and thereafter transferred to or renewed as a watershed district program under Article 2, upon compliance with the provisions of said Article 2 for initiating district programs; and a watershed improvement district program initiated under Article 2 may be discontinued as a district program and thereafter transferred to or renewed as a county program under this Article, upon compliance with the provisions of this Article for initiating county programs. (1959, c. 781, s. 10.)

§ 139-44. Power of eminent domain conferred on counties in certain cases. — A county which has been authorized to levy a watershed improvement tax, whether pursuant to this Article or by local act or otherwise, shall have for purposes of its county watershed improvement program the powers conferred upon watershed improvement districts by G.S. 139-38 (as the same may be amended from time to time), subject to the limitations and procedures prescribed therein. For this purpose, a county shall be considered a watershed improvement district, and the board of county commissioners shall be considered the trustees of the applicant district. (1967, c. 987, s. 6.)

Cross Reference. — See Editor's note to § 139-3.

§ 139-45. Extraterritorial powers of counties. — A county which has been authorized to levy a watershed improvement tax, whether pursuant to Article 3 of General Statutes 139 or by special act or otherwise, may take any authorized watershed action and may expend funds for any authorized watershed purpose (including acquisition of real and personal property, easements, options, or other interests in real property) outside as well as inside the boundaries of the

county, if the board of county commissioners finds that substantial flood prevention, drainage or water supply benefits will accrue to property located within the boundaries of the county as a result of such action or expenditure. The board of county commissioners may delegate to a watershed improvement commission the function of making such findings, either generally or in a particular case. (1967, c. 987, s. 7.)

Cross Reference. — See Editor's note to § 139-3.

§ 139-46. Recreational and related aspects of watershed improvement programs. — (a) Local watershed sponsors may install and maintain recreational facilities and services in connection with watershed improvement works or projects, and may provide areas (including structures) for the conservation and replacement of fish and wildlife habitat. For any of these purposes said sponsors may appropriate and expend funds, may levy taxes and assessments, and may issue bonds and notes, to the same extent as in the case of other authorized watershed activities. Such recreational facilities and services may include but are not limited to any or all of the water-related recreational facilities provided for in subsection (b) of this section, and parking areas, ingress and egress roads, hiking or nature trails, picnic areas and campsites. No application for watershed planning under Public Law 566 (83rd Congress, United States), as amended, may be approved by the State Soil and Water Conservation Committee until after receipt and consideration of recommendations from the appropriate fish and wildlife agency concerning replacement of fish and wildlife habitat in mitigation of anticipated damages: Provided that this requirement for consideration of fish and wildlife recommendations shall not apply if such recommendations are not received by the State Committee within 30 days after the State Committee requests such recommendations. Within the meaning of this provision the "appropriate fish and wildlife agency" means the North Carolina Wildlife Resources Commission as to matters within its jurisdiction, and the North Carolina Department of Conservation and Development as to matters within its jurisdiction, or both such agencies as to matters within their concurrent jurisdiction.

(b) It is hereby declared that the provisions of this Chapter authorizing works of improvement, structures, plans, surveys and investigations for the development of water resources were intended to include water-related recreational facilities, including but not limited to boat launching areas and facilities, bathhouses, campsites and picnic areas adjacent to the water, and other basic facilities for water recreational areas. All expenditures heretofore incurred by any local watershed sponsor for such water-related recreational facilities are hereby validated and confirmed. The proceeds of any tax heretofore approved by the voters of a county for a county watershed improvement program, or authorized by special or local act for a county watershed improvement program, may be expended for such water-related recreational facilities, if the board of county commissioners after a public hearing determines that the proceeds should be so expended. Notice of such hearing shall be published as provided for notices under Article 2 of this Chapter. No action based on the alleged invalidity of the expenditures herein confirmed or of the use of tax proceeds herein authorized shall lie after January 1, 1968, to enjoin or contest any such expenditure or any such use of tax proceeds.

(c) Within the meaning of this section "local watershed sponsors" include watershed improvement districts, soil and water conservation districts, drainage districts, municipalities, and counties undertaking county watershed programs under Article 3 of this Chapter or any local act granting similar powers. (1967, c. 987, s. 9.)

Cross Reference. — See Editor's note to § 139-3.

§ 139-47. Procedures to be followed in connection with watershed improvement or drainage projects that involve channelization. — (a) As used in this section:

(1) The term "channelization" means channel excavation but does not include channel clearing and snagging work. Determinations by the Board of Water and Air Resources that a project involves channelization shall be conclusive for purposes of this section.

(2) The term "channel excavation" means the construction or enlargement of a channel by the removal and disposal of material by excavation to facilitate runoff of floodwater or drainage of water.

(3) "Channel clearing and snagging" means the removal and disposal of trees, snags, drifts, boulders or other obstructions from the flow area of a natural or excavated channel.

(b) A notice of public hearing for every preliminary project investigation of the Soil Conservation Service or recommended report of the Army Corps of Engineers or any project planning report of the Tennessee Valley Authority concerning a watershed improvement project or drainage project that involves channelization shall be published in a newspaper of general circulation in the county or counties wherein any part of the project lies at least one time, not less than two weeks nor more than four weeks prior to the date of the public hearing. The notice shall include a map of the project, not less than one-fourth page in size, delineating the boundaries of the project and indicating the proposed works of improvement, including any channelization features.

(c) Following publication of the notice, the Board of Water and Air Resources (or its designee pursuant to G.S. 143-215.3(a)(4)) shall hold a public hearing in the county or counties wherein any part of the project lies to allow interested parties to be heard concerning the proposed project. The hearing shall be held pursuant to the provisions of G.S. 143-215.4(d), except that notice of the hearing shall be given as required by subsection (b) of this section. The decision of the Board shall be subject to judicial review pursuant to G.S. 143-215.5.

(d) Every preliminary project investigation or recommended report concerning a watershed improvement project or drainage project that involves channelization shall be submitted to the Board of Water and Air Resources for review and for approval or disapproval. Such review shall be prior to, and in addition to, the review of watershed work plans provided for by G.S. 139-35. The Board shall approve such investigation or report, following the public hearing held pursuant to subsection (c) of this section, if, in its judgment, the investigation or report shows that any channelization features of the proposed project are necessary to the project and that no other feasible alternatives are available. No work of improvement may be constructed or established without the approval of the preliminary project investigation or recommended report by the Board pursuant to this section. The construction or establishment of any such work of improvement without such approval, or without conforming to a preliminary project investigation or recommended report approved by the Board, may be enjoined. Provided, however, the provisions of this section shall not apply to the activities and functions of the North Carolina Department of Human Resources and local health departments that are engaged in mosquito control for the protection of the health and welfare of the people of the coastal area of North Carolina as provided under G.S. 130-206 through 130-209. The Board may institute an action for injunctive relief in the superior court of any county wherein such construction or establishment takes place, and the procedure in such action shall be as provided in Article 37, Chapter 1 of the General Statutes. (1971, c. 1138, s. 3; 1973, c. 476, s. 128.)

Editor's Note. — Session Laws 1971, c. 1138, s. 5, provides: "This act shall be in full force and effect from and after its ratification. Section 3 of this act shall apply only to projects as to which a preliminary project investigation or recommended report is issued, after the

effective date of this act. However, this act shall apply to any Tennessee Valley Authority project not presently under construction." The act was ratified July 21, 1971.

The 1973 amendment substituted "Department of Human Resources" for "State Board of Health" in subsection (d).

Chapter 141.

State Boundaries.

Sec.
141-1. Governor to cause boundaries to be established and protected.
141-2. Payment of expenses of establishing boundaries.
141-3. Appointment of arbitrators.
141-4. Disagreement of arbitrators reported to General Assembly.
141-5. Approval of survey.
141-6. Eastern boundary of State; jurisdiction over territory within littoral waters and lands under same.
141-7. Southern lateral seaward boundary.
141-8. Northern lateral seaward boundary.

§ 141-1. Governor to cause boundaries to be established and protected. — The Governor of North Carolina is hereby authorized to appoint two competent commissioners and a surveyor and a sufficient number of chainbearers, on the part of the State of North Carolina, to act with the commissioners or surveyors appointed or to be appointed by any of the contiguous states of Virginia, Tennessee, South Carolina, and Georgia, to return and remark, by some permanent monuments at convenient intervals, not greater than five miles, the boundary lines between this State and any of the said states.

The Governor is also authorized, whenever in his judgment it shall be deemed necessary to protect or establish the boundary lines between this State and any other state, to institute and prosecute in the name of the State of North Carolina any and all such actions, suits, or proceedings at law or in equity, and to direct the Attorney General or such other person as he may designate to conduct and prosecute such actions, suits, or proceedings. (1881, c. 347, s. 1; Code, s. 2289; 1889, c. 475, s. 1; Rev., s. 5315; 1909, c. 51, s. 1; C. S., s. 7396.)

Line Between North Carolina and Tennessee. — Under the Acts of 1821 of the States of North Carolina and Tennessee confirming the boundary line between the two states "as run and marked" by the joint commission, when it is clearly shown where the line between two known points but a few miles apart was run and marked by the commission, such line must be accepted by the courts, in a suit between private persons, as the true and ancient boundary, even though it now appears that a different line between such points might more accurately conform to a general call in the act of cession for "the extreme height" of a certain mountain for a distance of 100 miles. Stevenson v. Fain, 116 F. 147 (6th Cir. 1902).

§ 141-2. Payment of expenses of establishing boundaries. — When the line has been rerun and remarked as above provided between this State and any of the contiguous states, or such portion of said lines as shall be mutually agreed by the commissioners, the Governor is authorized to issue his warrant upon the State Treasurer for such portion of the expenses as shall fall to the share of this State. (1881, c. 347, s. 2; Code, s. 2290; 1889, c. 475, s. 2; Rev., s. 5316; C. S., s. 7397.)

§ 141-3. Appointment of arbitrators. — If any disagreement shall arise between the commissioners, the Governor of this State is hereby authorized to appoint arbitrators to act with similar officers to be appointed by the other states in the settlement of the exact boundary. (1881, c. 347, s. 3; Code, s. 2291; 1889, c. 475, s. 3; Rev., s. 5317; C. S., s. 7398.)

§ 141-4. Disagreement of arbitrators reported to General Assembly. — In case of any serious disagreement and inability on the part of the said arbitrators to agree upon said boundary, such fact shall be reported by the Governor to the next General Assembly for their action. (1881, c. 347, s. 4; Code, s. 2292; 1889, c. 475, s. 4; Rev., s. 5318; C. S., s. 7399.)

§ 141-5. Approval of survey. — When the commissioners shall have

completed the survey, or so much as shall be necessary, they shall report the same to the Governor, who shall lay the same before the Council of State; and when the Governor and the Council of State shall have approved the same the Governor shall issue his proclamation, declaring said lines to be the true boundary line or lines, and the same shall be the true boundary line or lines between this and the states above referred to. (1881, c. 347, s. 5; Code, s. 2293; 1889, c. 475, s. 5; Rev., s. 5319; C. S., s. 7400.)

§ 141-6. Eastern boundary of State; jurisdiction over territory within littoral waters and lands under same. — (a) The Constitution of the State of North Carolina, adopted in 1868, having provided in Article I, Sec. 34, that the "limits and boundaries of the State shall be and remain as they now are," and the eastern limit and boundary of the State of North Carolina on the Atlantic seaboard having always been, since the Treaty of Peace with Great Britain in 1783 and the Declaration of Independence of July 4, 1776, one marine league eastward from the Atlantic seashore, measured from the extreme low-water mark, the eastern boundary of the State of North Carolina is hereby declared to be fixed as it has always been at one marine league eastward from the seashore of the Atlantic Ocean bordering the State of North Carolina, measured from the extreme low-water mark of the Atlantic Ocean seashore aforesaid.

(b) The State of North Carolina shall continue as it always has to exercise jurisdiction over the territory within the littoral waters and ownership of the lands under the same within the boundaries of the State, subject only to the jurisdiction of the federal government over navigation within such territorial waters.

(c) The Governor and the Attorney General are hereby directed to take all such action as may be found appropriate to defend the jurisdiction of the State over its littoral waters and the ownership of the lands beneath the same. (1947, c. 1031, ss. 1-3; 1969, c. 541, s. 1.)

Editor's Note. — The reference to the Constitution in this section is to the Constitution adopted in 1868, as amended. See now N.C. Const., Art. XIV, § 2.

§ 141-7. Southern lateral seaward boundary. — The lateral seaward boundary between North Carolina and South Carolina eastward from the low-water mark of the Atlantic Ocean shall be and is hereby designated as a line beginning at the intersection of the low-water mark of the Atlantic Ocean and the existing North Carolina-South Carolina boundary line; thence by a straight line projection of the present North Carolina-South Carolina boundary line to the point where the said line intersects 33° 27′ 00″ N; thence due east on a true 90 degree bearing along 33° 27′ 00″ N latitude to the seaward jurisdictional limit of North Carolina; such boundary line to be extended on the true 90 degree bearing along 33° 27′ 00″ N latitude as far as a need for further delineation may arise. (1969, c. 842; 1971, c. 804, s. 1.)

Editor's Note. — Former § 141-7, enacted by Session Laws 1969, c. 842, provided that that section should stand repealed should the Congress of the United States not ratify, confirm, adopt or otherwise consent to the effect of the same by Nov. 1, 1970. Congress did not consent, and the section enacted in 1969 therefore stood repealed.

Session Laws 1971, c. 804, s. 2, provides: "This act shall become effective upon ratification and with approval thereof, and concurrence therein, by the State of South Carolina and upon the approval and consent to this act by the Congress of the United States."

§ 141-8. Northern lateral seaward boundary. — The lateral seaward boundary between North Carolina and Virginia eastward from the low-water mark of the Atlantic Ocean shall be and is hereby designated as a line beginning at the intersection of the low-water mark of the Atlantic Ocean and

the existing North Carolina-Virginia boundary line; thence due east on a true 90 degree bearing to the seaward jurisdictional limit of North Carolina; such boundary line to be extended on the true 90 degree bearing as far as a need for further delineation may arise. (1969, c. 841; 1971, c. 452, s. 1.)

Congress did not consent, and the section enacted in 1969 therefore stood repealed.

Section 2, c. 452, Session Laws 1971, provides: "This act shall become effective upon ratification, and with approval thereof, and concurrence therein, by the General Assembly of Virginia and upon the approval and consent to this act by the Congress of the United States."

Article 5A.

Exchange and Cancellation of Bonds Held in Sinking Funds; Investment of Moneys.

§ 142-47. Exchange of securities. — The State Sinking Fund Commission is hereby authorized to exchange any bonds of the State which shall at any time be held as an investment of moneys in any sinking fund under its control for like principal amounts of bonds of the State which shall then be held as an investment of moneys in any other sinking fund under its control, and in each such exchange each such sinking fund shall be charged with the market value of the bonds received by it, plus the accrued interest thereon, and shall be credited with the market value of the bonds exchanged therefor, plus the accrued interest thereon. Any difference in the amounts of such charges and such credits shall be adjusted by making the appropriate transfer of moneys from one sinking fund to the other sinking fund. The market value of each bond so exchanged shall be determined by the Commission, and such determination shall be based, as far as practicable, upon the current offering prices of bankers and dealers, taking into account the interest rates borne by the bonds and their maturities. (1943, c. 321, s. 1.)

§ 142-48. Investment of sinking funds. — The State Sinking Fund Commission shall invest the moneys in the sinking funds created by G.S. 142-44 and 142-45 in highway bonds of the State unless the Commission shall determine that it would be more practicable, at the time of such investment, to invest such moneys in other bonds of the State or in other securities eligible for such investment. (1943, c. 321, s. 2.)

§ 142-49. Cancellation of highway bonds in sinking funds; increase of payments to funds. — If requested so to do by the Governor and Council of State, the State Sinking Fund Commission may at any time cancel any highway bonds of the State which are held in the sinking fund created by G.S. 142-44 and which are a part of the bonds for the payment of which said sinking fund was so created, and to cancel any highway bonds of the State which are held in the sinking fund created by G.S. 142-45 and which are a part of the bonds for the payment of which said sinking fund was so created.

Upon the cancellation of any highway bonds of the State which are held in the sinking fund created by G.S. 142-44, as hereinabove provided, the annual payment to be made into said sinking fund in each year after such cancellation shall be increased from one hundred thousand dollars ($100,000) to one hundred and fifty thousand dollars ($150,000). Upon the cancellation of any highway bonds of the State which are held in the sinking fund created by G.S. 142-45, as hereinabove provided, the annual payment to be made into said sinking fund in each year after such cancellation shall be increased from four

hundred thousand dollars ($400,000) to six hundred thousand dollars ($600,000). (1943, c. 321, ss. 3-5.)

ARTICLE 1.

Executive Budget Act.

§ 143-1. Scope and definitions. — This Article shall be known, and may be cited, as "The Executive Budget Act." Whenever the word "Director" is used herein, it shall be construed to mean "Director of the Budget." Whenever the word "Commission" is used herein, it shall be construed to mean "Advisory Budget Commission," if the context shows that it is used with reference to any power or duty belonging to the Department of Administration and to be performed by it, but it shall mean when used otherwise any State agency, and any other agency, person or commission by whatever name called, that uses or expends or receives any State funds. "State funds" are hereby defined to mean any and all moneys appropriated by the General Assembly of North Carolina, or moneys collected by or for the State, or any agency thereof, pursuant to the

authority granted in any of its laws. (1925, c. 89, s. 1; 1929, c. 100, s. 1; 1957, c. 269, s. 2.)

§ 143-2. Purposes. — It is the purpose of this Article to vest in the Governor of the State a direct and effective supervision of all agencies, institutions, departments, bureaus, boards, commissions, and every State agency by whatsoever name now or hereafter called, including the same power and supervision over such private corporations and persons and organizations of all kinds that may receive, pursuant to statute, any funds either appropriated by, or collected for, the State of North Carolina, or any of its departments, boards, divisions, agencies, institutions and commissions; for the efficient and economical administration of all agencies, institutions, departments, bureaus, boards, commissions, persons or corporations that receive or use State funds; and for the initiation and preparation of a balanced budget of any and all revenues and expenditures for each session of the General Assembly.

The Governor shall be ex officio Director of the Budget. The purpose of this Article is to include within the powers of the Budget Bureau all agencies, institutions, departments, bureaus, boards, and commissions of the State of North Carolina under whatever name now or hereafter known, and the change of the name of such agencies hereafter shall not affect or lessen the powers and duties of the Budget Bureau in respect thereto.

The test as to whether an institution, department, agency, board, commission, or corporation or person is included within the purpose and powers and duties of the Director of the Budget shall be whether such agency or person receives for use, or expends, any of the funds of the State of North Carolina, including funds appropriated by the General Assembly and funds arising from the collection of fees, taxes, donations appropriative, or otherwise.

Notwithstanding the general language in this Article the expenditure of funds by or under the supervision and control of the State Auditor and the State Treasurer for their respective departments shall not, except as provided in G.S. 143-25, be subject to the powers of the Director of the Budget or the Department of Administration, it being intended that the State Auditor and the State Treasurer shall be independent of any fiscal control exercised by the Director of the Budget and shall be subject only to such control as may be exercised by the Advisory Budget Commission. (1925, c. 89, s. 2; 1929, c. 100, s. 2; 1955, c. 578, s. 1; c. 743; 1957, c. 269, s. 2.)

Cross Reference. — For provision that a statutory reference to the "Budget Bureau" shall be deemed to refer to the Department of Administration, see § 143-344.

Editor's Note. — As Director of the Budget, the Governor has large powers in supervising the expenditures of State funds and in determining what appropriations shall be made by the General Assembly. The idea that our governments, federal, State and local, should be run in a businesslike fashion is gaining prevalence and the budget system in government is an attempt to carry out the wishes of the people that government shall be administered economically and efficiently. 4 N.C.L. Rev. 17.

§ 143-3. Examination of officers and agencies; disbursements. — The Director shall have power to examine under oath any officer or any head, any clerk or employee, of any department, institution, bureau, division, board, commission, corporation, association, or any agency; to cause the attendance of all such persons, requiring such persons to furnish any and all information desired relating to the affairs of such agency; to compel the production of books, papers, accounts, or other documents in the possession or under the control of such person so required to attend. The Director or his authorized representative shall have the right and the power to examine any State institution or agency, board, bureau, division, commission, corporation, person, and to inspect its property, and inquire into the method of operation and management.

The Director shall have power to have the books and accounts of any of such

agencies or persons audited, and supervise generally the budget accounts of such departments, institutions and agencies within the terms of this Article. The Director may require that the cost of making all audits shall be paid from the regular maintenance appropriation made by the General Assembly for such department, institution or agency which may be thus audited.

It shall be the duty of the Director to recommend to the General Assembly at each session such changes in the organization, management and general conduct of the various departments, institutions and other agencies of the State, and included within the terms of this Article, as in his judgment will promote the more efficient and economical operation and management thereof.

The Director of the Budget under the provisions of the Executive Budget Act shall prescribe the manner in which disbursements of the several institutions and departments shall be made and may require that all warrants, vouchers or checks, except those drawn by the State Auditor and the State Treasurer, shall bear two signatures of such officers as will be designated by the Director of the Budget. (1925, c. 89, s. 3; 1929, c. 100, s. 3; c. 337, s. 4; 1969, c. 458, s. 3.)

§ 143-3.1. Transfer of functions. — Effective July 1, 1955, or as soon thereafter as practical but not later than July 1, 1956, the functions of preaudit of State agency expenditures, issuance of warrants on the State Treasurer for same, and maintenance of records pertaining to these functions shall be transferred from the Auditor's office to the Director of the Budget. All books, papers, reports, files and other records of the Auditor's office pertaining to and used in the performance of these functions shall be transferred to the Department of Administration, and office machinery and equipment used primarily in the performance of these functions shall be transferred to the Department of Administration. The Governor, with the advice and consent of the Advisory Budget Commission, is authorized to determine and declare the effective date of the transfer of these functions and to do all things necessary to effect an orderly and efficient transfer; and the Governor, with the advice and consent of the Advisory Budget Commission, is further authorized to transfer to the Department of Administration the unused portion of such funds as may have been appropriated to the Auditor's office for the 1955-57 biennium for the performance of the functions and duties transferred to the Director of the Budget under the provisions of this section. (1955, c. 578, s. 2; 1957, c. 269, s. 2.)

§ 143-3.2. Issuance of warrants upon State Treasurer. — Upon the transfer of functions from the Auditor's office to the Director of the Budget, as provided in G.S. 143-3.1, the Director of the Budget shall have the exclusive responsibility for the issuance of all warrants for the payment of money upon the State Treasurer; and to carry out this responsibility the Director shall designate a State Disbursing Officer whose duties shall be performed as a function of the Department of Administration. All warrants upon the State Treasurer shall be signed by the State Disbursing Officer, who before issuing same shall determine the legality of payment and the correctness of the accounts; provided that the State Auditor and the State Treasurer shall have the exclusive authority to issue all warrants for the operation of their respective department and such warrants shall be paid by the State Treasurer from the appropriations provided therefor; and provided further, that when considered expedient, due to its size or location, a State agency may upon approval of the Director of the Budget make expenditures through a disbursing account with the State Treasurer. All deposits in such disbursing accounts shall be by the State Disbursing Officer's warrant, and a copy of each voucher making withdrawals from such disbursing accounts, together with such supporting data as may be required by the Director of the Budget, shall be forwarded to the Department of Administration monthly or otherwise as may be required by the Director of the Budget; provided, however, that a central payroll unit operating under the Department of Administration may make

deposits and withdrawals directly to and from a disbursing account which shall constitute a revolving fund for servicing payrolls passed through such central payroll unit. The State Disbursing Officer is authorized to use a facsimile signature machine in affixing his signature to warrants. The Director of the Budget shall secure insurance and/or a bond in an amount of not less than twenty-five thousand dollars ($25,000) to protect the State of North Carolina against any misuse or unauthorized use of the facsimile signature machine by any person. It is further required that the State Disbursing Officer shall be placed under an official bond in a penal sum to be fixed by the Governor and Advisory Budget Commission at not less than fifty thousand dollars ($50,000). Such official bond shall be a bond with corporate surety and furnished by a company admitted to do business in the State, and the premiums will be paid by the State out of the appropriations to the Department of Administration. Such bond shall be made as part of the blanket bond of State officers and employees provided for in G.S. 128-8. (1955, c. 578, s. 2; 1957, c. 269, s. 2; 1961, c. 1194; 1969, c. 844, s. 12.)

§ 143-4. Advisory Budget Commission. — The Chairman of the Appropriations and the Finance Committees of the House and of the Senate, two other Senators appointed by the President of the Senate, two other Representatives appointed by the Speaker of the House, and four other persons appointed by the Governor shall constitute the Advisory Budget Commission.

The members of the Advisory Budget Commission shall receive as full compensation for their services ten dollars ($10.00) per day for each day which they shall serve and their expenses. The Advisory Budget Commission shall be called in conference in January and July of each year, upon 10 days' notice by the Director of the Budget, and at such other times as in the opinion of the Director may be for the public interest.

A vacancy in a seat on the Commission filled by the chairman of a finance or an appropriations committee shall be filled by appointment by the officer who appointed the chairman causing the vacancy. A vacancy in one of the other seats on the Commission shall be filled by appointment by the officer who appointed the person causing the vacancy.

The Advisory Budget Commission alone shall be responsible for recommending to the General Assembly proposed biennial budgets for the requirements of the State Auditor and the State Treasurer, and for such purposes the Advisory Budget Commission shall require the State Auditor and State Treasurer to maintain records and to submit budget requests and periodic reports on their respective departments in the same manner and form as do other State agencies, and may further direct that such requests and reports be filed for safekeeping in the office of the Department of Administration.

Before the end of each fiscal year or as soon thereafter as practicable, the Advisory Budget Commission shall contract with a competent certified public accountant who is in no way otherwise affiliated with the State or with any agency thereof to conduct a thorough and complete audit of the receipts and expenditures of the State Auditor's office during the immediate fiscal year just ended, and to report to the Advisory Budget Commission on such audit not later than the following October first. A sufficient number of copies of such audit shall be provided so that at least one copy is filed with the Governor's Office, one copy with the Department of Administration and at least two copies filed with the Secretary of State.

In all matters where action on the part of the Advisory Budget Commission is required by this Article, eight members of the Commission shall constitute a quorum for performing the duties or acts required by the Commission. (1925, c. 89, s. 4; 1929, c. 100, s. 4; 1931, c. 295; 1951, c. 768; 1955, c. 578, s. 3; 1957, c. 269, s. 2; 1973, c. 820, ss. 1-3.)

Editor's Note. — The 1973 amendment rewrote the first and third paragraphs and substituted "eight" for "four (4)" in the last paragraph.

§ 143-5. Appropriation rules. — All moneys heretofore and hereafter appropriated shall be deemed and held to be within the terms of this Article and subject to its provisions unless it shall be otherwise provided in the act appropriating the same; and no money shall be disbursed from the State treasury except as herein provided. (1925, c. 89, s. 5; 1929, c. 100, s. 5.)

Cited in O'Neal v. Wake County, 196 N.C. 184, 145 S.E. 28 (1928).

§ 143-6. Information from departments and agencies asking State aid. — On or before the first day of September biennially, in the even-numbered years, each of the departments, bureaus, divisions, officers, boards, commissions, institutions, and other State agencies and undertakings receiving or asking financial aid from the State, or receiving or collecting funds under the authority of any general law of the State, shall furnish the Director all the information, data and estimates which he may request with reference to past, present and future appropriations and expenditures, receipts, revenue, and income.

Any department, bureau, division, officer, board, commission, institution, or other State agency or undertaking desiring to request financial aid from the State for the purpose of constructing or renovating any State building, utility, or other property development (except a railroad, highway, or bridge structure) shall, before making any such request for State financial aid, submit to the Department of Administration a statement of its needs in terms of space and other physical requirements, and shall furnish the Department with such additional information as it may request. The Department of Administration shall then prepare preliminary studies and cost estimates for the use of the requesting department, bureau, division, officer, board, commission, institution, or other State agency or undertaking in presenting its request to the Director of the Budget. (1925, c. 89, s. 6; 1929, c. 100, s. 6; 1957, c. 584, s. 4; 1965, c. 310, s. 4.)

§ 143-7. Itemized statements and forms. — The statements and estimates required under G.S. 143-6 shall be itemized in accordance with the budget classification adopted by the Director, and upon forms prescribed by him, and shall be approved and certified by the respective heads or responsible officer of each department, bureau, board, commission, institution, or agency submitting same. Official estimate blanks which shall be used in making these reports shall be furnished by the Director of the Budget. (1925, c. 89, s. 7; 1929, c. 100, s. 7; 1957, c. 269, s. 2.)

§ 143-8. Statements of State Disbursing Officer as to legislative expenditures. — On or before the first day of September, biennially, in the even-numbered years, the State Disbursing Officer shall furnish the Director a detailed statement of expenditures of the General Assembly for the current fiscal biennium, and an estimate of its financial needs, itemized in accordance with the budget classification adopted by the Director and approved and certified by the President pro tempore of the Senate and the Speaker of the House for each year of the ensuing biennium, beginning with the first day of July thereafter; and a detailed statement of expenditures of the judiciary and any other institution or commission that may be requested by the Director for each year of the current fiscal biennium, and upon such request by the Director an estimate of its financial needs as provided by law, itemized in accordance with the budget classification adopted by the Director for each year of the ensuing biennium, beginning with the first day of July thereafter. The State Disbursing Officer shall transmit to the Director with these estimates an explanation of all increases or decreases. These estimates and accompanying explanations shall be included in the budget by the Director with such

recommendations as the Director may desire to make in reference thereto. (1925, c. 89, s. 8; 1929, c. 100, s. 8; 1961, c. 1181, s. 1; 1971, c. 1200, s. 7.)

Editor's Note. — The 1971 amendment substituted "President pro tempore of the Senate and the Speaker of the House" for "presiding officer of each House" in the first sentence.

§ 143-9. Information to be furnished upon request. — The departments, bureaus, divisions, officers, commissions, institutions, or other State agencies or undertakings of the State, upon request, shall furnish the Director, in such form and at such time as he may direct, any information desired by him in relation to their respective activities or fiscal affairs. The State Auditor shall also furnish the Director any special, periodic, or other financial statements as the Director may request. (1925, c. 89, s. 10; 1929, c. 100, s. 9.)

§ 143-10. Preparation of budget and public hearing. — The members of the Commission shall, at the request of the Director, attend such public hearing and other meeting as may be held in the preparation of the budget. Said Commission shall act at all times in an advisory capacity to the Director on matters relating to the plan of proposed expenditures of the State government and the means of financing the same.

The Director, together with the Commission, shall provide for public hearings on any and all estimates to be included in the budget, which shall be held during the months of October and/or November and/or such other times as the Director may fix in the even-numbered years, and may require the attendance at these hearings of the heads or responsible representatives of all State departments, bureaus, divisions, officers, boards, commissions, institutions, or other State agencies or undertakings, and such other persons, corporations and associations, using or receiving or asking for any State funds. (1925, c. 89, s. 11; 1929, c. 100, s. 10.)

§ 143-11. Survey of departments. — On or before the fifteenth day of December, biennially in the even-numbered years, the Director shall make a complete, careful survey of the operation and management of all the departments, bureaus, divisions, officers, boards, commissions, institutions, and agencies and undertakings of the State and all persons or corporations who use or expend funds as hereinbefore defined, in the interest of economy and efficiency, and a working knowledge upon which to base recommendations to the General Assembly as to appropriations for maintenance and special funds and capital expenditures for the succeeding biennium. If the Director and the Commission shall agree in their recommendations for the budget for the next biennial period, he shall prepare their report in the form of a proposed budget, together with such comment and recommendations as they may deem proper to make. If the Director and Commission shall not agree in substantial particulars, the Director shall prepare the proposed budget based on his own conclusions and judgment and shall cause to be incorporated therein such statement of disagreement and the particulars thereof, as the Commission or any of its members shall deem proper to submit as representing their views. The budget report shall contain a complete and itemized plan of all proposed expenditures for each State department, bureau, board, division, institution, commission, State agency or undertaking, person or corporation who receive or may receive for use and expenditure any State funds as hereinbefore defined, in accordance with the classification adopted by the Director, and of the estimated revenues and borrowings for each year in the ensuing biennial period beginning with the first day of July thereafter. Opposite each item of the proposed expenditures, the budget shall show in separate parallel columns the amount expended for the last preceding appropriation year, for the current appropriation year, and the increase or decrease. The budget shall clearly differentiate between general fund expenditures for operating and

maintenance, special fund expenditures for any purpose, and proposed capital outlays.

The Director shall accompany the budget with:

(1) A budget message supporting his recommendations and outlining a financial policy and program for the ensuing biennium. The message will include an explanation of increase or decrease over past expenditures, a discussion of proposed changes in existing revenue laws and proposed bond issues, their purpose, the amount, rate of interest, term, the requirements to be attached to their issuance and the effect such issues will have upon the redemption and annual interest charges of the State debt.

(2) An itemized and complete financial statement for the State at the close of the last preceding fiscal year ending June 30.

(3) A statement of special funds.

(4) A statement showing the itemized estimates of the condition of the State treasury as of the beginning and end of each of the next two appropriation years.

It shall be a compliance with this section by each incoming Governor, at the first session of the General Assembly in his term, to submit the budget report with the message of the outgoing Governor, if he shall deem it proper to prepare such message, together with any comments or recommendations thereon that he may see fit to make, either at the time of the submission of the said report to the General Assembly, or at such other time, or times, as he may elect and fix. (1925, c. 89, s. 12; 1929, c. 100, s. 11.)

§ 143-11.1. Photographs to aid in determining needs of institutions requesting permanent improvements. — When the Advisory Budget Commission makes its biennial inspection of the facilities of the State and receives requests from the State institutions in the preparation of the report of the Advisory Budget Commission, the Director of the Budget may secure the services of a qualified photographer to accompany the Advisory Budget Commission on such tour of inspection and to take such photographers as the members of the Advisory Budget Commission may deem advisable in order to assist the Advisory Budget Commission and the members of the General Assembly in obtaining a clear conception of the needs of the various institutions requesting permanent improvements. The Director of the Budget may furnish sufficient copies of such photographs to the General Assembly at the time it is considering requests for appropriations from such institutions to enable each member of the General Assembly to have ready access to such photographs.

For the purpose of securing the service provided in this section, the Director of the Budget is authorized to obtain the services of any regular photographer in the employment of the State and if no such photographer is available the Director of the Budget may secure the services of a professional photographer and the expense of such service shall be borne from the regular funds of the Budget Bureau, and if necessary, additional funds may be secured from the Contingency and Emergency Fund. (1953, c. 982; 1957, c. 269, s. 2.)

Cross Reference. — For provision that a statutory reference to the "Budget Bureau" shall be deemed to refer to the Department of Administration, see § 143-344.

§ 143-12. Bills containing proposed appropriations. — The Director, by and with the advice of the Commission, shall cause to be prepared and submitted to the General Assembly the following bills:

(1) A bill containing all proposed appropriations of the budget for each year in the ensuing biennium, which shall be known as the "Budget Appropriation Bill."

(2) A bill containing the views of the Director of the Budget with respect to revenue for the ensuing biennium, which shall be known as the "Budget Revenue Bill," which will in the opinion of the Director and

the Commission provide an amount of revenue for the ensuing biennium, sufficient to meet the appropriations contained in the Budget Appropriation Bill.

(3) A bill containing proposed methods and machinery for the collection of taxes and the listing of property for taxation, in the several counties of the State, and municipalities, which shall be known as the "Budget Machinery Bill," and such bill shall contain the judgment and the result of all the latest, most improved methods of listing and collection of taxes, for counties and municipalities, according to the best information obtainable by the Commission and the Director, with a view to the ease and simplification of the methods of the listing of property for such taxation and for the collection of the same, having in view the necessity of counties and municipalities to collect the highest percentage possible of taxes levied at the minimum cost.

To the end that all expenses of the State may be brought and kept within the budget, the Budget Appropriation Bill shall contain a specific sum as a contingent or emergency appropriation. The manner of the allocation of such contingent or emergency appropriation shall be as follows: Any institution, department, commission, or other agency or activity of the State, or other activity in which the State is interested, desiring an allotment out of such contingent or emergency appropriation, shall upon forms prescribed and furnished by the Director of the Budget, present such request in writing to the Director of the Budget, with such information as he may require, and if the Director of the Budget shall approve such request, in whole or in part, he shall forthwith present the same to the Governor and Council of State, and upon their order only shall such allotment be made. If the Director shall disapprove the request of such an allotment out of the emergency or contingent appropriation, he shall transmit his refusal and his reason therefor to the Governor and Council of State for their information.

If the Director and the Commission shall not agree as to the Appropriation, Revenue and Machinery Bills in substantial particulars, the Director shall prepare the same, based on his conclusions and judgment, and shall cause to be submitted therewith such statements of disagreement, and the particulars thereof, as the Commission, or any of its members, shall find proper to submit as representing their own views. (1925, c. 89, s. 13; 1929, c. 100, ss. 12, 13, 14; 1957, c. 269, s. 2.)

§ 143-13. Printing copies of budget report and bills and rules for the introduction of the same. — The Director shall cause to be printed one thousand copies each of the budget report, the Budget Appropriation Bill, the Budget Revenue Bill, and the Budget Machinery Bill. The Governor shall present copies thereof to the General Assembly, together with the biennial message, except incoming Governors may, at the first session of the General Assembly in their respective terms, submit the same after the biennial message has been presented to the General Assembly. The Budget Appropriation Bill shall be introduced by the chairman of the committee on appropriations in each house of the General Assembly, and the Budget Revenue Bill and the Budget Machinery Bill shall be introduced by the chairmen of the finance committees in each branch of the General Assembly: Provided, that for the years in which the Governor is elected, the Director shall deliver the budget report and the Budget Appropriation Bill and the Budget Revenue Bill and the Budget Machinery Bill to the Governor-elect, on or before the fifteenth day of December, and the said budget report, Appropriation, Revenue and Machinery Bills, shall be presented by the Governor to the General Assembly with such recommendations in the way of amendments, or other modifications, together with such criticism as he may determine. The provisions herein contained as to the introduction of the bills mentioned in this section shall be considered and treated as a rule of procedure in the Senate and

House of Representatives until otherwise expressly provided for by a rule in either, or both, of said branches of the General Assembly. (1925, c. 89, s. 14; 1929, c. 100, s. 15.)

§ 143-14. Joint meetings of committees considering the budget report and appropriation bill. — The appropriations committees of the House of Representatives and the Senate and subcommittees thereof shall sit jointly in open sessions while considering the budget and such consideration shall embrace the entire budget plan, including appropriations for all purposes, revenue, borrowings and other means of financing expenditures. Such joint meetings shall begin within five days after the budget has been presented to the General Assembly by the Governor. This joint committee shall have power to examine under oath any officer or head of any department or any clerk or employee thereof; and to compel the production of papers, books of account, and other documents in the possession or under the control of such officer or head of department. This joint committee may also cause the attendance of heads or responsible representatives of a department, institution, division, board, commission, and agency of the State, to furnish such information and answer such questions as the joint committee shall require. To these sessions of the joint committee or subcommittees shall be admitted, with the right to be heard, all taxpayers or other persons interested in the estimates under consideration. The Director or a designated representative shall have the right to sit at these public hearings and to be heard on all matters coming before the joint committee or subcommittees thereof. The said joint committee or any subcommittee thereof shall have full power and authority to punish for disobedience of its writs or orders requiring persons to attend such hearings and to answer under oath such questions as may be put to them by such committee or anyone acting in its behalf; such punishment shall be as is now, or may hereafter be prescribed for direct contempt, but with the right of such offender to appeal from the judgment of such committee to the Superior Court of Wake County, upon the giving of such bond as may be required by such committee. In so far as this section prescribes the method and manner of hearings before such committees this section shall be considered and have the force of a rule of each branch of the General Assembly until and unless a change has been made by an express rule of such branch thereof. (1925, c. 89, s. 15; 1929, c. 100, s. 16; 1953, c. 501; 1955, c. 5.)

§ 143-15. Reduction and increase of items by General Assembly. — The provisions of this Article shall continue to be the legislative policy with reference to the making of appropriations and shall be treated as rules of both branches of the General Assembly until and unless the same may be changed by the General Assembly either by express enactment or by rules adopted by either branch of the General Assembly.

The General Assembly may reduce or strike out such item in the Budget Appropriation Bill as it may deem to be the interest of the public service, but neither House shall consider further or special appropriations until the Budget Appropriation Bill shall have been enacted in whole or in part or rejected, unless the Governor shall submit and recommend an emergency appropriation bill or emergency appropriation bills, which may be amended in the manner set out herein, and such emergency appropriation bill, or bills, when enacted, shall continue in force only until the Budget Appropriation Bill shall become effective, unless otherwise provided by the General Assembly.

The General Assembly may also increase any appropriation set out in the Budget Appropriation Bill and may provide additional appropriations for other purposes if additional revenue or revenues, equal to the amount of such additional appropriations and increases, are provided for by corresponding amendment to the Budget Revenue Bill. No bill carrying an appropriation shall thereafter be enacted by the General Assembly, unless it be for a single object therein described and shall provide an adequate source of revenue for

defraying such appropriation, or unless it appears from the budget report or the Budget Revenue Bill that there is sufficient revenue available therefor. The appropriation, or appropriations, in such bills shall be in accordance with the classification used in the budget. (1925, c. 89, s. 16; 1929, c. 100, s. 17.)

§ 143-16. Article governs all departmental, agency, etc., appropriations. — Every State department, bureau, division, officer, board, commission, institution, State agency, or undertaking, shall operate under an appropriation made in accordance with the provisions of this Article; and no State department, bureau, division, officer, board, commission, institution, or other State agency or undertaking shall expend any money, except in pursuance of such appropriation and the rules, requirement and regulations made pursuant to this Article. (1925, c. 89, s. 17; 1929, c. 100, s. 18.)

The Director shall approve such allotments, or modifications of them, as he may deem necessary to make, and he shall submit the same to the State Auditor who in the course of his audits shall check for compliance with such allotments. No allotment shall be changed nor shall transfers be made except upon the written request of the responsible head of the spending agency and by approval of the Director of the Budget in writing: Provided, that quarterly allotments made to the Auditor's office and the Treasurer's office shall be in such amounts as may be designated by the Advisory Budget Commission, and shall be made available in accordance with procedures determined by the Advisory Budget Commission. (1925, c. 89, s. 18; 1929, c. 100, s. 19; 1955, c. 578, s. 4.)

§ 143-18. Unencumbered balances to revert to treasury; capital appropriations excepted. — All unencumbered balances of maintenance appropriations shall revert to the State treasury to the credit of the general fund or special funds from which the appropriation and/or appropriations, were made and/or expended, at the end of the biennial fiscal period; except that capital expenditures for the purchase of land or the erection of buildings or new construction shall continue in force until the attainment of the object or the completion of the work for which such appropriations are made. (1925, c. 18, s. 19; 1929, c. 100, s. 20.)

§ 143-18.1. Increase or decrease of projects within capital improvement appropriations; requesting authorization of capital projects not specifically provided for. — The Director of the Budget and the Advisory Budget Commission may, upon the request of the administration of a State agency or institution when, in their opinion, it is in the best interest of the State to do so, increase or decrease the costs and scope of a capital improvement project within the appropriation made to that State agency or institution within the capital improvement appropriation to that agency or institution for that biennium.

The Director of the Budget and the Advisory Budget Commission may when, in their opinion, it is in the best interest of the State to do so and upon the request of the administration of any State agency or institution authorize the construction of a capital improvement project not specifically provided for or authorized by the General Assembly when funds become available by gifts or grants. All expenditures under this authorization shall be handled in full compliance with the provisions of the Executive Budget Act.

The agency shall support its request for such capital improvement project, or projects, with the following information: the estimated annual operating costs

for (i) utilities; (ii) maintenance; (iii) repairs; (iv) additional personnel; (v) any and all other expenses to the State resulting from the addition of this facility to the plant of the institution. (1965, c. 841, s. 1.)

A statement in detail of all persons employed, time employed, compensation paid, and itemized statement of all other expenditures made under the terms of this Article, shall be reported to the General Assembly by the Director, and all payments made under this Article shall be charged against and paid out of the emergency contingent fund and/or such appropriations as may be made for the use of the Department of Administration. § 143-20. Accounting records and audits. — The Director shall be responsible for keeping a record of the appropriations, allotments, expenditures, and revenues of each State department, institution, board, commission, officer, or other agency in any manner handling State funds. These records shall be kept in summary form, or in as much detail as the Director may deem advisable. Audits of the records of the State Auditor and the State Treasurer for the periods preceding the transfer of preaudit and related functions from the Auditor's office to the Director of the Budget may be accomplished by the Department of Administration at the direction of the Director of the Budget. (1925, c. 89, s. 22; 1929, c. 100, s. 22; 1955, c. 578, s. 5; 1957, c. 269, s. 2.)

§ 143-21. Any failure to serve writs promptly and with due diligence, shall subject such officer to the usual penalties and liabilities and punishment as are now provided in the cases of like kind applying to sheriffs, and any persons who shall fail to obey said writ shall be subject to punishment for contempt in the discretion of the court and to be fined as witnesses summoned to attend the superior court, and such remedies shall be enforced against such offending witnesses upon motion and notice filed in the Superior Court of Wake County by the Attorney General under the direction of the Director. Any and all persons who shall be subpoenaed and required to appear before the Director or the Commission as witnesses concerning any matters being inquired into shall be compellable and required to testify, but such persons shall be immune from prosecution and shall be forever pardoned for violation of law about which such person is so required to testify. (1925, c. 89, s. 25; 1929, c. 100, s. 23; 1953, c. 675, s. 18.)

§ 143-23.1. Maintenance funds for the State Auditor and State Treasurer. — All appropriations now or hereafter made for the support of the functions and responsibilities of the State Auditor and the State Treasurer are for the purposes and objects enumerated in the itemized requirements of such activities recommended to the General Assembly by the Advisory Budget Commission, and/or as amended by the General Assembly. The Director of the Budget is hereby given full power and authority to examine and survey the progress of the collection of the revenue out of which such appropriations are to be made, and by and with the advice and consent of a majority of the Advisory Budget Commission to declare and determine the amounts that can be, during each quarter of each of the fiscal years of the biennium properly allocated to each respective appropriation. In making such examination and survey, he shall receive estimates of the prospective collection of revenues from the Secretary of Revenue and every other revenue collecting agency of the State. The Director of the Budget, by and with the advice and consent of a majority of the Advisory Budget Commission, may reduce all of said appropriations pro rata, including appropriations for the State Auditor

and the State Treasurer, when necessary to prevent an overdraft or deficit for the fiscal period for which such appropriations are made. The purpose and policy of this Article are to provide and insure that there shall be no overdraft or deficit in the general fund of the State at the end of the fiscal period, growing out of appropriations for maintenance and the Director of the Budget is directed and required to so administer this Article as to prevent any such overdraft or deficit. Any power expressed in this Article or necessarily implied from the language hereof or from the nature and character of the duties imposed, in addition to the powers and duties heretofore expressly conferred herein, shall be held and construed to be given hereby to the end that any and all duties herein imposed and made and all purposes herein expressed may be fully performed and completely accomplished, and to that end this Article shall be liberally construed. Provided, that notwithstanding the general language in this Article the expenditure of funds by or under the supervision and control of the State Auditor and the State Treasurer for their respective departments shall not, except as provided in G.S. 143-25, be subject to the powers of the Director of the Budget or the Department of Administration, it being intended that the State Auditor and the State Treasurer shall be independent of any fiscal control exercised by the Director of the Budget, and shall be subject only to such control as may be exercised by the Advisory Budget Commission. Architectural features shall be selected which give proper consideration to economy in design. The Director of the Budget shall have prepared a complete study and review of all plans and specifications for such projects and bids on same will not be received until the results of such study and review have been incorporated in such plans and specifications, and until economic conditions of the construction industry are considered by the Division of Property Control of the Department of Administration to be favorable to the letting of construction contracts. (1963, c. 210, s. 3; 1973, c. 476, s. 48.)

At his request, the State departments or agencies issuing and delivering licenses, tags, or certificates shall furnish the Auditor with complete copies or lists of such issuances. Any license forms, tags, or certificates being used by the department or agency as a printer's copy, or in any other way being used for a sample, shall be first marked "void" in bold letters on the face of the form. Article 7.

Inmates of State Institutions to Pay Costs.

§ 143-117. Institutions included. — All persons admitted to Dorothea Dix Hospital, Broughton Hospital, Cherry Hospital, John Umstead Hospital, Murdoch School, O'Berry School, Caswell School at Kinston, Western Carolina Center, the School for the Deaf at Morganton, the alcoholic rehabilitation centers which are now or hereafter may be authorized, North Carolina Sanatorium at McCain, Western North Carolina Sanatorium at Black Mountain, Eastern North Carolina Sanatorium at Wilson, and Gravely Sanatorium at Chapel Hill, North Carolina are hereby required to pay the actual cost of their care, treatment, training and maintenance at such institutions. (1925, c. 120, s. 1; 1949, c. 1070; 1957, c. 1232, s. 29; 1959, c. 1028, ss. 1-7; 1967, c. 188, s. 1; c. 834, s. 1; 1969, c. 20; c. 837, s. 4; 1971, c. 469).

Editor's Note. — This Article is an attempt to place all State charitable institutions on the same basis, with similar policies, so that the expense which the State bears will be lightened by requiring those who are able to pay to bear the expense of their care, maintenance and treatment. 4 N.C.L. Rev. 17.

§ 143-118. Governing board to fix cost and charges. — The respective boards of trustees or directors of each of said institutions, by whatever name they may be called, are hereby empowered with the final authority to determine and fix the actual cost of such training, treatment, care and maintenance, to be paid for by or for each inmate or patient, and the said boards of trustees or directors shall, to the best of their ability, fix such cost so as to include all the cost of such care, maintenance, treatment and training at such institutions, for each respective inmate, pupil or patient thereof, and the said sum, when so fixed, shall be the actual cost thereof: Provided, that the respective boards of directors of each of said institutions above named, in determining and fixing the actual cost of such care, maintenance and treatment to be paid for by nonindigent inmates thereof, are hereby given full and final authority to fix a general rate of charge, to be paid on a monthly basis by inmates able to pay same, or in cases where indigent inmates later are found to be nonindigent, then such cost for past care and maintenance of such inmates shall be paid in one or more payments based on the monthly rates of cost in effect for the period or periods of time during which such inmates have been confined in said institutions. The past acts of the boards of directors in fixing a monthly rate to be paid by nonindigent inmates for their care and maintenance in such institutions are hereby in every respect ratified and validated, and on all claims and causes of actions for such purpose now pending and are unsettled, or which hereafter may be made or begun for the payment of said past indebtedness for care, maintenance and treatment, the rates so fixed by said board of directors shall prevail and said collections shall be made in accordance therewith. In any action by any of said State's charitable institutions for the recovery of the cost of the care, maintenance and treatment of any inmate, now pending or which may hereafter be instituted, a verified and itemized statement of the account, showing the period of time during which the said nonindigent inmate was confined to the institution, the monthly rate of charge as fixed by said board of directors of such institution for the period of time that the inmate was confined therein, the total amount claimed to be due thereon as predicated upon said rate of charge, and the proper credits for any payments which may have been made on said account, shall be filed with the complaint and shall constitute a prima facie case, and such State institution shall be entitled to a judgment thereon in the absence of allegation and proof on the part of the inmate's guardian, trustee, administrator, executor, or other fiduciary, that said verified and itemized statement of the superintendent or bookkeeper of said institution is not correct because of:

(1) An error in the calculation of the amount due as predicated upon said monthly rate of charge fixed by the board of directors, or
(2) An error as to the period of time during which the inmate was confined in said State institution, or
(3) An error in not properly crediting the account with any cash payment, or payments, which may have been made thereon. (1925, c. 120, s. 2; 1935, c. 186, s. 1.)

§ 143-118.1. Governing board may compromise account. — The respective boards of trustees or directors of each of said institutions, by whatever name they may be called, or the Department of Human Resources or the agent of these said boards, to whom this power has been delegated by resolution of the respective boards, are hereby empowered to enter into contracts of compromise of accounts owing the said institutions for past, present or future care at the said institutions, including but not limited to the authority to enter into a contract to charge nothing, which contract shall be binding on the respective institution under the terms and for the period specified in such contract. The rate of charge fixed by such contract shall be paid on a monthly basis, or in lump sum for those amounts already accrued for the duration of the contract;

said rates or decision to make no charge shall be determined in the discretion of the board or their agents by the ability to pay of the patient or those responsible in law for his support. In any action by any of the said institutions for the recovery of the cost of the care, maintenance and treatment of any inmate, a verified and itemized statement of account accompanied by a contract entered into pursuant to this section shall have the same effect in instituting a prima facie case as the statement of account filed pursuant to G.S. 143-118. This section shall not be construed as mandatory and if such contract is not entered into or shall terminate, or if the obligor shall default in the payment of the said compromise amount or any installment thereof, then the full monthly charge shall accrue on the patient's account. (1967, c. 958; 1973, c. 476, s. 133.)

Editor's Note. — The 1973 amendment substituted "Department of Human Resources" for "North Carolina Board of Mental Health."

§ 143-119. Payments. — Such cost, when so fixed and determined by the respective boards of trustees or directors of each institution, shall be paid by the patient, pupil or inmate thereof, or by his parent, guardian, trustee or other person legally responsible therefor, and the payment thereof shall constitute a valid expenditure of the funds of any such pupil, patient or inmate by any fiduciary who may be in the control of such funds, and a receipt for the payment of such costs in the hands of such fiduciary shall be a valid voucher to the extent thereof in the settlement of his accounts of his trust. Immediately upon the determination of the cost, as herein provided for, the superintendent of the institution shall notify the patient, pupil, inmate, parent, guardian, trustee, or such other person who shall be legally responsible for the payment thereof, of the monthly amount thereof, and such statement shall be rendered from month to month. The respective boards of trustees or directors of the various institutions are vested with full and complete authority to arrange with the patient, pupil, inmate, parent, guardian, trustee, or other person legally responsible for the cost, for the payment of any portion of such cost monthly or otherwise, in the event such patient, pupil, inmate, parent, guardian, trustee or other person legally responsible therefor shall not be able to pay the total cost. The head of the various institutions shall annually file with the Auditor of the State a list of all unpaid accounts. The provisions of this Article directing the boards of directors of the various institutions of this State above named to ascertain which of the inmates are non-indigent and able to pay for their care, maintenance and treatment, and also directing said boards of directors to make certain periodical demands upon the guardians or other persons responsible for said inmates for the payment of said charges, and which further directs them to remove all of those inmates found able to pay but who refuse to pay, and all of the other provisions of this Article relating to the manner in which said board shall collect said costs, shall be construed to be directory provisions on the part of the authorities of said institutions and not mandatory, and the failure on the part of said authorities of such institutions to perform any or all of said provisions shall not affect the right of the State institutions so named to recover in any action brought for that purpose, either during the lifetime of said inmates or after their death, in an action against their guardian if alive, or other fiduciary, or against the inmate himself, and if dead, against their personal representatives for the cost of their care, maintenance and treatment in said institutions. (1925, c. 120, s. 3; 1935, c. 186, s. 2.)

§ 143-120. Determining who is able to pay. — From and after March 4, 1925, the respective boards of trustees or directors of each institution shall ascertain which of the various patients, pupils or inmates thereof, or which of the parents, guardians, trustees, or other persons legally responsible therefor, are financially able to pay the cost, to be fixed and determined by this Article,

and so soon as it shall be ascertained such patient, pupil, inmate, parent, guardian, trustee or other person legally responsible therefor shall be notified of such cost, and in general of the provisions of this Article and such patient, pupil, inmate or the parent, guardian, trustee, or other person legally responsib therefor shall have the option to pay the same or to remove the patient, pupil or inmate from such institution, unless such person was committed by an order of a court of competent jurisdiction, in which event the liability for the cost as fixed by this Article shall be fixed or determined and payment shall be made in accordance with the terms of this Article. (1925, c. 120, s. 4.)

Where patient is indigent at time of admission to State hospital and later becomes nonindigent, under this section, the hospital is entitled to recover the actual cost of the ward's care and maintenance for the whole period the ward was an inmate of the hospital, including the time the ward was indigent as well as the time he was not indigent, and including the period both before and after demand by the hospital for the cost of his maintenance, and this is true even though this section was ratified after the admission of the ward. State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ 143-121. Action to recover costs. — Immediately upon the fixing of the amount of such actual cost, as herein provided, a cause of action shall accrue therefor in favor of the State for the use of the institution in which such patient, pupil or inmate is receiving training, treatment, maintenance or care, and the State for the use of such institution may sue upon such cause of action in the courts of Wake County, or in the courts of the county in which such institution is located, against said patient, pupil or inmate, or his parents, or either of them, or guardian, trustee, committee, or other person legally responsible therefor, or in whose possession and control there may be any funds or property belonging to either the said pupil, patient or inmate, or to any person upon whom the said patient, pupil, or inmate may be legally dependent, including both parents. (1925, c. 120, s. 5.)

When Action to Be Instituted. — An action under this section to recover for treatment and maintenance of an incompetent at a State hospital need not be instituted while the patient is receiving such treatment and maintenance, but may be brought after the patient has left the State hospital, the State not being relegated after the patient leaves the hospital to an action under § 143-126 against the patient's estate. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

It would be a strained and limited construction of this section to hold that, once the patient is discharged from a State institution, a civil action for treatment and maintenance may not be instituted until after the patient's death. Such a construction would be improper and manifestly unjust to the State and the taxpayers. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

Funds for Future Support Need Not Be Set Aside Prior to Recovery. — In an action under this section to recover for treatment and maintenance of an incompetent at a State hospital, it is not required that sufficient funds be set aside and retained by the incompetent for his future support and maintenance and for that of members of his family who are dependent upon him before the State is entitled to recovery. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

Nonindigent Insane Persons Required to Pay Actual Costs. — There is no provision in the Constitution requiring or authorizing the General Assembly to provide for the care, treatment, or maintenance of nonindigent insane persons at the expense of the State. The General Assembly has at all times by appropriate statutes required such persons to pay at least the actual cost of their care, treatment, and maintenance, while they are patients in State institutions. State ex rel. Broughton Hosp. v. Hollifield, 4 N.C. App. 453, 167 S.E.2d 45 (1969).

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ 143-122. No limitation of such action. — No statute of limitation shall apply to or constitute a defense to any cause of action asserted by any of the above-named institutions for the collection of the cost of care, treatment, training or maintenance, or any or all of these against any person liable therefor, as herein provided, and all statutes containing limitations which might apply to the same are hereby pro tanto repealed, as to all such causes of

action or claims, and this section shall apply to all claims, and causes of action for like cost heretofore incurred with such institutions and now remaining unpaid. (1925, c. 120, s. 6.)

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ **143-123. Power of trustees to admit indigent persons.** — This Article shall not be held or construed to interfere with or to limit the authority and power of the management of the boards of trustees or directors of any of the institutions named herein, to make provision for the care, custody, treatment and maintenance of all indigent persons who may be otherwise entitled to admission in any of the said institutions, and as to indigent pupils, inmates and patients, the same provisions now contained in the several statutes relating thereto shall continue in force, but if at any time any of the said indigent patients, pupils or inmates shall succeed to or inherit, or acquire, in any manner, property, or any of the persons named above as legally responsible for the cost of care, treatment and maintenance of the pupil, inmate and patient at the above-named institutions, shall acquire property, or shall otherwise be reputed to be solvent, then each of said institutions shall have the full right and authority to collect and sue for the entire cost and maintenance of such inmate, pupil or patient, without let or hindrance on account of any statute of limitation whatsoever. (1925, c. 120, s. 7.)

Applied in State ex rel. State Hosp. v. Security Nat'l Bank, 207 N.C. 697, 178 S.E. 487 (1935).

§ **143-124. Suit by Attorney General; venue.** — At the request of such institution, all actions and suits shall be sued upon and prosecuted by the Attorney General, and such institution shall have the right to elect as to whether it will institute such action in the courts of Wake County or in the courts of the county in which such institution is located. (1925, c. 120, s. 8.)

§ **143-125. Judgment; never barred.** — Any judgment obtained by the State for the use of any of the above-named institutions shall never be barred by any statute of limitation, but shall continue in force, and, at the request of the Attorney General or the superintendent of any of said institutions, an execution shall issue therefor at any time without requiring such institution to revive the said judgment, as is now provided by statute, but in case any judgment debtor, or any fiduciary responsible for the payment thereof, shall make affidavit and file the same with the clerk of the superior court from which such execution is issued, that payments have been made upon the said judgments, then the clerk shall recall said execution and proceed to hear and determine what is the true amount due thereon, if anything, in the same manner as is now required in motions to revive dormant judgments with the right of appeal to the judge of the superior court, as now provided in such motions, and the clerk of the superior court and the judge thereof shall have authority, in their discretion, to require security for the payment of the amount of said judgment pending such appeal. (1925), c. 120, s. 9.)

§ **143-126. Death of inmate; lien on estate.** — (a) In the event of the death of any inmate, pupil or patient of either of said institutions above named, leaving any such cost of care, maintenance, training and treatment unpaid, in whole or in part, then such unpaid cost shall constitute a first lien on all the property, both real and personal, of the said decedent, subject only to the payment of funeral expenses and taxes to the State of North Carolina.

(b) Upon the death of a patient, the Department of Human Resources or their duly authorized agents shall file a statement containing the following:

(1) The name of the patient;

(2) The date of the patient's death;
(3) The inclusive dates of hospitalization;
(4) The name of the hospital or hospitals providing care; and
(5) The amount of the unpaid balance as evidenced by a certified statement of account. Such statement shall be filed in the office of the clerk of the superior court in the county of residence of the deceased patient and may be filed in the county or counties in which real property is located in which the deceased patient owns an interest. The statement shall be filed and indexed by the clerk.

(c) From the time of filing, such statement shall be and constitute due notice of a lien against the real property then owned in whole or in part by the deceased patient and lying in such county to the extent of the total amount of the unpaid balance for the patient's support and maintenance as evidenced by the certified statement of account. Payments made by a fiduciary including those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(d) No action to enforce such lien may be brought more than three years from the date of death of the patient. The failure to bring such action or the failure of the Department or its duly authorized agents to file such statement shall not be a complete bar against recovery but shall only extinguish the lien and priority thereby established.

(e) Upon receipt of the unpaid balance by the State institution or Department or upon agreement of compromise of such unpaid balance, the Department of Human Resources or its duly authorized agents shall notify the clerks of superior court who shall have recorded the lien and shall indicate that such unpaid balance has been paid and the clerks shall cancel the lien of record. (1925, c. 120, s. 10; 1967, c. 960; 1973, c. 476, s. 133.)

(d) From the time of filing, such statement shall be and constitute due notice of a lien against the real property then owned or thereafter acquired by the patient and lying in such county to the extent of the total amount of the unpaid balance for the patient's support and maintenance as evidenced by the certified statement of account for charges from and after July 1, 1967. Payments made by a fiduciary, including those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(e) The lien thus established shall take priority over all other liens subsequently acquired and shall continue from the date of filing until satisfied. No action to enforce such lien may be brought more than three years from the last date of filing of such lien nor more than three years after the death of any patient. The failure to bring such action or the failure of the Department or its agents to file said statement shall not be a complete bar against recovery but shall only extinguish the lien and priority thereby established.

(f) Upon receipt of the full unpaid balance by the State institution or Department of Human Resources or upon agreement of compromise of such unpaid balance, the Department of Human Resources or its duly authorized agents shall notify the clerks of superior court who have recorded a lien and shall indicate that such unpaid balance has been paid and the clerks shall cancel the lien of record. (1967, c. 959; 1973, c. 476, s. 133.)

Editor's Note. — The 1973 amendment substituted "Department of Human Resources" for "Board of Mental Health" and "Department" for "Board."

§ 143-127. Money paid into State treasury. — All money collected by any institution pursuant to this Article shall be by such institution paid into the State treasury, and shall be by the State Treasurer credited to the account of the institution collecting and turning the same into the treasury, and shall be paid out by warrants drawn by the Auditor as in cases of appropriations made for the maintenance of such institutions and shall be used by such institution as it uses and is authorized by law to use appropriations made for maintenance. (1925, c. 120, s. 11.)

§ 143-127.1. Parental liability for payment of cost of care for long-term patients in Department of Human Resources facilities. — (a) Notwithstanding the foregoing provisions of G.S. 143-117 through G.S. 143-127 inclusive, the natural or adoptive parents of persons who are long-term patients at facilities owned or operated by the Department of Human Resources shall only be liable on the charges made by such facility for treatment, care and maintenance for an amount not to exceed the cost of caring for a normal child at home as determined from standard sources by the Department of Human Resources.

(b) Parents or adoptive parents of a long-term patient in a facility owned or operated by the Department of Human Resources shall not be liable for any charges made by such facility for treatment, care and maintenance of such a patient incurred or accrued subsequent to such patient attaining age 18.

(c) For purposes of this section, the term "long-term patient" is defined as a person who has been a patient in a facility owned or operated by the Department of Human Resources for a continuous period in excess of 120 days. No absence of a patient from the facility due to a temporary or trial visit shall be counted as interrupting the accrual of the 120 days herein required to attain

the status on [of] a long-term patient. (1971, c. 218, s. 1; 1973, c. 476, s. 133; c. 775.)

Editor's Note. — Session Laws 1971, c. 218, s. 4, as amended by Session Laws 1971, c. 1142, provides: "This act is intended to relieve and shall be construed to relieve, any parent of any liability for charges accrued prior to the ratification of this act for treatment, care and maintenance of a natural or adoptive child at facilities owned or operated by the State Department of Mental Health. It is the intent of this act to limit the existing liability of all parents, in the manner set out in the previous sections of this act, in regard to charges made prior to the date of the ratification of this act, or to be made subsequent to such date, for treatment, care and maintenance of a natural or adopted child at facilities owned or operated by the State Department of Mental Health."

The first 1973 amendment substituted "Department of Human Resources" for "State Department of Mental Health."

The second 1973 amendment substituted "18" for "21" at the end of subsection (b). The amendment also substituted "on" for "of" following "status" near the end of subsection (c).

Applicability of Section to Accounts Past Due; Liability of Patient Not Restricted. — See opinion of Attorney General to Mr. Ben W. Aiken, General Business Manager, N.C. Department of Mental Health, 41 N.C.A.G. 507 (1971).

Article 8.

Public Building Contracts.

§ 143-128. Separate specifications for building contracts; responsible contractors. — Every officer, board, department, commission or commissions charged with the duty of preparing specifications or awarding or entering into contracts for the erection, construction or altering of buildings for the State, or for any county or municipality, when the entire cost of such work shall exceed twenty thousand dollars ($20,000), must have prepared separate specifications for each of the following branches of work to be performed:

(1) Heating, ventilating and/or air conditioning and accessories separately or combined into one conductive system.
(2) Plumbing and gas fittings and accessories.
(3) Electrical installations.
(4) Refrigeration for cold storage where the cooling load is 15 tons or more of refrigeration.

All such specifications must be so drawn as to permit separate and independent bidding upon each of the classes of work enumerated in the above subdivisions. All contracts hereafter awarded by the State or by a county or municipality, or a department, board, commissioner, or officer thereof, for the erection, construction or alterations of buildings, or any parts thereof, shall award the respective work specified in the above subdivisions separately to responsible and reliable persons, firms or corporations regularly engaged in their respective lines of work. When the estimated cost of work to be performed in any single subdivision is less than two thousand five hundred ($2,500), the same may be included in one of the several other contracts, irrespective of total project cost.

Each separate contractor shall be directly liable to the State of North Carolina, or to the county or municipality, and to the other separate contractors for the full performance of all duties and obligations due respectively under the terms of the separate contracts and in accordance with the plans and specifications, which shall specifically set forth the duties and obligations of each separate contractor. For the purpose of this section, the wording, "separate contractor" is hereby deemed and held to mean any person, firm or corporation who shall enter into a contract with the State, or with any county or municipality, for the erection, construction or alteration of any building or buildings, or parts thereof. (1925, c. 141, s. 2; 1929, c. 339, s. 2; 1931, c. 46; 1943, c. 387; 1945, c. 851; 1949, c. 1137, s. 1; 1963, c. 406, ss. 2-7; 1967, c. 860.)

Local Modification. — Greene: 1953, c. 718.

Cross Reference. — As to application of this Article to lease of personal property with an option to purchase by a county, see § 153A-165.

Separate Contracts Required of Counties in Certain Circumstances. — See opinion of Attorney General to Mr. William L. Mills, Jr., Cabarrus County Attorney, 40 N.C.A.G. 550 (1970).

Separate Specifications Required for Electrical, Plumbing and Heating Facilities. — A county or city may not let a bid for a contract for public building of modular unit type which has factory installed electrical, plumbing and heating facilities without having separate specifications drawn for such facilities so as to permit separate and independent bids on each class of work. Opinion of Attorney General to Mr. W.I. Thornton, Jr., Durham City Attorney, 42 N.C.A.G. 129 (1972).

§ 143-129. Procedure for letting of public contracts; purchases from federal government by State, counties, etc. — No construction or repair work requiring the estimated expenditure of public money in an amount equal to or more than ten thousand dollars ($10,000) or purchase of apparatus, supplies, materials, or equipment requiring an estimated expenditure of public money in an amount equal to or more than two thousand five hundred dollars ($2,500), except in cases of special emergency involving the health and safety of the people or their property, shall be performed, nor shall any contract be awarded therefor, by any board or governing body of the State, or of any institution of the State government, or of any county, city, town, or other subdivision of the State, unless the provisions of this section are complied with.

Advertisement of the letting of such contracts shall be as follows:

Where the contract is to be let by a board or governing body of the State government, or of a State institution, as distinguished from a board or governing body of a subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in the State of North Carolina. Provided that the advertisements for bidders required by this section shall be published at such a time that at least seven full days shall lapse between the date of publication of notice and the date of the opening of bids.

Where the contract is to be let by a county, city, town or other subdivision of the State, proposals shall be invited by advertisement at least one week before the time specified for the opening of said proposals in a newspaper having general circulation in such county, city, town or other subdivision.

Such advertisement shall state the time and place where plans and specifications of proposed work or a complete description of the apparatus, supplies, materials or equipment may be had, and the time and place for opening of the proposals, and shall reserve to said board or governing body the right to reject any or all such proposals.

Proposals shall not be rejected for the purpose of evading the provisions of this Article. No board or governing body of the State or subdivision thereof shall assume responsibility for construction or purchase contracts, or guarantee the payments of labor or materials therefor except under provisions of this Article.

All proposals shall be opened in public and shall be recorded on the minutes of the board or governing body and the award shall be made to the lowest responsible bidder or bidders, taking into consideration quality, performance and the time specified in the proposals for the performance of the contract. In the event the lowest responsible bids are in excess of the funds available for the project, the responsible board or governing body is authorized to enter into negotiations with the lowest responsible bidder above mentioned, making reasonable changes in the plans and specifications as may be necessary to bring the contract price within the funds available, and may award a contract to such bidder upon recommendation of the Department of Administration in the case of the State government or of a State institution or agency, or upon recommendation of the responsible commission, council or board in the case of a subdivision of the State, if such bidder will agree to perform the work at the negotiated price within the funds available therefor. If a contract cannot be let

under the above conditions, the board or governing body is authorized to readvertise, as herein provided, after having made such changes in plans and specifications as may be necessary to bring the cost of the project within the funds available therefor. The procedure above specified may be repeated if necessary in order to secure an acceptable contract within the funds available therefor.

No proposal shall be considered or accepted by said board or governing body unless at the time of its filing the same shall be accompanied by a deposit with said board or governing body of cash, or a cashier's check, or a certified check on some bank or trust company insured by the Federal Deposit Insurance Corporation in an amount equal to not less than five percent (5%) of the proposal. In lieu of making the cash deposit as above provided, such bidder may file a bid bond executed by a corporate surety licensed under the laws of North Carolina to execute such bonds, conditioned that the surety will upon demand forthwith make payment to the obligee upon said bond if the bidder fails to execute the contract in accordance with the bid bond, and upon failure to forthwith make payment the surety shall pay to the obligee an amount equal to double the amount of said bond. This deposit shall be retained if the successful bidder fails to execute the contract within 10 days after the award or fails to give satisfactory surety as required herein.

Bids shall be sealed if the invitation to bid so specifies and, in any event, the opening of a bid or the disclosure or exhibition of the contents of any bid by anyone without the permission of the bidder prior to the time set for opening in the invitation to bid shall constitute a general misdemeanor.

All contracts to which this section applies shall be executed in writing, and the board or governing body shall require the person to whom the award of contract is made to furnish bond in some surety company authorized to do business in the State or require a deposit of money, certified check or government securities for the full amount of said contract for the faithful performance of the terms of said contract; and no such contract shall be altered except by written agreement of the contractor, the sureties on his bond, and the board or governing body. Such surety bond or securities required herein shall be deposited with the treasurer of the branch of government for which the work is to be performed until the contract has been carried out in all respects: Provided, that in the case of contracts for the purchase of apparatus, supplies, materials, or equipment, the board or governing body may waive the requirement for the deposit of a surety bond or securities as required herein.

The owning agency or the Department of Administration, in contracts involving a State agency, and the owning agency or the governing board, in contracts involving a political subdivision of the State, may reject the bonds of any surety company against which there is pending any unsettled claim or complaint made by a State agency or the owning agency or governing board of any political subdivision of the State arising out of any contract under which State funds, in contracts with the State, or funds of political subdivision of the State, in contracts with such political subdivision, were expended, provided such claim or complaint has been pending more than 180 days.

Nothing in this section shall operate so as to require any public agency to enter into a contract which will prevent the use of unemployment relief labor paid for in whole or in part by appropriations or funds furnished by the State or federal government.

Any board or governing body of the State or of any institution of the State government or of any county, city, town, or other subdivision of the State may enter into any contract with (i) the United States of America or any agency thereof, or (ii) any other government unit or agency thereof within the United States, for the purchase, lease, or other acquisition of any apparatus, supplies, materials, or equipment without regard to the foregoing provisions of this section or to the provisions of any other section of this Article.

The Director of the Department of Administration or the governing board of any county, city, town, or other subdivision of the State may designate any officer or employee of the State, county, city, town or subdivision to enter a bid or bids in its behalf at any sale of apparatus, supplies, materials, equipment or other property owned by (i) the United States of America or any agency thereof, or (ii) any other governmental unit or agency thereof within the United States, and may authorize such officer or employee to make any partial or down payment or payment in full that may be required by regulations of the government or agency disposing of such property. (1931, c. 338, s. 1; 1933, c. 50; c. 400, s. 1; 1937, c. 355; 1945, c. 144; 1949, c. 257; 1951, c. 1104, ss. 1, 2; 1953, c. 1268; 1955, c. 1049; 1957, c. 269, s. 3; c. 391; c. 862, ss. 1-4; 1959, c. 392, s. 1; c. 910, s. 1; 1961, c. 1226; 1965, c. 841, s. 2; 1967, c. 860; 1971, c. 847.)

Editor's Note. — The 1971 amendment substituted "ten thousand dollars ($10,000)" for "seven thousand five hundred dollars ($7,500.00)" and substituted "two thousand five hundred dollars ($2,500)" for "two thousand dollars ($2,000.00)" in the first paragraph and deleted, at the end of the fourth paragraph, a proviso as to publication or posting of notice where there is no newspaper published in the county, city, town or other subdivision and the amount of the contract is less than $7,500.

Session Laws 1959, c. 910, which rewrote the last two paragraphs of this section, provides: "Nothing in this act shall be construed to authorize the Division of Purchase and Contract of the Department of Administration to make any purchases for or on behalf of any county, city or town government in this State or any other political subdivision.

"The powers granted herein are in addition to and not in substitution for existing powers granted by general laws or special acts to cities and towns."

For a brief comment on the 1949 amendment, see 27 N.C.L. Rev. 423.

Opinions of Attorney General.—Mr. L.A. Stith, Craven County Attorney, 40 N.C.A.G. 459 (1969); Mr. James B. Garland, Gastonia City Attorney, 40 N.C.A.G. 460 (1969).

The purpose of this section is to prevent favoritism, corruption, fraud and imposition in the awarding of public contracts by giving notice to the prospective bidders and thus assuring competition, which in turn guarantees fair play and reasonable prices in contracts involving the expenditure of a substantial amount of public money. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

The requirements of this section are mandatory, and a contract made in contravention of such requirements is ultra vires and void. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Public Laws 1903, c. 305, does not authorize the town of Louisburg to contract for machinery for its water and sewer system and electric light plant in a sum in excess of $1,000 without submitting the same to competitive bidding after due advertisement. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Public policy has for many years required governmental needs to be supplied pursuant to contracts with low bidders ascertained by public advertisement. North Carolina has for many years so provided by this section. Douglas Aircraft Co. v. Electrical Workers Local 379, 247 N.C. 620, 101 S.E.2d 800 (1958).

This section applies only to contracts where the bidders have the right to name the price for which they are willing to furnish supplies and materials. It has no application whatever to a contract between a municipality and a public utility, where there can be no competition between bidders because the municipality or the State has the power and authority to fix the price of the service to be rendered or the commodity to be furnished. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

Emergency Defined. — The meaning of the word "emergency" within the exception to this section is not susceptible of precise definition and each case must, to some extent, stand upon its own bottom, but in any event the term connotes an immediate and present condition and not one which may or may not arise in the future or one that is apt to arise or may be expected to arise. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

Sales Tax Must Be Included as an "Estimated Expenditure of Public Money". — See opinion of Attorney General to Mr. James B. Garland, 41 N.C.A.G. 479 (1971).

The terms "apparatus," "materials" and "equipment," used in this section, denote particular types of tangible personal property and could not be construed to include electric current. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

The word "supplies" in the section is used in conjunction with the term "apparatus," "materials" and "equipment," and its meaning is confined to property of like kind and nature. Mullen v. Town of Louisburg, 225 N.C. 53, 33 S.E.2d 484 (1945).

Contract Made in Violation of This Section Is Void. — A contract involving more than $1,000 [now $2,000] let without advertisement as required by this section is void, and the contractor may not recover on it. Hawkins v. Town of Dallas, 229 N.C. 561, 50 S.E.2d 561 (1948).

Where plaintiffs laid water lines as a business investment pursuant to an agreement with the city's director of utilities that the city would reimburse them for the moneys so expended if the lines were incorporated within the city's limits, the contract was void. Styers v. City of Gastonia, 252 N.C. 572, 114 S.E.2d 348 (1960).

A purported public contract not made in conformity with the requirements of this section is void. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

But Contractor May Recover on Quantum Meruit. — Where the work under the contract has been actually done and accepted, the county, city or town is bound on a quantum meruit for the reasonable and just value of the work and labor done and materials furnished. Hawkins v. Town of Dallas, 229 N.C. 561, 50 S.E.2d 561 (1948).

Performance and acceptance of construction work imposes an obligation to pay the reasonable and just value of the work done and materials furnished. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Such recovery excludes profits, and the reasonable and just value recoverable cannot exceed actual cost. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

County May Accept Single Bid Filed Pursuant to Requirement of Statute. — See opinion of Attorney General to Mr. Elbert L. Peters, Coordinator, Governor's Highway Safety Program, 41 N.C.A.G. 527 (1971).

Necessity of Counties to Comply with Competitive Bidding Requirements in Lease Agreement of Equipment with Option to Purchase. — See opinion of Attorney General to Senator John J. Burney, Jr., 41 N.C.A.G. 504 (1971).

Modification of Bid after Opening of Sealed Bids Impermissible. — See opinion of Attorney General to Mr. John B. Lewis, Farmville Town Attorney, 41 N.C.A.G. 187 (1970).

Judicial Review of Finding of Emergency. — The provision of this section that a municipality may let a contract for expenditures in excess of $1,000 [now $2,000] without advertisement "in cases of special emergency" constitutes an exception to the general rule, and the commissioners of a municipality may not declare an emergency where none exists and thus defeat the law, nor is such finding by the municipal board upon competent evidence conclusive on the courts, but the courts may review the evidence and determine whether an emergency as contemplated by the statute does in fact exist. Raynor v. Commissioners for Town of Louisburg, 220 N.C. 348, 17 S.E.2d 495 (1941).

§ 143-130. Allowance for convict labor must be specified. — In cases where the board or governing body of a State agency or of any political subdivision of the State may furnish convict or other labor to the contractor, manufacturer, or others entering into contracts for the performance of construction work, installation of apparatus, supplies, materials or equipment, the specifications covering such projects shall carry full information as to what wages shall be paid for such labor or the amount of allowance for same. (1933, c. 400, s. 2; 1967, c. 860.)

§ 143-131. When counties, cities, towns and other subdivisions may let contracts on informal bids. — All contracts for construction or repair work or for the purchase of apparatus, supplies, materials, or equipment, involving the expenditure of public money in the amount of one thousand dollars ($1,000) or more, but less than the limits prescribed in G.S. 143-129, made by any officer, department, board, or commission of any county, city, town, or other subdivision of this State shall be made after informal bids have been secured.

All such contracts shall be awarded to the lowest responsible bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. It shall be the duty of any officer, department, board, or commission entering into such contract to keep a record of all bids submitted, and such record shall be subject to public inspection at any time. (1931, c. 338, s. 2; 1957, c. 862, s. 5; 1959, c. 406; 1963, c. 172; 1967, c. 860; 1971, c. 593.)

Local Modification. — Durham: 1951, c. 506; Forsyth: 1955, c. 94, s. 2; city of Durham: 1951, c. 506; 1969, c. 1233; city of Greensboro: 1951, c. 707, s. 5; city of Henderson: 1953, c. 731, s. 33; city of Wilmington: 1951, c. 881; town of Wrightsville Beach: 1955, c. 670, s. 2; Bessemer Sanitary District: 1953, c. 729, s. 2.

Editor's Note. — The 1971 amendment substituted "one thousand dollars ($1,000)" for "five hundred dollars ($500.00)" in the first sentence.

§ 143-132. Minimum number of bids for public contracts. — No contract to which G.S. 143-129 applies for construction or repairs shall be awarded by any board or governing body of the State, or any subdivision thereof, unless at least three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor; however, this section shall not apply to contracts which are negotiated as provided for in G.S. 143-129. Provided that if after advertisement for bids as required by G.S. 143-129, not as many as three competitive bids have been received from reputable and qualified contractors regularly engaged in their respective lines of endeavor, said board or governing body of the State agency or of a county, city, town or other subdivision of the State shall again advertise for bids; and if as a result of such second advertisement, not as many as three competitive bids from reputable and qualified contractors are received, such board or governing body may then let the contract to the lowest responsible bidder submitting a bid for such project, even though only one bid is received. (1931, c. 291, s. 3; 1951, c. 1104, s. 3; 1959, c. 392, s. 2; 1963, c. 289; 1967, c. 860.)

Local Modification. — Bertie and Northampton: 1953, c. 1257.

Receipt of "No Bid" Notes Not a Bid within Requirement of Receipt of Certain Number of Bids. — See opinion of Attorney General to Mr. Thomas S. Harrington, Eden City Attorney, 40 N.C.A.G. 541 (1970).

§ 143-133. No evasion permitted. — No bill or contract shall be divided for the purpose of evading the provisions of this Article. (1933, c. 400, s. 3; 1967, c. 860.)

§ 143-134. Applicable to Board of Transportation and Department of Correction; exceptions. — This Article shall apply to the Board of Transportation and the Department of Correction except in the construction of roads, bridges and their approaches; provided however, that whenever the Director of the Budget determines that the repair or construction of a building by the Board of Transportation or by the Department of Correction can be done more economically through use of employees of the Board of Transportation and/or prison inmates than by letting such repair or building construction to contract, the provisions of this Article shall not apply to such repair or construction. (1933, c. 400, s. 3-A; 1955, c. 572; 1957, c. 65, s. 11; 1967, c. 860; c. 996, s. 13; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in three places.

§ 143-134.1. Interest on final payments due to prime contractors. — On all public construction contracts which are let by a board or governing body of the State government or any political subdivision thereof, except the construction of roads, highways, bridges and their approaches, the balance due

prime contractors shall be paid in full within 45 days after respective prime contracts of the project have been accepted by the owner, certified by the architect, engineer or designer to be completed in accordance with terms of the plans and specifications, or occupied by the owner and used for the purpose for which the project was constructed, whichever occurs first. Provided, however, that whenever the architect or consulting engineer in charge of the project determines that delay in completion of the project in accordance with terms of the plans and specifications is the fault of the contractor, the project may be occupied and used for the purposes for which it was constructed without payment of any interest on amounts withheld past the 45 day limit. No payment shall be delayed because of the failure of another prime contractor on such project to complete his contract. Should final payment to any prime contractor beyond the date such contracts have been certified to be completed by the designer or architect, accepted by the owner, or occupied by the owner and used for the purposes for which the project was constructed, be delayed by more than 45 days, said prime contractor shall be paid interest, beginning on the 46th day, at the rate of six percent (6%) per annum on such unpaid balance as may be due. Funds for payment of such interest on state-owned projects shall be obtained from the current budget of the owning department, institution, or agency. Where a conditional acceptance of a contract exists, and where the owner is retaining a reasonable sum pending correction of such conditions, interest on such reasonable sum shall not apply. (1959, c. 1328; 1967, c. 860.)

§ 143-135. Limitation of application of Article. — This Article shall not apply to the State or to subdivisions of the State of North Carolina in the expenditure of public funds when the total cost of any repairs, completed project, building, or structure shall not exceed the sum of twenty-five thousand dollars ($25,000), if the repairs, completed project, building, or structure are performed or accomplished by or through duly elected officers or agents using force account qualified labor on the permanent payroll of the agency concerned; provided, that such force account work shall be subject to the approval of the Director of the Department of Administration in the case of State agencies, or approval of the responsible commission, council or board in the case of subdivisions of the State. (1933, c. 552, ss. 1, 2; 1949, c. 1137, s. 2; 1951, c. 1104, s. 6; 1967, c. 860.)

§ 143-135.1. State buildings exempt from county and municipal building requirements; consideration of recommendations by counties and municipalities. — Buildings constructed by the State of North Carolina or by any agency or institution of the State in accordance with plans and specifications approved by the Department of Administration shall not be subject to inspection by any county or municipal authorities and shall not be subject to county or municipal building codes and requirements. Inspection fees fixed by counties and municipalities shall not be applicable to such construction by the State of North Carolina. County and municipal authorities may inspect any plans or specifications upon their request to the Department of Administration, and any and all recommendations made by them shall be given consideration by the Department of Administration. Requests by county and municipal authorities to inspect plans and specifications for State projects shall be on the basis of a specific project. Should any agency or institution of the State require the services of county or municipal authorities, notice shall be given for the need of such services, and appropriate fees for such services shall be paid to the county or municipality; provided, however, that the application for such services to be rendered by any county or municipality shall have prior

written approval of the Department of Administration. (1951, c. 1104, s. 4; 1967, c. 860; 1971, c. 563.)

Editor's Note. — The 1971 amendment rewrote this section. Prior to the amendment the section did not refer to county authorities or counties.

§ 143-135.2. Contracts for restoration of historic buildings with private donations. — This Article shall not apply to building contracts let by a State agency for restoration of a historic building or structure where the funds for the restoration of such building or structure are provided entirely by funds donated from private sources. (1955, c. 27; 1967, c. 860.)

§ 143-135.3. Procedure for settling controversies arising from contracts; civil actions on disallowed claims. — Upon completion of any contract for construction or repair work awarded by any State board to any contractor, under the provisions of this Article, should the contractor fail to receive such settlement as he claims to be entitled to under terms of his contract, he may, within 60 days from the time of receiving written notice as to the disposition to be made of his claim, submit to the Director of the Department of Administration a written and verified claim for such amount as he deems himself entitled to under the terms of said contract, setting forth the facts upon which said claim is based. In addition, the claimant, either in person or through counsel, may appear before the Director of the Department of Administration and present any additional facts and arguments in support of his claim. Within 90 days from the receipt of the said written claim, the Director of the Department of Administration shall make an investigation of the claim and may allow all or any part or may deny said claim and shall have the authority to reach a compromise agreement with the contractor and shall notify the contractor in writing of his decision.

As to such portion of the claim which may be denied by the Director of the Department of Administration, the contractor may, within six months from receipt of the decision, institute a civil action for such sum as he claims to be entitled to under said contract by the filing of a verified complaint and issuance of summons in the Superior Court of Wake County or in the superior court of any county wherein the work under said contract was performed. The procedure shall be the same as in all civil actions except as herein and as hereinafter set out.

All issues of law and fact and every other issue shall be tried by the judge, without jury; provided that the matter may be referred in the instances and in the manner provided for in Article 20 of Chapter 1 of the General Statutes.

The submission of the claim to the Director of the Department of Administration within the time set out in this section and the filing of an action in the superior court within the time set out in this section shall be a condition precedent to bringing an action under this section and shall not be a statute of limitations.

The provisions of this section shall be deemed to enter into and form a part of every contract entered into between any board of the State and any contractor, and no provision in said contracts shall be valid that is in conflict herewith.

The word "board" as used in this section shall mean the State of North Carolina or any board, bureau, commission, institution, or other agency of the State, as distinguished from a board or governing body of a subdivision of the State. "A contract for construction or repair work," as used in this section, is defined as any contract for the construction of buildings and appurtenances thereto, including, but not by way of limitation, utilities, plumbing, heating, electrical, air conditioning, elevator, excavation, grading, paving, roofing, masonry work, tile work and painting, and repair work as well as any contract for the construction of airport runways, taxiways and parking aprons, sewer and water mains, power lines, docks, wharves, dams, drainage canals,

telephone lines, streets, site preparation, parking areas and other types of construction on which the Department of Administration enters into contracts. (1965, c. 1022; 1967, c. 860; 1969, c. 950, s. 1.)

Recovery of Settlement Limited to Terms of Contract. — Under the provisions of this section a party is only entitled to recover such settlement as he claims to be entitled to under terms of his contract. Nat Harrison Associates v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793 (1972).

And Failure to Complete Obligation under Contract Terms Prohibits Relief. — Failure by a party to complete its obligation under the terms of its contracts prohibits that party from seeking the relief provided under this section. Nat Harrison Associates v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793 (1972).

Dismissal of Contract Action. — A contract action against the State Ports Authority should have been dismissed where plaintiff had not completed a material part of its contract and had failed to comply with a contract requirement prior to filing a claim with the Director of the Department of Administration and instituting the action in superior court. Nat Harrison Associates v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793 (1972).

Summary Judgment in Favor of Ports Authority Proper. — Summary judgment was properly allowed in favor of the Ports Authority as to counts in which a plaintiff sought to recover for losses where there was no provision in the contracts for recovery of the claimed damages, since the plaintiff was entitled to recover under this section only under the terms of his contract. Nat Harrison Associates v. North Carolina State Ports Auth., 280 N.C. 251, 185 S.E.2d 793 (1972).

§ 143-135.4. Authority of Purchase and Contract Division of Department of Administration not repealed. — Nothing contained in this Article shall be construed as contravening or repealing any authorities given by statute to the Purchase and Contract Division of the Department of Administration. (1967, c. 860.)

Article 9.

Building Code Council and Building Code.

§ 143-136. Building Code Council created; membership. — (a) Creation; Membership; Terms. — There is hereby created a Building Code Council, which shall be composed of 11 members appointed by the Governor, consisting of one registered architect, one licensed general contractor, one registered architect or licensed general contractor specializing in residential design or construction, one registered engineer practicing structural engineering, one registered engineer practicing mechanical engineering, one registered engineer practicing electrical engineering, one licensed plumbing and heating contractor, one municipal or county building inspector, a representative of the public who is not a member of the building construction industry, a licensed electrical contractor, and a registered engineer on the engineering staff of a State agency charged with approval of plans of state-owned buildings. Of the members initially appointed by the Governor, three shall serve for terms of two years each, three shall serve for terms of four years each, and three shall serve for terms of six years each. Thereafter, all appointments shall be for terms of six years. The Governor may remove appointive members at any time. Neither the architect nor any of the above named engineers shall be engaged in the manufacture, promotion or sale of any building material, and any member who shall, during his term, cease to meet the qualifications for original appointment (through ceasing to be a practicing member of the profession indicated or otherwise) shall thereby forfeit his membership on the Council.

The Governor may make appointments to fill the unexpired portions of any terms vacated by reason of death, resignation, or removal from office. In making such appointment, he shall preserve the composition of the Council required above.

(b) Compensation. — Members of the Building Code Council other than any who are employees of the State shall receive seven dollars ($7.00) per day, including necessary time spent in traveling to and from their place of residence within the State to any place of meeting or while traveling on official business of the Council. In addition, all members shall receive mileage and subsistence according to State practice while going to and from any place of meeting, or when on official business of the Council. (1957, c. 1138; 1965, c. 1145; 1969, c. 1229, s. 1; 1971, c. 323.)

Editor's Note. — The 1971 amendment substituted "11" for "ten" and inserted "a licensed electrical contractor" in the first sentence of subsection (a).

State Government Reorganization. — The Building Code Council was transferred to the Department of Insurance by § 143A-78, enacted by Session Laws 1971, c. 864.

Independent Judgment by Inspector in Interpretations Renders Section Useless. — If an inspector has the right under the Code to base his interpretations on independent judgment, this section, authorizing and establishing a Building Code Council empowered and directed to prepare and adopt a North Carolina State Building Code in accordance with legislative directives contained in this Article, is a completely useless piece of legislation. Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749 (1972).

Violation of Building Code as to Materials or Type of Construction. — This section does not allow the building inspector to permit violations of the Building Code where the Code is specific as to the materials or type of construction required. Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749 (1972).

Cited in Jenkins v. Leftwich Elec. Co., 254 N.C. 553, 119 S.E.2d 767 (1961).

§ 143-137. Organization of Council; rules and regulations; meetings; staff; fiscal affairs. — (a) First Meeting; Organization; Rules and Regulations. — Within 30 days after its appointment, the Building Code Council shall meet on call of the Commissioner of Insurance. The Council shall elect from its appointive members a chairman and such other officers as it may choose, for such terms as it may designate in its rules and regulations. The Council shall adopt such rules and regulations not inconsistent herewith as it may deem necessary for the proper discharge of its duties. The chairman may appoint members to such committees as the work of the Council may require.

(b) Meetings. — The Council shall meet regularly, at least once every six months, at places and dates to be determined by the Council. Special meetings may be called by the chairman on his own initiative and must be called by him at the request of two or more members of the Council. All members shall be notified by the chairman in writing of the time and place of regular and special meetings at least seven days in advance of such meeting. Five members shall constitute a quorum. All meetings shall be open to the public.

(c) Staff. — Personnel of the Division of Engineering of the Department of Insurance shall serve as a staff for the Council. Such staff shall have the duties of

(1) Keeping an accurate and complete record of all meetings, hearings, correspondence, laboratory studies, and technical work performed by or for the Council, and making these records available for public inspection at all reasonable times;
(2) Handling correspondence for the Council.

(d) Fiscal Affairs of the Council. — All funds for the operations of the Council and its staff shall be appropriated to the Department of Insurance for the use of the Council. All such funds shall be held in a separate or special account on the books of the Department of Insurance, with a separate financial designation or code number to be assigned by the Budget Bureau or its agent. Expenditures for staff salaries and operating expenses shall be made in the same manner as the expenditure of any other Department of Insurance funds. The Department of Insurance may hire such additional personnel as may be necessary to handle the work of the Building Code Council, within the limits

of funds appropriated for the Council and with the approval of the Council. (1957, c. 1138.)

Cross Reference. — As to provision that statutory reference to the "Budget Bureau" shall be deemed to refer to the Department of Administration, see § 143-344.

§ 143-138. North Carolina State Building Code. — (a) Preparation and Adoption. — The Building Code Council is hereby empowered to prepare and adopt, in accordance with the provisions of this Article, a North Carolina State Building Code. Prior to the adoption of this Code, or any part thereof, the Council shall hold at least one public hearing in the City of Raleigh. A notice of such public hearing shall be given once a week for two successive calendar weeks in a newspaper published in Raleigh, said notice to be published the first time not less than 15 days prior to the date fixed for said hearing. The Council may hold such other public hearings and give such other notice as it may deem necessary.

(b) Contents of the Code. — The North Carolina State Building Code, as adopted by the Building Code Council, may include reasonable and suitable classifications of buildings and structures, both as to use and occupancy; general building restrictions as to location, height, and floor areas; rules for the lighting and ventilation of buildings and structures; requirements concerning means of egress from buildings and structures; requirements concerning means of ingress in buildings and structures; regulations governing construction and precautions to be taken during construction; regulations as to permissible materials, loads, and stresses; regulations of chimneys, heating appliances, elevators, and other facilities connected with the buildings and structures; regulations governing plumbing, heating, air conditioning for the purpose of comfort cooling by the lowering of temperature, and electrical systems; and such other reasonable rules and regulations pertaining to the construction of buildings and structures and the installation of particular facilities therein as may be found reasonably necessary for the protection of the occupants of the building or structure, its neighbors, and members of the public at large.

The Code may contain provisions regulating every type of building or structure, wherever it might be situated in the State.

Provided further, that nothing in this Article shall be construed to make any building regulations applicable to farm buildings located outside the building-regulation jurisdiction of any municipality.

Provided further, that no building permit shall be required under such Code from any State agency for the construction of any building or structure, the total cost of which is less than twenty thousand dollars ($20,000), except public or institutional buildings.

For the information of users thereof, the Code shall include as appendices

(1) Any boiler regulations adopted by the Board of Boiler Rules,

(2) Any elevator regulations relating to safe operation adopted by the Commissioner of Labor, and

(3) Any regulations relating to sanitation adopted by the Department of Human Resources which the Building Code Council believes pertinent.

In addition, the Code may include references to such other regulations of special types, such as those of the Medical Care Commission and the Department of Public Instruction as may be useful to persons using the Code. No regulations issued by other agencies than the Building Code Council shall be construed as a part of the Code, nor supersede that Code, it being intended that they be presented with the Code for information only.

Nothing in this Article shall extend to or be construed as being applicable to the regulation of the design, construction, location, installation, or operation of (1) equipment for storing, handling, transporting, and utilizing liquefied

petroleum gases for fuel purposes or anhydrous ammonia or other liquid fertilizers, or (2) equipment or facilities, other than buildings, of a public utility, as defined in G.S. 62-3, or an electric or telephone membership corporation, including without limitation poles, towers, and other structures supporting electric or communication lines.

(c) Standards to Be Followed in Adopting the Code. — All regulations contained in the North Carolina State Building Code shall have a reasonable and substantial connection with the public health, safety, morals, or general welfare, and their provisions shall be construed liberally to those ends. Requirements of the Code shall conform to good engineering practice, as evidenced generally by the requirements of the National Building Code of the American Insurance Association, formerly the National Board of Fire Underwriters, the Southern Standard Building Code of the Southern Building Code Congress, the Uniform Building Code of the Pacific Coast Building Officials Conference, the Basic Building Code of the Building Officials Conference of America, Inc., the National Electric Code, the Life Safety Code, formerly Building Exits Code of the National Fire Protection Association, the American Standard Safety Code for Elevators, Dumbwaiters, and Escalators, the Boiler Code of the American Society of Mechanical Engineers, Standards of the American Insurance Association for the Installation of Gas Piping and Gas Appliances in Buildings, and standards promulgated by the United States of America Standards Institute, formerly the American Standards Association, Underwriters' Liboratories, Inc., and similar national agencies engaged in research concerning strength of materials, safe design, and other factors bearing upon health and safety.

(d) Amendments of the Code. — The Building Code Council may from time to time revise and amend the North Carolina State Building Code, either on its own motion or upon application from any citizen, State agency, or political subdivision of the State. In adopting any amendment, the Council shall comply with the same procedural requirements and the same standards set forth above for adoption of the Code.

(e) Effect upon Local Building Codes. — The North Carolina State Building Code shall apply throughout the State, from the time of its adoption. However, any political subdivision of the State may adopt a building code or building rules and regulations governing construction within its jurisdiction. The territorial jurisdiction of any municipality or county for this purpose, unless otherwise specified by the General Assembly, shall be as follows: Municipal jurisdiction shall include all areas within the corporate limits of the municipality; county jurisdiction shall include all other areas of the county. No such building code or regulations shall be effective until they have been officially approved by the Building Code Council as providing adequate minimum standards to preserve and protect health and safety, in accordance with the provisions of subsection (c) above. While it remains effective, such approval shall be taken as conclusive evidence that a local code or local regulations supersede the State Building Code in its particular political subdivision. Whenever the Building Code Council adopts an amendment to the State Building Code, it shall consider any previously approved local regulations dealing with the same general matters, and it shall have authority to withdraw its approval of any such local code or regulations unless the local governing body makes such appropriate amendments to that local code or regulations as it may direct. In the absence of approval by the Building Code Council, or in the event that approval is withdrawn, local codes and regulations shall have no force and effect.

(f) Effect upon Existing Laws. — Until such time as the North Carolina State Building Code has been legally adopted by the Building Code Council pursuant to this Article, the North Carolina Building Code adopted by the Council and the Commissioner of Insurance in 1953 shall remain in full force and effect. Such Code is hereby ratified and adopted.

(g) Publication and Distribution of Code.—The Building Code Council shall cause to be printed, after adoption by the Council, the North Carolina State Building Code and each amendment thereto. It shall, at the State's expense, distribute copies of the Code and each amendment to State and local governmental officials, departments, agencies, and educational institutions, as is set out in the table below. (Those marked by an asterisk will receive copies only on written request to the Council.)

(h) Violations. — Any person who shall be adjudged to have violated this Article or the North Carolina State Building Code shall be guilty of a misdemeanor and shall upon conviction be liable to a fine, not to exceed fifty dollars ($50.00), for each offense. Each 30 days that such violation continues shall constitute a separate and distinct offense. In case any building or structure is erected, constructed or reconstructed, or its purpose altered, so that it becomes in violation of the North Carolina State Building Code, either the local enforcement officer or the State Commissioner of Insurance or other State official with responsibility under G.S. 143-139 may, in addition to other remedies, institute any appropriate action or proceedings (i) to prevent such unlawful erection, construction or reconstruction, or alteration of purpose, (ii) to restrain, correct, or abate such violation, or (iii) to prevent the occupancy or use of said building, structure, or land until such violation is corrected. (1957, c. 1138; 1969, c. 567; c. 1229, ss. 2-6; 1971, c. 1100, ss. 1, 2; 1973, c. 476, ss. 84, 128, 138, 152; c. 507, s. 5.)

Editor's Note. — The 1971 amendment in subsection (b), inserted "and structures" and "or structure" throughout the subsection, deleted a proviso following the word "State" near the beginning of the second paragraph, deleted a former third paragraph, inserted "(1)" in the last paragraph, and added the language following "liquid fertilizers" in that paragraph. The amendment also deleted "a special or local act of " preceding "the General Assembly" in the third sentence of subsection (e).

Session Laws 1971, c. 1100, s. 3, provides: "Provided that nothing in this act shall in any way apply to any type of farm building."

The first 1973 amendment substituted "Department of Human Resources" for "State Board of Health" in subsections (b) and (g) and for "Medical Care Commission," and "State Board of Public Welfare" in subsection (g) and substituted "Department of Cultural Resources" for "State Library" in subsection (g). Names of constituent agencies of the Departments of Human Resources and Cultural Resources have been inserted in brackets in subsection (g) by the codifiers.

The second 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in subsection (g).

By virtue of Session Laws 1943, c. 170, "State Commissioner of Insurance" has been substituted for "State Insurance Commissioner" in subsection (h).

Opinions of Attorney General. — Mr. F.E. Wallace, Jr., Kinston City Attorney, 40 N.C.A.G. 458 (1969).

History. — See Lutz Indus., Inc. v. Dixie Home Stores, 242 N.C. 332, 88 S.E.2d 333 (1955); Pinnix v. Toomey, 242 N.C. 358, 87 S.E.2d 893 (1955); Jenkins v. Leftwich Elec. Co., 254 N.C. 553, 119 S.E.2d 767 (1961).

Police Power Authorizes Establishment of Standards for Buildings. — It is within the police power of the General Assembly and of a city, when authorized, to establish minimum standards, materials, designs, and construction of buildings for the safety of the occupants, their neighbors, and the public at large. State v. Walker, 265 N.C. 482, 144 S.E.2d 419 (1965); Walker v. City of Charlotte, 276 N.C. 166, 171 S.E.2d 431 (1970).

For the purpose of protecting life, health, safety and welfare, the General Assembly has power to promulgate rules, fix minimum standards, prescribe materials and designs for buildings and other structures so long as they are not arbitrary, capricious or unreasonable and so long as they tend to promote health, safety and welfare. In these matters, property rights must yield to the proper exercise of the police power. Walker v. City of Charlotte, 276 N.C. 166, 171 S.E.2d 431 (1970).

Building Code Has Force of Law. — The 1936 North Carolina Building Code has the force of law. In re O'Neal, 243 N.C. 714, 92 S.E.2d 189 (1956); Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749 (1972).

By virtue of subsection (f) of this section, on July 13, 1957, the North Carolina Building Code of 1953 had the force of law. Drum v. Bisaner, 252 N.C. 305, 113 S.E.2d 560 (1960).

The Supreme Court will take judicial notice of the Building Code adopted, promulgated and published by the Building Code Council. Lutz Indus., Inc. v. Dixie Home Stores, 242 N.C. 332, 88 S.E.2d 333 (1955).

A violation of the Building Code is negligence per se. Lindstrom v. Chesnutt, 15 N.C. App. 15, 189 S.E.2d 749 (1972).

Violation of Building Code as to Materials or Type of Construction. — This section does not allow the building inspector to permit violations of the Building Code where the Code is specific as to the materials or type of construction required. National Electrical Code as Statutory Standard of Care. — See Lutz Indus., Inc. v. Dixie Home Stores, 242 N.C. 332, 88 S.E.2d 333 (1955).

National Electrical Code Has Force of Law. — On 10 November 1959, the National Electrical Code, as approved by the American Standards Association on 5 August 1959, and which Code is filed in the office of the Secretary of State of North Carolina, by virtue of this section has the force and effect of law in North Carolina. Jenkins v. Leftwich Elec. Co., 254 N.C. 553, 119 S.E.2d 767 (1961).

The National Electrical Code, as approved and adopted by the State Building Code Council and on file with the Secretary of State, has the force and effect of law. Jenkins v. Starrett Corp., 13 N.C. App. 437, 186 S.E.2d 198 (1972).

And Violation Thereof Is Negligence Per Se. — Violations of the National Electrical Code, authorized by this section, are negligence per se. Jenkins v. Leftwich Elec. Co., 254 N.C. 553, 119 S.E.2d 767 (1961); Jenkins v. Starrett Corp., 13 N.C. App. 437, 186 S.E.2d 198 (1972).

Since article 300, sections 3008-3009, of the National Electrical Code has the force and effect of a statute, the failure to use a box or terminal fitting or bushing where the conductors left the electrical metal tubing on a kitchen exhaust fan was negligence per se. Drum v. Bisaner, 252 N.C. 305, 113 S.E.2d 560 (1960).

But Neither Code Precisely Defines Class of Persons to Which Applicable. — Neither the State Building Code nor the National Electrical Code precisely defines the class of persons to which they are applicable. Jenkins v. Starrett Corp., 13 N.C. App. 437, 186 S.E.2d 198 (1972).

National Electrical Code Not Restricted to Fixtures to Real Property. — The State Building Code does not restrict the application of the National Electrical Code to fixtures to real property. Jenkins v. Starrett Corp., 13 N.C. App. 437, 186 S.E.2d 198 (1972).

Applicability of Grounding Provisions of National Electrical Code. — The provisions of the National Electrical Code relating to equipment grounding were held applicable to the owner of an outdoor ice merchandiser installed to sell ice to the public. § 143-139.1. Certification of manufactured buildings, structures or components by recognized independent testing laboratory. — The State Building Code may provide, in circumstances deemed appropriate by the Building Code Council, for testing, evaluation, inspection, and certification of buildings, structures or components manufactured off the site on which they are to be erected, by a recognized independent testing laboratory having follow-up inspection services approved by the Building Code Council. Approval of such buildings, structures or components shall be evidenced by labels or seals acceptable to the Council. All building units, structures or components bearing such labels or seals shall be deemed to meet the requirements of the State Building Code and this Article without further inspection or payment of fees, except as may be required for the enforcement of the Code relative to the connection of units and components and enforcement of local ordinances governing zoning, utility connections, and foundations permits. The Building Code Council shall adopt and may amend from time to time such reasonable and appropriate rules and regulations as it deems necessary for approval of agencies offering such testing, evaluation, inspection, and certification services and for overseeing their operations. Such rules and regulations shall include provisions to insure that such agencies are independent and free of any potential conflicts of interest which might influence their judgment in exercising their functions under the Code. Such rules and regulations may include a schedule of reasonable fees to cover administrative expenses in approving and overseeing operations of such agencies and may require the posting of a bond or other security satisfactory to the Council guaranteeing faithful performance of duties under the Code. (1971, c. 1099.)

§ 143-140. Hearings before enforcement agencies as to questions under Building Code. — Any person desiring to raise any question under this Article or under the North Carolina State Building Code shall be entitled to a full hearing before the appropriate enforcement agency, as designated in the preceding section. Upon request in writing by any such person, the enforcement agency shall appoint a time for the hearing, giving such person reasonable notice thereof. The enforcement agency, through an appropriate official, shall conduct a full and complete hearing of the matters in controversy and make a determination thereof within a reasonable time thereafter. The person requesting the hearing shall, upon request, be furnished a written statement of the decision, setting forth the facts found, the decision reached, and the reasons therefor. In the event of dissatisfaction with such decision, the person affected shall have the options of

Appeals to Building Code Council. — (a) Method of Appeal. — Whenever any person desires to take an appeal to the Building Code Council from the decision of a State enforcement agency relating to any matter under this Article or under the North Carolina State Building Code, he shall within 30 days after such decision give written notice to the Building Code Council through the Division of Engineering of the Department of Insurance that he desires to take an appeal. A copy of such notice shall be filed at the same time with the enforcement agency from which the appeal is taken. The chairman of the Building Code Council shall fix a reasonable time and place for a hearing, giving reasonable notice to the appellant and to the enforcement agency. Such hearing shall be not later than the next regular meeting of the Council. The Building Code Council shall thereupon conduct a full and complete hearing as to the matters in controversy, after which it shall within a reasonable time give a written decision setting forth its findings of fact and its conclusions.

(b) Interpretations of the Code. — The Building Code Council shall have the duty, in hearing appeals, to give interpretations of such provisions of the Building Code as shall be pertinent to the matter at issue. Where the Council finds that an enforcement agency was in error in its interpretation of the Code, it shall remand the case to the agency with instructions to take such action as it directs.

(c) Variations of the Code. — Where the Building Code Council finds on appeal that materials or methods of construction proposed to be used are as good as those required by the Code, it shall remand the case to the enforcement agency with instructions to permit the use of such materials or methods of construction. The Council shall thereupon immediately initiate procedures for amending the Code as necessary to permit the use of such materials or methods of construction.

(d) Further Appeals to the Courts. — Whenever any person desires to take an appeal from a decision of the Building Code Council or from the decision of an enforcement agency (with or without an appeal to the Building Code Council), he may take an appeal either to the Wake County Superior Court or to the superior court of the county in which the proposed building is to be situated, in accordance with the provisions of Article 33 of Chapter 143 of the General Statutes. (1957, c. 1138.)

§ 143-142. Further duties of the Building Code Council. — (a) Recommended Statutory Changes. — It shall be the duty of the Building Code Council to make a thorough study of the building laws of the State, including both the statutes enacted by the General Assembly and the rules and regulations adopted by State and local agencies. On the basis of such study, the Council shall recommend to the 1959 and subsequent General Assemblies desirable statutory changes to simplify and improve such laws.

(b) Recommend Changes in Enforcement Procedures. — It shall be the duty of the Building Code Council to make a thorough and continuing study of the manner in which the building laws of the State are enforced by State, local, and private agencies. On the basis of such studies, the Council may recommend to the General Assembly any statutory changes necessary to improve and simplify the enforcement machinery. The Council may also advise State agencies as to any changes in administrative practices which could be made to improve the enforcement of building laws without statutoty changes. (1957, c. 1138.)

§ 143-143. Effect on certain existing laws. — Nothing in this Article shall be construed as abrogating or otherwise affecting the power of any State department or agency to promulgate regulations, make inspections, or approve plans in accordance with any other applicable provisions of law not in conflict with the provisions herein. (1957, c. 1138.)

§ 143-143.1: Repealed by Session Laws 1971, c. 882, s. 1.

§ 143-143.2. Electric wiring of houses. — The electric wiring of houses or buildings for lighting or for other purposes shall conform to the requirements of the State Building Code, which includes the National Electric Code and any amendments and supplements thereto as adopted and approved by the State Building Code Council, and any other applicable State and local laws. In order to protect the property of citizens from the dangers incident to defective electric wiring of buildings, it shall be unlawful for any firm or corporation to allow any electric current for use in any newly erected building to be turned on without first having had an inspection made of the wiring by the appropriate official electrical inspector or inspection department and having received from that inspector or department a certificate approving the wiring of such building. It shall be unlawful for any person, firm, or corporation engaged in the business of selling electricity to furnish initially any electric current for use in any building, unless said building shall have first been inspected by the appropriate official electrical inspector or inspection department and a certificate given as above provided. In the event that there is no legally appointed inspector or inspection department with jurisdiction over the property involved, the two preceding sentences shall have no force or effect. (1905, c. 506, s. 23; Rev., s. 3001; C. S., s. 2763; 1969, c. 1229, s. 7.)

§ 143-146. Statement of policy; rule-making power. — (a) Mobile homes, because of the manner of their construction, assembly and use and that of their systems, components and appliances (including heating, plumbing and electrical systems) like other finished products having concealed vital parts may present hazards to the health, life and safety of persons and to the safety of property unless properly manufactured. In the sale of mobile homes, there is also the possibility of defects not readily ascertainable when inspected by purchasers. It is the policy and purpose of this State to provide protection to the public against those possible hazards, and for that purpose to forbid the manufacture and sale of new mobile homes, which are not so constructed as to provide reasonable safety and protection to their owners and users.

(b) The Commissioner is authorized and empowered to make and promulgate rules and regulations embodying the fundamental principles adopted, recommended, or issued as ANSI A119.1 and amended from time to time by the American National Standards Institute (ANSI), successor to the American Standards Association (ASA) applicable to mobile homes as defined herein.

procedures to be performed by any person granted a license to issue a label of compliance pursuant to this Article. In order to assure uniformity in standards and enforcement, such rules and regulations may also provide that any such licensee and its operations may be inspected from time to time by any other person or licensee designated by the Council who shall report the results of such examination to the Council. In such case the reasonable expense incurred by the examiner in making such inspection shall be borne by the licensee whose operations were examined. (1969, c. 961, s. 3; 1971, c. 1172, s. 2.)

Editor's Note. — The 1971 amendment, in subsection (b), inserted the words "make and," substituted "ANSI" for "USAS," substituted "American National Standards Institute (ANSI)" for "United States of America Standards Institute (USASI)," and added subsections (c) and (d).

§ 143-147. Approval and licensing of persons and inspection departments. — (a) Any qualified person may make application to the Council for approval for license to issue labels of compliance. Any inspection department may make application to the Council for approval for issuing certificates of compliance. Editor's Note. — The 1971 amendment rewrote this section.

§ 143-148. Compliance with the Commissioner's rules. — (a) No individual natural person, firm, partnership, association or corporation may manufacture, sell, or offer for sale any mobile home in this State which has been constructed after July 1, 1970, unless such mobile home, its components, systems, and appliances have been constructed and assembled in accordance with the standards herein defined.

A county or municipality shall pay no part of the costs or assessments.

Two thirds of the moneys so received shall annually be set up in a special fund to be known as "The Law-Enforcement Officers' Benefit and Retirement Fund."

(b) For the purpose of determining the recipients of benefits under this section and the amounts thereof to be disbursed and for formulating and making such rules and regulations as may be essential for the equitable and impartial distribution of such benefits to and among the persons entitled to such benefits, there is hereby created a board to be known as "The Board of Commissioners of the Law-Enforcement Officers' Benefit and Retirement

Fund," which shall consist of the State Auditor, who shall be chairman ex officio of said Board, the State Treasurer, the State Insurance Commissioner, and four members to be appointed by the Governor and to serve at his will, one of whom shall be a sheriff, one a police officer, one from the group of law-enforcement officers as hereinafter defined, employed by the State, and one representing the public at large. Four members of said Board shall constitute a quorum at any of said meetings, and no business shall be transacted unless a quorum be present. Ex officio members shall not receive any per diem.

(c) As soon as is practicable after March 13, 1941, and after the appointment of the four members herein authorized to be appointed by the Governor, the organization of said Board shall be perfected by the selection from its members of a vice-chairman, and secretary, to serve for a term of one year and until their successors shall have been elected and qualified, and by the selection by the Board, by a majority vote, of such employees as in the opinion of the Board, with the approval of the Governor, may be necessary for the proper handling of the business of the Board of Commissioners, such employee or such employees to hold office at the will of the Board of Commissioners. No employee of the Board of Commissioners shall during the period of such employment or during any leave of absence therefrom hold any public office, be a candidate for any public office, or engage in any political activity whatsoever for or on behalf of any candidate for public office, either in the primary or election. The violation of the restriction herein contained against political activity shall subject such employee to immediate discharge; and any such employee who shall use any funds of the Commission for political purposes or shall incur any expense whatsoever in connection with any political activity, paid or payable out of the funds of said Commission, shall be guilty of a misdemeanor and upon conviction thereof shall be punishable as provided by law in the case of misdemeanors. Nothing herein contained shall prevent any employee from exercising his individual right of franchise in any primary or election. Nothing in this section shall affect the right of any employee of said Commission who is at present a member of the General Assembly from continuing as such member for the duration of such present term.

(d) The said Board of Commissioners shall have control of all payments to be made from such fund. It shall hear and decide all applications for compensation and for retirement benefits created and allowed under this Article, and shall have power to make all necessary rules and regulations for its administration and government, and for the employees in the proper discharge of their duties; it shall have the power to make decisions on applications for compensation or retirement benefits and its decision thereon shall be final and conclusive and not subject to review or reversal, except by the Board itself; it shall cause to be kept a record of all its meetings and proceedings. Any person who shall willfully swear falsely in any oath or affirmation for the purpose of obtaining any benefits under this Article, or the payment thereof, shall be guilty of perjury and shall be punished therefor as provided by law. The Board of Commissioners shall have authority to determine the membership eligibility or status of any member or applicant of any and all of those who come within the categories of law-enforcement officers named in subsection (m) of this section in accordance with general rules and regulations adopted by the Board and the decision of the Board of Commissioners as to such membership eligibility or status shall be final.

(e) There shall be kept in the office of the said Board of Commissioners by the secretary, records which shall give a complete history and record of all actions of the Board of Commissioners in granting benefits, including

retirement benefits, to peace officers as herein defined; such records shall give the name, date of the beginning of his service as a peace officer, and of his incapacity and the reason therefor. All records, papers, and other data shall be carefully preserved and turned over to the succeeding officers or Board members.

(f) On or before the first day of January of each year the said Board of Commissioners shall make to the Governor of the State of North Carolina a verified report containing a statement of all receipts and disbursements, together with the name of each beneficiary, and the amount paid to each beneficiary, for or on account of such fund. There shall be annually made by the State Auditor's Department a complete audit and examination of the receipts and the disbursements of the Board of Commissioners herein created.

(g) The Board of Commissioners of the said fund may take by gift, grant, devise, or bequest, any money, real or personal property, or other things of value and hold or invest the same for the uses of said fund in accordance with the purposes of this Article. And the Board shall have the authority to invest and reinvest any funds not immediately needed in any of the following:

(1) Obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States;
(2) Obligations of the federal intermediate credit banks, federal home loan banks, Federal National Mortgage Association, banks for cooperatives, and federal land banks;
(3) Obligations of the State of North Carolina;
(4) General obligations of other states of the United States;

(8) In certificates of deposit in any bank or trust company authorized to do business in North Carolina in which the deposits are guaranteed by the Federal Deposit Insurance Corporation not to exceed the sum of ten thousand dollars ($10,000) in any one bank or trust company; and
(9) In the shares of federal savings and loan associations and State chartered building or savings and loan associations in which deposits are guaranteed by the Federal Savings and Loan Insurance Corporation, not to exceed fifteen thousand dollars ($15,000) in any one of such associations.

Subject to the limitations set forth above, said Board shall have full power to hold, purchase, sell, assign, transfer and dispose of any of the securities and investments in which any of the funds created herein shall have been invested, as well as the proceeds of said investments and any moneys belonging to said funds.

(h) In case the amount derived from the different sources mentioned and included in this Article shall not be sufficient at any time to enable the said Board of Commissioners to pay each person entitled to the benefits therefor, in full, the compensation granted, or the retirement benefit allowed, then an equitably graded percentage of such monthly payment or payments shall be made to each beneficiary until said fund shall be replenished sufficiently to warrant the resumption thereafter of such compensation or retirement benefit to each of said beneficiaries.

(i) The Board of Commissioners herein created shall have power and authority to promulgate rules and regulations and to set up standards under and by which it may determine the eligibility of officers for benefits under this Article, payable to peace officers who may be killed or become seriously incapacitated while in the discharge of their duty; such rules, regulations and standards shall include the amount of the benefits to be paid to the recipient in case of incapacity to perform his duty, as well as the amount to be paid such officer's dependents in case such officer is killed while in the discharge of his duty. The said Board is also authorized to promulgate rules and regulations and set up standards under and by which officers may be eligible for retirement and to determine the amounts to be paid such officers as retirement benefits after it has been determined by the Board that such officers are so eligible.

In order for an officer to be eligible for retirement benefits under this Article, he shall voluntarily pay into the fund herein created a percentage of his monthly salary, which percentage shall be determined by the said Board: Provided, that any officer so voluntarily contributing to the fund herein created, who has become incapacitated in the line of duty, shall not be required to contribute to the fund during the period of his disability. All peace officers as herein defined who are compensated on a fee basis, before they shall be eligible to participate in the retirement fund herein provided for, shall voluntarily pay into the fund a monthly amount to be determined by the said Board, based upon such officer's average monthly income.

The Board of Commissioners shall have the authority to formulate and promulgate rules and regulations under which any county, city, town or other subdivision of government in whose behalf any member performs service as a law-enforcement officer, or any member, may, and is hereby authorized to, elect to pay into the fund for credit to the individual account of such member any one or more of the following:

(1) An amount which, when taken with any additional amount which may be permitted by the Board to be paid on behalf of such member, shall not exceed in any year fifteen percent (15%) of such member's compensation; and

(2) A sum not to exceed three times the value of prior service of such member as determined by the Board of Commissioners; and

(3) A sum not to exceed ten percent (10%) of gross salary that would have been paid to the retiring member, had he been compensated for all accumulated sick leave at the time of retirement, which amount would be in lieu of any other compensation for accumulated sick leave;

such amounts so paid shall be accumulated in the individual account of such member at such rate of interest as the Board of Commissioners may from time to time determine and shall, upon retirement of such member be used to provide such additional benefits as the Board of Commissioners shall determine on the basis of the tables and rate of interest last adopted by the Board of Commissioners for this purpose: Provided, however, that the amounts paid under this provision by any county, city, town, or other subdivision of government shall revert to said county, city, town or other subdivision of government upon the death or withdrawal from the fund of a member for whom such amounts were paid. The sums paid by any county, city, town or other subdivision of government as additional payments are hereby declared to be for a public purpose.

It shall be the duty of the State of North Carolina to finance and contribute, for the benefit of each member employed by the State as a law-enforcement officer, an amount equal to three times the value of his prior service and an amount equal to three times the cost of matching his contribution, and a sum not to exceed ten percent (10%) of gross salary that would have been paid to the retiring member, had he been compensated for all accumulated sick leave at the time of retirement, which amount would be in lieu of any other

compensation for accumulated sick leave. Such contribution or financing on the part of the State shall be on a percentage basis and shall be credited to the individual account of such member, and upon the death or withdrawal from the fund of a member such sums credited to that individual member's account shall revert to the general fund or Highway Fund or Wildlife Fund of the State of North Carolina according to the source of the original appropriation. The Board of Commissioners are hereby authorized to formulate and promulgate additional rules and regulations for the administration of the amounts herein authorized to be appropriated. There is hereby appropriated from the general fund of the State for those law-enforcement officers whose salary is paid out of the general fund, and from the Highway Fund of the State for those law-enforcement officers whose salary is paid out of the Highway Fund appropriation in such amount as may be necessary to pay the State's share of the cost of the financing of this provision for the biennium 1949-51. Such appropriation shall be made at the same time and manner as other State appropriations and in the sums and amounts as determined by the Board of Commissioners: Provided, that this provision as to the financing of a member's prior service and the cost of matching contribution on the part of the State of North Carolina shall apply only to those members who are law-enforcement officers of the State of North Carolina and its departments, agencies and commissions and who would be eligible for membership in the Teachers' and State Employees' Retirement System provided by Chapter 135 of the General Statutes of North Carolina but for the fact that said officers are members of the Law-Enforcement Officers' Benefit and Retirement Fund.

(j) All officers who have contributed to the retirement fund herein provided for, and who have at least 15 years of membership service in the fund, shall be eligible for retirement benefits. The Board of Commissioners is authorized, in its discretion under the rules and regulations promulgated by it, to determine when an officer has completed at least 15 years of membership service and the age at which a member may be deemed eligible to apply for retirement benefits.

(k) The Board of Commissioners is authorized and empowered in its discretion, upon a finding that any officer who has contributed to the retirement fund herein provided for has been discharged from the service through no fault of his own, to reimburse from the fund herein created an amount not to exceed that which such officer has contributed to the fund under the provisions of subsection (i) of this section.

(l) No officers as herein defined shall be eligible to the retirement benefits herein provided for until the expiration of five years from the date of the ratification of this Article.

(m) "Law-enforcement officers" in the meaning of this Article shall mean all officers employed by the State of North Carolina or any political subdivision thereof, who are clothed with the full power of arrest and whose primary duty is that of enforcing on public property the criminal laws of the State and/or serving civil processes.

(n) Each justice of the peace required to assess and collect the additional cost provided for in this law shall, on or before the first day of each month, transmit such cost so collected, giving the name of the case in which such cost was taxed, to the clerk of the superior court of the county in which such case was tried, who will forthwith remit such funds to the Treasurer of the State of North Carolina as in all other cases. Failure of any justice of the peace to comply with the terms of this subsection shall make such justice of the peace liable for removal from office by the resident judge of the judicial district in which such action was tried.

(o) No State employees participating in the retirement benefits of this Article shall be eligible to participate in the retirement benefits provided by Public Laws, 1941, Chapter 25, known as "The Teachers' and State Employees' Retirement System Act."

(p) No State employee participating in the retirement benefits of this article shall be eligible to participate in the retirement benefits provided by "The Teachers' and State Employees' Retirement System Act," G.S. 135-1 et seq.

(q) The right of a person to a pension, an annuity, or a retirement allowance, to the return of contributions, the pension, annuity, or retirement allowance itself, any optional benefit or any other right accrued or accruing to any person under the provisions of this section, and the moneys in the various funds created by this section, are hereby exempt from any State or municipal tax, and exempt from levy and sale, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this section specifically otherwise provided.

(r) One third of the sum derived from the court costs provided for in subsection (a) of this section shall be set aside and held in a separate fund, designated as "Separate Benefit Fund," to be used for the payment of benefits as hereinafter provided.

(s) The Board of Commissioners shall have control of all payments to be made from the "Separate Benefit Fund." It shall hear and decide all applications for benefits created and allowed under this subsection, and shall have power to make all necessary rules and regulations for its administration and government, and for the employees in the proper discharge of their duties, and it shall have the power to make decisions on applications for benefits and its decision thereon shall be final and conclusive and not subject to review or reversal, except by the Board itself. The Board of Commissioners shall have authority to determine the eligibility or status of any applicant of any and all of those who come within the categories of law-enforcement officers named in subsection (m) of this section, in accordance with general rules and regulations adopted by the Board, and the decision of the Board of Commissioners as to such membership, eligibility or status shall be final.

(t) The Board of Commissioners shall have power and authority to promulgate rules and regulations and to set up standards under and by which it may determine eligibility for benefits under this subsection, of a law-enforcement officer, (as defined in this section) and to determine the amounts to be paid after it is determined by the Board that such officer is eligible. Notwithstanding the foregoing, no person shall be eligible for benefits hereunder unless he is in active service as a law-enforcement officer at the occurrence of a contingency for which benefits may be payable, or unless he has retired from such service on or after July 1, 1965. Eligibility shall be determined without regard to whether or not an officer is a member of the retirement fund established by this section. Benefits may be provided by the Board, within the availability of funds, as follows:

(1) A lump sum payable to the designated beneficiary upon the death of an eligible officer;

(2) Hospital, surgical, and medical benefits covering eligible officers, their legal spouses, and their dependent children under 18 years of age.

(u) The benefits provided for in subsection (t) of this section shall be in addition to all benefits provided for in subsections (b) through (q) of of this section.

(v) If the amount derived from the increase in court costs provided by this section shall not be sufficient at any time to enable the Board of Commissioners to pay each person entitled to benefits in full, then an equitably graded percentage of such payment or payments shall be made to each beneficiary until the "Separate Benefit Fund" is replenished sufficiently to warrant resumption thereafter of full benefits to each of said beneficiaries.

(w) "Local fund" shall mean any local pension fund, or local benefit fund, or local association established before July 1, 1965, under authorization of law and operated to provide benefits for law-enforcement officers of any political subdivision within the year beginning July 1, 1965.

At such date as the Board of Commissioners may determine, but not later

than September 30, 1966, the Board may, but need not, cause to be paid from the "Separate Benefit Fund" to a local fund a portion of the income previously received by the "Separate Benefit Fund" within the year beginning July 1, 1965, from court costs collected in the political subdivision and to whose officers such local fund has provided benefits. Such portion, if any, shall be determined in the sole discretion of the Board of Commissioners, after its review of any pertinent information which shall be furnished by such political subdivision at the request of such Board, and after its review of the operation and experience of the "Separate Benefit Fund" to June 30, 1966, or, if earlier, to the date of such determination. Any decision or action hereunder by the Board of Commissioners shall be final and conclusive. Editor's Note. — The first 1971 amendment, in subsection (j), substituted "at least 15 years of membership service in the fund" for "had twenty years' continuous service as such peace officer in this State" in the first sentence, deleted "and" at the end of that sentence, substituted "at least 15 years of membership service and the age at which a member may be deemed eligible to apply for retirement benefits" for "twenty years of continuous service" in the second sentence, and substituted "mean all officers employed by the State of North Carolina" for the language formerly appearing between "meaning of this Article shall" and "or any political subdivision" in subsection (m).

The second 1971 amendment inserted "or Wildlife Fund" in the second sentence of the last paragraph of subsection (i).

The third 1971 amendment, in the third paragraph of subsection (i), substituted "any one or more of the following" for "either or both" and added subdivision (3). The amendment also added the language following "contribution" in the first sentence of the fourth paragraph of subsection (i).

Session Laws 1971, c. 837, contains provisions as to transfer of wildlife protectors from the Teachers' and State Employees' Retirement System to the Law-Enforcement Officers' Benefit and Retirement Fund. Session Laws 1973, c. 572, contains provisions as to the transfer of law-enforcement officer who are members of the Teachers' and State Employees' Retirement System or the Local Governmental Employees' Retirement System to the Law-Enforcement Officers' Benefit and Retirement Fund.

For note on estuarine pollution, see 49 N.C.L. Rev. 921 (1971).

State Government Reorganization. — The Board of Water and Air Resources was transferred to the Department of Natural and Economic Resources by § 143A-120, enacted by Session Laws 1971, c. 864.

The Water Control Advisory Council and the Air Control Advisory Council were transferred to the Department of Natural and Economic Resources by § 143A-121, enacted by Session Laws 1971, c. 864.

§ 143-214.1. Water; water quality standards and classifications; duties of Board. — (a) The Board is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article:

(1) To develop and adopt, after proper study, a series of classifications and the standards applicable to each such classification, which will be appropriate for the purpose of classifying each of the waters of the State in such a way as to promote the policy and purposes of this Article most effectively;

(2) To survey all the waters of the State and to separately identify all such waters as the Board believes ought to be classified separately in order to promote the policy and purposes of this Article, omitting only such waters, as in the opinion of the Board, are insufficiently important to justify classification or control under this Article; and

(3) To assign to each identified water of the State such classification, from the series adopted as specified above, as the Board deems proper in order to promote the policy and purposes of this Article most effectively.

(b) Criteria for Classification. — In developing and adopting classifications, and the standards applicable to each, the Board shall recognize that a number of different classifications should be provided for (with different standards applicable to each) so as to give effect to the need for balancing conflicting considerations as to usage and other variable factors; that different classifications with different standards applicable thereto may frequently be appropriate for different segments of the same water; and that each classification and the standards applicable thereto should be adopted with primary reference to the best usage to be made of the waters to which such classification will be assigned.

(c) Criteria for Standards. — In establishing the standards applicable to each classification, the Board shall consider and the standards when finally adopted and published shall state: the extent to which any physical, chemical, or biological properties should be prescribed as essential to the contemplated best usage.

(d) Criteria for Assignment of Classifications. — In assigning to each identified water the appropriate classifications (with its accompanying standards), the Board shall consider, and the decision of the Board when finally adopted and published shall contain its conclusions with respect to the following factors as related to such identified waters:

(1) The size, depth, surface area covered, volume, direction and rate of flow, stream gradient and temperature of the water;

(2) The character of the district bordering said water, including any peculiar suitability such district may have or any dominant economic interest or development which has become established in relation to or by reason of any particular use of such water;

(3) The uses and extent thereof which have been made, are being made, or may in the future be made, of such water for domestic consumption, bathing, fish or wildlife and their culture, industrial consumption, transportation, fire prevention, power generation, scientific or research uses, the disposal of sewage, industrial wastes and other wastes, or any other uses.

(e) Proposed Adoption and Assignment of Classification. — Prior to the adoption by the Board of the series of classifications and standards applicable thereto as specified in subsection (a)(1) of this section, prior to the assignment by the Board of any such classifications to any waters as specified in subsection (a)(3) of this section, and prior to any modification of any of such actions previously taken by the Board, the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect to any such proposed action in accordance with the following requirements:

(1) Notice of any such hearing shall be given not less than 20 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the Board proposes to take. The notice shall either include details of such proposed action, or where such proposed action, as in the case of proposed assignments of classifications to identified waters, is too lengthy for publication, as hereinafter provided for, the notice shall specify that copies of such detailed proposed action can be obtained on request from the office of the Board in sufficient quantity to satisfy the requests of all interested persons.

(2) Any such notice shall be published at least once in one newspaper of general circulation circulated in each county of the State in which the water area affected is located, and a copy of such notice shall be mailed to each person on the mailing list required to be kept by the Board pursuant to the provisions of G.S. 143-215.4.

(3) Any person who desires to be heard at any such public hearing shall give notice thereof in writing to the Board on or before the first date set for the hearing. The Board is authorized to set reasonable time limits for the oral presentation of views by any one person at any such public hearing. The Board shall permit anyone who so desires to file a written argument or other statement with the Board in relation to any proposed action of the Board any time within 30 days following the conclusion of any public hearing or within any such additional time as the Board may allow by notice given as prescribed in this section.

(f) Final Adoption and Assignment of Classification. — Upon completion of hearings and consideration of submitted evidence and arguments with respect to any proposed action of the Board pursuant to this section, the Board shall adopt its final action with respect thereto and shall publish such final action as part of its official regulations. When final action has been adopted and is published with respect to the assignment of classifications applicable to the identified waters of any one or more watersheds within the State, the Board shall likewise publish as part of its official regulations, the effective date for the application of the provisions of G.S. 143-215.1 and 143-215.2 to persons within such watershed or watersheds.

(g) Board's Power to Modify or Revoke. — The Board is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this Part; any such modification or revocation,

however, to be subject to the procedural requirements of this Article. (1951, c. 606; 1957, c. 1275, s. 2; 1967, c. 892, s. 1; 1969, c. 822, s. 1.)

Editor's Note. — Session Laws 1969, c. 822, which inserted "scientific or research uses" in subdivision (3) of subsection (d) provides: "It is hereby declared to be the intent of this act to clarify the authority of the North Carolina Board of Water and Air Resources to classify streams under the water pollution control laws for scientific or research uses. It is further declared to be the intent of this act that the Board of Water and Air Resources may develop a supplemental classification of streams for scientific or research uses together with standards applicable to said classification, and that said classification may be assigned to any identified waters (whether previously classified or reclassified or proposed for reclassification) pursuant to the procedures prescribed by law for classification or reclassification of waters."

For note on estuarine pollution, see 49 N.C.L. Rev. 921 (1971).

§ 143-214.2. Prohibited discharges. — (a) The discharge of any radiological, chemical or biological warfare agent or high-level radioactive waste to the waters of the State is prohibited.

(b) The discharge of any wastes to the subsurface or groundwaters of the State by means of wells is prohibited.

(c) The discharge of wastes, including thermal discharges, to the open waters of the Atlantic Ocean over which the State has jurisdiction are prohibited, except where such discharges are permitted pursuant to regulation duly adopted by the Board. (1973, c. 698, s. 2.)

Editor's Note. — Session Laws 1973, c. 698, s. 18, contains a severability clause.

§ 143-215. Effluent standards and limitations. — (a) The Board is authorized and directed to develop, adopt, modify and revoke effluent standards and limitations as it determines necessary to prohibit, abate, or control water pollution. The effluent standards or limitations may provide, without limitation, standards or limitations for any point source or sources; standards, limitations or prohibitions for toxic wastes or combinations of toxic wastes discharged from any point source or sources; and pretreatment standards for wastes discharged to any disposal system subject to effluent standards or limitations.

(b) The effluent standards and limitations developed and adopted by the Board shall be promulgated in its official regulations as provided in G.S. 143-215.3(a)(1) and shall provide limitations upon the effluents discharged from pretreatment facilities and from outlets and point sources to the waters of the State adequate to limit the waste loads upon the waters of the State to the extent necessary to maintain or enhance the chemical, physical, biological and radiological integrity of the waters concomitant with the public interest therein and the best use thereof; to preserve and protect the public health, safety and welfare; to promote propagation of and protect fish, shellfish and wildlife; to prevent damage to private and public property; and to preserve and enhance esthetic values. (1967, c. 892, s. 1; 1971, c. 1167, s. 5; 1973, c. 821, s. 4.)

Editor's Note. — The 1971 amendment added a provision relating to motor vehicle emission tests and standards to subsection (a) of this section as it stood before the 1973 amendment.

The 1973 amendment rewrote this section, which formerly related to air quality standards and classifications.

Session Laws 1973, c. 821, s. 7, contains a severability clause.

§ 143-215.1. Control of sources of water pollution; permits required. — (a) After the effective date of water quality standards and classifications established pursuant to G.S. 143-214.1 or effluent standards or limitations established pursuant to G.S. 143-215, no person shall do any of the following things or carry out any of the following activities until or unless such person shall have applied for and shall have received from the Board a permit therefor and shall have complied with such conditions, if any, as are prescribed by such permit:

(1) Make any outlets into the waters of the State;

(2) Construct or operate any sewer system, treatment works, or disposal system within the State;

(3) Alter, extend, or change the construction or method of operation of any sewer system, treatment works, or disposal system within the State;

(4) Increase the quantity of waste discharged through any outlet or processed in any treatment works or disposal system to an extent which would result in any violation of the effluent standards or limitations established for any point source or which would adversely affect the condition of the receiving waters to the extent of violating any of the standards applicable to such water, or to an extent beyond such minimum limits as the Board may prescribe, by way of general exemption from the provisions of this subdivision, by its official regulations;

(5) Change the nature of the waste discharged through any disposal system in any way which would exceed the effluent standards or limitations established for any point source or which would adversely affect the condition of the receiving waters in relation to any of the standards applicable to such waters;

(6) Cause or permit any waste, directly or indirectly, to be discharged to or in any manner intermixed with the waters of the State in violation of the water quality standards applicable to the assigned classifications or in violation of any effluent standards or limitations established for any point source, unless allowed as a condition of any permit, special order or other appropriate instrument issued or entered into by the Board under the provisions of this Article;

(7) Cause or permit any wastes for which pretreatment is required by pretreatment standards to be discharged, directly or indirectly, from a pretreatment facility to any disposal system or to alter, extend or change the construction or method of operation or increase the quantity or change the nature of the waste discharged from or processed in such facility;

(8) Enter into a contract for the construction and installation of any outlet, sewer system, treatment works, pretreatment facility or disposal system or for the alteration or extension of any such facilities.

In the event that both effluent standards or limitations and classifications and water quality standards are applicable to any point source or sources and to the waters to which they discharge, the more stringent among the standards established by the Board shall be applicable and controlling.

In connection with the above, no such permit shall be granted for the disposal of waste into waters classified as sources of public water supply, where the Department of Human Resources determines and advises the Board that such disposal is sufficiently close to the intake works or proposed intake works of a public water supply as to have an adverse effect thereon, until the Board has referred the complete plans and specifications to the Commission for Health Services and has received advice in writing that same are approved in accordance with the provisions of G.S. 130-161.

In any case where the Board denies a permit, it shall state in writing the reason for such denial and shall also state the Board's estimate of the changes in the applicant's proposed activities or plans which will be required in order that the applicant may obtain a permit.

(b) Board's Power as to Permits. — The Board shall act upon all applications for permits so as to effectuate the purpose of this section, by preventing, so far as reasonably possible, any pollution or any increased pollution of the waters of the State from any additional or enlarged sources.

The Board shall have the power:

(1) To grant a permit with such conditions attached as the Board believes necessary to achieve the purposes of this section;

(2) To grant any temporary permit for such period of time as the Board shall specify even though the action allowed by such permit may result in pollution or increased pollution where conditions make such temporary permit essential; and

(3) To modify or revoke any permit upon not less than 60 days' written notice to any person affected.

No permit shall be denied and no condition shall be attached to the permit, except when the Board finds such denial or such conditions necessary to effectuate the purposes of this section.

(c) Applications for Permits and Renewals for Pretreatment Facilities and for Other Facilities Discharging to the Surface Waters.—

(1) All applications for permits and for renewal of existing permits for pretreatment facilities, outlets and point sources and for treatment works and disposal systems discharging to the surface waters of the State shall be in writing, and the Board may prescribe the form of such applications. All applications shall be filed with the Board at least 180 days in advance of the date on which it is desired to commence the discharge of wastes or the date on which an existing permit expires, as the case may be. The Board shall act on all applications for permits as rapidly as possible, but it shall have the power to request such information from the applicant and to conduct such inquiry or investigation as it may deem necessary prior to acting on any application. The Board may adopt such rules as it deems necessary, to be published as a part of its rules of procedure, with respect to the consideration of any application for permit or renewal and to the granting or denial thereof. Such rules may require the submission of plans and specifications and such other information as the Board deems necessary to the proper evaluation of the application.

(2) The Board, pursuant to appropriate rules of procedure adopted by it, shall refer each application for permit, or renewal of an existing permit, for pretreatment facilities, outlets and point sources and treatment works and disposal systems discharging to the surface waters of the State to its staff for written evaluation and proposed determination with regard to issuance or denial of the permit. If the Board concurs in the proposed determination, it shall cause notice of the application and of the proposed determination, along with any other data that the Board may determine appropriate, to be given to the appropriate State, interstate and federal agencies, to interested persons, and to the public. The Board, through its official rules, shall prescribe the form and content of the notice.

The notice required herein shall be given at least 45 days prior to any proposed final action granting or denying the permit. Public notice shall be given by posting a copy of the notice at the courthouse in the county in which the pretreatment facility, outlet or point source or treatment works or disposal system discharging to the surface waters of the State lies and by publication of the notice one time in a newspaper having general circulation within the county.

(3) If any person desires a public hearing on any application for permit or renewal of an existing permit provided for in this subsection, he shall so request in writing to the Board within 30 days following date of the notice of application. The Board shall consider all such requests for hearing, and if the Board

determines that there is a significant public interest in holding such hearing, at least 30 days' notice of such hearing shall be given to all persons to whom notice of application was sent and to any other person requesting notice. At least 30 days prior to the date of hearing, the Board shall also cause a copy of the notice thereof to be posted at the courthouse door of the county in which the pretreatment facility, outlet, point source, treatment works or disposal system lies, and shall cause the notice to be published at least one time in a newspaper having general circulation in such county. The Board, through its official rules, shall prescribe the form and content of the notices.

The Board shall adopt appropriate rules and regulations governing the procedures to be followed in such hearings. If the hearing is not conducted by the Board, detailed minutes of the meeting shall be kept and shall be submitted, along with any other written comments, exhibits or documents presented at the hearing, to the Board for its consideration prior to final action granting or denying the permit.

(4) Forty-five days following notice of application or, if a public hearing is held, within 90 days following consideration of the matters and things presented at such hearing, the Board shall grant or deny any application for issuance of a new permit or for renewal of an existing permit. All permits or renewals issued by the Board and all decisions denying application for permit or renewal shall be in writing.

(5) No permit issued pursuant to this subsection (c) shall be issued or renewed for a term exceeding five years.

(d) Applications and Permits for Sewer Systems, Sewer System Extensions, and for Wastewater Treatment Facilities Not Discharging to the Surface Waters of the State. — All applications for new permits and for renewals of existing permits for sewer systems, sewer system extensions and for disposal systems or treatment works which do not discharge to the surface waters of the State, and all permits or renewals and decisions denying any application for permit or renewal shall be in writing. The Board shall act on all applications for permits as rapidly as possible, but it shall have power to request such information from an applicant and to conduct such inquiry or investigation as it may deem necessary prior to acting on any application for a permit. Failure of the Board to take action on an application for a permit or renewal within 90 days after all data, plans, specifications and other required information have been furnished by the applicant, shall be treated as approval of such application. The Board shall adopt such rules and regulations as it deems necessary, establishing the form of and procedures for processing applications, permits and renewals. Such regulations may require the submission of plans and specifications and other information as the Board deems necessary to the proper evaluation of an application. Permits and renewals issued in approving such facilities pursuant to this subsection (d) shall be effective until the date specified therein or until rescinded unless modified or revoked by the Board.

(e) Hearings and Appeals. — Any person whose application for a permit or renewal is denied, or is granted subject to conditions which are unacceptable to such person, or whose permit is modified or revoked, shall have the right to a hearing before the Board upon making demand therefor within 30 days following the giving of notice by the Board as to its decision on such application. Unless such a demand for a hearing is made, the decision of the Board on the application shall be final and binding. If demand for a hearing is made, the procedure with respect thereto and with respect to all further proceedings shall be as specified in G.S. 143-215.4 and in any applicable rules of procedure of the Board.

Editor's Note. — The 1971 amendment added subsection (a)(6).

The first 1973 amendment substituted "Department of Human Resources" and "Commission for Health Services" for "State Board of Health" in the third paragraph of subsection (a) as it appeared before the second 1973 amendment.

The second 1973 amendment rewrote subsections (a) through (d) and inserted "or renewal" near the beginning of the first sentence of subsection (e).

The third paragraph of subsection (a) of the section rewritten by the second 1973 amendment corresponds to the first sentence of the second paragraph of subsection (a) in the section as it stood before the amendments, and, therefore, the substitutions made by the first 1973 amendment have been made in that paragraph in the section as set out above.

§ 143-215.2. Special orders. — (a) Issuance. — The Board is hereby empowered, after the effective date of classifications, standards and limitations adopted pursuant to G.S. 143-214.1 or G.S. 143-215, to issue (and from time to time to modify or revoke) a special order, or other appropriate instrument, to any person whom it finds responsible for causing or contributing to any pollution of the waters of the State within the area for which standards have been established. Such an order or instrument may direct such person to take, or refrain from taking such action, or to achieve such results, within a period of time specified by such special order, as the Board deems necessary and feasible in order to alleviate or eliminate such pollution. The Board is authorized to enter into consent special orders, assurances of voluntary compliance or other similar documents by agreement with the person responsible for pollution of the water and such document shall have the same force and effect as a special order of the Board issued pursuant to hearing.

(b) Procedure. — No special order shall be issued by the Board (unless issued upon consent of the person affected thereby) except after a hearing in accordance with the procedural requirements specified in G.S. 143-215.4 and in any applicable rules of procedure of the Board. Every special order shall be based on and shall set forth the findings of fact resulting from evidence presented at such hearing and shall specify the time within which the person against whom such order is issued shall achieve the results required by the special order.

(c) Appeals. — Any person against whom a special order is issued shall have the right to appeal in accordance with the provisions of G.S. 143-215.5. Unless such appeal is taken within the prescribed time limit, the special order of the Board shall be final and binding.

(d) Effect of Compliance. — Any person who installs a treatment works for the purpose of alleviating or eliminating water pollution in compliance with the terms of, or as a result of the conditions specified in, a permit issued [pursuant] to G.S. 143-215.1, or a special order, consent special order, assurance of voluntary compliance or similar document issued pursuant to this section, or a final decision of the Board or a court, rendered pursuant to either of said sections, shall not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State law relating to the control of water pollution, for a period to be fixed by the Board or court as it shall deem fair and reasonable in the light of all the circumstances after the date when such special order, consent special order, assurance of voluntary compliance, other document, or decision, or the conditions of such permit become finally effective, if:

(1) The treatment works result in the elimination or alleviation of water pollution to the extent required by such permit, special order, consent special order, assurance of voluntary compliance or other document, or decision and complies with any other terms thereof; and

(2) Such person complies with the terms and conditions of such permit, special order, consent special order, assurance of voluntary compliance, other document, or decision within the time limit, if any, specified therein or as the same may be extended, and thereafter remains in compliance. (1951, c. 606; 1955, c. 1131, s. 2; 1967, c. 892, s. 1; 1973, c. 698, s. 3.)

§ 143-215.3. General powers of Board; auxiliary powers. — (a) In addition to the specific powers prescribed elsewhere in this Article, and for the purpose of carrying out its duties, the Board shall have the power:

(1) To adopt from time to time and to modify and revoke official regulations interpreting and applying the provisions of this Article and rules of procedure establishing and amplifying the procedures to be followed in the administration of this Article: Provided, that no regulations and no rules of procedure shall be effective nor enforceable until published and filed as prescribed by G.S. 143-215.4;

(2) To conduct such investigations as it may reasonably deem necessary to carry out its duties as prescribed by this Article, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition of any waters and the discharge therein of any sewage, industrial waste or other waste or for the purpose of investigating the condition of the air, air pollution, air contaminant sources, emissions or the installation and operation of any air-cleaning devices, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the operation of any air-cleaning device, sewer system, disposal system or treatment works: Provided, that no person shall be required to disclose any secret formula, processes, or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties;

(3) To conduct public hearings and to delegate the power to conduct public hearings in accordance with the procedures prescribed by this Article;

(4) To delegate such of the powers of the Board as the Board deems necessary to one or more of its members, to its director, assistant director, or to any other qualified employee of the Board; provided, that the provisions of any such delegation of power shall be set forth in the official regulations of the Board; and provided further that the Board shall not delegate to persons other than its own members and its own qualified employees the power to conduct hearings with respect to the classification of waters, the assignment of classifications, air quality standards, air contaminant source classifications, emission control standards, or the issuance of any special order except in the case of an emergency under subsection (a)(12) for the abatement of existing water or air pollution. Any employee of the Department of Natural and Economic Resources to

whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Board.

(5) To institute such actions in the superior court of any county in which a violation of this Article or the rules or regulations of the Board has occurred, or, in the discretion of the Board, in the superior court of the county in which any defendant resides, or has his or its principal place of business, as the Board may deem necessary for the enforcement of any of the provisions of this Article or of any official action of the Board, including proceedings to enforce subpoenas or for the punishment of contempt of the Board;

(6) To agree upon or enter into any settlements or compromises of any actions and to prosecute any appeals or other proceedings.

(7) To investigate any killing of fish and wildlife which, in the opinion of the Board, is of sufficient magnitude to justify investigation and is known or believed to have resulted from the pollution of the waters or air as defined in this Article, and whenever any person, whether or not he shall have been issued a certificate of approval, permit or other document of approval authorized by this or any other State law, has negligently, or carelessly or unlawfully, or willfully and unlawfully, caused pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as the result thereof, the Board may recover, in the name of the State, damages from such person. The measure of damages shall be the amount determined by the Board and the North Carolina Wildlife Resources Commission or the North Carolina Department of Conservation and Development, whichever has jurisdiction over the fish or wildlife destroyed, to be the replacement costs thereof plus the cost of all reasonable and necessary investigations made or caused to be made by the State in connection therewith. Upon receipt of the estimate of damages caused, the Board shall notify the persons responsible for the destruction of the fish or wildlife in question and may effect such settlement as it deems proper and reasonable, and if no settlement is reached within a reasonable time, the Board shall bring a civil action to recover such damages in the superior court in the county in which the discharge took place. Upon such action being brought the superior court shall have jurisdiction to hear and determine all issues or questions of law or fact, arising on the pleadings, including issues of liability and the amount of damages. On such hearing, the estimate of the replacement costs of the fish or wildlife destroyed shall be prima facie evidence of the actual replacement costs of such fish or wildlife. In arriving at such estimate, any reasonably accurate method may be used and it shall not be necessary for any agent of the Wildlife Resources Commission or the Department of Conservation and Development to collect, handle or weigh numerous specimens of dead fish or wildlife.

The State of North Carolina shall be deemed the owner of the fish or wildlife killed and all actions for recovery shall be brought by the Board on behalf of the State as the owner of the fish or wildlife. The fact that the person or persons alleged to be responsible for the pollution which killed the fish or wildlife holds or has held a certificate of approval, permit or other document of approval authorized by this Article or any other law of the State shall not bar any such action. The proceeds of any recovery had, less the cost of investigations, recovered and retained or otherwise disbursed by the Board to the appropriate investigating agencies, shall be paid to the appropriate State agency to be used to replace, insofar as and as promptly as possible, the fish and wildlife killed, or in cases where

replacement is not practicable, the proceeds shall be used in whatever manner the responsible agency deems proper for improving the fish and wildlife habitat in question. Any such funds received are hereby appropriated for these designated purposes. Nothing in this paragraph shall be construed in any way to limit or prevent any other action which is now authorized by this Article.

(8) After issuance of an appropriate order, to withhold the granting of any permit or permits pursuant to G.S. 143-215.1 or G.S. 143-215.108 for the construction or operation of any new or additional disposal system or systems or air-cleaning device or devices in any area of the State. Such order may be issued only upon determination by the Board, after public hearing held pursuant to the provisions of G.S. 143-215.4, that the permitting of any new or additional source or sources of water or air pollution will result in a generalized condition of water or air pollution within the area contrary to the public interest, detrimental to the public health, safety, and welfare, and contrary to the policy and intent declared in this Article. The Board may make reasonable distinctions among the various sources of water and air pollution and may direct that its order shall apply only to those sources which it determines will result in a generalized condition of water or air pollution.

The determination of the Board shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall prohibit the issuance of permits pending a determination by the Board that the generalized condition of water or air pollution has ceased.

Notice of hearing shall be given by publication at least once a week for two successive weeks in a newspaper or newspapers having general circulation within the area, the date of the first publication to be at least 20 days prior to the date of hearing; and by registered or certified mail at least 20 days in advance of hearing to the governing body of each county, city, town, metropolitan sewerage district, water and sewer district and any other political subdivision lying, in whole or in part, within the area; to every person within the area whose permit application is pending; to every affected or interested agency of local, State, and federal government; and to any other person whom the Board believes to have a direct interest therein.

Any person who is adversely affected by the order of the Board may seek judicial review of the order pursuant to the provisions of G.S. 143-215.5; and the order shall not be stayed by the appeal.

(9) If an investigation conducted pursuant to this Article reveals a violation of any regulations, standards, or limitations adopted by the Board pursuant to this Article, or a violation of any terms or conditions of any permit issued pursuant to G.S. 143-215.1 or G.S. 143-215.108, or special order or other document issued pursuant to G.S. 143-215.2 or G.S. 143-215.109, the Board may assess the reasonable costs of any investigation, inspection or monitoring survey which revealed the violation against the person responsible therefor. If the violation resulted in an unauthorized discharge to the waters or atmosphere of the State, the Board may also assess the person responsible for the violation for any actual and necessary costs incurred by the State in removing, correcting or abating any adverse effects upon the water or air resulting from the unauthorized discharge. If the person responsible for the violation refuses or fails within a reasonable time to pay any sums assessed,

the Board may institute a civil action in the superior court of the county in which the violation occurred or, in the Board's discretion, in the superior court of the county in which such person resides or has his or its principal place of business, to recover such sums.

(10) To require any laboratory facility performing or seeking to perform any tests, analyses, measurements, or monitoring required by this Article or regulations of the Board implementing the provisions of this Article to be certified by the Board in accordance with standards established for such facilities in its regulations; and to charge a reasonable fee for certifying any such laboratory facility.

(11) Local Air Pollution Control Programs.

a. To review and have general oversight and supervision over all existing or proposed local air pollution control programs and to this end shall review and certify such programs as being adequate to meet the requirements of this Article and any applicable standards and rules and regulations pursuant thereto. The Board shall certify any local program which:

1. Provides by ordinance or local law for requirements compatible with those imposed by the provisions of this Article, and the standards and rules and regulations issued pursuant thereto; provided, however, the Board upon request of a municipality or other local unit may grant special permission for the governing body of such unit to adopt a particular class of air contaminant regulations which would result in more effective air pollution control than applicable standards, rules, or regulations promulgated by the Board;
2. Provides for the adequate enforcement of such requirements by appropriate administrative and judicial process;
3. Provides for an adequate administrative organization, staff, financial and other resources necessary to effectively and efficiently carry out its programs; and
4. Is approved by the Board as adequate to meet the requirements of this Article and any applicable rules and regulations pursuant thereto.

b. No municipality, county, local board or commission or group of municipalities and counties may establish and administer an air pollution control program unless such program meets the requirements of subdivision (11) of subsection (a) of this section and is so certified by the Board.

c. If the Board finds that the location, character or extent of particular concentrations of population, air contaminant sources, the geographic, topographic or meteorological considerations, or any combinations thereof, are such as to make impracticable the maintenance of appropriate levels of air quality without an area-wide air pollution control program, the Board may determine the boundaries within which such program is necessary and require such area-wide program as the only acceptable alternative to direct State administration.

d. 1. If the Board has reason to believe that a local air pollution control program certified and in force pursuant to the provisions of this section is inadequate to abate or control air pollution in the jurisdiction to which such program relates, or that such program is being administered in a manner inconsistent with the requirements of this Article, the Board shall, upon due notice, conduct a hearing on the matter.

2. If, after such hearing the Board determines that an existing local air pollution control program or one which has been certified by the Board is inadequate to abate or control air pollution in the municipality, county, or municipalities or counties to which such program relates, or that such program is not accomplishing the purposes of this Article, it shall set forth in its findings the corrective measures necessary for continued certification and shall specify a reasonable period of time, not to exceed one year, in which such measures must be taken if certification is not to be rescinded.
3. If the municipality, county, local board or commission or municipalities or counties fail to take such necessary corrective action within the time specified, the Board shall rescind any certification as may have been issued for such program and shall administer within such municipality, county, or municipalities or counties all of the regulatory provisions of this Article. Such air pollution control program shall supersede all municipal, county or local laws, regulations, ordinances and requirements in the affected jurisdiction.
4. If the Board finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local air pollution control authorities or may be more efficiently and economically performed at the State level, it may assume and retain jurisdiction over that class of air contaminant source. Classification pursuant to this paragraph may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.
5. Any municipality or county in which the Board administers its air pollution control program pursuant to paragraph 3 of this subdivision may, with the approval of the Board, establish or resume a municipal, county, or local air pollution control program which meets the requirements for certification by the Board.
6. Nothing in this Article shall be construed to supersede or oust the jurisdiction of any local air pollution control program in operation on June 22, 1967; provided that within two years from such date any such program shall meet all requirements of this Article for certification by the Board as an approved local air pollution control program. Any certification required from the Board shall be deemed granted unless the Board takes specific action to the contrary.
7. Any municipality, county, local board or commission or municipalities or counties or designated area of this State for which a local air pollution control program is established or proposed for establishment may make application for, receive, administer and expend federal grant funds for the control of air pollution or the development and administration of programs related to air pollution control; provided that any such application is first submitted to and approved by the Board. The Board shall approve any such application if it

is consistent with this Article and other applicable requirements of law.

8. Notwithstanding any other provision of this section, if the Board determines that an air pollution source or combination of sources is operating in violation of the provisions of this Article and that the appropriate local authorities have not acted to abate such violation, the Board, upon written notice to the appropriate local governing body, may act on behalf of the State to require any person causing or contributing to the pollution to cease immediately the emissions of air pollutants causing or contributing to the violation or may require such other action as it shall deem necessary.

e. Local air pollution control programs authorized. —

1. The governing body of any county, municipality, or group of counties and municipalities within a designated area of the State, as defined in this Article, subject to the approval of the Board of Water and Air Resources, is hereby authorized to establish, administer, and enforce a local air pollution control program for the county, municipality, or designated area of the State which includes but is not limited to:

i. Development of a comprehensive plan for the control and abatement of new and existing sources of air pollution;

ii. Air quality monitoring to determine existing air quality and to define problem areas, as well as to provide background data to show the effectiveness of a pollution abatement program;

iii. An emissions inventory to identify specific sources of air contamination and the contaminants emitted, together with the quantity of material discharged into the outdoor atmosphere;

iv. Adoption, after notice and public hearing, of air quality and emission control standards, or adoption by reference, without public hearing, of any applicable rules, regulations and standards duly adopted by the Board of Water and Air Resources; and administration of such rules, regulations and standards in accordance with provisions of this subdivision.

v. Provisions for the establishment or approval of time schedules for the control or abatement of existing sources of air pollution and for the review of plans and specifications and issuance of approval documents covering the construction and operation of pollution abatement facilities at existing or new sources;

vi. Provision for adequate administrative staff, including an air pollution control officer and technical personnel, and provision for laboratory and other necessary facilities.

2. Each governing body is authorized to adopt any ordinances, resolutions, rules or regulations which are necessary to establish and maintain an air pollution control program and to prescribe and enforce air quality and emission control standards, a copy of which

must be filed with the State Board of Water and Air Resources and with the clerk of court of any county affected. Provisions may be made therein for the registration of air contaminant sources; for the requirement of a permit to do or carry out specified activities relating to the control of air pollution, including procedures for application, issuance, denial and revocation; for notification of violators or potential violators about requirements or conditions for compliance; for procedures to grant temporary permits or variances from requirements or standards; for the declaration of an emergency when it is found that a generalized condition of air pollution is causing imminent danger to the health or safety of the public and the issuance of an order to the responsible person or persons to reduce or discontinue immediately the emission of air contaminants; for notice and hearing procedures for persons aggrieved by any action or order of any authorized agent; for the establishment of an advisory council and for other administrative arrangements; and for other matters necessary to establish and maintain an air pollution control program.

3. The penalty for violation of any of the requirements contained in such ordinances, resolutions, rules or regulations shall, upon conviction, be a fine of not more than fifty dollars ($50.00) or imprisonment for not more than 30 days, except that the penalty for violation of an order for the abatement of air pollution issued by the governing body after notice and hearing shall, upon conviction, be a fine of not more than two hundred fifty dollars ($250.00) or imprisonment for not more than 30 days. Each day in violation shall constitute a separate offense and shall be subject to the foregoing penalties.

4. Each governing body, or its duly authorized agent, may institute a civil action in the superior court, brought in the name of the agency having jurisdiction, for injunctive relief to restrain any violation or immediately threatened violation of such ordinances, orders, rules, or regulations and for such other relief as the court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Article for any violation of same.

5. In addition, each governing body is authorized to expend tax funds, nontax funds, or any other funds available to it to finance an air pollution control program and such expenditures are hereby declared to be for a public purpose and a necessary expense.

6. Any final administrative decision rendered in an air pollution control program of such governing body shall be subject to judicial review as provided by Article 33 of Chapter 143, and "administrative agency" or "agency" as used therein shall mean and include for this purpose the governing body of any county or municipality, regional air pollution control governing

board, and any agency created by them in connection with an air pollution control program.

f. Administration of county or municipal air pollution control programs. — Subject to the approval of the Board of Water and Air Resources as provided in this Article, the governing body of any county or municipality may establish, administer, and enforce an air pollution control program by either of the following methods:

1. Establishing a program under the administration of the duly elected governing body of the county or municipality;
2. Appointing an air pollution control board consisting of not less than five nor more than seven members who shall serve for terms of six years each and until their successors are appointed and qualified. Two members shall be appointed for two-year terms, two shall be appointed for four-year terms, and the remaining member or members shall be appointed for six-year terms. Where the term "governing body" is referred to in this section, it shall include the air pollution control board. Such board shall have all the powers and authorities granted to any local air pollution control program. The board shall elect a chairman and shall meet at least quarterly or upon the call of the chairman or any two members of the board;
3. Appointing an air pollution control board as provided in this section, and by appropriate written agreement designating the local health department or other department of county or municipal government as the administrative agent for the air pollution control board; and
4. Designating, by appropriate written agreement, the local board of health and the local health department as the air pollution control board and agency.

g. Creation and administration of regional air pollution control programs. — In addition to any other powers provided by law and subject to the provisions of this section, each governing body of a county or municipality is hereby authorized and empowered to establish by contract, joint resolution, or other agreement with any other governing body of a county or municipality, upon approval by the Board of Water and Air Resources, an air pollution control region containing any part or all of the geographical area within the jurisdiction of those boards or governing bodies which are parties to such agreement, provided the counties involved in the region are contiguous or lie in a continuous boundary and comprise the total area contained in any region designated by the Board of Water and Air Resources for an area-wide program. The participating parties are authorized to appoint a regional air pollution control board which shall consist of at least five members who shall serve for terms of six years and until their successors are appointed and qualified. Two members shall be appointed for two-year terms, two shall be appointed for four-year terms and the remaining member or members shall be appointed for six-year terms. A participant's representation on the board shall be in relation to its population to the total population of the region based on the latest official United States census with each participant in the

region having at least one representative; provided, that where the region is comprised of less than five counties, each participant will be entitled to appoint members in relation to its population to that of the region so as to provide a board of at least five members. Where the term "governing body" is used, it shall include the governing board of a region. The regional board is hereby authorized to exercise any and all of the powers provided in this section. The regional air pollution control board shall elect a chairman and shall meet at least quarterly or upon the call of the chairman or any two members of the board. In lieu of employing its own staff, the regional air pollution control board is authorized, through appropriate written agreement, to designate a local health department as its administrative agent.

(12) To declare an emergency when it finds that a generalized condition of water or air pollution which is causing imminent danger to the health or safety of the public. Regardless of any other provisions of law, if the Department finds that such a condition of water or air pollution exists and that it creates an emergency requiring immediate action to protect the public health and safety or to protect fish und wildlife, the assistant director, with the approval of the director and the concurrence of the Governor, shall order persons causing or contributing to the water or air pollution in question to reduce or discontinue immediately the emission of air contaminants or the discharge of wastes. Immediately after the issuance of such order, the chairman of the Board shall fix a place and time for a hearing before the Board to be held within 24 hours after issuance of such order, and within 24 hours after the commencement of such hearing, and without adjournment thereof, the Board shall either affirm, modify or set aside the order of the assistant director.

In the absence of a generalized condition of air or water pollution of the type referred to above, if the assistant director finds that the emissions from one or more air contaminant sources or the discharge of wastes from one or more sources of water pollution is causing imminent danger to human health and safety or to fish und wildlife, he may with the approval of the director and the concurrence of the Governor order the person or persons responsible for the operation or operations in question to immediately reduce or discontinue the emissions of air contaminants or the discharge of wastes or to take such other measures as are, in his judgment, necessary, without regard to any other provisions of this Article. In such event, the requirements for hearing and affirmance, modification or setting aside of such orders set forth in the preceding paragraph of this provision shall apply.

(13) To certify and approve for eligibility any qualified application for State or federal grant funds available for the construction, modification, extension, maintenance, or operation of a disposal system or portion thereof. As a condition of certification and approval of any such application and of the permit issued pursuant to G.S. 143-215.1, the Board may require that the applicant conform to all applicable requirements of the State or federal laws and programs under which said grant funds are available.

Nothing in this subsection shall be construed to limit any power which the Governor or any other officer may have to declare an emergency and act on the basis of such declaration, if such power is conferred by statute or constitutional provision, or inheres in the office.

(b) Research Functions. — The Board shall have the power to conduct scientific experiments, research, and investigations to discover economical and

practical corrective methods for air pollution and waste disposal problems. To this end, the Board may cooperate with any public or private agency or agencies in the conduct of such experiments, research, and investigations, and may, when funds permit, establish research studies in any North Carolina educational institution, with the consent of such institution. In addition, the Board shall have the power to cooperate and enter into contracts with technical divisions of State agencies, institutions and with municipalities, industries, and other persons in the execution of such surveys, studies, and research as it may deem necessary in fulfilling its functions under this Article. All State departments shall advise with and cooperate with the Board on matters of mutual interest,

(c) Relation with the Federal Government. — The Board as official water and air pollution control agency for the State is delegated to act in local administration of all matters covered by any existing federal statutes and future legislation by Congress relating to water and air quality control.

(d) Relations with Other States. — The Board may, with the approval of the Governor, consult with qualified representatives of adjoining states relative to the establishment of regulations for the protection of waters and air of mutual interest, but the approval of the General Assembly shall be required to make any regulations binding.

(e) Variances. — Any person subject to the provisions of G.S. 143-215.1 or G.S. 143-215.108 may apply to the Board for a variance from rules, regulations, standards or limitations established pursuant to G.S. 143-214.1, G.S. 143-215, or G.S. 143-215.107. The Board may grant such variance, but only after public hearing on due notice, if it finds that:

(1) The discharge of waste or the emission of air contaminants occurring or proposed to occur do not endanger human health or safety; and

(2) Compliance with the rules, regulations, standards or limitations from which variance is sought cannot be achieved by application of best available technology economically achievable at the time of application for such variance, or would produce serious hardship without equal or greater benefits to the public. (d) Hearings. — The following provisions, together with any additional provisions not inconsistent herewith which the Board may prescribe, shall be applicable in connection with hearings pursuant to this Article, except where other provisions are applicable in connection with specific types of hearings:

(1) Any hearing held pursuant to G.S. 143-215.1 and 143-215.2 or 143-215.3, except those held pursuant to subsection (a)(12) of G.S. 143-215.3, whether called at the instance of the Board or of any person, shall be held upon not less than 30 days' written notice given by the Board to any person who is, or is entitled to be, a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(6) The burden of proof at any hearing shall be upon the person or the Board, as the case may be, at whose instance the hearing is being held.

(7) No decision or order of the Board shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.

(8) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within such time as prescribed by the Board proposed findings of fact and conclusions of law and any brief in connection therewith. The record in the proceeding shall show the Board's ruling with respect to each such requested finding of fact and conclusion of law.

§ 143-215.5. Judicial review. — (a) Any person against whom a final order or decision has been entered by a hearing officer pursuant to G.S. 143-215.4(d) shall be entitled to a review of the order or decision by the full Board upon written demand by such person within 10 days following notice of the order or decision given by registered or certified mail. The Board shall review the order or decision, the transcript of evidence and exhibits submitted at hearing, and other pertinent matters, and, if good ground be shown therefor, shall reconsider the evidence, receive further evidence, rehear the parties or their representatives, and affirm, modify, or vacate the order or decision. If the order or decision was entered pursuant to a hearing conducted by a member or members of the Board, such member or members shall be disqualified from

At the conclusion of the hearing, the judge shall make findings of fact and enter his decision thereto. Appeals from the judgment and orders of the superior court shall lie to the Court of Appeals. No bond shall be required of the Board to the Court of Appeals.

(1) Upon appeal filed by any party, the Board shall forthwith furnish each party to the proceeding with a copy of a certified transcript and exhibits filed with the Board. A reasonable charge shall be paid the Board for said copies.

e. Refuses access to the Board or its duly designated representatives to any premises for the purpose of conducting any investigations provided for in this Article.

f. Violates any duly adopted regulation of the Board implementing the provisions of this Article.

(2) If any action or failure to act for which a penalty may be assessed under this subsection is willful, the Board may assess a penalty not

to exceed five thousand dollars ($5,000) per day for so long as the violation continues.

(3) The Board may assess the penalties provided for in this subsection. Any person assessed shall be notified of the assessment by registered or certified mail, and the notice shall specify the reasons for the assessment. If the person assessed fails to pay the amount of the assessment to the Department of Natural and Economic Resources within 30 days after receipt of notice, or such longer period, not to exceed 180 days, as the Board may specify, the Board may institute a civil action in the superior court of the county in which the violation occurred or, in the discretion of the Board, in the superior court of the county in which the person assessed resides or has his or its principal place of business, to recover the amount of the assessment. In any such civil action, the scope of the court's review of the Board's action (which shall include a review of the amount of the assessment), shall be as provided in G.S. 143-315.

(b) Criminal Penalties. —

(1) Any person who willfully or negligently violates any classification, standard or limitation established pursuant to G.S. 143-214.1 or G.S. 143-215; any term, condition, or requirement of a permit issued pursuant to G.S. 143-215.1 or of a special order or other appropriate document issued pursuant to G.S. 143-215.2; or any regulation of the Board implementing any of the said sections, shall be guilty of a misdemeanor punishable by a fine not to exceed twenty-five thousand dollars ($25,000) per day of violation, or by imprisonment not to exceed six months, or by both.

(2) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Article or regulations of the Board implementing this Article, or who falsifies, tampers with, or knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Article or regulations of the Board implementing this Article, shall be guilty of a misdemeanor punishable by a fine not to exceed ten thousand dollars ($10,000), or by imprisonment not to exceed six months, or by both.

(3) Any person convicted of an offense under either subdivision (1) or subdivision (2) of this subsection following a previous conviction under such subdivision shall be subject to a fine, or imprisonment, or both, not exceeding twice the amount of the fine, or twice the term of imprisonment provided in the subdivision under which the second or subsequent conviction occurs.

(4) For purposes of this subsection, the term "person" shall mean, in addition to the definition contained in G.S. 143-213, any responsible corporate or public officer or employee; provided, however, that where a vote of the people is required to effectuate the intent and purpose of this Article by a county, city, town, or other political subdivision of the State, and the vote on the referendum is against the means or machinery for carrying said intent and purpose into effect, then, and only then, this subsection shall not apply to elected officials or to any responsible appointed officials or employees of such county, city, town, or political subdivision.

(c) Injunctive Relief. — Whenever the Department of Natural and Economic Resources has reasonable cause to believe that any person has violated or is threatening to violate any of the provisions of this Article or any regulations adopted by the Board implementing the provisions of this Article, the Department of Natural and Economic Resources may, either before or after the institution of any other action or proceeding authorized by this Article,

request the Attorney General to institute a civil action in the name of the State upon the relation of the Department of Natural and Economic Resources for injunctive relief to restrain the violation or threatened violation and for such other and further relief in the premises as the court shall deem proper. The Attorney General may institute such action in the superior court of the county in which the violation occurred or may occur or, in his discretion, in the superior court of the county in which the person responsible for the violation or threatened violation resides or has his or its principal place of business. Upon a determination by the court that the alleged violation of the provisions of this Article or the regulations of the Board has occurred or is threatened, the court shall grant the relief necessary to prevent or abate the violation or threatened violation. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed for violation of this Article. (1951, c. 606; 1967, c. 892, s. 1; 1973, c. 698, s. 12; c. 712, s. 2.)

Editor's Note. — The first 1973 amendment rewrote this section.

The second 1973 amendment added to subsection (a) of this section as it stood before the enactment of the amendments a new subdivision (3), reading as follows:

"(3) To willfully and unlawfully cause pollution of the waters or air as defined in this Article, in such quantity, concentration or manner that fish or wildlife are killed as a result thereof in such numbers as to justify investigation pursuant to G.S. 143-215.3(a)(7)."

Session Laws 1973, c. 698, s. 18, contains a severability clause.

(1951, c. 606; 1957, c. 1357, s. 11; 1967, c. 892, s. 1; 1973, c. 476, s. 128.

Editor's Note. — The 1973 amendment substituted "Department of Human Resources" for "State Board of Health" and "North Carolina State Board of Health."

§ 143-215.8: Repealed by Session Laws 1973, c. 698, s. 13.

Cross Reference. — For present provisions covering the subject matter of the repealed section, see § 143-215.6, subsection (c).

§ 143-215.8A. Planning. — (a) Policy, Purpose and Intent. — The Board and Department of Natural and Economic Resources shall undertake a continuing planning process to develop and adopt plans and programs to assure that the policy, purpose and intent declared in this Article are carried out with regard to establishing and enforcing standards of water purity designed to protect human health, to prevent injury to plant and animal life, to prevent damage to public and private property, to enhance the quality of the environment, to insure the continued enjoyment of the natural attractions of the State, to encourage the expansion of employment opportunities, to provide a permanent foundation for healthy industrial development, and to insure the beneficial use of the water resources of the State.

(b) Goals. — The goals of the continuing planning process shall be the enhancement of the quality of life and protection of the environment through

development by the Board of water quality plans and programs utilizing the resources of the State on a priority basis to attain, maintain, and enhance water quality standards and water purity throughout the State.

(c) Statewide and Regional Planning. — The planning process may be conducted on a statewide or regional basis, as the Board shall determine appropriate. If the Board elects to proceed on a regional basis, it shall delineate the boundaries of each region by preparation of appropriate maps; by description referring to geographical features, established landmarks or political boundaries; or such other manner that the extent and limits of each region shall be easily ascertainable. The Board shall consult officials and agencies of localities and regions in the development of plans affecting those areas.

(d) Local Planning Organizations. — The Board shall submit to the Governor or his designee any plans, projections, data, comments or recommendations that he may request. If the Governor determines that the goals of this section will be more expeditiously and efficiently achieved, he may designate a representative organization, capable of carrying out a planning process for any region of the State or area therein, to develop plans, consistent with the State's water quality management plans, for the control or abatement of water pollution within such region or area. The Board shall consult with, advise, and assist any organization so designated in the preparation of its plans and shall submit to the Governor the Board's comments and recommendations regarding such plans. All such organizations shall submit plans developed by them to the Governor for review, and no plan shall be effective until concurred in and approved by him.

(e) Interstate Planning Regions. — The Governor may consult and cooperate with the governor of any adjoining state in establishing an interstate planning region or area and in designating a representative organization, capable of carrying out a planning process for the region or area, to develop plans, consistent with the State's water quality management plans, for the control or abatement of water pollution within such region or area, if he determines that such region or area has common water quality control problems for which an interstate plan would be most effective.

(f) The Board shall establish procedures for the development, revision and modification of plans under this section through adoption of appropriate rules and regulations. The rules and regulations of the Board shall establish procedures for public hearing on all plans prior to their adoption, modification or revision, and upon adoption, they shall become the official water quality management plans of the State. (1973, c. 698, s. 13.)

Editor's Note. — Session Laws 1973, c. 698, s. 18, contains a severability clause.

Insofar as practicable the expenses necessary to carry out the provisions of this Article and of such transfers made under authority of same shall be provided out of appropriations made to the presently existing agencies whose functions are to be transferred to the Board, and in the event additional funds are necessary to carry out the provisions of this Article, the Governor, with the approval of the Council of State, is hereby authorized to appropriate such additional funds from the Contingency and Emergency Fund.

(b) No transfer of functions to the Board as provided for in this section and in this Article shall affect any action, suit, proceeding, prosecution, contract, lease or other transaction, classification, standards, orders, permits or other approval documents issued or reports involving any function which was initiated, undertaken or entered into prior to or pending the time of the transfer, and the title or name of the department or board shall be substituted for the agency from which the function was transferred, and so far as practicable the procedure provided for in this Article shall be employed in completing or disposing of the matter. Part 2. Regulation of Use of Water Resources.

§ 143-215.11. Short title. — This Part shall be known and may be cited as the Water Use Act of 1967. (1967, c. 933, s. 1.)

§ 143-215.12. Declaration of purpose. — It is hereby declared that the general welfare and public interest require that the water resources of the State be put to beneficial use to the fullest extent to which they are capable, subject to reasonable regulation in order to conserve these resources and to provide and maintain conditions which are conducive to the development and use of water resources. (1967, c. 933, s. 2.)

§ 143-215.13. Declaration of capacity use areas. — (a) The Board may declare and delineate from time to time, and may modify, capacity use areas of the State where it finds that the use of groundwater or surface water or both

require coordination and limited regulation for protection of the interests and rights of residents or property owners of such areas or of the public interest.

(b) Within the meaning of this Part "a capacity use area" is one where the Board finds that the aggregate uses of groundwater or surface water, or both, in or affecting said area (i) have developed or threatened to develop to a degree which requires coordination and regulation, or (ii) exceed or threaten to exceed, or otherwise threaten or impair, the renewal or replenishment of such waters or any part of them.

(c) The Board may declare and delineate capacity use areas in accordance with the following procedures:

(1) Whenever the Board believes that a capacity use situation exists or may be emerging in any area of the State, it may direct the Department to investigate and report to the Board thereon.

(2) In conducting its investigation the Department shall consult with all interested persons, groups and agencies; may retain consultants; and shall consider all factors relevant to the conservation and use of water in the area, including established or pending water classifications under the Stream Sanitation Law and the criteria for such classifications. Following its investigation the Department shall render a written report to the Board. This report shall include the Department's findings and recommendations as to whether the water use problems of the area involve surface waters, groundwaters or both; whether effective measures can be employed limited to surface water or to groundwater; and whether timely action by any agency or person may preclude the need for additional regulation at that time. The report shall also include such other findings and recommendations as the Department deems appropriate, including recommended boundaries for any capacity use area that may be proposed.

(3) If the Board finds, following its review of the departmental report (or thereafter following its evaluation of measures taken falling short of regulation) that a capacity use area should be declared, it may adopt an order declaring said capacity use area. Prior to adopting such an order the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect to such proposed action.

(4) Such notice shall be given not less than 30 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the Board proposes to take. The notice shall either include details of such proposed action, or where such proposed action is too lengthy for publication the notice shall specify that copies of such detailed proposed action shall be obtained on request from the office of the Board in sufficient quantity to satisfy the requests of all interested persons.

(5) Any such notice shall be published at least once in one newspaper of general circulation circulated in each county of the State in which the water area affected is located, and a copy of such notice shall be mailed to each person on the mailing list required to be kept by the Board pursuant to the provisions of G.S. 143-215.15.

(6) Any person who desires to be heard at any such public hearing shall give notice thereof in writing to the Board on or before the first date set for the hearing. The Board is authorized to set reasonable time limits for the oral presentation of views by any one person at any such public hearing. The Board shall permit anyone who so desires to file a written argument or other statement with the Board in relation to any proposed action of the Board any time within 30 days following the conclusion of any public hearing or within any

such additional time as the Board may allow by notice given as prescribed in this section.

(7) Upon completion of hearings and consideration of submitted evidence and arguments with respect to any proposed action by the Board pursuant to this paragraph, the Board shall adopt its final action with respect thereto and shall publish such final action as part of its official regulations. The Board is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this section, any such modification or revocation, however, to be subject to the procedural requirements of this Part, including notice and hearing. If the Board finds and orders that a capacity use area shall be declared, its order shall include a delineation of the boundary of said area, and the Board shall instruct the Director of the Department to prepare proposed regulations consistent with the provisions of this Part and commensurate with the degree of control needed from among the classes of permissible regulations set forth in G.S. 143-215.14.

(d) The Board may conduct a public hearing pursuant to the provisions of G.S. 143-215.4 in any area of the State, whether or not a capacity use area has been declared, when it has reason to believe that the withdrawal of water from or the discharge of water pollutants to the waters in such area is having an unreasonably adverse effect upon such waters. If the Board determines, pursuant to hearing, that withdrawals of water from or discharge of water pollutants to the waters within such area has resulted or probably will result in a generalized condition of water depletion or water pollution within the area to the extent that the availability or fitness for use of such water has been impaired for existing or proposed uses and that injury to the public health, safety or welfare will result if increased or additional withdrawals or discharges occur, the Board may issue an order:

(1) Prohibiting any person withdrawing waters in excess of one hundred thousand (100,000) gallons per day from increasing the amount of the withdrawal above such limit as may be established in the order.

(2) Prohibiting any person from constructing, installing or operating any new well or withdrawal facilities having a capacity in excess of a rate established in the order; but such prohibition shall not extend to any new well or facility having a capacity of less than ten thousand (10,000) gallons per day.

(3) Prohibiting any person discharging water pollutants to the waters from increasing the rate of discharge in excess of the rate established in the order.

(4) Prohibiting any person from constructing, installing or operating any facility that will or may result in the discharge of water pollutants to the waters in excess of the rate established in the order.

(5) Prohibiting any agency or political subdivision of the State from issuing any permit or similar document for the construction, installation, or operation of any new or existing facilities for withdrawing water from or discharging water pollutants to the waters in such area in excess of the rates established in the order.

The determination of the Board shall be supported by detailed findings of fact and conclusions set forth in the order and based upon competent evidence of record. The order shall describe the geographical area of the State affected thereby with particularity and shall provide that the prohibitions set forth therein shall continue pending a determination by the Board that the generalized condition of water depletion or water pollution within the area has ceased.

Notice setting forth the time, place and purpose of the hearing and a description by geographical or political boundaries of the area affected shall be given:

(1) By publication at least once a week for two successive weeks in a newspaper or newspapers having general circulation within the area, the date of the first publication to be at least 20 days prior to the date of hearing;

(2) By mailing copies of the notice by registered or certified mail at least 20 days in advance of hearing to the governing body of every county, city, town, and affected political subdivision lying in whole or in part within the area and to every affected or interested State and federal agency; and

(3) By posting a copy of the notice at the courthouse in every county lying, in whole or in part, within the area.

The Board is also authorized, in the exercise of its discretion, to mail copies of notice by first-class mail to any person who it believes will or may be interested in or affected by the hearing.

Upon issuance of any order by the Board pursuant to this subsection, a certified copy of such order shall be mailed by registered or certified mail to the governing body of every county, city, town, and affected political subdivision lying, in whole or in part, within the area and to every affected or interested State and federal agency. A certified copy of the order shall be posted at the courthouse in every county lying, in whole or in part, within the area, and a notice setting forth the substantive provisions and effective date of the order shall be published once a week for two successive weeks in a newspaper or newspapers having general circulation within the area. After publication of notice is completed, any person violating any provision of such order after the effective date thereof shall be subject to the penalties and proceedings set forth in G.S. 143-215.17.

Any person who is adversely affected by an order of the Board issued pursuant to this subsection may seek judicial review of the order pursuant to the provisions of G.S. 143-215.5; and the order shall not be stayed by the appeal. (1967, c. 933, s. 3; 1973, c. 698, s. 14.)

Editor's Note. — The 1973 amendment added subsection (d). Session Laws 1973, c. 698, s. 18, contains a severability clause.

§ 143-215.14. Regulations within capacity use areas; scope and procedures. — (a) Following the declaration of a capacity use area by the Board, it shall prepare proposed regulations to be applied in said area, containing such of the following provisions as the Board finds appropriate concerning the use of surface waters or groundwaters or both:

(1) Provisions requiring water users within the area to submit reports not more frequently than at 30-day intervals concerning quantity of water used or withdrawn, sources of water and the nature of the use thereof.

(2) With respect to surface waters, groundwaters, or both: provisions concerning the timing of withdrawals; provisions to protect against or abate salt water encroachment; provisions to protect against or abate unreasonable adverse effects on other water users within the area, including but not limited to adverse effects on public use.

(3) With respect to ground waters: provisions concerning well spacing controls; and provisions establishing a range of prescribed pumping levels (elevations below which water may not be pumped) or maximum pumping rates, or both, in wells or for the aquifer or for any part thereof based on the capacities and characteristics of the aquifer.

(4) Such other provisions not inconsistent with this Part as the Board finds necessary to implement the purposes of this Part.

(b) The Board shall conduct one or more hearings upon the proposed regulations, upon notice, in accordance with the requirements of subdivisions (4)-(6) of G.S. 143-215.13(c). Upon completion of the hearings and consideration of submitted evidence and arguments with respect to any proposed regulation,

the Board shall adopt its final action with respect thereto, and shall publish such final action as part of its official regulations. The Board is empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this section, any such modifications or revocations, however, to be subject to the procedural requirements of this Part, including notice and hearing. (1967, c. 933, s. 4.)

§ 143-215.15. Permits for water use within capacity use areas — procedures. — (a) In areas declared by the Board to be capacity use areas no person shall (after the expiration of such period, not in excess of six months, as the Board may designate) withdraw, obtain, or utilize surface waters or groundwaters or both, as the case may be, in excess of 100,000 gallons per day for any purpose unless such person shall first obtain a permit therefor from the Board.

(b) When sufficient evidence is provided by the applicant that the water withdrawn or used from a stream or the ground is not consumptively used, a permit therefor shall be issued by the Board without a hearing and without the conditions provided in subsection (c) of this section. Applications for such permits shall set forth such facts as the Board shall deem necessary to enable it to establish and maintain adequate records of all water uses within the capacity use area.

(c) In all cases in which sufficient evidence of a nonconsumptive use is not presented the Board shall notify each person required by this Part to secure a permit of the Board's proposed action concerning such permit, and shall transmit with such notice a copy of any permit it proposes to issue to such persons, which permit will become final unless a request for a hearing is made within 15 days from the date of service of such notice. The Board shall have the power: (i) to grant such permit with conditions as the Board deems necessary to implement the regulations adopted pursuant to G.S. 143-215.14; (ii) to grant any temporary permit for such period of time as the Board shall specify where conditions make such temporary permit essential, even though the action allowed by such permit may not be consistent with the Board's regulations applicable to such capacity use area; (iii) to modify or revoke any permit upon not less than 60 days' written notice to any person affected; and (iv) to deny such permit if the application therefor or the effect of the water use proposed or described therein upon the water resources of the area is found to be contrary to public interest. Any water user wishing to contest the proposed action shall be entitled to a hearing upon request therefor.

(d) In any proceeding pursuant to this section or G.S. 143-215.16 the Board shall give notice with respect to all steps of the proceeding only to each person directly affected by such proceeding who shall be made a party thereto. In all proceedings pursuant to G.S. 143-215.13 or 143-215.14 the Board shall give notice as provided by these sections, and it shall also give notice of all its official acts (such as the adoption of regulations or rules of procedure) which have, or are intended to have, general application and effect, to all persons on its mailing list on the date when such action is taken. It shall be the duty of the Board to keep such a mailing list on which it shall record the name and address of each person who requests listing thereon, together with the date of receipt of such request. Any person may, by written request to the Board ask to be permanently recorded on such mailing list.

(e) All notices which are required to be given by the Board or by any party to a proceeding shall be given by registered or certified mail to all persons entitled thereto, including the Board. The date of receipt or refusal for such registered or certified mail shall be the date when such notice is deemed to have been given. Notice by the Board may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the superior courts of this State. The Board may prescribe the form and content of any particular notice.

(f) The following provisions shall be applicable in connection with hearings pursuant to this Part:

(1) Any hearing held pursuant to this section or G.S. 143-215.16, whether called at the instance of the Board or of any person, shall be held upon not less than 30 days' written notice given by the Board to any person who is a party to the proceedings with respect to which such hearing is to be held, unless a shorter notice is agreed upon by all such parties.

(2) All hearings under this Part shall be before the Board, or before one or more of its own members or before one or more of its own qualified employees, and shall be open to the public. Any member or employee of the Board to whom a delegation of power is made to conduct a hearing shall report the hearing with its evidence and record to the Board for decision.

(3) A full and complete record of all proceedings at any hearing under this Part shall be taken by a reporter appointed by the Board or by other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Board.

(4) The Board and its duly authorized agents shall follow generally the procedures applicable in civil actions in the superior court insofar as practicable, including rules and procedures with regard to the taking and use of depositions, the making and use of stipulations, and the entering into of agreed settlements and consent orders.

(5) The Board, or the duly authorized agent of such Board, may administer oaths and may issue subpoenas for the attendance of witnesses and the production of books, papers, and other documents belonging to the said person.

(6) Subpoenas issued by the Board, in connection with any hearing under this Part shall be directed to any officer authorized by law to serve process, and the further procedures and rules of law applicable with respect thereto shall be prescribed in connection with subpoenas to the same extent as if issued by a court of record. In case of a refusal to obey a subpoena issued by the Board, application may be made to the superior court of the appropriate county for enforcement thereof.

(7) The burden of proof at any hearing under this Part shall be upon the person or the Board, as the case may be, at whose instance the hearing is being held.

(8) No decision or order of the Board shall be made in any proceeding unless the same is supported by competent, material and substantial evidence upon consideration of the whole record.

(9) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within 30 days or within such additional time as prescribed by the Board, proposed findings of fact and conclusions of law and any brief in connection therewith.

(10) All orders and decisions of the Board shall set forth separately the Board's findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Board is based.

(11) The Board shall have the authority to adopt a seal which shall be the seal of said Board and which shall be judicially noticed by the courts of the State. Any document, proceeding, order, decree, special order, rule, regulation, rule of procedure or any other official act or records of the Board or its minutes may be certified by the Director or assistant director of the Department under his hand and the seal of the Board and when so certified shall be received in evidence in all actions or proceedings in the courts of the State without further proof of the identity of the same if such records are competent, relevant and material in any such action or proceeding. The Board shall have the

right to take judicial notice of all studies, reports, statistical data or any other official reports or records of the federal government or of any sister state and all such records, reports and data may be placed in evidence by the Board or by any other person or interested party where material, relevant and competent.

(g) Any person against whom any final order or decision has been made except where no appeal is allowed as provided by G.S. 143-215.2(j) shall have a right of appeal to the Superior Court of Wake County or of the county where the order or decision is effective within 30 days after such order or decision has become final. Upon such appeal the Board shall send a certified transcript of all testimony and exhibits introduced before the Board, the order or decision, and the notice of appeal to the superior court. The matter on appeal shall be heard and determined de novo on the transcript certified to the court and any evidence or additional evidence as shall be competent under rules of evidence then applicable to trials in the superior court without a jury upon any question of fact; provided, the court shall allow any party to introduce evidence or additional evidence upon any question of fact. At the conclusion of the hearing, the judge shall make findings of fact and enter his decision thereto. Appeals from the judgment and orders of the superior court shall lie to the appellate division. No bond shall be required of the Board to the appellate division.

(1) Upon appeal filed by any party, the Board shall forthwith furnish each party to the proceeding with a copy of the certified transcript and exhibits filed with the Board. A reasonable charge shall be paid the Board for said copies.
(2) Within 15 days after receipt of copy of certified transcript and exhibits, any party may file with the court exceptions to the accuracy or omissions of any evidence or exhibits included in or excluded from said transcript.

(h) In adopting any regulations pursuant to the provisions of G.S. 143-215.14, and in considering permit applications, revocations or modifications under this section, the Board shall consider:

(1) The number of persons using an aquifer or stream and the object, extent and necessity of their respective withdrawals or uses;
(2) The nature and size of the stream or aquifer;
(3) The physical and chemical nature of any impairment of the aquifer or stream, adversely affecting its availability or fitness for other water uses (including public use);
(4) The probable severity and duration of such impairment under foreseeable conditions;
(5) The injury to public health, safety or welfare which would result if such impairment were not prevented or abated;
(6) The kinds of businesses or activities to which the various uses are related;
(7) The importance and necessity of the uses claimed by permit applicants (under this section), or of the water uses of the area (under G.S. 143-215.14) and the extent of any injury or detriment caused or expected to be caused to other water uses (including public use);
(8) Diversion from or reduction of flows in other watercourses or aquifers; and
(9) Any other relevant factors. (1967, c. 933, s. 5; 1973, c. 108, s. 89; c. 698, s. 15.)

Editor's Note. — The first 1973 amendment substituted "appellate division" for "Supreme Court" in the fifth and sixth sentences of subsection (g).

The second 1973 amendment directed that "Court of Appeals" be substituted for "Supreme Court" in the fifth and sixth sentences of subsection (g). Since the words "Supreme Court" no longer appeared in these sentences at the time of enactment of the second amendatory act, subsection (g) is set out above as amended by the first 1973 act.

Session Laws 1973, c. 698, s. 18, contains a severability clause.

The reference in subsection (g) to § 143-215.2(j) is to that section as it stood before its amendment in 1973. Present § 143-215.2 contains no subsection (j).

§ 143-215.16. Permits for water use within capacity use areas — duration, transfer, reporting, measurement, present use, fees and penalties. — (a) No permit under G.S. 143-215.15 shall be issued for a longer period than the longest of the following: (i) 10 years, or (ii) the duration of the existence of a capacity use area, or (iii) the period found by the Board to be necessary for reasonable amortization of the applicant's water withdrawal and water using facilities. Permits may be renewed following their expiration upon compliance with the provisions of G.S. 143-215.15.

(b) Permits shall not be transferred except with the approval of the Board.

(c) Every person in a capacity use area who is required by this Part to secure a permit shall file with the Board in the manner prescribed by the Board a certified statement of quantities of water used and withdrawn, sources of water, and the nature of the use thereof not more frequently than 30-day intervals. Such statements shall be filed on forms furnished by the Board within 90 days after the adoption of an order by the Board declaring a capacity use area. Water users in a capacity use area not required to secure a permit shall comply with procedures established to protect and manage the water resources of the area. Such procedures shall be adapted to the specific needs of the area, shall be within the provisions of this and other North Carolina water resource acts, and shall be adopted after public hearing in the area. The requirements embodied in the two preceding sentences shall not apply to individual domestic water use.

(d) If any person who is required to secure a permit under this Part is unable to furnish accurate information concerning amounts of water being withdrawn or used, or if there is evidence that his certified statement is false or inaccurate or that he is withdrawing or using a larger quantity of water or under different conditions than has been authorized by the Board, the Board shall have the authority to require such person to install water meters, or some other more economical means for measuring water use acceptable to the Board. In determining the amount of water being withdrawn or used by a permit holder or applicant the Board may use the rated capacity of his pumps, the rated capacity of his cooling system, data furnished by the applicant, or the standards or methods employed by the United States Geological Survey in determining such quantities or by any other accepted method.

(e) In any case where a permit applicant can prove to the Board's satisfaction that the applicant was withdrawing or using water prior to the date of declaration of a capacity use area, the Board shall take into consideration the extent to which such prior use or withdrawal was reasonably necessary in the judgment of the Board to meet its needs, and shall grant a permit which shall meet those reasonable needs. Provided, however, that the granting of such permit shall not have unreasonably adverse effects upon other water uses in the area, including public use, and including potential as well as present use.

(f) The Board shall also take into consideration in the granting of any permit the prior investments of any person in lands, and plans for the usage of water in connection with such lands which plans have been submitted to the Board within a reasonable time after June 27, 1967. Provided, however, that the granting of such permit shall not have unreasonably adverse effects upon other water uses in the area, including public use, and including potential as well as present use.

(g) It is the intention of the General Assembly that if the provisions of subsection (e) or subsection (f) of this section are held invalid as a grant of an exclusive or separate emolument or privilege, within the meaning of Article I, Sec. 7 of the North Carolina Constitution, the remainder of this Part shall be given effect without the invalid provision or provisions.

(h) Pending the issuance or denial of a permit pursuant to subsection (e) or (f) of this section, the applicant may continue the same withdrawal or use which existed prior to the date of declaration of the capacity use area. (1967, c. 933, s. 6.)

Editor's Note. — The reference to the Constitution in subsection (g) is to the Constitution adopted in 1868, as amended. See now N.C. Const., Art. I, § 32.

§ 143-215.17. Violations. — (a) Penalties for Violations. — Any person who shall be adjudged to have violated any provision of this Part shall be guilty of a misdemeanor and shall be liable to a penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000) for each violation. In addition, if any person is adjudged to have committed such violation wilfully, the court may determine that each day during which such violation continued constitutes a separate violation subject to the foregoing penalty.

(b) Civil Actions. — In addition, upon violation of any of the provisions of this Part, or the regulations of the Board hereunder, the Secretary of the Department may, either before or after the institution of proceedings for the collection of the penalty imposed by this Part for such violation, institute, either in the county in which the violation occurred, or, at the Secretary's discretion, in the county wherein the violator resides or has his or its principal place of business, a civil action in the superior court in the name of the State upon relation of the Secretary of the Department for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Part for any violation of the same. (1967, c. 933, s. 7; 1973, c. 698, s. 16.)

Editor's Note. — The 1973 amendment substituted "Secretary" for "Director" in two places in the first sentence of subsection (b) and inserted in that sentence "either in the county in which the violation occurred, or, at the Secretary's discretion, in the county wherein the violator resides or has his or its principal place of business."

Session Laws 1973, c. 698, s. 18, contains a severability clause.

§ 143-215.18. Map or description of boundaries of capacity use areas. — (a) The Board in designating and the Department in recommending the boundaries of any capacity use area may define such boundaries by showing them on a map or drawings, by a written description, or by any combination thereof, to be designated appropriately and filed permanently with the Department. Alterations in these lines shall be indicated by appropriate entries upon or additions to such map or description. Such entries shall be made under the direction of the Director of the Department. Photographic, typed or other copies of such map or description, certified by the Director, shall be admitted in evidence in all courts and shall have the same force and effect as would the original map or description. If the boundaries are changed pursuant to other provisions of this Part, the Department may provide for the redrawing of any such map. A redrawn map shall supersede for all purposes the earlier map or all maps which it is designated to replace.

(b) The Department shall file with the Secretary of State a certified copy of the map, drawings, description or combination thereof, showing the boundaries of any capacity use area designated by the Board; and a certified copy of any redrawn or altered map or drawing, and of any amendments or additions to written descriptions, showing alterations to said boundaries. The filings required by this subsection shall constitute compliance with the requirements of Article 18 of Chapter 143 of the General Statutes. (1967, c. 933, s. 8.)

§ 143-215.19. Rights of investigation, entry, access and inspection. — The Board shall have the right to conduct such investigations as may reasonably be necessary to carry out its duties prescribed in this Part, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition withdrawal or use of any waters,

investigating water sources, or investigating the installation or operation of any well or surface water withdrawal or use facility, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the installation or operation of any well or surface water withdrawal or use facility; provided, that no person shall be required to disclose any secret formula, processes or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of a lawful inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties consistent with the provisions of this Part. (1967, c. 933, s. 9.)

§ **143-215.20. Rules and regulations.** — The Board may adopt and modify from time to time rules and regulations consistent with the provisions of this Part to implement the provisions of this Part. All such rules and regulations, and modifications thereof, shall be filed with the Secretary of State as required by Article 18 of Chapter 143 of the General Statutes. (1967, c. 933, s. 10.)

§ **143-215.21. Definitions.** — Unless the context otherwise requires, the following terms as used in this Part are defined as follows:

(1) "Area of the State" means any municipality or county or portion thereof or other substantial geographical area of the State as may be designated by the Board.
(2) "Board" means the Board of Water Resources or its successor.
(3) "Consumptive use" means any use of water withdrawn from a stream or the ground other than a "nonconsumptive use," as defined in this Part.
(4) "Department" means the Department of Water Resources, or its successor.
(5) "Nonconsumptive use" means (i) the use of water withdrawn from a stream in such a manner that it is returned to the stream without substantial diminution in quantity at or near the point from which it was taken; or, if the user owns both sides of the stream at the point of withdrawal, the water is returned to the stream upstream of the next property below the point of diversion on either side of the stream; (ii) the use of water withdrawn from a groundwater system or aquifer in such a manner that it is returned to the groundwater system or aquifer from which it was withdrawn without substantial diminution in quantity or substantial impairment in quality at or near the point from which it was withdrawn; (iii) provided, however, that (in determining whether a use of groundwater is nonconsumptive) the Board may take into consideration whether any material injury or detriment to other water users of the area by reason of reduction of water pressure in the aquifer or system has not been adequately compensated by the permit applicant who caused or substantially contributed to such injury or detriment.
(6) "Person" shall mean any and all persons, including individuals, firms, partnerships, associations, public or private institutions, municipalities or political subdivisions, governmental agencies, or private or public corporations organized under the laws of this State or any other state or country.
(7) "Waters" shall mean any stream, river, brook, swamp, lake, sound, tidal estuary, bay, creek, reservoir, waterway or any other body or accumulation of water, surface or underground, public or private, natural or artificial, which is contained within, flows through, or borders upon this State or any portion thereof, including those

portions of the Atlantic Ocean over which this State has jurisdiction. (1967, c. 933, s. 11.)

§ 143-215.22. Law of riparian rights not changed. — Nothing contained in this Part shall change or modify existing common or statutory law with respect to the relative rights of riparian owners concerning the use of surface water in this State. (1967, c. 933, s. 12.)

Part 3. Dam Safety Law.

§ 143-215.23. Short title. — This Part shall be known and may be cited as the Dam Safety Law of 1967. (1967, c. 1068, s. 1.)

§ 143-215.24. Declaration of purpose. — It is the purpose of this Part to provide for the certification and inspection of certain dams in the interest of public health, safety, and welfare, in order to reduce the risk of failure of such dams; to prevent injuries to persons, damage to property and loss of reservoir storage; and to ensure maintenance of stream flows below such dams of adequate quantity and quality. (1967, c. 1068, s. 2.)

§ 143-215.25. Definitions. — As used in this Part, unless the context otherwise requires:

(1) "Board" means the North Carolina Board of Water Resources.

(2) "Dam" means the dam (and appurtenant works) for the impoundment or diversion of water, except that it shall not include:

a. Any dam constructed by the United States Army Corps of Engineers, the Tennessee Valley Authority, or any other department or agency of the United States government, when such department or agency designed or approved plans and supervised construction.

b. Any dam or flood retarding structure constructed with financial assistance from the United States Soil Conservation Service, when said agency designed or approved plans and supervised construction.

c. The exemptions conferred by items a and b of this subdivision shall cease when the supervising federal agency relinquishes authority for operation and maintenance to a local entity.

d. Any dam licensed by the Federal Power Commission, or for which a license application is pending with the Federal Power Commission, or for use in connection with electric generating facilities to be constructed pursuant to a certificate of public convenience and necessity from the North Carolina Utilities Commission.

e. Any dam under a single private ownership, providing protection only to land or other property under such ownership, and posing no threat to life or property below the property under such single ownership.

f. Any dam less than 15 feet in height (measured from original stream bottom to crest of dam) or whose impoundment capacity is less than 10 acre-feet, or any dam costing less than five thousand dollars ($5,000).

(3) "Department" means the North Carolina Department of Water Resources.

(4) "Minimum stream flows" or "minimum flows" means stream flows of a quantity and quality sufficient in the judgment of the Department to meet and maintain stream classifications and water quality standards established by the State Stream Sanitation Committee under the North Carolina Stream Sanitation Law and applicable to the waters affected by the project under consideration. In order to ensure that such classifications and standards shall be met and

maintained, the Department may impose such conditions and requirements in orders and written approvals issued under this Part as, in its judgment, may be necessary to this end, including conditions and requirements relating to the release or discharge of designated flows from impoundments, the location or design of water outlets for impoundments and of water intakes, the amount and timing of withdrawal of water from a reservoir, and the construction of submerged weirs or other devices designed to satisfy minimum stream flow requirements.

(5) "Person" includes any and all persons, including individuals, firms, partnerships, associations, public or private institutions, municipalities or political subdivisions, governmental agencies, or private or public corporations organized or existing under the laws of this State or of any other state or country. (1967, c. 1068, s. 3.)

§ 143-215.26. Construction of dams. — (a) No person shall begin the construction of any dam, as defined by this Part, until at least 10 days after filing with the Department a statement concerning its height, impoundment capacity, purpose, location and other information required by the Department. Persons proposing construction described in G.S. 143-215.25, subparagraphs (2)e and f will comply with malaria control requirements of the Department of Human Resources. If on the basis of this information the Department is of the opinion that the proposed dam is not exempt from the provisions of this Part, it shall so notify the applicant, and construction shall not be commenced until a full application is filed by the applicant and approved as provided by G.S. 143-215.29. The Department may also require of applicants so notified the filing of such additional information as it deems necessary, including, but not limited to, streamflow and rainfall data, maps, plans and specifications. Every applicant for approval of a dam subject to the provisions of this Part shall also file with the Department the certificate of an engineer or contractor legally qualified in the State of North Carolina that he is responsible for the design of the dam, and that said design is safe and adequate. Should the applicant have a professional engineering staff the certificate of a registered professional engineer member of that staff legally qualified in the State of North Carolina will constitute compliance.

(b) When an application has been completed pursuant to the preceding subsection, the Department shall refer copies of the completed application papers to the Department of Human Resources, the Wildlife Resources Commission, the Department of Conservation and Development, the Board of Transportation, and such other State and local agencies as it deems appropriate for review and comment. (1967, c. 1068, s. 4; 1973, c. 476, s. 128; c. 507, s. 5.)

Editor's Note. — The first 1973 amendment substituted "Department of Human Resources" for "State Board of Health."

The second 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in subsection (b).

§ 143-215.27. Repair, alteration, or removal of dam. — (a) Before commencing the repair, alteration or removal of a dam, application shall be made for written approval by the Department, except as otherwise provided by this Part. The application shall state the name and address of the applicant, shall adequately detail the changes it proposes to effect and shall be accompanied by maps, plans and specifications setting forth such details and dimensions as the Department requires. The Department may waive any such requirements. The application shall give such other information concerning the dam and reservoir required by the Department, such information concerning the safety of any change as it may require, and shall state the proposed time of commencement and completion of the work. When an application has been completed it shall be referred by the Department for agency review and report,

as provided by subsection (b) of G.S. 143-215.26 in the case of original construction.

(b) When repairs are necesssary to safeguard life and property they may be started immediately but the Department shall be notified forthwith of the proposed repairs and of the work under way, and they shall be made to conform to its orders. (1967, c. 1068, s. 5.)

§ 143-215.28. Action by Board upon applications. — (a) Following receipt of agency comments the Board shall approve, disapprove, or approve subject to conditions necessary to ensure safety and to satisfy minimum stream flow requirements, all applications made pursuant to this Part.

(b) A defective application shall not be rejected but notice of the defects shall be sent to the applicant by registered mail. If the applicant fails to file a perfected application within 30 days the original shall be canceled unless further time is allowed.

(c) If the Board disapproves an application, one copy shall be returned with a statement of its objections. If an application is approved, the approval shall be attached thereto, and a copy returned by registered mail. Approval shall be granted under terms, conditions and limitations which the Board deems necessary to safeguard life and property.

(d) Construction shall be commenced within one year after the date of approval of the application or such approval is void. The Board upon written application and good cause shown may extend the time for commencing construction. Notice by registered mail shall be given the Board at least 10 days before construction is commenced. (1967, c. 1068, s. 6.)

§ 143-215.29. Supervision by qualified engineers; reports and modification during work. — (a) Any project for which the Board's approval is required under G.S. 143-215.26 and 143-215.27 shall be designed and supervised by an engineer legally qualified in the State of North Carolina.

(b) During the construction, enlargement, repair, alteration or removal of a dam, the Board may require such progress reports from the supervising engineer as it deems necessary.

(c) If during construction, reconstruction, repair, alteration or enlargement of any dam, the Board finds the work is not being done in accordance with the provisions of the approval and the approved plans and specifications, it shall give written notice by registered mail or personal service to the person who received the approval and to the person in charge of construction at the dam. The notice shall state the particulars in which compliance has not been made, and shall order immediate compliance with the terms of the approval, and the approved plans and specifications. The Board may order that no further construction work be undertaken until such compliance has been effected and approved by the Board. A failure to comply with the approval and the approved plans and specifications shall render the approval revocable unless compliance is made after notice as provided in this section. (1967, c. 1068, s. 7.)

§ 143-215.30. Notice of completion; certification of final approval. — (a) Immediately upon completion, enlargement, repair, alteration or removal of a dam, notice of completion shall be given the Board. As soon as possible thereafter supplementary drawings or descriptive matter showing or describing the dam as actually constructed shall be filed with the Board in such detail as the Board may require.

(b) When an existing dam is enlarged, the supplementary drawings and descriptive matter need apply only to the new work.

(c) The completed work shall be inspected by the supervising engineers, and upon finding that the work has been done as required and that the dam is safe and satisfies minimum stream flow requirements, they shall file with the Board a certificate that the work has been completed in accordance with approved design, plans, specifications and other requirements. Unless the Board has reason to believe that the dam is unsafe or is not in compliance with

any applicable requirement, regulation, or law, the Board shall grant final approval of the work in accordance with the certificate, subject to such terms as it deems necessary for the protection of life and property.

(d) Pending issuance of the Board's final approval, the dam shall not be used except on written consent of the Board, subject to conditions it may impose. (1967, c. 1068, s. 8.)

§ 143-215.31. Supervision over maintenance and operation of dams. — The Board shall have jurisdiction and supervision over the maintenance and operation of dams to safeguard life and property and to satisfy minimum stream flow requirements. The Board is hereby authorized to adopt such standards for maintenance and operation of dams as may be necessary for the purposes of this Part. In its discretion the Board may vary the standards applicable to various dams, giving due consideration to the minimum flow requirements of the stream, the type and location of the structure, the hazards to which it may be exposed, and the peril of life and property in the event of failure of a dam to perform its function. (1967, c. 1068, s. 9.)

§ 143-215.32. Inspection of dams. — (a) The Board is hereby authorized at any time to inspect through consulting engineers any dam upon receipt of a written request of any affected person or agency, or upon its own motion. Within the limits of available funds the Board shall endeavor to provide for inspection of all dams at intervals of approximately five years.

(b) If the Board finds that any dam is not sufficiently strong, or is not maintained in good repair or operating condition, or is dangerous to life or property, or does not satisfy minimum stream flow requirements, the Board shall issue an order directing the owner or owners of the dam to make at his or their expense such maintenance, alteration, repair, reconstruction, change in construction or location, or removal as may be deemed necessary by the Board within a time to be limited by the order, not less than 90 days from the date of issuance of each order, except in the case of extreme danger to the safety of life or property, as provided by subsection (c) of this section.

(c) If at any time the condition of any dam becomes so dangerous to the safety of life or property, in the opinion of the Board, as not to permit sufficient time for issuance of an order in the manner provided by subsection (b) of this section, the Board may immediately take such measures as may be essential to provide emergency protection to life and property, including the lowering of the level of a reservoir by releasing water impounded or the destruction in whole or in part of the dam or reservoir. The Board may recover the costs of such measures from the owner or owners by appropriate legal action. (1967, c. 1068, s. 10.)

§ 143-215.33. Judicial review. — If an applicant under this Part, or owner of a dam which is the subject of an application, or any landowner whose property would be endangered by failure of a dam, are dissatisfied with any final order or decision of the Board issued under this Part, he (or they, as the case may be) shall have a right of appeal to the superior court pursuant to the provisions of Article 33 of Chapter 143 of the General Statutes. (1967, c. 1068, s. 11.)

§ 143-215.34. Investigations by Department; rules and regulations; employment of consultants. — The Department shall make such investigations and assemble such data as it deems necessary for a proper review and study of the design and construction of dams, reservoirs and appurtenances, and for such purposes may enter upon private property. The Board may adopt such rules and regulations as may be necessary to carry out the purposes of this Part. The Board may employ or make such agreements with geologists, engineers, or other expert consultants and such assistants as it deems necessary to carry out the provisions of this Part. (1967, c. 1068, s. 12.)

§ 143-215.35. Liability for damages. — No action shall be brought against the State of North Carolina, the Department or Board of Water Resources or any agent or employee of such Department or Board, for damages sustained through the partial or total failure of any dam or its maintenance by reason of any supervision or other action taken pursuant to or under this Part. Nothing in this Part shall relieve an owner or operator of a dam from the legal duties, obligations and liabilities arising from such ownership or operation. (1967, c. 1068, s. 13.)

§ 143-215.36. Violations; penalties. — (a) Penalties for Violations. — Any person who shall be adjudged to have violated this Article shall be guilty of a misdemeanor and shall be liable to a penalty of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000) for each violation. In addition, if any person is adjudged to have committed such violation willfully, the court may determine that each day during which such violation continued constitutes a separate violation subject to the foregoing penalty.

(b) Injunctive and Other Relief. — In addition, upon violation of any of the provisions of this Part, or the regulations of the Department hereunder, the Director of the Department may, either before or after the institution of proceedings for the collection of the penalty imposed by this Part for such violation, institute a civil action in the superior court in the name of the State upon relation of the Director of the Department for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Part for any violation of the same. (1967, c. 1068, s. 14.)

§ 143-215.37. Rights of investigation, entry, access and inspection. — The Board shall have the right to conduct such investigations as it may reasonably deem necessary to carry out its duties prescribed in this Part, and for this purpose to enter at reasonable times upon any property, public or private, for the purpose of investigating the condition, construction, or operation of any dam or associated equipment facility or property, and to require written statements or the filing of reports under oath, with respect to pertinent questions relating to the construction or operation of any dam: Provided, that no person shall be required to disclose any secret formula, processes or methods used in any manufacturing operation or any confidential information concerning business activities carried on by him or under his supervision. No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties. (1967, c. 1068, s. 15.)

Part 4. Federal Water Resources Development Projects.

§ 143-215.38. Short title. — This Part shall be known as and may be cited as the Federal Water Resources Development Law of 1969. (1969, cc. 724, 968.)

Authority of the State, Counties, Municipalities and Local Government Units to Contract with the Secretary of the Army for Water Resources Projects. — See opinion of Attorney General to Major General R.H. Free, Division Engineer, U.S. Army Corps of Engineers, 41 N.C.A.G. 522 (1971).

§ 143-215.39. Public policy. — It is hereby declared the public policy of the State of North Carolina to encourage development of such river and harbor, flood control and other similar civil works projects as will accrue to the general or special benefit of any county or municipality of North Carolina or to any

region of the State. To this end, it is also hereby declared that within the meaning of the North Carolina Constitution expenditures for such projects and obligations incurred for such projects are for public purposes, that county and municipal and other local government expenditures and obligations incurred therefor are necessary expenses, and that county expenditures therefor are for special purposes for which the special approval of the General Assembly is hereby given. (1969, cc. 724, 968.)

Editor's Note. — The reference to the Constitution in this section is to the Constitution adopted in 1868, as amended.

§ 143-215.40. Resolutions and ordinances assuring local cooperation. — (a) The boards of commissioners of the several counties, in behalf of their respective counties, the governing bodies of the several municipalities, in behalf of their respective municipalities, the governing bodies of any other local government units, in behalf of their units, and the North Carolina Board of Water and Air Resources, in behalf of the State of North Carolina, subject to the approval of the Governor and the Advisory Budget Commission, are hereby authorized to adopt such resolutions or ordinances as may be required giving assurances to any appropriate agency of the United States government for the fulfillment of the required items of local cooperation as expressed in acts of Congress or congressional documents, as conditions precedent to the accomplishment of river and harbor, flood control or other such civil works projects, when it shall appear, and is determined by such board or governing body that any such project will accrue to the general or special benefit of such county or municipality or to a region of the State. In each case where the subject of such local cooperation requirements comes before a board of county commissioners or the governing body of any municipality or other local unit a copy of its final action, whether it be favorable or unfavorable, shall be sent to the Director of the Department of Water and Air Resources for the information of the Governor.

(b) Within the meaning of this Part, a "local government unit" means any local subdivision or unit of government or local public corporate entity (other than a county or municipality), including any manner of special district or public authority. (1969, cc. 724, 968.)

§ 143-215.41. Items of cooperation to which localities and the State may bind themselves. — Such resolutions and ordinances may irrevocably bind such county, municipality, other local unit, of the State of North Carolina, acting through the Board of Water and Air Resources, to the following when included as requirements of local cooperation for a federal water resources development project:

(1) To provide, without cost to the United States, all lands, easements, and rights-of-way required for construction and subsequent maintenance of the project and for aids to navigation, if required, upon the request of the Chief of Engineers, or other official to be required in the general public interest for initial and subsequent disposal of spoil, and also necessary retaining dikes, bulkheads, and embankments therefor, or the costs of such retaining works;

(2) To hold and save the United States free from damages due to the construction works and subsequent maintenance of the project;

(3) To provide firm assurances that riverside terminal and transfer facilities will be constructed at the upper limit of the modified project to permit transfer of commodities from or to plants and barges;

(4) To provide and maintain, without cost to the United States, depths in berthing areas and local access channels serving the terminals commensurate with depths provided in related project areas;

(5) To accomplish, without cost to the United States, such alterations, if

any, as required in sewer, water supply, drainage, electrical power lines, and other utility facilities, as well as their maintenance;

(6) To provide, without cost to the United States, all lands, easements, rights-of-way, utility relocations and alterations, and, with the concurrence and under the direction of the Board of Transportation, highway or highway bridge construction and alterations necesssary for project construction;

(7) To adjust all claims concerning water rights;

(8) To maintain and operate the project after completion, without cost to the United States, in accordance with regulations prescribed by the Secretary of the Army or other responsible federal official, board, or agency;

(9) To provide a cash contribution for project costs assigned to project features other than flood control;

(10) To prevent future encroachment which might interfere with proper functioning of the project for flood control;

(11) To provide or satisfy any other items or conditions of local cooperation as stipulated in the congressional or other federal document covering the particular project involved.

This section shall not be interpreted as limiting but as descriptive of the items of local cooperation, the accomplishment of which counties, municipalities and the State are herein authorized to irrevocably bind themselves; it being intended to authorize counties, municipalities and the Board of Water and Air Resources in behalf of the State to comply fully and completely with all of the items of local cooperation as contemplated by Congress and as stipulated in the congressional acts or documents concerned, or project reports by the Army Chief of Engineers, the Administrator of the Soil Conservation Service, the Board of Directors of the Tennessee Valley Authority, or other responsible federal official, board or agency. (1969, cc. 724, 968; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in subdivision (6).

Session Laws 1973, c. 621, s. 1, directs that this section be amended "by striking from line 2 thereof the word 'of' immediately following the words 'the State of North Carolina' and inserting in lieu thereof the word 'or'." Since the word "of" precedes, rather than follows, "the State of North Carolina," no effect can be given to the amendment.

§ 143-215.42. Acquisition of lands. — (a) For the purpose of complying with the terms of local cooperation as specified in Chapter 143, Article 21, Part 4, and as stipulated in the congressional document covering the particular project involved, any county, municipality, other local government unit or the State of North Carolina, acting on behalf of the Board of Water and Air Resources, may acquire the necessary lands, or interest in lands, by lease, purchase, gift or condemnation. A municipality, county or other local government unit may acquire such lands by any of the aforesaid means outside as well as inside its territorial boundaries, if the local governing body finds that substantial benefits will accrue to property inside such territorial boundaries as a result of such acquisition.

(b) The power of condemnation herein granted to counties, municipalities and other local government units may be exercised only after:

(1) The municipality, county or other local unit makes application to the Board of Water and Air Resources, identifying the land sought to be condemned and stating the purposes for which said land is needed; and

(2) The Board of Water and Air Resources finds that the land is sought to be acquired for a proper purpose within the intent of Chapter 143, Article 21, Part 4. The findings of the Board of Water and Air

Resources will be conclusive in the absence of fraud, notwithstanding any other provision of law.

(c) The Board of Water and Air Resources shall certify copies of its findings to the applicant municipality, county, or other local unit, and to the clerk of superior court of the county or counties wherein any of the land sought to be condemned lies for recordation in the special proceedings thereof.

(d) For purposes of this section:

(1) The term "interest in land" means any land, right-of-way, rights of access, privilege, easement, or other interest in or relating to land. Said "interest in land" does not include an interest in land which is held or used in whole or in part for a public water supply, unless such "interest in land" is not necessary or essential for such uses or purposes.

(2) A "description" of land shall be sufficient if the boundaries of the land are described in such a way as to convey an intelligent understanding of the location of the land. In the discretion of the applicant, boundaries may be described by any of the following methods or by any combination thereof: by reference to a map; by metes and bounds; by general description referring to natural boundaries, or to boundaries of existing political subdivisions or municipalities, or to boundaries of particular tracts or parcels of land.

(e) The procedure in all condemnation proceedings pursuant to this section shall conform as nearly as possible to the procedure provided in General Statutes Chapter 40, Article 2, and all acts amendatory thereof.

(f) Interests in land acquired pursuant to this section may be used in such manner and for such purpose as the condemning authority deems best. If the local government unit so determines, such lands may be sold, leased, or rented, subject to the prior approval of the Board of Water and Air Resources. The State may sell, lease or rent any lands acquired by it, and if the Board of Water and Air Resources is participating with any local government unit or units in a water resources project under this Article, may convey such lands or interests to the unit or units as a part of its participation therein.

(g) This section is intended to confer supplementary and additional authority, and not to confer exclusive authority nor to impose cumulative requirements. If a municipality, county or other local government unit is authorized to acquire lands or interests in lands by some other law (such as by General Statutes Chapter 139, 153, 160, or 162A) as well as by this section, compliance with the requirements of this section or the requirements of such other law will be sufficient.

(h) This section shall not authorize acquisition by condemnation of interests in land within the boundaries of any project to be constructed by the Tennessee Valley Authority, its agents or subdivision or any project licensed by the Federal Power Commission or interests in land owned or held for use by a public utility, as defined in G.S. 62-3. No commission created pursuant to G.S. 158-8 shall condemn or acquire any property to be used by the Tennessee Valley Authority, its agents or subdivision. (1969, cc. 724, 968; 1973, c. 621, ss. 2-4.)

Editor's Note. — The 1973 amendment deleted "or" preceding "other local government unit" and inserted "or the State of North Carolina, acting on behalf of the Board of Water and Air Resources" in the first sentence of subsection (a), inserted "to counties, municipalities and other local government units" in the introductory paragraph of subsection (b), and substituted "purpose as the condemning authority" for "purposes as the local governing body" in the first sentence, rewrote the second sentence and added the third sentence of subsection (f).

Chapter 153, referred to in subsection (g) of this section, was repealed by Session Laws 1973, c. 822. See now Chapter 153A. The major part of Chapter 160 has also been repealed. See now Chapter 160A.

§ 143-215.43. Additional powers. — For the purpose of complying with requirements of local cooperation as described in this Part, county and municipal governing bodies shall also have the power to accept funds, and to use general tax funds for necessary project purposes, including project maintenance. (1969, cc. 724, 968.)

Part 5. Right of Withdrawal of Impounded Water.

§ 143-215.44. Right of withdrawal. — (a) A person who lawfully impounds water for the purpose of withdrawal shall have a right of withdrawal of excess volume of water attributable to the impoundment. Within the meaning of this subsection, the word "purpose" shall include one of several purposes in a multiple purpose impoundment.

(b) A "right of withdrawal," within the meaning of this Part, is an interest which establishes a right to withdraw an excess volume of water superior to other interests in the water.

(c) "Excess volume of water," within the meaning of this Part, is that volume which may be withdrawn from an impoundment or from a watercourse below the impoundment without foreseeably reducing the rate of flow of a watercourse below that which would obtain in that watercourse if the impoundment did not exist.

(d) "Impound," within the meaning of this Part, shall include but is not limited to financial contributions or the assurance of financial contributions in the construction or operation of an impoundment.

(e) A "person," within the meaning of this Part, is any and all persons, including (but not limited to) individuals, firms, partnerships, associations, public or private institutions, municipalities or counties or local government units (as defined in G.S. 143-215.40(b)), governmental agencies, or private or public corporations organized under the laws of this State or any other state or country. (1971, c. 111, s. 1.)

§ 143-215.45. Transfer of right of withdrawal. — A person with a right of withdrawal may assign or transfer it in whole or in part to another, subject to those rights of reassignment or transfer by the State specified in G.S. 143-354(11). A person who has a right of withdrawal of excess volume of water by virtue of an assignment or transfer has an interest in water superior to other interests only to the extent that his withdrawal is in accordance with the terms of the assignment or transfer. (1971, c. 111, s. 1.)

§ 143-215.46. Exercise of right of withdrawal. — A person may exercise his right of withdrawal by withdrawing directly from the impoundment, from a watercourse below the impoundment, or from both; provided, however, that the exercise of the right of withdrawal shall not require any person other than the holder of said right to incur additional capital expenditures in order to enable the holder of said right to withdraw any excess volume of water from a watercourse below the impoundment. (1971, c. 111, s. 1.)

§ 143-215.47. Effect of right of withdrawal on discharges of water. — Neither a right of withdrawal nor any assignment or transfer of said right may be asserted in defense against a claim that the method of releasing or discharging water is improper, that the quality of water has been impaired by the withdrawal or release of the water or by its return to the stream following its use, that water has been diverted without authority from the basin from which it was withdrawn, or that water resulting from augmentation of the natural streamflow to control water quality has been withdrawn. (1971, c. 111, s. 1.)

§ 143-215.48. Determining streamflows. — (a) In litigation in which the rate of flow of water that would exist in the absence of an impoundment is in

issue, that rate shall be deemed to be the minimum average flow for a period of seven consecutive days that have an average recurrence of once in 10 years unless a party to the litigation introduces a calculation that more closely approximates the actual rate. A determination made by the Board of Water and Air Resources (i) of either that minimum average flow, or (ii) that adopts a calculation that more closely approximates the actual rate of flow, and introduced by one of the parties to the litigation, shall be prima facie correct.

(b) The Board of Water and Air Resources is authorized to make the determinations specified in subsection (a) of this section and to require the submission of such reports and make such inspections as are necessary to permit those determinations. (1971, c. 111, s. 1.)

§ 143-215.49. Right of withdrawal for use in community water supply. — A person operating a municipal, county, community or other local water distribution or supply system and having a right of withdrawal may assert that right when its withdrawal is for use in any such water system as well as in other circumstances. (1971, c. 111, s. 1.)

§ 143-215.50. Interpretation with other statutes. — Whether rights of withdrawal shall have effect in a capacity use area declared by the Board of Water and Air Resources under the Water Use Act of 1967 shall be in the discretion of the Board. This Part shall be subject to the provisions of the Water and Air Resources Act, and the Dam Safety Law of 1967. (1971, c. 111, s. 1.)

Part 6. Floodway Regulation.

§ 143-215.51. Preamble. — The purpose of this Part is to specify means for regulation of artificial obstructions in floodways. It is hereby declared that the channel and a portion of the floodplain of all the State's streams will be designated as a floodway, in which artificial obstructions may not be placed except in accordance with the provisions of this Part. The purpose of designating these areas as a floodway is to help control and minimize the extent of floods by preventing obstructions which inhibit water flow and increase flood height and damage, and thereby to prevent and minimize loss of life, injuries, property damage and other losses (both public and private) in flood hazard areas, and to promote the public health, safety and welfare of citizens of North Carolina in flood hazard areas. (1971, c. 1167, s. 3; 1973, c. 621, s. 5.)

Editor's Note. — The 1973 amendment deleted, at the end of the first sentence, "by responsible local governments with guidance, coordination and assistance from State government, consonant with the State policy of vesting primary responsibility for floodplain management with local levels of government" and substituted, at the end of the second sentence, "in accordance with the provisions of this Part" for "with the permission of the responsible local government."

§ 143-215.52. Definitions. — As used in this Part, unless the context otherwise requires:

(1) "Artificial obstruction" means any obstruction which is not a natural obstruction, including any which, while not a significant obstruction in itself, is capable of accumulating debris and thereby reducing the flood-carrying capacity of the stream.

(2) "Floodway" means that portion of the channel and floodplain of a stream designated to provide passage for the 100-year flood, without increasing the elevation of that flood at any point by more than one foot.

(3) "Local government" means any county or municipal corporation.

(4) "Natural obstruction" includes any rock, tree, gravel, or analogous natural matter that is an obstruction and has been located within the floodway by a nonhuman cause.

(5) "Stream" means a watercourse that collects surface runoff from an area of one square mile or greater. This does not include flooding due to tidal or storm surge on estuarine or ocean waters. (1971, c. 1167, s. 3.)

§ 143-215.53. Artificial obstruction prohibited. — The placement of any artificial obstruction in the floodway of any stream after the floodway has been delineated pursuant to G.S. 143-215.56 is hereby prohibited, except as set forth in G.S. 143-215.54, unless a permit has been obtained for such artificial obstruction from the responsible local government. No damageable portion of a structure located outside the floodway may be below the elevation that would be attained by the 100-year flood if the stream were contained within the floodway. (1971, c. 1167, s. 3.)

§ 143-215.54. Floodway uses. — (a) Local governments are empowered to grant permits for the use of the floodways consistent with the purposes of this Part.

(b) The following uses may be made of floodways as a matter of right without a permit issued under this Part:

(1) General farming, pasture, outdoor plant nurseries, horticulture, forestry, wildlife sanctuary, game farm, and other similar agricultural, wildlife and related uses.

(2) Loading areas, parking areas, rotary aircraft ports, and other similar industrial-commercial uses.

(3) Lawns, gardens, parking, play areas, and other similar uses.

(4) Golf courses, tennis courts, driving ranges, archery ranges, picnic grounds, parks, swimming pools, hiking or horseback-riding trails, open space and other similar private and public recreational uses.

(5) Streets, bridges, overhead utility lines, railway lines and rights-of-way, creek and storm drainage facilities, sewage or waste treatment plant outlets, water supply intake structures, and other similar public, community or utility uses.

(6) Temporary facilities (for a specified number of days), such as displays, circuses, carnivals, or similar transient amusement enterprises.

(7) Boat docks, ramps, piers, or similar structures.

(8) Dams. (1971, c. 1167, s. 3; 1973, c. 621, s. 8.)

Editor's Note. — The 1973 amendment inserted "railway lines and rights-of-way" in subdivision (b)(5).

§ 143-215.55. Existing artificial obstructions. — Artificial obstructions existing in a floodway on July 1, 1971, shall not be considered to be in violation of this Part. However, they may not be enlarged or replaced in part or in whole, without a permit, as provided by this Part in the case of a proposed artificial obstruction. Local governments are empowered to acquire, by purchase, exchange, or condemnation such existing artificial obstructions if deemed necessary by the responsible local government for the purpose of avoiding flood damages. The procedure in all condemnation proceedings pursuant to this section shall conform as nearly as possible to the procedure provided in G.S. Chapter 40, Article 2, and all acts amendatory thereof. (1971, c. 1167, s. 3.)

§ 143-215.56. Delineation of floodway; powers of Board of Water and Air Resources; powers of local governments. — (a) For the purpose of delineating the floodway and evaluating the possibility of flood damages, responsible local governments are empowered to:

(1) Request technical assistance from the competent federal agencies, including the Army Corps of Engineers, the Soil Conservation Service, the Tennessee Valley Authority, and the U.S. Geological Survey, or successor agencies, and

(2) Utilize the reports and data supplied by federal and State agencies as the basis for the exercise by local ordinance or resolution of the powers and responsibilities conferred on responsible local governments by this Part.

(b) The Board of Water and Air Resources shall be empowered to render advice and assistance to any local government having responsibilities under this Part. In exercising this function it shall specifically be authorized to furnish manuals, suggested standards, plans, and other technical data; to conduct training programs; and to give advice and assistance with respect to handling of particular applications; but it shall not be limited to such activities. In the exercise of its powers to adopt rules and regulations interpreting and applying the provisions of this Part, the Board may adopt (but is not limited to adopting) regulations interpreting any of the terms used in this Part, including regulations supplementing the definitions provided in this Part. A copy of every regulation adopted by the Board interpreting or applying the provisions of this Part, shall be filed by the Board with the chairman of the governing body of each county and municipality within the State, as well as with the Secretary of State as required by G.S. 143-195.

(c) A local government may delineate any floodway subject to its regulation by showing it on a map or drawing, by a written description, or any combination thereof, to be designated appropriately and filed permanently with the clerk of superior court and with the register of deeds in the county where the land lies. The Board of Water and Air Resources may delineate a floodway, in the same manner and subject to the same requirement, when the reach of a stream in which a floodway is determined by the Board to be needed exceeds the jurisdiction of a single local government. Alterations in the lines delineated shall be indicated by appropriate entries upon or addition to such map or description. Such entries or additions shall be made by or under the direction of the clerk of superior court. Photographic, typed or other copies of such map or description, certified by the clerk of superior court, shall be admitted in evidence in all courts and shall have the same force and effect as would the original map or description. A local government or the Board may provide for the redrawing of any such map. A redrawn map shall supersede for all purposes the earlier map or maps which it is designated to replace upon the filing and approval thereof as designated and provided above.

(d) If the Board of Water and Air Resources determines that the floodway of any stream or stream segment should be delineated and the use thereof controlled as provided in this Part, and the local governments within which the stream or segment lies have not delineated the floodway or controlled uses therein, the Board shall advise the local governments of its intent to delineate the floodway, and it shall be the responsibility of the local governments to control uses therein. At least 30 days prior to the effective date specified in the resolution of the Board establishing any floodway, notice of the effective date and copies of such rules and regulations shall be delivered to every affected local government along with copies of all maps and plans delineating the floodway. Public notice of the resolution shall be given at least 30 days prior to the effective date by publication of a notice once a week for two successive weeks in a newspaper or newspapers having general circulation in the county or counties in which each affected local government lies and by posting a copy of the notice at the courthouse of each such county, along with a sketch map showing the stream or stream segment affected. The notice shall be adequate to apprise all interested persons of the nature of the rules and regulations, the effective date thereof, the stream or stream segment affected, and the manner in which more detailed information may be secured. (1971, c. 1167, s. 3; 1973, c. 621, ss. 6, 7.)

Editor's Note. — The 1973 amendment rewrote subsection (c) and added subsection (d).

§ 143-215.57. Procedures in issuing permits. — (a) Responsible local governments are empowered to establish application forms and require such maps, plans, and other information as necessary for the issuance of permits in a manner consonant with the objectives of this Part. They shall consider the effects of a proposed artificial obstruction in a floodway in creating danger to life and property

(1) By water which may be backed up or diverted by such obstruction;

(2) By the danger that the obstruction will be swept downstream to the injury of others; and

(3) By the injury or damage at the site of the obstruction itself.

For this purpose they may take into account anticipated development in the foreseeable future which may be adversely affected by the obstruction, as well as existing development.

(b) In prescribing standards and requirements for the issuance of permits under this Part, and in issuing such permits, responsible local governments shall proceed as in the case of an ordinance for the better government of the county or municipality, as the case may be. A municipality may exercise the powers granted in this Part not only within its corporate boundaries but also within the area of its extraterritorial zoning jurisdiction. A county may exercise the powers granted in this Part at any place within the county outside the zoning jurisdiction of any municipalities in the county. The county may regulate territory within the zoning jurisdiction of any municipality whose governing body, by resolution, agrees to such regulation; provided, however, that any such municipal governing body may, upon one year's written notice, withdraw its approval of the county regulations, and those regulations shall have no further effect within the municipality's jurisdiction.

(c) The local governing body is hereby empowered to adopt such regulations as it may deem necessary concerning the form, time, and manner of submission of applications for permits under this Part. Such regulations may provide for the issuance of permits under this Part by the local governing body or by such agency as may be designated by said body, as prescribed by the governing body. Every final decision granting or denying a permit under this Part shall be subject to review by the superior court of the county, with the right of jury trial at the election of the party seeking review. The time and manner of election of a jury trial shall be governed by G.S. 1A-1, Rule 38(b) of the Rules of Civil Procedure. Pending the final disposition of any such appeal, no action shall be taken which would be unlawful in the absence of a permit issued under this Part. (1971, c. 1167, s. 3.)

§ 143-215.58. Violations and penalties. — (a) Any violation of this Part or of any ordinance adopted (or of the provisions of any permit issued) under the authority of this Part shall constitute a misdemeanor.

(b) Failure to remove any artificial obstruction or enlargement or replacement thereof, that violates this Part or any ordinance adopted (or the provision of any permit issued) under the authority of this Part, shall constitute a separate violation of this Part for each 10 days that such failure continues after written notice from the county or municipal governing body.

(c) In addition to or in lieu of other remedies, the county or municipal governing body may institute any appropriate action or proceeding to restrain or prevent any violation of this Part or of any ordinance adopted (or of the provisions of any permit issued) under the authority of this Part, or to require any person, firm or corporation which has committed any such violation to remove a violating obstruction or restore the conditions existing before the placement of the obstruction. (1971, c. 1167, s. 3.)

§ 143-215.59. Other approvals required. — (a) The granting of a permit under the provisions of this Part shall in no way affect any other type of approval required by any other statute or ordinance of the State or any

political subdivision of the State, or of the United States, but shall be construed as an added requirement.

(b) No permit for the construction of any structure to be located within a floodway shall be granted by a political subdivision unless the applicant has first obtained the permit required by this Part. (1971, c. 1167, s. 3.)

§ 143-215.60. Liability for damages. — No action for damages sustained because of injury caused by an obstruction for which a permit has been granted under this Part shall be brought against the State or any political subdivision of the State, or their employees or agents. (1971, c. 1167, s. 3.)

§ 143-215.61. Floodplain management. — The provisions of this Part shall not preclude the imposition by responsible local governments of land use controls and other regulations in the interest of floodplain management for the floodplain or the floodway. (1971, c. 1167, s. 3.)

Part 6A. Hurricane Flood Protection and Beach Erosion Control Project Revolving Fund.

§ 143-215.62. Revolving fund established; conditions and procedures. — (a) There is established under the control and direction of the North Carolina Board of Water and Air Resources, a Hurricane Flood Protection and Beach Erosion Control Project Revolving Fund, to consist of any moneys that may be appropriated for use through the fund by the General Assembly or that may be made available to it from any other source for the purpose of financing the local portion of the nonfederal share of the cost of hurricane flood protection and beach erosion control projects. The Board shall, when funds are available, and in accordance with priorities established by the Board, make advances from the fund to any county or municipality for:

(1) Advance planning and engineering work necessary or desirable in order to promote the development, construction, or preservation of hurricane flood protection and beach erosion works or projects;

(2) Construction of hurricane flood protection and beach erosion control works or projects, or other related costs which are a responsibility of local government, including costs associated with construction, such as the acquisition of land or rights-of-way or the relocation of public roads and utilities;

(3) Maintenance and nourishment of the constructed works or project. Such advances shall be subject to repayment by the recipient to the Board from the proceeds of bonds or other obligations for the beach erosion control and hurricane flood protection works or projects, or from other funds available to the recipient, including grants.

(b) Prior to making any advance to a county or municipal government the Board shall advise the county or municipal government:

(1) Its opinion as to whether or not the projected works or project would further beach erosion control or provide protection to life or property from floodwaters resulting from hurricanes;

(2) Its opinion as to whether or not there is a reasonable prospect of federal aid in the financing of the projected works or project and whether or not the advance will exceed the local portion of the nonfederal share of the cost of the works or project to be financed by the county or municipality making the application;

(3) Its opinion as to whether or not the anticipated financial outlays in connection with the projected works or project for the county or municipality making the application would constitute an unreasonable burden on the citizens of the county or municipality.

The Board shall make no advance to a county or municipal government without first receiving satisfactory assurances from such government that the

projected works or project shall be undertaken and the funds advanced repaid as provided herein.

(c) Repayment of any advance may be in equal installments or in a lump sum, but the term for such repayment shall not exceed a term of 10 years. All moneys received from repayments on advances shall be paid into the revolving fund and shall be used for the purposes set forth in this section.

(d) The Board may adopt such rules and regulations with respect to making application as are consistent with the terms and purposes of this section. (1971, c. 1159, s. 1.)

Part 7. Water and Air Quality Reporting.

§ 143-215.63. Short title. — This Part shall be known and may be cited as the Water and Air Quality Reporting Act of 1971. (1971, c. 1167, s. 9.)

Editor's Note. — Session Laws 1971, c. 1167, s. 11, contains a severability clause.

§ 143-215.64. Purpose. — The purpose of this Part is to require all persons who are subject to the provisions of G.S. 143-215.1 to file reports with the Board of Water and Air Resources covering the discharge of waste and air contaminants to the waters and outdoor atmosphere of the State and to establish and maintain approved systems for monitoring the quantity and quality of such discharges and their effects upon the water and air resources of the State. (1971, c. 1167, s. 9.)

§ 143-215.65. Reports required. — All persons subject to the provisions of G.S. 143-215.1 who discharge wastes to the waters or emit air contaminants to the outdoor atmosphere of this State shall file monthly reports with the Board setting forth the volume and characteristics of wastes discharged or air contaminants emitted daily or such other period of time as may be specified by the Board in its official regulations. Such reports shall be filed on forms either provided by or approved by the Board and shall include such pertinent data with reference to the total and average volume of wastes or air contaminants discharged, the strength and amount of each waste substance or air contaminant discharged, the type and degree of treatment such wastes or air contaminants received prior to discharge and such other information as may be specified by the Board in its official regulations. The information shall be used by the Board only for the purpose of air and water pollution control. The Board shall provide proper and adequate facilities and procedures to safeguard the confidentiality of proprietary manufacturing processes except that confidentiality shall not extend to wastes discharged or air contaminants emitted. (1971, c. 1167, s. 9.)

§ 143-215.66. Monitoring required. — In order to provide for adequately monitoring the discharge of wastes to the waters and the emission of contaminants to the outdoor atmosphere and their effects upon the quality of the environment, all persons subject to the provisions of G.S. 143-215.1 who cause such discharges or emissions shall establish and maintain adequate water and air quality monitoring systems and report the data obtained therefrom to the Board. Each monitoring system shall include the collection of water or air quality data as appropriate from such locations, in such detail, and with such frequency as shall be reasonably required by the Board, in its official regulations, for evaluating the efficiency of treatment facilities or air-cleaning devices and the effects of the discharges or emissions upon the waters and air resources of the State. (1971, c. 1167, s. 9.)

§ 143-215.67. Acceptance of wastes to disposal systems and air-cleaning devices. — No person subject to the provisions of G.S. 143-215.1 shall willfully cause or allow the discharge of any wastes or air contaminants to a

waste-disposal system or air-cleaning device in excess of the capacity of the disposal system or cleaning device or any wastes or air contaminants which the disposal system or cleaning device cannot adequately treat. (1971, c. 1167, s. 9.)

§ 143-215.68. Rules and regulations. — The Board is hereby specifically authorized to adopt appropriate report forms and such rules and regulations as deemed necessary for the implementation of this Part. (1971, c. 1167, s. 9.)

§ 143-215.69. Penalties. — Any person who violates any provisions of this Part or any regulations adopted by the Board for its implementation shall be guilty of a misdemeanor and shall be liable to a penalty of not less than one hundred dollars ($100.00), nor more than one thousand dollars ($1,000) for each violation and each day such person shall fail to comply after having been officially notified by the Board shall constitute a separate offense subject to the foregoing penalty. (1971, c. 1167, s. 9.)

§§ 143-215.70 to 143-215.74: Reserved for future codification purposes.

Article 21A.

Oil Pollution Control.

Part 1. General Provisions.

§ 143-215.75. Title. — This Article shall be known and may be cited as the "Oil Pollution Control Act of 1973." (1973, c. 534, s. 1.)

Editor's Note. — The last section of this Article as it appears in Session Laws 1973, c. 534, provides:

"Severability. — (a) General Severability Clause. — If any provision of this Article or the application thereof to any person or circumstance is held invalid, whether by federal or State constitutions or laws, such invalidity shall not affect other provisions or applications of the Article which can be given effect without the invalid provision or application, and to this end the provisions of this Article are declared to be severable.

"(b) Special Severability Clause. — Without limiting the effect of subsection (a) of this section, the following provisions of this Article are hereby specifically declared to be severable:

(i) This Article in its entirety is intended to be severable from the general water pollution control laws of North Carolina (G.S. Chapter 143, Article 21, Part 1 and related statutes).

(ii) The provisions of this Article, in their application to inland waters and related lands, are intended to be severable from those provisions in their application to coastal and marine waters and related lands.

(iii) The various liability and penalty provisions of this Article (including G.S. 143-484 [143-215.88], G.S. 143-485 [143-215.89], G.S. 143-486 [143-215.90], G.S. 143-487(a) [143-215.91(a)] and G.S. 143-487(b) [143-215.91(b)], as well as the several components of each of said sections and subsections) are intended to be severable from one another.

(iv) Part 3 of this Article is intended to be severable from Part 2."

§ 143-215.76. Purpose. — It is the purpose of this Article to promote the health, safety, and welfare of the citizens of this State by protecting the land and the waters over which this State has jurisdiction from pollution by oil, oil products and oil by-products. It is not the intention of this Article to exercise jurisdiction over any matter as to which the United States government has exclusive jurisdiction, nor in any wise contrary to any governing provision of federal law, and no provision of this Article shall be so construed. The General Assembly further declares that it is the intent of this Article to support and complement applicable provisions of the Federal Water Pollution Control Act, as amended, 33 U.S.C. section 1251, et seq., as amended, and the National Contingency Plan for removal of oil adopted pursuant thereto. (1973, c. 534, s. 1.)

(1973, c. 534, s. 1.)

§ 143-215.78. Oil pollution control program. — The Board shall establish within the office an oil pollution control program for the administration of this Article. The Board may employ and prescribe the duties of employees assigned to this activity. (1973, c. 534, s. 1.)

§ 143-215.79. Inspections and investigations; entry upon property. — The Board, through its authorized representatives, is empowered to conduct such inspections and investigations as shall be reasonably necessary to determine compliance with the provisions of this Article; to determine the person or persons responsible for violation of this Article; to determine the nature and location of any oil discharge to the land or waters of this State; and to enforce the provisions of this Article. The authorized representatives of the Board are empowered upon presentation of their credentials to enter upon any private or public property, including boarding any vessel, for the purpose of inspection or investigation or in order to conduct any project or activity to contain, collect, disperse or remove oil discharges or to perform any restoration necessitated by an oil discharge. Neither the State nor its agencies, employees or agents shall be liable in trespass or damages arising out of the conduct of any inspection, investigation, or oil removal or restoration project or activity other than liability for damage to property or injury to persons arising out of the negligent or willful conduct of an employee or agent of the State during the course of an inspection, investigation, project or activity. (1973, c. 534, s. 1.)

§ 143-215.80. Confidential information. — Any information relating to a secret process, device or method of manufacturing or production discovered or obtained in the course of an inspection, investigation, project or activity conducted pursuant to this Article shall not be revealed except as may be required by law or lawful order or process. (1973, c. 534, s. 1.)

§ 143-215.81. Authority supplemental. — The authority and powers granted under this Article shall be in addition to, and not in derogation of, any authority or powers vested in the Board under any other provision of law, except to the extent that such other powers or authority may conflict directly with the powers and authority granted under this Article; and the Board is empowered to adopt such rules and regulations as are necessary to administer and carry out the purposes of this Article. (1973, c. 534, s. 1.)

§ 143-215.82. Local ordinances. — Nothing in the Article shall be construed to deny any county, municipality, sanitary district, metropolitan sewerage district or other authorized local governmental entity, by ordinance, regulation or law, from exercising police powers with reference to the prevention and control of oil discharges to sewers or disposal systems. (1973, c. 534, s. 1.)

Part 2. Oil Discharge Controls.

§ 143-215.83. Discharges. — (a) Unlawful Discharges. — It shall be unlawful, except as otherwise provided in this Part, for any person to discharge, or cause to be discharged, oil into or upon any waters, tidal flats, beaches, or lands within this State, or into any sewer, surface water drain or other waters that drain into the waters of this State, regardless of the fault of the person having control over the oil, or regardless of whether the discharge was the result of intentional or negligent conduct, accident or other cause.

(b) Excepted Discharges. — This section shall not apply to discharges of oil in the following circumstances:

(1) When the discharge was authorized by an existing regulation of the Board.

(2) When any person subject to liability under this Article proves that a discharge was caused by any of the following:

a. An act of God.

b. An act of war or sabotage.

c. Negligence on the part of the United States government or the State of North Carolina or its political subdivisions.

d. An act or omission of a third party, whether any such act or omission was or was not negligent.

e. Any act or omission by or at the direction of a law-enforcement officer or fireman.

(c) Permits. — Any person who desires or proposes to discharge oil onto the land or into the waters of this State shall first make application for and secure the permit required by G.S. 143-215.1. Application shall be made pursuant to the rules and regulations adopted by the Board. Any permit granted pursuant to this subsection may contain such terms and conditions as the Board shall deem necessary and appropriate to conserve and protect the land or waters of this State and the public interest therein. (1973, c. 534, s. 1.)

§ 143-215.84. Removal of prohibited discharges. — (a) Person Discharging. — Any person having control over oil discharged in violation of this Article shall immediately undertake to collect and remove the discharge and to restore the area affected by the discharge as nearly as may be to the condition existing prior to the discharge. If it is not feasible to collect and remove the discharge, the person responsible shall take all practicable actions to contain, treat and disperse the discharge; but no chemicals or other dispersants or treatment materials which will be detrimental to the environment or natural resources shall be used for such purposes unless they shall have been previously approved by the Board.

(b) Removal by Board. — Notwithstanding the requirements of subsection (a) of this section, the Board is authorized and empowered to utilize any staff, equipment and materials under its control or supplied by other cooperating

State or local agencies and to contract with any agent or contractor that it deems appropriate to take such actions as are necessary to collect, investigate, perform surveillance over, remove, contain, treat or disperse oil discharged onto the land or into the waters of the State and to perform any necessary restoration. The director shall keep a record of all expenses incurred in carrying out any project or activity authorized under this section, including actual expenses incurred for services performed by the State's personnel and for use of the State's equipment and material. The authority granted by this subsection shall be limited to projects and activities that are designed to protect the public interest or public property, and shall be compatible with the National Contingency Plan established pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. section 1251 et seq. (1973, c. 534, s. 1.)

§ 143-215.85. Required notice. — Every person owning or having control over oil discharged in violation of the provisions of this Article, upon notice that such discharge has occurred, shall immediately notify the office, or any of its agents or employees, of the nature, location and time of the discharge and of the measures which are being taken or are proposed to be taken to contain and remove the discharge. The agent or employee of the office receiving the notification shall immediately notify the director or assistant director of the Board or such member or members of the permanent staff of the office as the director may designate. (1973, c. 534, s. 1.)

§ 143-215.86. Other State agencies. — (a) Cooperative Effort. — The Board of Transportation, the North Carolina Department of Conservation and Development, the North Carolina Wildlife Resources Commission, and any other agency of this State shall cooperate with and lend assistance to the Board by assigning to the Board upon its request personnel, equipment and material to be utilized in any project or activity related to the containment, collection, dispersal or removal of oil discharged upon the land or into the waters of this State.

(b) Planning. — Subsequent to May 16, 1973, and prior to September 1, 1973, designated representatives of the Board, the Board of Transportation, the Department of Conservation and Development and the Wildlife Resources Commission and any other agency or agencies of the State which the Board shall deem necessary and appropriate, shall confer and establish plans and procedures for the assignment and utilization of personnel, equipment and material to be used in carrying out the purposes of this Part. Every State agency involved is authorized to adopt such rules and regulations as shall be necessary to effectuate the purposes of this section.

(c) Accounts. — Every State agency participating in the containment, collection, dispersal or removal of an oil discharge or in restoration necessitated by such discharge, shall keep a record of all expenses incurred in carrying out any such project or activity including the actual services performed by the agency's personnel and the use of the agency's equipment and material. A copy of all records shall be delivered to the Board upon completion of the project or activity. (1973, c. 507, s. 5; c. 534, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "North Carolina State Highway Commission" and "State Highway Commission."

§ 143-215.87. Oil Pollution Protection Fund. — There is hereby established under the control and direction of the Board an Oil Pollution Protection Fund which shall be a nonlapsing, revolving fund consisting of any moneys appropriated for such purpose by the General Assembly or that shall be available to it from any other source. The moneys shall be used to defray the expenses of any project or program for the containment, collection, dispersal or removal of oil discharged to the land or waters of this State or for restoration

necessitated by the discharge. In addition to any moneys that shall be appropriated or otherwise made available to it, the fund shall be maintained by fees, charges, penalties or other moneys paid to or recovered by or on behalf of the Board under the provisions of this Part. Any moneys paid to or recovered by or on behalf of the Board as fees, charges, penalties or other payments as damages authorized by this Part shall be paid to the Oil Pollution Protection Fund in an amount equal to the sums expended from the fund for the project or activity. Within the meaning of this section, the word "penalties" means civil penalties and does not include criminal fines or penalties. (1973, c. 534, s. 1.)

§ 143-215.88. Payments to State agencies. — Upon completion of any oil removal or restoration project or activity conducted pursuant to the provisions of this Part, each agency of the State that has participated by furnishing personnel, equipment or material shall deliver to the Board a record of the expenses incurred by the agency. The amount of incurred expenses shall be disbursed by the director to each such agency from the Oil Pollution Protection Fund. Upon completion of any oil removal or restoration project or activity, the director shall prepare a statement of all expenses and costs of the project or activity expended by the State and shall make demand for payment upon the person having control over the oil discharged to the land or waters of the State, unless the Board shall determine that the discharge occurred due to any of the reasons stated in G.S. 143-215.84(b). Any person having control of oil discharged to the land or waters of the State in violation of the provisions of this Part and any other person causing or contributing to the discharge of oil shall be directly liable to the State for the necessary expenses of oil cleanup projects and activities arising from such discharge and the State shall have a cause of action to recover from any or all such persons. If the person having control over the oil discharged shall fail or refuse to pay the sum expended by the State, the director shall refer the matter to the Attorney General of North Carolina, who shall institute an action in the name of the State in the Superior Court of Wake County, or in his discretion, in the superior court of the county in which the discharge occurred, to recover such cost and expenses. (1973, c. 534, s. 1.)

Editor's Note. — It would seem that the reference in this section to § 143-215.84(b) should be to § 143-215.83(b).

§ 143-215.89. Multiple liability for necessary expenses. — Any person liable for costs of cleanup of oil under this Part shall have a cause of action to recover such costs in part or in whole from any other person causing or contributing to the discharge of oil into the waters of the State, including any amount recoverable by the State as necessary expenses. The total recovery by the State for damage to public resources pursuant to G.S. 143-215.91 and for the cost of oil cleanup, arising from any discharge, shall not exceed the applicable limits prescribed by federal law with respect to the United States government on account of any such discharge. (1973, c. 534, s. 1.)

§ 143-215.90. Liability for damage to public resources. — Any person who violates any of the provisions of this Article, or any order, rule or regulation of the Board adopted pursuant to this Article, or fails to perform any duty imposed by this Article, or violates an order or other determination of the Board made pursuant to the provisions of this Article, including the provisions of a discharge permit issued pursuant to G.S. 143-215.1, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the State or otherwise causes a reduction in the quality of the waters of the State below the standards set by the Board of Water and Air Resources, shall be liable to pay the State damages in an amount equal to the sum of money necessary to restock such waters, replenish such resources, or otherwise restore the rivers, streams, bays, tidal flats, beaches, estuaries or

coastal waters and public lands adjoining the seacoast to their condition prior to the injury, as such condition is determined by the Board of Water and Air Resources in conference with the Board of Conservation and Development, the Wildlife Resources Commission, and any other State agencies having an interest affected by such violation (or by the designees of any or all of such boards, commissions and agencies). Such damages shall be recoverable in an action brought by the Attorney General in the name of the State in the superior court of the county in which the damage occurred or in which the violator resides or has his or its principal place of business, as he shall elect; provided, that if damages occurred in more than one county, the Attorney General may bring an action in any of the counties where the damages occurred. Any money so recovered by the Attorney General shall be transferred by the Board to appropriate funds administered by the State agencies affected by the violation for use in such activities as food fish or shellfish management programs, wildlife and waterfowl management programs, water quality improvement programs and such other uses as may best mitigate the damage incurred as a result of the violation. No action shall be authorized under the provisions of this section against any person operating in compliance with the conditions of a waste discharge permit issued pursuant to G.S. 143-215.1 and the provisions of this Part. (1973, c. 534, s. 1.)

§ 143-215.91. Penalties. — (a) Civil Penalties. — Any person who intentionally or negligently discharges oil, or knowingly causes or permits the discharge of oil in violation of this Part or fails to report a discharge as required by G.S. 143-215.85, shall incur, in addition to any other penalty provided by law, a penalty in an amount not to exceed five thousand dollars ($5,000) for every such violation, the amount to be determined by the Board after taking into consideration the gravity of the violation, the previous record of the violator in complying or failing to comply with the provisions of this Part as well as G.S. 143-215.1, and such other considerations as the Board deems appropriate. Every act or omission which causes, aids or abets a violation of this section shall be considered a violation under the provisions of this section and subject to the penalty herein provided. The penalty herein provided for shall become due and payable when the person incurring the penalty receives a notice in writing from the Board describing the violation with reasonable particularity and advising such person that the penalty is due. The Board may, upon written application therefor, received within 15 days, and when deemed in the best interest of the State in carrying out the purposes of this Article, remit or mitigate any penalty provided for in this section or discontinue any action to recover the penalty upon such terms as it, in its discretion, shall deem proper, and shall have the authority to ascertain facts upon all such applications in such manner and under such regulations as the Board may adopt. If the amount of such penalty is not paid to the Department within 15 days after receipt of notice, or if an application for remission or mitigation has not been made within 15 days as herein provided, and the amount provided in the order issued by the Board subsequent to such application is not paid within 15 days of receipt thereof, the Attorney General, upon request of the Board, shall bring an action in the name of the State in the Superior Court of Wake County or of any other county wherein such violator does business, to recover the amount specified in the final order of the Board. In any such action, the amount of the penalty shall be subject to review by the court. In all such actions the procedures and rules of evidence shall be the same as in an ordinary civil action except as otherwise in this Article provided. Notification received pursuant to this subsection or information obtained by the exploitation of such notification shall not be used against any person in any criminal case, except as prosecution for perjury or for giving a false statement.

(b) Criminal Penalties. — Any person who intentionally or knowingly or willfully discharges or causes or permits the discharge of oil in violation of this

Part shall be guilty of a misdemeanor punishable by imprisonment not to exceed six months or by fine to be not more than ten thousand dollars ($10,000), or by both, in the discretion of the court. No proceeding shall be brought or continued under this subsection for or on account of a violation by any person who has previously been convicted of a federal violation or a local ordinance violation based upon the same set of facts. (1973, c. 534, s. 1.)

§ 143-215.92. Lien on vessel. — Any vessel (other than one owned or operated by the State of North Carolina or its political subdivisions or the United States government) from which oil is discharged in violation of this Part or any regulation prescribed pursuant thereto, shall be liable for the pecuniary penalty and costs of oil removal specified in this Part and such penalty and costs shall constitute a lien on such vessel; provided, however, that said lien shall not attach if a surety bond is posted with the Board in an amount and with sureties acceptable to the Board, or a cash deposit is made with the Board in an amount acceptable to the Board. Provided further, that such lien shall not have priority over any existing perfected lien or security interest. The Board may adopt regulations providing for such conditions, limitations, and requirements concerning the bond or deposit prescribed by this section as the Board deems necessary. (1973, c. 534, s. 1.)

§ 143-215.93. Liability for damage caused. — Any person having control over oil which enters the waters of the State in violation of this Part shall be strictly liable, without regard to fault, for damages to persons or property, public or private, caused by such entry, subject to the exceptions enumerated in G.S. 143-215.83(b). (1973, c. 534, s. 1.)

§ 143-215.94. Joint and several liability. — In order to provide maximum protection for the public interest, any actions brought pursuant to G.S. 143-215.89 through 143-215.92(a), 143-215.94 or any other section of this Article, for recovery of cleanup costs or for civil penalties or for damages, may be brought against any one or more of the persons having control over the oil or causing or contributing to the discharge of oil. All said persons shall be jointly and severally liable, but ultimate liability as between the parties may be determined by common-law principles. (1973, c. 534, s. 1.)

Editor's Note. — It would seem that the reference in this section to §§ 143-215.89 through 143-215.92(a) should be to §§ 143-215.88 through 143-215.91(a) and that the reference to § 143-215.94 should be to § 143-215.93.

Part 3. Oil Terminal Facilities.

§ 143-215.95. Duties of Secretary of Natural and Economic Resources. — The Secretary of Natural and Economic Resources shall administer the provisions for registration of oil terminal facilities contained in this Part. In addition, he shall engage in such study and research concerning oil terminal facilities and their regulation in this State and elsewhere as may be required to furnish the General Assembly with a thorough factual basis for his recommendations for further legislation pursuant to this Part. (1973, c. 534, s. 1.)

§ 143-215.96. Oil terminal facility registration. — Prior to November 10, 1973, the owner or operator of every oil terminal facility in the State shall secure a registration certificate from the Secretary of Natural and Economic Resources. Such a certificate shall be issued only where the applicant shall have furnished the following information concerning the oil terminal facility:

(1) Complete name of owner and operator of the oil terminal facility together with addresses and telephone numbers;
(2) Number of employees of the oil terminal facility and the principal officers;

(3) Maps or sketches, based on criteria developed by the Secretary of Natural and Economic Resources to show property lines of the oil terminal facility and location of nearby watercourses or bodies of water as specified by the Secretary; and

(4) Summary of present and proposed procedures, if any, for prevention of oil spills.

The owner or operator of any oil terminal facility which begins operation subsequent to the initial registration date specified in this section shall secure a registration certificate no later than 30 days after beginning operations. (1973, c. 534, s. 1.)

§ 143-215.97. Recommendations; regulations. — (a) The Secretary of Natural and Economic Resources shall present recommended further legislation concerning oil pollution to the General Assembly by February 1, 1974. Such recommended legislation may include provisions (i) designating or creating a State agency to regulate oil terminal facilities; (ii) specifying the legal responsibility of oil terminal facilities for prevention of oil spills, and for related measures to protect the public interest; (iii) creating a system of licensing of oil terminal facilities, or such alternative measures as the Secretary deems needful to protect the public interest; and (iv) such other provisions as the Secretary shall deem necessary and appropriate.

(b) The Secretary of Natural and Economic Resources may adopt and modify from time to time rules and regulations consistent with this Part to implement the provisions of this Part. All such rules and regulations and modifications thereof, shall be filed with the Secretary of State as required by Article 18 of Chapter 143 of the General Statutes. (1973, c. 534, s. 1.)

§ 143-215.98. Violations. — Any person who shall be adjudged to have violated any provision of this Part or any rule or regulation of the Secretary of Natural and Economic Resources adopted hereunder shall be guilty of a misdemeanor, punishable upon conviction by a fine of not exceeding fifty dollars ($50.00) or by imprisonment for not exceeding 30 days or by both such fine and imprisonment. (1973, c. 534, s. 1.)

§ 143-215.99. Oil refinery permits. — No facility which is used or capable of being used for the purpose of refining oil shall be initiated or constructed prior to July 1, 1974, without a permit from the Board. The Board shall deny such permit upon finding:

(1) That the installation will have substantial adverse effects on wildlife or on fresh water, estuarine or marine fisheries;

(2) That the operation of the installation will violate standards of air or water quality promulgated or administered by the Board;

(3) That the installation will have a substantial adverse effect on a publicly owned park, forest or recreation area; or

(4) That the installation will have substantial adverse effects on the public health, safety or welfare that are not outweighed by the benefits of the installation.

In the absence of such findings, a permit shall be granted. The Board may adopt rules and regulations prescribing procedures to be followed in connection with such permits. (1973, c. 534, s. 1.)

§§ 143-215.100 to 143-215.104: Reserved for future codification purposes.

ARTICLE 21B.

Air Pollution Control.

§ 143-215.105. Declaration of policy; definitions. — The declaration of public policy set forth in G.S. 143-211 and the definitions set forth in G.S. 143-213, applicable to the control and abatement of air pollution, shall be applicable to this Article. (1973, c. 821, s. 6.)

Editor's Note. — Session Laws 1973, c. 821, s. 7, contains a severability clause.

§ 143-215.106. Administration of air quality program. — The air quality program of the State of North Carolina shall be administered by the Department of Natural and Economic Resources under the rules, regulations and policies of the North Carolina Board of Water and Air Resources created pursuant to G.S. 143-214. The Board shall review and have general oversight and supervision over the creation and administration of local air pollution control programs authorized by this Article. Public hearings on the adoption by the Board of air quality standards, emission control standards, and classifications for air contaminant sources as well as any proposed revisions in such standards and classifications shall be conducted in accordance with the procedure set forth in subsections (e) (1), (e) (2) and (e) (3) of G.S. 143-214.1. (1973, c. 821, s. 6.)

§ 143-215.107. Air quality standards and classifications. — (a) The Board is hereby directed and empowered, as rapidly as possible within the limits of funds and facilities available to it, and subject to the procedural requirements of this Article and Article 21:

(1) To prepare and develop, after proper study, a comprehensive plan or plans for the prevention, abatement and control of air pollution in the State or in any designated area of the State.

(2) To determine by means of field sampling and other studies, including the examination of available data collected by any local, State or federal agency or any person, the degree of air contamination and air pollution in the State and the several areas of the State.

(3) To develop and adopt, after proper study, air quality standards applicable to the State as a whole or to any designated area of the State as the Board deems proper in order to promote the policies and purposes of this Article and Article 21 most effectively.

(4) To develop and adopt classifications for use in classifying air contaminant sources, which in the judgment of the Board may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which relate to air pollution and may require reporting for any such class or classes. Such classifications may be for application to the State as a whole or to any designated area of the State, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property. Any person operating or responsible for the operation of air contaminant sources of any class for which the Board requires reporting shall make reports containing such information as may be required by the Board concerning location, size, and height of contaminant outlets, processes employed, fuels used, and the nature and time periods or duration of emissions, and such other information as is relevant to air pollution and available or reasonably capable of being assembled.

(5) To develop and adopt such emission control standards as in the judgment of the Board may be necessary to prohibit, abate or control air pollution commensurate with established air quality standards.

Such standards may be applied uniformly to the State as a whole or to any area of the State designated by the Board.

(6) To adopt, when necessary and practicable, a program for testing emissions from motor vehicles and to adopt motor vehicle emission standards in compliance with applicable federal regulations.

(b) Criteria for Standards. — In developing air quality and emission control standards, the Board shall recognize varying local conditions and requirements and may prescribe different standards for different areas as may be necessary and appropriate to facilitate accomplishment of the stated purposes of this Article and Article 21.

(c) Proposed Adoption of Standards and Classifications. — Prior to the adoption by the Board of air quality standards, emission control standards and classifications for air contaminant sources, and prior to any modification of any such actions previously taken, the Board shall give notice of its proposed action and shall conduct one or more public hearings with respect to any such proposed action in accordance with the procedure set forth in subsections (e)(1),(e)(2), and (e)(3) of G.S. 143-214.1.

(d) Final Adoption of Air Quality Standards, Emission Control Standards and Classifications for Air Contaminant Sources. — Upon completion of hearings and consideration of submitted evidence and arguments concerning any proposed action by the Board with respect to the adoption of air quality standards, emission control standards and classifications for air contaminant sources, the Board shall adopt its final action with respect thereto and shall publish such final action as a part of its official regulations. When final action has been adopted and is published with respect to the aforestated standards and classifications, the Board shall likewise publish as a part of its official regulations, the effective date for the application of the provisions of G.S. 143-215.108 and G.S. 143-215.109 to persons within the State as a whole or within any designated area of the State.

(e) Board's Powers to Modify or Revoke. — The Board is hereby empowered to modify or revoke from time to time any final action previously taken by it pursuant to the provisions of this Part, any such modification or revocation, however, to be subject to the procedural requirements of this Article and Article 21. (1973, c. 821, s. 6.)

§ 143-215.108. Control of sources of air pollution; permits required. — (a) After the effective date applicable to any air quality or emission control standards established pursuant to G.S. 143-215.107, no person shall do any of the following things or carry out any of the following activities which contravene or will be likely to contravene such standards until or unless such person shall have applied for and shall have received from the Board a permit therefor and shall have complied with such conditions, if any, as are prescribed by such permit:

(1) Establish or operate any air contaminant source;

(2) Build, erect, use or operate any equipment which may result in the emission of air contaminants or which is likely to cause air pollution;

(3) Alter or change the construction or method of operation of any equipment or process from which air contaminants are or may be emitted;

(4) Enter into a contract for the construction and installation of any air-cleaning device, or allow or cause such device to be constructed, installed, or operated.

(b) The Board shall act upon all applications for permits so as to effectuate the purpose of this section, by reducing existing air pollution and preventing, so far as reasonably possible, any increased pollution of the air of the State from any additional or enlarged sources.

The Board shall have the power:

(1) To grant and renew a permit with such conditions attached as the Board believes necessary to achieve the purposes of this section;

(2) To grant and renew any temporary permit for such period of time as the Board shall specify even though the action allowed by such permit may result in pollution or increase pollution where conditions make such temporary permit essential;

(3) To modify or revoke any permit upon not less than 60 days' written notice to any person affected;

(4) To require all applications for permits and renewals to be in writing and to prescribe the form of such applications;

(5) To request such information from an applicant and to conduct such inquiry or investigation as it may deem necessary and to require the submission of plans and specifications prior to acting on any application for a permit; and

(6) To adopt rules, as it deems necessary, establishing the form of applications and permits and procedures for the granting or denial of permits and renewals pursuant to this section; and all permits, renewals and denials shall be in writing.

The Board shall act on all applications for permits as rapidly as possible, but it shall have the power to request such information from an applicant and to conduct such inquiry or investigation as it may deem necessary prior to acting on any application for a permit. Failure of the Board to take action on an application for a permit within 90 days after all data, plans, specifications and other required information have been furnished by the applicant shall be deemed as approval of such application.

Any person whose application for a permit or renewal thereof is denied or is granted subject to conditions which are unacceptable to such person or whose permit is modified or revoked shall have the right to a hearing before the Board upon making demand therefor within 30 days following the giving of notice by the Board as to its decision upon such application. Unless such a demand for a hearing is made, the decision of the Board on the application shall be final and binding. If demand for a hearing is made, the procedure with respect thereto and with respect to all further proceedings shall be as specified in G.S. 143-215.4 and in any applicable rules of procedure of the Board. (1973, c. 821, s. 6.)

§ 143-215.109. Control of complex sources. — (a) The Board shall develop and adopt regulations establishing criteria for controlling the effects of complex sources on air quality. The regulations shall set forth such basic minimum criteria or standards under which the Board shall approve or disapprove any such construction or modification. The regulations shall further provide for the submission of plans, specifications and such other information as may be necessary for the review and evaluation of proposed or modified complex sources.

(b) If the Board shall determine that the construction or modification of any complex sources will result in a violation of ambient air quality standards or interfere with the attainment of such standards in any area where an air pollution abatement control program has been established, the Board shall have authority to disapprove such construction or modification or to approve such construction or modification under such conditions as the Board shall deem necessary or appropriate.

(c) In adopting the regulations required by this section and in applying such regulations to any complex source, the Board may conduct such public hearings as it, in its sole discretion, shall deem appropriate, after such notice and pursuant to such procedures as the Board shall establish in its rules of procedure. (1973, c. 821, s. 6.)

§ 143-215.110. Special orders. — (a) Issuance. — The Board is hereby empowered, after the effective date of standards and classifications adopted pursuant to G.S. 143-215.107, to issue (and from time to time to modify or revoke) a special order or other appropriate instrument, to any person whom it finds responsible for causing or contributing to any pollution of the air within the area for which standards have been established. Such an order or instrument may direct such person to take or refrain from taking such action, or to achieve such results, within a period of time specified by such special order, as the Board deems necessary and feasible in order to alleviate or eliminate such pollution. The Board is authorized to enter into consent special orders, assurances of voluntary compliance or other similar documents by agreement with the person responsible for pollution of the air, and such document shall have the same force and effect as a special order of the Board issued pursuant to hearing.

(b) Procedure. — No special order shall be issued by the Board (unless issued upon the consent of the person affected thereby) except after a hearing in accordance with the procedural requirements specified in G.S. 143-215.111 and in any applicable rules of procedure of the Board. Any special order shall be based on and shall set forth the findings of fact resulting from evidence presented at such hearing and shall specify the time within which the person against whom such order is issued shall achieve the results required by the special order.

(c) Appeals. — Any person against whom a special order is issued shall have the right to appeal in accordance with the provisions of G.S. 143-215.5. Unless such appeal is taken within the prescribed time limit, the special order of the Board shall be final and binding.

(d) Effect of Compliance. — Any person who installs an air-cleaning device for purpose of alleviating or eliminating air pollution in compliance with the terms of, or as result of the conditions specified in, a permit issued pursuant to G.S. 143-215.108, or a special order, consent special order, assurance of voluntary compliance or similar document issued pursuant to this section, or a final decision of the Board or a court, rendered pursuant to either of said sections, shall not be required to take or refrain from any further action nor be required to achieve any further results under the terms of this or any other State law relating to the control of air pollution, for a period to be fixed by the Board or court as it shall deem fair and reasonable in the light of all the circumstances after the date such special order, consent special order, assurance of voluntary compliance, other document or decision, or the conditions of such permit become finally effective, if:

(1) The air-cleaning devices result in the elimination or alleviation of air pollution to the extent required by such permit, special order, consent special order, assurance of voluntary compliance, or other document or decision and complies with any other terms thereof; and

(2) Such person complies with the terms and conditions of such permit, special order, consent special order, assurance of voluntary compliance, other document or decision within the time limit, if any, specified therein or as the same may be extended, and thereafter remains in compliance. (1973, c. 821, s. 6.)

Editor's Note. — It would seem that the reference in subsection (b) of this section to § 143-215.111 should be to § 143-215.113.

§ 143-215.111. General powers of Board; auxiliary powers. — In addition to the specific powers prescribed elsewhere in this Article and the applicable general powers prescribed in G.S. 143-215.3, and for the purpose of carrying out its duties, the Board shall have the power:

(1) To make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor

atmosphere of the State and the several areas thereof, and make recommendations to the General Assembly and other appropriate public and private bodies for the control of such air contaminants.

(2) To consult, upon request, with any person proposing to construct, install, or otherwise acquire an air pollution source or air-cleaning device for the control of air contaminants concerning the efficacy of such device, or the air problem which may be related to such source, or device; provided, however, that nothing in any such consultation shall be construed to relieve any person from compliance with this Article and Article 21, rules and regulations adopted pursuant thereto, or any other provision of law.

(3) To encourage local units of government to handle air pollution problems within their respective jurisdictions and on a cooperative basis, and to provide such local units technical and consultative assistance to the maximum extent possible. (1973, c. 821, s. 6.)

§ 143-215.112. Local air pollution control programs. — (a) The Board is authorized and directed to review and have general oversight and supervision over all existing or proposed local air pollution control programs and to this end shall review and certify such programs as being adequate to meet the requirements of this Article and Article 21 and any applicable standards and rules and regulations adopted pursuant thereto. The Board shall certify any local program which:

(1) Provides by ordinance or local law for requirements compatible with those imposed by the provisions of this Article and Article 21, and the standards and rules and regulations issued pursuant thereto; provided, however, the Board upon request of a municipality or other local unit may grant special permission for the governing body of such unit to adopt a particular class of air contaminant regulations which would result in more effective air pollution control than applicable standards, rules, or regulations promulgated by the Board;

(2) Provides for the adequate enforcement of such requirements by appropriate administrative and judicial process;

(3) Provides for an adequate administrative organization, staff, financial and other resources necessary to effectively and efficiently carry out its programs; and

(4) Is approved by the Board as adequate to meet the requirements of this Article and any applicable rules and regulations pursuant thereto.

(b) No municipality, county, local board or commission or group of municipalities and counties may establish and administer an air pollution control program unless such program meets the requirements of this section and is so certified by the Board.

(c) (1) The governing body of any county, municipality, or group of counties and municipalities within a designated area of the State, as defined in this Article and Article 21, subject to the approval of the Board of Water and Air Resources, is hereby authorized to establish, administer, and enforce a local air pollution control program for the county, municipality, or designated area of the State which includes but is not limited to:

a. Development of a comprehensive plan for the control and abatement of new and existing sources of air pollution;

b. Air quality monitoring to determine existing air quality and to define problem areas, as well as to provide background data to show the effectiveness of a pollution abatement program;

c. An emissions inventory to identify specific sources of air contamination and the contaminants emitted, together with the quantity of material discharged into the outdoor atmosphere;

d. Adoption, after notice and public hearing, of air quality and

emission control standards, or adoption by reference, without public hearing, of any applicable rules, regulations and standards duly adopted by the Board of Water and Air Resources; and administration of such rules, regulations and standards in accordance with provisions of this section.

e. Provisions for the establishment or approval of time schedules for the control or abatement of existing sources of air pollution and for the review of plans and specifications and issuance of approval documents covering the construction and operation of pollution abatement facilities at existing or new sources;

f. Provision for adequate administrative staff, including an air pollution control officer and technical personnel, and provision for laboratory and other necessary facilities.

(2) Subject to the approval of the Board of Water and Air Resources as provided in this Article and Article 21, the governing body of any county or municipality may establish, administer, and enforce an air pollution control program by either of the following methods:

a. Establishing a program under the administration of the duly elected governing body of the county or municipality;

b. Appointing an air pollution control board consisting of not less than five nor more than seven members who shall serve for terms of six years each and until their successors are appointed and qualified. Two members shall be appointed for two-year terms, two shall be appointed for four-year terms, and the remaining member or members shall be appointed for six-year terms. Where the term "governing body" is referred to in this section, it shall include the air pollution control board. Such board shall have all the powers and authorities granted to any local air pollution control program. The board shall elect a chairman and shall meet at least quarterly or upon the call of the chairman or any two members of the board;

c. Appointing an air pollution control board as provided in this subdivision, and by appropriate written agreement designating the local health department or other department of county or municipal government as the administrative agent for the air pollution control board; and

d. Designating, by appropriate written agreement, the local board of health and the local health department as the air pollution control board and agency.

(3) If the Board finds that the location, character or extent of particular concentrations of population, air contaminant sources, the geographic, topographic or meteorological considerations, or any combinations thereof, are such as to make impracticable the maintenance of appropriate levels of air quality without an area-wide air pollution control program, the Board may determine the boundaries within which such program is necessary and require such area-wide program as the only acceptable alternative to direct State administration. Subject to the provisions of this section, each governing body of a county or municipality is hereby authorized and empowered to establish by contract, joint resolution, or other agreement with any other governing body of a county or municipality, upon approval by the Board of Water and Air Resources, an air pollution control region containing any part or all of the geographical area within the jurisdiction of those boards or governing bodies which are parties to such agreement, provided the counties involved in the region are contiguous or lie in a continuous boundary and comprise the total area contained in any region designated by the Board of Water and Air Resources for an area-wide program. The participating parties are

authorized to appoint a regional air pollution control board which shall consist of at least five members who shall serve for terms of six years and until their successors are appointed and qualified. Two members shall be appointed for two-year terms, two shall be appointed for four-year terms and the remaining member or members shall be appointed for six-year terms. A participant's representation on the board shall be in relation to its population to the total population of the region based on the latest official United States census with each participant in the region having at least one representative; provided, that where the region is comprised of less than five counties, each participant will be entitled to appoint members in relation to its population to that of the region so as to provide a board of at least five members. Where the term "governing body" is used, it shall include the governing board of a region. The regional board is hereby authorized to exercise any and all of the powers provided in this section. The regional air pollution control board shall elect a chairman and shall meet at least quarterly or upon the call of the chairman or any two members of the board. In lieu of employing its own staff, the regional air pollution control board is authorized, through appropriate written agreement, to designate a local health department as its administrative agent.

(4) Each governing body is authorized to adopt any ordinances, resolutions, rules or regulations which are necessary to establish and maintain an air pollution control program and to prescribe and enforce air quality and emission control standards, a copy of which must be filed with the Board of Water and Air Resources and with the clerk of court of any county affected. Provisions may be made therein for the registration of air contaminant sources; for the requirement of a permit to do or carry out specified activities relating to the control of air pollution, including procedures for application, issuance, denial and revocation; for notification of violators or potential violators about requirements or conditions for compliance; for procedures to grant temporary permits or variances from requirements or standards; for the declaration of an emergency when it is found that a generalized condition of air pollution is causing imminent danger to the health or safety of the public and the issuance of an order to the responsible person or persons to reduce or discontinue immediately the emission of air contaminants; for notice and hearing procedures for persons aggrieved by any action or order of any authorized agent; for the establishment of an advisory council and for other administrative arrangements; and for other matters necessary to establish and maintain an air pollution control program.

(d) (1) Violation of any ordinances, resolutions, rules or regulations duly adopted by a governing body shall constitute a misdemeanor, punishable as provided in G.S. 143-215.114(b).

(2) Each governing body, or its duly authorized agent, may institute a civil action in the superior court, brought in the name of the agency having jurisdiction, for injunctive relief to restrain any violation or immediately threatened violation of such ordinances, orders, rules, or regulations and for such other relief as the court shall deem proper. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this Article and Article 21 for any violation of same.

(3) In addition, each governing body is authorized to expend tax funds, nontax funds, or any other funds available to it to finance an air pollution control program and such expenditures are hereby declared to be for a public purpose and a necessary expense.

(4) Any final administrative decision rendered in an air pollution control

program of such governing body shall be subject to judicial review as provided by Article 33 of Chapter 143, and "administrative agency" or "agency" as used therein shall mean and include for this purpose the governing body of any county or municipality, regional air pollution control governing board, and any agency created by them in connection with an air pollution control program.

(e) (1) If the Board has reason to believe that a local air pollution control program certified and in force pursuant to the provisions of this section is inadequate to abate or control air pollution in the jurisdiction to which such program relates, or that such program is being administered in a manner inconsistent with the requirement of this Article, the Board shall, upon due notice, conduct a hearing on the matter.

(2) If, after such hearing, the Board determines that an existing local air pollution control program or one which has been certified by the Board is inadequate to abate or control air pollution in the municipality, county, or municipalities or counties to which such program relates, or that such program is not accomplishing the purposes of this Article, it shall set forth in its findings the corrective measures necessary for continued certification and shall specify a reasonable period of time, not to exceed one year, in which such measures must be taken if certification is not to be rescinded.

(3) If the municipality, county, local board or commission or municipalities or counties fail to take such necessary corrective action within the time specified, the Board shall rescind any certification as may have been issued for such program and shall administer within such municipality, county, or municipalities or counties all of the regulatory provisions of this Article and Article 21. Such air pollution control program shall supersede all municipal, county or local laws, regulations, ordinances and requirements in the affected jurisdiction.

(4) If the Board finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local air pollution control authorities or may be more efficiently and economically performed at the State level, it may assume and retain jurisdiction over that class of air contaminant source. Classification pursuant to this subdivision may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

(5) Any municipality or county in which the Board administers its air pollution control program pursuant to subdivision (3) of this subsection may, with the approval of the Board, establish or resume a municipal, county, or local air pollution control program which meets the requirements for certification by the Board.

(6) Nothing in this Article and Article 21 shall be construed to supersede or oust the jurisdiction of any local air pollution control program in operation on June 22, 1967; provided that within two years from such date any such program shall meet all requirements of this Article and Article 21 for certification by the Board as an approved local air pollution control program. Any certification required from the Board shall be deemed granted unless the Board takes specific action to the contrary.

(7) Any municipality, county, local board or commission or municipalities or counties or designated area of this State for which a local air pollution control program is established or proposed for establishment may make application for, receive, administer and expend federal grant funds for the control of air pollution or the development and administration of programs related to air pollution control; provided

that any such application is first submitted to and approved by the Board. The Board shall approve any such application if it is consistent with this Article, Article 21 and other applicable requirements of law.

(8) Notwithstanding any other provision of this section, if the Board determines that an air pollution source or combination of sources is operating in violation of the provisions of this Article and that the appropriate local authorities have not acted to abate such violation, the Board, upon written notice to the appropriate local governing body, may act on behalf of the State to require any person causing or contributing to the pollution to cease immediately the emission of air pollutants causing or contributing to the violation or may require such other action as it shall deem necessary. (1973, c. 821, s. 6.)

§ 143-215.113. General provisions as to procedure; appeals. — All hearings provided for in this Article to be conducted by the Board shall be in accordance with the provisions of G.S. 143-215.4. Appeals from any final order or decision of the Board shall be pursuant to the provisions of G.S. 143-215.5. (1973, c. 821, s. 6.)

§ 143-215.114. Enforcement procedures. — (a) Civil Penalties. —

(1) A civil penalty of not more than five thousand dollars ($5,000) may be assessed against any person who:

a. Violates any classification, standard or limitation established pursuant to G.S. 143-215.107;

b. Is required but fails to apply for or to secure a permit required by G.S. 143-215.108 or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit;

c. Violates or fails to act in accordance with the terms, conditions, or requirements of any special order or other appropriate document issued pursuant to G.S. 143-215.110;

d. Fails to file, submit, or make available, as the case may be, any documents, data or reports required by this Article;

e. Refuses access to the Board of [or] its duly designated representatives to any premises for the purpose of conducting any investigations provided for in this Article; or

f. Violates any duly adopted regulation of the Board implementing the provisions of this Article.

(2) If any action or failure to act for which a penalty may be assessed under this subsection is willful, the Board may assess a penalty not to exceed five thousand dollars ($5,000) per day for so long as the violation continues.

(3) The Board, or, if authorized by the Board, the Department of Natural and Economic Resources may assess the penalties provided for in this subsection. Any person assessed shall be notified of the assessment by registered or certified mail, and the notice shall specify the reasons for the assessment. If the person assessed fails to pay the amount of the assessment to the Department of Natural and Economic Resources within 30 days after receipt of notice, or such longer period, not to exceed 180 days, as the Board may specify, the Board may institute a civil action in the Superior Court of Wake County to recover the amount of the assessment. In any such civil action, the scope of the court's review of the Board's action (which shall include a review of the amount of the assessment), shall be as provided in G.S. 143-315.

(b) Criminal Penalties. —

(1) Any person who willfully or negligently violates any classification, standard or limitation established pursuant to G.S. 143-215.107; any term, condition, or requirement of a permit issued pursuant to G.S. 143-215.108 or of a special order or other appropriate document issued

pursuant to G.S. 143-215.110 or any regulation of the Board implementing any of the said section, shall be guilty of a misdemeanor punishable by a fine not to exceed twenty-five thousand dollars ($25,000) per day of violation, or by imprisonment not to exceed six months, or by both.

(2) Any person who knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Article and Article 21, or regulations of the Board implementing this Article and Article 21, or who falsifies, tampers with, or knowingly renders inaccurate any recording or monitoring device or method required to be operated or maintained under this Article and Article 21 or regulations of the Board implementing this Article and Article 21, shall be guilty of a misdemeanor punishable by a fine not to exceed ten thousand dollars ($10,000), or by imprisonment not to exceed six months, or by both.

(3) Any person convicted of an offense under either subdivision (1) or subdivision (2) of this subsection following a previous conviction under such subdivision shall be subject to a fine, or imprisonment, or both, not exceeding twice the amount of the fine or twice the term of imprisonment provided in the subdivision under which the second or subsequent conviction occurs.

(4) For purposes of this subsection, the term "person" shall mean, in addition to the definition contained in G.S. 143-213, any responsible corporate or public officer or employee; provided, however, that where a vote of the people is required to effectuate the intent and purpose of this Article by a county, city, town, or other political subdivision of the State, and the vote on the referendum is against the means or machinery for carrying said intent and purpose into effect, then, and only then, this subsection shall not apply to elected officials or to any responsible appointed officials or employees of such county, city, town, or political subdivision.

(c) Injunctive Relief. — Whenever the Department of Natural and Economic Resources has reasonable cause to believe that any person has violated or is threatening to violate any of the provisions of this Article or any regulations adopted by the Board implementing the provisions of this Article, the Department of Natural and Economic Resources, either before or after the institution of any other action or proceeding authorized by this Article and Article 21, request the Attorney General to institute a civil action in the name of the State upon the relation of the Department of Natural and Economic Resources for injunctive relief to restrain the violation or threatened violation and for such other and further relief in the premises as the court shall deem proper. The Attorney General may institute such action in the Superior Court of Wake County, or, in his discretion, in the superior court of the county in which the violation occurred or may occur. Upon a determination by the court that the alleged violation of the provisions of this Article and Article 21 or the regulation of the Board has occurred or is threatened, the court shall grant the relief necessary to prevent or abate the violation or threatened violation. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed for violation of this Article. (1973, c. 821, s. 6.)

Lease of Facility to Private Corporation. — A lease by the Port Authority of a grain handling facility to a private corporation, under the terms of which the corporation would pay during a five-year term all costs of operation of facility and rentals sufficient to pay in full revenue bonds issued by the Authority, was within the power of the Authority and did not constitute a loan of the credit of the State or the agency. North Carolina State Ports Auth. v. First-Citizens Bank & Trust Co., 242 N.C. 416, 88 S.E.2d 109 (1955).

§ 143-218.1. Approval of acquisition and disposition of real property. — Any transactions relating to the acquisition or disposition of real property or any estate or interest in real property, by the North Carolina State Ports Authority, shall be subject to prior review by the Governor and Council of State, and shall become effective only after the same has been approved by the Governor and Council of State. The Governor, acting with the approval of the Council of State, may delegate the review and approval of such classes of lease, rental, easement, or right-of-way transactions as he deems advisable, and he may likewise delegate the review and approval of the severance of buildings and timber from the land. (1959, c. 523, s. 6.)

The North Carolina State Ports Authority is not freed from the provisions of this section merely because the Authority has the right under § 143-220 to select the particular procedure it will follow in exercising its power of eminent domain. North Carolina State Ports Auth. v. Southern Felt. Corp., 1 N.C. App. 231, 161 S.E.2d 47 (1968).

§ 143-219. Issuance of bonds. — (a) As a means of raising the funds needed from time to time in the acquisition, construction, equipment, maintenance and operation of any facility, building, structure, terminal railroad or any other matter or thing which the Authority is herein authorized to acquire, construct, equip, maintain, or operate, all or any of them, the said Authority is hereby authorized at one time or from time to time to issue negotiable revenue bonds of the Authority. The principal and interest of such revenue bonds shall be payable solely from the revenue to be derived from the operation of all or any part of its properties and facilities.

(b) A pledge of the net revenues derived from the operation of said properties and facilities, all or any of them, shall be made to secure the payment of said bonds as and when they mature.

(c) Revenue bonds issued under the provisions of this Article shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State. The issuance of such revenue bonds shall not directly or indirectly or contingently obligate the State to levy or to pledge any

form of taxation whatever therefor or to make any appropriation for their payment.

(d) Such bonds and the income thereof shall be exempt from all taxation within the State. (1945, c. 1097, s. 4.)

Editor's Note. — Section 13 of the State Ports Bond Act of 1949, Session Laws 1949, c. 820, s. 13, was repealed by Session Laws 1971, c. 574.

Effect of Section 13 of State Ports Bond Act of 1949. — This section remains in full force and effect except to the extent, if any, it is in irreconcilable conflict with § 13 of the State Ports Bond Act of 1949. North Carolina State Ports Auth. v. First-Citizens Bank & Trust Co., 242 N.C. 416, 88 S.E.2d 109 (1955).

Section 13 of the State Ports Bond Act does not prohibit or suspend the Authority's right to raise $60,000 of the cost of construction of a particular new facility by the issuance and sale of revenue bonds and to pledge the revenues to be derived from the operation of the particular facility to secure the payment of the bonds. North Carolina State Ports Auth. v. First-Citizens Bank & Trust Co., 242 N.C. 416, 88 S.E.2d 109 (1955).

§ 143-220. Power of eminent domain. — For the acquiring of rights-of-way and property necessary for the construction of terminal railroads and structures, including railroad crossings, airports, seaplane bases, naval bases, wharves, piers, ships, docks, quays, elevators, compresses, refrigerator storage plants, warehouses and other riparian and littoral terminals and structures and approaches thereto and transportation facilities needful for the convenient use of same, and belt line roads and highways and causeways and bridges and other bridges and causeways, the Authority shall have the right and power to acquire the same by purchase, by negotiation, or by condemnation, and should it elect to exercise the right of eminent domain, condemnation proceedings shall be maintained by and in the name of the Authority, and it may proceed in the manner provided by the general laws of the State of North Carolina for the procedure by any county, municipality or authority organized under the laws of this State, or by the Board of Transportation, or by railroad corporations, or in any other manner provided by law, as the Authority may, in its discretion, elect. The power of eminent domain shall not apply to property of persons, State agency or corporations already devoted to public use. (1945, c. 1097, s. 5; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "North Carolina State Highway Department."

Strict Construction. — The exercise of the power of eminent domain is in derogation of common right, and all laws conferring such power must be strictly construed. North Carolina State Ports Auth. v. Southern Felt Corp., 1 N.C. App. 231, 161 S.E.2d 47 (1968).

The right to authorize the exercise of the power of eminent domain and the mode of exercise thereof is wholly legislative, limited only by constitutional provisions which require reasonable notice and opportunity to be heard and payment of just compensation for taking of private property for public uses. North Carolina State Ports Auth. v. Southern Felt Corp., 1 N.C. App. 231, 161 S.E.2d 47 (1968).

The North Carolina State Ports Authority is not freed from the provisions of § 143-218.1 merely because the Authority has the right under this section to select the particular procedure it will follow in exercising its power of eminent domain. North Carolina State Ports Auth. v. Southern Felt Corp., 1 N.C. App. 231, 161 S.E.2d 47 (1968).

§ 143-221. Exchange of property; removal of buildings, etc. — The Authority may exchange any property or properties acquired under the authority of this Chapter for other property, or properties usable in carrying out the powers hereby conferred, and also may remove from lands needed for its purposes and reconstruct on other locations, buildings, terminals, railroads, or other structures, upon the payment of just compensation, if in its judgment, it is necessary or expedient so to do in order to carry out any of its plans for port development, under the authorization of this Article. (1945, c. 1097, s. 6.)

§ 143-222. Dealing with federal agencies. — The Authority board is authorized to assign, transfer, lease, convey, grant or donate to the United

States of America, or to the appropriate agency or department thereof, any or all of the property of the Authority, for the use by such grantee for any purpose included within the general purposes of this Article, as stated in G.S. 143-217, such assignment, transfer, lease, conveyance, grant or donation to be upon such terms as the Authority board may deem advisable. In the event the United States of America should decide to undertake the acquisition, construction, equipment, maintenance or operation of the airports, seaplane bases, naval bases, wharves, piers, ships, refrigerator storage plants, warehouses, elevators, compresses, docks, shipyards, shipping and transportation facilities before referred to, including terminal railroads, roads, highways, causeways, or bridges and should itself decide to acquire the lands and properties necessarily needed in connection therewith by condemnation or otherwise, the Authority board is further authorized to transfer and pay over to the United States of America or to the appropriate agency or department thereof, such of the moneys belonging to the Authority board as may be found needed or reasonably required by said United States of America to meet and pay the amount of judgments or condemnation, including costs, if any to be taxed thereon, as may from time to time be rendered against the United States of America, or its appropriate agency, or as may be reasonably necessary to permit and allow said United States of America, or its appropriate agency, to acquire and become possessed of such lands and properties as are reasonably required for the construction and use of said facilities before referred to. (1945, c. 1097, s. 7.)

§ 143-223. Terminal railroads. — The Authority shall have the power and authority to acquire, own, lease, locate, install, construct, equip, hold, maintain, control and operate at harbors and seaports a line of terminal railroads with necessary sidings, turnouts, spurs, branches, switches, yard tracks, bridges, trestles, and causeways and in connection therewith or appurtenant thereto shall have the further right to lease, install, construct, acquire, own, maintain, control and use any and every kind or character of motive power and conveyances or appliances necessary or proper to carry passengers, goods, wares, and merchandise over, along or upon the track of such railroad or other conveyances. And the Authority shall have the right and authority to make agreements as to scale of wages, seniority, and working conditions with locomotive engineers, locomotive firemen, switchmen and switch engine foremen and hostlers engaged in the operation of the terminal railroads provided for in this section, and the service and equipment pertinent thereto. And should the said Department exercise the authority herein given, then in such event it shall be the duty of the said Department to make such agreements with said employees hereinabove specified, in accordance with the act of Congress known as the Railroad Labor Act (U.S.C. Title 45, sections 151-163) as amended or as hereafter amended to the end that the same agreements as to seniority and working conditions will obtain as to said employees and the standard rate of pay be provided, as are in force relative to like employees of interstate railroads operating in the same territory with terminal railroads authorized hereby. The Authority shall have the right and authority with its terminal railroads to connect with or cross any other railroad upon payment of just compensation and to receive, deliver to and transport the freight, passengers, and cars of common carrier railroads as though it were an ordinary common carrier. (1945, c. 1097, s. 8.)

§ 143-224. Jurisdiction of the Authority; application of Chapter 20; appointment and authority of special police. — (a) The jurisdiction of the Authority in any of said harbors or seaports within the State shall extend to all properties owned by or under control of the Authority and shall also extend over the waters and shores of such harbors or seaports and over that part of all tributary streams flowing into such harbors or seaports in which the tide ebbs

and flows, and shall extend to the outer edge of the outer bar at such harbors or seaports.

(b) All the provisions of Chapter 20 of the General Statutes relating to the use of the highways of the State and the operation of motor vehicles thereon are hereby made applicable to the streets, alleys and driveways on the properties owned by or under the control of the North Carolina State Ports Authority. Any person violating any of the provisions of said Chapter in or on such streets, alleys or driveways shall, upon conviction thereof, be punished as therein prescribed. Nothing herein contained shall be construed as in any way interfering with the ownership and control of such streets, alleys and driveways on the properties of said Authority as is now vested by law in the said Authority.

(c) The North Carolina State Ports Authority is hereby authorized to make such reasonable rules, regulations, and adopt such additional ordinances with respect to the use of the streets, alleys, driveways and to the establishment of parking areas on the properties of the Authority and relating to the safety and welfare of persons using the property of the Authority. All rules, regulations and ordinances adopted pursuant to the authority of this subsection shall be recorded in the proceedings of the Authority and printed and copy of such rules, regulations and ordinances shall be filed in the office of the Secretary of State of North Carolina and the Authority shall cause to be posted, at appropriate places on the properties of the Authority, notice to the public of applicable rules, regulations and ordinances as may be adopted under the authority of this subsection. Any person violating any such rules, regulations or ordinances shall, upon conviction thereof, be guilty of a misdemeanor and shall be punished by a fine of not exceeding fifty dollars ($50.00) or imprisonment not to exceed 30 days.

(d) The Executive Director of the Authority is authorized to appoint such number of employees of the Authority as he may think proper as special policemen, who, when so appointed, shall have all the powers of policemen of incorporated towns. Such policemen shall have the power of arrest of persons committing violations of State law or any reasonable rules, regulations and ordinances lawfully adopted by the Authority as herein authorized. Employees appointed as such special policemen shall take the general oath of office prescribed by G.S. 11-11. (1945, c. 1097, s. 9; 1959, c. 523, s. 7; 1965, c. 1074.)

§ 143-225. Treasurer of the Authority. — The Authority shall select its own treasurer. The Authority shall require a surety bond of such appointee in such amount as the Authority may fix, and the premium or premiums thereon shall be paid by said Authority as a necessary expense of said Authority. (1945, c. 1097, s. 10; 1959, c. 523, s. 8.)

§ 143-226. Deposit and disbursement of funds. — All Authority funds shall be deposited in a bank or banks to be designated by the Authority. Funds of the Authority shall be paid out only upon warrants signed by the treasurer or assistant treasurer of the Authority and countersigned by the chairman, the acting chairman or the executive director. No warrants shall be drawn or issued disbursing any of the funds of the Authority except for a purpose authorized by this Article and only when the account or expenditure for which the same is to be given in payment has been audited and approved by the Authority or its executive director. Any and all revenues and earnings received by the Authority from its operations shall be handled as directed in section 13, Chapter 820 of the Session Laws of 1949. (1945, c. 1097, s. 11; 1951, c. 1088, s. 1.)

§ 143-227. Annual audit; copies to be furnished. — At least once in each year the State Auditor shall cause to be made a detailed audit of all moneys received and disbursed by the Authority during the preceding year. Such audit shall show the several sources from which funds were received and the balance

on hand at the beginning and end of the preceding year and shall show the complete financial condition of the Authority. A copy of the said audit shall be furnished to each member of the governing body of the said Authority and to the officers thereof and to the Governor, the Budget Bureau and the Attorney General. (1945, c. 1097, s. 12; 1951, c. 1088, s. 2.)

§ 143-227.1. Purchase of supplies, material and equipment. — All the provisions of Article 3 of Chapter 143 of the General Statutes relating to the purchase of supplies, material and equipment by the State government are hereby made applicable to the North Carolina State Ports Authority. (1953, c. 191, s. 6.)

§ 143-228. Liberal construction of Article. — It is intended that the provisions of this Article shall be liberally construed to accomplish the purposes provided for, or intended to be provided for, herein, and where strict construction would result in the defeat of the accomplishment of any of the acts authorized herein, and a liberal construction would permit or assist in the accomplishment thereof, the liberal construction shall be chosen. (1945, c. 1097, s. 13.)

Statutes Not to Be Construed to Hamper Authority in Accomplishment of Its Purpose. — Recognizing the dominant intent of the General Assembly to provide maximum development and use of our seaports, no construction should be placed on statutes relating to the Authority, unless plainly required by the express terms thereof, that would tend to hamper the Authority in its efforts to accomplish the very purposes of its existence. North Carolina State Ports Auth. v. First-Citizens Bank & Trust Co., 242 N.C. 416, 88 S.E.2d 109 (1955).

§ 143-228.1. Warehouses, wharves, etc., on property abutting navigable waters. — The powers, authority and jurisdiction granted to the North Carolina State Ports Authority under this Article and Chapter shall not be construed so as to prevent other persons, firms and corporations, including municipalities, from owning, constructing, leasing, managing and operating warehouses, structures and other improvements on property owned, leased or under the control of such other persons, firms and corporations abutting upon and adjacent to navigable waters and streams in this State, nor to prevent such other persons, firms and corporations from constructing, owning, leasing and operating in connection therewith wharves, docks and piers, nor to prevent such other persons, firms and corporations from encumbering, leasing, selling, conveying or otherwise dealing with and disposing of such properties, facilities, lands and improvements after such construction. § 143-239. Statement of purpose.—The purpose of this Article is to create a separate State agency to be known as the North Carolina Wildlife Resources Commission, the function, purpose, and duty of which shall be to manage, restore, develop, cultivate, conserve, protect, and regulate the wildlife resources of the State of North Carolina, and to administer the laws relating to game, game and freshwater fishes, and other wildlife resources enacted by the General Assembly to the end that there may be provided a sound, constructive, comprehensive, continuing, and economical game, game fish, and wildlife program directed by qualified, competent, and representative citizens, who shall have knowledge of or training in the protection, restoration, proper use and management of wildlife resources. (1947, c. 263, s. 3; 1965, c. 957, s. 13.)

§ 143-240. Creation of Wildlife Resources Commission; districts; qualifications of members. — There is hereby created a Commission to be known as the North Carolina Wildlife Resources Commission. The Commission shall consist of nine citizens of North Carolina, who shall be competent and qualified as herein provided, and who shall be appointed by the Governor. One and only one of the Commission members shall be appointed from each of the following geographical districts:

First district to be composed of the following counties: Bertie, Camden, Chowan, Currituck, Dare, Gates, Hertford, Hyde, Martin, Pasquotank, Perquimans, Tyrrell, Washington.

Second district to be composed of the following counties: Beaufort, Carteret, Craven, Duplin, Greene, Jones, Lenoir, New Hanover, Onslow, Pamlico, Pender, Pitt.

Third district to be composed of the following counties: Edgecombe, Franklin, Halifax, Johnston, Nash, Northampton, Vance, Wake, Warren, Wayne, Wilson.

Fourth district to be composed of the following counties: Bladen, Brunswick, Columbus, Cumberland, Harnett, Hoke, Robeson, Sampson, Scotland.

Editor's Note. — The 1971 amendment added "New Hanover" to the second district and deleted "New Hanover" in the fourth district.

Commission to Act by Resolution. — The Wildlife Resources Commission, in the discharge of its important duties in the public interest, can act only by resolution passed in a legal meeting of its members sitting as a commission, which resolution should be recorded in its minutes, and thus become the best evidence of the Commission's actions. State ex rel. North Carolina, Util. Comm'n v. Story, 241 N.C. 103, 84 S.E.2d 386 (1954).

Resolution Authorizing Director to Purchase Lands. — Resolution of the Wildlife Resources Commission authorizing its director to negotiate for the purchase of certain lands and setting up a certain sum in its budget therefor, even if it be construed to authorize the director to actually purchase the lands designated, is not authorization to him to institute proceedings to condemn any part of the lands. Such resolution cannot support a finding that an application for certificate of public convenience and necessity of the acquisition of the land was filed by the Wildlife Resources Commission so as to confer jurisdiction on the Utilities Commission to issue the certificate. State ex rel. North Carolina Util. Comm'n v. Story, 241 N.C. 103, 84 S.E.2d 386 (1954).

§ 143-241. Appointment and terms of office of Commission members; filling of vacancies. — The terms of office of the members of the North Carolina Wildlife Resources Commission who are now serving as members from the State at large shall expire June 30, 1965. The terms of the remaining nine incumbent members of said Commission shall not expire until the end of the terms for which they were appointed.

On the first day of July, 1965 and thereafter, the Governor shall appoint members of the North Carolina Wildlife Resources Commission from the several geographical districts set forth in G.S. 143-240 as follows:

On July 1, 1965, one from each of districts two, five and eight to serve six years each;

On July 1, 1967, one member from each of districts three, six and nine, to serve terms of six years each;

On July 1, 1969, one member from each of districts one, four and seven, to serve terms of six years each.

Thereafter as the terms of office of the members of the Commission from the several districts expire, their successors shall be appointed for terms of six years each.

Vacancies occurring through expiration of terms of the members of the Commission shall be filled by appointment by the Governor from a list of five names from each wildlife district, recommended and submitted by the adult interested citizens of each respective district. When the term of a member expires, the Director or his designee shall call a meeting of the adult interested citizens in that district not later than 60 days prior to the expiration of such member's term. Such meetings shall be held as near to the geographic center of the district as possible and in a public building. Notice of the meeting shall be given by publication once each week for four successive weeks, the fourth notice appearing at least 10 days prior to the meeting, in a newspaper having general circulation in the district. In addition, notice of the meeting shall be posted at the courthouse door of each county in the district at least 30 days prior to said meeting. At such meeting, the adult interested citizens in attendance shall select, and the Director shall submit to the Governor, a list of five residents and citizens of the district who are well informed on the subject of wildlife conservation and restoration. The Governor shall appoint a successor to the member whose term is about to expire within 60 days following the submission to him by the Director of the list hereinabove referred to and in no event later than July 1.

Meetings of adult interested citizens held pursuant to this section shall be conducted pursuant to Robert's Rules of Order. When the meeting has been called to order, any adult interested citizen may place in nomination the name of an adult resident citizen of the respective district to be considered for nomination. After the nominations have ceased, each adult interested citizen present may vote for one of the nominees. The five receiving the most votes shall be submitted to the Governor.

"Adult interested citizen" as used in this section means any adult interested citizen who is a resident of any county within the district. All members appointed pursuant to this section shall serve until their successors are appointed and qualified. (1947, c. 263, s. 5; 1961, c. 737, s. 1; 1965, c. 859, s. 3; 1973, c. 825, s. 2.)

Editor's Note. — The 1973 amendment substituted the present last three paragraphs of the section for the former last paragraph, which provided that members appointed pursuant to this section should serve until their successors were appointed and qualified and that any member might be removed by the Governor for cause.

§ 143-242. Vacancies by death, resignation or otherwise. — Vacancies on the Commission occurring by reason of death, resignation or otherwise for an unexpired term of a duration of more than one year shall be filled as provided in G.S. 143-241. Vacancies on the Commission by reason of death, resignation or otherwise for an unexpired term of one year or less shall be filled by the Governor by appointment of an adult resident citizen from the appropriate district.

The Governor shall have the power to remove any member of the Commission from office for misfeasance, malfeasance, or nonfeasance. (1947, c. 263, s. 6; 1973, c. 825, s. 3.)

Editor's Note. — The 1973 amendment rewrote this section.

§ 143-243. Organization of the Commission; election of officers; Robert's Rules of Order. — The Commission shall hold at least two meetings annually in the City of Raleigh, one in January and one in July, and five members of the Commission shall constitute a quorum for the transaction of business. Additional meetings may be held at such other times and places within the State as may be deemed necessary for the efficient transaction of the business of the Commission. The Commission may hold additional or special meetings at

any time at the call of the chairman or on call of any three members of the Commission. The Commission shall determine its own organization and methods of procedure in accordance with the provisions of this Article, and shall have an official seal, which shall be judicially noticed. At the first meeting of the Commission, which shall be held in the City of Raleigh on or before the first day of July, 1947, it shall elect one of its members as chairman and one of its members as vice-chairman; thereafter, at the meeting held in January, 1948, and annually thereafter, the Commission shall elect one of its members as chairman and one of its members as vice-chairman; such officers to hold office for a period of one year. Meetings of the Commission shall be conducted pursuant to Robert's Rules of Order. (1947, c. 263, s. 7; 1973, c. 825, s. 4.)

Editor's Note. — The 1973 amendment added the last sentence.

§ 143-244. Location of offices. — The Board of Public Buildings and Grounds shall provide the Commission with offices in the city of Raleigh, North Carolina. (1947, c. 263, s. 8.)

The Executive Director shall be charged with the supervision of all activities under the jurisdiction of the Commission and shall serve as the chief administrative officer of the said Commission. Subject to the approval of the Commission and the Director of the Budget, he is hereby authorized to employ such clerical and other assistants as may be deemed necessary. The person selected as Executive Director shall have had training and experience in conservation, protection and management of wildlife resources. The salary of such Director shall be fixed by the Governor subject to the approval of the Advisory Budget Commission, and said Director shall be allowed actual expenses incurred while on official duties away from resident headquarters; said salary and expenses to be paid from the Wildlife Resources Fund subject to the provisions of the Executive Budget Act. The term of office of the Executive Director shall be at the pleasure of the Commission. Before entering upon the duties of his office, the Executive Director shall take the oath of office as prescribed for public officials and shall execute and deposit with the State Treasurer a bond in the sum of ten thousand dollars ($10,000), to be approved by the State Treasurer, said bond to be conditioned upon the faithful performance of his duties of office. Such bond shall be made as part of the blanket bond of State officers and employees provided for in G.S. 128-8. The said Executive Director shall be clothed and vested with all powers, duties, and responsibilities heretofore exercised by the Commission of Game and Inland Fisheries relating to wildlife resources. Article 31.

Tort Claims against State Departments and Agencies.

§ 143-291. Industrial Commission constituted a court to hear and determine claims; damages. — The North Carolina Industrial Commission is hereby constituted a court for the purpose of hearing and passing upon tort claims against the State Board of Education, the Board of Transportation, and all other departments, institutions and agencies of the State. The Industrial Commission shall determine whether or not each individual claim arose as a result of a negligent act of any officer, employee, involuntary servant or agent of the State while acting within the scope of his office, employment, service, agency or authority, under circumstances where the State of North Carolina, if a private person, would be liable to the claimant in accordance with the laws of North Carolina. If the Commission finds that there was such negligence on the part of an officer, employee, involuntary servant or agent of the State while acting within the scope of his office, employment, service, agency or authority, which was the proximate cause of the injury and that there was no contributory negligence on the part of the claimant or the person in whose behalf the claim is asserted, the Commission shall determine the amount of damages which the claimant is entitled to be paid, including medical and other expenses, and by appropriate order direct the payment of such damages by the department, institution or agency concerned, but in no event shall the amount

of damages awarded exceed the sum of twenty thousand dollars ($20,000). (1951, c. 1059, s. 1; 1953, c. 1314; 1955, c. 400, s. 1; c. 1102, s. 1; c. 1361; 1957, c. 65, s. 11; 1965, c. 256, s. 1; 1967, c. 1206, s. 1; 1971, c. 893, s. 1; 1973, c. 507, s. 5.)

Editor's Note. — The 1971 amendment substituted "twenty thousand dollars ($20,000)" for "fifteen thousand dollars ($15,000.00)" at the end of the last sentence. Section 3 of c. 893, Session Laws 1971, provides that the act shall not apply to claims arising prior to July 1, 1971.

The 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in the first sentence.

For note on judicial abrogation of the doctrine of municipal immunity to tort liability, see 41 N.C.L. Rev. 290 (1963).

For article on recent developments in North Carolina tort law, see 48 N.C.L. Rev. 791 (1970).

Intention of Article Is to Enlarge Rights and Remedies. — The obvious intention of the General Assembly in enacting the Tort Claims Act was to enlarge the rights and remedies of a person injured by the actionable negligence of an employee of a State agency while acting in the course of his employment. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963).

But It Authorizes Claims against State Agencies Only. — The only claim authorized by the Tort Claims Act is a claim against the State agency. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963); Mason v. North Carolina State Hwy. Comm'n, 7 N.C. App. 644, 173 S.E.2d 515 (1970).

The Tort Claims Act embraces claims only against State agencies. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Strict Construction. — The State Tort Claims Act is in derogation of the sovereign immunity from liability for torts, and the sounder view is that the Act should be strictly construed, and certainly the Act must be followed as written. Floyd v. North Carolina State Hwy. & Pub. Works Comm'n, 241 N.C. 461, 85 S.E.2d 703 (1955); Bailey v. North Carolina Dep't of Mental Health, 2 N.C. App. 645, 163 S.E.2d 652 (1968).

Acts permitting suit, being in derogation of the sovereign right of immunity, are to be strictly construed. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

Since the Tort Claims Act is in derogation of sovereign immunity it must be strictly construed and the terms must be strictly adhered to. Etheridge v. Graham, 14 N.C. App. 551, 188 S.E.2d 551 (1972).

For comment on the construction of this Article, see 33 N.C.L. Rev. 613 (1955).

Wording in Statute Is Clear. — The wording in the statute is clear, certain and intelligible. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

Legislative Purpose Ascertained from Wording of Statute. — The legislative intent and purpose in enacting the State Tort Claims Act must be ascertained from the wording of the statute, and the rule of liberal construction cannot be applied to enlarge its scope beyond the meaning of its plain and unambiguous terms. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

The State Tort Claims Act will be construed to effectuate its purpose to waive the sovereign immunity of the State in those instances in which injury is inflicted through the negligence of a State employee and the injured person is not guilty of contributory negligence, giving the injured party the same right to sue as any other litigant. Lyon & Sons, Inc. v. State Bd. of Educ., 238 N.C. 24, 76 S.E.2d 553 (1953).

Retroactive Effect of Statute. — The Tort Claims Act, c. 1059, Session Laws of 1951, incorporated in this section, was made retroactive as to certain persons named therein. MacFarlane v. North Carolina Wildlife Resources Comm'n, 244 N.C. 385, 93 S.E.2d 557 (1956).

Act Provides Only Remedy against State for Property Damage. — The owner of property cannot maintain an action against the State or any agency thereof in tort for damages to property, except as provided in this Article. Shingleton v. State, 260 N.C. 451, 133 S.E.2d 183 (1963).

Thus, Property Owner Cannot Maintain Action against State to Restrain Tort. — A property owner cannot maintain an action against the State to restrain the commission of a tort. Shingleton v. State, 260 N.C. 451, 133 S.E.2d 183 (1963).

Board of Transportation Is Agency of State. — The North Carolina State Highway Commission (now the Board of Transportation) is an agency of the State. It is, therefore, not subject to suit except in the manner provided by statute. It may be sued in tort only as authorized in the Tort Claims Act. Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

And Is Liable in Tort Only as Provided in Tort Claims Act. — Except as provided in Tort Claims Act, Highway Commission (now the

Board of Transportation) is not subject to suit in tort. Nello L. Teer Co. v. North Carolina State Hwy. Comm'n, 265 N.C. 1, 143 S.E.2d 247 (1965).

No action, or other proceeding, may be maintained against the State Highway Commission (now the Board of Transportation) to recover damages for death or other injury caused by its negligence or other tort, except insofar as that right is conferred by the Tort Claims Act. Ayscue v. North Carolina State Hwy. Comm'n, 270 N.C. 100, 153 S.E.2d 823 (1967).

Prior to the enactment of the Tort Claims Act, the Highway Commission (now the Board of Transportation), as an agency or instrumentality of the State, enjoyed immunity to liability for injury or loss caused by the negligence of its employees. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Power of Industrial Commission to Pass on Claims against Board of Transportation. — The Tort Claims Act empowers the Industrial Commission to pass upon tort claims against the Highway Commission (now the Board of Transportation) which "arose as a result of a negligent act" of an agent of the State while acting within the scope of his employment by the State. Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

Superior Court Lacked Jurisdiction in Action against Department of Agriculture. — The superior court had no jurisdiction over an action for damages against the Department of Agriculture based on the failure of the Commissioner of Agriculture to require a soybean dealer to obtain a permit and to furnish bond, since jurisdiction of tort claims against a State agency has been vested in the Industrial Commission. Etheridge v. Graham, 14 N.C. App. 551, 188 S.E.2d 551 (1972).

Application of Article to Local Units. — The Tort Claims Act, applicable to the State Board of Education and to the State departments and agencies, except as amended by § 143-300.1, does not include local units such as county and city boards of education. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959).

This Article has no application with respect to acts of employees of city or county administrative units. McBride v. North Carolina State Bd. of Educ., 257 N.C. 152, 125 S.E.2d 393 (1962).

A county board of education, unless it has duly waived immunity from tort liability, as authorized in § 115-53, is not liable in a tort action or proceeding involving a tort except such liability as may be established under the Tort Claims Act. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963); Brown v. Charlotte-Mecklenburg Bd. of Educ., 267 N.C. 740, 149 S.E.2d 10 (1966).

The State cannot be an absolute insurer of the safety of everyone committed to its custody Taylor v. Stonewall Jackson Manual Training & Indus. School, 5 N.C. App. 188, 167 S.E.2d 787 (1969).

Recovery Must Be Based on Actionable Negligence of Employee. — Recovery, if any, under the Tort Claims Act, must be based upon the actionable negligence of an employee of such agency while acting within the scope of his employment. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963); Mason v. North Carolina State Hwy. Comm'n, 7 N.C. App. 644, 173 S.E.2d 515 (1970).

Recovery against the State agency involved must be based upon actionable negligence of an employee of such agency while acting in the scope of his employment. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Before an award of damages can be made under the Tort Claims Act, there must be a finding of a negligent act by an officer, employee, servant or agent of the State. Taylor v. Stonewall Jackson Manual Training & Indus. School, 5 N.C. App. 188, 167 S.E.2d 787 (1969).

The Industrial Commission is to determine whether a claim brought under the Tort Claims Act arose as the result of a negligent act of an employee of the State under such circumstances that if the defendant were a private person there would be liability. Brooks v. University of N.C., 2 N.C. App. 157, 162 S.E.2d 616 (1968).

Meaning of Employee. — The word "employee" as used in the State Tort Claims Act must be given its ordinary meaning in construing the statute. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

Thus it appears basically that a claim, to be recognizable within the purview of the Tort Claims Act, must arise "as a result of a negligent act of a State employee while acting within the scope of his employment." Manifestly, the word "employee" in the connection used, means "one who works for wages or salary in the service of an employer." Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

A person employed by a city board of education to do maintenance work in the city school grounds is not an employee of the State, and demurrer of the State Board of Education is properly sustained in proceedings against it under this section to recover for the negligence of such employee in the discharge of his duties. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959).

A prisoner detained at a State penal institution is not an employee of the State within the meaning of the State Tort Claims Act, and the State may not be held liable under that statute for negligent injury inflicted by such prisoner while his services are made use

of. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

Employee Is Personally Liable for Negligence. — An employee of the Highway Commission (now the Board of Transportation) is personally liable for his own actionable negligence. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Prior to the enactment of the Tort Claims Act the Highway Commission (now Board of Transportation), as an agency or instrumentality of the State, enjoyed immunity to liability for injury or loss caused by the negligence of its employees. Even so, then as now, an employee of such agency was personally liable for his own actionable negligence. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963).

There is no inconsistency in respect of plaintiff's claims against the Highway Commission (now Board of Transportation) and actions against an employee since both are grounded on the actionable negligence of the employee and are cumulative and consistent. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963).

But recovery against the negligent employee must be by common-law action. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968); Mason v. North Carolina State Hwy. Comm'n, 7 N.C. App. 644, 173 S.E.2d 515 (1970).

Recovery, if any, against the alleged negligent employee must be by common-law action. Wirth v. Bracey, 258 N.C. 505, 128 S.E.2d 810 (1963).

Effect of Compromise and Settlement in Action against Employee. — Where a person injured by the alleged negligence of a State employee while engaged in the discharge of his duties as such brought suit against the employee before the passage of the Tort Claims Act, and a compromise was effected in the suit, whereby the employee, or his insurer, paid the plaintiff $9,715 and the plaintiff released the employee and his insurer for all claims arising out of the accident, a subsequent action by the plaintiff against the State under the Tort Claims Act was properly dismissed, because (1) plaintiff had recovered from the employee an amount in excess of the maximum he could be awarded against the State, and (2) plaintiff had released the employee, the active tort-feasor, from further liability. MacFarlane v. North Carolina Wildlife Resources Comm'n, 244 N.C. 385, 93 S.E.2d 557 (1956), wherein the plaintiff had been named in the Tort Claims Act as one whose claim should be heard and determined by the Industrial Commission, and the amount of his claim had been listed in the Act as $25,000.

An action to recover for the wrongful death of a prisoner assigned to work under the supervision of the State Highway and Public Works Commission could be maintained under the State Tort Claims Act, the sole remedy not being under the Workmen's Compensation Act prior to the 1957 amendment to § 97-13(c). Lawson v. North Carolina State Hwy. & Pub. Works Comm'n, 248 N.C. 276, 103 S.E.2d 366 (1958). See § 97-13 and note thereto.

The second 1957 amendment to § 97-13(c) does not bar a prisoner from maintaining an action under this section, for if the legislature intended to withdraw altogether a prisoner's right to pursue a tort claim, the logical procedure would be by amendment to the Tort Claims Act. Ivey v. North Carolina Prison Dep't, 252 N.C. 615, 114 S.E.2d 812 (1960).

Recovery May Be Had Only for Negligent Acts. — No recovery can be had for the intentional shooting of plaintiff's decedent by a State highway patrolman, since the Tort Claims Act does not permit recovery for wrongful and intentional injuries, but limits recovery to negligent acts. Jenkins v. North Carolina Dep't of Motor Vehicles, 244 N.C. 560, 94 S.E.2d 577 (1956).

And Not for Negligent Omissions. — The intent of the legislature was to permit recovery under the Tort Claims Act only for the negligent acts of State employees, for the things done by them, not for the things left undone. Thus, recovery cannot be had for injuries in a wreck resulting from the negligent failure or omission of the responsible employees of the Highway Commission to repair a hole in a State highway. Flynn v. North Carolina State Hwy. & Pub. Works Comm'n, 244 N.C. 617, 94 S.E.2d 571 (1956).

The Highway Commission (now the Board of Transportation) is an agency of the State and is not liable for the negligent omissions of its employees even under the provisions of the Tort Claims Act. Midgett v. North Carolina State Hwy. Comm'n, 265 N.C. 373, 144 S.E.2d 121 (1965).

The Tort Claims Act permits recovery only for negligent acts of employees of the Highway Commission (now the Board of Transportation), not for their negligent omissions or failures to act. Ayscue v. North Carolina State Hwy. Comm'n, 270 N.C. 100, 153 S.E.2d 823 (1967).

The Tort Claims Act permits recovery only for the negligent acts of State employees, but does not permit recovery for their negligent failure to act. Brooks v. University of N.C., 2 N.C. App. 157, 162 S.E.2d 616 (1968).

Under the State Tort Claims Act recovery is permitted for injuries resulting from a negligent act, but not those resulting from a negligent omission on the part of State employees. Mackey v. North Carolina State Hwy. Comm'n, 4 N.C. App. 630, 167 S.E.2d 524 (1969).

The requirement of the statute is not met by showing negligence, for negligence may consist of an act or an omission. Failure to act is not an act. Mackey v. North Carolina State Hwy. Comm'n, 4 N.C. App. 630, 167 S.E.2d 524 (1969).

The Tort Claims Act, is applicable only to negligent acts of State employees and is not applicable to negligent omissions. Etheridge v. Graham, 14 N.C. App. 551, 188 S.E.2d 551 (1972).

Hence, Failure to Remove Gravel from Road Cannot Be Basis for Award. — The failure of the State Highway Commission (now the Board of Transportation) employees to remove gravel from a road cannot be the basis for an award under the Tort Claims Act. Ayscue v. North Carolina State Hwy. Comm'n, 270 N.C. 100, 153 S.E.2d 823 (1967).

But one who undertakes to do something and does it negligently commits a negligent act, not a negligent omission. Mackey v. North Carolina State Hwy. Comm'n, 4 N.C. App. 630, 167 S.E.2d 524 (1969).

Intentional acts are legally distinguishable from negligent acts. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

And injuries intentionally inflicted are not compensable under the Tort Claims Act. Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

Injuries intentionally inflicted by employees of agencies of the State are not compensable under the Tort Claims Act. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Injuries intentionally inflicted by employees of a State agency are not compensable under the North Carolina Tort Claims Act. Givens v. Sellars, 273 N.C. 44, 159 S.E.2d 530 (1968).

Neither intentional misrepresentation nor conspiracy to defraud is negligence. Davis v. North Carolina State Hwy. Comm'n, 271 N.C. 405, 156 S.E.2d 685 (1967).

What Constitutes Willful Injury. — To constitute willful injury there must be actual knowledge, or that which the law deems to be the equivalent of actual knowledge, of the peril to be apprehended, coupled with a design, purpose, and intent to do wrong and inflict injury. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

There are two kinds of negligence, the one consisting of carelessness and inattention whereby another is injured in his person or property, and the other consisting of a willful and intentional failure or neglect to perform a duty assumed by contract or imposed by operation of law for the promotion of the safety of the person or property of another. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Ordinary negligence has as its basis that a person charged with negligent conduct should have known the probable consequences of his act. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Wanton and willful negligence rests on the assumption that one knew the probable consequences, but was recklessly, wantonly or intentionally indifferent to the results. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Willful or intentional negligence is something distinct from mere carelessness and inattention, however gross. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

The true conception of willful negligence involves a deliberate purpose not to discharge some duty necessary to the safety of the person or property of another, which duty the person owing it has assumed by contract or which is imposed on the person by operation of law. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

The term "wanton negligence" always implies something more than a negligent act. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

A wanton act is one which is performed intentionally with a reckless indifference to injurious consequences probable to result therefrom. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

An act is wanton when it is done of wicked purpose, or when done needlessly, manifesting a reckless indifference to the rights of others. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

An act is wanton when, being needless, it manifests no rightful purpose, but a reckless indifference to the interests of others; and it may be culpable without being criminal. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

The word "wanton" implies turpitude, and the act is committed or omitted of willful, wicked purpose. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

The term "willfully" implies that the act is done knowingly and of stubborn purpose, but not of malice. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Gross Negligence. — An analysis of North Carolina decisions impels the conclusion that the Supreme Court, in reference to gross negligence, has used the term in the sense of wanton conduct. Negligence, a failure to use due care, be it slight or extreme, connotes inadvertence. Wantonness, on the other hand, connotes intentional wrongdoing. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Degree of Negligence Sufficient to Constitute Intentional Tort. — A thorough and exhaustive discussion of the degree of negligence sufficient to constitute an intentional tort depriving the defendant of the defense of contributory negligence appears in Wagoner v. North Carolina R.R., 238 N.C. 162, 77 S.E.2d 701 (1953). Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Negligent Acts Need Not Be Sole

Proximate Cause of Injury. — It was not the intent of the legislature to limit liability under the Tort Claims Act to situations where the negligence of an employee was the sole proximate cause of the injury or damages inflicted. Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

Since State Agency Regarded as Private Person. — The legal limitation on the right to allow a claim under the provisions of this section is limited to the same category with respect to tort claims against the agency covered as if such agency were a private person and such private person would be liable under the laws of North Carolina. Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

Claimant Must be Free of Contributory Negligence. — The Tort Claims Act does not authorize recovery unless the claimant is free from contributory negligence. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963).

Negligence, etc., Determined under Same Rules as Applicable to Private Litigation. — Negligence, contributory negligence and proximate cause, as well as the applicability of the doctrine of respondeat superior, are to be determined under the same rules as those applicable to litigation between private individuals. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

The State may prescribe such terms and conditions as it sees fit, subject to constitutional limitations, in waiving its governmental immunity to suit for negligence, and the State Tort Claims Act permits recovery against the State only for such injuries as are proximately caused by negligence of a State employee while acting within the scope of his employment when there is no contributory negligence on the part of the claimant or the person in whose behalf the claim is asserted. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

And May Require Claimant to Follow Certain Procedural Rules. — In a suit against the State for an alleged tort, the plaintiff cannot complain when the State requires him to follow certain procedural rules before its consent is given to waive its sovereign immunity. Bailey v. North Carolina Dep't of Mental Health, 2 N.C. App. 645, 163 S.E.2d 652 (1968).

Which Differ from Court Procedures. — The legislature has made the procedure in hearings before the Industrial Commission different from the procedures in the superior court. Bailey v. North Carolina Dep't of Mental Health, 2 N.C. App. 645, 163 S.E.2d 652 (1968).

The manner in which the Industrial Commission transacts its business need not necessarily conform to court procedure. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 154 S.E.2d 748 (1968).

Waiver. — In a Tort Claims Act proceeding, where defendant county board of education made no objection to a member of the Industrial Commission conducting the second hearing, the first hearing and award being conducted by another member of the Commission, the defendant was held to have waived any objection thereto, especially when defendant joined in the request for a second hearing and had sufficient notice beforehand as to the identity of the Commissioner. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

A party to a compensation case is not entitled to try his case "piecemeal." Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

Affidavit Must Name Employee and Set Forth Act of Negligence. — It is necessary to recovery that the affidavit filed in support of the claim and the evidence offered before the Commission identify the employee alleged to have been negligent and set forth the specific act or acts of negligence relied upon. Ayscue v. North Carolina State Hwy. Comm'n, 270 N.C. 100, 153 S.E.2d 823 (1967); Brooks v. University of N.C., 2 N.C. App. 157, 162 S.E.2d 616 (1968).

It is necessary to a recovery under this section that the affidavit of claimant set forth the name of the allegedly negligent employee and the acts of negligence relied upon. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Where the affidavit filed with the Commission alleged only that a named person was the road maintenance supervisor for the defendant Highway Commission (now the Board of Transportation) in the county where the injury occurred on an allegedly defective highway but it did not allege any act done by him and there was no evidence of any negligent act on his part, the record would not support an order for recovery under the Tort Claims Act. Ayscue v. North Carolina State Hwy. Comm'n, 270 N.C. 100, 153 S.E.2d 823 (1967).

Purpose of Naming Negligent Employee. — The purpose of requiring the negligent employee to be named is to enable the department of the State against which the claim is made to investigate, not all of its employees, but the particular ones actually involved. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Amendment of Affidavit to Allege Name of Employee. — In a proceeding under the Tort Claims Act, the Industrial Commission properly allowed amendment of claimant's affidavit to allege the name of the negligent State employee, since the amendment served the purpose of showing the existence of jurisdiction rather than conferring it. Crawford

v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

Determination of jurisdiction is the first order of business in every proceeding before the Industrial Commission. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

Findings Necessary to Authorize Payment. — In order to authorize the payment of compensation, the Industrial Commission's findings must include (1) a negligent act, (2) on the part of a State employee, and (3) while acting in the scope of his employment. Mackey v. North Carolina State Hwy. Comm'n, 4 N.C. App. 630, 167 S.E.2d 524 (1969).

Findings of Commission. — The Commission is not required to make a finding as to each detail of the evidence or as to every inference or shade of meaning to be drawn therefrom. Bundy v. Cabarrus County Bd. of Educ., 5 N.C. App. 397, 168 S.E.2d 682 (1969).

The Industrial Commission is not required to make findings coextensive with the credible evidence. Bundy v. Cabarrus County Bd. of Educ., 5 N.C. App. 397, 168 S.E.2d 682 (1969).

The determination of facts must be found from judicial admissions made by the parties, facts agreed, stipulations entered into and noted at the hearing, and evidence offered in open court, after all parties have been given full opportunity to be heard. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

Finding of Fact Supported by Evidence Is Binding on Appeal. — Where Industrial Commission found as a fact that minor claimant was not guilty of contributory negligence in a school bus accident, the question was not presented whether the Commission erred in its conclusion of law that the claimant was conclusively presumed incapable of contributory negligence, since the Commission's finding of fact supported by competent evidence is binding on appeal. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

A finding of fact on appeal by the Industrial Commission, other than a jurisdictional finding, is conclusive if there is any competent evidence in the record to support it. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

But the Industrial Commission's designation of a declaration by it as a finding of fact is not conclusive. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

The determination of negligence, proximate cause, and contributory negligence are mixed questions of law and fact in a proceeding under the Tort Claims Act and are reviewable on appeal from the Industrial Commission, and the designation "Finding of Fact" or "Conclusion of Law" by the Commission is not conclusive. Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Negligence and contributory negligence are mixed questions of law and fact and, upon appeal, the reviewing court must determine whether facts found by the Industrial Commission support its conclusion of contributory negligence. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

Industrial Commission and Superior Court Are Bound by Law of Negligence. — The legislature intended that the Industrial Commission on the original hearing and the superior court on the hearing on appeal should each be bound by the law of negligence, both substantive and adjective, as such common-law rules and doctrines appear in the numerous decisions of the Supreme Court, subject only to the limitations stipulated in the Act. MacFarlane v. North Carolina Wildlife Resources Comm'n, 244 N.C. 385, 93 S.E.2d 557 (1956).

Plaintiff was held contributorily negligent as a matter of law in Braswell v. North Carolina A & T State Univ., 5 N.C. App. 1, 168 S.E.2d 24 (1969).

Damages Are Left to Commission's Discretion. — The amount of damages to be awarded is a matter which this section leaves to the discretion of the Commission. Brown v. Charlotte-Mecklenburg Bd. of Educ., 269 N.C. 667, 153 S.E.2d 335 (1967).

Rehearing. — The Industrial Commission, in a proper case, may grant a rehearing and hear additional evidence. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

A motion for a further hearing on the ground of introducing additional or newly discovered evidence rests in the sound discretion of the Industrial Commission and its ruling thereon is not reviewable in the superior court (now the Court of Appeals) in the absence of an abuse of discretion by the Commission. Mason v. North Carolina State Hwy. Comm'n, 273 N.C. 36, 159 S.E.2d 574 (1968).

The right of subrogation exists under the provisions of this Article against State departments and agencies. Lyon & Sons, Inc. v. North Carolina State Bd. of Educ., 238 N.C. 24, 76 S.E.2d 553 (1953).

Collision Occurring in Virginia. — In an action brought in this State under the Tort Claims Act for a collision which occurred in Virginia, the substantive law of Virginia and the procedural law of North Carolina apply. Parsons v. Alleghany County Bd. of Educ., 4 N.C. App. 36, 165 S.E.2d 776 (1969).

Applied in Greene v. Mitchell County Bd. of Educ., 237 N.C. 336, 75 S.E.2d 129 (1953); Gould v. North Carolina State Hwy. & Pub. Works Comm'n, 245 N.C. 350, 95 S.E.2d 910 (1957);

Gordon v. North Carolina State Hwy. & Pub. Works Comm'n, 250 N.C. 645, 109 S.E.2d 376 (1959); Gay v. Wake County Bd. of Educ., 254 N.C. 622, 119 S.E.2d 460 (1961); Burlington Indus., Inc. v. § 143-291.1. Costs. — The Industrial Commission is authorized by such order to tax the costs against the loser in the same manner as costs are taxed by the superior court in civil actions. When a State department, institution, or agency appeals the decision rendered by the hearing commissioner to the full Commission, the State department, institution or agency shall furnish a copy of the transcript of the hearing to the appellee without cost therefor. The State department, institution or agency concerned is authorized and directed to pay such costs as may be taxed against it, including all costs heretofore taxed against such department, agency or institution. (1955, c. 1102, s. 2; 1971, c. 58.)

Editor's Note. — The 1971 amendment added the second sentence.

§ 143-292. Notice of determination of claim; appeal to full Commission. — Upon determination of said claim the Commission shall notify all parties concerned in writing of its decision and either party shall have seven days after receipt of such notice within which to file notice of appeal with the Industrial Commission. Such appeal, when so taken, shall be heard by the Industrial Commission, sitting as a full Commission, on the basis of the record in the matter and upon oral argument of the parties, and said full Commission may amend, set aside, or strike out the decision of the hearing commissioner and may issue its own findings of fact and conclusions of law. Upon determination of said claim by the Industrial Commission, sitting as a full Commission, the Commission shall notify all parties concerned in writing of its decision. Such determination by the Industrial Commission, sitting as a full Commission, upon claims in an amount of five hundred dollars ($500.00) or less, shall be final as to the State or any of its departments, institutions or agencies, and no appeal shall lie therefrom by the State or any of its departments, institutions or agencies. (1951, c. 1059, s. 2; 1955, c. 770.)

Stated in Bradshaw v. State Bd. of Educ., 244 N.C. 393, 93 S.E.2d 434 (1956).

§ 143-293. Appeals to Court of Appeals. — Either the claimant or the State may, within 30 days after receipt of the decision and order of the full Commission, to be sent by registered or certified mail, but not thereafter, appeal from the decision of the Commission to the Court of Appeals. Such appeal shall be for errors of law only under the same terms and conditions as govern appeals in ordinary civil actions, and the findings of fact of the Commission shall be conclusive if there is any competent evidence to support them. The appellant shall cause to be prepared a statement of the case as required by the rules of the Court of Appeals. A copy of this statement shall be served on the respondent within 45 days from the entry of the appeal taken; within 20 days after such service, the respondent shall return the copy with his approval or specified amendments endorsed or attached; if the case be approved by the respondent, it shall be filed with the clerk of the Court of

Appeals as a part of the record; if not returned with objections within the time prescribed, it shall be deemed approved. The chairman of the Industrial Commission shall have the power, in the exercise of his discretion, to enlarge the time in which to serve statement of case on appeal and exceptions thereto or counterstatement of case.

If the case on appeal is returned by the respondent with objections as prescribed, or if a countercase is served on appellant, the appellant shall immediately request the chairman of the Industrial Commission to fix a time and place for settling the case before him. If the appellant delays longer than 15 days after the respondent serves his countercase or exceptions to request the chairman to settle the case on appeal, and delays for such period to mail the case and countercase or exceptions to the chairman, then the exceptions filed by the respondent shall be allowed; or the countercase served by him shall constitute the case on appeal; but the time may be extended by agreement of counsel.

The chairman shall forthwith notify the attorneys of the parties to appear before him for that purpose at a certain time and place, which time shall not be more than 20 days from the receipt of the request. At the time and place stated, the chairman of the Industrial Commission shall settle and sign the case and deliver a copy to the attorneys of each party. The appellant shall within five days thereafter file it with the clerk of the Court of Appeals, and if he fails to do so the respondent may file his copy. (1951, c. 1059, s. 3; 1967, c. 655, s. 1.)

Commission Bound by Order of Superior Court (Now Court of Appeals). — Where, in a proceeding under the Tort Claims Act, the superior court (now Court of Appeals) on appeal adjudicates that certain findings of the Commission were not supported by evidence, and remands the cause, the Commission is bound by the order unless and until it is set aside on further appeal to the Supreme Court, and the Commission may not merely rephrase the original findings and adopt them as so rephrased. Johnson v. Cleveland County Bd. of Educ., 241 N.C. 56, 84 S.E.2d 256 (1954).

Exceptions Should Be Filed before Hearing in Superior Court (Now Court of Appeals). — If the appellants desire to enter exceptions to the findings of fact made by the Industrial Commission, they should file prior to the hearing in the superior court (now Court of Appeals). Whether the judge should interrupt the hearing and call in the court reporter so that specific exceptions can be taken to certain findings of fact and conclusions of law of the Commission rests in his sound discretion. Greene v. Mitchell County Bd. of Educ., 237 N.C. 336, 75 S.E.2d 129 (1953).

Necessity for Exceptions and Taking of Appeal. — Where the record failed to show any exception to the findings, conclusions and order of the Industrial Commission dismissing plaintiff's claim or an appeal taken as permitted by this section, the superior court (now Court of Appeals) was without jurisdiction to hear plaintiff's claim. McBride v. North Carolina State Bd. of Educ., 257 N.C. 152, 125 S.E.2d 393 (1962).

Inquiry of Reviewing Court Limited to Two Questions of Law. — In passing upon an appeal from an award of the Industrial Commission, the reviewing court is limited in its inquiry to two questions of law, namely: (1) Whether or not there was any competent evidence before the Commission to support its findings of fact; and (2) whether or not the findings of fact of the Commission justify its legal conclusions and decision. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968); Mason v. North Carolina State Hwy. Comm'n, 273 N.C. 36, 159 S.E.2d 574 (1968); Stroud v. North Carolina Mem. Hosp., 15 N.C. App. 592, 190 S.E.2d 392 (1972).

Specific findings of fact by the Industrial Commission are required. These must cover the crucial questions of fact upon which plaintiff's right to compensation depends. Otherwise, the reviewing court cannot determine whether an adequate basis exists, either in fact or in law, for the ultimate finding. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

A motion for a further hearing on the ground of introducing additional or newly discovered evidence rests in the sound discretion of the Industrial Commission, and its ruling thereon is not reviewable in the superior court (now the Court of Appeals) in the absence of an abuse of discretion by the Commission. Mason v. North Carolina State Hwy. Comm'n, 273 N.C. 36, 159 S.E.2d 574 (1968).

Finding of Commission Conclusive if Supported by Competent Evidence. — Where the Industrial Commission has found as a fact and concluded as a matter of law that there was no negligence on the part of the employee, bus driver, of the State, resulting in damages to the claimant within the purview of §§ 143-291 to

143-300, and the superior court (now Court of Appeals) is unable to find that there is no evidence to support the finding of the Commission, the judgment of the superior court (now Court of Appeals) affirming the decision and order of the Commission is proper. Bradshaw v. State Bd. of Educ., 244 N.C. 393, 93 S.E.2d 434 (1956).

If there is any competent evidence to support findings of fact by the Industrial Commission, such findings are conclusive, and on appeal are not subject to review by the superior court (now Court of Appeals) or the Supreme Court even though there is evidence that would support a finding to the contrary. English Mica Co. v. Avery County Bd. of Educ., 246 N.C. 714, 100 S.E.2d 72 (1957); Gordon v. North Carolina State Hwy. & Pub. Works Comm'n, 250 N.C. 645, 109 S.E.2d 376 (1959); Jordan v. State Hwy. Comm'n, 256 N.C. 456, 124 S.E.2d 140 (1962).

The findings of fact by the Industrial Commission are conclusive if there is any competent evidence to support them. Mitchell v. Guilford County Bd. of Educ., 1 N.C. App. 373, 161 S.E.2d 645 (1968); Mackey v. North Carolina State Hwy. Comm'n, 4 N.C. App. 630, 167 S.E.2d 524 (1969).

The Industrial Commission's findings of fact are conclusive on appeal when supported by competent evidence, except for jurisdictional findings. This is true, even though there is evidence which would support findings to the contrary. Bailey v. North Carolina Dep't of Mental Health, 2 N.C. App. 645, 163 S.E.2d 652 (1968).

The Industrial Commission's findings of fact are conclusive on appeal when supported by competent evidence, except for jurisdictional findings. This is true, even though there is evidence which would support findings to the contrary. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

Findings of Commission Are Subject to Review. — Findings by the Commission which are mixtures of findings of fact and conclusions of law are subject to review by the superior court (now the Court of Appeals), and by the Supreme Court, on appeal. Brown v. Charlotte-Mecklenburg Bd. of Educ., 269 N.C. 667, 153 S.E.2d 335 (1967).

Findings of fact of the Industrial Commission, if supported by any competent evidence, are conclusive on appeal even though there is evidence which would support a contrary finding. Bullman v. North Carolina State Hwy. Comm'n, 18 N.C. App. 94, 195 S.E.2d 803 (1973).

Additional Facts May Not Be Found on Appeal. — Upon an appeal from the Industrial Commission, the reviewing court may not find facts in addition to those found by the Commission, even though there is in the record evidence to support such a finding, the appeal being for errors of law only. Brown v. Charlotte-Mecklenburg Bd. of Educ., 269 N.C. 667, 153 S.E.2d 335 (1967).

Remand on Ground of Newly Discovered Evidence. — In the superior court (now the Court of Appeals) upon appeal from an award by the Industrial Commission, the court has power in a proper case to order a rehearing, and to remand the proceeding to the Industrial Commission, on the ground of newly discovered evidence, but this is a matter within the sound discretion of the court. Mason v. North Carolina State Hwy. Comm'n, 273 N.C. 36, 159 S.E.2d 574 (1968).

Ordinarily, the limited authority of the reviewing court does not permit the trial judge to order remand of the cause for the taking of additional evidence. However, the judge of the superior court (now the Court of Appeals) may remand a cause to the Industrial Commission on ground of newly discovered evidence in a proper case, and such proper case is made out only when it appears by affidavits: (1) that the witness will give the newly discovered evidence; (2) that it is probably true; (3) that it is competent, material, and relevant; (4) that due diligence has been used and the means employed, or that there has been no laches, in procuring the testimony at the trial; (5) that it is not merely cumulative; (6) that it does not tend only to contradict a former witness or to impeach or discredit him; and (7) that it is of such a nature as to show that on another trial a different result will probably be reached and that the right will prevail. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

Remand for Misapprehension of Law. — Where facts are found or where the Commission fails to find facts under a misapprehension of law, the court will, where the ends of justice require, remand the cause so that the evidence may be considered in its true legal light. Bailey v. North Carolina Dep't of Mental Health, 2 N.C. App. 645, 163 S.E.2d 652 (1968); Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

Remand Where Findings Insufficient. — When the findings are insufficient to enable the reviewing court to determine the rights of the parties, the case must be remanded to the Commission for proper findings. Bailey v. North Carolina Dep't of Mental Health, 272 N.C. 680, 159 S.E.2d 28 (1968).

Applied in Lyon & Sons, Inc. v. North Carolina State Bd. of Educ., 238 N.C. 24, 76 S.E.2d 553 (1953); Gay v. Wake County Bd. of Educ., 254 N.C. 622, 119 S.E.2d 460 (1961).

Quoted in Tucker v. North Carolina State Hwy. & Pub. Works Comm'n, 247 N.C. 171, 100 S.E.2d 514 (1957); Adams v. State Bd. of Educ., 248 N.C. 506, 103 S.E.2d 854 (1958); Bateman v. Elizabeth City State College, 5 N.C. App. 168, 167 S.E.2d 838 (1969).

Stated in Parsons v. Alleghany County Bd. of Educ., 4 N.C. App. 36, 165 S.E.2d 776 (1969).

§ 143-294. Appeal to Court of Appeals to act as supersedeas. — The appeal from the decision of the Industrial Commission to the Court of Appeals shall act as a supersedeas, and the State department, institution or agency shall not be required to make payment of any judgment until the questions at issue therein shall have been finally determined as provided in this Article. (1951, c. 1059, s. 4; 1967, c. 655, s. 2.)

§ 143-295. Settlement of claims. — (a) Any claim hereinafter filed pursuant to this Article with the Industrial Commission may be settled upon agreement between the claimant and the Attorney General without a formal hearing, subject only to approval by the Industrial Commission.

(b) Transfer of title of any motor vehicle acquired in behalf of the State in settlement of a claim pursuant to the provisions of this Article may be transferred by the Attorney General in the same manner as title is transferred by an insurance company under the provisions of G.S. 20-75. (1951, c. 1059, s. 5; 1971, c. 1103, s. 1; 1973, c. 699.)

Editor's Note. — The 1971 amendment deleted an exception relating to the State Highway Commission in the second sentence of the section as it stood before the 1973 amendment.

The 1973 amendment rewrote the former provisions of this section as subsection (a) and added subsection (b).

§ 143-296. Powers of Industrial Commission; deputies. — The members of the Industrial Commission, or a deputy thereof, shall have power to issue subpoenas, administer oaths, conduct hearings, take evidence, enter orders, opinions, and awards based thereon, and punish for contempt. The Industrial Commission is authorized to appoint deputies and clerical assistants to carry out the purpose and intent of this Article, and such deputy or deputies are hereby vested with the same power and authority to hear and determine tort claims against State departments, institutions, and agencies as is by this Article vested in the members of the Industrial Commission. Such deputy or deputies shall also have and are hereby vested with the same power and authority to hear and determine cases arising under the Workmen's Compensation Act when assigned to do so by the Industrial Commission. (1951, c. 1059, s. 6.)

§ 143-297. Affidavit of claimant; docketing; venue; notice of hearing; answer, demurrer or other pleading to affidavit. — In all claims listed in § 13 of Chapter 1059 of the Session Laws of 1951, and all claims which may hereafter be filed against the various departments, institutions, and agencies of the State, the claimant or the person in whose behalf the claim is made shall file with the Industrial Commission an affidavit in duplicate, setting forth the following information:

(1) The name of the claimant;
(2) The name of the department, institution or agency of the State against which the claim as asserted, and the name of the State employee upon whose alleged negligence the claim is based;
(3) The amount of damages sought to be recovered;
(4) The time and place where the injury occurred;
(5) A brief statement of the facts and circumstances surrounding the injury and giving rise to the claim.

Upon receipt of such affidavit in duplicate, the Industrial Commission shall enter the case upon its hearing docket and shall hear and determine the matter in the county where the injury occurred unless the parties agree or the Industrial Commission directs that the case may be heard in some other county. All parties shall be given reasonable notice of the date when and the place where the claim will be heard.

Immediately upon docketing the case, the Industrial Commission shall forward one copy of plaintiff's affidavit to the office of the Attorney General of

North Carolina if the claim is asserted against any department, institution, or agency of the State.

The department, institution or agency of the State against whom the claim is asserted shall file answer, demurrer or other pleading to the affidavit within 30 days after receipt of copy of same setting forth any defense it proposes to make in the hearing or trial, and no defense may be asserted in the hearing or trial unless it is alleged in such answer, except such defenses as are not required by the Code of Civil Procedure or other laws to be alleged. (1951, c. 1059, s. 9; 1963, c. 1063; 1971, c. 893, s. 2; c. 1103, s. 2.)

Editor's Note. — The first 1971 amendment inserted "or the Industrial Commission directs" in the first sentence of the second paragraph.

The second 1971 amendment, in the third paragraph, deleted "other than the State Highway Commission" following "State" in the first sentence, and deleted a former second sentence.

Section 3 of c. 893, Session Laws 1971, provides that the act shall not apply to claims arising prior to July 1, 1971.

Negligent planning or negligent execution of plans may give rise to a tort claim. Wrape v. North Carolina State Hwy. Comm'n, 263 N.C. 499, 139 S.E.2d 570 (1965).

But Not Omission. — An omission or failure to act will not support a tort claim. Wrape v. North Carolina State Hwy. Comm'n, 263 N.C. 499, 139 S.E.2d 570 (1965).

Thus, No Recovery Allowed under Article Where Highway Construction Plans Not Alleged to Be Faulty. — The owner of a pond may not recover under the State Tort Claims Act for damage to the pond resulting from silt washed down from a fill necessarily incident to the improvement of a highway, the improvement having been made in accordance with the plans and specifications, and there being no contention that the plans and specifications were faulty or negligently formulated. Wrape v. North Carolina State Hwy. Comm'n, 263 N.C. 499, 139 S.E.2d 570 (1965).

However, Property Taken Must Be Compensated for in Absence of Negligence. — In the absence of negligent acts, the owner of property is entitled to compensation if the construction of highways amounts to a taking of his property. Wrape v. North Carolina State Hwy. Comm'n, 263 N.C. 499, 139 S.E.2d 570 (1965).

How Jurisdiction Invoked. — It is only necessary in order to invoke the jurisdiction of the Industrial Commission for the claimant, or person in whose behalf the claim is made, to file with the Industrial Commission an affidavit in duplicate setting forth the material facts, as required by this section. Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

This section does not require the use of legal, technical or formal language. Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

Nor Formal Pleadings. — See Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

But Claim Must State Sufficient Facts. — Adherence to formal rules of pleading is not required under this section but the claim should state facts sufficient to identify the agent or employee and a brief statement of the negligent act that caused the injury. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959); Branch Banking & Trust Co. v. Wilson County Bd. of Educ., 251 N.C. 603, 111 S.E.2d 844 (1960).

And Defective Claim May be Challenged by Demurrer. — If a claim, upon its face, shows that the State department or agency sought to be charged is not liable, the Commission may end the proceeding, and a proper way to take advantage of the defect is by demurrer. Turner v. Gastonia City Bd. of Educ., 250 N.C. 456, 109 S.E.2d 211 (1959).

Affidavit Must Name Employee and Set Forth Acts of Negligence. — It is necessary to recovery under the Tort Claims Act that the affidavit of the claimant set forth the name of the allegedly negligent employee and the acts of negligence relied upon. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

A claim under the State Tort Claims Act must identify the employee of the State whose negligence is asserted, and set forth the act or acts on his part which are relied upon. Floyd v. North Carolina State Hwy. & Pub. Works Comm'n, 241 N.C. 461, 85 S.E.2d 703 (1955).

The purpose of this section in requiring the negligent employee to be named is to enable the department of the State against which the claim is made to investigate, not all of its employees, but the particular ones actually involved. Tucker v. North Carolina State Hwy. & Pub. Works Comm'n, 247 N.C. 171, 100 S.E.2d 514 (1957).

The reason for requiring the negligent employee to be named in the affidavit is so that the department of the State against which claim is made will not have to investigate all of its employees, but only those alleged to have been negligent. Mason v. North Carolina State Hwy. Comm'n, 7 N.C. App. 644, 173 S.E.2d 515 (1970).

Remedy If Claimant Names Wrong Employee. — If a claimant mistakenly names a wrong employee, his remedy is to address a

motion to amend the affidavit to the sound discretion of the Industrial Commission. Mason v. North Carolina State Hwy. Comm'n, 7 N.C. App. 644, 173 S.E.2d 515 (1970).

Amendment to Affidavit after Time Allowed. — The affidavit filed by a claimant pursuant to this section is in the nature of a complaint in an ordinary tort action, and the allowance of an amendment thereto after the expiration of the time allowed by statute, rests in the sound discretion of the Industrial Commission, and its ruling thereon is not subject to review in the absence of an abuse of such discretion. Mason v. North Carolina State Hwy. Comm'n, 273 N.C. 36, 159 S.E.2d 574 (1968).

Stipulation Obviates Error in Naming Employee in Affidavit and Claim. — Where, prior to the hearing, the parties stipulate the name and position of the State employee charged with negligence, such stipulation meets the requirements of this section that the negligent employee be named and obviates error in naming the employee in the affidavit and claim, and the allowance of an amendment to this effect on appeal to the superior court is immaterial. Tucker v. North Carolina State Hwy. & Pub. Works Comm'n, 247 N.C. 171, 100 S.E.2d 514 (1957).

Showing Negligence and Freedom from Contributory Negligence. — In order for claimant to prevail in a proceeding under the State Tort Claims Act, he must show not only injury resulting from negligence of a designated State employee, but also that claimant was not guilty of contributory negligence. Floyd v. North Carolina State Hwy. & Pub. Works Comm'n, 241 N.C. 461, 85 S.E.2d 703 (1955).

Sufficiency of Evidence. — Evidence held to support sole conclusion that State employee was not guilty of negligence. Floyd v. North Carolina State Hwy. & Pub. Works Comm'n, 241 N.C. 461, 85 S.E.2d 703 (1955).

Applied in Parsons v. Alleghany County Bd. of Educ., 4 N.C. App. 36, 165 S.E.2d 776 (1969).

§ 143-298. Duty of Attorney General; expenses. — It shall be the duty of the Attorney General to represent all departments, institutions, and agencies of the State in connection with claims asserted against them and to attend all hearings in connection therewith where the amount of the claim, in the opinion of the Attorney General, is of sufficient import to require and justify such appearance. In the event the amount appropriated to the Attorney General's office for travel and subsistence is insufficient to take care of the additional expense incident to attending these hearings, the Governor and Council of State are authorized to pay such additional travel expenses from the Contingency and Emergency Fund. (1951, c. 1059, s. 10; 1971, c. 1103, s. 3.)

Editor's Note. — The 1971 amendment deleted "other than the State Highway Commission" following "State" in the first sentence.

§ 143-299. Limitation on claims. — All claims against any and all State departments, institutions, and agencies shall henceforth be forever barred unless a claim be filed with the Industrial Commission within three years after the accrual of such claim, or if death results from the accident, the claim for wrongful death shall be forever barred unless a claim be filed by the personal representative of the deceased with the Industrial Commission within two years after such death. (1951, c. 1059, s. 11; 1973, c. 659.)

Editor's Note. — The 1973 amendment deleted an exception clause as to claims enumerated in Session Laws 1951, c. 1059, s. 13, inserted "henceforth," substituted "three years after the accrual of such claim, or" for "two years after the accident giving rise to the injury and damage, and" and inserted "of the deceased."

Quoted in Lyon & Sons v. North Carolina State Bd. of Educ., 238 N.C. 24, 76 S.E.2d 553 (1953).

§ 143-299.1. Contributory negligence a matter of defense; burden of proof. — Contributory negligence on the part of the claimant or the person in whose behalf the claim is asserted shall be deemed to be a matter of defense on the part of the State department, institution or agency against which the claim is asserted, and such State department, institution or agency shall have the burden of proving that the claimant or the person in whose behalf the claim is asserted was guilty of contributory negligence. (1955, c. 400, s. 1¼.)

Contributory Negligence Bars Recovery. — The State Tort Claims Act does not authorize recovery unless the claimant is free from contributory negligence. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Contributory Negligence of Minor. — Substantive case law concerning a minor's capability for negligence applies to this section, and thus a six-year-old child is incapable of contributory negligence as a matter of law. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Basis for Conclusion of Contributory Negligence. — A conclusion of negligence or contributory negligence may not be drawn in favor of the party having the burden of proof upon no basis other than speculation and unproved possibilities. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

Negligence and contributory negligence are mixed questions of law and fact and, upon appeal, the reviewing court must determine whether facts found by the Industrial Commission support its conclusion of contributory negligence. Barney v. North Carolina State Hwy. Comm'n, 282 N.C. 278, 192 S.E.2d 273 (1972).

§ 143-300. Rules and regulations of Industrial Commission; destruction of records. — The Industrial Commission is hereby authorized and empowered to adopt such rules and regulations as may, in the discretion of the Commission, be necessary to carry out the purpose and intent of this Article. When any case or claim under this Article has been closed by proper order or award, all records concerning such case or claim may, after five years, in the discretion of the Industrial Commission with and by the authorization of the Department of Cultural Resources, be destroyed by burning or otherwise; provided, that no record pertaining to a case or claim of a minor shall be destroyed until the expiration of three years after such minor attains the age of 18 years. (1951, c. 1059, s. 12; 1957, c. 311; 1971, c. 1231, s. 1; 1973, c. 476, s. 48.)

Editor's Note. — The 1971 amendment substituted "18" for "21" in the second sentence.

The 1973 amendment substituted "Department of Cultural Resources" for "North Carolina Department of Archives and History."

§ 143-300.1. Claims against county and city boards of education for accidents involving school buses or school transportation service vehicles. — (a) The North Carolina Industrial Commission shall have jurisdiction to hear and determine tort claims against any county board of education or any city board of education, which claims arise as a result of any alleged negligent act or omission of the driver of a public school bus or school transportation service vehicle when the salary of such driver is paid from the State Nine Months School Fund who is an employee of the county or city administrative unit of which such board is the governing board, and which driver was at the time of such alleged negligent act or omission operating a public school bus or school transportation service vehicle in the course of his employment by such administrative unit or such board. The liability of such county or city board of education, the defenses which may be asserted against such claim by such board, the amount of damages which may be awarded to the claimant, and the procedure for filing, hearing and determining such claim, the right of appeal from such determination, the effect of such appeal, and the procedure for taking, hearing and determining such appeal shall be the same in all respects as is provided in this Article with respect to tort claims against the State Board of Education except as hereinafter provided. Any claim filed against any county or city board of education pursuant to this section shall state the name and address of such board, the name of the employee upon whose alleged negligent act or omission the claim is based, and all other information required by G.S. 143-297 in the case of a claim against the State Board of Education. Immediately upon the docketing of a claim, the Industrial Commission shall forward one copy of the plaintiff's affidavit to the superintendent of the schools of the county or city administrative unit against the governing board of which such claim is made, one copy of the plaintiff's affidavit to the State Board of Education and one copy of the plaintiff's affidavit to the office of the Attorney General of North Carolina. All notices with respect to tort claims against any such county or city board of education shall be given to the superintendent of schools of the county or city administrative unit of which

such board is a governing board, to the State Board of Education and also to the office of the Attorney General of North Carolina.

(b) The Attorney General shall be charged with the duty of representing the city or county board of education in connection with claims asserted against them pursuant to this section where the amount of the claim, in the opinion of the Attorney General, is of sufficient import to require and justify such appearance.

(c) In the event that the Industrial Commission shall make any award of damages against any county or city board of education pursuant to this section, such county or city board shall draw a requisition upon the State Board of Education for the amount required to pay such award. The State Board of Education shall honor such requisition to the extent that it shall then have in its hands, or subject to its control, available funds which have been or shall thereafter be appropriated by the General Assembly for the support of the nine months school term. It shall be the duty of the county or city board of education to apply all funds received by it from the State Board of Education pursuant to such requisition to the payment of such award. Neither the county or city board of education, the county or city administrative unit, nor the tax levying authorities for the county or city administrative unit shall be liable for the payment of any award made pursuant to the provisions of this section in excess of the amount paid upon such requisition by the State Board of Education. Settlement may be effected as provided in G.S. 143-295 with the approval of the State Board of Education, subject to the approval of the office of the Attorney General as counsel and to the approval of the North Carolina Industrial Commission.

(d) Neither State Board of Education nor any other department, institution or agency of the State shall be liable for the payment of any tort claim arising out of the operation of any public school bus or for school transportation service vehicle, or for the payment of any award made pursuant to the provisions of this Article on account of any such claim. (1955, c. 1283; 1961, c. 1102, ss. 1-3; 1967, c. 1032, s. 1.)

Affidavit Must Name Employee and Set Forth Acts of Negligence. — It is necessary to a recovery under this section that the affidavit of claimant set forth the name of the allegedly negligent employee and the acts of negligence relied upon. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Purpose of Naming Employee. — The purpose of this statute requiring the negligent employee to be named is to enable the department of the State against which the claim is made to investigate, not all of its employees, but the particular ones actually involved. Crawford v. Wayne County Bd. of Educ., 275 N.C. 354, 168 S.E.2d 33 (1969).

Amendment of Affidavit to Allege Name of Employee. — In a proceeding under the Tort Claims Act, the Industrial Commission properly allowed amendment of claimant's affidavit to allege the name of the negligent State employee, since the amendment served the purpose of showing the existence of jurisdiction rather than conferring it. Crawford v. Wayne County Bd. of Educ., 3 N.C. App. 343, 164 S.E.2d 748 (1968).

If an award is made, it must be based on the negligent act or omission of the driver of a public school bus who was employed at the time by the county or city administrative unit of which such board was the governing body. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963).

And Not on Act or Omission of Principal or Board of Education. — An award against a county board of education under the provisions of the Tort Claims Act may not be predicated on the negligent act or omission of a school principal or the county board of education. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963).

State Board of Education Relieved of Responsibility as to School Buses. — The General Assembly relieved the State Board of Education from all responsibility in connection with the operation and control of school buses in this State by the enactment of § 115-180 et seq., which authorizes county and city boards of education to operate buses for the transportation of pupils enrolled in the public schools of such county or city administrative units. Huff v. Northampton County Bd. of Educ., 259 N.C. 75, 130 S.E.2d 26 (1963); Brown v. Charlotte-Mecklenburg Bd. of Educ., 267 N.C. 740, 149 S.E.2d 10 (1966).

ARTICLE 31A.

Defense of State Employees.

§ 143-300.2. Definitions. — Unless the context otherwise requires, the definitions contained in this section govern the construction of this Article.

(1) "Civil or criminal action or proceeding" includes any case, prosecution, special proceedings, or administrative proceeding in or before any court or agency of this State or any other state or the United States.

(2) "Employee" includes an officer, agent, or employee but does not include an independent contractor.

(3) "Employment" includes office, agency, or employment.

(4) "The State" includes all departments, agencies, boards, commissions, institutions, bureaus, and authorities of the State. (1967, c. 1092, s. 1.)

Cited in Brotherton v. Paramore, 5 N.C. App. 657, 169 S.E.2d 36 (1969).

§ 143-300.3. Defense of State employees. — Except as otherwise provided in G.S. 143-300.4, upon request of an employee or former employee, the State may provide for the defense of any civil or criminal action or proceeding brought against him in his official or individual capacity, or both, on account of an act done or omission made in the scope and course of his employment as a State employee. (1967, c. 1092, s. 1.)

§ 143-300.4. Grounds for refusal of defense. — (a) The State shall refuse to provide for the defense of a civil or criminal action or proceeding brought against an employee or former employee if the State determines that:

(1) The act or omission was not within the scope and course of his employment as a State employee; or

(2) The employee or former employee acted or failed to act because of actual fraud, corruption, or actual malice on his part; or

(3) Defense of the action or proceeding by the State would create a conflict of interest between the State and the employee or former employee; or

(4) Defense of the action or proceeding would not be in the best interests of the State.

(b) The determinations required by subsection (a) of this section shall be made by the Attorney General. The Attorney General may delegate his authority to make these determinations to the chief administrative authority of any agency, institution, board, or commission whose employees are to be defended as provided by subdivision (3) or (4) of G.S. 143-300.5. Approval of the request by an employee or former employee for provision of defense shall raise a presumption that the determination required by this section had been made and that no grounds for refusal to defend were discovered. (1967, c. 1092, s. 1.)

§ 143-300.5. Regulations for providing defense counsel. — The Governor may issue regulations for the defense of employees or former employees of the State pursuant to this Article through one or more of the following methods as may be appropriate to the employee or class of employees in question:

(1) By the Attorney General;

(2) By employing other counsel for this purpose as provided in G.S. 147-17;

(3) By authorizing the purchase of insurance which requires that the insurer provide or underwrite the cost of the defense; or

(4) By authorizing defense by counsel assigned to or employed by the department, agency, board, commission, institution, bureau,

or authority which employed the person requesting the defense. (1967, c. 1092, s. 1.)

ARTICLE 32.

Payroll Savings Plan for State Employees.

§ 143-301. Authority of Governor. — The Governor may, with the approval of the Council of State, authorize any or all of the departments, institutions, and agencies of the State to establish a voluntary payroll deduction plan for the purchase of United States savings bonds by State employees, and to set up the necessary machinery for carrying out the purposes of this Article. (1951, c. 1020, s. 1.)

§ 143-302. Expenses. — Funds may be allotted out of the contingency and emergency appropriation to defray the necessary expenses incurred by departments, institutions and agencies financed out of the general fund of the State, and departments, institutions and agencies financed out of special funds or entirely from receipts shall defray the necessary expenses incurred without expense to the general fund of the State. (1951, c. 1020, s. 2.)

§ 143-303. Agreements of employees with heads of departments, etc. — Any of the employees of the State of North Carolina may voluntarily enter into written agreement with heads of the department or institution or agency where employed, which has adopted the payroll savings plan, to authorize deductions from his or her salary of certain designated sums to be invested in United States savings bonds of the kind and type specified in such agreement. (1951, c. 1020, s. 3.)

§ 143-304. Salary deductions and purchase of bonds authorized. — Upon the execution of such agreement by any State employee with the State department, institution or agency where employed, the department, institution or agency is authorized and empowered to deduct the sum specified in said agreement from the weekly or monthly salary of such employee, and to show deduction on all pay rolls similar to withholding tax, retirement, insurance, hospitalization, etc. Such sums shall be held until sufficient moneys have accumulated to the credit of each individual sufficient to purchase a bond, and such sum shall be invested in United States savings bonds, for and on behalf of such employee, and the bonds shall be delivered to the employee as soon as practical. Provided that no coercion of any sort shall be exercised to require any person to participate. (1951, c. 1020, s. 4.)

§ 143-305. Cancellation of agreements. — Such agreement may be cancelled by the employee executing the same upon giving written notice to the head of the department, institution or agency where employed not later than the fifteenth day of the month in which he or she desires such agreement to be terminated, and the head of the department, institution or agency may cancel any agreement, herein provided for, upon giving 10 days' written notice to the affected employee. Upon the termination of the agreement the head of the department, institution or agency is hereby authorized to refund any amount of money held for the employee. (1951, c. 1020, s. 5.)

ARTICLE 33.

Judicial Review of Decisions of Certain Administrative Agencies.

§ 143-306. Definitions. — As used in this Article the terms

(1) "Administrative agency" or "agency" shall mean any State officer, committee, authority, board, bureau, commission, or department authorized by law to make administrative decisions, except those agencies in the legislative or judicial branches of government, and except those whose procedures are governed by Chapter 150 of the

General Statutes, or whose administrative decisions are made subject to judicial review under some other statute or statutes containing adequate procedural provisions therefor.

(2) "Administrative decision" or "decision" shall mean any decision, order, or determination rendered by an administrative agency in a proceeding in which the legal rights, duties, or privileges of specific parties are required by law or constitutional right to be determined after an opportunity for agency hearing. (1953, c. 1094, s. 1.)

Liberal Construction. — This Article should be liberally construed to preserve and effectuate the right to judicial review. In re appeal of Harris, 273 N.C. 20, 159 S.E.2d 539 (1968).

Article Contemplates Decision on Factual Situation. — This Article contemplates a quasi-judicial hearing in which the parties were permitted an opportunity to offer evidence and a decision rendered applicable to a specific factual situation. Housing Auth. v. Johnson, 261 N.C. 76, 134 S.E.2d 121 (1964).

It Does Not Authorize Review of Executive Interpretation of Statute. — This Article does not authorize the filing of a petition in the superior court seeking an advisory opinion on the correctness of an executive interpretation of a statute. Housing Auth. v. Johnson, 261 N.C. 76, 134 S.E.2d 121 (1964).

Article Will Not Support Attack on Constitutionality of Parole Board Statute. — The provisions of this Article are inappropriate to initiate an attack upon the constitutionality of a statute fixing the powers and duties of the Board of Paroles. The question of the constitutionality of a statute is not for administrative boards but for the judicial branch. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Court Review of Suspensions and Exclusions Limited. — Court review of suspensions and exclusions, regardless of where the child lives, would appear to be limited by § 115-165 to the Superior Court of Wake County under this Article of the Administrative Procedure Act. Givens v. Poe, 346 F. Supp. 202 (W.D.N.C. 1972).

Termination of Employment of Superintendent of Schools Reviewable. — The decision of the Wayne County Board of Education terminating the employment of the superintendent of schools and declaring the office vacant is subject to review under this Article. Although the section providing for the removal of school superintendents, § 115-42, contains a proviso that such "superintendent shall have the right to try his title to office in the courts of the State," the statute is silent as to the procedure and the scope of review comtemplated. The procedure and scope of review shall be as provided by this Article. James v. Wayne County Bd. of Educ., 15 N.C. App. 531, 190 S.E.2d 224 (1972).

The Tax Review Board is an "administrative agency" within the purview of this section. It is an agency of the executive branch of the State government, has no authority or duties with respect to the granting or revocation of licenses, and its decisions are not subject to review under any statute or statutes other than this Article. In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963).

Decision of State Board of Elections Only Reviewable under This Article. — When the State Board of Elections obtains jurisdiction of an election protest upon an appeal from a single county in a multiple county senatorial district, or by the filing in apt time of a protest directly with the State Board of Elections, its decision can only be reviewed in the manner prescribed by this Article. Ponder v. Joslin, 262 N.C. 496, 138 S.E.2d 143 (1964).

§ 143-307. Right to judicial review. — Any person who is aggrieved by a final administrative decision, and who has exhausted all administrative remedies made available to him by statute or agency rule, is entitled to judicial review of such decision under this Article, unless adequate procedure for judicial review is provided by some other statute, in which case the review shall be under such other statute. Nothing in this Chapter shall prevent any person from invoking any judicial remedy available to him under the law to test the validity of any administrative action not made reviewable under this Article. (1953, c. 1094, s. 2.)

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971). For note on estuarine pollution, see 49 N.C.L. Rev. 921 (1971).

Statute Providing for Review "by Proceedings in Nature of Certiorari". — Where a statute provides for a review "by proceedings in the nature of certiorari," this is an "adequate procedure for judicial review" within the meaning of this section only if the scope of review is equal to that under this Chapter. Jarrell v. Board of Adjustment, 258 N.C. 476, 128 S.E.2d 879 (1963).

Section Inapplicable to Order Revoking Real Estate Broker's or Salesman's License. — Section 93A-6, regulating real estate brokers and salesmen, provides adequate procedure for judicial review of an order of the Real Estate Licensing Board revoking a license, and this section does not apply. In re Dillingham, 257 N.C. 684, 127 S.E.2d 584 (1962).

Necessity for Exhaustion of Administrative Remedies. — Only those who have exhausted their administrative remedies can seek the benefit of this section. Sinodis v. State Bd. of Alcoholic Control, 258 N.C. 282, 128 S.E.2d 587 (1962); Porter v. State Bd. of Alcoholic Control, 4 N.C. App. 284, 166 S.E.2d 695 (1969).

Meaning of "Person Aggrieved". — The expression "person aggrieved" has no technical meaning. What it means depends on the circumstances involved. It has been variously defined: "Adversely or injuriously affected; damnified, having a grievance, having suffered a loss or injury, or injured; also having cause for complaint. More specifically the word(s) may be employed meaning adversely affected in respect of legal rights, or suffering from an infringement or denial of legal rights." In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963); Albemarle Elec. Membership Corp. v. Alexander, 282 N.C. 402, 192 S.E.2d 811 (1972).

When Appeals by Public Officials and Governmental Units Allowed. — Where statutes exist permitting appeals by persons aggrieved, appeals by public officials and governmental units are usually allowed in cases involving questions of law relating to taxation and public funds. In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963).

County as Party Aggrieved. — A county is a party aggrieved and entitled to appeal from a decision of the State Board of Assessment (now the Property Tax Commission) reducing the valuation of property appraised by the county for tax purposes. In re appeal of Harris, 273 N.C. 20, 159 S.E.2d 539 (1968).

One may be aggrieved when he is affected only in a representative capacity. In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963).

Administrative Agency as Person Aggrieved. — An administrative agency cannot be a person aggrieved by its own order, but it may be an aggrieved party to secure judicial review of a decision of an administrative reviewing agency. In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963).

Appeal by Commissioner (now Secretary) of Revenue from Decision of Tax Review Board. — The Tax Review Board is an administrative agency of the State within the purview of § 143-306, and the Commissioner (now Secretary) of Revenue is entitled to appeal under this section from a decision of the Board reversing in part an assessment of taxes made by the Commissioner (now Secretary). Section 105-214.3 does not impliedly amend this section so as to preclude the right of the Commissioner (now Secretary) to appeal, but the two statutes must be construed together and effect given the provisions of both. In re Halifax Paper Co., 259 N.C. 589, 131 S.E.2d 441 (1963).

Decisions Are Reviewable under This Article If No Other Adequate Procedure Provided. — Absent adequate procedure for judicial review by some other statute, decisions of administrative agencies are subject to review in the superior court as provided in this Article. State ex rel. North Carolina Util. Comm'n v. Old Fort Finishing Plant, 264 N.C. 416, 142 S.E.2d 8 (1965).

Findings of fact and conclusions of law made by the State Board of Elections may be reviewed in an action instituted in the superior court of a county pursuant to the provisions of this section. Ponder v. Joslin, 262 N.C. 496, 138 S.E.2d 143 (1964).

But appellant is not entitled to a jury trial in such action. Ponder v. Joslin, 262 N.C. 496, 138 S.E.2d 143 (1964).

Judicial Review of Suspension of University Student Available under Article. — The provisions of this Article are available for judicial review of an order of the board of trustees of the University of North Carolina affirming the suspension of a student from the University for cheating, since the board of

trustees is not an agency in the legislative or judicial branches of the government, nor an agency governed by § 150-9 et seq., and, therefore, no other statutory provision exists for review of its actions. In re Carter, 262 N.C. 360, 137 S.E.2d 150 (1964).

§ 143-308. Right to judicial intervention when agency unreasonably delays decision. — Unreasonable delay on the part of any agency in reaching a final administrative decision shall be justification for any person whose rights, duties, or privileges are adversely affected by such delay to seek a court order compelling action by the agency. (1953, c. 1094, s. 3.)

Editor's Note. — For note on estuarine pollution, see 49 N.C.L. Rev. 921 (1971).

§ 143-309. Manner of seeking review; time for filing petition; waiver. — In order to obtain judicial review of an administrative decision under this Chapter the person seeking review must file a petition in the Superior Court of Wake County; except that where the original determination in the matter was made by a county agency or county board and appealed to the State Board, the petition may be filed in the superior court of the county where the petitioner resides. Such petition may be filed at any time after final decision, but must be filed not later than 30 days after a written copy of the decision is served upon the person seeking the review by personal service or by registered mail, return receipt requested. Failure to file such petition within the time stated shall operate as a waiver of the right of such person to review under this Chapter, except that for good cause shown, the judge of the superior court may issue an order permitting a review of the administrative decision under this Chapter notwithstanding such waiver. (1953, c. 1094, s. 4.)

Strict Construction. — The provisions of this section providing for the waiver or forfeiture of the right to judicial review under certain conditions should be construed strictly; and, when so construed, the right to petition for review continues unless and until 30 days have expired from the date "a written copy" of the administrative order has been served on the party seeking review either by personal service or by registered mail, return receipt requested. In re appeal of Harris, 273 N.C. 20, 159 S.E.2d 539 (1968).

§ 143-310. Contents of petition; copies served on all parties. — The petition shall explicitly state what exceptions are taken to the decision or procedure of the agency and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the person seeking the review shall serve copies of the petition by registered mail, return receipt requested, upon the agency which rendered the decision, and upon all who were parties of record to the agency proceedings. Names and addresses of such parties shall be furnished to the petitioner by the agency upon request. Any party to the agency proceeding may become a party to the review proceedings by notifying the court within 10 days after receipt of the copy of the petition. (1953, c. 1094, s. 5.)

Purpose of Statute Necessitates Liberal Construction. — The primary purpose of the statute is to confer the right of review, and the statute should be liberally construed to preserve and effectuate that right. James v. Wayne County Bd. of Educ., 15 N.C. App. 531, 190 S.E.2d 224 (1972).

Applied in Thomas v. State Bd. of Alcoholic Control, 258 N.C. 513, 128 S.E.2d 884 (1963).

§ 143-311. Record filed by agency with clerk of superior court; contents of record; costs. — Within 30 days after receipt of the copy of the petition for review, or within such additional time as the court may allow, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. With the permission of the court, the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional costs as may be occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.(1953, c. 1094, s. 6.)

Cited in Porter v. State Bd. of Alcoholic Control, 4 N.C. App. 284, 166 S.E.2d 695 (1969).

§ 143-312. Stay of board order. — At any time before or during the review proceeding the aggrieved person may apply to the reviewing court for an order staying the operation of the administrative decision pending the outcome of the review. The court may grant or deny the stay in its discretion upon such terms as it deems proper. (1953, c. 1094, s. 7.)

Applied in Thomas v. State Bd. of Alcoholic Control, 258 N.C. 513, 128 S.E.2d 884 (1963).

Cited in James v. Wayne County Bd. of Educ., 15 N.C. App. 531, 190 S.E.2d 224 (1972).

§ 143-313. Procedure for taking newly discovered evidence. — At any time after petition for review has been filed, application may be made to the reviewing court for leave to present additional evidence. If the court is satisfied that the evidence is material to the issues, that it is not merely cumulative, and that it could not reasonably have been presented at the hearing before the agency, the court may remand the case to the agency where additional evidence shall be heard. The agency may then affirm or modify its findings of fact and its decision, and shall file with the reviewing court as a part of the record the additional evidence, together with the affirmation, or any modifications, of its findings or decision. (1953, c. 1094, s. 8.)

§ 143-314. Review by court without jury on the record. — The review of administrative decisions under this Chapter shall be conducted by the court without a jury. The court shall hear oral arguments and receive written briefs, but shall take no evidence not offered at the hearing; except that in cases of alleged irregularities in procedure before the agency, not shown in the record, testimony thereon may be taken by the court; and except that where no record was made of the administrative proceeding or the record is inadequate, the judge in his discretion may hear the matter de novo. (1953, c. 1094, s. 9.)

Review of Order of Real Estate Board. — Under § 93A-6, review of an order of the Real Estate Licensing Board suspending or revoking a license is de novo in the superior court in all cases, and this Article does not apply regardless of whether the Board has made a record of its proceedings. In re Dillingham, 257 N.C. 684, 127 S.E.2d 584 (1962).

Applied in J. Lampros Wholesale, Inc. v. North Carolina Bd. of Alcoholic Control, 265 N.C. 679, 144 S.E.2d 895 (1965).

Cited in Freeman v. Board of Alcoholic Control, 264 N.C. 320, 141 S.E.2d 499 (1965).

§ 143-315. Scope of review; power of court in disposing of case. — The court may affirm the decision of the agency or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the petitioners may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(1) In violation of constitutional provisions; or
(2) In excess of the statutory authority or jurisdiction of the agency; or
(3) Made upon unlawful procedure; or
(4) Affected by other error of law; or

(5) Unsupported by competent, material, and substantial evidence in view of the entire record as submitted; or

(6) Arbitrary or capricious.

If the court reverses or modifies the decision of the agency, the judge shall set out in writing, which writing shall become a part of the record, the reasons for such reversal or modification. (1953, c. 1094, s. 10.)

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

The "whole record" is applicable upon a review under this section, and the decision of the Board of Alcoholic Control may be reversed if substantial rights of the licensee are prejudiced by administrative findings, inferences, conclusions or decisions which are not supported "by competent, material, and substantial evidence in view of the entire record as submitted." Underwood v. State Bd. of Alcoholic Control, 278 N.C. 623, 181 S.E.2d 1 (1971).

Findings Based on Unsworn Statements. — Absent stipulations or waiver, a zoning board of adjustment may not base critical findings of fact as to the existence or nonexistence of a nonconforming use on unsworn statements. Jarrell v. Board of Adjustment, 258 N.C. 476, 128 S.E.2d 879 (1963).

Review of Order of Real Estate Board. — See note to § 143-314.

Review of Order of Property Tax Commission. — Upon review of an order of the State Board of Assessment (now the Property Tax Commission), the superior court is without authority to make findings at variance with the findings of the Board when the findings of the Board are supported by material and substantial evidence. In re Property of Pine Raleigh Corp., 258 N.C. 398, 128 S.E.2d 855 (1963).

When a judicial review is sought in the superior court on the record made before the State Board of Assessment (now the Property Tax Commission), that court is without authority to make findings at variance with the findings of the Board which are supported by material and substantial evidence because that is the exclusive function of the State Board of Assessment. In re Appeal of Reeves Broadcasting Corp., 273 N.C. 571, 160 S.E.2d 728 (1968).

It is only when the actions of the State Board of Assessment (now the Property Tax Commission) are found to be arbitrary and capricious that courts will interfere with tax assessments because of asserted violations of the due process clause. Albemarle Elec. Membership Corp. v. Alexander, 282 N.C. 402, 192 S.E.2d 811 (1972).

Showing Necessary to Obtain Relief From Valuations of Property for Taxation. — In order to obtain relief from valuations upon their property by the State Board of Assessment (now the Property Tax Commission), appellant electric membership corporations must show that the methods used in determining true value were illegal and arbitrary, and that appellants were substantially injured by a resulting excessive valuation of their property. Albemarle Elec. Membership Corp. v. Alexander, 282 N.C. 402, 192 S.E.2d 811 (1972).

Official Acts Presumed Made in Good Faith, etc. — The members of the State Board of Assessment (now the Property Tax Commission) are public officers, and the Board's official acts are presumed to be made in good faith and in accordance with law; the burden is upon the party asserting otherwise to overcome such presumptions by competent evidence to the contrary. Albemarle Elec. Membership Corp. v. Alexander, 282 N.C. 402, 192 S.E.2d 811 (1972).

Where on appeal the only evidence offered by appellant electric membership corporations as to the value of their property was their local tax listings, these declarations alone did not have sufficient probative force to overcome the presumption of correctness and regularity accompanying the Board's actions. Albemarle Elec. Membership Corp. v. Alexander, 282 N.C. 402, 192 S.E.2d 811 (1972).

Review of Award of Industrial Commission. — In passing upon an appeal from an award of the Industrial Commission, the reviewing court is limited in its inquiry to two questions of law, namely: (1) whether or not there was any competent evidence before the Commission to support its findings of fact; and (2) whether or not the findings of fact of the Commission justify its legal conclusions and decision. Waggoner v. North Carolina Bd. of Alcoholic Control, 7 N. C. App. 692, 173 S.E.2d 548 (1970).

The superior court is without power to order the North Carolina Board of Alcoholic Control to issue a permit to petitioners, but can order the Board to exercise its discretion in accordance with law. Waggoner v. North Carolina Bd. of Alcoholic Control, 7 N.C. App. 692, 173 S.E.2d 548 (1970).

Court May Not Substitute Its Evaluation of Evidence for Board's. — Where the superior court at the instance of appellant found additional facts which the Tax Review Board had, although requested, refused to make, the court, in making these findings, weighed the evidence and substituted its evaluation of the evidence for that of the Board and in so doing,

it exceeded its right of review. Clark Equip. Co. v. Johnson, 261 N. C. 269, 134 S.E.2d 327 (1964).

Evidence held incompetent to sustain a finding of the State Board of Alcoholic Control that a licensee sold beer to a minor or failed to give his licensed premises proper supervision. Thomas v. State Bd. of Alcoholic Control, 258 N.C. 513, 128 S.E.2d 884 (1963).

Garrett, 8 N.C. App. 662, 174 S.E.2d 371 (1970); In re McLean Trucking Co., 281 N.C.375, 189 S.E.2d 194 (1972); In re King, 281 N.C. 533, 189 S.E.2d 158 (1972); In re Moss Trucking Co., 16 N.C. App. 261, 191 S.E.2d 919 (1972).

§ 143-316. Appeal to appellate division; obtaining stay of court's decision. — Any party to the review proceedings, including the agency, may appeal to the appellate division from the final judgment of the superior court under rules of procedure applicable in other civil cases. The appealing party may apply to the superior court for a stay of its final determination, or a stay of the administrative decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division. (1953, c. 1094, s. 11; 1969, c. 44, s. 76.)

A legal proceeding must be prosecuted by a legal person, whether it be a natural person, sui juris, or a group of individuals or other entity having the capacity to sue and be sued, such as a corporation, partnership, unincorporated association, or governmental body or agency. Even a class action must be prosecuted or defended by one or more named members of the class. A legal proceeding prosecuted by an aggregation of anonymous individuals, known only to their counsel, is a phenomenon unknown to the law of this jurisdiction. In re Coleman, 11 N.C. App. 124, 180 S.E.2d 439 (1971).

The rule that an appeal to the appellate division may be prosecuted only at the instance of a party or parties aggrieved by the judgment of the court or tribunal from which the appeal is taken, applies with as much force to proceedings governed by this Article as to ordinary civil cases. In re Coleman, 11 N.C. App. 124, 180 S.E.2d 439 (1971).

Article 33A.

Rules of Evidence in Administrative Proceedings before State Agencies.

§ 143-317. Definitions. — As used in this Article,

(1) "Administrative agency" means any State authority, board, bureau, commission, committee, department, or officer authorized by law to make administrative decisions, except those agencies in the legislative and judicial department of government, the North Carolina Utilities Commission, the North Carolina Industrial Commission, the Employment Security Commission of North Carolina, and the institutions and agencies that operate pursuant to Chapters 115, 115A, and 116 of the General Statutes.

(2) "Party" means each person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party.

(3) "Proceeding" shall mean any proceeding, by whatever name called, before an administrative agency of the State, wherein the legal rights, duties, or privileges of specific parties are required by law or by constitutional right to be determined after an opportunity for agency hearing. (1967, c. 930.)

Cross Reference. — See Editor's note under § 143-319.

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

This section and § 143-318 apply only to judicial or quasi-judicial proceedings. In re Filing by N.C. Auto. Rate Administrative Office, 278 N.C. 302, 180 S.E.2d 155 (1971).

Involving Loss of Right by Specific Party. — Subdivision (3) shows that § 143-318 was intended to apply only to hearings which might

result in a loss by a specific party of some legal right, duty or privilege, such as hearings relating to the revocation of the license of a specified insurance agent or of a specified insurance company or to the imposition of a fine or penalty upon an insurance agent or insurance company for violation of the "Insurance Law." Such hearings involve the essential elements of a court trial, and in such cases, the Attorney General, as legal advisor to the Commissioner of Insurance, can provide counsel as to whether proffered evidence complies with the rules of evidence as applied in the superior and district court divisions of the General Court of Justice. In re Filing by N.C. Auto. Rate Administrative Office, 278 N.C. 302, 180 S.E.2d 155 (1971).

But Not Hearing on Proposals for General Rate Revision. — This section and § 143-318 are not applicable to a public hearing before the Commissioner of Insurance on proposals for a general revision of insurance rates submitted by a statutory rate-making bureau such as the rate office. In re Filing by N.C. Auto. Rate Administrative Office, 278 N.C. 302, 180 S.E.2d 155 (1971).

Applicable to State Personnel Board Hearings. — See opinion of Attorney General to Mr. Claude Caldwell, Director, State Personnel Department, 40 N.C.A.G. 40 (1970).

Applicability to Political Subdivisions Not Decided. — The court found it unnecessary to decide whether the provisions of this Article are applicable to political subdivisions of the State, including cities and towns. Carter v. Town of Chapel Hill, 14 N.C. App. 93, 187 S.E.2d 588 (1972).

Boards of Aldermen Excepted. — Assuming that this Article does apply to cities and towns, a town's board of aldermen is its municipal legislative body and, therefore, falls within the exception in subdivision (1). Carter v. Town of Chapel Hill, 14 N.C. App. 93, 187 S.E.2d 588 (1972).

Cited in State ex rel. Commissioner of Ins. v. State ex rel. Attorney Gen., 16 N.C. App. 279, 192 S.E.2d 138 (1972).

§ 143-318. Rules of evidence; official notice. — In all proceedings:

(1) Incompetent, irrelevant, immaterial, unduly repetitious, and hearsay evidence shall be excluded. The rules of evidence as applied in the superior and district court divisions of the General Court of Justice shall be followed.

(2) Documentary evidence may be received in the form of copies or excerpts, if the original is not readily available. Upon request, parties shall be given an opportunity to compare the copy with the original.

(3) Notice may be taken of judicially cognizable facts. In addition, notice may be taken of generally recognized technical or scientific facts within the agency's specialized knowledge. Parties shall be notified either before or during the hearing, or by reference in preliminary reports or otherwise, of the material noticed, including any staff memoranda or data, and they shall be afforded an opportunity to contest the material so noticed. The agency's experience, technical competence, and specialized knowledge may be utilized in the evaluation of the evidence. (1967, c. 930.)

Cross Reference. — See note under § 143-317.

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

This section does not apply to county authorities. In re McLean Trucking Co., 281 N.C. 375, 189 S.E.2d 194 (1972).

Section Governs Admissibility in Proceeding before Property Tax Commission. — Appraisals by county tax appraisers are not required to be based upon evidence competent in a judicial proceeding. However, in a proceeding before the State Board of Assessment (now the Property Tax Commission) upon an appeal from the action of the county taxing authorities, this section governs the admissibility of evidence. In re McLean Trucking Co., 281 N.C. 375, 189 S.E.2d 194 (1972).

Burden of Proof. — This section requires the State agencies and boards charged with the duty of finding facts to observe the rules of evidence "as applied in the superior and district courts." And except in extraordinary cases, the burden of proof is by the greater weight of the evidence. In re Thomas, 281 N.C. 598, 189 S.E.2d 245 (1972).

Where a claimant for unemployment had previously quit her job to retire and is presently claiming to have reentered the labor market, the degree of proof required of the claimant is by the greater weight of the evidence. In re Thomas, 281 N.C. 598, 189 S.E.2d 245 (1972).

Judicial Notice. — The State Board of Assessment (now the Property Tax Commission) is neither required nor permitted to shut its eyes to an established fact of common knowledge. In re Valuation of Property Located at 411-417 West Fourth Street, 282 N.C. 71, 191 S.E.2d 692 (1972).

ARTICLE 33B.

Meetings of Governmental Bodies.

§ **143-318.1. Public policy.** — Whereas the commissions, committees, boards, councils and other governing and governmental bodies which administer the legislative and executive functions of this State and its political subdivisions exist solely to conduct the peoples' business, it is the public policy of this State that the hearings, deliberations and actions of said bodies be conducted openly. (1971, c. 638, s. 1.)

Editor's Note. — Session Laws 1971, c. 638, s. 2, provides: "All laws and clauses of laws in conflict with the provisions of this act, including (without limitation) all laws and clauses of laws without statewide application, are hereby repealed."

Applied in Humble Oil & Ref. Co. v. Board of Aldermen, 17 N.C. App. 624, 195 S.E.2d 360 (1973).

§ **143-318.2. All official meetings open to the public.** — All official meetings of the governing and governmental bodies of this State and its political subdivisions, including all State, county, city and municipal commissions, committees, boards, authorities, and councils and any subdivision, subcommittee, or other subsidiary or component part thereof which have or claim authority to conduct hearings, deliberate or act as bodies politic and in the public interest shall be open to the public. And every meeting, assembly, or gathering together at any time or place of a majority of the members of such governing or governmental body for the purpose of conducting hearings, participating in deliberations or voting upon or otherwise transacting the public business within the jurisdiction, real or apparent, of said body shall constitute an official meeting, but any social meeting or other informal assembly or gathering together of the members of any such body shall not constitute an official meeting unless called or held to evade the spirit and purposes of this Article. (1971, c. 638, s. 1.)

§ **143-318.3. Executive, closed and private sessions.** — (a) Any of the bodies specified in G.S. 143-318.1, by the votes of a majority of its members present, may, during any regular or special meeting when a quorum is present, hold an executive session and exclude the public while considering:

(1) Acquisition, lease, or alienation of property;

(2) Negotiations between public employers and their employees or representatives thereof as to employment;

(3) Matters dealing with patients, employees or members of the medical staff of a hospital or medical clinic (including but not limited to all aspects of admission, treatment, and discharge, all medical records, reports and summaries, and all charges, accounts and credit information pertaining to said patients; all negotiations, contracts, conditions, assignments, regulations and disciplines relating to employees; and all aspects of hospital management, operation and discipline relating to members of the medical staff);

(4) Any matter coming within the physician-patient, lawyer-client or any other privileged relationship;

(5) Conferences with legal counsel and other deliberations concerning the prosecution, defense, settlement or litigation of any judicial action or proceeding in which the governing or governmental body is a party or by which it is directly affected.

(b) This Article shall not be construed to prevent any governing or

governmental body specified in G.S. 143-318.1 from holding closed sessions to consider information regarding the appointment, employment, discipline, termination or dismissal of an employee or officer under the jurisdiction of such body and to hear and consider testimony on a complaint against such employee or officer; provided, however, that final action on the discharge of any employee for cause after hearing shall be taken in open session if such discharge is within the exclusive jurisdiction of said governing body. Nor shall this Article be construed to prevent any board of education or governing body of any public educational institution, or any committee or officer thereof, from hearing, considering and deciding disciplinary cases involving students in closed session.

(c) When any county board of commissioners or the governing body of any municipal corporation or board of education is faced with the existence of a riot or with conditions indicating that a riot or public disorders are imminent, within the territorial jurisdiction of such board or governing body, the board of commissioners of such county or the governing body of such municipal corporation or board of education, as the case may be, may meet in private session with such law-enforcement officers and others invited to any such meeting, excluding other members of the public, for the purpose of considering and taking appropriate action deemed necessary to cope with the existing situation during any such emergency. (1971, c. 638, s.1.)

§ **143-318.4. Exceptions.** — The agencies or groups following are excluded from the provisions of G.S. 143-318.2:

(1) The Council of State
(2) The Board of Awards
(3) The N.C. State Board of Paroles
(4) The State Probation Commission
(5) All law-enforcement agencies
(6) Grand and petit juries
(7) All study, research and investigative commissions and committees including the Legislative Services Commission.
(8) All State agencies, commissions or boards exercising quasi-judicial functions during any meeting or session held solely for the purpose of making a decision in an adjudicatory action or proceeding
(9) Every board enumerated in G.S. 150-9 and every board, commission, council or other body, or any committee thereof, authorized by statute to investigate, examine and determine the character and other qualifications of applicants for license to practice any profession in this State, or authorized to suspend or revoke licenses of, or to reprimand or take disciplinary action concerning any person licensed to engage in the practice of any profession in this State; provided, however, that nothing in this Article shall be construed to amend, repeal or supersede any statute, now existing or hereafter enacted, which requires a public hearing or other practice and procedure in any proceeding before any such board, commission or other body, or any committee thereof.
(10) Any committee or subcommittee of the General Assembly has the inherent right to hold an executive session when it determines that it is absolutely necessary to have such a session in order to prevent personal embarrassment or when it is in the best interest of the State; and in no event shall any final action be taken by any committee or subcommittee except in open session. (1971, c. 638, s. 1.)

§ **143-318.5. Advisory Budget Commission and appropriation committees of General Assembly; application of Article.** — (a) The provisions of this Article shall not apply to meetings of the Advisory Budget Commission held for the purpose of actually preparing the budget required by the provisions of the Executive Budget Act (Article 1, Chapter 143, General Statutes of

North Carolina), but nothing in this Article shall be construed to amend, repeal or supersede the provisions of G.S. 143-10 (or any similar statutes hereafter enacted) requiring public hearings to secure information on any and all estimates to be included in the budget and providing for other procedures and practices incident to the preparation and adoption of the budget required by the State Budget Act.

(b) Nothing in this Article shall be construed to amend, repeal or supersede the provisions of G.S. 143-14, relating to the meetings of the appropriations committees of the House of Representatives and the Senate of the General Assembly of North Carolina, and subcommittees thereof. (1971, c. 638, s. 1.)

§ 143-318.6. Mandamus and injunctive relief. — Any citizen denied access to a meeting required to be open by the provisions of this Article, in addition to other remedies, shall have a right to compel compliance with the provisions of this Article by application to a court of competent jurisdiction for restraining order, injunction or other appropriate relief. (1971, c. 638, s. 1.)

§ 143-318.7. Disruptions. — Any person who wilfully interrupts, disturbs, or disrupts any official meeting required to be open to the public by this Article and who, upon being directed to leave such meeting by the presiding officer thereof, wilfully refuses to leave such meeting shall be guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment for not in excess of six months, pay a fine of two hundred fifty dollars ($250.00), or by both such fine and imprisonment. (1971, c. 638, s. 1.)

(1969, c. 1145, s. 1.)

§ 143-321. Structure and organization of Department. — (a) Director. — The Department of Local Affairs shall be under the direction and control of the Director of Local Affairs, who shall be responsible to the Governor for the administration of the Department. The Director shall be appointed by the Governor and shall serve at the pleasure of the Governor. The salary of the Director shall be fixed by the Governor with the approval of the Advisory Budget Commission. (8) The Board shall adopt such rules and regulations as may be necessary to carry out the purposes of this Article.

(9) Any member of the Board or any person authorized by it, shall have the right to enter upon any private or public lands or waters for the purpose of making investigations and studies reasonably necessary in the gathering of facts concerning streams and watersheds, subject to responsibility for any damage done to property entered.

(10) The Board is authorized to provide to federal agencies the required assurances, subject to availability of appropriations by the General Assembly or applicable funds or assurances from local governments, of nonfederal cooperation for water supply storage and other congressionally authorized purposes in federal projects.

(11) The Board is authorized to assign or transfer to any county or municipality or other local government having a need for water supply storage in federal projects any interest held by the State in such storage, upon the assumption of repayment obligation therefor, or compensation to the State, by such local government. The Board shall also have the authority to reassign or transfer interests in such storage held by local governments, if indicated by the investigation of needs made pursuant to subsection (a)(1) of this section, subject to equitable adjustment of financial responsibility.

(b) Declaration of Water Emergency. — Upon the request of the governing body of a county, city or town the Board shall conduct an investigation to determine whether the needs of human consumption, necessary sanitation and public safety require emergency action as hereinafter provided. Upon making such determination, the Board shall conduct a public hearing on the question of the source of relief water after three days' written notice of such hearing has been given to any persons having the right to the immediate use of water at the point from which such water is proposed to be diverted. After determining the source of such relief water the Board shall then notify the Governor and he shall have the authority to declare a water emergency in an area including said county, city or town and the source or sources of water available for the relief hereinafter provided; provided, however, that no emergency period shall exceed 30 days but the Governor may declare any number of successive emergencies upon request of the Board.

(c) Water Emergency Powers and Duties of the Board. — Whenever, pursuant to this Article, the Governor has declared the existence of a water emergency within a particular area of the State, the Board shall have the following duties and powers to be exercised only within said area and only during such time as the Governor has, pursuant to this Article, designated as the period of emergency:

(1) To authorize any county, city or town in which an emergency has been declared to divert water in the emergency area sufficient to take care of the needs of human consumption, necessary sanitation and public safety. Provided, however, there shall be no diversion of waters from any stream or body of water pursuant to this Article unless the person controlling the water or sewerage system into which such waters are diverted shall first have limited and restricted the use of water in such water or sewerage system to human consumption, necessary sanitation and public safety and shall have effectively enforced such restrictions. Diversion of waters shall cease upon the termination of the water emergency or upon the finding of the Board that the person controlling the water or sewerage system using diverted waters has failed to enforce effectively the restrictions on use to human consump-

tion and necessary sanitation and public safety. In the event waters are diverted pursuant to this Article, there shall be no diversion to the same person in any subsequent year unless the Board finds as fact from evidence presented that the person controlling the water or sewerage system has made reasonable plans and acted with due diligence pursuant thereto to eliminate future emergencies by adequately enlarging such person's own water supply.

(2) To make such reasonable rules and regulations governing the conservation and use of diverted waters within the emergency area as shall be necessary for the health and safety of the persons who reside within the emergency area; and the violation of such rules and regulations during the period of the emergency shall constitute a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000) or imprisonment for not more than one year or both within the discretion of the court; provided, however, that before such rules and regulations shall become effective, they shall be published in not less than two consecutive issues of not less than one newspaper generally circulated in the emergency area.

(d) Temporary Rights-of-Way. — When any diversion of waters is ordered by the Board pursuant to this Article, the person controlling the water or sewerage system into which such waters are diverted is hereby empowered to lay necessary temporary water lines for the period of such emergency across, under or above any and all properties to connect the emergency water supply to an intake of said water or sewerage system. The route of such water lines shall be prescribed by the Board.

(e) Compensation for Water Allocated during Water Emergency and Temporary Rights-of-Way. — Whenever the Board, pursuant to this Article has ordered any diversion of waters, the person controlling the waters or sewerage system into which such waters are diverted shall be liable to all persons suffering any loss or damage caused by or resulting from the diversion of such waters or caused by or resulting from the laying of temporary water lines to effectuate such diversion. The Board, before ordering such diversion, shall require that the person against whom liability attaches hereunder to post bond with a surety approved by the Board in an amount determined by the Board and conditioned upon the payment of such loss or damage. (1959, c. 779, s. 1; 1967, c. 1071, ss. 1, 2.)

In carrying out the purposes of this subsection, the primary responsibility of floodplain management rests with the local levels of government and it is, therefore, the policy of this State and of this Department to provide guidance, coordination, and other means of assistance, along with the other agencies of this State and with the local levels of government, to effectuate adequate floodplain management programs.

This Department is directed to pursue an active educational program of floodplain management measures, to include in each biennial report a statement of flood damages, location where floodplain management is desirable, and suggested legislation, if deemed desirable, and within its

capacities to provide advice and assistance to State agencies and local levels of government.

Provided, however, that the provisions of this section shall not be construed as in any way interfering with the powers and duties of the Utilities Commission, relating to the acquiring of rights-of-way for the Intra-Coastal Waterway; or to authorize the Department of Water Resources to represent the State in connection with such duties.

(e) Registration with Department of Water Resources Required; Registration Periods. — Every person, firm or corporation engaged in the business of drilling, boring, coring or constructing wells in any manner with the use of power machinery in this State, shall register annually with the North Carolina Department of Water Resources on forms to be furnished by the said Department. The Department shall bear the expense of delivering such samples. The Department shall, after an analysis of the samples submitted, furnish a copy of such analysis to the owner of the property on which the well was constructed; the Department shall not report the results of any such analysis to any other person whatsoever until the person legally authorized to do so authorizes in writing the release of the results of the analysis.

(g) Reports of Each Well Required. — Every person, firm or corporation engaged in the business of drilling, boring, coring, or constructing wells with power machinery within the State of North Carolina shall, within 30 days of the completion of each well, report to the Department of Water Resources on forms furnished by the Department the location, size, depth, number of feet of casing used, method of finishing, and formation log information of each such well. In addition such person, firm or corporation shall report any tests made of each such well including the method of testing, length of test, draw-down in feet and yield in gallons per minute. Editor's Note. — Session Laws 1973, c. 476, s. 128, substitutes "Department of Human Resources" for "State Board of Health" throughout the General Statutes. However, since the reference to the State Board of Health in subsection (b) of this section relates to a transfer effected when the Department of Human Resources did not exist, the substitution has not been made in this section.

(c) No transfer of functions to the Department of Water Resources provided for in this Article shall affect any action, suit, proceeding, prosecution, contract, lease or other transaction involving such a function which was initiated, undertaken or entered into prior to or pending the time of the transfer, but (except in the case of the Stream Sanitation Committee) the Department shall be substituted for the agency from which the function was transferred and so far as practicable the procedure provided for in this Article shall be employed in completing or disposing of the matter. (1959, c. 779, s. 5.)

Editor's Note. — Session Laws 1973, c. 476, s. 128, substitutes "Department of Human Resources" for "State Board of Health" throughout the General Statutes. However, since the reference to the State Board of Health in subsection (a) of this section relates to a transfer effected when the Department of Human Resources did not exist, the substitution has not been made in this section.

For a note on control of pesticides, see 49 N.C.L. Rev. 529 (1971).

§ **143-435. Preamble.** — (a) The Legislative Research Commission was directed by House Resolution 1392 of the 1969 General Assembly "to study agricultural and other pesticides," and to report its findings and recommendations to the 1971 General Assembly. Pursuant to said Resolution a report was prepared and adopted by the Legislative Research Commission in 1970 concerning pesticides. In this report the Legislative Research Commission made the following findings concerning the use and effects of pesticides and the need for legislation concerning control of pesticide use, of which the General Assembly hereby takes cognizance:

(1) The use of chemical pesticides has developed since the 1940's into a major, new billion-dollar industry. Pesticides have bettered the lot of mankind in many ways and especially have assisted the farmer by their contribution to a stable and inexpensive supply of high quality food, fiber and forest products. The control of insects, fungi and other pests is essential to the public health and welfare and specifically to the prevention of disease, to the production and preservation of food, fiber, and forests and to the protection of other aspects of modern civilization.

(2) The use of pesticides for these important purposes is currently a matter of serious public concern and their use in some instances presents risks to man and the environment which must be weighed against the benefits of those uses in the overall public interest. Evidence is accumulating that extensive use of persistent pesticides poses hazards to health and the environment. Environmental problems resulting from the use, overuse and misapplication of some chemicals, and the disposal of unused chemicals and containers, have grown to the point where contamination of the environment is approaching significant proportions. There is concern among scientists and public health personnel about the long-term chronic effects of pesticide pollution on human health. Contamination by DDT has been shown to be global in extent. Moreover, recent experience in North Carolina and elsewhere has shown that the more toxic but less persistent pesticides cannot safely be substituted for the persistent "hard" pesticides without stringent safeguards.

(3) More extensive observation, study and monitoring of the effectiveness and the use of pesticides and of undesirable side effects on man and on the environment and of their relative importance for the overall public health and welfare are desirable in the public interest.

(4) Continued and strengthened control of the quality of pesticides and the control of labeling claims, direction for use and warnings are necessary for the protection of the purchasing public, including the household consumer, the farmer and other users.

(5) No existing legislation in North Carolina effectively limits or controls the use of pesticides. Misuse and misapplication of pesticides, while effectively controlled by law with respect to structural pest control operators, is not adequately controlled with respect to some other major groups of pesticide applicators. Careless disposal of unused pesticides and contaminated containers is not controlled by law, and no North Carolina legislation requires that pesticide dealers, who are the principal source of advice for many pesticide users, be qualified to give advice or be held responsible for their advice. These gaps in legal control of pesticides are important and should be remedied.

(b) The purpose of this Article is to regulate in the public interest the use, application, sale, disposal and registration of insecticides, fungicides, herbicides, defoliants, desiccants, plant growth regulators, nematicides, rodenticides, and any other pesticides designated by the North Carolina Pesticide Board. New pesticides are continually being discovered or synthesized which are valuable for the control of insects, fungi, weeds, nematodes, rodents, and for use as defoliants, desiccants, plant regulators and related purposes. However, such pesticides may be ineffective or may seriously injure health, property, or wildlife if not properly used. Pesticides may injure man or animals, either by direct poisoning or by gradual accumulation of poisons in the tissues. Crops or other plants may also be injured by their improper use. The drifting or washing of pesticides into streams or lakes can cause appreciable danger to aquatic life. A pesticide applied for the purpose of killing pests in a crop, which is not itself injured by the pesticide, may drift and injure other crops or nontarget organisms with which it comes in contact. In furtherance of the findings and recommendations of the Legislative Research Commission, it is hereby declared to be the policy of the State of North Carolina that for the protection of the health, safety, and welfare of the people of this State, and for the promotion of a more secure, healthy and safe environment for all the people of the State, the future sale, use and application of pesticides shall be regulated, supervised and controlled by the State in the manner herein provided. (1971, c. 832, s. 1.)

Part 2. Regulation of the Use of Pesticides.

§ 143-440. Restricted-use pesticides regulated. — (a) The Board may, by regulation after a public hearing, adopt and from time to time revise a list of restricted-use pesticides for the State or for designated areas within the State. The Board may designate any pesticide or device as a "restricted-use pesticide" upon the grounds that, in the judgment of the Board (either because of its persistence, its toxicity, or otherwise) it is so hazardous or injurious to persons, pollinating insects, animals, crops, wildlife, lands, or the environment, other than the pests it is intended to prevent, destroy, control, or mitigate that additional restrictions on its sale, purpose, use or possession are required.

(b) The Board may include in any such restricted-use regulation the time and conditions of sale, distribution, or use of such restricted-use pesticides; may prohibit the use of any restricted-use pesticide for designated purposes or at designated places or times; may require the purchaser or user to certify that restricted-use pesticides will be used only as labeled or as further restricted by regulations; and may, if it deems it necessary to carry out the provisions of this Part, require that any or all restricted-use pesticides shall be purchased, possessed, or used only under permit of the Board and under its direct supervision in certain areas and/or under certain conditions or in certain quantities or concentrations except that any person licensed to sell such pesticides may purchase and possess such pesticides without a permit. The Board may require all persons issued such permits to maintain records as to the use of the restricted-use pesticides. The Board may authorize the use of restricted-use pesticides by persons licensed under the North Carolina Structural Pest Control Act without a permit. (1971, c. 832, s. 1.)

§ 143-441. Handling, storage and disposal of pesticides. — (a) The Board may adopt regulations:

(1) Concerning the handling, transport, storage (which may include security precautions), display or distribution of pesticides, and concerning the disposal of pesticides and pesticide containers.

(2) Restricting or prohibiting the use of certain types of containers or packages for specific pesticides. These restrictions may apply to type of construction, strength, and/or size to alleviate danger of spillage, breakage, or misuse.

(b) No person shall handle, transport, store, display, or distribute pesticides in such a manner as to endanger man and his environment or to endanger food, feed, or any other products that may be transported, stored, displayed, or distributed with pesticides, or in any manner contrary to the regulations of the Board.

(c) No person shall dispose of, discard, or store any pesticides or pesticide containers in such a manner as may cause injury to humans, vegetation, crops, livestock, wildlife, or to pollute any water supply or waterway, or in any manner contrary to the regulations of the Board. (1971, c. 832, s. 1.)

§ 143-442. Registration. — (a) Every pesticide prior to being distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be registered in the office of the Board, and such registration shall be renewed annually. The applicant for registration shall file with the Board a statement including:

(1) The name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the applicant;

(2) The name of the pesticide;

(3) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it including directions for use; and

(4) If requested by the Board a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

(b) The applicant shall pay an annual registration fee of twenty-five dollars ($25.00) for each brand or grade of pesticide registered. An additional twenty-five dollars ($25.00) delinquent registration penalty shall be assessed against the registrant for each brand or grade of pesticide which is marketed in North Carolina prior to registration as required by this Article.

(c) The Board, when it deems necessary in the administration of this Article, may require the submission of the complete formula of any pesticide.

(d) If it appears to the Board that the composition of an article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of G.S. 143-443 the Board shall register the article. If it does not appear to the Board that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this Part, it shall not register the article and in turn shall notify the applicant of the manner in which the article, labeling, or other material required to be submitted fail to comply. The Board, in accordance with the procedures specified herein, may suspend or cancel the registration of a pesticide whenever it does not appear that the article or its labeling complies with the provisions of this Part. Whenever an application for registration is refused or the Board proposes to suspend or cancel a registration, notice of such action shall be given to the applicant or registrant who shall have the

right within 10 days of receipt of such notice to request a hearing on the action or proposed action of the Board, as provided in G.S. 143-464.

(e) The Board is authorized and empowered to refuse to register, or to cancel the registration of any or all brands and grades of pesticides as herein provided, if the registrant fails or refuses to comply with the provisions of this Part, or any rules and regulations promulgated thereunder, or, upon satisfactory proof that the registrant or applicant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this Part, or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant or applicant shall have been given the opportunity for a hearing by the Board, as provided in G.S. 143-464.

(f) Notwithstanding any other provisions of this Part, registration is not required in the case of a pesticide shipped from one plant within this State to another plant within this State operated by the same person.

(g) Any pesticide declared to be discontinued by the registrant must be registered by the registrant for one full year after distribution is discontinued. Any pesticide in channels of distribution after the aforesaid registration period may be confiscated and disposed of by the Board, unless the pesticide is acceptable for registration and is continued to be registered by the manufacturer or the person offering the pesticide for wholesale or retail sale. (1971, c. 832, s. 1; 1973, c. 389, ss. 1, 7.)

Editor's Note. — The 1973 amendment inserted "if the registrant fails or refuses to comply with the provisions of this Part, or any rules and regulations promulgated thereunder, or," in subsection (e). The amendment also added subsection (g).

§ 143-443. Miscellaneous prohibited acts. — (a) It shall be unlawful for any person to distribute, sell, or offer for sale within this State or deliver for transportation or transport in intrastate commerce or between points within this State through any point outside this State any of the following:

(1) Any pesticide which has not been registered pursuant to the provisions of G.S. 143-442, or any pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with the registration, or if the composition of a pesticide differs from its composition as represented in connection with its registration: Except that, in the discretion of the Board, a change in the labeling or formula of a pesticide may be made within a registration period without requiring reregistration of the product.

(2) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing:
   a. The name and address of the manufacturer, registrant, or person for whom manufactured;
   b. The name, brand, or trademark under which said article is sold; and
   c. The net weight or measure of the content subject, however, to such reasonable variations as the Board may permit.

(3) Any pesticide which contains any substance or substances in quantities highly toxic to man, determined as provided in G.S. 143-444, unless the label shall bear, in addition to any other matter required by this Part:
   a. The skull and crossbones;
   b. The word "poison" prominently, in red, on a background of distinctly contrasting color; and
   c. A statement of an antidote for the pesticide.

(4) The pesticides commonly known as standard lead arsenate, basic lead arsenate, calcium arsenate, magnesium arsenate, zinc arsenate, zinc arsenite, sodium fluoride, sodium fluosilicate, and barium fluosilicate unless they have been distinctly colored or discolored as provided by regulations issued in accordance with this Part, or any other white or lightly colored pesticide which the Board, after investigation of and after public hearing on the necessity for such action for the protection of the public health and the feasibility of such coloration or discoloration, shall, by regulation, require to be distinctly colored or discolored; unless it has been so colored or discolored, provided, that the Board may exempt any pesticide to the extent that it is intended for a particular use or uses from the coloring or discoloring required or authorized by this section if the Board determines that such coloring or discoloring for such use or uses is not necessary for the protection of the public health.

(5) Any pesticide which is adulterated or misbranded, (or any device which is misbranded).

(6) Any pesticide in containers violating regulations adopted pursuant to G.S. 143-441. Pesticides found in containers which are unsafe due to damage or defective construction may be seized and impounded.

(b) It shall be unlawful:

(1) For any person to detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this Part or regulations promulgated hereunder, or to add any substance to, or take any substance from a pesticide in a manner that may defeat the purpose of this Part;

(2) For any person to use for his own advantage or to reveal, other than to the Board or proper officials or employees of the State or federal government or to the courts of this State in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons, for use in the preparation of antidotes, any information relative to formulas of products acquired by authority of G.S. 143-442. (1971, c. 832, s. 1.)

§ 143-444. Determinations. — The Board is authorized:

(1) To declare as a pest any form of plant or animal life or virus which is injurious to plants, man, domestic animals, articles, or substances;

(2) To determine whether pesticides are highly toxic to man; and

(3) To determine standards of coloring or discoloring for pesticides, and to subject pesticides to the requirements of G.S. 143-443(a) (4). (1971, c. 832, s. 1.)

§ 143-445. Exemptions. — (a) The penalties provided for violations of G.S. 143-443(a) shall not apply to:

(1) Any carrier while lawfully engaged in transporting pesticides within this State, if such carrier shall, upon request, permit the Board or its designated agent to copy all records showing the transactions in and movement of the articles;

(2) Public officials of this State or local subdivisions thereof and the federal government engaged in the performance of their official duties;

(3) The manufacturer or shipper of a pesticide for experimental use only,

a. By or under the supervision of an agency of this State or of the federal government authorized by law to conduct research in the field of pesticides, or

b. By others if the pesticide is not sold and if the container thereof is plainly and conspicuously marked "For experimental use only — Not to be sold," together with the manufacturer's name and

address; (except that if a written permit has been obtained from the Board, pesticides may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit).

(b) No article shall be deemed in violation of this Part when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported, all the provisions of this Part shall apply. (1971, c. 832, s. 1.)

§ 143-446. Samples; submissions. — (a) The Board, or its agent, is authorized and directed to sample, test, inspect and make analyses of pesticides sold or offered for sale or distributed within this State, at time and place and to such an extent as it may deem necessary to determine whether such pesticides are in compliance with the provisions of this Article. The Board is authorized to adopt regulations concerning the collection and examination of samples (or devices), and to adopt regulations establishing tolerances providing for reasonable deviations from the guaranteed analysis.

(b) The official analysis shall be made from the official sample. A sealed and identified sample, herein called "official check sample" shall be kept until the analysis is completed on the official sample, except that the registrant may obtain upon request a portion of said official sample. If the official analysis conforms with the provisions of this Part, the official check sample may be destroyed. If the official analysis does not conform with the provisions of this Part, then the official check sample shall be retained for a period of 90 days from the date of the certificate of analysis of the official sample.

(c) The Board, of its own motion or upon complaint, may cause an examination to be made for the purpose of determining whether any pesticide complies with the requirements of this Part. If it shall appear from such examination that a pesticide fails to comply with the provisions of this Part, the Board may cause notice to be given to the offending person in the manner provided in G.S. 143-464, and the proceedings thereupon shall be as provided in such section; provided that pesticides may be seized and confiscated as provided in G.S. 143-447.

(d) The Board shall, by publication in such manner as it may prescribe, give notice of all judgments entered in actions instituted under the authority of this Article. (1971, c. 832, s. 1.)

§ 143-447. Emergency suspensions; seizures. — (a) Notwithstanding any other provision of this Article, the Board may, when it finds that such action is necessary to prevent an imminent hazard to the public, or any other nontarget organism or segment of the environment, by order, suspend the registration of a pesticide immediately. In such case, it shall give the registrant prompt notice of such action and afford the registrant the opportunity for an expedited hearing. Final orders of the Board under this Part shall be subject to review as provided for in G.S. 143-464. Such review shall be instituted within 30 days after receipt by the applicant for registration or registrant of the Board's order. In no event shall registration of a pesticide be construed as a defense to any charge of an offense prohibited under this Article.

(b) It shall be the duty of the Board to issue and enforce a written or printed "stop sale, stop use, or removal" order to the owner or custodian of any lot of pesticide and for the owner or custodian to hold said lot at a designated place when the Board finds said pesticide is being offered or exposed for sale in violation of any of the provisions of this Article until the law has been complied with and said pesticide is released in writing by the Board or said violation has been otherwise legally disposed of by written authority. The Board shall release the pesticide so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. The registrant of a

pesticide found deficient in active ingredients shall be subject to a penalty for the deficiency. The deficiency penalty shall be three times the percentage deficiency times the retail value as established by the consignee at the time of sampling, but not less than twenty-five dollars ($25.00).

(c) Any pesticide (or device) that is distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce between points within this State through any point outside this State shall be liable to be proceeded against in superior court in any county of the State where it may be found and seized for confiscation by process or libel for condemnation:

(1) In the case of a pesticide,
   a. If it is adulterated or misbranded,
   b. If it has not been registered under the provisions of G.S. 143-442,
   c. If it fails to bear on its label the information required by this Part,
   d. If it is a white or lightly colored pesticide and is not colored as required under this Part.

(2) In the case of a device, if it is misbranded.

(d) If the article is condemned, it shall, after entry of decree, be disposed of by destruction or sale as the court may direct and the proceeds, if such article is sold, less legal costs, shall be paid to the State Treasurer; provided that the article shall not be sold contrary to the provisions of this Part; and provided further that upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the article shall not be disposed of unlawfully, the court may direct that said article be delivered to the owner thereof for relabeling or reprocessing or disposal, as the case may be.

(e) When a decree of condemnation is entered against the article, court costs and fees and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article. (1971, c. 832, s. 1.)

Part 3. Pesticide Dealers and Manufacturers.

§ **143-448. Licensing of pesticide dealers; fees.** — (a) No person shall act in the capacity of a pesticide dealer, or shall engage or offer to engage in the business of, advertise as, or assume to act as a pesticide dealer unless he is licensed annually as provided in this Part. A separate license and fee shall be obtained for each location or outlet from which restricted-use pesticides are distributed, sold, held for sale, or offered for sale.

(b) Applications for a pesticide dealer license shall be in the form and shall contain the information prescribed by the Board. Each application shall be accompanied by a fee of twenty-five dollars ($25.00). All licenses issued under this Part shall expire on December 31 of the year for which they are issued.

(c) The license for a pesticide dealer may be renewed annually upon application to the Board, accompanied by a fee of twenty-five dollars ($25.00) for each license, on or before the first day of January of the calendar year for which the license is issued.

(d) If an application for renewal of a pesticide dealer's license is not filed on or before January 1 of any year, a penalty of twenty-five percent (25%) of the renewal fee shall be assessed and added to the fee, and shall be paid by the applicant before the renewal license is issued, but such penalty shall not apply if the applicant furnishes an affidavit that he has not distributed, sold, held for sale or offered for sale any restricted-use pesticide subsequent to the expiration of his prior license.

(e) Every licensed pesticide dealer who changes his address or place of business shall immediately notify the Board.

(f) The Board shall issue to each applicant that satisfies the requirements of this Part a license which entitles the applicant to conduct the business described in the application for the calendar year for which the license is issued, unless the license is sooner revoked or suspended. (1971, c. 832, s. 1.)

§ 143-449. Qualifications for pesticide dealer license; examinations. — (a) An applicant for a license must present evidence satisfactory to the Board concerning his qualifications for such license. The basic qualifications shall be:

(1) Two years as an employee or owner-operator in the field of pesticide sales. One or more years training in pesticides and control of pests under university or college supervision may be substituted for practical experience. Each year of such training may be substituted for one year of practical experience; or

(2) A degree from a recognized college or university with training in entomology, plant pathology, weed science or related subjects including sufficient practical experience in pesticide use under proper supervision.

(b) Each applicant shall satisfy the Board as to his responsibility in carrying on the business of a pesticide dealer. Each applicant for an original license must demonstrate upon written, or written and oral, examination to be prescribed by the Board his knowledge of pesticides, their usefulness and their hazards; his competence as a pesticide dealer; and his knowledge of the laws and regulations governing the use and sale of pesticides.

(c) The Board shall by regulation:

(1) Designate what persons or class of persons shall be required to pass the examination in the case of a pesticide dealer operating more than one location, and in the case of an applicant that is a corporation, governmental unit or agency, or other organized group;

(2) Provide for renewal license examinations at intervals not more frequent than four years. (1971, c. 832, s. 1.)

§ 143-450. Employees of pesticide dealers; dealer's responsibility. — (a) Every licensed pesticide dealer shall submit to the Board with each application for an original or renewal license, and at such other times as the Board may prescribe, the names of all persons employed by him who sell or recommend "restricted-use pesticides."

(b) Each pesticide dealer shall be responsible for the actions of every person who acts as his employee or agent in the solicitation or sale of pesticides, and in all claims and recommendations for use or application of pesticides. (1971, c. 832, s. 1.)

§ 143-451. Denial, suspension, revocation of license. — (a) The Board may suspend for not longer than 10 days, pending inquiry, and, after opportunity for a hearing, the Board may deny, suspend, revoke, or modify the provision of any license issued under this Part, if it finds that the applicant or licensee or his employee has committed any of the following acts, each of which is declared to be a violation of this Part:

(1) Made false or fraudulent claims through any media, misrepresenting the effect of materials or methods to be utilized or sold;

(2) Made a pesticide recommendation not in accordance with the label registered pursuant to this Article;

(3) Violated any provision of this Article or of any rule or regulation adopted by the Board or of any lawful order of the Board;

(4) Failed to pay the original or renewal license fee when due, and continued to sell restricted-use pesticides without paying the license fee, or sold restricted-use pesticides without a license;

(5) Was guilty of gross negligence, incompetency or misconduct in acting as a pesticide dealer;

(6) Refused or neglected to keep and maintain the records required by this Article, or to make reports when and as required, or refusing to make these records available for audit or inspection;

(7) Made false or fraudulent records, invoices, or reports;

(8) Used fraud or misrepresentation in making an application for a license

or renewal of a license, or in selling or offering to sell restricted-use pesticides;

(9) Refused or neglected to comply with any limitations or restrictions on or in a duly issued license or permit;

(10) Aided or abetted a licensed or an unlicensed person to evade the provisions of this Article, combined or conspired with such a licensed or unlicensed person to evade the provisions of this Article, or allowed one's license to be used by an unlicensed person;

(11) Impersonated any state, county, or city inspector or official;

(12) Stored or disposed of containers or pesticides by means other than those prescribed on the label or adopted regulations.

(b) Any licensee whose license is revoked under the provisions of this Article shall not be eligible to apply for a new license hereunder until such time has elapsed from the date of the order revoking said license as established by the Board (not to exceed two years), or if an appeal is taken from said order or revocation, not to exceed two years from the date of the order or final judgment sustaining said revocation. (1971, c. 832, s. 1.)

Part 4. Pesticide Applicators and Consultants.

§ 143-452. Licensing of pesticide applicators; fees. — (a) No person shall engage in the business of pesticide applicator within this State at any time unless he is licensed annually as a pesticide applicator by the Board.

(b) Applications for a pesticide applicator license shall be in the form and shall contain the information prescribed by the Board. Each application shall be accompanied by a fee of twenty-five dollars ($25.00) for each pesticide applicator's license. In addition, an annual inspection fee of ten dollars ($10.00) shall be submitted for each aircraft to be licensed. Should any aircraft fail to pass inspection, making it necessary for a second inspection to be made, the Board shall require an additional ten dollar ($10.00) inspection fee. In addition to the required inspection, unannounced inspections may be made without charge to determine if equipment is properly calibrated and maintained in conformance with the laws and regulations. All aircraft licensed to apply pesticides shall be identified by a license plate or decal furnished by the Board at no cost to the licensee, which plate or decal shall be affixed on the aircraft in a location and manner prescribed by the Board. No applicator inspection or license fee, original or renewal, shall be charged to State agencies or local governments or their employees. Inspections of ground pesticide application equipment may be made. Any such equipment determined to be faulty or unsafe shall not be used for the purpose of applying a pesticide(s) until such time as proper repairs and/or alterations are made.

(c) If the application for renewal of any license provided for in this Part is not filed prior to January 1 in any year, a penalty fee of twenty-five percent (25%) shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued.

(d) The Board shall classify licenses to be issued under this Part. Separate classifications or subclassifications shall be specified for (i) ground and aerial methods of application, and (ii) State and local government units engaged in the control of rodents and insects of public health significance. The Board may include such further classifications and subclassifications as the Board considers appropriate, including provisions for licensing of apprentice pesticide applicators. For aerial applicators, a license shall be required for both the contractor and the pilot. Each classification and subclassification may be subject to separate testing procedures and requirements.

(e) Every licensed pesticide applicator who changes his address shall immediately notify the Board.

(f) If the Board finds the applicant qualified to apply pesticides in the classifications he has applied for and, if the applicant files the bond or

insurance required under G.S. 143-467, and if the applicant applying for a license to engage in aerial application of pesticides has met all of the requirements of the Federal Aviation Agency to operate the equipment described in the application, the Board shall issue a pesticide applicator's license limited to the classifications for which he is qualified. Every such license shall expire at the end of the calendar year of issue unless it has been revoked or suspended prior thereto by the Board for cause, or unless such financial security required under G.S. 143-467 is dated to expire at an earlier date, in which case said license shall be dated to expire upon expiration date of said financial security. The license may restrict the applicant to the use of a certain type or types of equipment or pesticides or to certain areas if the Board finds that the applicant is qualified to use only such type or types. If a license is not issued as applied for, the Board shall inform the applicant in writing of the reasons therefor.

(g) A pesticide applicator's license shall not be transferable. When there is a transfer of ownership, management, or operation of a business of a licensee hereunder, the new owner, manager, or operator (as the case may be) whether it be an individual, firm, partnership, corporation, or other entity, shall have 90 days from such sale or transfer, or until the next meeting of the Board following the expiration of said 90-day period, to have a qualified licensee to operate said business.

Editor's Note. — The 1973 amendment, in subsection (b), rewrote the former second sentence as the present second and third sentences, deleting, at the end of the present third sentence, a provision for a fee for each piece of ground equipment to be licensed, substituted "aircraft" for "equipment" and "additional ten dollar ($10.00) inspection fee" for "added inspection fee in the same amount as the original fee" in the fourth sentence, substituted "aircraft licensed to apply pesticides" for "licensed equipment" and inserted "on the aircraft" and deleted "upon such equipment" preceding "as prescribed" in the sixth sentence and added the eighth and ninth sentences. The amendment also rewrote subsection (d).

Denial, suspension, revocation of license. — (a) The Board may suspend for not longer than 10 days pending inquiry by the Commissioner, and, after opportunity for a hearing, the Board may deny, suspend, revoke, or modify the provisions of any license issued under this Part, if it finds that the applicant or licensee or his registered employee has committed any of the following acts, each of which is declared to be a violation of this Part:

(1971, c. 832, s. 1.)

§ 143-457. Damaged person must file report of loss; contents; time for filing; effect of failure to file. — (a) Any person claiming damages from pesticide application shall have filed with the Board a written statement claiming that he has been damaged, on a form prescribed by the Board within 21 days after the date that damages are apparent, or prior to the time that twenty-five percent (25%) of a crop damaged shall have been harvested. However, if the person failing to file such a report is the only one injured from such use or application of a pesticide by others, the Board may, when in the public interest, refuse to hold a hearing for the denial, suspension, or revocation of a license or permit issued under this Article until such report is filed. Where damage is alleged to have been done, the claimant shall permit the licensee and his representatives, such as bondsman or insurer, to observe within reasonable hours the lands or nontarget organism alleged to have been damaged in order that such damage may be examined. Failure of the claimant to permit such observation and examination of the damaged lands shall automatically bar the claim against the licensee. (1971, c. 832, s. 1.)

§ **143-459. Reporting of shipments and volumes of pesticides.** — Every person selling pesticides directly to the consumer shall file with the Board, in such manner and with such frequency as the Board may prescribe, reports of purchases, sales and shipments of restricted-use pesticides and other pesticides designated by the Board. Failure to file any report when due shall be cause for suspension or revocation of any license or registration issued under this Article, or for denial of the issuance or renewal of any such license or registration, and shall be a misdemeanor, punishable as provided by G.S. 143-469. The time for reporting may be extended for an additional 15 days for cause, upon written request to the Board. All reports provided under this Part are provided solely for the purposes of the Board. inventories or equipment in the hands of persons licensed under this Article, should be given a future effective date so as to minimize undue potential economic loss to licensees;

(2) To authorize the Commissioner by proclamation (i) to suspend or implement, in whole or in part, particular regulations of the Board which may be affected by variable conditions, or (ii) to suspend the application of any provision of this Part to any federal or State agency if it is determined by the Commissioner that emergency conditions require such action.

Upon violation of any of the provisions of this Article, or of any regulation of the Board adopted under the authority of this Article the Board may, either before or after the institution of any other proceedings (civil or criminal), institute a civil action in the superior court in the name of the State for injunctive relief to restrain the violation and for such other or further relief in the premises as said court shall deem proper. (b) The following provisions shall apply to the public hearings required by subsection (a) of this section:

(1) Notice of any such hearing shall be given not less than 20 days before the date of such hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action which the Board proposes to take. The notice shall either include details of such proposed action, or where such proposed action is too lengthy for publication, as hereinafter provided for, the notice shall specify that copies of such detailed proposed action can be obtained on request from the office of the Board in sufficient quantity to satisfy the requests of all interested persons.

It shall be the duty of the Board to keep such a mailing list on which it shall record the name and address of each person who requests listing thereon, together with the date of receipt of such request. Any person may, by written request to the Board, ask to be permanently recorded on such mailing list.

(b) All notices which are required to be given by the Board or by any party

to a proceeding shall be given by regular mail to all persons entitled thereto, including the Board. The certificate of the person designated by the Board to mail such notices that the notices were mailed, giving the mailing date, shall be conclusive in the absence of fraud. Notice by the Board may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the superior courts of this State. Any notice shall be sufficient if it reasonably sets forth the action requested or demanded or gives information as to action taken. The Board by its rules of procedure may prescribe other necessary practices and procedures with regard to the form, content and procedure as to any particular notices.

(c) The following provisions, together with any additional provisions not inconsistent herewith which the Board may prescribe, shall be applicable in connection with hearings pursuant to this Article, except where other provisions are applicable in connection with specific types of hearings:

(3) A full and complete record of all proceedings at any hearing shall be taken by a reporter appointed by the Board or by some other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Board.

(9) Following any hearing, the Board shall afford the parties thereto a reasonable opportunity to submit within such time as prescribed by the Board proposed findings of fact and conclusions of law and any brief in connection therewith. The record in the proceeding shall show the Board's ruling with respect to each such requested finding of fact and conclusion of law.

(10) All orders and decisions of the Board shall set forth separately the Board's findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Board is based.

(11) The Board shall have the authority to adopt a seal which shall be the seal of said Board and which shall be judicially noticed by the courts of the State. § 143-465. Reciprocity; intergovernmental cooperation. — (a) The Board may issue any license required by this Article on a reciprocal basis with other states without examination to a nonresident who is licensed in another state substantially in accordance with any of the provisions of the Article, provided that financial security as provided for in G.S. 143-467 is met.

(b) The Board may cooperate or enter into formal agreements with any other agency of this State or its subdivisions or with any agency of any other state or of the federal government for the purpose of enforcing any of the provisions of this Article.

(c) In order to avoid confusion resulting from diverse requirements and to avoid increased costs to the people of this State due to the necessity of complying with such diverse requirements in the manufacture and sale of such pesticides, it is desirable that there should be uniformity between the requirements of the several states and the federal government relating to such pesticides. To this end the Board is authorized, after public hearing, to adopt by regulation such regulations, applicable to and in conformity with the primary standards established by this Article, as have been or may be prescribed with respect to pesticides by departments or agencies of the United States government. (1971, c. 832, s. 1.)

§ 143-466. Records; information; inspection; enforcement. — (a) The Board shall require licensees to maintain records with respect to the sale and application of such pesticides as it may from time to time prescribe. Such relevant information as the Board may deem necessary may be specified by regulation. Such records shall be kept for a period of three years from the date of the application of the pesticide to which such records refer, and shall be available for inspection by the Board or its agents at its request.

(b) The Board may publish information regarding injury which may result from improper application or use of pesticides and the methods and precautions designed to prevent such injury.

(c) The Board may provide for inspection of any equipment used for application of pesticides and may require repairs or other changes before its further use for pesticide application. A list of requirements that equipment shall meet may be adopted by the Board by regulation.

(d) The Board may provide for inspection of any place of business where

pesticides are stored or sold and may require changes in methods of handling, displaying and storing of all pesticides. A list of requirements that places of business must meet may be adopted by regulation of the Board.

(e) For the purpose of carrying out the provisions of this Article, inspectors designated by the Board may enter upon any public or private premises at reasonable times, in order:

(1) To have access for the purpose of inspecting the premises and any equipment subject to this Article and such premises on which such equipment is kept or stored;

(2) To inspect lands actually or reported to be exposed to pesticides;

(3) To inspect storage or disposal areas;

(4) To inspect or investigate complaints of injury to humans, land or plants; or

(5) To sample pesticides being applied, or to be applied.

No person shall refuse entry or access to any authorized representative of the Board who requests entry for purposes of inspection, and who presents appropriate credentials, nor shall any person obstruct, hamper or interfere with any such representative while in the process of carrying out his official duties. Should the Board or its designated agent be denied access to any land where such access was sought for the purposes set forth in this Article, the Board may apply to any court of competent jurisdiction for a search warrant authorizing access to such land for said purposes. The court may upon such application issue the search warrant for the purposes requested. (1971, c. 832, s. 1.)

§ 143-467. Financial responsibility. — (a) The Board may require from a licensee or an applicant for a license under this Article evidence of his financial ability to properly indemnify persons suffering damage from the use or application of pesticides, in the form of a surety bond, liability insurance or cash deposit. The amount of this bond, insurance or deposit shall be determined by the Board, in light of the risk of damage. The indemnification requirements may extend to damage to persons and property from equipment used (including aircraft).

(b) The Board may also require a reasonable performance bond with satisfactory surety to secure the performance of contractual obligations of the licensee, with respect to application of pesticides. Any person injured by the breach of any such obligation or any person damaged by pesticides or by equipment used in their application shall be entitled to sue on the bond in his own name in any court of competent jurisdiction to recover the damages he may have sustained.

(c) Any regulations adopted by the Board pursuant to G.S. 143-461 to implement this section may provide for such conditions, limitations and requirements concerning the financial responsibility required by this section as the Board deems necessary, including but not limited to notice of reduction or cancellation of coverage, deductible provisions, and acceptability of surety. Such regulations may classify financial responsibility requirements according to the separate license classifications and subclassifications prescribed by the Board pursuant to G.S. 143-452 and the dealer category (Part 3 of this Article). (1971, c. 832, s. 1.)

§ 143-468. Disposition of fees. — All fees and charges received by the Board under this Article shall be deposited in the Department of Agriculture General Fund Budget for the purpose of administration and enforcement of this Article, with proper approved accounting procedures accounting for all expenditures and receipts. (1971, c. 832, s. 1.)

§ 143-469. Penalties. — Any person who shall be adjudged to have violated any provision of this Article, or any regulation of the Board adopted pursuant to this Article, shall be guilty of a misdemeanor, and for each violation shall be

liable for a penalty of not less than one hundred ($100.00) nor more than one thousand dollars ($1,000) or shall be imprisoned for not more than 60 days, or both. In addition, if any person continues to violate or further violates any provision of this Article after written notice from the Board, the court may determine that each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties. (1971, c. 832, s. 1.)

§ 143-470. Provisional or interim licenses. — The Board is hereby authorized to adopt regulations providing for the issuance of interim or provisional licenses to any or all categories of licensees under this Article. Such regulations, among other things, may waive any particular license requirements, may reduce any license qualification or requirement, and may provide for the phasing of the effectuation of any license requirement. No interim or provisional license issued pursuant to this section shall have an expiration date later than December 31, 1973. (1971, c. 832, s. 1.)

(1971, c. 922; 1973, cc. 588, 656.)

Editor's Note. — The first 1973 amendment added subsection (d).

The second 1973 amendment added subsection (c).

§ 143-475.1. State Drug Education Program. — (a) Pursuant to G.S. 90-113.4, G.S. 143-473 and this section, the North Carolina Drug Authority shall establish a State Drug Education Program. This program shall consist of the following:

(e) Prior to the expenditure of the funds for any program authorized by this section, the North Carolina Drug Authority shall approve said program and

insure that said program and services funded are consonant with the North Carolina State Plan for Drug Abuse Prevention. Any deviation by a contractee of the Drug Authority from the program approved by the Authority shall be grounds for termination of the contract and renovation of funding. (1973, c. 587, ss. 1-5.)

Editor's Note. — The reference to § 90-113.4 in the first sentence of this section should be to § 90-113.3.

The Southern Growth Policies Agreement.

§ 143-490. Compact enacted into law. — The Southern Growth Policies Agreement is hereby enacted into law and entered into by this State with all other states legally joining therein in the form substantially as follows. (1973, c. 200, s. 1.)

§ 143-491. Article I. Findings and Purposes. — (a) The party states find that the South has a sense of community based on common social, cultural and economic needs and fostered by a regional tradition. There are vast potentialities for mutual improvement of each state in the region by cooperative planning for the development, conservation and efficient utilization of human and natural resources in a geographic area large enough to afford a high degree of flexibility in identifying and taking maximum advantage of opportunities for healthy and beneficial growth. The independence of each state and the special needs of subregions are recognized and are to be safeguarded. Accordingly, the cooperation resulting from this Agreement is intended to assist the states in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional influences in planning and implementing their public policies.

(b) The purposes of this Agreement are to provide:
(1) Improved facilities and procedures for study, analysis and planning of governmental policies, programs and activities of regional significance.
(2) Assistance in the prevention of interstate conflicts and the promotion of regional cooperation.
(3) Mechanisms for the coordination of state and local interests on a regional basis.
(4) An agency to assist the states in accomplishing the foregoing. (1973, c. 200, s. 1.)

§ 143-492. Article II. The Board. — (a) There is hereby created the Southern Growth Policies Board, hereinafter called "the Board."

(b) The Board shall consist of five members from each party state, as follows:
(1) The governor.
(2) Two members of the state legislature, one appointed by the presiding officer of each house of the legislature or in such other manner as the legislature may provide.
(3) Two residents of the state who shall be appointed by the governor to serve at his pleasure.

(c) In making appointments pursuant to paragraph (b) (3), a governor shall, to the greatest extent practicable, select persons who, along with the other

members serving pursuant to paragraph (b), will make the state's representation on the Board broadly representative of the several socioeconomic elements within his state.

(d) (1) A governor may be represented by an alternate with power to act in his place and stead, if notice of the designation of such alternate is given to the Board in such manner as its bylaws may provide.

(2) A legislative member of the Board may be represented by an alternate with power to act in his place and stead, unless the laws of his state prohibit such representation and if notice of the designation of such alternate is given to the Board in such manner as its bylaws may provide. An alternate for a legislative member of the Board shall be selected by the member from among the members of the legislative house in which he serves.

(3) A member of the Board serving pursuant to paragraph (b) (3) of this Article may be represented by another resident of his state who may participate in his place and stead, except that he shall not vote: Provided that notice of the identity and designation of the representative selected by the member is given to the Board in such manner as its bylaws may provide. (1973, c. 200, s. 1.)

§ 143-493. Article III. Powers. — (a) The Board shall prepare and keep current a statement of regional objectives, including recommended approaches to regional problems. The statement may also identify projects deemed by the Board to be of regional significance. The statement shall be available in its initial form two years from the effective date of this Agreement and shall be amended or revised no less frequently than once every six years. The statement shall be in such detail as the Board may prescribe. Amendments, revisions, supplements or evaluations may be transmitted at any time. An annual commentary on the statement shall be submitted at a regular time to be determined by the Board.

(b) In addition to powers conferred on the Board elsewhere in this Agreement, the Board shall have the power to make or commission studies, investigations and recommendations with respect to:

(1) The planning and programming of projects of interstate or regional significance.

(2) Planning and scheduling of governmental services and programs which would be of assistance to the orderly growth and prosperity of the region, and to the well-being of its population.

(3) Effective utilization of such federal assistance as may be available on a regional basis or as may have an interstate or regional impact.

(4) Measures for influencing population distribution, land use, development of new communities and redevelopment of existing ones.

(5) Transportation patterns and systems of interstate and regional significance.

(6) Improved utilization of human and natural resources for the advancement of the region as a whole.

(7) Any other matters of a planning, data collection or informational character that the Board may determine to be of value to the party states. (1973, c. 200, s. 1.)

§ 143-494. Article IV. Avoidance of Duplication. — (a) To avoid duplication of effort and in the interest of economy, the Board shall make use of existing studies, surveys, plans and data and other materials in the possession of the governmental agencies of the party states and their respective subdivisions or in the possession of other interstate agencies. Each such agency, within available appropriations and if not expressly prevented or limited by law, is hereby authorized to make such materials available to the Board and to otherwise assist it in the performance of its functions. At the

request of the Board, each such agency is further authorized to provide information regarding plans and programs affecting the region, or any subarea thereof, so that the Board may have available to it current information with respect thereto.

(b) The Board shall use qualified public and private agencies to make investigations and conduct research, but if it is unable to secure the undertaking of such investigations or original research by a qualified public or private agency, it shall have the power to make its own investigations and conduct its own research. The Board may make contracts with any public or private agencies or private persons or entities for the undertaking of such investigations or original research within its purview.

(c) In general, the policy of paragraph (b) of this Article shall apply to the activities of the Board relating to its statement of regional objectives, but nothing herein shall be construed to require the Board to rely on the services of other persons or agencies in developing the statement of regional objectives or any amendment, supplement or revision thereof. (1973, c. 200, s. 1.)

§ 143-495. Article V. Advisory Committees. — The Board shall establish a Local Governments Advisory Committee. In addition, the Board may establish advisory committees representative of subregions of the South, civic and community interests, industry, agriculture, labor or other categories or any combinations thereof. Unless the laws of a party state contain a contrary requirement, any public official of the party state or a subdivision thereof may serve on an advisory committee established pursuant hereto and such service may be considered as a duty of his regular office or employment. (1973, c. 200, s. 1.)

§ 143-496. Article VI. Internal Management of the Board. — (a) The members of the Board shall be entitled to one vote each. No action of the Board shall be binding unless taken at a meeting at which a majority of the total number of votes on the Board are cast in favor thereof. Action of the Board shall be only at a meeting at which a majority of the members or their alternates are present. The Board shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Board may delegate the exercise of any of its powers relating to internal administration and management to an Executive Committee or the Executive Director. In no event shall any such delegation include final approval of:

(1) A budget or appropriation request.

(2) The statement of regional objectives or any amendment, supplement or revision thereof.

(3) Official comments on or recommendations with respect to projects of interstate or regional significance.

(4) The annual report.

(b) To assist in the expeditious conduct of its business when the full Board is not meeting, the Board shall elect an Executive Committee of not to exceed 17 members, including at least one member from each party state. The Executive Committee, subject to the provisions of this Agreement and consistent with the policies of the Board, shall be constituted and function as provided in the bylaws of the Board. One half of the membership of the Executive Committee shall consist of governors, and the remainder shall consist of other members of the Board, except that at any time when there is an odd number of members on the Executive Committee, the number of governors shall be one less than half of the total membership. The members of the Executive Committee shall serve for terms of two years, except that members elected to the first Executive Committee shall be elected as follows: One less than half of the membership for two years and the remainder for one year. The Chairman, Chairman-Elect, Vice-Chairman and Treasurer of the Board shall be members of the Executive Committee and anything in this paragraph to the contrary notwithstanding shall serve during their continuance in these offices. Vacancies in the Executive

Committee shall not affect its authority to act, but the Board at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term.

(c) The Board shall have a seal.

(d) The Board shall elect, from among its members, a Chairman, a Chairman-Elect, a Vice-Chairman and a Treasurer. Elections shall be annual. The Chairman-Elect shall succeed to the office of Chairman for the year following his service as Chairman-Elect. For purposes of the election and service of officers of the Board, the year shall be deemed to commence at the conclusion of the annual meeting of the Board and terminate at the conclusion of the next annual meeting thereof. The Board shall provide for the appointment of an Executive Director. Such Executive Director shall serve at the pleasure of the Board, and together with the Treasurer and such other personnel as the Board may deem appropriate shall be bonded in such amounts as the Board shall determine. The Executive Director shall be Secretary.

(e) The Executive Director, subject to the policy set forth in this Agreement and any applicable directions given by the Board, may make contracts on behalf of the Board.

(f) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director, subject to the approval of the Board, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Board, and shall fix the duties and compensation of such personnel. The Board in its bylaws shall provide for the personnel policies and programs of the Board.

(g) The Board may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(h) The Board may accept for any of its purposes and functions under this Agreement any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Board pursuant to this paragraph or services borrowed pursuant to paragraph (g) of this Article shall be reported in the annual report of the Board. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(i) The Board may establish and maintain such facilities as may be necessary for the transacting of its business. The Board may acquire, hold, and convey real and personal property and any interest therein.

(j) The Board shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Board shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(k) The Board annually shall make to the governor and legislature of each party state a report covering the activities of the Board for the preceding year. The Board at any time may make such additional reports and transmit such studies as it may deem desirable.

Each of the Board's budgets of estimated expenditures shall contain

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. Such apportionment shall be in accordance with the following formula:

(1) One third in equal shares,

(2) One third in the proportion that the population of a party state bears to the population of all party states, and

(3) One third in the proportion that the per capita income in a party state bears to the per capita income in all party states.

In implementing this formula, the Board shall employ the most recent authoritative sources of information and shall specify the sources used.

(c) The Board shall not pledge the credit of any party state. The Board may meet any of its obligations in whole or in part with funds available to it pursuant to Article VI(h) of this Agreement, provided that the Board takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Board makes use of funds available to it pursuant to Article VI(h), or borrows pursuant to this paragraph, the Board shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same. The Board may borrow against anticipated revenues for terms not to exceed two years, but in any such event the credit pledged shall be that of the Board and not of a party state.

(d) The Board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Board shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Board shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Board.

(e) The accounts of the Board shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Board.

§ 143-498. Article VIII. Cooperation with the Federal Government and Other Governmental Entities. — Each party state is hereby authorized to participate in cooperative or joint planning undertakings with the federal government, and any appropriate agency or agencies thereof, or with any interstate agency or agencies. Such participation shall be at the instance of the governor or in such manner as state law may provide or authorize. The Board may facilitate the work of state representatives in any joint interstate or cooperative federal-state undertaking authorized by this Article, and each such state shall keep the Board advised of its activities in respect of such undertakings, to the extent that they have interstate or regional significance. (1973, c. 200, s. 1.)

§ 143-499. Article IX. Subregional Activities. — The Board may undertake studies or investigations centering on the problems of one or more selected subareas within the region: Provided that in its judgment, such studies or investigations will have value as demonstrations for similar or other areas within the region. If a study or investigation that would be of primary benefit to a given state, unit of local government, or intrastate or interstate area is proposed, and if the Board finds that it is not justified in undertaking the work for its regional value as a demonstration, the Board may undertake the study or investigation as a special project. In any such event, it shall be a condition precedent that satisfactory financing and personnel arrangements be concluded to assure that the party or parties benefited bear all costs which the

Board determines that it would be inequitable for it to assume. Prior to undertaking any study or investigation pursuant to this Article as a special project, the Board shall make reasonable efforts to secure the undertaking of the work by another responsible public or private entity in accordance with the policy set forth in Article IV(b). (1973, c. 200, s. 1.)

§ 143-500. Article X. Comprehensive Land Use Planning. — If any two or more contiguous party states desire to prepare a single or consolidated comprehensive land use plan, or a land use plan for any interstate area lying partly within each such state, the governors of the states involved may designate the Board as their joint agency for the purpose. The Board shall accept such designation and carry out such responsibility: Provided that the states involved make arrangements satisfactory to the Board to reimburse it or otherwise provide the resources with which the land use plan is to be prepared. Nothing contained in this Article shall be construed to deny the availability for use in the preparation of any such plan of data and information already in the possession of the Board or to require payment on account of the use thereof in addition to payments otherwise required to be made pursuant to other provisions of this Agreement. (1973, c. 200, s. 1.)

(b) Any eligible state may enter into this Agreement and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least five states shall be required.

(c) Adoption of the Agreement may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until December 31, 1973. During any period when a state is participating in this Agreement through gubernatorial action, the governor may provide to the Board an equitable share of the financial support of the Board from any source available to him. Nothing in this paragraph shall be construed to require a governor to take action contrary to the constitution or laws of his state.

(d) Except for a withdrawal effective on December 31, 1973, in accordance with paragraph (c) of this Article, any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal. (1973, c. 200, s. 1.)

§ 143-503. Article XIII. Construction and Severability. — This Agreement shall be liberally construed so as to effectuate the purposes thereof.

The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. (1973, c. 200, s. 3.)

§ 143-506. Rights of State and local governments not restricted. — No section, Article, or provision contained herein shall be construed so as to prohibit, restrict or restrain the actions of any individual member state or the actions of any county or municipal government within the boundaries of any individual member state nor shall any delegate from the State of North Carolina be authorized by this General Assembly to cast any vote that would in any manner restrict the sovereign rights presently granted to or retained by this State under the United States Constitution, or the rights of any local governments granted by the Constitution of the State of North Carolina or by statutory acts of the General Assembly. SUBCHAPTER I. UNALLOCATED STATE LANDS.

ARTICLE 1.

General Provisions.

§ 146-1. Intent of Subchapter.—It is the purpose and intent of this

Subchapter to vest in the Department of Administration, subject to rules and regulations adopted by the Governor and approved by the Council of State as hereinafter provided, responsibility for the management, control and disposition of all vacant and unappropriated lands, swamplands, lands acquired by the State by virtue of being sold for taxes, and submerged lands, title to which is vested in the State or in any State agency, to be exercised subject to the provisions of this Subchapter. (1959, c. 683, s. 1.)

Editor's Note.—For article on "Estuarine Land of North Carolina: Legal Aspect of Ownership, Use and Control," see 46 N.C.L. Rev. 779 (1968).

§ 146-2. Department of Administration given control of certain State lands; general powers. — The power to manage, control, and dispose of the vacant and unappropriated lands, swamplands, lands acquired by the State by virtue of being sold for taxes, and submerged lands is hereby vested in the Department of Administration, subject to rules and regulations adopted by the Governor and approved by the Council of State, and subject to the provisions of this subchapter. The Department of Administration shall have the following general powers and duties with respect to those lands:

(1) To take such measures as it deems necessary to establish, protect, preserve, and enhance the interest of the State in those lands, and to call upon the Attorney General for legal assistance in performing this duty.

(2) Subject to the approval of the Governor and Council of State, to adopt such rules and regulations at it may deem necessary to carry out its duties under the provisions of this Subchapter. (1959, c. 683, s. 1.)

Article 2.

Dispositions.

§ 146-3. What lands may be sold. — Any State lands may be disposed of by the State in the manner prescribed in this Chapter, with the following exceptions:

(1) No submerged lands may be conveyed in fee, but easements therein may be granted, as provided in this Subchapter.

(2) No natural lake belonging to the State or to any State agency on January 1, 1959, and having an area of 50 acres or more, may be in any manner disposed of, but all such lakes shall be retained by the State for the use and benefit of all the people of the State and administered as provided for other recreational areas owned by the State. (1854-5, c. 21; R.C., c. 42, s. 1; Code, s. 2751; Rev., s. 1693; 1911, c. 8; C. S., ss. 7540, 7544; 1929, c. 165; G. S., ss. 146-1, 146-7, 146-12; 1959, c. 683, s. 1.)

Editor's Note. — For note on defining navigable waters and the application of the public trust doctrine on North Carolina, see 49 N.C.L. Rev. 888 (1971).

Ownership of Foreshore Remains in State. —There is nothing in this section or § 146-64 to change the general rule that ownership of the foreshore remains in the State. On the contrary, it is noteworthy that a special class was created for the protection of the foreshore and the marginal seas. Therefore littoral rights do not include ownership of the foreshore. Carolina Beach Fishing Pier, Inc. v. Town of Carolina Beach, 277 N.C. 297, 177 S.E.2d 513 (1970).

Local Act Controlling over Inconsistent Provision of Subdivision (1). — Session Laws 1963, c. 511, which granted the town of Carolina Beach title in reclaimed seashore lands down to the low watermark controls over an inconsistent provision in subdivision (1) of this section which provides that State land under navigable waters cannot be conveyed in fee. Carolina Beach Fishing Pier, Inc. v. Town of Carolina Beach, 277 N.C. 297, 177 S.E.2d 513 (1970).

Stated in Capune v. Robbins, 273 N.C. 581, 160 S.E.2d 881 (1968).

§ 146-4. Sales of certain lands; procedure; deeds; disposition of proceeds. — The Department of Administration may sell the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, at public or private sale, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every deed conveying any part of those lands in fee shall be executed in the manner required by G.S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein required. The net proceeds of all such sales of those lands shall be paid into the State Literary Fund. Whenever negotiations are begun by the Department for the purpose of selling swamp-land or the timber thereon, the Department shall promptly notify the State Board of Education of that fact. If the Board deems the proposed sale inadvisable, it may so inform the Governor and Council of State, who may give due consideration to the representations of the Board in determining whether to approve or disapprove the proposed transaction. (R. C., c. 66, s. 12; 1872-3, c. 194, s. 2; Code, ss. 2514, 2515, 2529; 1889, c. 243, s. 4; Rev., s. 4049; C. S., s. 7621; G. S., s. 146-94; 1959, c. 683, s. 1.)

§ 146-5. Reservation to the State. — In any sale of the vacant and unappropriated lands or swamplands by the State, the following powers may be expressly reserved to the State, to be exercised according to law:

(1) The State may make any reasonable and expedient regulations respecting the repair of the canals which have been cut by the State, or the enlargement of such canals.

(2) The State may impose taxes on the lands benefited by those canals for their repair, and they shall not be closed.

(3) The navigation of the canals shall be free to all persons, subject to a right in the State to impose tolls.

(4) All landowners on the canals may drain into them, subject only to such general regulations as now are or hereafter may be made by law in such cases.

(5) The roads along the banks of the canals shall be public roads. (1872-3, c. 118; Code, s. 2534; Rev., s. 4050; C. S., s. 7622; G. S., s. 146-95; 1959, c. 683, s. 1.)

§ 146-6. Title to land raised from navigable water.—(a) If any land is, by any process of nature or as a result of the erection of any pier, jetty or breakwater, raised above the high watermark of any navigable water, title thereto shall vest in the owner of that land which, immediately prior to the raising of the land in question, directly adjoined the navigable water. The tract, title to which is thus vested in a riparian owner, shall include only the front of his formerly riparian tract and shall be confined within extensions of his property lines, which extensions shall be perpendicular to the channel, or main watercourses.

(b) If any land is, by act of man, raised above the high watermark of any navigable water by filling, except such filling be to reclaim lands theretofore lost to the owner by natural causes or as otherwise provided under the proviso of subsection (d), title thereto shall vest in the State and the land so raised shall become a part of the vacant and unappropriated lands of the State, unless the Governor and Council of State shall have previously approved, in the manner provided in subsection (c) of this section, the commission of the act which caused the raising of the land in question.

(c) If any owner of land adjoining any navigable water desires to fill in the area immediately in front of his land, he may apply to the Department of Administration for an easement to make such fill. The applicant shall deliver to each owner of riparian property adjoining that of the applicant, a copy of the

application filed with the Department of Administration, and each such riparian owner shall have 30 days from the date of such service to file with the Department of Administration written objections to the granting of the proposed easement. If the Department of Administration finds that the proposed fill will not impede navigation or otherwise interfere with the use of the navigable water by the public or injure any adjoining riparian owner, it shall issue to such applicant an easement to fill and shall fix the consideration to be paid for the easement, subject to the approval of the Governor and Council of State in each instance. The granting by the State of the permit or easement so to fill shall be deemed conclusive evidence and proof that the applicant has complied with all requisite conditions precedent to the issuance of such permit or easement, and his right shall not thereafter be subject to challenge by reason of any alleged omission on his part. None of the provisions of this section shall relieve any riparian owner of the requirements imposed by the applicable laws and regulations of the United States. Upon completion of such filling, the Governor and Council of State may, upon request, direct the execution of a quitclaim deed therefor to the owner to whom the easement was granted, conveying the land so raised, upon such terms as are deemed proper by the Department and approved by the Governor and Council of State.

(d) If an island is, by any process of nature or by act of man, formed in any navigable water, title to such island shall vest in the State and the island shall become a part of the vacant and unappropriated lands of the State. Provided, however, that if in any process of dredging, by either the State or federal government, for the purpose of deepening any harbor or inland waterway, or clearing out or creating the same, a deposit of the excavated material is made upon the lands of any owner, and title to which at the time is not vested in either the State or federal government, or any other person, whether such excavation be deposited with or without the approval of the owner or owners of such lands, all such additions to lands shall accrue to the use and benefit of the owner or owners of the land or lands on which such deposit shall have been made, and such owner or owners shall be deemed vested in fee simple with the title to the same.

(e) The Governor and Council of State may, upon proof satisfactory to them that any land has been raised above the high watermark of any navigable water by any process of nature or by the erection of any pier, jetty or breakwater, and that this, or any other provision of this section vests title in the riparian owner thereof, whenever it may be necessary to do so in order to establish clear title to such land in the riparian owner, direct execution of a quitclaim deed thereto, conveying to such owner all of the State's right, title, and interest in such raised land. (1959, c. 683, s. 1.)

Applied in Carolina Beach Fishing Pier, Inc. v. Town of Carolina Beach, 277 N.C. 297, 177 S.E.2d 513 (1970).

§ 146-6.1. Protection of marshes and tidelands.—(a) Any person, firm, or corporation owning, leasing, or otherwise being in possession of power-operated earth moving equipment operating or to be operated in or on publicly owned tidelands, publicly owned beaches, publicly owned marshlands, or navigable waters within the State shall register the same with the Department of Water Resources on or before October 1, 1967. Registration as herein provided shall also be required for power-operated equipment used in projects of hauling and placing materials of any sort in areas below the mean high tide. As used herein, the term power-operated earth-moving equipment shall include, but not be limited to, dredges, draglines, bulldozers, motor graders, trucks and like equipment. Unregistered equipment may be used to supplement registered equipment in construction of approved projects.

(b) A registration number shall be assigned to each machine registered,

which number shall be displayed in letters not less than six inches high on the top and side of each machine.

(c) Registration of equipment as provided herein shall be renewed annually. A fee of three dollars ($3.00) shall be charged for the registration of each machine, and a fee of three dollars ($3.00) shall be charged for each annual renewal. Revenue from registration fees shall be applied to the cost of administering this section, including, but not limited to, the employment of personnel and the purchase and operation of equipment and supplies.

(d) Any change of ownership of equipment registered under this section, whether by lease, sale or other disposition shall be reported in writing to the Department of Water Resources or its successor, which report shall include the name and address of the person, firm or corporation to whom the transfer is made, and such person, firm or corporation shall within 10 days from the date of transfer, register such equipment with the Department of Water Resources as heretofore set forth.

(e) Nothing contained herein shall be construed to prevent use of any and all equipment for emergency use in repairing damage caused by hurricanes or like catastrophe, whether or not such equipment is registered and a permit issued as herein provided.

(f) The Department of Water Resources or its successor shall be responsible for the administration of this section.

(g) This section shall apply to all persons, firms, or corporations owning or operating earth moving equipment in publicly owned tidelands, publicly owned marshlands and navigable waters within the State, excepting, however, equipment owned by the United States of America, the State of North Carolina or political subdivision thereof.

(h) Any person, firm, or corporation violating the provisions of this section shall be guilty of a misdemeanor.

(i) Any person, firm, or corporation aggrieved by any decision rendered under the provisions of this section may appeal therefrom as provided by Chapter 143, Article 33 of the General Statutes of North Carolina. (1967, c. 907.)

Editor's Note.—For note on preservation of the estuarine zone, see 49 N.C.L. Rev. 964 (1971).

§ 146-7. Sale of timber rights; procedure; instruments conveying rights; disposition of proceeds. — The Department of Administration may sell timber rights in the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, at public or private sale, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every instrument conveying timber rights shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein required, or by the agency designated by the Governor and Council of State to approve conveyances of such rights. The net proceeds of all sales of timber from those lands shall be paid into the State Literary Fund. (1959, c. 683, s. 1.)

§ 146-8. Disposition of mineral deposits in State lands under water. — The State, acting at the request of the Department of Conservation and Development, is fully authorized and empowered to sell, lease, or otherwise dispose of any and all mineral deposits belonging to the State which may be found in the bottoms of any sounds, rivers, creeks, or other waters of the State. The State, acting at the request of the Department of Conservation and Development, is authorized and empowered to convey or lease to such person or persons as it may, in its discretion, determine, the right to take, dig, and remove from such bottoms such mineral deposits found therein belonging to

the State as may be sold, leased, or otherwise disposed of to them by the State. The State, acting at the request of the Department of Conservation and Development, is authorized to grant to any person, firm, or corporation, within designated boundaries for definite periods of time, the right to such mineral deposits, or to sell, lease, or otherwise dispose of same upon such other terms and conditions as may be deemed wise and expedient by the State and to the best interest of the State. Before any such sale, lease, or contract is made, it shall be approved by the Department of Administration and by the Governor and Council of State.

Any sale, lease, or other disposition of such mineral deposits shall be made subject to all rights of navigation and subject to such other terms and conditions as may be imposed by the State.

The net proceeds derived from the sale, lease, or other disposition of such mineral deposits shall be paid into the treasury of the State, but the same shall be used exclusively by the Department of Conservation and Development in paying the costs of administration of this section and for the development and conservation of the natural resources of the State, including any advertising program which may be adopted for such purpose, all of which shall be subject to the approval of the Governor, acting by and with the advice of the Council of State. (1937, c. 285; G. S., s. 113-26; 1959, c. 683, s. 1.)

§ 146-9. Disposition of mineral deposits in State lands not under water. — The Department of Administration may sell, lease, or otherwise dispose of mineral rights or deposits in the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, not lying beneath the waters of the State, at such times, upon such consideration, in such portions, and upon such terms as are deemed proper by the Department and approved by the Governor and Council of State. Every instrument conveying such rights shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein provided, or by the agency designated by the Governor and Council of State to approve conveyances of such rights. The net proceeds of dispositions of all such mineral rights or deposits shall be paid into the State Literary Fund. (1959, c. 683, s. 1.)

§ 146-10. Leases. — The Department of Administration may lease or rent the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, at such times, upon such consideration, in such portions, and upon such terms as it may deem proper. Every lease or rental of such lands by the Department shall be approved by the Governor and Council of State, or by the agency designated by the Governor and Council of State to approve such leases and rentals. (1959, c. 683, s. 1.)

§ 146-11. Easements, rights-of-way, etc. — The Department of Administration may grant easements, rights-of-way, dumping rights and other interests in State lands, for the purpose of

(1) Cooperating with the federal government,

(2) Utilizing the natural resources of the State, or

(3) Otherwise serving the public interest.

The Department shall fix the terms and consideration upon which such rights may be granted. Every instrument conveying such interests shall be executed in the manner required of deeds by G. S. 146-74 through 146-78, and shall be approved by the Governor and Council of State as therein provided, or by the agency designated by the Governor and Council of State to approve conveyances of such interests. (1959, c. 683, s. 1.)

§ 146-12. Easements in lands covered by water. — The Department of Administration may grant, to adjoining riparian owners, easements in lands covered by navigable waters or by the waters of any lake owned by the State

for such purposes and upon such conditions as it may deem proper, with the approval of the Governor and Council of State. The Department may, with the approval of the Governor and Council of State, revoke any such easement upon the violation by the grantee or his assigns of the conditions upon which it was granted.

Every such easement shall include only the front of the tract owned by the riparian owner to whom the easement is granted, shall extend no further than the deep water, and shall in no respect obstruct or impair navigation.

When any such easement is granted in front of the lands of any incorporated town, the governing body of the town shall regulate the line on deep water to which wharves may be built. (1854-5, c. 21; R. C., c. 42, s. 1; Code, s. 2751; 1889, c. 555; 1891, c. 532; 1893, cc. 4, 17, 349; 1901, c. 364; Rev., s. 1696; C. S., s. 7543; G. S., s. 146-6; 1959, c. 683, s. 1.)

Jurisdiction of City. — In State v. Eason, 114 N. C. 787, 19 S. E. 88 (1894), it was held that a city whose limits extended to a navigable stream has jurisdiction only to the low watermark.

Entry by Riparian Owner. — Navigable waters may be entered to the deep water line, for wharfage purposes. Barfoot v. Willis, 178 N.C. 200, 100 S.E. 303 (1919), but this right of entry is restricted to a riparian owner, and applies only to his immediate water front. Bond v. Wool, 107 N.C. 139, 12 S.E. 281 (1890).

A grant to a riparian owner of land covered by navigable water conveys only an easement therein, and a deed of the land adjoining the navigable water conveys the easement in the land covered by the water. Shephard's Point Land Co. v. Atlantic Hotel, 132 N.C. 517, 44 S.E. 39 (1903).

Regulating Deep Water Line by Mandamus. — Mandamus will lie by the riparian owner of land lying within the limits of an incorporated town, or city, to compel the town or city to "regulate the deep water line to which wharves may be built" as required by this section. Wool v. Town of Edenton, 115 N.C. 10, 20 S.E. 165 (1894).

Prior to this case the court had held, because of the former wording of the statute, that a riparian owner in a city could not make an entry and the Secretary of State could not issue a grant until the line of deep water had been regulated by the municipal corporation. Wool v. Saunders, 108 N.C. 729, 13 S.E. 294 (1891).

Rights Go with Land. — Riparian rights being incident to land abutting on navigable water cannot be conveyed without a conveyance of such land, and lands covered by navigable water are subject to entry only by the owner of the land abutting thereon. Zimmerman v. Robinson, 114 N.C. 39, 19 S.E. 102 (1874); Land Co. v. Hotel, 134 N.C. 397, 46 S.E. 749 (1904). An adjacent riparian owner acquires only an easement in the bed of navigable waters in front of his shore lots for the purpose of building a wharf. Atlantic & N.C.R.R. v. Way, 172 N.C. 774, 90 S.E. 937 (1916).

Fishing Rights. — The right to build a wharf in front of riparian property does not give the riparian owner exclusive fishing privilege in the navigable part of the stream on which his property fronts. But the riparian owner will be protected from wrongful interference. Beil v. Smith, 171 N.C. 116, 87 S.E. 987 (1916).

Erroneous Survey of Deep Water Line. — In case the line marked out is not the deep water line a riparian owner has a right to have the error corrected, and he will not be estopped because of a grant had under the erroneous survey. Wool v. Town of Edenton, 117 N.C. 1, 23 S.E. 40 (1895).

Quoted in Capune v. Robbins, 273 N.C. 581, 160 S.E.2d 881 (1968).

§ 146-13. Erection of piers on State lakes restricted. — No person, firm, or corporation shall erect upon the floor of, or in or upon, the waters of any State lake, any dock, pier, pavilion, boathouse, bathhouse, or other structure, without first having secured a permit to do so from the Department of Administration, or from the agency designated by the Department to issue such permits. Each permit shall set forth in required detail the size, cost, and nature of such structure; and any person, firm, or corporation erecting any such structure without a proper permit or not in accordance with the specifications of such permit shall be guilty of a misdemeanor and upon conviction shall be fined not more than fifty dollars ($50.00) or imprisoned not exceeding 30 days. The State may immediately proceed to remove such unlawful structure through due process of law, or may abate or remove the same as a nuisance after five days' notice. (1933, c. 516, s. 3; G. S., s. 146-10; 1959, c. 683, s. 1.)

§ 146-14. Proceeds of dispositions of certain State lands. — The net proceeds of all sales, leases, rentals, or other dispositions of the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, and all interests and rights therein, shall be paid into the State Literary Fund, except as otherwise provided in this Chapter. (1959, c. 683, s. 1.)

§ 146-15. Definition of net proceeds. — For the purposes of this Subchapter, the term "net proceeds" means the gross amount received from the sale, lease, rental, or other disposition of any State lands, less

(1) Such expenses incurred incident to that sale, lease, rental, or other disposition as may be allowed under rules and regulations adopted by the Governor and approved by the Council of State;
(2) Amounts paid pursuant to G. S. 105-296.1 if any; and
(3) A service charge to be paid into the State Land Fund.

The amount or rate of such service charge shall be fixed by rules and regulations adopted by the Governor and approved by the Council of State, but as to any particular sale, lease, rental, or other disposition, it shall not exceed ten percent (10%) of the gross amount received from such sale, lease, rental, or other disposition. Notwithstanding any other provision of this Subchapter, no service charge shall be paid into the State Land Fund from proceeds derived from the sale of land or products of land owned or held for the use of the Wildlife Resources Commission, or purchased or acquired with funds of the Wildlife Resources Commission. (1959, c. 683, s. 1.)

Editor's Note. — The reference in this section to § 105-296.1 is to that section as it existed before the revision of the Machinery Act by Session Laws 1971, c. 806. See now § 105-279.

ARTICLE 3.

Discovery and Reclamation.

§ 146-16. Department of Administration to supervise. — The Department of Administration shall be responsible for discovering, inventorying, surveying, and reclaiming the vacant and unappropriated lands, swamplands, and lands acquired by the State by virtue of being sold for taxes, and shall take all measures necessary to that end. All expenses incurred in the performance of these activities shall be paid from the State Land Fund, unless otherwise provided by the General Assembly. (1959, c. 683, s. 1.)

§ 146-17. Mapping and discovery agreements. — The Department of Administration, acting on behalf of the State, for the purpose of discovering State lands, may, with the approval of the Governor and Council of State, enter into agreements with counties, municipalities, persons, firms, and corporations providing for the discovery of State land by the systematic mapping of the counties of the State and by other appropriate means. All expenses incurred by the Department incident to such mapping and discovery agreements shall be paid from the State Land Fund, unless otherwise provided by the General Assembly. (1959, c. 683, s. 1.)

ARTICLE 4.

Miscellaneous Provisions.

§ 146-18. Recreational use of State lakes regulated. — All recreation, except hunting and fishing, in, upon, or above any or all of the State lakes referred to in this Subchapter may be regulated in the public interest by the State agency having administrative authority over these areas. (1933, c. 516, s. 1; G. S., s. 146-8; 1959, c. 683, s. 1.)

§ 146-19. Fishing license fees for nonresidents of counties in which State lakes are situated. — The Wildlife Resources Commission, through its authorized agent or agents, is hereby authorized to require of nonresidents of the county within which a State lake is situated a daily or weekly permit in lieu of the regular "resident State license" for fishing with hook and line or rod and reel within said lake in accordance with the regulations of the Commission relating to said lake. Except for the provisions of this section, the laws and regulations dealing with the issuance of fishing permits by said Commission must be complied with. (1933, c. 516, s. 4; G. S., s. 146-11; 1959, c. 683, s. 1.)

§ 146-20. Forfeiture for failure to register deeds. — All the grants and deeds for swamplands made prior to November 1, 1883, must have been proved and registered, in the county where the lands are situate, within 12 months from November 1, 1883, and every such grant or deed, not being so registered within that time, shall be void, and the title of the proprietor in such lands shall revert to the State; but the provisions of this section shall be applicable only to the swamplands which have been surveyed or taken possession of by, or are vested in, the State or its agencies. (R. S., c. 67, s. 10; R. C., c. 66, s. 10; Code, ss. 2513, 3866; Rev., s. 4046; C. S., s. 7623; G. S., s. 146-96; 1959, c. 683, s. 1.)

SUBCHAPTER II. ALLOCATED STATE LANDS.

ARTICLE 5.

General Provisions.

§ 146-21. Intent of Subchapter. — It is the purpose and intent of this Subchapter to provide for and regulate the acquisition, disposition, and management of all State lands other than the vacant and unappropriated lands, swamplands, lands acquired by the State by virtue of being sold for taxes, and submerged lands. (1959, c. 683, s. 1.)

ARTICLE 6.

Acquisitions.

§ 146-22. All acquisitions to be made by Department of Administration. — Every acquisition of land on behalf of the State or any State agency, whether by purchase, condemnation, lease, or rental, shall be made by the Department of Administration and approved by the Governor and Council of State. (1957, c. 584, s. 6; G. S., s. 146-103; 1959, c. 683, s. 1.)

The procedures for acquisition to the time of condemnation are governed by this Article, while the condemnation, if required, is regulated by Article 9 of Chapter 136. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

No Carte Blanche to Condemn Property. — Where plaintiff argued that § 146-22 et seq. and § 143-341(4)d give the Department (with the approval of the Governor and Council of State) carte blanche to condemn property, the Supreme Court held that the wording of the statutes, their legislative history, and the actualities of political and economic life make it clear that the General Assembly did no such thing. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Not Impliedly Granted. — By § 146-22 et seq. the legislature merely appointed the Department of Administration as acquisition agent and established the procedure it should follow in acquiring land. A statute which merely sets forth a mode of procedure will not impliedly grant the power of eminent domain. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The Department can only effect the condemnations which the legislature authorizes. It may not decide the public purpose or initiate the project for which the State's power of eminent domain may be used. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Steps Required for Acquisition of Land by Purchase or Condemnation. — Section 146-22 et seq. provides that all acquisitions of land by

the State or any State agency shall be made by the Department of Administration and approved by the Governor and Council of State. Before the Department can acquire land by purchase or condemnation the following steps must be taken: (1) The agency must file with the Department an application setting forth its need for the requested acquisition. (2) The Department "must investigate all aspects of the **requested acquisition" (including the availability of the necessary funds) as detailed** in § 146-23. (3) After investigation, the Department must determine that the best interests of the State require that the land be acquired. (4) The Department must then negotiate with the owners for the purchase. If terms are agreed upon and the Governor and Council of State approve them, the Department buys the land. (5) If negotiations are unsuccessful and the Governor and Council of State give permission, the Department institutes condemnation proceedings as provided in § 146-24 and § 136-103. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Applied in State v. Johnson, 282 N.C. 1, 191 S.E.2d 641 (1972).

§ 146-22.1. Acquisition of property. — In order to carry out the duties of the Department of Administration as set forth in Chapters 143 and 146 of the General Statutes, the Department of Administration is authorized and empowered to acquire by purchase, gift, condemnation or otherwise:

(1) Lands necessary for the construction and operation of State buildings and other governmental facilities.
(2) Lands necessary for construction and operation of parking facilities.
(3) An area in the City of Raleigh bounded by Edenton Street, Person Street, Peace Street, the right-of-way of the main line of Seaboard Coast Line Railway and North McDowell Street for the expansion of State governmental facilities, the public interest in, public use of, and the necessity for the acquisition of said area, being hereby declared as a matter of legislative determination.
(4) Lands necessary for the location, expansion, operation and improvement of hospital and mental health facilities and similar institutions maintained by the State of North Carolina.
(5) Lands necessary for public parks and forestry purposes.
(6) Lands involving historical sites, together with such adjacent lands as may be necessary for their preservation, maintenance and operation.
(7) Lands necessary for the location, expansion and improvement of any educational, penal or correctional institution.
(8) Lands necessary to provide public access to the waters within the State.
(9) Lands necessary for agricultural, experimental and research facilities.
(10) Utility and access easements, rights-of-way, estates for terms of years or fee simple title to lands necessary or convenient to the operation of state-owned facilities.
(11) Lands necessary for the development and preservation of the estuarine areas of the State.
(12) Lands necessary for the development of waterways within the State. (1969, c. 1091, s. 1.)

No request from a State agency is necessary under present law in order for the Department of Administration to acquire property "by purchase, gift, condemnation or otherwise" for certain authorized purposes. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

§ 146-23. Agency must file statement of needs; Department must investigate. — Any State agency desiring to acquire land, whether by purchase, condemnation, lease, or rental, shall file with the Department of Administration an application setting forth its needs, and shall furnish such additional information as the Department may request relating thereto. Upon receipt of such application, the Department of Administration shall promptly investigate all aspects of the requested acquisition, including the existence of actual need for the requested property on the part of the requesting agency; the

availability of land already owned by the State or by any State agency which might meet the requirements of the requesting agency; the availability, value, and status of title of other land, whether for purchase, condemnation, lease, or rental, which might meet the requirements of the requesting agency; and the availability of funds to pay for land if purchased, condemned, leased, or rented. The Department of Administration may make acquisitions at the request of the Governor and Council of State upon compliance with the investigation herein required. (1957, c. 584, s. 6; G.S., s. 146-104; 1959, c. 683, s. 1; 1969, c. 1091, s. 2.)

Stated in State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

§ 146-24. Procedure for purchase or condemnation. — (a) If, after investigation, the Department determines that it is in the best interest of the State that land be acquired, the Department shall proceed to negotiate with the owners of the desired land for its purchase.

(b) If the purchase price and other terms are agreed upon, the Department shall then submit to the Governor and Council of State the proposed purchase, together with a copy of the deed, for their approval or disapproval. If the Governor and Council of State approve the proposed purchase, the Department shall pay for the land and accept delivery of a deed thereto. All conveyances of purchased real property shall be made to "the State of North Carolina," and no such conveyance shall be made to a particular agency, or to the State for the use or benefit of a particular agency.

(c) If negotiations for the purchase of the land are unsuccessful, or if the State cannot obtain a good and sufficient title thereto by purchase from the owners, then the Department of Administration may request permission of the Governor and Council of State to exercise the right of eminent domain and acquire any such land by condemnation in the same manner as is provided for the Board of Transportation by Article 9 of Chapter 136 of the General Statutes. Upon approval by the Governor and Council of State, the Department may proceed to exercise the right of eminent domain. Approval by no other State agency shall be required as a prerequisite to the exercise of the power of eminent domain by the Department. (1957, c. 584, s. 6; G.S., s. 146-105; 1959, c. 683, s. 1; 1967, c. 512, s. 1; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway Commission" in subsection (c).

Strict Construction. — In construing statutes which are claimed to authorize the exercise of the power of eminent domain, a strict rather than a liberal construction is the rule. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Power of Eminent Domain Is Prerogative of Sovereign State. — The right to take private property for public use, the power of eminent domain, is one of the prerogatives of a sovereign state. The right is inherent in sovereignty; it is not conferred by constitutions. Its exercise, however, is limited by the constitutional requirements of due process and payment of just compensation for property condemned. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain must be conferred by statute, either in express words or by necessary implication. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The right of eminent domain lies dormant in the State until the legislature, by statute, confers the power and points out the occasion, mode, conditions and agencies for its exercise. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

Only the legislative branch can authorize the exercise of the power of eminent domain and prescribe the manner of its use. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The executive branch of the government cannot, without the authority of some statute, proceed to condemn property for its own uses. Once authority is given to exercise the power of eminent domain, the matter ceases to be wholly legislative. The executive authorities may then decide whether the power will be invoked and to what extent, and the judiciary must decide whether the statute authorizing the taking violates any constitutional rights; and the fixing of the compensation is wholly a judicial question. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

The procedures for acquisition to the time

of condemnation are governed by this Article, while the condemnation, if required, is regulated by Article 9 of Chapter 136. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

That Acquisition Is in Best Interest of State Inferred. — This section does not require a specific written report that the acquisition is in the best interest of the State, and where the Department did in fact proceed to acquire the land, it was a permissible inference that such a determination was made. State v. Johnson, 278 N.C. 126, 179 S.E.2d 371 (1971).

§ 146-24.1. The power of eminent domain. — In carrying out the duties and purposes set forth in Chapters 143 and 146 of the General Statutes, the Department of Administration is vested with the power of eminent domain and shall have the right and power to acquire such lands, easements, rights-of-way or estates for years by condemnation in the manner prescribed by G.S. 146-24 of the General Statutes. The power of eminent domain herein granted is supplemental to and in addition to the power of eminent domain which may be now or hereafter vested in any State agency as defined by G.S. 146-64 and the Department of Administration may exercise on behalf of such agency the power vested in said agency or the power vested in the Department of Administration herein; and the Department of Administration may follow the procedure set forth in G.S. 146-24 or the procedure of such agency, at the option of the Department of Administration. Where such acquisition is made at the request of an agency, such agency shall make a determination of the necessity therefor; where such acquisition is on behalf of the State or at the request of the Department of Administration, such findings shall be made by the Director of Administration. Provided, however, that all such acquisitions shall have the approval of the Governor and Council of State as provided in G.S. 146-24.

This section shall not apply to public projects and condemnations for which specific statutory condemnation authority and procedures are otherwise provided. (1969, c. 1091, ss. 3, 4.)

§ 146-25. Leases and rentals. — If, after investigation, the Department of Administration determines that it is in the best interest of the State that land be leased or rented for the use of the State or of any State agency, the Department shall proceed to negotiate with the owners for the lease or rental of such property. All lease and rental agreements entered into by the Department shall be promptly submitted to the Governor and Council of State for approval or disapproval. (1957, c. 584, s. 6; G. S., s. 146-106; 1959, c. 683, s. 1.)

§ 146-26. Donations and devises to State. — No devise or donation of land or any interest therein to the State or to any State agency shall be effective to vest title to the said land or any interest therein in the State or in any State agency until the devise or donation is accepted by the Governor and Council of State. Upon acceptance by the Governor and Council of State, title to the said land or interest therein shall immediately vest as of the time title would have vested but for the above requirement of acceptance by the Governor and Council of State. (1957, c. 584, s. 6; G. S., s. 146-107; 1959, c. 683, s. 1.)

§ 146-26.1. Relocation assistance. — In the acquisition of any real property by the Department of Administration for a public use, the Department of Administration shall be vested with the same authority as is given the Board of Transportation in Article 13 of Chapter 136 of the General Statutes. (1971, c. 540; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway Commission."

Article 13 of Chapter 136, referred to in this section, was repealed by Session Laws 1971, c. 1107. For present provisions as to relocation assistance, see §§ 133-5 through 133-17.

ARTICLE 7.

Dispositions.

§ 146-27. All sales, leases, and rentals to be made by Department of Administration. — Every sale, lease, or rental of land owned by the State or by any State agency shall be made by the Department of Administration and approved by the Governor and Council of State. In no event shall the Department of Administration have authority to initiate any proceeding for the sale, lease, or rental of land heretofore allocated to or used by any State agency. (1957, c. 584, s. 6; G. S., s. 146-108; 1959, c. 683, s. 1.)

Cross Reference. — As to sale, lease, exchange and joint use of governmental property by State and local governmental units, see § 160A-274.

§ 146-28. Agency must file application with Department; Department must investigate. — Any State agency desiring to sell, lease, or rent any land owned by the State or by any State agency shall file with the Department of Administration an application setting forth the facts relating to the proposed transaction, and shall furnish the Department with such additional information as the Department may request relating thereto. Upon receipt of such application, the Department of Administration shall promptly investigate all aspects of the proposed transaction, including particularly present and future State need for the land proposed to be conveyed, leased, or rented. (1957, c. 584, s. 6; G. S., s. 146-109; 1959, c. 683, s. 1.)

§ 146-29. Procedure for sale, lease, or rental. — If, after investigation, the Department of Administration determines that it is in the best interest of the State that land be sold, leased, or rented, the Department shall proceed with its sale, lease, or rental, as the case may be, in accordance with rules adopted by the Governor and approved by the Council of State. If an agreement of sale, lease, or rental is reached, the proposed transaction shall then be submitted to the Governor and Council of State for their approval or disapproval. Every conveyance in fee of land owned by the State or by any State agency shall be made and executed in the manner prescribed in G. S. 146-74 through 146-78. (1957, c. 584, s. 6; G. S., s. 146-110; 1959, c. 683, s. 1.)

§ 146-30. Application of net proceeds. — The net proceeds of any disposition made in accordance with this Subchapter shall be handled in accordance with the following priority: First, in accordance with the provisions of any trust or other instrument of title whereby title to such real property was heretofore acquired or is hereafter acquired; second, as provided by any other act of the General Assembly; third, the net proceeds shall be deposited with the State Treasurer in a capital improvement account to the credit of the State agency at whose request the disposition was approved, to be used for such specific capital improvement projects or other purposes as are approved by the Director of the Budget and the Advisory Budget Commission.

For the purposes of this Subchapter, the term "net proceeds" means the gross amount received from the sale, lease, rental, or other disposition of any State lands, less

(1) Such expenses incurred incident to that sale, lease, rental, or other disposition as may be allowed under rules and regulations adopted by the Governor and approved by the Council of State;
(2) Amounts paid pursuant to G. S. 105-296.1, if any; and
(3) A service charge to be paid into the State Land Fund.

The amount or rate of such service charge shall be fixed by rules and regulations adopted by the Governor and approved by the Council of State, but as to any particular sale, lease, rental, or other disposition, it shall not exceed ten percent (10%) of the gross amount received from such sale, lease, rental, or other disposition. Notwithstanding any other provision of this Subchapter, the

net proceeds derived from the sale of land or products of land owned by or under the supervision and control of the Wildlife Resources Commission, or acquired or purchased with funds of that Commission, shall be paid into the Wildlife Resources Fund. (1959, c. 683, s. 1.)

Editor's Note. — The reference in this section to § 105-296.1 is to that section as it existed before the revision of the Machinery Act by Session Laws 1971, c. 806. See now § 105-279.

Service Charge Not Applicable in Gift of Trust Situation Described. — See opinion of Attorney General to Mr. Carroll L. Mann, Jr., Property Control and Construction Division, Department of Administration, 41 N.C.A.G. 738 (1972).

Article 8.

Miscellaneous Provisions.

§ 146-31. Right of appeal to Governor and Council of State. — The requesting agency, in the event of disagreement with a decision of the Department of Administration regarding the acquisition or disposition of land pursuant to the provisions of this Subchapter, shall have the right of appeal to the Governor and Council of State. (1957, c. 584, s. 6; G.S., s. 146-113; 1959, c. 683, s. 1.)

§ 146-32. Exemptions as to leases, etc. — The Governor, acting with the approval of the Council of State, may adopt rules and regulations

(1) Exempting from any or all of the requirements of this Subchapter such classes of lease, rental, easement, and right-of-way transactions as he deems advisable; and

(2) Authorizing any State agency to enter into and/or approve those classes of transactions exempted by such rules and regulations from the requirements of this Chapter. (1959, c. 683, s. 1.)

§ 146-33. State agencies to locate and mark boundaries of lands. — Every State agency shall locate and identify, and shall mark and keep marked, the boundaries of all lands allocated to that agency or under its control. The Department of Administration shall locate and identify, and mark and keep marked, the boundaries of all State lands not allocated to or under the control of any other State agency. The chief administrative officer of every State agency is authorized to contract with the State Prison Department for the furnishing, upon such conditions as may be agreed upon from time to time between the State Prison Department and the chief administrative officer of that agency, of prison labor for use where feasible in the performance of these duties. (1957, c. 584, s. 2; G.S., s. 143-145.1; 1959, c. 683, s. 1.)

§ 146-34. Agencies may establish agreed boundaries. — Every State agency may establish agreed boundaries between lands allocated to it or under its control, and the lands of any other owner, subject to the approval of the Governor and Council of State. The Department of Administration is authorized to establish agreed boundaries between State lands not allocated to or under the control of any other State agency and the lands of any other owner, subject to the approval of the Governor and Council of State. The Attorney General shall represent the State in all proceedings to establish boundaries which cannot be established by agreement. (1957, c. 584, s. 3; G.S., s. 143-145.2; 1959, c. 683, s. 1.)

§ 146-35. Severance approval delegation. — The Governor, acting with the approval of the Council of State, may adopt rules and regulations delegating to any other State agency the authority to approve the severance of buildings and standing timber from State lands. Upon such approval of severance, the buildings or timber affected shall be, for the purposes of this Chapter, treated as personal property. (1959, c. 683, s. 1.)

§ 146-36. Acquisitions for and conveyances to federal government. — The Governor and Council of State may, whenever they find that it is in the best interest of the State to do so, enter into any contract or other agreement which will be sufficient to comply with federal laws or regulations, binding the State to acquire for and to convey to the United States government land or any interest in land, and to do such other acts and things as may be necessary for such compliance.

The Governor and Council of State may authorize any conveyance to the United States government to be made upon nominal consideration whenever they deem it to be in the best interest of the State to do so. (1959, c. 683, s. 1.)

This section confers no power of eminent domain. State v. Core Banks Club Properties, 275 N.C. 328, 167 S.E.2d 385 (1969).

SUBCHAPTER III. ENTRIES AND GRANTS.

ARTICLE 9.

General Provisions.

§ 146-37. Intent of Subchapter. — It is the purpose and intent of this Subchapter to protect vested rights, titles, and interests acquired under the laws governing entries and grants as they read immediately prior to June 2, 1959. (1959, c. 683, s. 1.)

Editor's Note. — For note on defining navigable waters and the application of the public trust doctrine in North Carolina, see 49 N.C.L. Rev. 888 (1971).

§ 146-38. Pending entries. — All entries which have been filed with entry-takers within one year prior to June 2, 1959, or filed more than one year prior to June 2, 1959, but still pending due to the filing of protest to the entry, shall be processed pursuant to the provisions of Chapter 146 of the General Statutes as it read immediately prior to June 2, 1959. Every such entry shall be paid for within one year from the date of entry, unless a protest be filed to the entry, in which event it shall be paid for within one year after final judgment on the protest; and all entries not thus paid for shall become null and void, and shall not be subject to renewal. It shall be the duty of both the enterer and protestant to conclude, within 12 months from June 2, 1959, all actions wherein a protest has been filed, and such cases shall be given preference on the dockets of the courts of the State. Any action not so concluded shall be deemed a lapse as to enterer and protestant. It is not the intent of this proviso to void any previous grant of the State of North Carolina, or to divest any vested right, but to terminate all rights accrued on account of an entry wherein no grant has been made. Provided that the resident judge of the superior court or the judge holding the superior courts of the district where the land lies, may, for good cause shown, extend the time within which an action in which a protest has been filed is required by this section to be concluded; but no single extension shall exceed one year in duration. A copy of this section shall be mailed by the Secretary of State to all parties to actions wherein protests have been filed as may be determined by records available in his office, and to all clerks of the superior court of the State. (1959, c. 683, s. 1.)

§ 146-39. Void grants; not color of title. — Every entry made and every grant issued for any lands not authorized by G.S. 146-1 through 146-77, as those sections read immediately prior to June 2, 1959, to be entered or granted shall be void.

Every grant of land issued since March 6, 1893, in pursuance of the statutes regulating entries and grants, shall, if such land or any portion thereof has been heretofore granted by this State, so far as relates to any such land heretofore granted, be absolutely void for all purposes whatever, shall confer

no rights upon the grantee therein or those claiming under such grantee, and shall in no case and under no circumstances constitute any color of title to any person. (R. C., c. 42, s. 2; Code, s. 2755; 1893, c. 490; Rev., s. 1699; C. S., s. 7545; G. S., s. 146-13; 1959, c. 683, s. 1.)

Editor's Note. — The reference in this section to §§ 146-1 through 146-77 is to those sections as they stood prior to the ratification of Session Laws 1959, c. 683, which revised this Chapter.

In General. — Where there are two or more conflicting titles derived from the State, the elder shall be preferred, upon the familiar maxim that he who is prior in time shall be prior in right and shall be adjudged to have the better title. Berry v. W. M. Ritter Lumber Co., 141 N.C. 386, 54 S.E. 278 (1906).

Under the express provisions of this statute where land in controversy has been previously granted to plaintiff's predecessor in title, a subsequent grant of the same land, under which defendants claimed title, was void for all purposes. Johnston v. Kramer Bros. & Co., 203 F. 733 (E.D.N.C. 1913).

The State's grant of land was held not invalid under this section where land conveyed by the grant had not been covered by any previous grant. Peterson v. Sucro, 101 F.2d 282 (4th Cir. 1939).

State Not Interested in Conflicting Grants. — A protest to the entry raises the issue of title solely between the enterer and protestant, in which the State is not interested, the burden being on the enterer to prove the protestant's grant does not cover the land described in his entry. Walker v. Parker, 169 N.C. 150, 85 S.E. 306 (1915).

Title by Adverse Possession. — Where upon protest to the entry of the State's lands it is ascertained that the lands described in the entry are not contained in the former grant, the protestant may show that the lands are not vacant and unappropriated by sufficient adverse possession to take the title out of the State and vest it in himself. Walker v. Parker, 169 N.C. 150, 85 S.E. 306 (1915).

Title to Lappage by Adverse Possession. — To mature a title under the junior grant, there must be shown adverse and exclusive possession of the lappage, or the law will presume possession to be in the true owner as to all that portion of the lappage not actually occupied by the junior claimant. McLean v. Smith, 106 N.C. 172, 11 S.E. 184 (1890); Boomer v. Gibbs, 114 N.C. 76, 19 S.E. 226 (1894); Currie v. Gilchrist, 147 N.C. 648, 61 S.E. 581 (1908); Blue Ridge Land Co. v. Floyd, 167 N.C. 686, 83 S.E. 687 (1914); Georgia-Carolina Land & Timber Co. v. Potter, 189 N.C. 56, 127 S.E. 343 (1925).

Application to Grants Since March 6, 1893. — This section, providing that a junior grant shall not be color of title so far as it covers land previously granted, applies by its terms only to grants issued since March 6, 1893. Weaver v. Love, 146 N.C. 414, 59 S.E. 1041 (1907); Jones-Onslow Land Co. v. Wooten, 177 N.C. 248, 98 S.E. 706 (1919).

Article 10.

Surveys.

§ 146-40. Record of surveys to be kept. — The county commissioners of the several counties of the State shall provide a suitable book or books for recording of surveys of entries of land, to be known as Record of Surveys, to be kept in the office of register of deeds as other records are kept. Such record shall have an alphabetical and numerical index, the numerical index to run consecutively. It shall be the duty of every county surveyor or his deputy surveyor who makes a survey to record in such book a perfect and complete record of all surveys of lands made upon any warrant issued upon any entry, and date and sign same as of the date such survey was made. (1905, c. 242; Rev., s. 1722; C. S., s. 7570; G. S., s. 146-39; 1959, c. 683, s. 1.)

Vague Record Not Good against Junior Enterer. — Prior to this section an entry of the State's vacant and unappropriated lands too vague to give notice of the boundaries of the land intended to be entered was not sufficient notice to a second enterer who had perfected his grant in ignorance of the first; and the mere running of the lines of the lands by survey or the making of a map by the first enterer which he could keep in his possession, or the warrant to the county surveyor, necessarily no more definite than the original entry, did not remedy the defective description of the entry. This section provides for notice of all surveys and such will not hereafter arise. Lovin v. Carver, 150 N.C. 710, 64 S.E. 775 (1911).

§ 146-41. Former surveys recorded. — Where any ex-surveyor of a county is alive and has correct minutes or notes of surveys of land on entries made by

him during his term of office, it shall be lawful for him to record and index such survey in the Record of Surveys, and the county commissioners shall pay for such services ten cents (10¢) for each survey so recorded and indexed. (1905, c. 242, s. 2; Rev., s. 1725; C. S., s. 7571; G.S., s. 146-40; 1959, c. 683, s. 1.)

§ 146-42. What record must show; received as evidence. — All surveys so recorded in such book shall show the number of the tract of land, the name of the party entering, and the name of the assignee if there be any assignee; and shall be duly indexed, both alphabetically and numerically, in such record in the name of the party making the entry and in the name of the assignee if there be any assignee. Such record of any surveyor or deputy surveyor when so made shall be read in evidence in any action or proceeding in any court: Provided that if such record differs from the original certificates of survey heretofore made or on file in the office of the Secretary of State, such original or certified copy of the certificate in the Secretary of State's office shall control. (1905, c. 242, ss. 2, 3, 6; Rev., s. 1723; C. S., s. 7572; G.S., s. 146-41; 1959, c. 683, s. 1.)

Article 11.

Grants.

§ 146-43. Cutting timber on land before obtaining a grant. — If any person shall make an entry of any lands, and before perfecting title to same shall enter upon such lands and cut therefrom any wood, trees, or timber, he shall be guilty of a misdemeanor. Any person found guilty under the provisions of this section shall further pay to the State double the value of the wood, trees, or timber taken from the land, and it shall be the duty of the solicitor of the district in which the land lies to sue for the same. (1903, c. 272, s. 4; Rev., s. 3741; C. S., s. 7582; G. S., s. 146-51; 1959, c. 683, s. 1.)

§ 146-44. Card index system for grants. — The Secretary of State shall install in his office a card index system for grants, and every warrant, plot, and survey that can be found shall be encased in separate envelopes. Each card and envelope shall show substantially the following:

..... County ..... Acres
Name .....
Grant No. ..... Issued .....
Grant Book ..... Page .....
Entry No. ..... Entered .....
File No. .....
Location .....
Remarks .....

Such grant books as are old and falling to pieces shall be recopied, and whenever any part of the record of a grant is partly gone or destroyed the Secretary of State shall restore same, if he can do so with accuracy from the description in the plot and survey upon which the grant was issued and original record made. (1909, c. 505, ss. 1, 2, 3; C. S., s. 7584; G. S., s. 146-53; 1959, c. 683, s. 1.)

§ 146-45. Grant of Moore's Creek Battlefield authorized. — In conjunction with an act of Congress relating to the establishment of the Moore's Creek National Military Park (June 2, 1926, c. 448, s. 2, 44 Stat. 684; U. S. Code, Title 16, ss. 422-422(d)), the Governor of the State of North Carolina is hereby authorized to execute to the United States government a deed vesting the title to Moore's Creek Battlefield, Pender County, in said United States government on behalf of the State of North Carolina, to preserve the same as an historical battlefield: Provided that the consent of the State of North Carolina to such acquisition by the United States is upon the express condition that the State of North Carolina shall so far retain a concurrent jurisdiction

with the United States over such battlefield as that all civil and criminal processes issued from the courts of the State of North Carolina may be executed thereon in like manner as if this authority had not been given: Provided further, that the title to said battlefield so conveyed to the United States shall revert to the State of North Carolina unless said land is used for the purpose for which it is ceded. (1925, c. 40; 1927, c. 56; G. S., s. 146-54; 1959, c. 683, s. 1.)

Article 12.

Correction of Grants.

§ 146-46. When grants may issue. — In any case where, under the provisions of this Subchapter, the Secretary of State is authorized to issue a grant or a duplicate grant to correct an error in a prior grant, the grant of correction shall be authenticated by the Governor, countersigned by the Secretary of State, and recorded in the office of the Secretary of State. The date of the entry and the number of the survey from the certificate of survey upon which the grant is founded shall be inserted in every such grant, and a copy of the plot shall be attached to the grant. (1777, c. 114, s. 10, P. R.; 1783, c. 185, s. 14, P. R.; 1796, c. 455, P. R.; 1799, c. 525, s. 2, P. R.; R. C., c. 42, ss. 12, 22; Code, ss. 2769, 2779; 1889, c. 522; Rev., ss. 1729, 1734, 1735; C. S., s. 7578; G. S., s. 146-47; 1959, c. 683, s. 1.)

Grants under State Seal. — A grant without the great seal of the State affixed does not show title under that grant, as it is mandatory that the seal be affixed to authenticate the signature of the Governor and Secretary of State. Howell v. Hurley, 170 N.C. 798, 83 S.E. 699 (1914).

A paper signed by the Governor and countersigned by the Secretary of State, although not bearing the great seal of the State, is admissible in evidence to show title. Howell v. Hurley, 170 N.C. 401, 87 S.E. 107 (1915).

Secretary of State Must Sign. — A grant of land if not signed by the Secretary of State is void. Den on Demise of Hunter v. Williams, 8 N.C. 221 (1820).

Deputy Signing. — It is necessary that the Secretary of State sign the grant, and if he signs it, it is valid no matter if there has been an attempt to sign by one of the deputies. Fowler v. Union Dev. Co., 158 N.C. 48, 73 S.E. 488 (1911).

Place of Signature Immaterial. — It is not necessary that the Secretary of State countersign at any especial place on the grant to make it valid. Richards v. W.M. Ritter Lumber Co., 158 N.C. 54, 73 S.E. 485 (1911).

Secretary of State Must Issue. — Where the claimant has complied with the law, and it appears from the warrant and survey that the entry-taker and surveyor have discharged their duties, the Secretary must issue the grant, and has no discretion in the matter. Wool v. Saunders, 108 N.C. 729, 13 S.E. 294 (1891).

§ 146-47. Change of county line before grant issued or registered. — All grants issued on entries for lands which were entered in one county, and before the issuing of the grants therefor or the registration of the grants, by the change of former county lines or the establishment of new lines, the lands so entered were placed in a county or in counties different from that in which they were situated, and the grants were registered in the county where the entries were made, shall be good and valid, and the registration of the grant shall have the same force and effect as if they had been registered in the county where the lands were situated. All persons claiming under and by such grants may have them, or a certified copy of the same, from the office of the Secretary of State, or from the office of the register of deeds when they had been erroneously registered, recorded in the office of the register of deeds of the county or counties where the lands lie, and such registration shall have the same force and effect as if the grants had been duly registered in such county or counties. (1897, c. 37; Rev., s. 1736; C. S., s. 7585; G. S., s. 146-55; 1959, c. 683, s. 1.)

When the entry and survey are made in one county, the registering of the deed in that county gives good title although a new county may have been organized including the land granted before the grant was registered. McMillan v. Gamble, 106 N.C. 359, 11 S.E. 273 (1890); Wyman v. Taylor, 124 N.C. 426, 32 S.E. 740 (1899).

§ 146-48. Entries in wrong county. — Whereas many citizens of the State, on making entries of lands near the lines of the county wherein they reside, either for want of proper knowledge of the land laws of the State or not knowing the county lines, have frequently made entries and extended their surveys on such entries into other counties than those wherein they were made, and obtained grants on the same; and whereas doubts have existed with respect to the validity of the titles to lands situated as aforesaid, so far as they extend into other counties than those where the entries were made; for remedy whereof it is hereby declared that all grants issued on entries made for lands situated as aforesaid shall be good and valid against any entries thereafter made or grants issued thereon. (1805, c. 675, P. R.; 1834, c. 17; R. C., c. 42, s. 27; Code, s. 2784; Rev., s. 1737; C. S., s. 7586; G. S., s. 146-56; 1959, c. 683, s. 1.)

Earlier statute applied and discussed in Harris v. Norman, 96 N.C. 59, 2 S.E. 72 (1887). See Avery v. Strother, 1 N.C. 496 (1802); Lunsford v. Bostion, 16 N.C. 483 (1830).

§ 146-49. Errors in surveys of plots corrected. — Whenever there may be an error by the surveyor in plotting or making out the certificate for the Secretary's office, or whenever the Secretary shall make a mistake in making out the courses agreeable to such returns, or misname the claimant, or make other mistake, so that such claimant shall be injured thereby, the claimant may prefer a petition to the superior court of the county in which the land lies, setting forth the injury which he might sustain in consequence of such error or mistake, with all the matters and things relative thereto. The court may hear testimony respecting the truth of the allegations set forth in the petition; and if it shall appear by the testimony, from the return of the surveyor or the error of the Secretary, that the patentee is liable to be injured thereby, the court shall direct the clerk to certify the facts to the Secretary of State, who shall file the same in his office, and correct the error in the patent, and likewise in the records of his office. The costs of such suit shall be paid by the petitioner, except when any person may have made himself a party to prevent the prayer of the petitioner being granted, in which case the costs shall be paid as the court may decree. The benefits granted by this section to the patentees of land shall be extended in all cases to persons claiming by, from, or under their grants, by descent, devise, or purchase. When any error is ordered to be rectified, and the same has been carried through from the grant into mesne conveyances, the court shall direct a copy of the order to be recorded in the register's book of the county: Provided no such petition shall be brought but within three years after the date of the patent; and if brought after that time, the court shall dismiss the same, and all proceedings had thereon shall be null and of no effect: Provided further, nothing herein shall affect the rights or interest of any person claiming under a patent issued between the period of the date of the grant alleged to be erroneous and the time of filing the petition, unless such person shall have had due notice of the filing of the petition, by service of a copy thereof, and an opportunity of defending his rights before the court according to the course of the common law. (1790, c. 326, P. R.; 1798, c. 504, P. R.; 1804, c. 655, P. R.; 1814, c. 876, P. R.; R. C., c. 42, s. 28; Code, s. 2785; Rev., s. 1738; C. S., s. 7587; G. S., s. 146-57; 1959, c. 683, s. 1.)

§ 146-50. Resurvey of lands to correct grants. — Persons who have entered vacant lands shall not be defeated in their just claims by mistakes or errors in the surveys and plots furnished by surveyors. In every case where the purchase money has been paid into the State treasury within the time prescribed by law after entry, and the survey or plot furnished shall be found to be defective or erroneous, the party having thus made entry and paid the purchase price may obtain another warrant of survey from the register of deeds of the county where the land lies, and have his entry surveyed as is directed by existing laws. On presenting a certificate of survey and two fair plots thereof to the Secretary of State within six months after the payment of

the purchase money, the party making such entry and paying such purchase price shall be entitled to receive, and it shall be the duty of the Secretary of State to issue to him, the proper grant for the lands so entered. (1901, c. 734; Rev., s. 1739; C. S., s. 7588; G. S., s. 146-58; 1959, c. 683, s. 1.)

§ 146-51. Lost seal replaced. — In all cases where the seal annexed to a grant is lost or destroyed, the Governor may, on the certificate of the Secretary of State that the grant was fairly obtained, cause the seal of the State to be affixed thereto. (1807, c. 727, P. R.; R. C., c. 42, s. 24; Code, s. 2781; Rev., s. 1740; C. S., s. 7589; G. S., s. 146-59; 1959, c. 683, s. 1.)

§ 146-52. Errors in grants corrected. — If in issuing any grant the number of the grant or the name of the grantee or any material words or figures suggested by the context have been omitted or not correctly written or given, or the description in the body of the grant does not correspond with the plot and description in the surveyor's certificate attached to the grant, or if in recording the grant in his office the Secretary of State has heretofore made or may hereafter make any mistake or omission by which any part of any grant has not been correctly recorded, the Secretary of State shall, upon the application of any party interested and the payment to him of his lawful fees, correct the original grant by inserting in the proper place the words, figures, or names omitted or not correctly given or suggested by the context; or if the description in the grant does not correspond with the surveyor's plot or certificate, the Secretary of State shall make the former correspond with the latter as the true facts may require. In case the party interested shall prefer it, the Secretary of State shall issue a duplicate of the original grant, including therein the corrections made; and in those cases in which grants have not been correctly recorded, he shall make the proper corrections upon his records, or by rerecording, as he may prefer; and any grant corrected as aforesaid may be recorded in any county of the State as other grants are recorded, and have relation to the time of the entry and date of the grant as in other cases. (1889, c. 460; Rev., s. 1741; C. S., s. 7590; G. S., s. 146-60; 1959, c. 683, s. 1.)

Power to Correct Errors Not Judicial. — The power conferred upon the Secretary of State to correct errors in grants of State's land, by supplying omissions, or correcting the names of grantees, material words or figures, etc., confers on him only a ministerial authority and not a judicial power. Herbert v. Union Dev. Co., 179 N.C. 662, 103 S.E. 380 (1920).

§ 146-53. Irregular entries validated. — Wherever persons have, prior to January 1, 1883, irregularly entered lands and have paid the fees required by law to the Secretary of State, and have obtained grants for such lands duly executed, the title to the lands shall not be affected by reason of such irregular entries; and the grants are hereby declared to be as valid as if such entries had been properly made. (1868-9, c. 100, s. 4; c. 173, s. 6; 1874-5, c. 48; Code, s. 2761; Rev., s. 1743; C. S., s. 7591; G. S., s. 146-61; 1959, c. 683, s. 1.)

Section Cures Irregularities. — Irregularities in receiving grants from the State are cured by this section. Wyman v. Taylor, 124 N.C. 426, 32 S.E. 740 (1899).

§ 146-54. Grant signed by deputy Secretary of State validated. — Where State grants have heretofore been issued and the name of the Secretary of State has been affixed thereto by his deputy or chief clerk, or by anyone purporting to act in such capacity, such grants are hereby declared valid; but nothing herein contained shall interfere with vested rights. (1905, c. 512; Rev., s. 1744; C. S., s. 7592; G. S., s. 146-62; 1959, c. 683, s. 1.)

This section does not interfere with vested rights, and therefore a grant countersigned by a clerk is not valid if it conflicts with a prior grant, but is valid as between the State and the grantee, if there was no prior grant. Richards v. W.M. Ritter Lumber Co., 158 N.C. 54, 73 S.E. 485 (1911).

§ 146-55. Registration of grants. — Every person obtaining a grant shall,

within two years after such grant is perfected, cause the same to be registered in the county where the land lies; and any person may cause to be there registered any certified copy of a grant from the office of the Secretary of State, which shall have the same effect as if the original had been registered. (1783, c. 185, s. 14, P. R.; 1796, c. 455, P. R.; 1799, c. 525, s. 2, P. R.; R. S., c. 42, s. 24; R. C., c. 42, s. 22; Code, s. 2779; Rev., s. 1729; C. S., s. 7579; G. S., s. 146-48; 1959, c. 683, s. 1.)

Grant Not Void for Failure to Register It. — A grant is not void because of failure to record it. A junior grant that is recorded is not valid until there has been seven years' adverse possession. North Carolina Mining Co. v. Westfeldt, 151 F. 290 (W.D.N.C. 1907).

Sufficient Evidence for Registration. — The certificate of the Secretary of State of North Carolina, attached to a grant of land and attested by the Great Seal of the State, is sufficient evidence of its official character to warrant its registration without further proof. Ray v. Stewart, 105 N.C. 472, 11 S.E. 182 (1890); Barcello v. Hapgood, 118 N.C. 712, 24 S.E. 124 (1896); Wyman v. Taylor, 124 N.C. 426, 32 S.E. 740 (1899).

Extension of Time for Registration. — "Prior to 1885 the statutes provided that all grants, deeds, etc., be registered in the county wherein the land was situated within two years from the date thereof. With one or two omissions, the legislature uniformly extended the time for registration for two years. The Supreme Court with equal uniformity held that such instruments, when registered within two years from their date or within the extended period, were good and valid for all purposes from their date by relation." Janney v. Blackwell, 138 N.C. 437, 50 S.E. 857 (1905).

§ 146-56. Time for registering grants extended. — All grants from the State of North Carolina of lands and interests in land heretofore made, which were required or allowed to be registered within a time specified by law, or in the grants themselves, may be registered in the counties in which the lands lie respectively at any time within six years from January 1, 1918, notwithstanding the fact that such specified time has already expired, and all such grants heretofore registered after the expiration of such specified time shall be taken and treated as if they had been registered within such specified time: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants, or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant. (1893, c. 40; 1901, c. 175; 1905, c. 6; Rev., s. 1747; 1907, c. 805; 1909, c. 167; 1911, c. 182; Ex. Sess. 1913, cc. 27, 45; 1915, c. 170; 1917, c. 84; C. S., s. 7593; Ex. Sess. 1920, c. 78; 1921, c. 153; G. S., s. 146-63; 1959, c. 683, s. 1.)

Registration against Junior Grant. — Where neither party has possession, the senior grant is valid against a junior grant duly recorded no matter how long registration may have been delayed by senior grantee. Janney v. Blackwell, 138 N.C. 437, 50 S.E. 857 (1905).

It is not necessary that a grant from the State be registered to make it valid. The retroactive statutes making grants registered after the times prescribed valid, gives good title against a junior grant duly recorded. Dew v. Pyke, 145 N.C. 300, 59 S.E. 76 (1907).

§ 146-57. Time for registering grants and other instruments extended. — The time is hereby extended until September 1, 1926, for the proving and registering of all deeds of gift, grants from the State, or other instruments of writing heretofore executed and which are permitted or required by law to be registered, and which were or are required to be proved and registered within a limited time from the date of their execution; and all such instruments which have heretofore been or may be probated and registered before the expiration of the period herein limited shall be held and deemed, from and after the date of such registration, to have been probated and registered in due time, if proved in due form, and registration thereof be in other respects valid: Provided that nothing in this section shall be held or deemed to validate or attempt to validate or give effect to any informal instrument; and provided

further that this section shall not affect pending litigation: Provided further that nothing herein contained shall be held deemed to place any limitation upon the time allowed for the registration of any instrument where no such limit is now fixed by law. (Ex. Sess. 1924, c. 20; G. S., s. 146-64; 1959, c. 683, s. 1.)

Effect on § 47-26. — Where a mother has made a deed of gift of her lands to her son, who has failed to have it registered in the time required by § 47-26, and it is for that reason void, a latter curative statute extending the time for registration cannot revive the void deed to the son. Under the facts, vested rights thereunder have been acquired. Booth v. Hairston, 193 N.C. 278, 136 S.E. 879, 57 A.L.R. 1186 (1927); (rehearing) 195 N.C. 8, 141 S.E. 480 (1928).

§ 146-58. Time for registering grants further extended. — The time for the registration of grants issued by the State of North Carolina is hereby extended for a period of two years from January 1, 1925: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants, or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant. (1925, c. 97; G. S., s. 146-65; 1959, c. 683, s. 1.)

§ 146-59. Time for registering grants or copies extended. — The time for the registration of grants issued by the State of North Carolina, or copies of such grants duly certified by the Secretary of State under his official seal, be and the same hereby is extended for a period of two years from January 1, 1927, and such grants or copies thereof duly certified as above set forth may be registered within such time as fully as the original might have been registered at any time heretofore: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants or any of them, acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant. (1927, c. 140; G. S., s. 146-66; 1959, c. 683, s. 1.)

§ 146-60. Further extension of time for registering grants or copies. — The time for the registration of grants issued by the State of North Carolina, or copies of such grants duly certified by the Secretary of State under his official seal, be and the same hereby is extended for a period of two years from January 1, 1947, next ensuing, and such grants or copies thereof duly certified as above set forth may be registered within such time as fully as the original might have been registered at any time heretofore: Provided that nothing herein contained shall be held or have the effect to divest any rights, titles, or equities in or to the land covered by such grants or any of them acquired by any person from the State of North Carolina by or through any entry or grant made or issued since such grants were respectively issued, or those claiming through or under such subsequent entry or grant. (1947, c. 99; G. S., s. 146-66.1; 1959, c. 683, s. 1.)

Article 13.

Grants Vacated.

§ 146-61. Civil action to vacate grant. — When any person claiming title to lands under a grant or patent from the King of Great Britain, any of the lords proprietors of North Carolina, or from the State of North Carolina, shall consider himself aggrieved by any grant or patent issued or made since July 4, 1776, to any other person, against law or obtained by false suggestions, surprise, or fraud, the person aggrieved may bring a civil action in the superior court for the county in which such land may be, together with an authenticated

copy of such grant or patent, briefly stating the grounds whereon such patent should be repealed and vacated, whereupon the grantee, patentee, or the person, owner, or claimant under such grant or patent, shall be required to show cause why the same shall not be repealed and vacated. (R. C., c. 42, s. 29; Code, s. 2786; Rev., s. 1748; C. S., 7594; G. S., s. 146-67; 1959, c. 683, s. 1.)

Collateral Attack on Grant. — If the land be not subject to entry, the grant is void, and may be attacked collaterally. Janney v. Blackwell, 138 N.C. 437, 50 S.E. 857 (1905).

Plaintiff Must Claim an Interest in Land. — An action cannot be had under this section unless it is made to appear that the plaintiff has an interest in the land claimed by the defendant. Jones v. Riggs, 104 N.C. 281, 70 S.E. 465 (1889); Wadsworth v. Cozad, 175 N.C. 15, 94 S.E. 670 (1917).

Where the State has no interest in the land, an action to vacate a grant must be brought by the party in interest in his own name and at his own expense. State ex rel. Attorney Gen. v. Bland, 123 N.C. 739, 31 S.E. 475 (1898).

Fraud Practiced on the State. — A grant cannot be set aside at the suit of a junior grantee on the ground of fraud practiced on the State. Henry v. McCoy, 131 N.C. 586, 42 S.E. 955 (1902).

Action Where Land in Several Counties. — When it appears in an action for the cancellation of several grants, some of which were issued in a different county from that wherein the action was brought, that the allegation of fraud and false suggestion involves one and the same transaction, affecting each and all the grants, the subject of the litigation, it is unnecessary to bring a separate action in respect to the grants issued in the other county, some of the lands, the subject of the action, lying in the county wherein the action was brought. Kanawha Hardwood Co. v. Waldo, 161 N.C. 196, 76 S.E. 680 (1912).

Only Means of Attacking Grants. — It is well settled that a grant can only be vacated by proceedings under the statute (former §§ 146-67 to 146-69). Crow v. Holland, 15 N.C. 417 (1834); McNamee v. Alexander, 109 N.C. 242, 13 S.E. 777 (1891); Kimsey v. Munday, 112 N.C. 816, 17 S.E. 583 (1893).

§ 146-62. Judgment recorded in Secretary of State's office. — If, upon verdict or demurrer, the court believe that the patent or grant was made against law or obtained by fraud, surprise, or upon untrue suggestions, it may vacate the same; and a copy of such judgment, after being recorded at large, shall be filed by the petitioner in the Secretary of State's office, where it shall be recorded in a book kept for that purpose; and the Secretary shall note in the margin of the original record of the grant the entry of the judgment, with a reference to the record in his office. (R. C., c. 42, s. 30; Code, s. 2787; Rev., s. 1749; C. S., s. 7595; G. S., s. 146-68; 1959, c. 683, s. 1.)

§ 146-63. Action by State to vacate grants. — An action may be brought by the Attorney General in the name of the State for the purpose of vacating or annulling letters patent granted by the State, in the following cases:

(1) When he has reason to believe that such letters patent were obtained by means of some fraudulent suggestion or concealment of a material fact, made by the person to whom the same were issued or made, or with his consent or knowledge; or

(2) When he has reason to believe that such letters patent were issued through mistake, or in ignorance of a material fact; or

(3) When he has reason to believe that the patentee, or those claiming under him, have done or omitted an act in violation of the terms and conditions on which the letters patent were granted, or have by any other means forfeited the interest acquired under the same. (C. C. P., s. 367; Code, s. 2788; Rev., s. 1750; C. S., s. 7596; G. S., s. 146-69; 1959, c. 683, s. 1.)

Editor's Note. — For note on defining navigable waters and the application of the public trust doctrine in North Carolina, see 49 N.C.L. Rev. 888 (1971).

State Must Be a Party Interested. — The State can only bring action under this section to vacate a grant when title would vest in the State upon cancellation of the grant. State ex rel. Attorney Gen. v. Bland, 123 N.C. 739, 31 S.E. 475 (1898).

Attorney General Must Bring Action. — The right to bring action to set aside a grant because of fraud practiced on the State must be brought by the Attorney General in the name

of the State, and cannot be brought by any other person. Henry v. McCoy, 131 N.C. 586, 42 S.E. 955 (1902); Jones v. Riggs, 154 N.C. 281, 70 S.E. 465 (1911).

Grounds for Vacating. — Where a grant has been in strict compliance with the law, rights of property have been acquired which cannot be taken away, even by the State, in the absence of an allegation of fraud or mistake, except after compensation and under the principle of eminent domain. State ex rel. Blount v. Spencer, 114 N.C. 770, 19 S.E. 93 (1894).

Applicable Only to Land Grants. — A license to sell liquor is not a letter patent to be vacated by quo warranto under this section. Hargett v. Bell, 134 N.C. 394, 46 S.E. 749 (1904).

Proceeding by the Attorney General to vacate a charter of a corporation cannot be brought under this section, or because of any authority vested by this section, but must be brought under Chapter 55. Attorney Gen. v. Holly Shelter R.R., 134 N.C. 481, 46 S.E. 959 (1904).

SUBCHAPTER IV. MISCELLANEOUS.

ARTICLE 14.

General Provisions.

§ 146-64. Definitions. — As used in this Chapter:

(1) "Acquired lands" means all State lands, title to which has been acquired by the State or by any State agency by purchase, devise, gift, condemnation, or adverse possession.

(2) "Escheated lands" means all State lands, title to which has been acquired by escheat.

(3) "Land" means real property, buildings, space in buildings, timber rights, mineral rights, rights-of-way, easements, options, and all other rights, estates, and interests in real property.

(4) "Navigable waters" means all waters which are navigable in fact.

(5) "State agency" includes every agency, institution, board, commission, bureau, council, department, division, officer, and employee of the State, but does not include counties, municipal corporations, political subdivisions of the State, county or city boards of education, or other local public bodies. The term "State agency" does not include any private corporation created by act of the General Assembly. In case of doubt as to whether a particular agency, corporation, or institution is a State agency for the purposes of this Chapter, the Attorney General, upon request of the Governor and Council of State, shall make a determination of the issue. Upon a finding by the Attorney General that an agency, corporation, or institution is not a State agency for the purpose of this Chapter, the Governor and Council of State may execute a deed or other appropriate instrument releasing and quitclaiming all title and interest of the State in the lands of that agency, corporation, or institution.

(6) "State lands" means all land and interests therein, title to which is vested in the State of North Carolina, or in any State agency, or in the State to the use of any agency, and specifically includes all vacant and unappropriated lands, swamplands, submerged lands, lands acquired by the State by virtue of being sold for taxes, escheated lands, and acquired lands.

(7) "Submerged lands" means State lands which lie beneath

a. Any navigable waters within the boundaries of this State, or

b. The Atlantic Ocean to a distance of three geographical miles seaward from the coastline of this State.

(8) "Swamplands" means lands too wet for cultivation except by drainage, and includes

a. All State lands which have been or are known as "swamp" or "marsh" lands, "pocosin bay" "briary bay" or "savanna," and which are a part of one swamp exceeding 2,000 acres in area, or

which are a part of one swamp 2,000 acres or less in area which has been surveyed by the State; and

b. All State lands which are covered by the waters of any state-owned lake or pond.

(9) "Vacant and unappropriated lands" means all State lands title to which is vested in the State as sovereign, and land acquired by the State by virtue of being sold for taxes, except swamplands as hereinafter defined. (1854-5, c. 21; R. C., c. 42, s. 1; Code, s. 2751; 1891, c. 302; Rev., ss. 1693, 1695; C. S., ss. 7540, 7542; G. S., ss. 146-1, 146-4; 1959, c. 683, s. 1; 1969, c. 1164.)

Editor's Note. — For note on defining navigable waters and the application of the public trust doctrine in North Carolina, see 49 N.C.L. Rev. 888 (1971).

Effect of Grant. — Lands once granted by the State to individual citizens do not become "vacant lands" within the meaning of the statute, where the State subsequently acquires title to them but abandons the actual use to which they were put. State v. Bevers, 86 N.C. 588 (1882).

Swamplands, within the meaning of this section are those too wet for cultivation except by drainage. Beer v. Whiteville Lumber Co., 170 N.C. 337, 86 S.E. 1024 (1915).

Swamplands of two creeks may be separate and not subject to the same application of this section though it appears that sometimes during freshets and high water these are all covered with one sheet of water. Beer v. Whiteville Lumber Co., 170 N.C. 337, 86 S.E. 1024 (1915).

A tract of land within the area of swamplands coming within the meaning of this section need not necessarily be free from knolls or higher and drier places. State Board of Educ. v. Roanoke R.R. & Lumber Co., 158 N.C. 313, 73 S.E. 994 (1912).

Tract Held Not Swampland. — See Resort Dev. Co. v. Parmele, 235 N.C. 689, 71 S.E.2d 474 (1952).

Tidelands. — The fact that tidelands conveyed by the State Board of Education are thereafter filled in and reclaimed by the purchaser does not divest the title of the purchaser, since the conveyance is of the fee and not an easement in the lands. Home Real Estate Loan & Ins. Co. v. Parmele, 214 N.C. 63, 197 S.E. 714 (1938).

Ownership of Foreshore Remains in State. — There is nothing in this section or § 146-3 to change the general rule that ownership of the foreshore remains in the State. On the contrary, it is noteworthy that a special class was created for the protection of the foreshore and the marginal seas. Therefore, littoral rights do not include ownership of the foreshore. Carolina Beach Fishing Pier, Inc. v. Town of Carolina Beach, 277 N.C. 297, 177 S.E.2d 513 (1970).

Watercourses Navigable in Fact Are Navigable in Law. — The present North Carolina law as to navigable waters is that all watercourses are regarded as navigable in law that are navigable in fact. Swan Island Club, Inc. v. White, 114 F. Supp. 95 (E.D.N.C. 1953).

Grant of Land under Navigable Waters Void in Absence of Specific Authority. — In the absence of specific authority from the legislature, the State at no time had the power to grant land under navigable waters and all of such grants are void. Swan Island Club, Inc. v. White, 114 F. Supp. 95 (E.D.N.C. 1953).

Grant Impeding Navigation. — In respect to navigable waters the State has no right to grant or convey the land under such waters for any purpose which will destroy or materially impede the use of such waters for navigation. Home Real Estate Loan & Ins. Co. v. Parmele 214 N.C. 63, 197 S.E. 714 (1938).

Governor Not Authorized to Agree to Boundary Line over Land under Navigable Waters. — The Governor of North Carolina was without authority in 1927 to agree as to a private owner's boundary line over lands under navigable waters, as this section at the time prohibited the grant of or entry upon such lands. Swan Island Club, Inc. v. White, 114 F. Supp. 95 (E.D.N.C. 1953).

Decrees in Torrens Proceeding Adjudging Ownership in Land under Navigable Water.— Insofar as a decree in a Torrens proceeding adjudged the plaintiff the owner in fee of shoal lands under navigable water, it transcended the power of the court under the law, and, therefore, is open to collateral attack. Swan Island Club, Inc. v. White, 114 F. Supp. 95 (E.D.N.C. 1953).

Grants to Land Not Subject to Entry. — An entry made to swampland when the body contains more than 2,000 acres is void, and a grant under such entry is void. State Board of Educ. v. Roanoke R.R. & Lumber Co., 158 N.C. 313, 73 S.E. 994 (1912). See Home Real Estate Loan & Ins. Co. v. Parmele, 214 N.C. 63, 197 S.E. 714 (1938).

§ 146-65. Exemptions from Chapter. — None of the provisions of Chapter 146 shall apply to :

Nor shall the provisions of Chapter 146 abrogate or alter any otherwise valid contract or agreement heretofore made and entered into by the State of North Carolina or by any of its subdivisions or agencies during the term or period of such contract or agreement. (1957, c. 584, s. 6; G.S., s. 146-112; 1959, c. 683, s. 1; 1973, c. 507, s. 5.)

(1959, c. 683, s. 1.)

§ 146-70. Institution of land actions by the State. — Every action or special proceeding in behalf of the State or any State agency with respect to State lands or any interest therein, or with respect to land being condemned by the State, shall be brought by the Attorney General in the name of the State, upon the complaint of the Director of Administration. (1959, c. 683, s. 1.)

Quoted in State v. Brooks, 279 N.C. 45, 181 S.E.2d 553 (1971).

Article 15.

§ 146-72. Purpose. — The State Land Fund may, in accordance with rules and regulations adopted by the Governor and approved by the Council of State, be used for the following purposes:

(1) To pay any expenses incurred in carrying out the duties and responsibilities created by the provisions of this Chapter.
(2) For the acquisition of land, when appropriation is made for that purpose by the General Assembly. (1959, c. 683, s. 1.)

§ 146-73. Administration. — The State Land Fund shall be administered by the Department of Administration, in accordance with rules and regulations adopted by the Governor and approved by the Council of State. All expenditures from the fund shall be made upon order of the Director of the Budget, or of the officer designated by him to issue such orders. (1959, c. 683, s. 1.)

Article 16.

Form of Conveyances.

§ 146-74. Approval of conveyances. — Every proposed conveyance in fee of State lands shall be submitted to the Governor and Council of State for their approval. Upon approval of the proposed conveyance in fee by the Governor and Council of State, a deed for the land being conveyed shall be executed in the manner prescribed in this article. (1957, c. 584, s. 7; G. S., s. 143-147; 1959, c. 683, s. 1.)

§ 146-75. Execution; signature; attestation; seal. — Each such conveyance in fee shall be in the usual form of deeds of conveyance of real property and shall be executed in the name of the State of North Carolina, signed in the name of the State by the Governor, and attested by the Secretary of State; and the great seal of the State of North Carolina shall be affixed thereto. (1929, c. 143, s. 2; G. S., s. 143-148; 1959, c. 683, s. 1.)

§ 146-76. Exclusive method of conveying State lands. — The manner and method of conveying State lands herein set out shall be the exclusive and only method of conveying State lands in fee. Any conveyance thereof by any other person or executed in any other manner or by any other method shall not be effective to convey the interest or estate of the State in such land. (1929, c. 143, s. 4; G. S., s. 143-150; 1959, c. 683, s. 1.)

§ 146-77. Admission to registration in counties. — Each such conveyance shall be admitted to registration in the several counties of the State upon the probate required by law for deeds of corporations. (1929, c. 143, s. 3; G. S., s. 143-149; 1959, c. 683, s. 1.)

§ 146-78. Validation of conveyances of state-owned lands. — All conveyances heretofore made by the Governor, attested by the Secretary of State, and authorized by the Council of State, in the manner provided by G. S. 146-74 and 146-75 of any lands, the title to which was vested in the State for the use of any State institution, department, or agency, or vested in the State for any other purpose, are hereby ratified and validated. (1917, c. 129; C. S., s. 7524; 1951, c. 18; 1957, c. 584, s. 7; G. S., s. 143-146; 1959, c. 683, s. 1.)

Article 17.

Title in State.

§ 146-79. Title presumed in the State; tax titles. — In all controversies and suits for any land to which the State or any State agency or its assigns shall be a party, the title to such lands shall be taken and deemed to be in the State or the State agency or its assigns until the other party shall show that he has a good and valid title to such lands in himself.

In all controversies touching the title or the right of possession of any lands

claimed by the State or by any State agency under any sale for taxes at any time heretofore made or which hereafter may be made, the deed of conveyance made by the sheriff or other officer or person making such sale, or who may have been authorized to execute such deed, shall be presumptive evidence that the lands therein mentioned were, at the time the lien for such taxes attached and at the time of the sale, the property of the person therein designated as the delinquent owner; that such lands were subject to taxation; that the taxes were duly levied and assessed; that the lands were duly listed; that the taxes were due and unpaid; that the manner in which the listing, assessment, levy, and sale were conducted was in all respects as the law directed; that all the prerequisites of the law were duly complied with by all officers or persons who had or whose duty it was to have had any part or action in any transaction relating to or affecting the title conveyed or purported to be conveyed by the deed, from the listing and valuation of the property up to the execution of the deed, both inclusive; and that all things whatsoever required by law to make a good and valid sale and vest the title in the purchaser were done, and that all recitals in such deed contained are true as to each and every of the matters so recited.

In all controversies and suits involving the title to real property claimed and held under and by virtue of a deed made substantially as above, the person claiming title adverse to the title conveyed by such deed shall be required to prove, in order to defeat such title, either that the real property was not subject to taxation for the year or years named in the deed, that the taxes had been paid before the sale, that the property had been redeemed from the sale according to the provisions of law, and that such redemption was had or made for the use or benefit of persons having the right of redemption under the laws of this State, or that there had been an entire omission to list or assess the property or to levy the taxes or to sell the property; but no person shall be permitted to question the title acquired under such sale and deed without first showing that he or the person under whom he claims title had title to the property at the time of the sale, and that all taxes due upon the property have been paid by such person or the person under whom he claims title. (1842-3, c. 36, s. 3; R. C., c. 66, s. 24; Code, s. 2527; 1889, c. 243; Rev., s. 4047; C. S., s. 7617; G. S., s. 146-90; 1959, c. 683, s. 1.)

In Action by State Title Is Taken to Be in State. — In an action instituted by the State of North Carolina to remove cloud on title to a tract of coastal marshland title to the lands in controversy shall be taken to be in the State unless and until the other party shall show that he has a good and valid title to such lands in himself. State v. Brooks, 279 N.C. 45, 181 S.E.2d 553 (1971).

Under former § 146-90, when it was shown that land was swampland and within a swamp of more than 2,000 acres, the law presumed that the Board of Education was the owner thereof. State Bd. of Educ. v. Makely, 139 N.C. 31, 51 S.E. 784 (1905); State Bd. of Educ. v. Roanoke R.R. & Lumber Co., 158 N.C. 313, 73 S.E. 994 (1912).

Defendants must carry the burden of proof by showing a connected chain of title from the sovereign to them for the identical lands claimed by them. State v. Brooks, 279 N.C. 45, 181 S.E.2d 553 (1971).

And Failure to Meet Burden Vests Title in State. — Where defendants failed to show they had a good and valid title to the subject land in themselves, and the identity and location of the subject land having been established by stipulation, as between the State of North Carolina and defendants, this section vested title in the State, and the court erred in submitting the issue to the jury, the question for decision being a matter of law for the court. State v. Brooks, 279 N.C. 45, 181 S.E.2d 553 (1971).

Presumption Rebuttable. — The presumption of title lasts only until good title is shown to be in another party. New Hanover Shingle Mills Co. v. John L. Roper Lumber Co., 178 N.C. 221, 100 S.E. 332 (1919).

Effect of Presumption as to Title on Interpretation of Deed. — The description "to the high watermark" of nonnavigable arm of the sea, a broad shallow sound, restricted or limited conveyance to correctly located line of mean high water as indicated on the ground, particularly where title to marshlands was at time lots were laid off held by State subject to disposition by State Board of Education, since under former § 146-90 title to swamplands was presumed to be in Board or its assignees until a valid title to such land was

shown otherwise. Kelly v. King, 225 N.C. 709, 36 S.E.2d 220 (1945)

Presumption That Officers Do Their Duty. — It is entirely proper and competent for the State to provide that the presumption that public officials have done their duty should apply, and throw upon any adverse claimant the burden of proving the contrary. This decision does not, in any way, conflict with the cases of King v. Cooper, 128 N.C. 347, 38 S.E. 924 (1901); Matthews v. Fry, 141 N.C. 582, 54 S.E. 379 (1906); Warren v. Williford, 148 N.C. 474, 62 S.E. 697 (1908), and Rexford v. Phillips, 159 N.C. 213, 74 S.E. 337 (1912), the facts in those cases and this one being very different. State Bd. of Educ. v. Remick, 160 N.C. 562, 76 S.E. 627 (1912).

§ 146-80. Statute of limitations. — No statute of limitations shall affect the title or mar the action of the State, or of any State agency, or of its assigns, unless the same would protect the person holding and claiming adversely against the State. Neither the State nor any State agency, nor its assigns, shall commence any action for the recovery of damages for timber cut and removed from lands owned by the State or by any State agency or for any other act of trespass committed on such lands, more than 10 years after the occurrence of such cutting, removal, or other act of trespass. The provisions of this section shall not have the effect of reviving any cause of action which was, at the date of ratification of this Chapter, barred by any applicable statute of limitations. (1842, c. 36, s. 5; R. C., c. 66, s. 25; Code, s. 2528; Rev., s. 4048; 1917, ch. 287; C. S., s. 7618; G. S., s. 146-91; 1959, c. 683, s. 1.)

Editor's Note. — Tillery v. Whiteville Lumber Co., 172 N.C. 296, 90 S.E. 196 (1916) laid down the rule that this statute was not intended to protect an assignee of the State against the three-year statute of limitations when the action was for damage to timber. By amendment in 1917 the part of the section now contained in the second sentence was added.

The purpose of this section was to make applicable to the State Board of Education the same limitations applicable to the State, and the words "or its assigns" were intended to make applicable to assigns of the Board the same limitations applicable to the Board, but only as applied to adverse possession had while title was in the Board. Virginia-Carolina Tie & Wood Co. v. Dunbar, 106 F.2d 383 (4th Cir. 1939)

Board of Education Not Barred by Statute of Limitations.—In an action for land brought by the State Board of Education, the plaintiff is not barred by the statute of limitations, which does not run in such cases, unless the State would have been barred by adverse possession. State Bd. of Educ. v. Roanoke R.R. & Lumber Co., 158 N.C. 313, 73 S.E. 994 (1912).

Harmless Error. — In action for damages for alleged trespass in the cutting of timber on swampland where defendants claimed adverse possession under color of title of land in dispute, and plaintiff claimed title under deeds executed by the State Board of Education to a third party, error, if any, in charging that the 7-year statute of limitations, rather than the 21-year statute, was applicable was harmless to plaintiff where, under defendants' evidence, jury could not have found that defendants and those under whom defendants claimed had been in possession for 7 years without finding that they had been in possession for more than 21 years. Virginia-Carolina Tie & Wood Co. v. Dunbar, 106 F.2d 383 (4th Cir. 1939).

§ 146-81. Title to lands sold for taxes. — The title to all land acquired by the State by virtue of being sold for taxes is hereby vested in the State of North Carolina. (1917, c. 209; C. S., s. 7615; G. S., s. 146-88; 1959, c. 683, s. 1.)

§ 146-82. Protection of interest in lands sold for taxes. — Whenever any lands in which the State of North Carolina or any State agency has an interest, by way of mortgage or otherwise, are advertised to be sold for any taxes or special assessment, or under any lien, the Department of Administration is authorized, if in its judgment it is necessary to protect the interest of the State, to appear at any sale of such lands and to buy the same as any other person would. For the purpose of paying therefor, the Director of the Budget is authorized to draw upon the State Land Fund. (1917, c. 246; C. S., s. 7616; G. S., s. 146-89; 1959, c. 683, s. 1.)

§ 147-23. Conditional pardons may be granted. — In any case in which the Governor is authorized by the Constitution to grant a pardon he may, upon the petition of the prisoner, grant it, subject to such conditions, restrictions, and limitations as he considers proper and necessary, and he may issue his warrant to all proper officers to carry such pardon into effect in such manner as he thinks proper. (1905, c. 356; Rev. s. 5335; C. S., s. 7643.)

§ 147-24. Governor's duties when conditions of pardon violated. — If a prisoner who has been pardoned upon conditions to be observed and performed by him violates such conditions, or any of them, the Governor, upon receiving information of such violation, shall forthwith cause him to be arrested and detained until the case can be examined by him. The Governor shall examine the case of such prisoner, and if it appears by his own admission or by such evidence as the Governor may require that he has violated the conditions of his pardon, the Governor shall order him remanded and confined for the unexpired term of his sentence; said confinement, if the prisoner is under any other sentence of imprisonment at the time of said order, to begin upon expiration of such sentence. In computing the period of his confinement the time between the conditional pardon and subsequent arrest shall not be taken to be a part of the time of his sentence. If it appears to the Governor that he has not broken the conditions of his conditional pardon he shall be released and his conditional pardon shall remain in force. (1905, c. 356, ss. 2, 3; Rev., s. 5336; C. S., s. 7644.)

Editor's Note. — This section is reviewed in 1 N.C.L. Rev. 47.

Conditional Pardon. — The Governor may grant a pardon upon a condition precedent that the prisoner pay costs of trial; and upon condition subsequent, that he remain of good character, and be sober and industrious. See N.C. Const., Art. III, § 5. Ex parte Williams, 149 N.C. 436, 63 S.E. 108 (1908).

Same — Revocation. — After delivery and acceptance of a pardon with conditions precedent and subsequent, it is irrevocable upon the compliance by the prisoner with the condition precedent, unless he shall violate the conditions subsequent by his conduct after the release. Ex parte Williams, 149 N.C. 436, 63 S.E. 108 (1908).

Rearrest of Paroled Prisoner. — Under the provisions of the State Constitution and statutes, a "parole" granted by the Governor to a prisoner imports a conditional pardon, and the Governor may cause his rearrest either upon his own admissions, or on such evidence as he may require, for violating the conditions which the prisoner has accepted under the terms of the parole. State v. Yates, 183 N.C. 753, 111 S.E. 337 (1922).

Reasonable Conditions Imposed. — The power of the Governor to grant a conditional pardon is generally subject to the limitation that the conditions imposed must not be illegal, immoral or impossible of performance, which does not apply to cases wherein he is only required not to violate the statute law, and remain of good conduct. State v. Yates, 183 N.C. 753, 111 S.E. 337 (1922).

Same — Breach by Prisoner. — Where the prisoner has accepted his freedom upon the terms of the conditional pardon from the Governor, his breach of such conditions voids

the pardon and cancels his right to further immunity from punishment. State v. Yates, 183 N.C. 753, 111 S.E. 337 (1922).

The essential part of a sentence for a violation of the criminal law is the punishment for the offense committed, and not the time the sentence shall begin and end; and where the prisoner has accepted a conditional pardon from the Governor and has obtained his freedom, the breaking of the condition after the term would have otherwise expired, affords no legal excuse why he should not be recommitted to serve out the balance of his sentence. State v. Yates, 183 N.C. 753, 111 S.E. 337 (1922).

§ 147-25. Duty of sheriff and clerk on pardon granted. — If a prisoner is pardoned conditionally or unconditionally, or his punishment is commuted, the officer to whom the warrant for such purpose is issued shall, as soon as may be after executing it, make return thereof, signed by him, with his doing thereon, to the Governor's office, and shall file in the office of the clerk of the court in which the offender was convicted an attested copy of the warrant and return, and the clerk shall file the same in his office and subjoin a brief abstract thereof to the record of the conviction and sentence, and at the next regular term of said court said warrant shall be entered upon the minutes of the court. (1905, c. 356, s. 4; Rev., s. 5337; C. S., s. 7645.)

When Sheriff Cannot Defeat Pardon. — The sheriff, by returning a pardon after its delivery and acceptance by the prisoner, cannot defeat or impair its legal results. Ex parte Williams, 149 N.C. 436, 63 S.E. 108 (1908).

Recovery of Fine Paid before Pardon. — Where one convicted of a crime has paid the fine imposed by the court and then has obtained a pardon from the Governor, it is the duty of the court to return the fine upon his application and presenting the pardon, so long as the money remains in its possession and the rights of third persons have not intervened; but where the fine collected has reached its final destination, it is beyond the reach of executive clemency, and may not be recovered. Byrum v. Turner, 171 N.C. 86, 87 S.E. 975 (1916).

§ 147-26. To procure great seal of State; its description. — The Governor shall procure for the State a seal, which shall be called the great seal of the State of North Carolina, and shall be two and one-quarter inches in diameter, and its design shall be a representation of the figures of Liberty and Plenty, looking toward each other, but not more than half-fronting each other and otherwise disposed as follows: Liberty, the first figure, standing, her pole with cap on it in her left hand and a scroll with the word "Constitution" inscribed thereon in her right hand. Plenty, the second figure, sitting down, her right arm half extended towards Liberty, three heads of grain in her right hand, and in her left, the small end of her horn, the mouth of which is resting at her feet, and the contents of the horn rolling out.

The background on the seal shall contain a depiction of mountains running from left to right to the middle of the seal and an ocean running from right to left to the middle of the seal. A side view of a three-masted ship shall be located on the ocean and to the right of Plenty. The date "May 20, 1775" shall appear within the seal and across the top of the seal and the words "esse quam videri" shall appear at the bottom around the perimeter. The words "THE GREAT SEAL of the STATE of NORTH CAROLINA" shall appear around the perimeter. No other words, figures or other embellishments shall appear on the seal.

It shall be the duty of the Governor to file in the office of Secretary of State an impression of the great seal, certified to under his hand and attested by the Secretary of State, which impression so certified the Secretary of State shall carefully preserve among the records of his office. (1868-9, c. 270, s. 35; 1883, c. 392; Code, ss. 3328, 3329; 1893, c. 145; Rev. s. 5339; C. S. s. 7646; 1971, c. 167, s. 1.)

Editor's Note. — The 1971 amendment substituted "grain" for "wheat" in the second sentence of the first paragraph, deleted "there shall also be inserted thereon the words 'esse quam videri' " at the end of that sentence, added the second paragraph, and made the former last sentence of the first paragraph into the third paragraph.

Session Laws 1971, c. 167, s. 1.1, provides: "This act shall not invalidate any Seal presently on display or heretofore used."

The Great Seal of the State of North Carolina. — See opinion of Attorney General to Dr. H.G. Jones, Department of Archives and History, 41 N.C.A.G. 214 (1971).

§ 147-27. Affixing great seal a second time to public papers. — In all cases where any person may find it necessary to have the great seal of the State put again to any public paper, other than a grant for lands, he may prefer his petition to the Governor and Council, who shall, if they deem the same proper, direct the seal to be put thereto. (1868-9, c. 270, s. 38; Code, s. 3333; Rev., s. 5338; C. S., s. 7647.)

§ 147-28. To procure seals for departments and courts. — The Governor shall also procure a seal for each department of the State government to be used for attesting and authenticating grants, proclamations, commissions, and other public acts, in such manner as may be directed by law and the usage established in the public offices; also a seal for every court of record in the State, for the purpose of authenticating the papers and records of such court. All such seals shall be delivered to the proper officers, who shall give a receipt therefor and be accountable for their safekeeping. (1868-9, c. 270, ss. 35, 37; 1883, c. 71; Code, ss. 3328, 3332; Rev., s. 5340; C. S., s. 7648.)

§ 147-29. Seal of Department of State described. — The seal of the Department of State shall be two inches in diameter and shall be of the same design as the great seal of the State, with the words "State of North Carolina, Department of State," surrounding the figures. (1883, c. 238; Code, s. 3330; Rev., s. 5341; C. S., s. 7649.)

§ 147-30. To provide new seals when necessary. — Whenever the great seal of the State shall be lost or so worn or defaced as to render it unfit for use, the Governor shall provide a new one and when such new one is provided the former one, if it can be found, shall be destroyed in the presence of the Governor. Whenever the seal of any department of the State shall be lost or so worn or defaced as to render it unfit for use, a new seal shall be provided by the head of the department and the former one, if it can be found, shall be destroyed in the presence of the head of the department. Whenever the seal of any court of record shall be lost or so worn or defaced as to render it unfit for use, the board of county commissioners of the county in which such court is situate shall provide a new one and the old one, if it can be found, shall be destroyed in the presence of the chairman of the board of county commissioners of such county. (1868-9, c. 270, s. 36; Code, s. 3331; Rev., s. 5342; C. S., s. 7650; 1943, c. 632.)

§ 147-31. Payment for seals. — The Treasurer shall pay the expense of procuring all seals provided for in this Chapter, upon the warrant of the Auditor. (1868-9, c. 270, s. 37; 1883, c. 71; Code, s. 3332; Rev., s. 5343; C. S., s. 7651.)

§ 147-31.1. Office space and expenses for Governor-elect and Lieutenant Governor-elect. — The Department of Administration, upon request of the Governor-elect and Lieutenant Governor-elect, made after the general election for these respective offices, is empowered and directed to provide suitable office space and office staff for each such official for the period between the general election and inauguration.

§ 147-33. Compensation and expenses of Lieutenant Governor. — As authorized by Article III, Sec. 6 of the Constitution of North Carolina, the salary of the Lieutenant Governor is hereby fixed at thirty thousand dollars ($30,000) per year. S., s. 3862; 1945, c. 1; 1953, c. 1, s. 1; 1963, c. 1050; 1967, c. 1170, s. 1; 1971, c. 913.)

Editor's Note. — The 1971 amendment rewrote this section.

(1) Formulate and execute plans for:
   a. The inventory, mobilization, conservation, distribution or use of food, fuel, clothing and other necessaries of life and health, and of land, labor, materials, industries, facilities and other resources of the State necessary or useful in the prosecution of the war;

Should any officer or employee fail to perform the requirements of this section, he shall be guilty of a misdemeanor. The Auditor and his authorized agents are authorized to examine all books and accounts of any individual, firm, or corporation only insofar as it relates to transactions with any department, board, officer, commission, institution, or other agency of the State; provided that such examination shall be limited to those things which might relate to irregularities on the part of any State agency.

(17) The Auditor may, as often as he deems advisable, conduct a detailed review of the bookkeeping and accounting systems in use in the various departments, institutions, commissions, boards and agencies which are supported partially or entirely from State funds. Such examinations would be for the purpose of evaluating the adequacy of systems in use by these agencies and institutions. In instances where the Auditor determines that existing systems are outmoded, inefficient or otherwise inadequate, he shall prescribe and supervise the installation of such changes, as, in his judgment, appear necessary to secure and maintain internal control and facilitate the recording of accounting data for the purpose of preparing reliable and meaningful financial statements and reports. In all cases in which major changes in the accounting systems are made, he will be responsible for seeing that the new system is designed to accumulate information required for the preparation of budget reports and other financial reports required by the Budget Division of the Department of Administration. In instances in which departments, institutions, boards, commissions and agencies feel it desirable to revise or alter existing accounting systems, said agencies or institutions shall request the Auditor to make a survey of their systems for the purpose of seeing if such a change is desirable, including the advisability of purchasing or renting accounting equipment. Requisitions for the purchase of accounting equipment or contracts for the rental of accounting equipment for any State department, institution, or agency shall be approved by the Auditor.

(18) The Auditor, or his deputy, while conducting an examination authorized by these sections, shall have the power to administer oath to any person whose testimony may be required in any such examination, and to compel the appearance and attendance of such person for the purpose of such an examination. If any person shall

willfully swear falsely in such an examination, he shall be guilty of perjury.

(19) The Auditor may appoint a deputy auditor to perform any duties pertaining to the office, and he may appoint a deputy auditor for any specific purpose; provided that any deputy so appointed shall not be authorized to transfer authority to any other person.

(20) The Auditor shall charge and collect from each of the following agencies the actual cost of audit of such agency: North Carolina Rural Rehabilitation Corporation, State Board of Barber Examiners, State Board of Certified Public Accountant Examiners, State Board of Cosmetic Art Examiners, State Board of Registration for Professional Engineers and Land Surveyors, North Carolina Board of Nurse Registration and Nursing Education, North Carolina Board of Opticians, North Carolina Milk Commission, the State Banking Commission, Board of Transportation, Law-Enforcement Officers' Benefit and Retirement Fund, Board of Paroles, State Probation Commission, North Carolina Wildlife Resources Commission, Atlantic and North Carolina Wildlife Resources Commission, Atlantic and and North Carolina Railroad, Department of Motor Vehicles, Burial Association Commission, North Carolina Public Employees Social Security Agency, and any other agency which operates entirely within its own receipts from revenue derived from sources other than the general fund. Costs collected under this subsection shall be based on the actual expense incurred by the Auditor's office in making such audit and the affected agency shall be entitled to an itemized statement of such costs. Amounts collected under this subsection shall be deposited in the general fund as nontax revenue.

(21) Effective July 1, 1955, or as soon thereafter as practical but not later than July 1, 1956, the functions of preaudit of State agency expenditures, issuance of warrants on the State Treasurer for same, and maintenance of records pertaining to these functions shall be transferred from the Auditor's office to the Budget Bureau. All books, papers, reports, files and other records of the Auditor's office pertaining to and used in the performance of these functions shall be transferred to the Budget Bureau, and office machinery and equipment used primarily in the performance of these functions shall be transferred to the Budget Bureau. The Governor, with the advice and consent of the Advisory Budget Commission, is authorized to determine and declare the effective date of the transfer of these functions and to do all things necessary to effect an orderly and efficient transfer; and the Governor, with the advice and consent of the Advisory Budget Commission, is further authorized to transfer to the Budget Bureau the unused portion of such funds as may have been appropriated to the Auditor's office for the 1955-57 biennium for the performance of the functions and duties transferred to the Budget Bureau under the provisions of this section.

(22) Nothing under this Article shall be construed to affect the right of the Director of the Budget to require information from State agencies under the provisions of Article 1, Chapter 143 of the General Statutes.

(23) It shall be the duty of the State Auditor to make an annual audit of the accounts of the National Driving Center Foundation, Incorporated, and make a report thereof to the General Assembly. (1868-9, c. 270, ss. 63, 64, 65; 1883, c. 71; Code, s. 3350; Rev., s. 5365; 1919, c. 153; C. The second 1973 amendment added subdivision (23).

Mandamus to Compel Issuance of Warrant. — The duty of the Auditor under subdivision (14) is not a ministerial duty but is one involving judgment and discretion, and mandamus will not lie against him for refusal to issue a warrant for payment of a claim he does not approve. Burton v. Furnam, 115 N.C. 166, 20 S.E. 443 (1894).

Where a clerk of the General Assembly had received a warrant for the entire number of days to which he was entitled, at seven dollars per day, he had no right to a writ of mandamus against the Auditor of the State because he refused to give him a warrant for three dollars per day additional for the same number of days for which he had heretofore obtained a warrant. Boner v. Adams, 65 N.C. 639 (1871).

Report to the General Assembly. — The Auditor of the State is not a mere ministerial officer; when a claim is presented to him against the State, he is to decide whether there is a sufficient provision of law for its payment, and if in his opinion there is not sufficient provision of law, he must examine the claim and report the fact, with his opinion to the General Assembly. If such warrant is not presented to the State Treasurer for payment prior to May 1, 1925, the same shall not be paid, but the holder thereof shall be notified of the provisions of G.S. 147-59, 147-60 and 147-61, and upon satisfactory proof that the holder thereof is the proper owner and is entitled to have and receive the proceeds of such warrant and that the obligation for which the warrant is drawn is a subsisting obligation against the State of North Carolina, the warrant may be surrendered to the Auditor and cancelled and the Auditor is

authorized and empowered to issue another and new warrant for like amount in lieu thereof. (1925, c. 246, s. 3.)

The 1973 amendment increased the salary from $25,000 to $31,000.

§ 147-66. Office and office hours. — The Treasurer shall keep his office at the City of Raleigh, and shall attend there between the hours of 10 o'clock A.M. and three o'clock P.M., Sundays and legal holidays excepted. He shall be allowed such office room as may be necessary. (1868-9, c. 270, ss. 80, 81; Code, s. 3362; Rev., s. 5369; C. S., s. 7679.)

§ 147-67. Bonds of Treasurer's clerks. — The clerks in the Treasurer's office shall enter into good and sufficient bonds, payable to the State of North Carolina, as provided in G.S. 128-8. These several bonds shall be in addition and cumulative to the official bond of the State Treasurer, and shall not be construed to affect in any way the liability of the State Treasurer upon his official bond. (Rev., s. 289; 1919, c. 8; C. S., s. 7681; 1921, c. 175.)

§ 147-68. To receive and disburse moneys; to make reports. — (a) It is the duty of the Treasurer to receive all moneys which shall from time to time be paid into the treasury of this State; and to pay all warrants legally drawn on the Treasurer by the State Disbursing Officer or the State Auditor or the State Treasurer in the lawful exercise of their duties and responsibilities.

(b) No moneys shall be paid out of the treasury except on warrant of the State Disbursing Officer or the State Auditor or the State Treasurer, and unless there is a legislative appropriation or authority to pay the same.

(c) It shall be the responsibility of the Treasurer to determine that all warrants presented to him for payment are valid and legally drawn on the Treasurer.

(d) The Treasurer shall report to the Governor and Advisory Budget Commission annually and to the General Assembly at the beginning of each biennial session the exact balance in the treasury to the credit of the State, with a summary of the receipts and payments of the treasury during the preceding fiscal year, and so far as practicable an account of the same down to the termination of the current calendar year.

(e) The State Treasurer shall except as provided in G.S. 143-25 be independent of any fiscal control exercised by the Director of the Budget or the Budget Bureau and shall be responsible to the Advisory Budget Commission, the General Assembly and the people of North Carolina for the efficient and faithful exercise of the responsibilities of his office. (1868-9, c. 270, s. 71; Code, s. 3356; Rev., s. 5370; C. S., s. 7682; 1955, c. 577.)

Duty to Pay Warrants. — As it is the duty of the State Treasurer to keep his accounts, showing the transactions of each fiscal year ending December 31, he has no right to pay out money except upon proper warrants drawn upon the proper funds in the treasury. Arendell v. Worth, 125 N.C. 111, 34 S.E. 232 (1899).

The Treasurer is not required to pay any and every warrant which the Auditor may sign, but only those which are legally drawn, and the fact that the Auditor finds that a claim for which he issues a warrant on the Treasurer is authorized by law is not binding upon or a protection to the latter. Commercial & Farmers' Bank v. Worth, 117 N.C. 146, 23 S.E. 160 (1895).

Mandamus for Payment of Warrant. — The State Treasurer is not liable to a mandamus for refusing to pay a warrant improperly drawn, and he is entitled to a mandamus to enforce the drawing of proper warrants upon the proper funds before paying them, as they are his vouchers. Arendell v. Worth, 125 N.C. 111, 34 S.E. 232 (1899).

Mandamus When Fraud Is Alleged. — Where the State Treasurer denies the correctness of a claim audited by the State Auditor and alleges fraud in the creation of the indebtedness or that the services for which a warrant was issued were not rendered, mandamus will not lie to compel him to pay it, the question raised by such claim being for the legislature, and not the courts, to determine. Garner v. Worth, 122 N.C. 250, 29 S.E. 364 (1898).

Mandamus without Warrant. — Mandamus will not lie to compel the Treasurer to pay a claim where the Auditor has not issued a warrant therefor, as the Treasurer can only pay on such warrant. Burton v. Furnam, 115 N.C. 166, 20 S.E. 443 (1894).

Court Compelling Payment of Claim. — The courts cannot direct the State Treasurer to pay a claim against the State, however just and unquestioned, when there is no legislative appropriation to pay the same; and when there is such an appropriation the coercive power is applied not to compel the payment of the State liability but to compel a public servant to discharge his duty by obedience to a legislative enactment. Garner v. Worth, 122 N.C. 250, 29 S.E. 364 (1898).

Applied in Gardner v. Board of Trustees of N.C. Local Governmental Employees' Retirement Sys., 226 N.C. 465, 38 S.E. 2d 314 (1946).

§ 147-69. Deposits of State funds in banks regulated. — Banks having State deposits shall furnish to the Auditor of the State, upon his request, a statement of the moneys which have been received and paid by them on account of the treasury. The Treasurer shall keep in his office a full account of all moneys deposited in and drawn from all banks in which he may deposit or cause to be deposited any of the public funds, and such account shall be open to the inspection of the Auditor. The Treasurer shall sign all checks, and no depository bank shall be authorized to pay checks not bearing his official signature. No bank shall make any charge for exchange or for the collection of any warrant drawn on the Treasurer or for the transmission of any funds which may come into the hands of the State Treasurer, or any other State department, agency, bureau or commission; provided, that banks organized under the laws of the State of North Carolina may charge for each cashier's check issued to deputy collectors of revenue as a means of transmitting to the Commissioner of Revenue the proceeds of collections of revenue, not over twenty cents (20¢) for each check in the amount of not over one thousand dollars ($1,000), and for each check for an amount in excess of one thousand dollars ($1,000), such banks may charge not over twenty cents (20¢) plus one tenth of one percent (1/10 of 1%) of the amount of such check in excess of one thousand dollars ($1,000). The Commissioner of Banks and the bank examiners, when so required by the State Treasurer, shall keep the State Treasurer fully informed at all times as to the condition of all such depository banks, so as to fully protect the State from loss. The State Treasurer shall, before making deposits in any bank, require ample security from the bank for such deposit. (1905, c. 520; Rev., s. 5371; 1915, c. 168; 1917, c. 159; C. S., s. 7684; 1931, c. 127, s. 1; c. 243, s. 5; 1933, c. 175, s. 1; 1945, c. 644; 1949, c. 1183; 1967, c. 398, s. 2.)

§ 147-69.1. Deposit or investment of surplus State funds; reports of State Treasurer. — It shall be the duty of the State Treasurer, with assistance of the Director of the Budget, on or before the tenth day of each calendar month, and upon request of the Governor or the Council of State, at any other time, to carefully analyze the amount of cash in the general fund of the State and in all special funds credited to any special purpose designated by the General Assembly or held to meet the budgets or appropriations for maintenance and permanent improvements of the several institutions, boards, departments, commissions, agencies, persons or corporations of the State, and to determine in his opinion when the cash in any such funds is in excess of the amount required to meet the current needs and demands on such funds, and report his findings to the Governor and the Council of State. The Governor and the State Treasurer, acting jointly, with the approval of the Council of State, are hereby authorized to invest such excess funds

(1) In bonds, notes, certificates of indebtedness and bills of the United States of America or in obligations which are fully guaranteed by the United States of America; or

(2) In bonds, notes and other obligations of the Federal Intermediate Credit Banks, the Federal Home Loan Banks, the Federal National Mortgage Association, Banks for Cooperatives, and the Federal Land Banks; or

(3) In bonds and notes of the State of North Carolina; or

(4) In certificates of deposit issued by banks or official depositories within the State of North Carolina, yielding a return at rates not less than those available on United States treasury bonds, notes, certificates of indebtedness or bills of comparable maturities.

Notwithstanding the above, if such rates on United States treasury bonds, notes, certificates of indebtedness or bills of comparable maturity are higher than the rates banks are permitted to pay by federal or State statutes or regulations and if in the judgment of the Governor and the Council of State it would benefit the economy of the State, such excess funds may be invested in certificates of deposit issued by banks or official depositories within the State of North Carolina at the maximum rate that banks are permitted to pay by federal or State statutes or regulations. The said funds shall be so invested that in the judgment of the Governor and State Treasurer they may be readily converted into money at such time as the money will be needed. The interest received on all such deposits and the income from such investments, unless otherwise required by law, shall be paid into the State's general fund; provided, however, that on and after July 1, 1961, all interest accruing on the monthly balance of the highway fund of the State shall be paid to the State Highway Fund.

The State Treasurer shall include in his biennial reports to the General Assembly a full and complete statement of all funds invested by virtue of the provisions of this section, the nature and character of investments therein, and the revenues derived therefrom, together with all such other information as may seem to him to be pertinent for the full information of the General Assembly with reference thereto.

The State Treasurer shall also cause to be prepared a quarterly statement on or before the tenth day of each January, April, July and October in each year. This statement shall show the amount of cash on hand, the amount of money on deposit and the name of each depository, and all investments for which he is in any way responsible. This statement shall be delivered to the Governor as Director of the Budget, and a copy thereof shall be posted in the office of the State Treasurer for the information of the public. (1943, c. 2; 1949, c. 213; 1957, c. 1401; 1961, c. 833, s. 2.2; 1967, c. 398, s. 1; 1969, c. 125.)

§ 147-70. To make short-term notes in emergencies. — Subject to the approval of the Governor and Council of State, the State Treasurer is

authorized to make short-term notes for temporary emergencies, but such notes must only be made to provide for appropriations already made by the General Assembly. (1915, c. 168, s. 3; C. S., s. 7685.)

§ 147-71. May demand and sue for money and property of State. — The Treasurer is authorized to demand, sue for, collect and receive all money and property of the State not held by some person under authority of law. (1866, c. 46; Code, s. 3359; Rev., s. 5375; C. S., s. 7688.)

§ 147-72. Ex officio treasurer of State institutions; duties as such. — The Treasurer shall be ex officio the treasurer of the Department of Agriculture, of the North Carolina State College of Agriculture and Engineering, of the North Carolina School for the Deaf and Dumb at Morganton, of the North Carolina Institution for the Deaf and Dumb and the Blind at Raleigh, for the State hospitals (for the insane) at Raleigh, Morganton and Goldsboro and for the State's prison. He may appoint deputies to act for him at Morganton and Goldsboro, and may pay such deputies reasonable compensation. He shall keep all accounts of the institutions, and shall pay out all moneys, upon the warrant of the respective chief officers or superintendents, countersigned by two members of the board of directors, managers, or trustees. He shall report to the respective boards at such times as they may call on him, showing the amount received on account of the institution, amount paid out, and amount on hand. He shall perform his duties as treasurer of these several institutions under such regulation as shall be prescribed in each case by their respective boards of managers, trustees or directors, with the approval of the Governor; and shall be responsible on his official bond for the faithful discharge of his duties as treasurer of each of the several institutions. As treasurer of such institutions he shall, annually, after the examination, verification, and cancellation of his vouchers, deposit the same with the respective institutions, and the superintendents thereof shall be responsible for their safekeeping. (1879, c. 240, s. 2; 1881, c. 128; c. 211, s. 9; 1883, c. 156, s. 12; c. 405; Code, ss. 2235, 2251, 3723; 1895, c. 434; 1899, c. 1, s. 11; Rev., s. 5376; 1919, c. 314, s. 6; C. And see § 116-4. As to the State schools for the deaf and blind, see §§ 115-321 through 115-334, 115-336 through 115-342.

§ 147-73. Office of treasurer of each State institution abolished. — The office of treasurer of each of the several State institutions of which the State Treasurer is ex officio treasurer is hereby abolished. (1929, c. 337, s. 3.)

§ 147-74. Office of State Treasurer declared office of deposit and disbursement. — The office of the State Treasurer is declared to be an office of deposit and disbursement and only such records and accounts as may be necessary to disclose the accountability of the State Treasurer shall be kept. The purpose of this section is to prevent duplication in account and record keeping and such accounts as may be necessary shall be prescribed by the Director of the Budget under the terms of the Executive Budget Act. (1929, c. 337, s. 2.)

§ 147-75. May authorize chief clerk to act for him; Treasurer liable. — The Treasurer may authorize his chief clerk to perform any duties pertaining to the office, except signing checks; but the Treasurer is responsible for the conduct of all his clerks. The persons serving on the State Prison Commission immediately prior to August 1, 1967, shall serve as members of the Commission of Correction for the duration of the terms to which they were appointed to the State Prison Commission. Subsequent appointments to the Commission of Correction shall be made for a term of four years, except those made to fill out an unexpired term in case of the death, resignation, or removal of a member. Suits against Department. — The State Prison Department (now the State Department of Correction) was created as the State's agency for the performance of an essential governmental function. A suit against the Department eo nomine is essentially a suit against the State. Hence, absent constitutional or legislative authority therefor, one cannot maintain such a suit. Pharr v. Garibaldi, 252 N.C. 803, 115 S.E.2d 18 (1960).

Prison moneys and earnings. — (a) Persons authorized to collect or receive the moneys and earnings of the State prison system shall enter into bonds payable to the State of North Carolina in penal sums and with security approved by the Commission of Correction, conditioned upon the faithful performance by these persons of their duties in collecting, receiving, and paying over prison moneys and earnings to the State Treasurer. Only corporate security with sureties licensed to do business in North Carolina shall be accepted.

(b) All revenues from the sale of articles and commodities manufactured or produced by prison enterprises shall be deposited with the State Treasurer to be kept and maintained as a special revolving working-capital fund designated "Prison Enterprises Fund." The Prison Enterprises Fund shall be used for capital and operating expenditures, including salaries and wages of supervisory personnel, necessary to develop and operate prison industrial and forestry enterprises to provide diversified employment for prisoners. When, in the opinion of the Governor, the Prison Enterprises Fund has reached a sum in excess of requirements for these purposes, the excess shall be used for other purposes within the State prison system or shall be transferred to the general fund as the Governor may direct. (1901, c. 472, s. 7; Rev., s. 5389; C. S., s. 7704; 1923, c. 156; 1925, c. 163; 1933, c. 172, s. 18; 1957, c. 349, s. 2; 1967, c. 996, s. 14.)

The property coming within the provisions of this section shall be identified and agreed upon by the executive heads of the highway and prison systems, or by their duly authorized representatives. The Governor shall have final authority

to decide whether or not particular property shall be transferred to the Department of Correction in event the executive heads of the two systems are unable to agree.

(b) Property, both real and personal, deemed by the Department of Correction to be necessary or convenient in the operation of the State prison system may, subject to the provisions of G.S. 143-341, be acquired by gift, devise, purchase, or lease. The Department of Correction may, subject to the provisions of G.S. 143-341, dispose of any prison property, either real or personal, or any interest or estate therein. Operation of Prison on Particular Site Is Discretionary. — Whether the maintenance and operation of a prison on a particular site shall be conducted either as at present, or as enlarged by the construction of additional buildings and facilities, or as a "minimum security prison," is a matter for determination by the State Prison Commission (now the Commission of Correction) in the exercise of its discretion, and the court has no power to substitute its discretion for that of the Commission; and, in the absence of fraud, manifest abuse of discretion or conduct in excess of lawful authority, the court has no power to intervene. Pharr v. Garibaldi, 252 N.C. 803, 115 S.E.2d 18 (1960).

A prison is not a nuisance per se. Hence, the construction of a prison on a site selected by public officials pursuant to statutory authority will not be enjoined. Pharr v. Garibaldi, 252 N.C. 803, 115 S.E.2d 18 (1960).

§ 148-4. Control and custody of prisoners; authorizing prisoner to leave place of confinement. — The Commissioner of Correction shall have control and custody of all prisoners serving sentence in the State prison system, and such prisoners shall be subject to all the rules and regulations legally adopted for the government thereof. Any sentence to imprisonment in any unit of the State prison system, or to jail to be assigned to work under the State Department of Correction, shall be construed as a commitment, for such terms of imprisonment as the court may direct, to the custody of the Commissioner of Correction or his authorized representative, who shall designate the places of confinement within the State prison system where the sentences of all such persons shall be served. The authorized agents of the Commissioner shall have all the authority of peace officers for the purpose of transferring prisoners from place to place in the State as their duties might require and for apprehending, arresting, and returning to prison escaped prisoners, and may be commissioned by the Governor, either generally or specially, as special officers for returning escaped prisoners or other fugitives from justice from outside the State, when such persons have been extradited or voluntarily surrendered. Employees of departments, institutions, agencies, and political subdivisions of the State hiring prisoners to perform work outside prison confines may be designated as the authorized agents of the Commissioner of Correction for the purpose of maintaining control and custody of prisoners who may be placed under the supervision and control of such employees, including guarding and transferring such prisoners from place to place in the State as their duties might require, and apprehending and arresting escaped prisoners and returning them to prison. The governing authorities of the State prison system are authorized to determine by rules and regulations the manner of designating these agents and placing prisoners under their supervision and control, which rules and regulations shall be established in the same manner as other rules and regulations for the government of the State prison system.

The Commissioner of Correction may extend the limits of the place of confinement of a prisoner, as to whom there is reasonable cause to believe he will honor his trust, by authorizing him, under prescribed conditions, to leave the confines of that place unaccompanied by a custodial agent for a prescribed period of time to

(1) Contact prospective employers; or

(2) Secure a suitable residence for use when released on parole or upon discharge; or
(3) Obtain medical services not otherwise available; or
(4) Participate in a training program in the community; or
(5) Visit or attend the funeral of a spouse, child (including stepchild, adopted child or child as to whom the prisoner, though not a natural parent, has acted in the place of a parent), parent (including a person though not a natural parent, has acted in the place of a parent), brother, or sister.

The willful failure of a prisoner to remain within the extended limits of his confinement, or to return within the time prescribed to the place of confinement designated by the Commissioner of Correction, shall be deemed an escape from the custody of the Commissioner of Correction punishable as provided in G.S. 148-45. (1901, c. 472, s. 4; Rev., s. 5390; C. S., s. 7706; 1925, c. 163; 1933, c. 172, ss. 5, 18; 1935, c. 257, s. 2; 1943, c. 409; 1955, c. 238, s. 2; 1957, c. 349, s. 10; 1959, c. 109; 1965, c. 1042; 1967, c. 996, ss. 13, 15.)

Opinions of Attorney General. — Mr. Martin R. Peterson, N.C. Department of Corrections, 40 N.C.A.G. 163 (1969).

Power Given to Commissioner or Agents to Designate Places of Confinement. — This section gives the Director of Prisons (now Commissioner of Correction) or his duly authorized agents or representatives the authority to designate the places of confinement within the State prison system where the sentences of prisoners shall be served. State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965).

Recommendation of Confinement Not Cruel and Unusual Punishment. — An attachment to commitment papers recommending "that the defendant not be placed upon work release or permitted to leave his place of confinement under this section or any other statute but be kept at all times in close security until the sentence is completed," was a mere recommendation and had no legal effect upon the type or place of incarceration of the petitioner, and it did not constitute cruel and unusual punishment. Harris v. North Carolina, 320 F. Supp. 770 (M.D.N.C. 1970), aff'd, 435 F.2d 1305 (4th Cir. 1971).

§ 148-5. Commissioner to manage prison property. — The Commissioner of Correction shall manage and have charge of all the property and effects of the State prison system, and conduct all its affairs subject to the provisions of this Chapter and the rules and regulations legally adopted for the government thereof. (1933, c. 172, s. 4; 1955, c. 238, s. 3; 1967, c. 996, s. 15.)

§ 148-6. Custody, employment and hiring out of convicts. — The State Department of Correction shall provide for receiving, and keeping in custody until discharged by law, all such convicts as may be now confined in the prison and such as may be hereafter sentenced to imprisonment therein by the several courts of this State. The Department shall have full power and authority to provide for employment of such convicts, either in the prison or on farms leased or owned by the State of North Carolina, or elsewhere, or otherwise; and may contract for the hire or employment of any able-bodied convicts upon such terms as may be just and fair, but such convicts so hired, or employed, shall remain under the actual management, control and care of the Department: Provided, however, that no female convict shall be worked on public roads or streets in any manner. (1895, c. 194, s. 5; 1897, c. 270; 1901, c. 472, ss. 5, 6; Rev., s. 5391; C.S., s. 7707; 1925, c. 163; 1933, c. 172, s. 18; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

Department of Correction Has No Authority on Its Own to Correct Invalid Sentence. — See opinion of Attorney General to Mr. Martin Peterson, Department of Correction, 41 N.C.A.G. 291 (1971).

Predicate of Section. — This section and §§

148-26 and 148-33.1, as well as provisions with reference to paroles contained in Article 4 of this Chapter, are predicated upon the idea that the ability as well as the disposition of released prisoners to engage in honest employment and become law-abiding members of society is calculated to serve the best interests of the State and of its citizens. Pharr v. Garibaldi, 252 N.C. 803, 115 S.E.2d 18 (1960).

Stated in State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965).

§ 148-7. Inspection of mines. — The State Department of Correction is hereby authorized, in its discretion, to have monthly inspection made of all mines in North Carolina in which State convicts are or may be employed and to employ for this purpose the services of an accredited mine inspector approved by the United States Bureau of Mines. (1929, c. 292, ss. 1, 2; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

§ 148-8. Automobile license tags to be manufactured by Department. — The State Department of Correction is authorized to purchase and install automobile license tag plant equipment for the purpose of manufacturing license tags and for such other purposes as the Department may direct.

The Commissioner of Motor Vehicles, or such other authority as may exercise the authority to purchase automobile license tags is hereby directed to purchase from, and to contract with, the State Department of Correction for the State automobile license tag requirements from year to year.

The price to be paid to the State Department of Correction for such tags shall be fixed and agreed upon by the Governor, the State Department of Correction, and the Motor Vehicle Commissioner, or such authority as may be authorized to purchase such supplies. (1929, c. 221, s. 1; 1933, c. 172, s. 18; 1941, c. 36; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

§ 148-8.1. Laundry services. — Laundry services performed by the Department of Corrections may be provided only for agencies and instrumentalities of the State which are supported by State funds and for county or municipally controlled and supported hospitals presently being served by the Department of Corrections, or for which services have been contracted or applied for in writing, as of May 22, 1973.

Such services shall be limited to wet-washing, drying and ironing of flatwear or flat goods such as towels, sheets and bedding, linens and those uniforms prescribed for wear by such institutions and further limited to only flat goods or apparel owned, distributed or controlled entirely by such institutions and shall not include processing by any dry-cleaning methods; provided, however, those garments and items presently being serviced by wet-washing, drying and ironing may in the future, at the election of the Department of Corrections, be processed by a dry-cleaning method. (1973, c. 671, s. 1.)

§ 148-9: Repealed by Session Laws 1973, c. 476, s. 138.

§ 148-10. Department of Human Resources to supervise sanitary and health conditions of prisoners. — The Department of Human Resources shall have general supervision over the sanitary and health conditions of the central prison, over the prison camps, or other places of confinement of prisoners under the jurisdiction of the State Department of Correction, and shall make periodic examinations of the same and report to the State Department of Correction the conditions found there with respect to the sanitary and hygienic care of such prisoners. (1917, c. 286, s. 8; 1919, c. 80, s. 4; C. S., s. 7714; 1925, c. 163; 1933, c. 172, s. 22; 1943, c. 409; 1957, c. 349, s. 10; 1967, c. 996, s. 13; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment substituted "Department of Human Resources" for "State Board of Health."

ARTICLE 2.

Prison Regulations.

§ 148-11. Authority to make regulations. — The Commissioner shall propose rules and regulations for the government of the State prison system, which shall become effective when approved by the Commission of Correction. The Commissioner shall have such portion of these rules and regulations as pertain to enforcing discipline read to every prisoner when received in the State prison system and a printed copy of these rules and regulations shall be made available to the prisoners. (1873-4, c. 158, s. 15; Code, s. 3444; Rev., s. 5401; C. S., s. 7721; 1925, c. 163; 1933, c. 172, s. 18; 1955, c. 238, s. 4; 1957, c. 349, s. 4; 1967, c. 996, ss. 14, 15.)

This section is constitutional. State v. Revis, 193 N.C. 192, 136 S.E. 346, 50 A.L.R. 98 (1927); State v. Carpenter, 231 N.C. 229, 56 S.E.2d 713 (1949).

The prison rules authorized by this section are administrative and not judicial. State v. Shoemaker, 273 N.C. 475, 160 S.E.2d 281 (1968).

And Cannot Affect Sentences. — The administrative application of the rules authorized by this section by prison authorities cannot affect sentences imposed by the courts. State v. Shoemaker, 273 N.C. 475, 160 S.E.2d 281 (1968).

Courts are not authorized to deal with the giving or withholding of privileges or rewards under the rules authorized by this section. State v. Shoemaker, 273 N.C. 475, 160 S.E.2d 281 (1968).

Immunity of Prison Official from Prosecution. — The fact that disciplinary punishment inflicted on a prisoner by a prison official was administered in accordance with the rules and regulations of the former State Highway and Public Works Commission did not render the prison official immune to prosecution for assault unless the particular regulation relied on was within the statutory authority of the Commission. State v. Carpenter, 231 N.C. 229, 56 S.E.2d 713 (1949).

Applied in State v. McCall, 273 N.C. 135, 159 S.E.2d 316 (1968).

Cited in State v. Garris, 265 N.C. 711, 144 S.E.2d 901 (1965); Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

§ 148-12. Diagnostic and classification programs. — (a) The Department of Correction shall, as soon as practicable, establish diagnostic centers to make social, medical, and psychological studies of persons committed to the Department. Full diagnostic studies shall be made before initial classification in cases where such studies have not been made.

(b) Within the limits of its capacity, and in accordance with standards established by the Department, a diagnostic center may, at the request of any sentencing court, make a presentence diagnostic study of any person who has been convicted, is before the court for sentence, and is subject to commitment to the Department. Where necessary for this purpose, the defendant may be received in the center for such period of study as the court may authorize, but may not be held there for more than 60 days unless the court grants an extension of time, which may be granted for an additional period not to exceed 30 days. The total time spent in the center shall not exceed 90 days or the maximum term of imprisonment authorized as punishment for the offense of which the person has been convicted if the maximum is less than 90 days. Time spent in the center for a diagnostic study shall be credited on any sentence of commitment imposed on the person studied. A copy of the diagnostic study report shall be made available to defense counsel before the court pronounces sentence. The defendant shall be afforded fair opportunity to controvert the contents of the report, if he so requests.

(c) Any prisoner confined in the State prison system while under a sentence to imprisonment imposed upon conviction of a felony shall be classified and treated as a convicted felon even if, before beginning service of the felony sentence, such prisoner has time remaining to be served in the State prison system on a sentence or sentences imposed upon conviction of a misdemeanor or misdemeanors. (1917, c. 278, s. 2; 1919, c. 191, s. 2; C. S., s. 7750; 1925, c. 163; 1933, c. 172, s. 18; 1955, c. 238, s. 5; 1959, c. 50; 1967, c. 996, s. 2.)

Editor's Note. — Session Laws 1973, c. 803, s. 44, purported to repeal "the third unnumbered paragraph" of this section. The 1973 act apparently intended to amend § 158-12.

Appealability of Commitment for Presentence Diagnostic Study. — See opinion of Attorney General to Mr. Daniel T. Perry, Assistant Solicitor, Ninth Solicitorial District, 41 N.C.A.G. 67 (1970).

Credit for Time Spent in Diagnostic Center. — Where the judgment fails to provide that defendant shall receive credit against his sentence for time spent in the diagnostic center, the judgment must be vacated and the case remanded for entry of judgment so providing. State v. Powell, 11 N.C. App. 194, 180 S.E.2d 490 (1971).

Second Judgment against Defendant Not Precluded. — Following the procedure provided for in this section would not preclude the State from entering a second judgment against the defendant. State v. Powell, 11 N.C. App. 194, 180 S.E.2d 490 (1971).

Applied in State v. Streeter, 17 N.C. App. 48, 193 S.E.2d 347 (1972).

Cited in State v. Davis, 8 N.C. App. 99, 173 S.E.2d 490 (1970).

§ 148-13. Rules and regulations as to grades, allowance of time and privileges for good behavior, etc. — The rules and regulations for the government of the State prison system may contain provisions relating to grades of prisoners, rewards and privileges applicable to the several classifications of prisoners as an inducement to good conduct, allowances of time for good behavior, the amount of cash, clothing, etc., to be awarded prisoners after their discharge or parole. (1933, c. 172, s. 23; 1935, c. 414, s. 15; 1937, c. 88, s. 1; 1943, c. 409; 1955, c. 238, s. 6.)

Rules as to "Good Time" Rewards Are Strictly Administrative. — Prison rules and regulations respecting rewards and privileges for good conduct ("good time") are strictly administrative and not judicial. State v. Garris, 265 N.C. 711, 144 S.E.2d 901 (1965); State v. McCall, 273 N.C. 135, 159 S.E.2d 316 (1968); Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

As Are Grades Established for "Gain Time". — The grades established for "gain time" based on differences in work assignment are matters of prison administration, to be disturbed only if clearly arbitrary or capricious. Ham v. North Carolina, 471 F.2d 406 (4th Cir. 1973).

And Allowance of Gained Time. — Allowance of gained time is a discretionary act of the State prison administrative body, and their decisions as to its allowance will not be upset by the federal courts unless their actions are clearly arbitrary or capricious. Kelly v. North Carolina, 276 F. Supp. 200 (E.D.N.C. 1967).

And Courts Are Not Authorized to Deal with Giving or Withholding Such Rewards. — Giving or withholding of the rewards and privileges under these rules is not a matter with which the courts are authorized to deal. State v. Garris, 265 N.C. 711, 144 S.E.2d 901 (1965); Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

The giving or withholding of the rewards and privileges under rules and regulations authorized by § 148-11 is not a matter with which the courts are authorized to deal. State v. McCall, 273 N.C. 135, 159 S.E.2d 316 (1968).

Such Authority Is Vested in Commissioner. — State law vests authority to determine allowance and forfeiture of gained time in the Director of Prisons (now Commissioner of Correction) to be exercised in his sound discretion. Patton v. Ross, 267 F. Supp. 387 (E.D.N.C. 1967).

But service on a vacated sentence must be considered in determining defendant's gained time, if any, on account of good behavior. Patton v. Ross, 267 F. Supp. 387 (E.D.N.C. 1967).

Benefits Depend on Conduct. — Whether a prisoner shall benefit by the rules and regulations authorized by § 148-11 depends on his own conduct. State v. McCall, 273 N.C. 135, 159 S.E.2d 316 (1968).

Nature of Honor-Grade Status, Work-Release Privilege and Parole. — Honor-grade status, work-release privilege, and parole are discretionary acts of grace or clemency extended by the State as a reward for good behavior, conferring no vested rights upon the convicted person. An accused person must be given full constitutional protection before and during his trial, but procedures of constitutional dimension are not appropriate in subsequent determinations of rewards for good behavior while serving a validly imposed sentence of confinement. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

The award of honor-grade status is a discretionary act of the Department of Correction, and its decisions relating to such awards are not subject to procedural due process. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

And Inmate Being So Considered Is Not Entitled to Procedural Due Process. — An inmate being considered for honor-grade status or work release, is not entitled, either under the State or federal Constitutions, to procedural due process rights. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

Granting of Such Is Mitigation of Terms of

Judgment. — The granting of honor-grade status, work release, and parole is by way of mitigating the terms of the judgment which the court has entered. The legality and propriety of the trial and sentence have already been determined after the prisoner has been heard and his constitutional rights have been accorded him. The merits of the trial and the validity of the judgment may not again be raised before the Department of Correction and the Board of Paroles. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Which Is Not Undeniable Right of Prisoner. — While a prisoner takes with him into the prison certain rights which may not be denied him, the legal right to the mitigation of his punishment is not one of them. It is contemplated as a part of his rehabilitation that he earn his right to honor-grade status, work release, or parole. The decision is not in the nature of an adversary proceeding under rules of evidence. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

And Involves Policy Decisions to Be Decided by Department of Correction and Board of Paroles. — Whether a prisoner is entitled to honor-grade status, work release, or parole involves policy decisions which should be decided by the Department of Correction and the Board of Paroles. These agencies are charged with the duty and are properly given means of discharging it not available to the courts. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Cited in In re Swink, 243 N.C. 86, 89 S.E.2d 792 (1955); State v. Weaver, 264 N.C. 681, 142 S.E.2d 633 (1965).

§§ 148-14 to 148-17: Repealed by Session Laws 1943, c. 409.

§ 148-18. Wages, allowances and loans. — (a) Prisoners may be compensated, at rates fixed by the Department's rules and regulations, for work performed and for attendance at training programs; provided, that no prisoner shall be paid more than one dollar ($1.00) per day. Prisoners who are unable to work because of injury, illness, or other incapacity may be compensated at rates fixed by the Department's rules and regulations. The Prison Enterprises Fund shall be the source for all of these wages and allowances, and they shall be subject to forfeiture for poor work or misbehavior under the Department's rules and regulations, with the forfeited amounts being redeposited in the Prison Enterprises Fund.

(b) A prisoner shall be required to contribute to the support of any of his dependents residing in North Carolina who may be receiving public assistance during the period of commitment if funds available to the prisoner are adequate for such purpose. The dependency status and need shall be determined by the department of social services in the county of North Carolina in which such dependents reside.

(c) The Department of Correction shall establish a revolving fund from inmate welfare funds available to the Department to be used for loans to prisoners and parolees in accordance with regulations approved by the Commission of Correction. (1935, c. 414, s. 19; 1967, c. 996, s. 3; 1969, c. 982.)

§ 148-19. Health services. — (a) The general policies, rules and regulations of the Department of Correction shall prescribe standards for health services to prisoners, which shall include preventive, diagnostic, and therapeutic measures on both an outpatient and a hospital basis, for all types of patients. A prisoner may be taken, when necessary, to a medical facility outside the State prison system. The Department of Correction shall seek the cooperation of public and private agencies, institutions, officials and individuals in the development of adequate health services to prisoners.

(b) Upon request of the Commissioner of Correction, the Secretary of Human Resources may detail personnel employed by the Department of Human Resources to the Department of Correction for the purpose of supervising and furnishing medical, psychiatric, psychological, dental, and other technical and scientific services to the Department of Correction. The compensation, allowances, and expenses of the personnel detailed under this section may be paid from applicable appropriations to the Department of Human Resources, and reimbursed from applicable appropriations to the Department of Correction. The Commissioner of Correction may make similar arrangements with any other agency of State government able and willing to

aid the Department of Correction to meet the needs of prisoners for health services.

(c) Each prisoner committed to the State Department of Correction shall receive a physical and mental examination by a competent physician as soon as practicable after admission and before being assigned to work. The prisoner's work and other assignments shall be made with due regard for the report of the physician as to the prisoner's physical and mental condition. (1917, c. 286, s. 22; C. S., s. 7727; 1925, c. 163; 1933, c. 172, s. 18; 1957, c. 349, s. 10; 1967, c. 996, s. 4; 1973, c. 476, s. 133.)

Editor's Note. — The 1973 amendment substituted "Secretary of Human Resources" for "Commissioner of Mental Health" and "Department of Human Resources" for "Department of Mental Health."

Additional Examinations. — Whenever there is a change of physical or mental condition, it would seem to logically follow that a further examination is required under this section, yet, the frequency of such examinations must, as a practical matter, be left to the sound discretion of prison authorities. Threatt v. North Carolina, 221 F. Supp. 858 (W.D.N.C. 1963).

§ 148-20. Corporal punishment of prisoners prohibited. — It is unlawful for the Commissioner of Correction or any other person having the care, custody, or control of any prisoner in this State to make or enforce any rule or regulation providing for the whipping, flogging, or administration of any similar corporal punishment of any prisoner, or to give any specific order for or cause to be administered or personally to administer or inflict any such corporal punishment. (1917, c. 286, s. 7; C. S., s. 7728; 1925, c. 163; 1933, c. 172, s. 18; 1955, c. 238, s. 9; 1963, c. 1174, s. 1; 1967, c. 996, s. 15.)

Striking Prisoner with Key Ring and Kicking Him into Cell Not Countenanced. — Nothing contained in this section can be said to countenance striking the prisoner with a key ring or kicking him into his cell. Threatt v. North Carolina, 221 F. Supp. 858 (W.D.N.C. 1963).

Whipping formerly permitted. — For construction of section prior to 1963, before which whipping was permitted, see State v. Nipper, 166 N.C. 272, 81 S.E. 164 (1914); State v. Mincher, 172 N.C. 895, 90 S.E. 429 (1916); State v. Revis, 193 N.C. 192, 136 S.E. 346 (1927).

§ 148-21: Repealed by Session Laws 1963, c. 1174, s. 5.

§ 148-22. Treatment programs. — (a) The general policies, rules and regulations of the Department of Correction shall provide for humane treatment of prisoners and for programs to effect their correction and return to the community as promptly as practicable. Visits and correspondence between prisoners and approved friends shall be authorized under reasonable conditions, and family members shall be permitted and encouraged to maintain close contact with the prisoners unless such contacts prove to be hurtful. Casework, counseling, and psychotherapy services provided to prisoners may be extended to include members of the prisoner's family if practicable and necessary to achieve the purposes of such programs. Education, library, recreation, and vocational training programs shall be developed so as to coordinate with corresponding services and opportunities which will be available to the prisoner when he is released. Programs for the treatment and training of mentally retarded prisoners and other special groups shall be established in segregated sections of facilities housing other prisoners or in separate facilities when this is practicable.

(b) The Department of Correction may cooperate with and seek the cooperation of public and private agencies, institutions, officials, and individuals in the development and conduct of programs designed to give persons committed to the Department opportunities for physical, mental and moral improvement. The Department may enter into agreements with other agencies of federal, State, or local government and with private agencies to promote the most effective use of available resources. (1917, c. 286, s. 15; C. S., s. 7732; 1925, c. 163; 1933, c. 172, s. 18; 1955, c. 238, s. 9; 1967, c. 996, s. 5.)

§ 148-22.1. Educational facilities and programs for selected inmates. — (a) The State Department of Correction is authorized to take advantage of aid available from any source in establishing facilities and developing programs to provide inmates of the State prison system with such academic and vocational education as seems most likely to facilitate the rehabilitation of these inmates and their return to free society with attitudes, knowledge, and skills that will improve their prospects of becoming law-abiding and self-supporting citizens. The State Department of Public Instruction is authorized to cooperate with the State Department of Correction in planning academic and vocational education of prison system inmates, but the State Department of Public Instruction is not authorized to expend any funds in this connection.

(b) In expending funds that may be made available for facilities and programs to provide inmates of the State prison system with academic and vocational education, the State Department of Correction shall give priority to meeting the needs of inmates who are less than 21 years of age when received in the prison system with a sentence or sentences under which they will be held for not less than six months nor more than five years before becoming eligible to be considered for a regular parole. These inmates shall be given appropriate tests to determine their educational needs and aptitudes. When the necessary arrangements can be made, they shall receive such instruction as may be deemed practical and advisable for them. (1959, c. 431; 1967, c. 996, s. 13.)

§ 148-23. Prison employees not to use intoxicants, narcotic drugs or profanity. — No one addicted to the use of intoxicating liquors, or narcotic drugs, shall be employed as superintendent, warden, guard, or in any other position connected with the State Department of Correction, where such position requires the incumbent to have any charge or direction of the prisoners; and anyone holding such position, or anyone who may be employed in any other capacity in the State prison system, who shall come under the influence of intoxicating liquors during hours of employment, or reports for duty under the effect of intoxicants, or narcotic drugs, or who shall become intoxicated, or uses narcotic drugs, under circumstances that bring discredit on the State Department of Correction, shall be subject to immediate dismissal from employment by any of the institutions and shall not be eligible for reinstatement to such position or be employed in any other position in any of the institutions. Any superintendent, warden, guard, supervisor, or other person holding any position in the State Department of Correction who curses a prisoner under his charge shall be subject to immediate dismissal from employment and shall not be eligible for reinstatement. (1917, c. 286, s. 16; 1919, c. 80, s. 8; C. S., s. 7733; 1925, c. 163; 1933, c. 172, s. 18; 1957, c. 349, s. 10; 1967, c. 996, s. 13; 1969, c. 382.)

§ 148-24. Religious services. — The general policies, rules and regulations of the Department of Correction shall provide for religious services to be held in all units of the State prison system on Sunday and at such other times as may be deemed appropriate. Attendance of prisoners at religious services shall be voluntary. The Commissioner of Correction shall if possible secure the visits of some minister at the prison hospitals to administer to the spiritual wants of the sick. (1873-4, c. 158, s. 18; 1883, c. 349; Code, s. 3446; Rev., s. 5405; 1915, c. 125, ss. 1, 2; 1917, c. 286, s. 15; C. S., s. 7735; 1925, c. 163; c. 275, s. 6; 1933, c. 172, s. 18; 1955, c. 238, s. 9; 1967, c. 996, s. 6.)

§ 148-25. Commissioner to investigate death of convicts. — The Commissioner of Correction, upon information of the death of a convict other than by natural causes, shall investigate the cause thereof and report the result of such investigation to the Governor, and for this purpose the Commissioner may administer oaths and send for persons and papers. (1885, c. 379, s. 2; Rev., s. 5409; C. S., s. 7746; 1925, c. 163; 1933, c. 172, s. 18; 1955, c. 238, s. 9; 1967, c. 996, s. 15.)

ARTICLE 3.

Labor of Prisoners.

§ 148-26. State policy on employment of prisoners. — (a) It is declared to be the public policy of this State to provide diversified employment for all able-bodied inmates of the State prison system in work for the public benefit that will reduce the cost of their keep while enabling them to acquire or retain skills and work habits needed to secure honest employment after their release.

(b) Repealed by Session Laws 1971, c. 193.

(c) As many of the male prisoners available and fit for forestry work shall be employed in the development and improvement of state-owned forests as can be used for this purpose by the agencies controlling these forests.

(d) The remainder of the able-bodied inmates of the State prison system shall be employed so far as practicable in prison industries and agriculture, giving preference to the production of food supplies and other articles needed by state-supported institutions or activities.

(e) The State Department of Correction may make such contracts with departments, institutions, agencies, and political subdivisions of the State for the hire of prisoners to perform other appropriate work as will help to make the prisons as nearly self-supporting as is consistent with the purposes of their creation. The Department of Correction may contract with any person or any group of persons for the hire of prisoners for forestry work, soil erosion control, water conservation, hurricane damage prevention, or any similar work certified by the Director of the Department of Conservation and Development as beneficial in the conservation of the natural resources of this State. All contracts for the employment of prisoners shall provide that they shall be fed, clothed, quartered, guarded, and otherwise cared for by the Department of Correction. (1933, c. 172, ss. 1, 14; 1957, c. 349, s. 5; 1967, c. 996, s. 13; 1971, c. 193.)

Editor's Note. — The 1971 amendment repealed subsection (b).

For review of this section and those following, see 11 N.C. L. Rev. 252.

Predicate of Section. — See same catchline in note to § 148-6.

Employment of Prisoners Not Prohibited by Constitution Rewrite. — See opinion of Attorney General to Senator Julian Allsbrook, 41 N.C.A.G. 440 (1971).

§ 148-27. Women prisoners; limitations on labor of prisoners. — The State Department of Correction may provide suitable quarters for women prisoners and arrange for work suitable to their capacity; and the several courts of the State may assign women convicted of offenses, whether felonies or misdemeanors, to these quarters. No woman prisoner shall be assigned to work under the supervision of the State Department of Correction whose term of imprisonment is less than six months, or who is under 16 years of age. (1931, c. 145, s. 32; 1933, c. 39; c. 172, s. 18; 1935, c. 257, s. 3; 1943, c. 409; 1953, c. 1230; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

Quarters for Women Provided at Central Prison. — In sentencing a feme defendant convicted of a misdemeanor, the court may designate the place of imprisonment as the quarters provided by the State Highway and Public Works Commission (now State Department of Correction) for women prisoners, and upon a finding that such quarters are maintained in the Central Prison at Raleigh, order defendant's imprisonment in such quarters at that place. State v. Cagle, 241 N.C. 134, 84 S.E.2d 649 (1954).

Cited in State v. Brown, 252 N.C. 366, 113 S.E.2d 584 (1960).

§ 148-28. Sentencing prisoners to Central Prison; youthful offenders. — The several judges of the superior courts of this State are hereby given express authority in passing sentence upon persons convicted of a felony, when, in their opinion, the nature of the offense or the character or condition of the defendant

makes it advisable to do so, to sentence such person to the Central Prison at Raleigh, and thereupon a sheriff or other appropriate officer of the county shall cause such prisoner to be delivered with the proper commitment papers to the warden of the Central Prison. Provided, that a person under 16 years of age convicted of a felony shall not be sentenced to or imprisoned in the Central Prison at Raleigh unless (i) said person was convicted of a capital felony or (ii) has previously been imprisoned in a county jail or under the authority of the Department of Correction upon conviction of a felony. This provision shall not limit the authority of the Commissioner of Correction from transferring a person under 16 years of age to Central Prison when in the Commissioner's determination this person would not benefit from confinement in separate facilities for youthful offenders or when it has been determined that his presence would be detrimental to the implementation of programs designed for the benefit of other youthful offenders. Nor shall this provision limit the authority of the judges of the superior courts of this State or the Commissioner of Correction from committing or transferring a person under 16 years of age to Central Prison for medical or psychiatric treatment. (1933, c. 172, s. 7; 1971, c. 691.)

Editor's Note. — The 1971 amendment added all of the section following the first sentence.

Only Felons Sentenced to Central Prison. — A defendant may be sentenced to the Central Prison only upon conviction of a felony. State v. Cagle, 241 N.C. 134, 84 S.E.2d 649 (1954); State v. Sherron, 4 N.C. App. 386, 166 S.E.2d 836 (1969).

Possession of nontaxpaid whiskey, possession of such whiskey for the purpose of sale, and the selling of such whiskey, are misdemeanors, and sentence of defendant, upon conviction, to be confined in the State's prison is not sanctioned by law, and the cause must be remanded for proper sentence. State v. Floyd, 246 N.C. 434, 98 S.E.2d 478 (1957).

Transfer Pursuant to § 162-39. — Under § 162-39 the trial court, upon making an appropriate finding that it is necessary for the safety of the defendant, can order a defendant transferred to "a unit of the State Prison System designated by the Commissioner of Correction or his authorized representative," but the court should not order defendant transferred directly to Central Prison absent a finding that the Central Prison has been properly designated for that purpose by the Commissioner of Correction or his authorized representative. State v. Sherron, 4 N.C. App. 386, 166 S.E.2d 836 (1969).

§ 148-29. Transportation of convicts to prison; sheriff's expense affidavit; State not liable for maintenance expenses until convict received. — The sheriff having in charge any prisoner sentenced to the Central Prison at Raleigh shall send him to the Central Prison within five days after the adjournment of the court at which he was sentenced, if no appeal has been taken. The sheriff shall file with the board of commissioners of his county a copy of his affidavit as to necessary guard, together with a copy of his itemized account of expenses, both certified to by the Auditor as true copies of those on file in his office. The State is not liable for the expenses of maintaining convicts until they have been received by the State Department of Correction authorities, nor shall any moneys be paid out of the treasury for support of convicts prior to such reception. (1869-70, c. 180, s. 3; 1870-1, c. 124, s. 3; 1874-5, c. 107, s. 3; Code, ss. 3432, 3437, 3438; Rev., ss. 5398, 5399, 5400; C. S., ss. 7718, 7719, 7720; 1925, c. 163; 1933, c. 172, s. 18; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

Expense of Conveying. — The last sentence of this section only applies to expense of maintenance and does not apply to expense of conveying convicts to the penitentiary. By the acts of 1869-70 it was especially provided that the expense of conveying should be paid by the State and this section did not repeal that act. Taylor v. Adams, 66 N.C. 338 (1872).

§ 148-30. Sentencing to public roads. — In all cases not provided for in G.S. 148-28 and 148-32 the courts sentencing defendants to imprisonment with hard labor shall sentence such prisoners to jail, to be assigned to work under the State Department of Correction, and the clerks of the several courts in which such sentences are pronounced shall notify the superintendent of the nearest highway prison camp, or such other agent of the Department as he

may be advised by them is the proper person to receive such notice. Whereupon, the Department shall cause some duly authorized agent thereof to take such prisoners into custody, with the proper commitments therefor, and deliver them to such camp or station as the proper authorities of the Department shall designate: Provided, however, the Department shall not be required to accept any prisoner from any court inferior to the superior court when an appeal has been taken to the superior court, or when the judge of such inferior court shall retain control over the sentence for the purpose of modifying or changing the same. No male person shall be so assigned whose term of imprisonment is less than 30 days. (1933, c. 172, s. 8; 1943, c. 409; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

§ 148-31. Maintenance of Central Prison; warden; powers and duties. — The Central Prison shall be maintained in such a manner as to conform to all the requirements of Article 11 of the State Constitution, relating to a State's prison. A suitable person shall be appointed warden of the Central Prison, and he shall succeed to and be vested with all the rights, duties, and powers heretofore vested by law in the superintendent of the State's prison or the warden thereof with respect to capital punishment, or any matter of discipline of the inmates of the prison not otherwise provided for in this Article. (1933, c. 172, s. 14.)

§ 148-32. Prisoners may be sentenced to work on city and county properties; Department may provide prisoners for county. — Any county, city or town that operates farms, parks, or other public grounds by convict labor may retain a sufficient number of prisoners for the operation of such properties, and the judges in the courts of such counties, cities, or towns, in lieu of sentencing prisoners to jail to be assigned to work under the State Department of Correction, shall sentence a sufficient number to the county jail to be assigned to work on such county, city or town properties for the necessary operation thereof; and courts may also sentence prisoners to the county jail to be assigned to work at the county home or other county-supported institution.

The Department may in its discretion provide prison labor upon terms and conditions agreed upon from time to time for doing specific tasks of work for the several county homes, county farms, or other county-owned properties, but prisoners assigned to such work shall be at all times under the control and custody of a duly authorized agent of the Department. (1931, c. 145, s. 30; 1933, c. 172, s. 31; 1939, c. 243; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

Sufficiency of Judgment to Sentence under Section. — That portion of a judgment which read "that the defendant be imprisoned . . . in the custody of the sheriff, common jail of Guilford County in any county institution, under supervision of board of county commissioners" was not specific enough to accomplish anything. It may be that the trial judge intended to sentence defendant under authority of this section, but he failed to be specific enough to accomplish that purpose. State v. Stafford, 11 N.C. App. 520, 181 S.E.2d 741 (1971).

§ 148-33. Prison labor furnished other State agencies. — The State Department of Correction may furnish to any of the other State departments, State institutions, or agencies, upon such conditions as may be agreed upon from time to time between the Department and the governing authorities of such Department, institution or agency, prison labor for carrying on any work where it is practical and desirable to use prison labor in the furtherance of the purposes of any State department, institution or agency, and such other employment as is now provided by law for inmates of the State's prison under the provisions of G.S. 148-6: Provided that such prisoners shall at all times be under the custody of and controlled by the duly authorized agent of such Department. Provided, further, that notwithstanding any provisions of law contained in this Article or in this Chapter, no male prisoner or group of male prisoners may be assigned to work in any building utilized by any State department, agency, or institution where women are housed or employed

unless a duly designated custodial agent of the Commissioner of Correction is assigned to the building to maintain supervision and control of the prisoner or prisoners working there. (1933, c. 172, s. 30; 1957, c. 349, s. 10; 1961, c. 966; 1967, c. 996, ss. 13, 15.)

§ 148-33.1. Sentencing, quartering, and control of prisoners with work release privileges. — (a) Whenever a person is sentenced to imprisonment for a term not exceeding five years to be served in the State prison system, the presiding judge of the sentencing court may recommend to the State Department of Correction that the prisoner be granted the option of serving the sentence under the work-release plan as hereinafter authorized.

(b) The Board of Paroles of this State may authorize the State Department of Correction to grant work-release privileges to any inmate of the State prison system serving a term of imprisonment: Provided, in any case where the inmate being considered for work-release privileges has not yet served a fourth of his sentence if determinate or a fourth of his minimum sentence if indeterminate, the Board of Paroles shall not authorize the Department of Correction to grant him work-release privileges without considering the recommendations of the presiding judge of the court which imposed the sentence.

(c) The State Department of Correction shall from time to time, as the need becomes evident, designate and adapt facilities in the State prison system for quartering prisoners with work-release privileges. In areas where facilities suitable for this purpose are not available within the State prison system when needed, the State Department of Correction may contract with the proper authorities of political subdivisions of this State for quartering in suitable local confinement facilities prisoners with work-release privileges. No prisoner shall be granted work-release privileges until suitable facilities for quartering him have been provided in the area where the prisoner has employment or the offer of employment.

(d) The State Department of Correction is authorized and directed to establish a work-release plan under which an eligible prisoner may be released from actual custody during the time necessary to proceed to the place of his employment, perform his work, and return to quarters designated by the prison authorities. No prisoner shall be granted work-release privileges except upon recommendation of the presiding judge set forth in the judgment of imprisonment or written authorization of the Board of Paroles. If the prisoner shall violate any of the conditions prescribed by prison rules and regulations for the administration of the work-release plan, then such prisoner may be withdrawn from work-release privileges, and the prisoner may be transferred to the general prison population to serve out the remainder of his sentence. Rules and regulations for the administration of the work-release plan shall be established in the same manner as other rules and regulations for the government of the State prison system.

(e) The State Department of Labor shall exercise the same supervision over conditions of employment for persons working in the free community while serving sentences imposed under this section as the Department does over conditions of employment for free persons.

(f) Prisoners employed in the free community under the provisions of this section shall surrender to the Department of Correction their earnings less standard payroll deductions required by law. After deducting from the earnings of each prisoner an amount determined to be the cost of the prisoner's keep, the Department of Correction shall retain to his credit such amount as seems necessary to accumulate a reasonable sum to be paid to him when he is paroled or discharged from prison, and shall make such disbursements from

any balance of his earnings as may be found necessary by the Department for the following purposes, considered in a priority order as stated:

(1) To pay travel and other expenses of the prisoner made necessary by his employment;

(2) To provide a reasonable allowance to the prisoner for his incidental personal expenses;

(3) To make payments for the support of the prisoner's dependents in accordance with an order of a court of competent jurisdiction, or in the absence of a court order, in accordance with a determination of dependency status and need made by the local department of social services in the county of North Carolina in which such dependents reside;

(4) To comply with an order from any court of competent jurisdiction regarding the payment of an obligation of the prisoner in connection with any case before such court.

In addition, the Department of Correction in its discretion may grant a request made in writing by the prisoners for a withdrawal for any other purpose.

Any balance of his earnings remaining at the time the prisoner is released from prison shall be paid to him. The Social Services Commission is authorized to promulgate uniform rules and regulations governing the duties of county social services departments under this section.

(g) No prisoner employed in the free community under the provisions of this section shall be deemed to be an agent, employee, or involuntary servant of the State prison system while working in the free community or going to or from such employment.

(h) Any prisoner employed under the provisions of this section shall not be entitled to any benefits under Chapter 96 of the General Statutes entitled "Employment Security" during the term of the sentence. (1957, c. 540; 1959, c. 126; 1961, c. 420; 1963, c. 469, ss. 1, 2; 1967, c. 684; c. 996, s. 13; 1969, c. 982; 1973, c. 476, s. 138.)

Editor's Note. — The 1973 amendment substituted "Social Services Commission" for "State Board of Public Welfare" in the last paragraph of subsection (f).

Constitutionality. — See Advisory Opinion In re Work-Release Statute, 268 N.C. 727, 152 S.E.2d 225 (1966).

Predicate of Section. — See same catchline in note to § 148-26.

Nature of Honor-Grade Status, Work-Release Privilege and Parole.—Honor-grade status, work-release privilege, and parole are discretionary acts of grace or clemency extended by the State as a reward for good behavior, conferring no vested rights upon the convicted person. An accused person must be given full constitutional protection before and during his trial, but procedures of constitutional dimension are not appropriate in subsequent determinations of rewards for good behavior while serving a validly imposed sentence of confinement. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

Recommending Privilege of Work-Release Program. — This section authorizes but does not require the presiding judge of the sentencing court to recommend that the prisoner be granted the privilege of the work-release program. State v. Wright, 272 N.C. 264, 158 S.E.2d 50 (1967); Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

Granting Work-Release Privileges Not Required. — Subsection (b) authorizes but does not require the Board of Paroles to authorize the Department of Correction to grant work-release privileges to any inmate of the prison system provided that the stated conditions in the statute are met. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

Decisions Are Discretionary Acts. — The decisions of the trial court and the Board of Paroles relating to the work-release privilege are discretionary acts and are not subject to procedural due process. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

And Inmate Being So Considered Is Not Entitled to Procedural Due Process. — An inmate being considered for honor-grade status or work release, is not entitled, either under the State or federal Constitutions, to procedural due process rights. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

Granting of Honor-Grade Status, etc., Is Mitigation of Terms of Judgment. — The granting of honor-grade status, work release, and parole is by way of mitigating the terms of

the judgment which the court has entered. The legality and propriety of the trial and sentence have already been determined after the prisoner has been heard and his constitutional rights have been accorded him. The merits of the trial and the validity of the judgment may not again be raised before the Department of Correction and the Board of Paroles. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Which Is Not Undeniable Right of Prisoner. — While a prisoner takes with him into the prison certain rights which may not be denied him, the legal right to the mitigation of his punishment is not one of them. It is contemplated as a part of his rehabilitation that he earn his right to honor-grade status, work release, or parole. The decision is not in the nature of an adversary proceeding under rules of evidence. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

And Involves Policy Decisions to Be Decided by Department of Correction and Board of Paroles. — Whether a prisoner is entitled to honor-grade status, work release, or parole involves policy decisions which should be decided by the Department of Correction and the Board of Paroles. These agencies are charged with the duty and are properly given means of discharging it not available to the courts. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

§§ 148-34, 148-35: Repealed by Session Laws 1957, c. 349, s. 11.

§ 148-36. Commissioner of Correction to control classification and operation of prison facilities. — All facilities established or acquired by the State Department of Correction shall be under the administrative control and direction of the Commissioner of Correction, and operated under rules and regulations proposed by the Commissioner and adopted by the Commission of Correction as provided in G.S. 148-11. Subject to such rules and regulations, the Commissioner shall classify the facilities of the State prison system and develop a variety of programs so as to permit proper segregation and treatment of prisoners according to the nature of the offenses committed, the character and mental condition of the prisoners, and such other factors as should be considered in providing an individualized system of discipline, care, and correctional treatment of persons committed to the Department. The Commissioner of Correction, or his authorized representative, shall designate the places of confinement where sentences to imprisonment in the State's prison system shall be served. The Commissioner or his representative may designate any available facility appropriate for the individual in view of custodial and correctional considerations. (1931, c. 145, s. 28; c. 277, s. 8; 1933, c. 46, ss. 3, 4; c. 172, ss. 4, 17; 1943, c. 409; 1955, c. 238, s. 7; 1957, c. 349, s. 10; 1967, c. 996, s. 7.)

§ 148-37. Additional facilities authorized; contractual arrangements. — (a) Subject to the provisions of G.S. 143-341, the State Department of Correction may establish additional facilities for use by the Department, such facilities to be either of a permanent type of construction or of a temporary or movable type as the Department may find most advantageous to the particular needs, to the end that the prisoners under its supervision may be so distributed throughout the State as to facilitate individualization of treatment designed to prepare them for lawful living in the community where they are most likely to reside after their release from prison. For this purpose, the Department may purchase of lease sites and suitable lands adjacent thereto and erect necessary buildings thereon, or purchase or lease existing facilities, all within the limits of allotments as approved by the Budget Division of the Department of Administration.

(b) The Commissioner of Correction may contract with the proper official of the United States or of any county or city of this State for the confinement of federal prisoners after they have been sentenced, county, or city prisoners in facilities of the State prison system or for the confinement of State prisoners in federal, county or city facilities located in North Carolina, when to do so would most economically and effectively promote the purposes served by the Department of Correction. Any contract made under the authority of this

section shall be for a period of not more than two years, and shall be renewable from time to time for a period not to exceed two years. Contracts for receiving federal, county, and city prisoners shall provide for reimbursing the State in full for all costs involved. The financial provisions shall have the approval of the Department of Administration before the contract is executed. Payments received under such contracts shall be deposited in the State treasury for the use of the State Department of Correction. Such payments are hereby appropriated to the State Department of Correction as a supplementary fund to compensate for the additional care and maintenance of such prisoners as are received under such contracts. §§ 148-38, 148-39: Repealed by Session Laws 1957, c. 349, s. 11.

§ 148-40. Recapture of escaped prisoners. — The rules and regulations for the government of the State prison system may provide for the recapture of convicts that may escape, or any convicts that may have escaped from the State's prison or prison camps, or county road camps of this State, and the State Department of Correction may pay to any person recapturing an escaped convict such reward or expense of recapture as the regulations may provide. Any citizen of North Carolina shall have authority to apprehend any convict who may escape before the expiration of his term of imprisonment whether he be guilty of a felony or misdemeanor, and retain him in custody and deliver him to the State Department of Correction. (1933, c. 172, s. 21; 1955, c. 238, s. 8; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

Applied in Davis v. North Carolina, 196 F. Supp. 488 (E.D.N.C. 1961), cert. denied, 365 U.S. 855, 81 S. Ct. 816, 5 L. Ed. 2d 819 (1961).

§ 148-41. Recapture of escaping prisoners; reward. — The Commissioner of Correction shall use every means possible to recapture, regardless of expense, any prisoners escaping from or leaving without permission any of the State prisons, camps, or farms. When any person who has been confined or placed to work escapes from the State prison system, the Commissioner shall immediately notify the Governor, and accompany the notice with a full description of the escaped prisoner, together with such information as will aid in the recapture. The Governor may offer such rewards as he may deem desirable and necessary for the recapture and return to the State prison system of any person who may escape or who heretofore has escaped therefrom. Such reward earned shall be paid by warrant of the State Department of Correction and accounted for as a part of the expense of maintaining the State's prisons. (1873-4, c. 158, s. 13; Code, s. 3442; Rev., s. 5407; 1917, c. 236; c. 286, s. 13; C. S., ss. 7742, 7743; 1925, c. 163; 1933, c. 172, s. 18; 1935, c. 414, s. 16; 1943, c. 409; 1955, c. 238, s. 9; c. 279, s. 3; 1957, c. 349, s. 10; 1967, c. 996, ss. 13, 15.)

§ 148-42. Indeterminate sentences. — The several judges of the superior court are authorized in their discretion in sentencing prisoners to imprisonment to commit the prisoner to the custody of the Commissioner of Correction for a minimum and maximum term. The maximum term imposed shall not exceed the limit otherwise prescribed by law for the offense of which the person is convicted. At any time after the prisoner has served the minimum term less earned allowances for good behavior, the Commissioner is authorized to discharge such person unconditionally or release him from confinement under conditions prescribed by the Commissioner. The conditions of release may be modified or the conditional release may be revoked by the Commissioner of Correction at any time during the period the person is committed to the Commissioner's custody, but the total time served in confinement and on conditional release shall not exceed the maximum term for

which he was sentenced to the custody of the Commissioner of Correction. If a conditional release is revoked, the revocation order shall constitute authority for any prison, parole, or peace officer to arrest the prisoner without a warrant and return him to a facility of the State prison system. The Commissioner shall consult with the Board of Paroles on the exercise of his discretionary authority under this section, and the Board is authorized to cooperate with the Commissioner in the implementation of agreed upon conditional release plans. (1933, c. 172, s. 24; 1955, c. 238, s. 9; 1967, c. 996, s. 9.)

Editor's Note. — For a brief comparison of criminal law sanctions in two civil rights cases, see 43 N.C.L. Rev. 667 (1965).

Commutation of Indeterminate Sentence. — Where judgment imposing prison sentence of not less than five nor more than seven years was commuted by Governor to a prison sentence of from two years, four months, 13 days to four years, four months, and 13 days, such sentence remained an indeterminate sentence, and whether prisoner was to be discharged at the conclusion of the minimum term or some time thereafter prior to the expiration of the maximum term was for determination of the State Highway and Public Works Commission (now Commissioner of Correction). In re Swink, 243 N.C. 86, 89 S.E.2d 792 (1955).

Case Remanded for Imposition of Minimum Sentence. — Where the record showed that judgment of imprisonment was entered by the trial court for a term not to exceed seven years, the case was remanded for imposition of a minimum sentence. State v. Black, 283 N.C. 344, 196 S.E.2d 225 (1973).

Applied in State v. Cooper, 238 N.C. 241, 77 S.E.2d 695 (1953); State v. Lee, 247 N.C. 230, 100 S.E.2d 372 (1957).

§ 148-43: Repealed by Session Laws 1963, c. 1174, s. 5.

§ 148-44. Separation as to sex and age. — The Department shall provide quarters for female prisoners separate from those for male prisoners; and shall provide for separate facilities for youthful offenders as required by G.S. 15-210 to 15-215. (1933, c. 172, s. 25; 1947, c. 262, s. 2; 1957, c. 349, s. 10; 1963, c. 1174, s. 2.)

Editor's Note. — Sections 15-210 through 15-215 were repealed by Session Laws 1967, c. 996, s. 17. As to facilities and programs for youthful offenders, see now §§ 148-49.1 through 148-49.9.

§ 148-45. Escaping or assisting escape from the State prison system; escape by conditionally and temporarily released prisoners. — (a) Any prisoner serving a sentence imposed upon conviction of a misdemeanor who escapes or attempts to escape from the State prison system shall for the first such offense be guilty of a misdemeanor and, upon conviction thereof, shall be punished by imprisonment for not less than three months nor more than one year. Any prisoner serving a sentence imposed upon conviction of a felony who escapes or attempts to escape from the State prison system shall for the first such offense be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment for not less than six months nor more than two years. Any prisoner convicted of escaping or attempting to escape from the State prison system who at any time subsequent to such conviction escapes or attempts to escape therefrom shall be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment for not less than six months nor more than three years. Any prisoner who connives at, aids or assists other prisoners to escape or attempt to escape from the State prison system shall be guilty of a misdemeanor and, upon conviction thereof, shall be imprisoned at the discretion of the court. Unless otherwise specifically ordered by the presiding judge, any term of imprisonment imposed hereunder shall commence at the termination of any and all sentences to be served in the State prison system under which the prisoner is held at the time an offense defined by this section is committed by such prisoner. Any prisoner convicted of an escape or attempt to escape classified as a felony by this section shall be immediately classified and treated as a convicted felon even if such prisoner has time

remaining to be served in the State prison system on a sentence or sentences imposed upon conviction of a misdemeanor or misdemeanors.

(b) Any defendant convicted and in the custody of the North Carolina Department of Correction and ordered or otherwise assigned to work under the work-release program, G.S. 148-33.1, or any convicted defendant in the custody of the North Carolina Department of Correction and on a temporary parole by permission of the State Board of Paroles or other authority of law, who shall fail to return to the custody of the North Carolina Department of Correction, shall be guilty of the crime of escape and subject to the provisions of subsection (a) of this section and shall be deemed an escapee. For the purpose of this subsection, escape is defined to include, but is not restricted to, wilful failure to return to an appointed place and at an appointed time as ordered. (1933, c. 172, s. 26; 1955, c. 279, s. 2; 1963, c. 681; 1965, c. 283; 1967, c. 996, s. 13.)

Editor's Note. — Session Laws 1955, c. 279, which rewrote what is now subsection (a) of this section, provides, in s. 4: "The provisions of this act shall be construed to be mandatory rather than directive."

There are two classes of escape from the State prison system. One is a felonious escape and the other is a misdemeanor. State v. Ledford, 9 N.C. App. 245, 175 S.E.2d 605 (1970).

The criminal offenses defined in subsection (a) of this section may be committed only by a person in custody of the State prison system and serving a sentence imposed upon conviction of a criminal offense. State v. Jordan, 247 N.C. 253, 100 S.E.2d 497 (1957).

Subsection (b) Creates Distinct Offense. — Subsection (b), while providing the same penalties listed in subsection (a), creates a new and distinct offense which can only be committed by a work-release prisoner or a convicted defendant temporarily on parole. State v. Kimball, 261 N.C. 582, 135 S.E.2d 568 (1964); State v. Cooper, 275 N.C. 283, 167 S.E.2d 266 (1969).

Offense under Subsection (b) and under § 14-255 Distinguished. — A defendant's contention that he should have been tried for escape under § 14-255 rather than under this section is without merit where the evidence shows that when he escaped defendant was in the custody of the State Department of Correction and was under the supervision of a foreman for the State Highway Department (now the Board of Transportation), and there is no evidence that defendant was being hired out by a county, city or town under the provisions of § 14-255. State v. Ledford, 9 N.C. App. 245, 175 S.E.2d 605 (1970).

Prisoners Hired by Highway Commission (now Board of Transportation) Are within Prison System. — Prisoners hired by the State Highway Commission (now the Board of Transportation) to work on the highways of the State are within the prison system when the agents of the Highway Commission (now the Board of Transportation) have been designated to receive and work such prisoners. State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965).

An escape from custody authorized by law is a crime against public justice. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

Citizen Should Yield Obedience to Law. — The statute declaring escape from custody to be an offense proceeds from the theory that a citizen should yield obedience to the law. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

Thus, Person Confined by Law Must Submit. — When one has been, by authority or command of the law, confined in prison, it is his duty to submit to such confinement until delivered by due course of law, no matter whether he has been committed for a future trial, or for punishment after conviction. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

It would bring the law into disrepute and completely render prison order and discipline unenforceable if prisoners convicted of crime could exercise the right of self-judgment and self-help and be allowed to escape from imprisonment, either because they believe themselves to be innocent, or that their convictions were obtained through legal error. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

He Is Liable for Escape Whether Innocent or Not. — It is generally held by the more modern authorities that it is immaterial whether a prisoner is innocent or guilty of the original offense insofar as his liability for escaping is concerned. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

When a prisoner is held in legal custody and commits an escape, the crime itself does not depend upon whether he would have been adjudged guilty or innocent of the original offense had the proper procedure for appeal been followed. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

And Whether or Not Conviction Is Later Held Void. — The crime of escape does not depend upon whether it may or may not be determined in a future habeas corpus proceeding that his original conviction was void for defects in the judgment of conviction by a court of competent jurisdiction. State v. Goff, 264 N.C. 563, 142 S.E.2d 142 (1965).

There is no deprivation of federal constitutional rights in the State's trial of a

prisoner for an escape from an invalid sentence. Kelly v. North Carolina, 276 F. Supp. 200 (E.D.N.C. 1967).

A defendant can be tried and sentenced on the charge of escape irrespective of the outcome of a new trial. State v. Warren, 4 N.C. App. 441, 167 S.E.2d 858 (1969).

North Carolina has held that a prisoner escaping while serving a sentence is not immune to punishment for the escape even though the sentence he was serving at the time of the escape was irregular or voidable and is set aside and a new trial ordered after the escape but prior to imposition of sentence for the escape, since a prisoner serving a sentence imposed by authority of law may not defy that authority but must seek redress in compliance with due process. Kelly v. North Carolina, 276 F. Supp. 200 (E.D.N.C. 1967).

The deprivation of procedural rights before or during imprisonment does not constitute grounds for, or justification for, an escape by a prisoner serving a sentence imposed by authority of law. This is so even though the sentence the prisoner was serving at the time was later held to be irregular or voidable. A prisoner in such case may not put himself in defiance of the duly constituted authorities by escaping from custody but must seek redress in compliance with due process. State v. Warren, 4 N.C. App. 441, 166 S.E.2d 858 (1969).

A second escape is a felony, punishable by imprisonment for not less than six months nor more than three years, irrespective of whether the original sentence was imposed upon conviction of a misdemeanor or of a felony. State v. Worley, 268 N.C. 687, 151 S.E.2d 618 (1966); State v. Walters, 17 N.C. App. 94, 193 S.E.2d 316 (1972).

A murder committed in the perpetration or attempt to perpetrate a felonious escape is murder in the first degree. State v. Lee, 277 N.C. 205, 176 S.E.2d 765 (1970).

Sufficiency of Indictment. — It is necessary to allege that the escape or attempted escape occurred when defendant was serving a sentence imposed upon conviction of a misdemeanor or of a felony, irrespective of whether the presently alleged escape or attempted escape was alleged to be a first or a second offense. State v. Jordan, 247 N.C. 253, 100 S.E.2d 497 (1957); State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965); State v. Stallings, 267 N.C. 405, 148 S.E.2d 252 (1966).

An indictment charging that defendant escaped from lawful custody while serving a sentence for a felony imposed in the superior court of a named county is sufficient without naming the felony for which defendant was imprisoned, and reference in the indictment to the felony is surplusage. State v. Stallings, 267 N.C. 405, 148 S.E.2d 252 (1966).

An indictment charging that a defendant escaped while serving a sentence for a felony imposed in the superior court in a named county is sufficient without naming the felony. State v. Jackson, 14 N.C. App. 75, 187 S.E.2d 470 (1972).

A bill of indictment was insufficient to charge the felony of escape while serving a felony sentence, notwithstanding the indictment used the word "felony" to describe one of the offenses for which defendant was serving sentence when he escaped, where it also alleged that sentences for both offenses were imposed in district courts, since district courts are without jurisdiction to impose sentence in felony cases; however, the indictment was sufficient to charge misdemeanor escape. State v. Jackson, 14 N.C. App. 75, 187 S.E.2d 470 (1972).

Where defendant contended that the warrant was defective in that it did not allege: (1) the year of defendant's conviction in Craven County; (2) the length of the sentence imposed; (3) the number of defendant's commitment from Craven County; and (4) the trial docket number of the case in which the commitment was issued, it was held that such detailed information was not required to charge an offense under this section. State v. Harper, 264 N.C. 354, 141 S.E.2d 475 (1965).

A felony conviction for a second or subsequent offense is not permissible, and punishment therefor may not be imposed, unless the indictment alleges facts showing that the offense charged is a second offense. State v. Lawrence, 264 N.C. 220, 141 S.E.2d 264 (1965).

To charge a felony for a second offense of escape, it is necessary for the bill of indictment to refer to a "previous conviction of escape from the State prison system" which is one of the necessary elements under this section. A bill of indictment which fails to contain this essential element will not support a judgment imposing sentence for a second offense of escape. State v. Jackson, 14 N.C. App. 75, 187 S.E.2d 470 (1972).

The mere words "second offense" are not sufficient allegation of facts to charge the felony — time and place of conviction of the prior offense must be alleged. State v. Lawrence, 264 N.C. 220, 141 S.E.2d 264 (1965).

A bill of indictment charging that the defendant: ". . . (O)n the 18th day of October, 1965, with force and arms, and in the County aforesaid (Montgomery), while he . . . was then and there lawfully confined in the North Carolina State prison system in the lawfully (sic) custody of the Superintendent of State Prison Unit #042, Troy, North Carolina, and while then and there serving a sentence for the crime of . . . Larcency (sic) . . . Escape which is a misdemeanor under the laws of the State of North Carolina, imposed at the August 4, 1965 term General County Court, and September 23, 1965 term Recorders Court, Henderson and Montgomery Counties, then and there

unlawfully, willfully, and feloniously did attempt to escape and escaped from the said State Prison Unit #042 Troy, North Carolina against the form of the statute in such case made and provided, and against the peace and dignity of the State," does not properly charge a felonious escape because it nowhere refers to "previous conviction of escape from the State prison system" which is one of the elements necessary under this section. However, it will support a charge of an escape a misdemeanor. State v. Revis, 267 N.C. 255, 147 S.E.2d 892 (1966).

The words "third offense," even if included in the body of the indictment, are not sufficient to charge the offense of felonious escape, it being necessary also to allege in the indictment facts showing that at a certain time and place the defendant was convicted of the previous offense or offenses. State v. Bennett, 271 N.C. 423, 156 S.E.2d 725 (1967).

Arrest of Judgment for Defective Indictment Does Not Bar Further Prosecution. — Arrest of judgment on the ground that the bill of indictment is fatally defective does not bar further prosecution for a violation of this section if the solicitor deems it advisable to proceed on a new bill. State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965).

Nor Does Mistrial on Such Ground. — Where the indictment on its face negatived any possibility of a showing that at the time of the alleged escape the defendant was serving a sentence in prison, such indictment was fatally defective, the action of the court in ordering a mistrial was tantamount to quashing the bill of indictment, which the trial court had the right to do ex mero motu, and the defendant's conviction on a second bill of indictment is valid and a plea of former jeopardy is properly overruled. State v. Whitley, 264 N.C. 742, 142 S.E.2d 600 (1965).

Proof of Lawfulness of Custody and Type of Offense for Which Defendant Committed. — In order to sustain a conviction of a defendant for the offense of escape under this section, the State must prove, among other things, from the evidence and beyond a reasonable doubt that at the time of the escape the defendant was in the lawful custody of the State Department of Correction and was serving a sentence imposed upon a plea of guilty, a plea of nolo contendere, or a conviction for a felony. A properly certified copy of the commitment is competent, when introduced into evidence, to show the lawfulness of the custody and the type of offense for which he was committed. State v. Ledford, 9 N.C. App. 245, 175 S.E.2d 605 (1970).

Evidence Admissible to Show Defendant Was in Lawful Custody. — Certified copies of the record of the superior court showing defendant's conviction and sentence, or a commitment issued under the hand and official seal of the clerk of the superior court, are admissible for the purpose of showing that defendant was in lawful custody at the time of the alleged escape. State v. Stallings, 267 N.C. 405, 148 S.E.2d 252 (1966).

Nature of Offense for Which Defendant Committed as Question for Jury. — A defendant who has committed an escape is entitled to have his case submitted to the jury on the question of whether he was imprisoned while serving a sentence imposed for a felony or for a misdemeanor. State v. Ledford, 9 N.C. App. 245, 175 S.E.2d 605 (1970).

Prejudicial Error Not to Charge Jury That It Must Find Defendant Was Serving Sentence for Felony Conviction at Time of Escape. — Since the defendant's plea of not guilty put in issue every essential element of the crime charged, and the defendant was charged with escaping from the lawful custody of the State Department of Correction while then and there serving time for a felony, the trial judge's failure to instruct the jury that before they could convict the defendant of the felony of escape charged, they must find beyond a reasonable doubt that at the time of the escape he was serving a sentence imposed upon conviction of a felony, was prejudicial error which entitles the defendant to a new trial. State v. McCloud, 11 N.C. App. 425, 181 S.E.2d 204 (1971).

Verdict Must Show If Guilty of Offense Charged and If Convicted of Prior Violation. — The verdict must spell out (1) whether defendant is guilty of the specific violation charged and, if so, (2) whether he was convicted of a prior violation of such offense charged. State v. Lawrence, 264 N.C. 220, 141 S.E.2d 264 (1965).

Erroneous Reference to Another Section in Judgment and Commitment Order Not Prejudicial. — The fact that the judgment and commitment order in an escape prosecution erroneously referred to § 148-48 instead of this section was not prejudicial to the defendant. State v. Cobb, 9 N.C. App. 51, 175 S.E.2d 381 1970).

Punishment Is in Accordance with Conviction of First or Second Offense. — The accused may be convicted or plead guilty to the specific violation charged — a misdemeanor — or he may be convicted or plead guilty as in the case of a second offense — a felony. Punishment is in accordance with the conviction or plea. State v. Lawrence, 264 N.C. 220, 141 S.E.2d 264 (1965).

Sentence of 12 Months Not Cruel and Unusual Punishment. — A sentence of imprisonment for 12 months for felonious escape under this section does not constitute cruel and unusual punishment, in violation of N.C. Const., Art. I, § 14 and the Eighth Amendment to the Constitution of the United States. State v. Dixon, 5 N.C. App. 514, 168 S.E.2d 418 (1969).

A sentence of one year is not excessive under this section. State v. Garris, 265 N.C. 711, 144 S.E.2d 901 (1965).

When Sentence Begins. — Prior to the 1965 amendment, it was mandatory that a sentence for escape begin at the expiration of the sentence defendant was then serving. State v. Doggett, 267 N.C. 648, 148 S.E.2d 622 (1966).

Applied in State v. Gibson, 265 N.C. 487, 144 S.E.2d 402 (1965); State v. Elliott, 269 N.C. 683, 153 S.E.2d 330 (1967); State v. Morgan, 272 N.C. 97, 157 S.E.2d 606 (1967); State v. § 148-46. Degree of protection against violence allowed. — When any prisoner, or several combined shall offer violence to any officer, overseer, or guard, or to any fellow prisoner, or attempt to do any injury to the prison building, or to any workshop, or other equipment, or shall attempt to escape, or shall resist, or disobey any lawful command, the officer, overseer, or guard shall use any means necessary to defend himself, or to enforce the observance of discipline, or to secure the person of the offender, and to prevent an escape. (1933, c. 172, s. 27.)

Editor's Note. — For note on use of deadly force in preventing escape of fleeing minor felon, see 34 N.C.L. Rev. 122 (1955).

§ 148-46.1. Inflicting or assisting in infliction of self-injury to prisoner resulting in incapacity to perform assigned duties.—Any person serving a sentence or sentences within the State prison system who, during the term of such imprisonment, wilfully and intentionally inflicts upon himself any injury resulting in a permanent or temporary incapacity to perform work or duties assigned to him by the State Department of Correction, or any prisoner who aids or abets any other prisoner in the commission of such offense, shall be guilty of a felony and upon conviction thereof shall be punished by imprisonment in the State's prison for a term not exceeding 10 years in the discretion of the court. (1959, c. 1197; 1967, c. 996, s. 13.)

Cross Reference. — As to procedure for treatment of self-inflicted injuries upon prisoners where consent is refused, see § 130-191.1.

§ 148-47. Disposition of child born of female prisoner. — Any child born of a female prisoner while she is in custody shall as soon as practicable be surrendered to the director of social services of the county wherein the child was born upon a proper order of the domestic relations court or juvenile court of said county affecting the custody of said child. When it appears to be for the best interest of the child, the court may place custody beyond the geographical bounds of Wake County: Provided, however, that all subsequent proceedings and orders affecting custody of said child shall be within the jurisdiction of the proper court of the county where the infant is residing at the time such proceeding is commenced or such order is sought: Provided, further, that nothing in this section shall affect the right of the mother to consent to the adoption of her child nor shall the right of the mother to place her child with the legal father or other suitable relative be affected by the provisions of this section. (1933, c. 172, s. 28; 1955, c. 1027; 1961, c. 186; 1969, c. 982.)

§ 148-48. Parole powers of Board of Paroles unaffected. — Nothing in this Chapter shall be construed to limit or restrict the power of the Board of Paroles to parole prisoners under such conditions as it may impose or prevent the reimprisonment of such prisoners upon violation of the conditions of such parole, as now provided by law. (1933, c. 172, s. 29; 1955, c. 867, s. 8.)

Erroneous Reference to Statute under Which Defendant Committed. — It is not prejudicial to the defendant where, in the judgment and commitment as it appeared in the record, the statute under which the defendant was convicted was erroneously referred to as "G.S. 148.48" instead of § 148-45. State v. Cobb, 9 N.C. App. 51, 175 S.E.2d 381 (1970).

§ 148-49. Prison indebtedness not assumed by Board of Transportation. — The Board of Transportation shall not assume or pay off any part of the deficit of the State prison existing on March 22, 1933. (1933, c. 172, s. 33; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway and Public Works Commission."

ARTICLE 3A.

Facilities and Programs for Youthful Offenders.

§ 148-49.1. Purpose of Article. — The purposes of this Article are to improve the chances of correction, rehabilitation and successful return to the community of youthful offenders sentenced to imprisonment by preventing, as far as practicable, their association during their terms of imprisonment with older and more experienced criminals, and by closer coordination of the activities of sentencing, training in custody, conditional release, and final discharge. It is the intent of this Article to provide the courts with an additional sentencing possibility to be used in the court's discretion for correctional punishment and treatment in cases where, in the opinion of the court, a youthful offender requires a period of imprisonment, but no longer than necessary for the Board of Paroles to determine that the offender is suitable for a return to freedom and is ready for a period of supervised freedom as a step toward unconditional discharge and restoration of the rights of citizenship. (1949, c. 297, s. 1; 1951, c. 250; 1955, c. 238, s. 9; 1963, c. 1166, s. 10; 1967, c. 996, s. 10.)

Applied in State v. Johnson, 5 N.C. App. 469, 168 S.E.2d 709 (1969); State v. O'Neal, 17 N.C. App. 644, 195 S.E.2d 137 (1973).

§ 148-49.2. Definitions. — As used in this Article, a "youthful offender" is a person under the age of 21 at the time of conviction, and a "committed youthful offender" is one committed to the custody of the Commissioner of Correction under the provisions of this Article. Inmates of the State prison system segregated as youthful offenders on July 31, 1967, under the provisions of Article 21 of Chapter 15 of the General Statutes of North Carolina, or who shall be so sentenced prior to August 1, 1967, but who begin to serve such sentences after that date, shall be extended the benefits of this Article as far as practicable and consistent with their sentences. (1949, c. 297, s. 2; 1967, c. 996, s. 10.)

Judicial Notice. — The courts will take judicial notice of the fact that the "Umstead Youth Center" is a State penal institution authorized under and by virtue of Chapter 297, Session Laws of 1949, and maintained for the purpose of receiving and detaining youthful and first-term prisoners. Alliance Co. v. State Hosp., 241 N.C. 329, 85 S.E.2d 386 (1955).

Applied in State v. Simpson, 14 N.C. App. 456, 188 S.E.2d 535 (1972).

§ 148-49.3. Presentence diagnostic studies. — Upon conviction of a youthful offender of an offense punishable by imprisonment, the court may request the Department of Correction to make a presentence diagnostic

study of the offender. Where necessary for this purpose, the Department may admit the offender to an appropriate diagnostic and classification center for such period of study as the court may authorize. Within such period as the court may grant, the Department shall report to the court its findings. The time a youthful offender spends confined for a presentence diagnostic study shall not exceed 90 days or the maximum term of imprisonment authorized as punishment for the offense of which the person has been convicted if the maximum is less than 90 days, and this time shall be credited on any sentence of commitment imposed on the offender. A copy of the diagnostic study report shall be made available to defense counsel before the court pronounces sentence. The defendant shall be afforded an opportunity to controvert the contents of the report, if he so requests. (1949, c. 297, s. 3; 1955, c. 238, s. 9; 1963, c. 1166, s. 10; 1967, c. 996, s. 10.)

§ 148-49.4. Sentencing a youthful offender. — When a youthful offender is convicted of an offense punishable by imprisonment, and the court does not suspend the imposition or execution of sentence and place the offender on probation, the court may, in lieu of the penalty of imprisonment otherwise provided by law, sentence the youthful offender to the custody of the Commissioner of Correction for treatment and supervision pursuant to this Article until discharged at the expiration of the maximum term imposed or until conditionally released or unconditionally discharged by the Board of Paroles as provided in this Article. At the time of commitment the court shall fix a maximum term not to exceed the limit otherwise prescribed by law for the offense of which the person is convicted. When the maximum permitted penalty for the offense is imprisonment for one year or longer, the maximum term imposed shall not be for less than one year. If the court shall find that the youthful offender will not derive benefit from treatment and supervision pursuant to this Article, then the court may sentence the youthful offender under any other applicable penalty provision. (1949, c. 297, s. 4; 1955, c. 238, s. 9; 1963, c. 1166, s. 10; 1967, c. 996, s. 10.)

Consecutive sentences of two years' imprisonment, each of which was imposed upon a youthful offender's pleas of guilty to nonfelonious breaking and entering and to felonious larceny, are not cruel and excessive punishment. State v. Jones, 10 N.C. App. 184, 177 S.E.2d 727 (1970).

Applied in State v. Pulley, 5 N.C. App. 285, 168 S.E.2d 62 (1969).

§ 148-49.5. Classification studies. — Every committed youthful offender shall first be sent to a diagnostic and classification center for a complete study, including a mental and physical examination, to ascertain his personal traits, his capabilities, pertinent circumstances of his school and family life, any previous delinquency or criminal experience, and any mental or physical defect or other factor contributing to his delinquency and criminal activities. All agencies of State and local government in North Carolina shall cooperate with the State Department of Correction in supplying or verifying information helpful for diagnosis, classification, and program planning for committed youthful offenders. A report of the findings and recommendations of the diagnostic and classification center shall be sent to the Commissioner of Correction and to the Board of Paroles. (1949, c. 297, s. 5; 1955, c. 238, s. 9; 1963, c. 1166, s. 10; 1967, c. 996, s. 10.)

§ 148-49.6. Placement of youthful offenders. — On receipt of the report and recommendations from the diagnostic and classification center, the Commissioner of Correction may (i) recommend to the Board of Paroles that the committed youthful offender be released conditionally under supervision, (ii) order the committed youthful offender confined and afforded treatment under such conditions as he believes best designed for the protection of the public. The Commissioner of Correction shall have authority to terminate the segregation and treatment as a committed youthful offender of any prisoner

who, in the opinion of the Commissioner, exercises a bad influence upon his fellow prisoners, or fails to take proper advantage of the opportunities offered by such segregation and treatment. (1953, c. 1249; 1963, c. 1166, s. 10; 1967, c. 996, s. 10.)

§ 148-49.7. Treatment of youthful offenders. — (a) The Commissioner of Correction shall from time to time designate and adapt facilities under his control for treatment of committed youthful offenders, and such youthful offenders shall be segregated from other offenders, and classes of committed youthful offenders shall be segregated according to their needs for treatment, insofar as practical. The Commissioner of Correction shall, insofar as possible, provide personnel specially qualified by training, experience, and personality to operate facilities for committed youthful offenders.

(b) The Department of Human Resources is authorized to establish and construct on any property of the State under its supervision and control modern facilities where youthful offenders committed to the custody of the Commissioner of Correction may be sent for treatment, training, and work under rules and regulations jointly adopted by the Department of Human Resources and the State Department of Correction. The plans, specifications and construction of such facilities shall meet the requirements of the Commissioner of Correction. The cost of the maintenance of committed youthful offenders assigned to such facilities by the Commissioner of Correction and employed in work for the benefit of the Department of Human Resources shall be borne by the Department of Human Resources. The committed youthful offenders assigned to such facilities shall be under the care and supervision of agents and employees of the State Department of Correction or of agents and employees of the State Department of Correction or of agents and employees of the Department of Human Resources as may be agreed upon by the two State agencies. The Department of Correction may provide, in cooperation with the Department of Human Resources, for the payment of wages to the committed youthful offenders for the work they do while assigned to such facilities.

(c) Committed youthful offenders may be required to participate in vocational, educational and correctional training and activities. Appropriate use shall be made of other methods of treatment, including medical and psychiatric. The Commissioner of Correction may extend the limits of the place of confinement of a committed youthful offender as to whom there is reasonable cause to believe he will honor his trust, by authorizing him, under prescribed conditions, to leave the confines of that place unaccompanied by a custodial agent for a prescribed period of time for any purpose consistent with the public interest. Willful failure to remain within the extended limits of his confinement, or to return within the time prescribed to the place of confinement designated by the Commissioner of Correction, shall be deemed an escape from the custody of the Commissioner as provided in G.S. 148-45.

(d) The Commissioner of Correction may contract with any appropriate public or private agency not under his control for treatment and training services to committed youthful offenders when this is the most economical or effective way to provide needed services. (1967, c. 996, s. 10; 1973, c. 476, s. 133.)

Editor's Note. — The 1973 amendment substituted "Department of Human Resources" for "State Department of Mental Health" and for "Department of Mental Health."

§ 148-49.8. Release of youthful offenders. — (a) When, in the judgment of the Commissioner of Correction, a committed youthful offender is ready for conditional release under supervision, the Commissioner shall so report to the Board of Paroles with his recommendations. The Board of Paroles may at any time after reasonable notice to the Commissioner of Correction release conditionally under supervision a committed youthful offender.

(b) A committed youthful offender shall be released conditionally under supervision on or before the expiration of four years from the date of his

commitment and may be discharged unconditionally before the expiration of the maximum term imposed.

(c) The Board of Paroles may revoke or modify any of its orders respecting a committed youthful offender except an order of unconditional discharge. Upon the unconditional discharge by the Board of Paroles of a committed youthful offender before the expiration of the maximum sentence imposed upon him, all rights of citizenship which he forfeited on conviction shall be automatically restored and the Board of Paroles shall issue to the youthful offender a certificate to that effect. (1967, c. 996, s. 10.)

§ 148-49.9. Supervision of released youthful offenders. — (a) Committed youthful offenders conditionally released shall be under the supervision of agents and employees of the Board of Paroles. The Board of Paroles is authorized to encourage the formation of voluntary organizations composed of members who will serve without compensation as voluntary supervisory agents and sponsors. The powers and duties of voluntary supervisory agents and sponsors shall be limited and defined by rules and regulations adopted by the Board of Paroles.

(b) If, at any time before the unconditional discharge of a committed youthful offender, the Board of Paroles is of the opinion that such youthful offender will be benefited by further treatment in a facility for committed youthful offenders, any member of the Board may direct the offender's return to custody or, if necessary, may issue a warrant for the apprehension and return to custody of such youthful offender and cause such warrant to be executed by a State parole officer or by any officer of the State Department of Correction, using the assistance of any law-enforcement officer when necessary. Upon return to custody, such youthful offender shall be given an opportunity to appear before the Board of Paroles or a member thereof. The Board of Paroles may then or at its discretion revoke the order of conditional release. (1967, c. 996, s. 10.)

Article 4.

Paroles.

§§ 148-50, 148-51: Repealed by Session Laws 1955, c. 867, s. 13.

§ 148-51.1. "Board of Paroles" substituted for "Commissioner of Paroles" in statutes. — Whenever the words "Commissioner of Paroles" are used or appear in any statute of this State, the same shall be stricken out and the words "Board of Paroles" shall be inserted in lieu thereof. (1953, c. 17, s. 2.)

State Government Reorganization. — The Board of Paroles was transferred to the Department of Social Rehabilitation and Control by § 143A-168, enacted by Session Laws 1971, c. 864.

Predicate of Article. — Sections 148-6, 148-26 and 148-33.1, as well as provisions with reference to paroles contained in this Article, are predicated upon the idea that the ability as well as the disposition of released prisoners to engage in honest employment and become law-abiding members of society is calculated to serve the best interests of the State and of its citizens. Pharr v. Garibaldi, 252 N.C. 803, 115 S.E.2d 18 (1960).

Cited in Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

§ 148-52. Appointment of Board of Paroles; members; duties; quorum; salary. — (a) There is hereby created a Board of Paroles with authority to grant paroles (including both regular and temporary paroles), to persons held by virtue of any final order or judgment of any court of this State in any prison, jail, or other penal institution of this State or its political subdivisions. The Board shall also have authority to revoke, terminate, and suspend paroles of such persons (including persons placed on parole on or before June 30, 1955) and to assist the Governor in exercising his authority in granting reprieves, commutations, and pardons, and shall perform such other services as may be required by the Governor in exercising his powers of executive clemency.

(b) The Board of Paroles shall consist of three members, all of whom shall be appointed by the Governor from persons whose recognized ability, training, experience, and character qualify them for service on the Board. The Governor shall designate one of the persons so appointed to serve as chairman of the Board of Paroles. The three members of the first Board shall be appointed for terms of office beginning July 1, 1955, as follows: one member to serve for two years, one member to serve for three years, and one member to serve for four years. Any appointment to fill a vacancy shall be for the balance of the term only, but in the event that any member of the Board is temporarily incapable of performing his duties, the Governor may appoint some suitable person to act in his stead during the period of incapacity. At the end of the respective terms of office of the members of the first Board, their successors shall be appointed for terms of four years and until their successors are appointed and qualified. The Governor shall have power to remove any member of the Board only for total disability, inefficiency, neglect of duty or malfeasance in office.

(c) A majority of the Board shall constitute a quorum for the transaction of business.

(d) The salary of the members of the Board shall be fixed by the Governor subject to the approval of the Advisory Budget Commission. (1935, c. 414, s. 2; 1939, c. 335; 1953, c. 17, s. 3; 1955, c. 867, s. 1; 1973, c. 461.)

Editor's Note. — The 1973 amendment repealed subsection (e), relating to the power and authority of the State Board of Correction and Training over paroles for inmates of institutions under the management and control of that Board.

Cited in State v. Cooper, 275 N.C. 283, 167 S.E.2d 266 (1969).

§ 148-52.1. Prohibited political activities of member or employee of Board of Paroles. — No member or employee of the Board of Paroles shall be permitted to use his position to influence elections or the political action of any person, serve as a member of the campaign committee of any political party, interfere with or participate in the preparation for any election or the conduct thereof at the polling place, or be in any manner concerned in the demanding, soliciting or receiving of any assessments, subscriptions or contributions, whether voluntary or involuntary, to any political party. Any Board member or employee of the Board who shall violate any of the provisions of this section shall be subject to dismissal from office or employment. (1953, c. 17, s. 4.)

§ 148-53. Investigators and investigations of cases of prisoners. — For the purpose of investigating the cases of prisoners serving both determinate and indeterminate sentences in the State prison, in prison camps, and on prison farms, the Board of Paroles is hereby authorized and empowered to appoint an adequate staff of competent investigators, particularly qualified for such work, with such reasonable clerical assistance as may be required, who shall, under the direction of the Board of Paroles, investigate all cases designated by it, and otherwise aid the Board in passing upon the question of the parole of prisoners, to the end that every prisoner in the custodial care of the State may receive full, fair, and just consideration. (1935, c. 414, s. 3; 1955, c. 867, s. 2.)

§ 148-54. Parole supervisors provided for; duties. — The Board of Paroles is hereby authorized to appoint a sufficient number of competent parole supervisors, who shall be particularly qualified for and adapted to the work required of them, and who shall, under the direction of the Board of Paroles and under regulations prescribed by it exercise supervision and authority over paroled prisoners, assist paroled prisoners, and those who are to be paroled in finding and retaining self-supporting employment, and to promote rehabilitation work with paroled prisoners, to the end that they may become law-abiding citizens. The supervisors shall also, under the direction of the Board of Paroles, maintain frequent contacts with paroled prisoners and find out whether or not they are observing the conditions of their paroles, and assist

them in every possible way toward compliance with the conditions of their paroles, and they shall perform such other duties in connection with paroled prisoners as the Board of Paroles may require. The number of supervisors may be increased by the Board of Paroles as and when the number of paroled prisoners to be supervised requires or justifies such increase. (1935, c. 414, s. 4; 1955, c. 867, s. 11.)

§ 148-54.1: Repealed by Session Laws 1955, c. 867, s. 13.

§ 148-55. Administrative assistant; field supervisors; clerical and secretarial help, etc., for Board of Paroles. — (a) The Board of Paroles shall have authority to employ sufficient field supervisors, clerical and secretarial help and other necessary labor to conduct the affairs of the Board with economy and efficiency. It shall also have authority to discharge personnel, assign their duties and responsibilities, administer all fiscal affairs relating to the budget, expenditures, purchases, and equipment. All employees of the Board of Paroles shall be subject to the provisions of Chapter 143, Article 2 of the General Statutes.

(b) The chairman of the Board of Paroles shall exercise such administrative authority as the Board shall delegate to him. The Board of Paroles may designate its chief supervisor or one of its investigators to serve (in addition to his regular duties) as administrative assistant to the chairman. (1935, c. 414, s. 5; 1953, c. 17, s. 6; 1955, c. 867, s. 3; 1963, c. 1174, s. 3.)

Editor's Note. — Chapter 143, Article 2, referred to in this section, was repealed by Session Laws 1965, c. 640, s. 1. See now §§ 126-1 through 126-12.

§ 148-56. Assistance in supervision of parolees and preparation of case histories. — Upon request by the Board of Paroles, the county directors of social services shall assist in the supervision of parolees and shall prepare and submit to the Board of Paroles case histories or other information in connection with any case under consideration for parole or some form of executive clemency. (1935, c. 414, s. 6; 1955, c. 867, s. 9; 1961, c. 186; 1969, c. 982.)

§ 148-57. Rules and regulations for parole consideration. — The Board of Paroles is hereby authorized and empowered to set up and establish rules and regulations in accordance with which prisoners eligible for parole consideration may have their cases reviewed and investigated and by which such proceedings may be initiated and considered. (1935, c. 414, s. 7; 1955, c. 867, s. 4.)

Nature of Honor-Grade Status, Work-Release Privilege and Parole. — Honor-grade status, work-release privilege, and parole are discretionary acts of grace or clemency extended by the State as a reward for good behavior, conferring no vested rights upon the convicted person. An accused person must be given full constitutional protection before and during his trial, but procedures of constitutional dimension are not appropriate in subsequent determinations of rewards for good behavior while serving a validly imposed sentence of confinement. Goble v. Bounds, 13 N.C. App. 579, 186 S.E.2d 638 (1972).

§ 148-58. Time of eligibility of prisoners to have cases considered. — All prisoners shall be eligible to have their cases considered for parole when they have served a fourth of their sentence, if their sentence is determinate, and a fourth of their minimum sentence, if their sentence is indeterminate; provided, that any prisoner serving sentence for life shall be eligible for such consideration when he has served 10 years of his sentence. Nothing in this section shall be construed as making mandatory the release of any prisoner on parole, but shall be construed as only guaranteeing to every prisoner a review and consideration of his case upon its merits. (1935, c. 414, s. 8; 1955, c. 867, s. 5.)

Board of Paroles Has Authority to Parole Prisoner Serving Life Sentence. — See opinion of Attorney General to Mr. J. Mac Boxley, Chairman, N.C. Board of Paroles, 43 N.C.A.G. 4 (1973).

Time spent in jail by a prisoner serving a

life sentence, between his first conviction and the dismissal of his final appeal, must be credited toward his parole eligibility date. Wilson v. North Carolina, 438 F.2d 284 (4th Cir. 1971).

A prisoner may have the time he spends in jail pursuing appeals and awaiting retrial taken into account in determining when he can be considered for parole. Wilson v. North Carolina, 438 F.2d 284 (4th Cir. 1971).

The length of time a prisoner serving a life sentence was imprisoned, from the date of his first conviction to the date his sentence began to run following affirmance of his second appeal, must be included in computing the statutory period of 10 years which he must serve before he can be considered for commutation. Wilson v. North Carolina, 438 F.2d 284 (4th Cir. 1971).

Punishment Already Exacted. — The constitutional guarantee against double jeopardy absolutely requires that punishment already exacted must be fully credited in imposing sentence upon a new conviction for the same offense. Wilson v. North Carolina, 438 F.2d 284 (4th Cir. 1971)

Denial of credit to a prisoner for the time he spent in jail from the date of his first conviction until the affirmance of his second appeal is multiple punishment. Such time must be fully credited insofar as possible as "punishment already exacted." Although it cannot be credit against his life sentence, which by its very nature is indefinite, it can be credited toward the 10 years he must wait to be considered for parole. Wilson v. North Carolina, 438 F.2d 284 (4th Cir. 1971).

Quoted in Lassiter v. Turner, 279 F Supp. 231 (E.D.N.C. 1968).

Stated in Patton v. North Carolina, 256 F. Supp. 255 (W.D.N.C. 1966).

Cited in State v. Conner, 241 N.C. 468, 85 S.E.2d 584 (1955); State v. Johnson, 275 N.C. 264, 167 S.E.2d 274 (1969).

§ 148-58.1. Limitations on discharge from parole; effect of discharge; relief from further reports; permission to leave State or county. — (a) No person released on parole (except temporary parole) shall be discharged from parole prior to the expiration of a period of one year. The official discharge by the Board of Paroles of a parolee shall have the effect of terminating the sentence or sentences under which the parolee was paroled.

(b) The Board of Paroles may relieve a person on parole from making reports and may permit such person to leave the State or county if fully satisfied that this is for the best interest of both the parolee and society. (1953, c. 17, s. 7; 1955, c. 867, s. 10.)

§ 148-59. Duties of clerks of superior courts as to commitments; statements filed with Board of Paroles. — The several clerks of the superior courts shall attach to the commitment of each prisoner sentenced in such courts a statement furnishing such information as the Board of Paroles shall by regulations prescribe, which information shall contain, among other things, the following:

(1) The court in which the prisoner was tried;
(2) The name of the prisoner and of all codefendants;
(3) The date or session when the prisoner was tried;
(4) The offense with which the prisoner was charged and the offense for which convicted;
(5) The judgment of the court and the date of the beginning of the sentence;
(6) The name and address of the presiding judge;
(7) The name and address of the prosecuting solicitor;
(8) The name and address of private prosecuting attorney, if any;
(9) The name and address of the arresting officer; and
(10) All available information of the previous criminal record of the prisoner.

The prison authorities receiving the prisoner for the beginning of the service of sentence shall detach from the commitment the statement furnishing such information and forward it to the Board of Paroles, together with any additional information in the possession of such prison authorities relating to the previous criminal record of such prisoner, and the information thus furnished shall constitute the foundation and file of the prisoner's case. Forms for furnishing the information required by this section shall, upon request, be furnished to the said clerks by the State Department of Correction

without charge. (1935, c. 414, s. 9; 1953, c. 17, s. 2; 1955, c. 867, s. 12; 1957, c. 349, s. 10; 1967, c. 996, s. 13; 1973, c. 108, s. 90.)

Editor's Note. — The 1973 amendment deleted "and the clerks of all inferior courts" following "superior courts" in the first paragraph and substituted "session" for "term" in subdivision (3).

File Must Contain Names and Addresses of Sworn Officials. — The file must contain the name and address of the judge, of the investigating officer, and of the State's prosecutor. These sworn officials know more of the background of the case than the record discloses. Hence, these officers may be consulted on matters in addition to that which the record discloses. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Applied in State v. Cooper, 275 N.C. 283, 167 S.E.2d 266 (1969).

§ 148-60. Time for release of prisoners discretionary. — The time of releasing each prisoner eligible for consideration for parole as provided for herein shall be discretionary, and due consideration shall be given to the reasonable probability that the prisoner will live and remain in liberty without violating the law; that the release of the prisoner is not incompatible with the welfare of society, and that the record of the prisoner during his confinement established that the prisoner is obedient to prison rules and regulations, and has shown the proper respect for prison officials, and due regard and consideration for his fellow prisoners; and that the prisoner harbors no resentment against society or the judge, prosecuting attorneys, or jury that convicted the prisoner. (1935, c. 414, s. 10.)

This section merely says that before the Board paroles a prisoner, its members should feel that there is "a reasonable probability" that his release will not be "incompatible with the welfare of society." Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Release of Prisoner before Completion of Sentence. — Whether to release a prisoner before the completion of his sentence is a question with many facets. It cannot be answered by rules of law. Those who have watched the prisoner during his confinement are better qualified than the courts to say if and when he merits parole. Court proceeding would be a poor substitute for the method now employed. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Granting Honor-Grade Status, etc., Is Mitigation of Terms of Judgment. — The granting of honor-grade status, work release, and parole is by way of mitigating the terms of the judgment which the court has entered. The legality and propriety of the trial and sentence have already been determined after the prisoner has been heard and his constitutional rights have been accorded him. The merits of the trial and the validity of the judgment may not again be raised before the Department of Correction and the Board of Paroles. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Which Is Not Undeniable Right of Prisoner. — While a prisoner takes with him into the prison certain rights which may not be denied him, the legal right to the mitigation of his punishment is not one of them. It is contemplated as a part of his rehabilitation that he earn his right to honor-grade status, work release, or parole. The decision is not in the nature of an adversary proceeding under rules of evidence. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

And Involves Policy Decisions to Be Decided by Department of Correction and Board of Paroles. — Whether a prisoner is entitled to honor-grade status, work release, or parole involves policy decisions which should be decided by the Department of Correction and the Board of Paroles. These agencies are charged with the duty and are properly given means of discharging it not available to the courts. Goble v. Bounds, 281 N.C. 307, 188 S.E.2d 347 (1972).

Matters to Be Considered by Board. — The legislature specified in this section the matters to which the Parole Board should give "due consideration" in exercising its discretion at the time of granting parole, and the same matters should be considered by the Board when exercising its discretionary power under § 148-62 to revoke a parole and to determine when service of the remainder of the sentence upon which parole was granted shall commence. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971).

Rigid Guidelines Neither Necessary Nor Desirable. — In the matter of paroles, which historically, in this State at least, has been considered a function of the executive branch and which by its nature involves evaluation of a large number of intangibles, rigid guidelines are neither necessary nor desirable. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971).

§ 148-60.1. Allowances for paroled prisoner. — Upon the release of any prisoner upon parole, the superintendent or warden of the institution shall provide the prisoner with suitable clothing and, if needed, an amount of money

sufficient to purchase transportation to the place within the State where the prisoner is to reside. The Board of Paroles may, in its discretion, provide that the prisoner shall upon his release on parole receive a sum of money not to exceed twenty-five dollars ($25.00). (1953, c. 17, s. 8.)

§ 148-61. Contents of release order. — When a prisoner is released on parole, the parole instrument shall specify in writing the conditions of the parole, the place of residence of the parolee, within or without the State, the name and address of the party to whom the parolee is to report, and times and places when and where the said parolee shall report to the said party during the entire period of the parole. (1935, c. 414, s. 11.)

§ 148-61.1. Revocation of parole by Board; conditional or temporary revocation. — (a) The Board of Paroles may at any time, in its discretion, revoke the order of parole of any parolee. The time a parolee is at liberty on regular parole shall not be counted as any portion of or part of the time served on his sentence, and if any parolee shall have his parole revoked, he shall thereafter be returned to the penal institution having custodial jurisdiction over him.

(b) The Board of Paroles may, in its discretion, enter an order revoking a parole conditionally or for a temporary period of time. Upon issuing such order of conditional or temporary revocation, such parolee may be arrested without warrant by any peace officer or parole officer. After such conditional or temporary revocation of parole, the parolee shall be held for a reasonable length of time during which the Board of Paroles shall determine whether or not the conditions of said parole have been violated. If it is determined by the Board of Paroles that the conditions of said parole have been violated, the Board of Paroles may in its discretion revoke the order of parole. If it is determined by the Board of Paroles that there has been no violation of the conditions of said parole, then such parolee or paroled prisoner shall be reinstated upon his original parole. (1951, c. 947, s. 1; 1955, c. 867, s. 6.)

Conditions of parole are a restraint upon a parolee's liberty not shared by the public generally. He is still under the supervision of the parole authorities and subject to be remanded if he fails to perform or violates the conditions of the parole. State v. Rhinehart, 267 N.C. 470, 148 S.E.2d 651 (1966).

Hence, Fact of Parole Does Not Affect Right to Review of Post-Conviction Relief Proceedings. — The fact that a defendant is on parole at the time of his application for certiorari to review an order denying him post-conviction relief does not affect his right to review by the Supreme Court (now the Court of Appeals). State v. Rhinehart, 267 N.C. 470, 148 S.E.2d 651 (1966).

Applied in Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

§ 148-62. Discretionary revocation of parole upon conviction of crime. — If any parolee, while being at large upon parole, shall commit a new or fresh crime, and shall enter a plea of guilty or be convicted thereof in any court of record, then, in that event, his parole may be revoked according to the discretion of the Board of Paroles and at such time as the Board of Paroles may think proper. If such parolee, while being at large upon parole, shall commit a new or fresh crime and shall have his parole revoked, as provided above, he shall be subject, in the discretion of the Board of Paroles, to serve the remainder of the first or original sentence upon which his parole was granted, after the completion or termination of the sentence for said new or fresh crime. Said remainder of the original sentence shall commence from the termination of his liability upon said sentence for said new or fresh crime. The Board of Paroles, however, may, in its discretion, direct that said remainder of the original sentence shall be served concurrently with said second sentence for said new or fresh crime. (1935, c. 414, s. 12; 1951, c. 947, s. 2; 1955, c. 867, s. 12.)

This section does not violate the Constitution of North Carolina. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

As to the mandate portion of this section, no question as to constitutional validity can validly be raised. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

This section is not a criminal law in the sense that it defines or prohibits a specific crime and imposes a penalty for its commission. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

But Relates to Administration of Sentences after Prisoner's Parole Is Revoked. — This section relates to the administration by the Board of Paroles of a prisoner's several criminal sentences after his parole has been revoked upon conviction of a new crime. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Legislature May Establish Parole System.— In the division of governmental authority the "legislature has exclusive power to determine the penalogical system of the State. It alone can prescribe the punishment for crime. It may therefore establish a parole system." Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

And Administration of Parole System May Be Delegated. — The granting of parole and the supervision of parolees are purely administrative functions, and accordingly may be intrusted by the legislature to nonjudicial agencies. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Petitioner's contention, that the legislature has provided no standards to guide the Board of Paroles in determining whether a parole violator shall serve his original sentence concurrently with his new sentence or at the completion of it and that this failure nullifies the purported grant of authority under this section, cannot be sustained. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

This section embodies two legislative declarations. The first is a mandate that service of the remainder of the original sentence of one whose parole has been revoked by the Parole Board after his plea of guilty or conviction of an offense committed while at liberty on parole "shall commence from the termination of his liability upon said sentence for said new or fresh crime." The second is the portion of the statute which grants the Parole Board the power, in its discretion, to direct that the remainder of the original sentence shall be served concurrently with the sentence imposed for the new crime. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Power to Grant and to Revoke Paroles Originally Was Function of Executive Branch. — In this State the power to grant and to revoke paroles developed originally as a function of the executive branch of the government. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Purpose of Parole. — Parole is intended to be a means of restoring offenders who are good social risks to society; to afford the unfortunate another opportunity by clemency — under guidance and control of the Board. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Granting Discretionary Power to Board Does Not Constitute Assignment of Judicial Power. — This section, insofar as it grants discretionary power to the Board of Paroles, is not an assignment of judicial power to the Board of Paroles in contravention of N.C. Const., Art. IV, § 1, and Art. I, § 6. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Rigid Guidelines Neither Necessary Nor Desirable. — In the matter of paroles, which historically, in this State at least, has been considered a function of the executive branch and which by its nature involves evaluation of a large number of intangibles, rigid guidelines are neither necessary nor desirable. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Adequate Standards for Exercise of Discretion Provided. — This section does not deprive a defendant of liberty other than by the law of the land in that it fails to provide adequate standards to guide the Board of Paroles in exercise of the discretionary power granted to it. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Matters Which Parole Board Should Consider. — The legislature specified in § 148-60 the matters to which the Parole Board should give "due consideration" in exercising its discretion at the time of granting parole, and the same matters should be considered by the Board when exercising its discretionary power under this section to revoke a parole and to determine when service of the remainder of the sentence upon which parole was granted shall commence. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Primary Consideration Should Be Welfare of Society. — In determining whether the sentence of a parole violator shall run concurrently or consecutively it is implicit in this section that the Board's primary consideration shall be the "welfare of society." Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Parole Violator Can Be Required to Serve More Than Punishment for Offense Committed While on Parole. — Unless a parole violator can be required to serve some time in prison in addition to that imposed for an offense committed while on parole, he not only escapes punishment for the unexpired portion of his original sentence, but the disciplinary power of the Board will be practically nullified. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Board May Revoke Parole without Deprivation of Court's Power to Sentence. — Where the defendant is still on parole at the

time he is convicted and sentenced for a new crime committed by him while on parole, the Board of Paroles may revoke the parole in its discretion, and there is no unconstitutional deprivation of the court's sentencing power in the additional discretion granted the Board by this section to determine whether the remainder of the first sentence must be served consecutively or concurrently with service of the second sentence. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

No Ironclad Right That Two Sentences Shall Run Concurrently. — The general presumption that two or more sentences shall run concurrently unless a statute or the court imposing the later sentences clearly specifies otherwise, gives rise to no ironclad constitutional right that they must in all cases do so. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Consecutive Sentence May Be Provided for Offense While on Parole. — A legislative body is not inhibited from providing that a sentence for an offense committed while at liberty on parole shall run consecutively with the unexpired portion of an original or prior term. Any such enactment is not in conflict with the inherent judicial power to impose consecutive or concurrent sentences. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Although Sentencing Judge Cannot Make Second Sentence Consecutive or Concurrent. — Where the defendant is still on parole at the time he is convicted and sentenced for a new crime committed by him while on parole, he is not under an active sentence at the time the second sentence is imposed, but has been released in the discretion of the Parole Board, and the second sentence cannot be made by the sentencing judge to be consecutive or concurrent to a sentence which is not then in effect. Jernigan v. State, 10 N.C. App. 562, 179 S.E.2d 788 (1971), aff'd, 279 N.C. 556, 184 S.E.2d 259 (1971).

Legislature Has Delegated Option of Prescribing Order of Multiple Sentences to Board of Paroles. — The legislature may prescribe the order in which multiple sentences are to be served, and it has given the Board of Paroles the option of so doing when it revokes a parole under this section. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Challenge of Order of Board of Paroles. — The Declaratory Judgment Act is an appropriate means whereby a prisoner who is currently serving a valid sentence for a crime committed during his parole may challenge an order of the Board of Paroles under this section providing that the remainder of the sentence upon which the parole was revoked shall be served at the completion of the sentence for the crime committed during the parole. Jernigan v. State, 279 N.C. 556, 184 S.E.2d 259 (1971).

Board of Paroles Not Authorized to Require Youthful Offender Conditionally Released to Serve the Remainder of His Sentence When He Commits a New Offense. — See opinion of Attorney General to Mr. George W. Randall, Secretary, Department of Social Rehabilitation and Control, 41 N.C.A.G. 868 (1972).

§ 148-63. Arrest powers of police officers. — Any officer who is authorized to make arrests of fugitives from justice shall have full authority and power to arrest any parolee whose parole has been revoked. (1935, c. 414, s. 13.)

§ 148-64. Cooperation of prison and parole officials and employees. — The officials and employees of the Department of Correction and the Board of Paroles and its officers and employees shall at all times cooperate with and furnish each other such information and assistance as will promote the purposes of this Chapter and the purposes for which these agencies were established. The Board of Paroles and its staff shall have free access to all prisoners. (1935, c. 414, s. 14; 1955, c. 867, s. 7; 1967, c. 996, ss. 11, 15.)

ARTICLE 4A.

Out-of-State Parolee Supervision.

§ 148-65.1. Governor to execute compact; form of compact. — The Governor of this State is hereby authorized and directed to execute a compact on behalf of the State of North Carolina with any of the United States legally joining therein in the form substantially as follows:

A compact entered into by and among the contracting states, signatories

hereto, with the consent of the Congress of the United States of America, granted by an act entitled "An Act granting the consent of Congress to any two or more states to enter into agreements or compacts for cooperative effort and mutual assistance in the prevention of crime and for other purposes."

The contracting states solemnly agree:

(1) That it shall be competent for the duly constituted judicial and administrative authorities of a state party to this compact (herein called "sending state"), to permit any person convicted of an offense within such state and placed on probation or released on parole to reside in any other state party to this compact (herein called "receiving state"), while on probation or parole, if

a. Such person is in fact a resident of or has his family residing within the receiving state and can obtain employment there;

b. Though not a resident of the receiving state and not having his family residing there, the receiving state consents to such person being sent there.

Before granting such permission, opportunity shall be granted to the receiving state to investigate the home and prospective employment of such person.

A resident of the receiving state, within the meaning of this section, is one who has been an actual inhabitant of such state continuously for more than one year prior to his coming to the sending state and has not resided within the sending state more than six continuous months immediately preceding the commission of the offense for which he has been convicted.

(2) That each receiving state will assume the duties of visitation of and supervision over probationers or parolees of any sending state and in the exercise of those duties will be governed by the same standards that prevail for its own probationers and parolees.

(3) That duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any person on probation or parole. For that purpose no formalities will be required other than establishing the authority of the officer and the identity of the person to be retaken. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived on the part of states party hereto, as to such persons. The decision of the sending state to retake a person on probation or parole shall be conclusive upon and not reviewable within the receiving state; provided, however, that if at the time when a state seeks to retake a probationer or parolee there should be pending against him within the receiving state any criminal charge, or he should be suspected of having committed within such state a criminal offense, he shall not be retaken without the consent of the receiving state until discharged from prosecution or from imprisonment for such offense.

(4) That the duly accredited officers of the sending state will be permitted to transport prisoners being retaken through any and all states parties to this compact, without interference.

(5) That the governor of each state may designate an officer who, acting jointly with like officers of other contracting states, if and when appointed, shall promulgate such rules and regulations as may be deemed necessary to more effectively carry out the terms of this compact.

(6) That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

(7) That this compact shall continue in force and remain binding upon

each executing state until renounced by it. The duties and obligations hereunder of a renouncing state shall continue as to parolees or probationers residing therein at the time of withdrawal until retaken or finally discharged by the sending state. Renunciation of this compact shall be by the same authority which executed it, by sending six months' notice in writing of its intention to withdraw from the compact to the other state party hereto. (1951, c. 1137, s. 1.)

State Government Reorganization. — The administration of parolee supervision compacts was transferred to the Department of Social Rehabilitation and Control by § 143A-170, enacted by Session Laws 1971, c. 864.

§ 148-65.2. Title of Article. — This Article may be cited as the "Uniform Act for Out-of-State Parolee Supervision." (1951, c. 1137, s. 2.)

Farming Out Convicts.

§ 148-66. Cities and towns and Board of Agriculture may contract for prison labor. — The corporate authorities of any city or town may contract in writing with the State Department of Correction for the employment of convicts upon the highways or streets of such city or town, and such contracts when so exercised shall be valid and enforceable against such city or town, and the Attorney General may prosecute an action in the Superior Court of Wake County in the name of the State for their enforcement.

The Board of Agriculture of the State of North Carolina is hereby authorized and empowered to contract, in writing, with the State Department of Correction for the employment and use of convicts under its supervision to be worked on the State test farms and/or State experimental stations. (1881, c. 127, s. 1; Code, s. 3449; Rev., s. 5410; C. S., s. 7758; 1925, c. 163; 1931, c. 145, s. 35; 1933, c. 172, s. 18; 1943, c. 605, s. 1; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

§ 148-67. Hiring to cities and towns and State Board of Agriculture. — The State Department of Correction shall in their discretion, upon application to them, hire to the corporate authorities of any city or town for the purposes specified in § 148-66, such convicts as are mentally and physically capable of performing the work or labor contemplated and are not at the time of such application hired or otherwise engaged in labor under the direction of the Department; but the convicts so hired for services shall be fed, clothed and quartered while so employed by the Department.

Upon application to it, it shall be the duty of the State Department of Correction, in its discretion, to hire to the Board of Agriculture of the State of North Carolina for the purposes of working on the State test farms and/or State experimental stations, such convicts as may be mentally and physically capable of performing the work or labor contemplated; but the convicts so hired for services under this paragraph shall be fed, clothed and quartered while so employed by the State Department of Correction. (1881, c. 127, s. 2; Code, s. 3450; Rev., s. 5411; C. S., s. 7759; 1925, c. 163; 1931, c. 145, s. 35; 1933, c. 172, s. 18; 1943, c. 605, s. 2; 1957, c. 349, s. 10; 1967, c. 996, s. 13.)

§ 148-68. Payment of contract price; interest; enforcement of contracts. — The corporate authorities of any city or town so hiring convicts shall pay into the treasury of the State for the labor of any convict so hired such sum or sums of money at such time or times as may be agreed upon in the contract of hire; and if any such city or town fails to pay the State money due for such hiring, the same shall bear interest from the time it is due until paid at the rate of six percent (6%) per annum; and an action to recover the same may be

instituted by the Attorney General in the name of the State in the courts of Wake County. (1881, c. 127, s. 3; Code, s. 3451; Rev., s. 5412; C. S., s. 7760; 1925, c. 163; 1931, c. 145, s. 35.)

§ 148-69. Agents; levy of taxes; payment of costs and expenses. — The corporate authorities of any city or town so hiring convicts may appoint and remove at will all such necessary agents to superintend the construction or improvement of such highways and streets as they may deem proper, or to pay the costs and expenses incident to such hiring may levy taxes and raise money as in other respects. (1881, c. 127, s. 4; Code, s. 3452; Rev., s. 5413; C. S., s. 7761; 1925, c. 163; 1931, c. 145, s. 35.)

§ 148-70. Management and care of convicts; prison industries; disposition of products of convict labor. — The State Department of Correction in all contracts for labor shall provide for feeding and clothing the convicts and shall maintain, control and guard the quarters in which the convicts live during the time of the contracts; and the Department shall provide for the guarding and working of such convicts under its sole supervision and control. The Department may make such contracts for the hire of the convicts confined in the State prison as may in its discretion be proper and will promote the purpose and duty to make the State prison as nearly self-supporting as is consistent with the purposes of its creation, as set forth in Sec. 11, Article XI of the Constitution. The Department may use the labor of convicts confined in the State prison in such work on farms, in manufacturing, either within or without the State prison, as the Department may find proper and profitable to be carried on by the State prison; and the Department may dispose of the products of the labor of the convicts, either in farming or in manufacturing or in other industry at the State prison, to or for any public institution owned, managed, or controlled by the State, or to or for any county, city or town in the State; and the Department may sell or dispose of the same elsewhere and in the open markets or otherwise, as in its discretion may seem profitable.

All departments, institutions and agencies of this State which are supported in whole or in part by the State shall give preference to Department of Correction products in purchasing articles and commodities which these departments, institutions, and agencies require and which are manufactured or produced within the State prison system and offered for sale to them by the Department of Correction, and no article or commodity available from the Department of Correction shall be purchased by any such State department, institution, or agency from any other source without permission of the board of award provided for in G.S. 143-52, unless the prison product does not meet the standard specifications and the reasonable requirements of the department, institution, or agency as determined by the board of award, or the requisition cannot be complied with because of an insufficient supply of the articles or commodities required. The provisions of Article 3 of Chapter 143 of the General Statutes respecting contracting for the purchase of all supplies, materials and equipment required by the State government or any of its departments, institutions or agencies under competitive bidding shall not apply to articles or commodities available from the Department of Correction, but the Department of Correction shall be required to keep the price of such articles or commodities substantially in accord with that paid by governmental agencies for similar articles and commodities of equivalent quality as determined by the board of award or with competitive bids which the board of award may in its discretion require, taking into consideration the best interest of the State as a whole. (1917, c. 286, s. 2; 1919, c. 80, s. 1; C. S., s. 7762; 1925, c. 163; 1931, c. 145, s. 35; 1933, c. 172, s. 18; 1957, c. 349, s. 10; 1959, c. 170, s. 2; 1967, c. 996, s. 13.)

Interstate Agreement on Detainers.

§ 148-89. Agreement on Detainers entered into; form and contents. — This Agreement on Detainers is hereby enacted into law and entered into by this State with all other jurisdictions legally joining therein in the form substantially as follows: The contracting states solemnly agree:

Article I

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

Article II

As used in this agreement:

(a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to Article III hereof or at the time that a request for custody or availability is initiated pursuant to Article IV hereof.

(c) "Receiving state" shall mean the state in which trial is to be had on an indictment, information or complaint pursuant to Article III or Article IV hereof.

Article III

(a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial within 180 days after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information or complaint: Provided

that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner.

(b) The written notice and request for final disposition referred to in paragraph (a) hereof shall be given or sent by the prisoner to the warden, commissioner of corrections or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested.

(c) The warden, commissioner of corrections or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information or complaint on which the detainer is based.

(d) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall operate as a request for final disposition of all untried indictments, informations or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of corrections or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request and the certificate. If trial is not had on any indictment, information or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(e) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of paragraph (d) hereof, and a waiver of extradition to the receiving state to serve any sentence there imposed upon him, after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(f) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in paragraph (a) hereof shall void the request.

Article IV

(a) The appropriate officer of the jurisdiction in which an untried indictment, information or complaint is pending shall be entitled to have a prisoner against whom he has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with Article V(a) hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is

incarcerated: Provided that the court having jurisdiction of such indictment, information or complaint shall have duly approved, recorded and transmitted the request: And provided further that there shall be a period of 30 days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon his own motion or upon motion of the prisoner.

(b) Upon receipt of the officer's written request as provided in paragraph (a) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. Said authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(c) In respect of any proceeding made possible by this Article, trial shall be commenced within 120 days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(d) Nothing contained in this Article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in paragraph (a) hereof, but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(e) If trial is not had on any indictment, information or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to Article V(e) hereof, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

Article V

(a) In response to a request made under Article III or Article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in Article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian.

(b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(1) Proper identification and evidence of his authority to act for the state into whose temporary custody the prisoner is to be given.

(2) A duly certified copy of the indictment, information or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(c) If the appropriate authority shall refuse or fail to accept temporary custody of said person, or in the event that an action on the indictment, information or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in Article III or Article IV

hereof, the appropriate court of the jurisdiction where the indictment, information or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect.

(d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

Article VI

(a) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(b) No provision of this agreement, and no remedy made available by this agreement, shall apply to any person who is adjudged to be mentally ill.

Article VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide, within and without the state, information necessary to the effective operation of this agreement.

Article VIII

This agreement shall enter into full force and effect as to a party state when

such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

Article IX

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. (1965, c. 295, s. 1.)

State Government Reorganization. — The administration of the Interstate Agreement on Detainers was transferred to the Department of Social Rehabilitation and Control by § 143A-169, enacted by Session Laws 1971, c. 864.

"Untried Indictment, Information or Complaint". — Where a fugitive warrant was not based upon a warrant charging the offense of escape, but was to secure the return of the defendant to serve the unexpired portion of sentences already imposed, the defendant had no "untried indictment, information or complaint" pending against him. State v. Pfeifer, 11 N.C. App. 183, 180 S.E.2d 469 (1971).

The defendant cannot complain of delay in his trial when caused by his own motion. State v. George, 271 N.C. 438, 156 S.E.2d 845 (1967).

Inability of Jury to Agree on Verdict. — Article III(a) of this section requires that the defendant be brought to trial within 180 days after he has given the appropriate notice to the solicitor. The State, of course, cannot control the fact that a jury is unable to agree upon a verdict and is not chargeable with responsibility under these conditions. State v. George, 271 N.C. 438, 156 S.E.2d 845 (1967).

Applicability of Article IV(c). — Article IV(c), requiring a prisoner to be tried within 120 days after his arrival in North Carolina, can be invoked only when the prisoner has been returned to the State at the request of the solicitor. It does not apply where the prisoner was brought back to North Carolina upon his own request and not that of the solicitor. State v. George, 271 N.C. 438, 156 S.E.2d 845 (1967).

Stated in Pitts v. North Carolina, 267 F. Supp. 870 (M.D.N.C. 1967).

Cited in Pitts v. North Carolina, 395 F.2d 182 (4th Cir. 1968).

§ 148-90. Meaning of "appropriate court". — The phrase "appropriate court" as used in the Agreement on Detainers shall, with reference to the courts of this State, mean court of record with criminal jurisdiction. (1965, c. 295, s. 2.)

§ 148-91. Cooperation in enforcement. — All courts, departments, agencies, officers and employees of this State and its political subdivisions are hereby directed to enforce the Agreement on Detainers and to cooperate with one another and with other party states in enforcing the agreement and effectuating its purpose. (1965, c. 295, s. 3.)

§ 148-92. Escape from temporary custody. — Any prisoner released to temporary custody under the provisions of the Agreement on Detainers from a place of imprisonment in North Carolina who shall escape or attempt to escape from such temporary custody, whether within or without the borders of this State, shall be dealt with in the same manner as if the escape or attempt to escape were from the original place of imprisonment. (1965, c. 295, s. 4.)

§ 148-93. Authority and duty of official in charge of institution. — It shall be lawful and mandatory upon the warden or other official in charge of a penal or correctional institution in this State to give over the person of any

inmate thereof whenever so required by the operation of the Agreement on Detainers. (1965, c. 295, s. 5.)

§ 148-94. Designation of central administrator of and information agent for agreement. — The Governor is hereby authorized and empowered to designate the officer who shall serve as central administrator of and information agent for the Agreement on Detainers, pursuant to the provisions of Article VII of the agreement. (1965, c. 295, s. 6.)

§ 148-95. Distribution of copies of Article. — Copies of this Article shall, upon its approval, be transmitted to the governor of each state, the Attorney General and the Administrator of General Services of the United States, and the Council of State governments. (1965, c. 295, s. 7.)

Chapter 149.

State Song and Toast.

Sec.
149-1. "The Old North State."
149-2. "A Toast" to North Carolina.

§ 149-1. "The Old North State". — The song known as "The Old North State," as hereinafter written, is adopted and declared to be the official song of the State of North Carolina, said song being in words as follows:

"Carolina! Carolina! Heaven's blessings attend her!
While we live we will cherish, protect and defend her;
Though the scorner may sneer at and witlings defame her,
Our hearts swell with gladness whenever we name her.
Hurrah! Hurrah! The Old North State forever!
Hurrah! Hurrah! The good old North State!
Though she envies not others their merited glory,
Say, whose name stands the foremost in Liberty's story!
Though too true to herself e'er to crouch to oppression,
Who can yield to just rule more loyal submission?
Plain and artless her sons, but whose doors open faster
At the knock of a stranger, or the tale of disaster?
How like to the rudeness of their dear native mountains,
With rich ore in their bosoms and life in their fountains.
And her daughters, the Queen of the Forest resembling—
So graceful, so constant, yet to gentlest breath trembling;
And true lightwood at heart, let the match be applied them,
How they kindle and flame! Oh! none know but who've tried them.
Then let all who love us, love the land that we live in
(As happy a region on this side of Heaven),
Where Plenty and Freedom, Love and Peace smile before us,
Raise aloud, raise together, the heart-thrilling chorus!"

(1927, c. 26, s. 1.)

§ 149-2. "A Toast" to North Carolina. — The song referred to as "A Toast" to North Carolina is hereby adopted and declared to be the official toast to the State of North Carolina, said toast being in words as follows:

"Here's to the land of the long leaf pine,
The summer land where the sun doth shine,
Where the weak grow strong and the strong grow great,
Here's to 'Down Home,' the Old North State!

"Here's to the land of the cotton bloom white,
Where the scuppernong perfumes the breeze at night,
Where the soft southern moss and jessamine mate,
'Neath the murmuring pines of the Old North State!

"Here's to the land where the galax grows,
Where the rhododendron's rosette glows,
Where soars Mount Mitchell's summit great,
In the 'Land of the Sky,' in the Old North State!

"Here's to the land where maidens are fair,
Where friends are true and cold hearts rare,
The near land, the dear land whatever fate,
The blest land, the best land, the Old North State!"

(1957, c. 777.)

§ 150-10. Opportunity for licensee or applicant to have hearing. — Every licensee or applicant for a license, except applicants for license by comity and applicants for reinstatement after revocation, shall be afforded notice and an opportunity to be heard before the board shall have authority to take any action, the effect of which would be

(1) To deny permission to take an examination for licensing for which application has been duly made; or

(2) To deny a license after examination for any cause other than failure to pass an examination; or

(3) To withhold the renewal of a license for any cause other than failure to pay a statutory renewal fee; or

(4) To suspend a license; or

(5) To revoke a license. (1953, c. 1093.)

Chapter Inapplicable Where Renewal Withheld for Failure to Pay Fee. — Provisions of this Chapter setting forth uniform procedures to be followed in the revocation of licenses do not apply where renewal of a license is withheld for failure to pay a statutory renewal fee. Ar-Con Constr. Co. v. Anderson, 5 N.C. App. 12, 168 S.E.2d 18 (1969).

Stated in Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

§ 150-11. Notice of contemplated board action; request for hearing; notice of hearing. — (a) When a board contemplates taking any action of a type specified in subdivisions (1) or (2) of G.S. 150-10 it shall give to the applicant a written notice containing a statement:

(1) That the applicant has failed to satisfy the board of his qualifications to be examined or to be issued a license, as the case may be;

(2) Indicating in what respects the applicant has so failed to satisfy the board; and

(3) That the applicant may secure a hearing before the board by depositing in the mail within 20 days after service of said notice, a registered letter addressed to the board and containing a request for a hearing.

In any board proceeding involving the denial of a duly made application to take an examination, or refusal to issue a license after an applicant has taken and passed an examination, the burden of satisfying the board of the applicant's qualifications shall be upon the applicant.

(b) When a board contemplates taking any action of a type specified in subdivisions (3), (4) or (5) of G.S. 150-10 it shall give to the licensee a written notice containing a statement:

(1) That the board has sufficient evidence which, if not rebutted or explained, will justify the board in taking the contemplated action;

(2) Indicating the general nature of the evidence, and

(3) That unless the licensee or applicant within 20 days after service of said notice deposits in the mail a registered letter addressed to the board and containing a request for a hearing, the board will take the contemplated action.

(c) If the licensee or applicant does not mail a request for a hearing within the time and in the manner required by this section, the board may take the action contemplated in the notice and such action shall be final and not subject to judicial review.

If the licensee or applicant does mail a request for a hearing as required by this section, the board shall, within 20 days of receipt of such request, notify the licensee or applicant of the time and place of hearing, which hearing shall be held not more than 30 nor less than 10 days from the date of the service of such notice. (1953, c. 1093.)

Applied in re Berman, 245 N.C. 612, 96 S.E.2d 836 (1957).

Quoted in Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

§ 150-12. Method of serving notice of hearing. — Any notice required by G.S. 150-11 may be served either personally by an officer authorized by law to serve process, or by registered mail, return receipt requested, directed to the licensee or applicant at his last known address as shown by the records of the board. If notice is served personally, it shall be deemed to have been served at the time when the officer delivers the notice to the person addressed. Where notice is served by registered mail, it shall be deemed to have been served on the date borne by the return receipt showing delivery of the notice to the addressee or refusal of the addressee to accept the notice. (1953, c. 1093.)

Quoted in Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

§ 150-13. Venue of hearing. — Board hearings held under the provisions of this Chapter shall be conducted in the county in which the person whose license is involved maintains his residence, or at the election of the board, in any county in which the act or acts complained of occurred; except that, in cases involving initial licensing, hearings shall be held in the county where the board maintains its office. In any case, however, the person whose license is involved and the board may agree that the hearing is to be held in some other county. (1953, c. 1093.)

§ 150-14. Hearings public; use of trial examiner or committee. — All board hearings under this Chapter shall be open to the public. At all such hearings at least a majority of the board members shall be present to hear and determine the matter; except that, in cases where the hearing is held in a county other than that in which the board maintains its office, the board may designate in writing one or more of its members to conduct the hearing as a trial examiner or trial committee, with the decision to be rendered in accordance with the provisions of G.S. 150-20. (1953, c. 1093.)

§ 150-15. Rights of person entitled to hearing. — A person entitled to be heard pursuant to this Chapter shall have the right

(1) To be represented by counsel;
(2) To present all relevant evidence by means of witnesses and books, papers, and documents;
(3) To examine all opposing witnesses on any matter relevant to the issues; and
(4) To have subpoenas and subpoenas duces tecum issued to compel the attendance of witnesses and the production of relevant books, papers, and documents upon making written request therefor to the board. (1953, c. 1093.)

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

§ 150-16. Powers of board in connection with hearing. — In connection with any hearing held pursuant to the provisions of this Chapter the board or its trial examiner or committee shall have power

(1) To have counsel to develop the case;
(2) To subpoena witnesses and relevant books, papers, and documents;
(3) To administer oaths or affirmations to witnesses called to testify;
(4) To take testimony;
(5) To examine witnesses; and
(6) To direct a continuance of any case. (1953, c. 1093.)

§ 150-17. Contempt procedure. — In proceedings before a board or its trial examiner or committee, if any person refuses to respond to a subpoena, or refuses to take the oath or affirmation as a witness or thereafter refuses to be examined, or refuses to obey any lawful order of a board contained in its decision rendered after hearing, the secretary of the board may apply to the superior court of the county where the proceedings are being held for an order directing that person to take the requisite action. The court shall issue such order in its discretion. Should any person willfully fail to comply with an order so issued the court shall punish him as for contempt. (1953, c. 1093.)

§ 150-18. Rules of evidence. — In proceedings held pursuant to this Chapter, boards may admit any evidence and may give probative effect to evidence that is of a kind commonly relied on by reasonably prudent men in the conduct of serious affairs. Boards may in their discretion exclude incompetent, irrelevant, immaterial, and unduly repetitious evidence. In proceedings involving the suspension, revocation, or the withholding of the renewal of a license, rules of privilege shall be applicable to the same extent as in proceedings before the courts of this State. (1953, c. 1093.)

Editor's Note. — For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

§ 150-19. Transcript of the proceedings. — In all hearings conducted pursuant to this Chapter, a complete record shall be made of evidence received during the course of the hearing. (1953, c. 1093.)

§ 150-20. Manner and time of rendering decision. — After a hearing has been completed the members of the board who conducted the hearing shall proceed to consider the case and as soon as practicable shall render their decision. If the hearing was conducted by a trial examiner or trial committee, the decision shall be rendered by the board at a meeting where a majority of the members are present and participating in the decision, provided that all such members who were not present throughout the hearing must thoroughly familiarize themselves with the entire record including all evidence taken at the hearing before participating in the decision. In any case the decision must be rendered within 90 days after the hearing. (1953, c. 1093.)

The clear intent of this section is that the board loses its authority to render a decision at the expiration of 90 days from the date of the hearing, and an order entered thereafter is a nullity. Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

Cited in In re Hawkins, 17 N.C. App. 378, 194 S.E.2d 540 (1973).

§ 150-21. Service of written decision. — Within five days after the decision is rendered the board shall serve upon the person whose license is involved a written copy of the decision, either personally or by registered mail. If the decision is sent by registered mail it shall be deemed to have been served on the date borne on the return receipt. (1953, c. 1093.)

Order Not Nullified by Delay in Service. — It was not the intent of this section that an order entered within the authority of the board becomes a nullity through a delay in serving it. Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

§ 150-22. Procedure where person fails to request or appear for hearing. — If a person who has requested a hearing does not appear, and no continuance has been granted the board or its trial examiner or committee may hear the evidence of such witnesses as may have appeared, and the board may proceed

to consider the matter and dispose of it on the basis of the evidence before it in the manner required by G.S. 150-20.

Where because of accident, sickness, or other cause a person fails to request a hearing or fails to appear for a hearing which he has requested, the person may within a reasonable time apply to the board to reopen the proceeding, and the board upon finding such cause sufficient shall immediately fix a time and place for hearing and give such person notice thereof as required by G.S. 150-11 and 150-12. At the time and place fixed a hearing shall be held in the same manner as would have been employed if the person had appeared in response to the original notice of hearing. (1953, c. 1093.)

§ **150-23. Contents of decision.** — The decision of the board shall contain

(1) Findings of fact made by the board;
(2) Conclusions of law reached by the board;
(3) The order of the board based upon these findings of fact and conclusions of law; and
(4) A statement informing the person whose license is involved of his right to appeal to the courts and the time within which such appeal must be sought. (1953, c. 1093.)

Quoted in In re Berman, 245 N.C. 612, 96 S.E.2d 836 (1957).

§ **150-24. Availability of judicial review; notice of appeal; waiver of right to appeal.** — Any person entitled to a hearing pursuant to this Chapter, who is aggrieved by an adverse decision of a board issued after hearing, may obtain a review of the decision in the Superior Court of Wake County, or in the superior court of the county in which the hearing was held, or, upon agreement of the parties to the appeal, in any other superior court of the State. In order to obtain such review such person must, within 20 days after the date of service of the decision as required by G.S. 150-21, file with the board secretary a written notice of appeal, stating all exceptions taken to the decision and indicating the court in which the appeal is to be heard. Failure to file such notice of appeal in the manner and within the time stated shall operate as a waiver of the right to appeal and shall result in the decision of the board becoming final; except that for good cause shown, the judge of the superior court may issue an order permitting a review of the board decision notwithstanding such waiver. (1953, c. 1093.)

Quoted in Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

Cited in State ex rel. North Carolina Util. Comm'n v. Old Fort Finishing Plant, 264 N.C. 416, 142 S.E.2d 8 (1965).

§ **150-25. Record filed by board with clerk of superior court; contents of record.** — Within 30 days after receipt of the notice of appeal, the board shall prepare, certify, and file with the clerk of the superior court in the proper county the record of the case, comprising

(1) A copy of the notice of hearing required under G.S. 150-11 and 150-12;
(2) A complete transcript of the testimony taken at the hearing;
(3) Copies of all pertinent documents and other written evidence introduced at the hearing;
(4) A copy of the decision of the board containing the items specified in G.S. 150-23; and
(5) A copy of the notice of appeal containing the exceptions filed to the decision.

With the permission of the court, the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional costs as may be occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable. (1953, c. 1093.)

§ 150-26. Appeal bond; stay of board order. — The person seeking the review shall file with the clerk of the reviewing court a copy of the notice of appeal and an appeal bond of two hundred dollars ($200.00) at the same time the notice of appeal is filed with the board as required by G.S. 150-24. At any time before or during the review proceeding the aggrieved person may apply to the reviewing court for an order staying the operation of the board decision pending the outcome of the review. The court may grant or deny the stay in its discretion. (1953, c. 1093.)

§ 150-27. Scope of review; power of court in disposing of the case. — Upon the review of any board decision under this Chapter, the judge shall sit without a jury, and may hear oral arguments and receive written briefs, but no evidence not offered at the hearing shall be taken, except that in cases of alleged omissions or errors in the record, testimony thereon may be taken by the court. The court may affirm the decision of the agency or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the petitioners may have been prejudiced because of the administrative findings, inferences, conclusions, or decisions are

(1) In violation of constitutional provisions; or
(2) In excess of the statutory authority or jurisdiction of the agency; or
(3) Made upon unlawful procedure; or
(4) Affected by other error of law; or
(5) Unsupported by competent, material, and substantial evidence in view of the entire record as submitted; or
(6) Arbitrary or capricious.

If the court reverses or modifies the decision of the agency, the judge shall set out in writing, which writing shall become a part of the record, the reasons for such reversal or modification. (1953, c. 1093.)

Editor's Note.—For case law survey as to judicial review of decisions of administrative agencies, see 45 N.C.L. Rev. 816 (1967).

For article on administrative evidence rules, see 49 N.C.L. Rev. 635 (1971).

Findings of Fact Supported by Competent Evidence Are Conclusive. — The administrative findings of fact made by the State Board of Opticians, if supported by competent, material and substantial evidence in view of the entire record, are conclusive upon a reviewing court, and not within the scope of its reviewing powers. In re Berman, 245 N.C. 612, 96 S.E.2d 836 (1957); In re Hawkins, 17 N.C. App. 378, 194 S.E.2d 540 (1973).

The court cannot substitute its judgment for that of the State Board of Opticians in making findings of fact. In re Berman, 245 N.C. 612, 96 S.E.2d 836 (1957).

§ 150-28. Power of board to reopen the case. — At any time after the hearing and prior to the service of the board's decision, the person affected may request the board to reopen the case to receive additional evidence or for other cause. The granting or refusing of such request shall be within the board's discretion. The board may reopen the case on its own motion at any time before notice of appeal is filed; thereafter, it may do so only with permission of the reviewing court. (1953, c. 1093.)

§ 150-29. Power of reviewing court to remand for hearing newly discovered evidence; procedure before the board. — At any time after the notice of appeal has been filed, the aggrieved person may apply to the reviewing court for leave to present additional evidence. If the court is satisfied that the evidence is material to the issues, that it is not merely cumulative, and that it could not reasonably have been presented at the hearing before the board, the court may remand the case to the board where additional evidence shall be heard. The board may then affirm or modify its findings of fact and its decision, and shall file with the reviewing court as a part of the record the additional evidence, together with the affirmation of, or modifications in, its findings or decision. (1953, c. 1093.)

§ 150-30. Appeal; no bond required of board. — Any party to the review proceeding, including the board, may appeal to the appellate division from the decision of the superior court under rules of procedure applicable in other civil cases. No appeal bond shall be required of the board. The appealing party may apply to the superior court for a stay of that court's decision or a stay of the board's decision, whichever shall be appropriate, pending the outcome of the appeal to the appellate division. (1953, c. 1093; 1973, c. 108, s. 91.)

Editor's Note. — The 1973 amendment substituted "appellate division" for "Supreme Court" in the first and third sentences.

§ 150-31. Power of board to sue; to seek court action in preventing violations. — Any board may appear in its own name in the courts of the State and may apply to courts having jurisdiction for injunctions to prevent violations of statutes administered by the board and of regulations issued pursuant to those statutes, and such courts shall have power to grant such injunctions regardless of whether criminal prosecution has been or may be instituted as a result of such violations. (1953, c. 1093.)

Single Act Is Sufficient to Invoke Injunctive Relief. — A single act of unauthorized practice is sufficient, if shown, to invoke the criminal penalties of § 83-12 or the injunctive relief of this section. North Carolina Bd. of Arch. v. Lee, 264 N.C. 602, 142 S.E.2d 643 (1965).

The showing of warnings is not required in order to warrant an injunction. North Carolina Bd. of Arch. v. Lee, 264 N.C. 602, 142 S.E.2d 643 (1965).

Laches May Bar Right to Relief. — Where plaintiff's delay in seeking an injunction in 1964 in respect to what defendant did in 1955 on the church building had been continued so long and under such circumstances as to make it inequitable for a court of equity to issue an injunction against defendant for the violation, plaintiff was guilty of laches, and forfeited any claim it might have had to injunctive relief against defendant for making or assisting in making plans. North Carolina Bd. of Arch. v. Lee, 264 N.C. 602, 142 S.E.2d 643 (1965).

Applied in North Carolina Bd. of Arch. v. Cannon, 264 N.C. 614, 142 S.E.2d 651 (1965).

§ 150-32. Declaratory judgment on validity of rules. — The validity of any rule adopted by a board may be determined upon petition for a declaratory judgment theron addressed to the Superior Court of Wake County when it appears that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the petitioner. The court shall declare the rule invalid if it finds that the rule violates or conflicts with constitutional or statutory provisions or exceeds the statutory authority of the board. (1953, c. 1093.)

§ 150-33. Judicial review procedure exclusive. — The provisions of this Chapter providing a uniform method of judicial review of board actions of the kind specified in G.S. 150-10 shall constitute an exclusive method of court review in such cases and shall be in lieu of any other review procedure available under statute or otherwise. Nothing herein, however, shall be contrued to bar the use of any available remedies to test the legality of any type of board action not specified in G.S. 150-10 (1953, c. 1093.)

Quoted in Snow v. North Carolina Bd. of Arch., 273 N.C. 559, 160 S.E.2d 719 (1968).

§ 150-34. Amending and repealing. — The provisions of this Article may be amended, repealed or superseded by another act of the legislature only by direct reference to the section or sections of this Article being amended, repealed, or superseded. (1953, c. 1093.)

A vacancy in the office of coroner shall be filled by the county commissioners, and the person so appointed shall, upon qualification, hold office until his successor is elected and qualified.

When the coroner shall be out of the county, or shall for any reason be unable to hold the necessary inquest as provided by law, or there is a vacancy existing in the office of coroner which has not been filled by the county commissioners and it is made to appear to the clerk of the superior court by satisfactory evidence that a deceased person whose body has been found within the county probably came to his death by the criminal act or default of some person, it is the duty of the clerk to appoint some suitable person to act as coroner in such special case. (Const. art. 4, s. 24; 1903, c. 661; Rev., ss. 1047, 1049; C. S., ss. 1014, 1018; Ex. Sess. 1924, c. 65; 1935, c. 376.)

§ 152-4. Coroners' bonds registered; certified copies evidence. — All official bonds of coroners shall be duly approved, certified, registered, and filed as sheriffs' bonds are required to be; and certified copies of the same duly certified by the register of deeds, with official seal attached, shall be received and read in evidence in the like cases and in like manner as such copies of sheriffs' bonds are now allowed to be read in evidence. For burying a pauper over whom an inquest has been held, all necessary and actual expenses, to be approved by the board of county commissioners, and paid by the county. (Code, s. 3743; 1903, c. 781; Rev., s. 2775; C. S., s. 3905; 1967, c. 1154, s. 6.)

§ 152-6. Powers, penalties, and liabilities of special coroner. — The special coroner appointed under the provisions of G.S. 152-1 shall be invested with all the powers and duties conferred upon the several coroners in respect to holding inquests over deceased bodies, and shall be subject to the penalties and liabilities imposed on the said coroners. (1903, c. 661, s. 2; Rev., s. 1050; C. S., s. 1019, Ex. Sess. 1924, c. 65.)

Local Modification. — Randolph: 1965, c. 754, s. 1.

§ 152-7. Duties of coroners with respect to inquests and preliminary hearings. — The duties of the several coroners with respect to inquests and preliminary hearings shall be as follows:

(1) Whenever it appears that the deceased probably came to his death by the criminal act or default of some person, he shall go to the place where the body of such deceased person is and make a careful investigation and inquiry as to when and by what means such deceased person came to his death and the name of the deceased, if to be found out, together with all the material circumstances attending his death, and shall make a complete record of such personal investigation: Provided, however, that the coroner shall not proceed to summon a jury as is hereinafter provided if he shall be satisfied from his personal investigation that the death of the said deceased was from natural causes, or that no person is blamable in any respect in connection with such death, and shall so find and make such finding in writing as a part of his report, giving the reason for such finding; unless an affidavit be filed with the coroner indicating blame in connection with the death of the deceased. A written report of said investigation shall be filed by the coroner with the medical examiner and the district attorney of the superior court.

(2) To empanel a jury of six persons, under oath, to make further inquiry as to the circumstances of death and to call witnesses as necessary to determine the circumstances. The coroner shall order that the names of at least 15 persons be drawn from the jury box in accordance with the procedure in G.S. 9-5. The coroner shall examine the jurors appearing in obedience to the summons, and may excuse jurors for whom service would be an extreme hardship, who would be unable to remain impartial in determining the issues, or are otherwise disqualified to serve as jurors. If the remaining jurors are less than six in number, the coroner shall cause sufficient additional names to be drawn from the jury box and have them summoned, so as to obtain the immediate attendance of at least six qualified jurors. The first six qualified jurors constitute the inquest jury.

(3) If it appears that the deceased was slain, or came to his death in such manner as to indicate any person or persons guilty of the crime in connection with the said death, then the said inquiry shall ascertain who was guilty, either as principal or accessory, or otherwise, if known; and the cause and manner of his death.

(4) Whenever in such investigations, whether preliminary or before his jury, it shall appear to the coroner or to the jury that any person or persons are culpable in the matter of such death, he shall forthwith issue his warrant for such persons and cause the same to be brought before him and the inquiry shall proceed as in the case of preliminary hearings in the district court, and in case it appears to the said coroner and the jury that such persons are probably guilty of any crime in connection with the death of the deceased, then the said coroner shall commit such persons to jail, if it appears that such persons are probably guilty of a capital crime, and in case it appears that such persons are not probably guilty of a capital crime, but are probably guilty of a lesser crime, then such coroner is to have the power and authority to fix bail for such person or persons. All such persons as are found probably guilty in such hearing shall be delivered to the keeper of the common jail for such county by the sheriff or such other officer as may perform his duties at such hearings and committed to jail unless such persons have been allowed and given the bail fixed by such coroner.

(5) As many persons as are found to be material witnesses in the matters involved in such inquiry and hearings, and are not culpable themselves shall be bound in recognizance with sufficient surety to appear at the next superior court to give evidence, and such as may default in giving such recognizance may be by such coroner committed to jail as is provided for State witnesses in other cases.

(6) Immediately upon information of the death of a person within his county, under such circumstances as call for an investigation as provided in G.S. 130-198, the coroner shall notify the district attorney of the superior court and the medical examiner.

(7) If an inquest or preliminary hearing be ordered, to arrange for the examination of any and all witnesses including those who may be offered by the county medical examiner.

(8) To permit counsel for the family of the deceased, the solicitor of his district, or anyone designated by him, and counsel for any accused person to be present and participate in such hearing and examine and cross-examine witnesses and, whenever a warrant shall have been issued for any accused person, such accused person shall be entitled to counsel and to a full and complete hearing.

(9) To hold his inquiry where the body of the deceased shall be or at any other place in the county, and the body of the deceased need not be present at such hearing. The hearing may be adjourned to other times and places.

(10) To reduce to writing all of the testimony of all witnesses, and to have each witness to sign his testimony in the presence of the coroner, who shall attest the same, and, upon direction of the district attorney of the district, all of the testimony heard by the coroner and his jury shall be taken stenographically, and expense of such taking, when approved by the coroner and the district attorney of the district, shall be paid by the county. When the testimony is taken by a stenographer, the witness shall be caused to sign the same after it has been written out, and the coroner shall attest such signature. The attestation of all the signatures of witnesses who shall testify before the coroner shall include attaching his seal, and such statements, when so signed and attested, shall be received as competent evidence in all courts either for the purpose of contradiction or corroboration of witnesses who make the same, under the same rules as other evidence to contradict or corroborate may be now admitted. The coroner shall file a copy of all written testimony given at the hearing with the county medical examiner and with the district attorney of the superior court. Editor's Note. — The first 1973 amendment substituted "district attorney" for "solicitor" throughout the section.

The second 1973 amendment substituted "in the district court" for "before justices of the peace" near the middle of the first sentence of subdivision (4).

The third 1973 amendment rewrote subdivision (2).

Section States Historical Function of Coroner. — This section is simply a statement of the historical function of a coroner. He is by this section commanded to make an investigation whenever it appears deceased probably came to his death by criminal act. He is not required to summon a jury unless satisfied from his personal investigation that death was the result of criminal conduct. Gillikin v. United States Fid. & Guar. Co., 254 N.C. 247, 118 S.E.2d 606 (1961).

The Inquest a Judicial Proceeding. — The inquest is the coroner's court and it is an indispensable requisite that the jury which is summoned be sworn and charged by the coroner in the presence of the body of the deceased. Though the coroner is judge of the court and the power and authority to administer oaths to the witnesses rests in him, the administration of oaths is a ministerial act and may be performed by anyone by the direction and in the presence of the court. State v. Knight, 84 N.C. 789 (1881).

Coroner Has No Authority to Order Autopsy. — See opinion of Attorney General to Mr. Edgar E. Smith, 41 N.C.A.G. 212 (1971).

A coroner has no authority to perform an autopsy in cases where there is no suspicion of foul play. Gurganious v. Simpson, 213 N.C. 613, 197 S.E. 163 (1938).

§ 152-8. Acts as sheriff in certain cases; special coroner. — If at any time there is no person properly qualified to act as sheriff in any county, the coroner of such county is hereby required to execute all process and in all other things to act as sheriff, until some person is appointed sheriff in said county; and he shall be under the same rules and regulations, and subject to the same forfeitures, fines, and penalties as sheriffs are by law for neglect or disobedience of the same duties. If at any time the sheriff of any county is interested in or a party to any proceeding in any court, and there is no coroner in such county, or if the coroner is interested in any such proceeding, then the clerk of the court from which such process issues shall appoint some suitable person to act as special coroner to execute such process, and such special coroner shall be under the same rules, regulations, and penalties as hereinabove provided for. (Code, s. 658; 1891, c. 173; Rev., s. 1052; C. S., s. 1021; Ex. Sess. 1924, c. 65.)

Local Modification. — Randolph: 1965, c. 754, s. 1.

Service of Summons by Coroner When Sheriff Is Party. — In an action to which the sheriff is a party it is proper that the summons be addressed to and served by the coroner, State v. Baird, 118 N. C. 854, 24 S. E. 668 (1896), or by his deputy since the service of a summons is the discharge of a purely ministerial duty. Yeargin v. Siler, 83 N.C. 348 (1880).

The words "any proceedings in any court" contained in the provision for deputizing special officers where the sheriff and coroner are interested, have been given a literal interpretation and the provision is held applicable to courts of justices of the peace as well as to the higher courts. Baker v. Brem, 127 N.C. 322, 37 S.E. 454 (1900).

§ 152-9. Compensation of jurors at inquest. — All persons who may be summoned to act as jurors in any inquest held by a coroner over dead bodies, and who, in obedience thereto, appear and act as such jurors, shall be entitled to the same compensation in per diem and mileage as is allowed by law to jurors acting in the superior courts. The coroners of the respective counties are authorized and empowered to take proof of the number of days of service of each juror so acting, and also of the number of miles traveled by such juror in going to and returning from such place of inquest, and shall file with the board of commissioners of the county a correct account of the same, which shall be, by such commissioners, audited and paid in the manner provided for the pay of jurors acting in the superior courts. (Code, ss. 659, 660; Rev., s. 1053; C. S., s. 1022; Ex. Sess. 1924, c. 65.)

Local Modification. — Randolph: 1965, c. 754, s. 1.

Cross Reference. — As to fees of coroners' jurors in superior court, see now § 7A-312.

§ 152-10. Hearing by coroner in lieu of other preliminary hearing; habeas corpus. — All hearings by a coroner and his jury, as provided herein, when the accused has been arrested and has participated in such hearing, shall be in lieu of any other preliminary hearing, and such cases shall be immediately sent to the clerk of the superior court of such county and docketed by him in the same manner as warrants from magistrates. Any accused person who shall be so committed by a coroner shall have the right, upon habeas corpus, to have a judge of the superior or district court review the action of the coroner in fixing bail or declining the same. (Ex. Sess. 1924, c. 65; 1973, c. 108, s. 93.)

Local Modification. — Randolph: 1965, c. 754, s. 1.

Editor's Note. — The 1973 amendment deleted "before a justice of the peace or a recorder" following "preliminary hearing" and substituted "magistrates" for "justices of the peace" in the first sentence and inserted "or district" following "superior" in the second sentence.

§ 152-11. Service of process issued by coroner. — All process, both subpoenas and warrants for the arrest of any person or persons, and orders for the summoning of a jury, in case it may appear necessary for such coroner to issue such order, shall be served by the sheriff or other lawful officer of the county in which such dead body is found, and in case it is necessary to subpoena witnesses or to arrest persons in a county other than such county in which the body of the deceased is found, then such coroner may issue his process to any other county in the State, with his official seal attached, and such process shall be served by the sheriff or other lawful officer of the county to which it is directed, but such process shall not be served outside of the county in which such dead body is found unless attested by the official seal of such coroner. (Ex. Sess. 1924, c. 65.)

Editor's Note. — Session Laws 1973, c. 822, effective Feb. 1, 1974, repealed Chapter 153, Counties, and enacted in its place a new Chapter 153A. Certain other 1973 acts originally codified in Chapter 153 are included in Chapter 153A as directed in Session Laws 1973, c. 822, s. 2. Where appropriate, the historical citations to sections in the repealed Chapter have been added to corresponding sections in new Chapter 153A. A table of comparable sections for the new and repealed Chapters, prepared by the Institute of Government, appears in the Supplement to Volume 4A.

Session Laws 1973, c. 822, ss. 9 through 12, provide:

"Sec. 9. No provision of this act is intended, nor may any be construed, to affect in any way a right or interest, public or private:

"(a) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to a provision of law repealed by this act; or

"(b) Derived from or which might be sustained or preserved in reliance upon, action (including the adoption of orders, resolutions, or ordinances) taken before the effective date of this act pursuant to or within the scope of a provision of law repealed by this act.

"Sec. 10. No law repealed, expressly or by implication, before the effective date of this act and no law granting authority that has been exhausted before the effective date of this act is revived by:

"(a) The repeal in this act of any act repealing such a law; or

"(b) Any provision of this act that disclaims an intention to repeal or affect enumerated, designated, or described laws.

"Sec. 11. No provision of this act is intended, nor may any be construed, to impair the obligation of any bond, note, or coupon outstanding on the effective date of this act.

"Sec. 12. No action or proceeding of any nature (whether civil or criminal, judicial or administrative, or otherwise) pending at the effective date of this act is abated or otherwise affected by the adoption of this act."

Session Laws 1973, c. 822, s. 13, contains a severability clause.

The cases in the annotations under the various sections of this Chapter were decided under corresponding sections of repealed Chapter 153.

Article 1.

Definitions and Statutory Construction.

§ 153A-1. Definitions. — Unless otherwise specifically provided, or unless otherwise clearly required by the context, the words and phrases defined in this section have the meaning indicated when used in this Chapter.

(1) "City" means a city as defined by G.S. 160A-1(2), except that it does not include a city that, without regard to its date of incorporation,

would be disqualified from receiving gasoline tax allocations by G.S. 136-41.2(a).

(2) "Clerk" means the clerk to the board of commissioners.

(3) "County" means any one of the counties listed in G.S. 153A-10.

(4) "General law" means an act of the General Assembly that applies to all units of local government, to all counties, to all counties within a class defined by population or other criteria, to all cities, or to all cities within a class defined by population or other criteria, including a law that meets the foregoing standards but contains a clause or section exempting from its effect one or more counties, cities, or counties and cities.

(5) "Local act" means an act of the General Assembly that applies to one or more specific counties, cities, or counties and cities by name. "Local act" is interchangeable with the terms "special act," "special law," "public-local act," and "private act," is used throughout this Chapter in preference to those terms, and means a local act as defined in this subdivision without regard to the terminology employed in local acts or other portions of the General Statutes.

(6) "Publish," "publication," and other forms of the verb "to publish" mean insertion in a newspaper qualified under G.S. 1-597 to publish legal advertisements in the county. (1973, c. 822, s. 1.)

§ 153A-2. Effect on prior laws and actions taken pursuant to prior laws. — The provisions of this Chapter, insofar as they are the same in substance as laws in effect as of December 31, 1973, are intended to continue those laws in effect and not to be new enactments. The enactment of this Chapter does not require the readoption of any county or city ordinance adopted pursuant to laws that were in effect as of December 31, 1973, and that are restated or revised in this Chapter. The provisions of this Chapter do not affect any act heretofore done, any liability incurred, any right accrued or vested, or any suit or prosecution begun or cause of action accrued as of January 1, 1974. (1973, c. 822, s. 1.)

§ 153A-3. Effect of Chapter on local acts. — (a) Except as provided in this section, nothing in this Chapter repeals or amends a local act in effect as of January 1, 1974, or any portion of such an act, unless this Chapter or a subsequent enactment of the General Assembly clearly shows a legislative intent to repeal or supersede that local act.

(b) If this Chapter and a local act each provide a procedure that contains every action necessary for the performance or execution of a power, right, duty, function, privilege, or immunity, the two procedures may be used in the alternative, and a county may follow either one.

(c) If this Chapter and a local act each provide a procedure for the performance or execution of a power, right, duty, function, privilege, or immunity, but the local act procedure does not contain every action necessary for the performance or execution, the two procedures may be used in the alternative, and a county may follow either one; but the local act procedure shall be supplemented as necessary by this Chapter's procedure. If a local act procedure is being supplemented in such a manner, and there is a conflict or inconsistency between the local act procedure and this Chapter's procedure, the local act procedure shall be followed.

(d) If a power, right, duty, function, privilege, or immunity is conferred on counties by this Chapter, and a local act enacted earlier than this Chapter omits or expressly denies or limits the same power, right, duty, function, privilege, or immunity, this Chapter supersedes the local act. (1973, c. 822, s. 1.)

§ 153A-4. Broad construction. — It is the policy of the General Assembly that the counties of this State should have adequate authority to exercise the powers, rights, duties, functions, privileges, and immunities conferred upon

them by law. To this end, the provisions of this Chapter and of local acts shall be broadly construed and grants of power shall be construed to include any powers that are reasonably expedient to the exercise of the power. (1973, c. 822, s. 1.)

§ 153A-5. Statutory references deemed amended to conform to Chapter. — If a reference is made in another portion of the General Statutes, in a local act, or in a city or county ordinance, resolution, or order to a portion of Chapter 153, and the reference is to Chapter 153 as it existed immediately before February 1, 1974, the reference is deemed amended to refer to that portion of this Chapter that most nearly corresponds to the repealed or superseded portion of Chapter 153. (1973, c. 822, s. 1.)

§§ 153A-6 to 153A-9: Reserved for future codification purposes.

ARTICLE 2.

Corporate Powers.

§ 153A-10. State has 100 counties. — North Carolina has 100 counties. They are: Alamance, Alexander, Alleghany, Anson, Ashe, Avery, Beaufort, Bertie, Bladen, Brunswick, Buncombe, Burke, Cabarrus, Caldwell, Camden, Carteret, Caswell, Catawba, Chatham, Cherokee, Chowan, Clay, Cleveland, Columbus, Craven, Cumberland, Currituck, Dare, Davidson, Davie, Duplin, Durham, Edgecombe, Forsyth, Franklin, Gaston, Gates, Graham, Granville, Greene, Guilford, Halifax, Harnett, Haywood, Henderson, Hertford, Hoke, Hyde, Iredell, Jackson, Johnston, Jones, Lee, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Mecklenburg, Mitchell, Montgomery, Moore, Nash, New Hanover, Northampton, Onslow, Orange, Pamlico, Pasquotank, Pender, Perquimans, Person, Pitt, Polk, Randolph, Richmond, Robeson, Rockingham, Rowan, Rutherford, Sampson, Scotland, Stanly, Stokes, Surry, Swain, Transylvania, Tyrrell, Union, Vance, Wake, Warren, Washington, Watauga, Wayne, Wilkes, Wilson, Yadkin, and Yancey. (1973, c. 822, s. 1.)

§ 153A-11. Corporate powers. — The inhabitants of each county are a body politic and corporate under the name specified in the act creating the county. Under that name they are vested with all the property and rights of property belonging to the corporation; have perpetual succession; may sue and be sued; may contract and be contracted with; may acquire and hold any property and rights of property, real and personal, that may be devised, bequeathed, sold, or in any manner conveyed, dedicated to, or otherwise acquired by the corporation, and from time to time may hold, invest, sell, or dispose of the property and rights of property; may have a common seal and alter and renew it at will; and have and may exercise in conformity with the laws of this State county powers, rights, duties, functions, privileges, and immunities of every name and nature. (1868, c. 20, ss. 1, 2, 3, 8; 1876-7, c. 141, s. 1; Code, ss. 702, 703, 704, 707; Rev., ss. 1309, 1310, 1318; C. S., ss. 1290, 1291, 1297; 1973, c. 822, s. 1.)

Counties Are Bodies Politic and Corporate to Exercise Powers Granted. — Counties are bodies politic and corporate to exercise as agents for the State only such powers as are prescribed by statute and those which are necessarily implied therefrom by law, essential to the exercise of the powers specifically conferred. O'Neal v. Wake County, 196 N.C. 184, 145 S.E. 28 (1928). See Board of Comm'rs v. Hanchett Bond Co., 194 N.C. 137, 138 S.E. 614 (1927).

They Are Governmental Agencies. — The Constitution recognizes the existence of counties as governmental agencies. White v. Commissioners of Chowan, 90 N.C. 437 (1884); Woodall v. Western Wake Hwy. Comm'n, 176 N.C. 377, 97 S.E. 226 (1918).

And Part of the State Government. — Counties are of, and constitute a part of, the State government. Their chief purpose is to establish its political organization, and effectuate the local civil administration of its powers and authority. They are in their general nature governmental—mere instrumentalities of government—and possess corporate powers adapted to its purposes. It is not their purpose to create civil liability on their part, and become answerable to individuals civilly or otherwise. Manuel v. Board of Comm'rs, 98 N.C. 9, 3 S.E. 829 (1887), citing White v.

Commissioners of Chowan, 90 N.C. 437 (1884); McCormac v. Commissioners of Robeson, 90 N.C. 441 (1884).

Counties are a branch of the State government. Bell v. Commissioners of Johnston County, 127 N.C. 85, 37 S.E. 136 (1900).

Power of Legislature to Create. — Under our Constitution, the legislature is given power to create special public quasi corporations for governmental purposes in certain designated portions of the State's territory subject to like control, and in the exercise of such power county lines may be disregarded. Board of Trustees v. Webb, 155 N.C. 379, 71 S.E. 520 (1911).

It is within the power of the legislature to subdivide the territory of the State and invest the inhabitants of such subdivisions with the corporate functions, more or less extensive and varied in their character, for the purpose of government. The legislature alone can create counties, directly or indirectly, and invest them, and agencies in them, with powers, corporate or otherwise in their nature, to effectuate the purposes of the government, whether these be local or general, or both. Such organizations are intended to be instrumentalities and agencies employed to aid in the administration of the government, and are always under the control of the power that created them unless the same shall be restricted by some constitutional limitations. McCormac v. Commissioners of Robeson, 90 N.C. 441 (1884); Board of Trustees v. Webb, 155 N.C. 379, 71 S.E. 520 (1911); Commissioners of Cumberland County v. Commissioners of Harnett County, 157 N.C. 514, 73 S.E. 195 (1911); Woodall v. Western Wake Hwy. Comm'n, 176 N.C. 377, 97 S.E. 226 (1918).

The powers of the legislature over counties is very broad and far-reaching, giving to it practically full control of them. Jones v. Commissioners, 137 N.C. 579, 50 S.E. 291 (1905); Woodall v. Western Wake Hwy. Comm'n, 176 N.C. 377, 97 S.E. 226 (1918).

It May Confer Corporate Powers and Impose Liability. — The legislature, subject to constitutional limitations, may confer upon counties such corporate powers to make contracts, create civil liabilities, and serve such business purposes, as it may deem expedient and wise, and may make them answerable in damages for the negligence of their officers and agents in failing to properly exercise the powers with which they are charged, or for exercising them improperly, to the injury of individuals. But such corporate authority and liability must be especially created by and appear from statutory provision, expressed in terms or necessarily implied. Manuel v. Board of Comm'rs, 98 N.C. 9, 3 S.E. 829 (1887).

May Direct Performance of Duties. — The legislature may direct counties to perform as duties all things which it can empower them to do. State ex rel. Tate v. Board of Comm'rs, 122 N.C. 812, 30 S.E. 352 (1898).

May Change Functions. — The functions of counties are not always the same, and they may be enlarged, abridged or modified at the will of the legislature. White v. Commissioners of Chowan, 90 N.C. 437 (1884).

And May Alter or Abolish Counties. — Counties are legislative creations and subject to be changed, even abolished, or divided and subdivided at the will of the General Assembly. Jones v. Commissioners, 143 N.C. 59, 55 S.E. 427 (1906); Board of Trustees v. Webb, 155 N.C. 379, 71 S.E. 520 (1911); Woodall v. Western Wake Hwy. Comm'n, 176 N.C. 377, 97 S.E. 226 (1918).

Construction of Powers Granted to Counties. — Under former statutes it was held that counties, as corporations which exercise delegated governmental authority, must be confined to a strict construction of the statutes granting their powers, and that there was nothing in the nature of their duties to give rise to the implication that the State intended to clothe them with any other power than that expressly conferred, and the further right to do what was necessary to the complete exercise of the express powers. Vaughn v. Commissioners of Forsyth County, 118 N.C. 636, 24 S.E. 425 (1896). As to broad construction of this Chapter and of local acts, see § 153A-4.

Counties as Municipal Corporations. — By Art. VII of the Constitution of 1868, counties were regarded as municipal corporations. Winslow v. Commissioners of Perquimans County, 64 N.C. 218 (1870).

A county is a municipal corporation created by law for public and political purposes, and constitutes a part of the government of the State. Its powers are expressly defined by law, and, where they are not fixed by the Constitution, they may be enlarged or modified at any time by the legislature. Gooch v. Gregory, 65 N.C. 142 (1871).

Counties Distinguished from Cities and Towns. — Counties are not, in a strictly legal sense, municipal corporations, like cities and towns. Their purposes are more general and partake more largely of the purposes and powers of government proper. Manuel v. Board of Comm'rs, 98 N.C. 9, 3 S.E. 829 (1887); Bell v. Commissioners of Johnston County, 127 N.C. 85, 37 S.E. 136 (1900); Martin v. Board of Comm'rs, 208 N.C. 354, 180 S.E. 777 (1935).

Commissioners' Supervisory Control. — Under the Constitution and public laws of North Carolina the boards of county commissioners are generally given supervision and control of governmental matters in the several counties. Bunch v. Commissioners of Randolph County, 159 N.C. 335, 74 S.E. 1048 (1912).

County Must Act through Commissioners in Legal Session. — For a county to exercise

its power to contract, it is essential that it act through its county commissioners as a body convened in legal session, regular, adjourned or special, and, as a rule, authorized meetings are prerequisite to corporate action, which should be based upon deliberate conference and intelligent discussion of proposed measures. O'Neal v. Wake County, 196 N.C. 184, 145 S.E. 28 (1928); Davenport v. Pitt County Drainage Dist., 220 N.C. 237, 17 S.E.2d 1 (1941); Jefferson Std. Life Ins. Co. v. Guilford County, 225 N.C. 293, 34 S.E.2d 430 (1945).

And Not in Joint Meeting with Other Governmental Agencies. — The commissioners of a county are without authority, constitutional or statutory, to enter into a joint meeting with other State governmental agencies functioning as entirely separate departments respectively of the county and the State, and therein make a binding corporate contract by the adoption of a joint verbal agreement to pledge the faith and credit of the county for its part in the payment for the employment of a person to render service in the capacity of a detective to determine and procure evidence against those who have committed a criminal offense. O'Neal v. Wake County, 196 N.C. 184, 145 S.E. 28 (1928).

In order to make a binding pecuniary obligation on a county under the former statute imposing the general duty on county commissioners to provide for the poor, there must be a contract to that effect, express in its terms, or the service must be done at the express request of an officer or agent charged with the duty and having the power to make contracts concerning it. Copple v. Commissioners, 138 N.C. 127, 50 S.E. 574 (1905).

Suit in Name of County. — Where a county is the real party in interest, it must sue and be sued in its own name. Lenoir County v. Crabtree, 158 N.C. 357, 74 S.E. 105 (1912); Fountain v. County of Pitt, 171 N.C. 113, 87 S.E. 990 (1916); Johnson v. Marrow, 228 N.C. 58, 44 S.E.2d 468 (1947).

A county is not required in an action for mandatory injunction to bring the suit in the name of the county commissioners. Such a suit should be brought in the name of the county. Lenoir County v. Crabtree, 158 N.C. 357, 74 S.E. 105 (1912).

In the absence of a refusal of the board of commissioners of a county to institute an action in its behalf, the action must be instituted in the name of the county or on relation of the county. Johnson v. Marrow, 228 N.C. 58, 44 S.E.2d 468 (1947).

Under a former statute all actions and proceedings by or against a county in its corporate capacity were required to be in the name of the board of commissioners. Pegram v. Commissioners of Cleveland County, 65 N.C. 114 (1871); Askew v. Pollock, 66 N.C. 49 (1872); Fountain v. County of Pitt, 171 N.C. 113, 87 S.E. 990 (1916).

And under such statute an action upon a county treasurer's bond to recover an amount alleged to be due the county was required to be brought on the relation of the commissioners, and not by the successor treasurer. State ex rel. Wescott v. Thees, 89 N.C. 55 (1883).

When an order to show cause, which is in the nature of an alternative writ of mandamus, could be brought against the board of commissioners, it was not to be directed to the individuals composing the board. It was only in case of disobedience that they could be proceeded against individually. Askew v. Pollock, 66 N.C. 49 (1872).

Liability of Counties Generally. — Counties may be sued only in such cases and for such causes as may be allowed by statute. Bell v. Commissioners of Johnston County, 127 N.C. 85, 37 S.E. 136 (1900).

Counties are not ordinarily liable to be sued civilly for the manner in which they exercise, or fail to exercise, their corporate powers. White v. Commissioners of Chowan, 90 N.C. 437 (1884).

A county was held not liable in damages for an injury occasioned by a defective bridge forming a part of the highway. Moffitt v. City of Asheville, 103 N.C. 237, 9 S.E. 695 (1889).

Liability for Torts of Officers or Agents. — Counties are not liable in damages for the torts of their officials, in the absence of statutory provisions giving a right of action. Keenan v. Commissioners of New Hanover County, 167 N.C. 356, 83 S.E. 556 (1914).

Generally a county is not liable for damages sustained by individuals by reason of the neglect of its officers or agents. Manuel v. Board of Comm'rs, 98 N.C. 9, 3 S.E. 829 (1887).

See § 153A-435.

Form of Action. — Where a good cause of action exists, a county may be sued in any form appropriate to the cause of action, and its liability does not differ as respects the form of the action from that of a private corporation or of an individual. Winslow v. Commissioners of Perquimans County, 64 N.C. 218 (1870).

Venue of Action. — Under the former statute which provided that a county should "sue and be sued in the name of the board of commissioners," actions against a board of county commissioners were required to be brought in the county of such commissioners. Jones v. Board of Comm'rs, 69 N.C. 412 (1873); Steele v. Commissioners of Rutherford, 70 N.C. 137 (1874).

Power to Compromise. — The power to sue and to defend suits carries with it, by necessary implication, the power to make bona fide compromise adjustments of such suits. Board of Comm'rs v. Tollman, 145 F. 753 (4th Cir. 1906).

Power to Enter Consent Judgment.—Under

this section the county commissioners have the authority to assent to the entry of a consent judgment in an action pending against the county, when such judgment is entered in good faith, and is free from fraud, etc., a consent judgment being a contract of the parties spread upon the records with the approval and sanction of a court of competent jurisdiction. Weaver v. Hampton, 204 N.C. 42, 167 S.E. 484 (1933).

Property and Revenue of County Not Subject to Execution. — A county can only acquire and hold property for necessary public purposes and for the benefit of all its citizens, and the principles of public policy prevent such property from being sold under execution to satisfy the debt of an individual. Hughes v. Commissioners of Craven County, 107 N.C. 598, 12 S.E. 465 (1890). See Gooch v. Gregory, 65 N.C. 142 (1871).

The county revenue is safe from seizure by creditors, or even for taxes due the federal government, because to admit the right to appropriate such revenue in satisfaction of a claim would be to concede the power to destroy the State government by depriving its agencies of the means of performing their proper functions. Subject to the restrictions contained in the federal Constitution, the State is a sovereignty, and it is essential to its preservation to give to all property held for it by such agencies as counties, the same protection as is given to that held in its own name. Hughes v. Commissioners of Craven County, 107 N.C. 598, 12 S.E. 465 (1890); Vaughn v. Commissioners of Forsyth County, 118 N.C. 636, 24 S.E. 425 (1896).

Satisfaction of Judgment. — A plaintiff who has obtained a judgment against a county is not entitled to an execution against it. His remedy is by writ of mandamus against the board of commissioners of the county to compel them to levy a tax for the satisfaction of the judgment. Gooch v. Gregory, 65 N.C. 142 (1871).

Ordinarily, the only remedy of a judgment creditor of a county is a writ of mandamus to compel its commissioners to levy a tax to pay the debt. Hughes v. Commissioners of Craven County, 107 N.C. 598, 12 S.E. 465 (1890), citing Pegram v. Commissioners of Cleveland County, 64 N.C. 557 (1870); Lutterloh v. Board of Comm'rs, 65 N.C. 403 (1871); Rogers v. Jenkins, 98 N.C. 129, 3 S.E. 821 (1887).

When Mandamus Unnecessary. — An action may be maintained against the county commissioners establishing a debt against the county without asking for a writ of mandamus, where it appears that the county has property subject to trusts, or such as can be reached only by proceedings supplemental to execution. Hughes v. Commissioners of Craven County, 107 N.C. 598, 12 S.E. 465 (1890).

§ 153A-12. Exercise of corporate power. — Except as otherwise directed by law, each power, right, duty, function, privilege and immunity of the corporation shall be exercised by the board of commissioners. A power, right, duty, function, privilege, or immunity shall be carried into execution as provided by the laws of the State; a power, right, duty, function, privilege, or immunity that is conferred or imposed by law without direction or restriction as to how it is to be exercised or performed shall be carried into execution as provided by ordinance or resolution of the board of commissioners. (1868 c. 20, ss. 1, 2; 1876-7, c. 141, s. 1; Code, ss. 702, 703; Rev., s. 1309; C. S. s. 1290; 1973, c. 822, s. 1.)

§ 153A-13. Continuing contracts. — A county may enter into continuing contracts, some portion or all of which are to be performed in ensuing fiscal years. In order to enter into such a contract, the county must have sufficient funds appropriated to meet any amount to be paid under the contract in the fiscal year in which it is made. In each year, the board of commissioners shall appropriate sufficient funds to meet the amounts to be paid during the fiscal year under continuing contracts previously entered into. (1959, c. 250; 1973, c. 822, s. 1.)

§ 153A-14. Grants from other governments. — A county may contract for and accept grants and loans as permitted by G.S. 160A-17.1. (1973, c. 822, s. 1.)

§§ 153A-15, 153A-16: Reserved for future codification purposes.

ARTICLE 3.

Boundaries.

§ 153A-17. Existing boundaries. — The boundaries of each county shall remain as presently established, until changed in accordance with law. (1973, c. 822, s. 1.)

§ 153A-18. Uncertain or disputed boundary. — (a) If two or more counties are uncertain as to the exact location of the boundary between them, they may cause the boundary to be surveyed, marked, and mapped. The counties may appoint special commissioners to supervise the surveying, marking, and mapping. A commissioner so appointed or a person surveying or marking the boundary may enter upon private property to view and survey the boundary or to erect boundary markers. Upon ratification of the survey by the board of commissioners of each county, a map showing the surveyed boundary shall be recorded in the office of the register of deeds of each county in the manner provided by law for the recordation of maps or plats and in the Secretary of State's office. The map shall contain a reference to the date of each resolution of ratification and to the page in the minutes of each board of commissioners where the resolution may be found. Upon recordation, the map is conclusive as to the location of the boundary.

(b) If two or more counties dispute the exact location of the boundary between them, and the dispute cannot be resolved pursuant to subsection (a) of this section, any of the counties may apply to a resident or presiding superior court judge in the judicial district or districts in which the counties are located for appointment of a boundary commission. The application shall identify the disputed boundary and ask that a boundary commission be appointed. Upon receiving the application, the court shall set a date for a hearing on whether to appoint the commission. The court shall cause notice of the hearing to be served on the other county or counties. If, after the hearing, the court finds that the location of the boundary is disputed, it shall appoint a boundary commission.

The commission shall consist of one resident of each disputing county and a resident of some other county. The court may appoint one or more surveyors to assist the commission. The commission shall locate, survey, and map and may mark the disputed boundary. To do so it may take evidence and hear testimony, and any commissioner and any person surveying or marking the boundary may enter upon private property to view and survey the boundary or to erect boundary markers. Within 45 days after the day it is appointed, unless this time is extended by the court, the commission shall make its report (which shall include a map of the surveyed boundary) to the court. To be sufficient, the report must be concurred in by a majority of the commissioners. If the court is satisfied that the commissioners have made no error of law, it shall ratify the report, after which the map shall be recorded in the office of the register of deeds of each county in the manner provided by law for the recordation of maps or plats and in the Secretary of State's office. Upon recordation, the map is conclusive as to the location of the boundary.

The disputing counties shall divide equally the costs of locating, surveying, marking, and mapping the boundary, unless the court finds that an equal division of the costs would be unjust. In that case the court may determine the division of costs. (1836, c. 3; R. C., c. 27; Code, s. 721; Rev., s. 1322; C. S., s. 1299; 1925, c. 251; 1973, c. 822, s. 1.)

§ 153A-19. Establishing and naming townships. — A county may by resolution establish and abolish townships, change their boundaries, and prescribe their names. The current boundaries of each township within a county shall at all times be drawn on a map, or set out in a written description, or shown by a combination of these techniques. This current delineation

shall be available for public inspection in the office of the clerk. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

Legislative Power to Subdivide and Bestow Corporate Functions. — It is within the power of the legislature to subdivide the territory of the State and invest the inhabitants of such subdivisions with corporate functions. It is not essential that such subdivisions of territory shall be created directly by legislative enactment. Certain agencies may be required by statute to establish them. McCormac v. Commissioners of Robeson, 90 N.C. 441 (1884).

Townships are within the power and control of the General Assembly, just as are counties, cities, towns and other municipal corporations. It may confer upon them, or any single one of them, corporate powers, with the view to accomplish any lawful purpose. Such powers may be conferred for a single purpose as well as many. Brown v. Commissioners of Hertford, 100 N.C. 92, 5 S.E. 178 (1888); Jones v. Commissioners of Person County, 107 N.C. 248, 12 S.E. 69 (1890).

Former Corporate Powers and Trustees of Townships. — As to former corporate powers of townships and former boards of township trustees, see Mitchell v. Board of Trustees, 71 N.C. 400 (1874); Wallace v. Board of Trustees, 84 N.C. 164 (1881); Jones, Gaskill & Co. v. Commissioners of Rowan, 85 N.C. 278 (1881); Brown v. Commissioners of Hertford, 100 N.C. 92, 5 S.E. 178 (1888); Jones v. Commissioners of Person County, 107 N.C. 248, 12 S.E. 69 (1890). As to liability of trustees for torts, see Price v. Board of Trustees, 172 N.C. 84, 89 S.E. 1066 (1916).

County Officers May Be Charged with Township Duties. — The townships are constituent parts of the county organization, and the county officers may well be charged with duties and authority in respect to debts they may be allowed by statute to contract. Jones v. Commissioners of Person County, 107 N.C. 248, 12 S.E. 69 (1890).

County Bonds Not to Be Issued upon Note of One Township. — While the building of public roads has been held a necessary expense, the application of the principle may not be extended to instances where a statute requires the county to issue its bonds for road purposes to obtain aid for a township or local taxing district therein, upon the approval of the voters of the particular district alone, and without benefit to the others. Commissioners of Johnston County v. Lacy, 174 N.C. 141, 93 S.E. 482 (1917).

Commissioners' Power to Issue Township Bonds. — The county commissioners are not authorized to issue bonds on the credit of a township for the construction of a railroad. Graves v. Commissioners, 135 N.C. 49, 47 S.E. 134 (1904).

§ 153A-20. Map of electoral districts. — If a county is divided into electoral districts for the purpose of nominating or electing persons to the board of commissioners, the current boundaries of the electoral districts shall at all times be drawn on a map, or set out in a written description, or shown by a combination of these techniques. This current delineation shall be available for public inspection in the office of the clerk. (1973, c. 822, s. 1.)

§ 153A-21. Redefining electoral district boundaries. — (a) If a county is divided into electoral districts for the purpose of nominating or electing persons to the board of commissioners, the board of commissioners may find as a fact whether there is substantial inequality of population among the districts.

(b) If the board finds that there is substantial inequality of population among the districts, it may by resolution

(1) Redefine the electoral districts and, if necessary, either reapportion commissioners among the redefined districts or reapportion one or more commissioners to the county at large and the remainder among the redefined districts, or

(2) Abolish electoral districts in the county and provide that elections to the board of commissioners shall be at large.

(c) Redefined electoral districts shall be so drawn that the quotients obtained by dividing the population of each district by the number of commissioners apportioned to the district are as nearly equal as practicable, and each district shall be composed of territory within a continuous boundary.

(d) No change in the boundaries of an electoral district may affect the unexpired term of office of a commissioner residing in the district and serving on the board on the effective date of the resolution. If the terms of office of members of the board do not all expire at the same time, the resolution shall

state which seats are to be filled at the initial election held under the resolution.

(e) A resolution adopted pursuant to this section shall be the basis of electing persons to the board of commissioners at the first general election for members of the board of commissioners occurring after the resolution's effective date, and thereafter. A resolution becomes effective upon its adoption, unless it is adopted during the period beginning 60 days before the day of a primary and ending on the day of the next succeeding general election for membership on the board of commissioners, in which case it becomes effective on the first day after the end of the period.

(f) Not later than 10 days after the day on which a resolution becomes effective, the clerk shall file in the Secretary of State's office, in the office of the register of deeds of the county, and with the chairman of the county board of elections a certified copy of the resolution. (1966, Ex. Sess., c. 2, ss. 1-6, 8, 9½; 1969, c. 994; 1973, c. 822, s. 1.)

§§ 153A-22 to 153A-24: Reserved for future codification purposes.

Article 4.

Form of Government.

Part 1. General Provisions.

§ 153A-25. Qualifications for appointive office. — The board of commissioners may fix qualifications for any appointive office, including a requirement that a person serving in such an office reside within the county. The board may not waive qualifications fixed by law for an appointive office but may fix additional qualifications for that office. (1973, c. 822, s. 1.)

§ 153A-26. Oath of office. — Each person elected by the people or appointed to a county office shall, before entering upon the duties of the office, take and subscribe the oath of office prescribed in Article VI, Sec. 7 of the Constitution. The oath of office shall be administered by some person authorized by law to administer oaths and shall be filed with the clerk.

On the first Monday in December following each general election at which county officers are elected, the persons who have been elected to county office in that election shall assemble at the regular meeting place of the board of commissioners. At that time each such officer shall take and subscribe the oath of office. An officer not present at this time may take and subscribe the oath at a later time. (1868, c. 20, s. 8; 1874-5, c. 237, s. 3; Code, ss. 707, 708; 1895, c. 135, ss. 3, 4; Rev., ss. 1316, 1318; C. S., ss. 1295, 1297; 1965, c. 26; 1973, c. 822, s. 1.)

§ 153A-27. Vacancies on the board of commissioners. — If a vacancy occurs on the board of commissioners, the remaining members of the board shall appoint a qualified person to fill the vacancy. If the number of vacancies on the board is such that a quorum of the board cannot be obtained, the chairman of the board shall appoint enough members to make up a quorum, and the board shall then proceed to fill the remaining vacancies. If the number of vacancies on the board is such that a quorum of the board cannot be obtained and the office of chairman is vacant, the clerk of superior court of the county shall fill the vacancies upon the request of any remaining member of the board or upon the petition of any five registered voters of the county. If for any other reason the remaining members of the board do not fill a vacancy within 60 days after the day the vacancy occurs, the clerk shall immediately report the vacancy to the clerk of superior court of the county. The clerk of superior court shall, within 10 days after the day the vacancy is reported to him, fill the vacancy.

If the member being replaced was serving a two-year term, or was in the last two years of a four- or six-year term, the appointment to fill the vacancy is for

the remainder of the unexpired term. Otherwise, the term of the person appointed to fill the vacancy extends to the first Monday in December next following the first general election held more than 30 days after the day the vacancy occurs; at that general election, a person shall be elected to the seat vacated, either to the remainder of the unexpired term or, if the term has expired, to a full term.

To be eligible for appointment to fill a vacancy, a person must (i) be a member of the same political party as the member being replaced, if that member was elected as the nominee of a political party, and (ii) be a resident of the same district as the member being replaced, if the county is divided into electoral districts. The board of commissioners or the clerk of superior court, as the case may be, shall consult the county executive committee of the appropriate political party before filling a vacancy, but neither the board nor the clerk of the superior court is bound by the committee's recommendation. (Code, s. 719; 1895, c. 135, s. 7; Rev., s. 1314; 1909, c. 490, s. 1; C. S., s. 1294; 1959, c. 1325; 1965, cc. 239, 382; 1967, cc. 7, 424, 439, 1022; 1969, cc. 82, 222; 1971, c. 743, s. 1; 1973, c. 822, s. 1.)

Authority to Accept Resignation. — Under a former statute which authorized the clerk of the superior court to fill vacancies on boards of commissioners in all cases, it was held that a tender of resignation by a county commissioner to the clerk of the superior court was a tender to the proper authority. While the mere filing of the resignation did not vacate the office, its acceptance by the clerk was final, and after its acceptance the commissioner had no power to withdraw it. Rockingham County v. Luten Bridge Co., 35 F.2d 301 (4th Cir. 1929).

§ 153A-28. Compensation of board of commissioners. — The board of commissioners may fix the compensation and allowances of the chairman and other members of the board by inclusion of the compensation and allowances in and adoption of the budget ordinance. In addition, if the chairman or any other member of the board becomes a full-time county official, pursuant to G.S. 153A-81 or 153A-84, his compensation and allowances may be adjusted at any time during his service as a full-time official, for the duration of that service. (Code, s. 709; Rev., s. 2785; 1907, c. 500; C. S., s. 3918; 1969, c. 180, s. 1; 1971, c. 1125, s. 1; 1973, c. 822, s. 1.)

Authority of the county commissioners to amend the county budget to raise or lower their compensation at any time during the fiscal year is limited by their authority to fix their compensation in the adoption of the annual budget. Opinion of Attorney General to Mr. James C. Fox, New Hanover County Attorney, 42 N.C.A.G. 132 (1972).

When Mileage Allowance Erroneous but Innocent. — Where a board of county commissioners audited in favor of its members for mileage, to which they were not entitled and it was found as a fact that they did so under advice and without any corrupt or fraudulent motive, it was held that the members of the board were not indictable either under § 14-234 or at common law. State v. Norris, 111 N.C. 652, 16 S.E. 2 (1892).

§ 153A-29. Fidelity bonds. — (a) Each officer, employee, or agent of a county who handles or has in his custody more than one hundred dollars ($100.00) of county funds at any time shall, before being entitled to assume his duties, give bond with sufficient sureties payable to the county that he will faithfully perform the duties of his office, employment, or agency and will render a true accounting for all county funds that may come into his custody or control. The board of commissioners shall determine the amount of the bond. Unless the bond is otherwise required by law, the board may waive the faithful performance bond, but it may not waive the true accounting bond. The county may pay the premium on any bond. Each bond, when approved by the board of commissioners, shall be deposited with the clerk.

If another statute requires an officer, employee, or agent to be bonded, this subsection does not require an additional bond for that officer, employee, or agent.

(b) A county may adopt a system of blanket faithful performance or true accounting bonding as an alternative to individual bonds. If such a system is adopted, statutory requirements of individual bonds, except for elected county

officers and for finance officers and tax collectors by whatever title known, do not apply to an officer, employee, or agent covered by the blanket bond. (1868, c. 20, s. 8; 1874-5, c. 237, s. 3; Code, s. 707; 1895, c. 135, s. 3; Rev., s. 1318; C. S., s. 1297; 1965, c. 26; 1973, c. 822, s. 1.)

Former Statute Held Mandatory. — See Moffitt v. Davis, 205 N.C. 565, 172 S.E. 317 (1934).

Liability of Commissioners for Approval of Insufficient Bond. — There is no penalty or crime prescribed for failure of county commissioners to perform the ministerial duty imposed upon them of approving the bonds of such officers, but § 109-13 makes them liable as sureties on bonds which they approve with knowledge, actual or implied, that they are insufficient in penal sum or security. Moffitt v. Davis, 205 N.C. 565, 172 S.E. 317 (1934).

Commissioners Held Individually Liable for Failure to Require Bond. — Under a former statute, county commissioners were held individually liable to a person injured by their failure to require or receive bond of the clerk of the superior court. Moffitt v. Davis, 205 N.C. 565, 172 S.E. 317 (1934).

Commissioners Cannot Release Surety. — A board of county commissioners cannot release a surety from an official bond. Fidelity & Deposit Co. v. Fleming, 132 N.C. 332, 43 S.E. 899 (1903). See also Dockery v. French, 69 N.C. 308 (1873); State ex rel. Board of Comm'rs v. Clarke, 73 N.C. 255 (1875).

Declaring Office Vacant Where Officer Fails to Give Bond. — Under former statutes it was held that a board had the power — all the business before them being disposed of — to adjourn, and, if any officer should fail to perfect his bond according to law before such adjournment, to declare such office vacant, and to fill it, when the power to fill such vacancy was vested by law in the board. Kilburn v. Latham, 81 N.C. 312 (1879); State ex rel. Cole v. Patterson, 97 N.C. 360, 2 S.E. 262 (1887).

Sheriff's Bonds. — To entitle a sheriff to be inducted into office, it is essential that the required bonds be executed by him and approved by the county commissioners according to the requirements of the statute. Dixon v. Commissioners of Beaufort, 80 N.C. 118 (1879). See §§ 162-8, 162-9, and notes.

While it is irregular to induct a sheriff into office without his giving the required bonds, yet the defect is cured when they are subsequently tendered and accepted. Worley v. Smith, 81 N.C. 304 (1879).

§§ 153A-30 to 153A-33: Reserved for future codification purposes.

Part 2. Structure of the Board of Commissioners.

§ 153A-34. Structure of boards of commissioners. — Each county is governed by a board of commissioners. The structure and manner of election of the board of commissioners in each county shall remain as it is on February 1, 1974, until changed in accordance with law. (Rev., s. 1311; C. S., s. 1292; 1973, c. 822, s. 1.)

Editor's Note. — Session Laws 1973, c. 822, s. 2, provides, in part, that the repeal of former G.S. 153-4 and 153-5 does not affect in any way the structure or manner of election of any board of county commissioners the structure or manner of election of which was established by those sections, and that each board of commissioners shall continue to have the same structure and manner of election as it has on the effective date of the 1973 act until that structure or manner of election is changed in accordance with law. The 1973 act was made effective Feb. 1, 1974.

For note on one man, one vote as applied to local governing bodies, see 47 N.C.L. Rev. 413 (1969).

Board Has Perpetual Existence. — The board of commissioners of a county has a perpetual existence, continued by members who succeed each other, and the body remains the same, notwithstanding a change in the individuals who compose it. Pegram v. Commissioners of Cleveland County, 65 N.C. 114 (1871).

Powers of De Facto Board. — An old board of commissioners, holding over, as de facto officers, has the right and the duty of performing, to the fullest extent, all the appropriate functions of office. State ex rel. Jones v. Jones, 80 N.C. 127 (1879).

Remedies to Try Title to Office. — As to remedies to try title to the office of county commissioner, see Lyon v. Board of Comm'rs, 120 N.C. 237, 26 S.E. 929 (1897); State ex rel. Houghtalling v. Taylor, 122 N.C. 141, 29 S.E. 101 (1898). See also §§ 1-511, 1-515, and notes.

Board Has Only Such Powers as Statute Prescribes. — The board of commissioners in a county possesses only those powers which have been prescribed by statute and those necessarily implied by law, and no others. This is the general rule. Fidelity & Deposit Co. v. Fleming, 132 N.C. 332, 43 S.E. 899 (1903).

Exercise of Powers by Board Is Exercise by County. — The board's exercise of statutory powers is, in contemplation of law, the exercise of such powers by the county. Board of Comm'rs v. Hanchett Bond Co., 194 N.C. 137, 138 S.E. 614 (1927).

Powers Exercised by Majority. — A

majority of the commissioners constitute the legal body, and generally a majority of the members of the legally organized body can exercise the powers delegated to the county. Cleveland Cotton Mills v. Commissioners of Cleveland County, 108 N.C. 678, 13 S.E. 271 (1891).

All Duties and Powers Equally Important. — There is no grade among the duties and powers of county commissioners, and no preference is given to one over another. Long v. Commissioners of Richmond County, 76 N.C. 273 (1877).

Power to Protect Bridges. — The county commissioners, under the general powers granted by this section, may bring an action for an injunction to restrain the use of a nonfloatable stream for floatage of logs, causing damage to a county bridge over such stream. Commissioners of Burke County v. Catawba Lumber Co., 115 N.C. 590, 20 S.E. 707 (1894).

The board of commissioners has the power and duty of auditing and passing upon the validity of claims. If they refuse to audit or act upon a claim, mandamus will lie to compel them to do so. If after a hearing they refuse to allow or issue a warrant for its payment, an action will lie against the commissioners to establish the debt and for such other relief as the party may be entitled to. Reed v. Farmer, 211 N.C. 249, 189 S.E. 882 (1937), citing Martin v. Clark, 135 N.C. 178, 47 S.E. 397 (1904).

Board May Correct Clerical Error in Record. — Where the record of the board of county commissioners, through a clerical error, states that a tax levy for general county purposes is 20 cents on the $100 valuation of property, this error may subsequently be corrected by the board, at its own instance, to correctly show that in fact the levy was actually made for 15 cents for general county purposes, 5 cents thereof being for the improvement of the courthouse and county home, and thus within the constitutional requirement. Norfolk S.R.R. v. Forbes, 188 N.C. 151, 124 S.E. 132 (1924).

Personal Liability of Commissioners Generally. — Where the legislature has created certain duties to be performed by the county commissioners, and has expressly imposed a personal liability upon their failure to perform some of them but not as to others, such liability only attaches where it is expressly so declared. Fore v. Feimster, 171 N.C. 551, 88 S.E. 977 (1916).

Personal Liability for Negligent Performance or Omission of Ministerial Duties. — County commissioners are held to an individual liability in the negligent performance of, or negligent omission to perform, a purely ministerial duty, to a person specially injured thereby, when the means to do so are available and when it does not involve the exercise of a discretionary or judicial power conferred upon them by statute. Hipp v. Farrell, 169 N.C. 551, 86 S.E. 570 (1915).

Personal Liability for Judicial and Discretionary Acts. — Public officers are not personally liable to persons specially injured by their acts done in the exercise of judicial or discretionary powers conferred on them by statute, unless it is alleged and shown that in doing the acts complained of they did so corruptly and with malice. Hipp v. Farrell, 169 N.C. 551, 86 S.E. 570 (1915).

When Commissioners Act Intra Vires. — A court has no power to interfere with the domestic administration of affairs of a county, so long as the board of commissioners acts intra vires. Long v. Commissioners of Richmond County, 76 N.C. 273 (1877).

Retaining the consideration of an ultra vires contract can impose no contractual liability upon a municipal corporation of this character. Berlin Iron Bridge Co. v. Board of Comm'rs, 111 N.C. 317, 16 S.E. 314 (1892), citing Weir v. Page, 109 N.C. 220, 13 S.E. 773 (1891).

Mandamus to Compel Bond Issue. — Mandamus will lie against county commissioners who refuse to issue bonds, as required by an act of the legislature. Jones v. Commissioners, 137 N.C. 579, 50 S.E. 291 (1905).

When Membership of Board Changes between Order and Service of Mandamus. — When a writ of mandamus is obtained against a board of commissioners, and there is a change in the individual members between the time when the writ is ordered and when it is served, those who compose the board at the time of service must obey it. Pegram v. Commissioners of Cleveland County, 65 N.C. 114 (1871).

§§ 153A-35 to 153A-38: Reserved for future codification purposes.

Part 3. Organization and Procedures of the Board of Commissioners.

§ 153A-39. Selection of chairman and vice-chairman; powers and duties. — At its first regular meeting in December of each year, the board of commissioners shall choose one of its members as chairman for the ensuing year, unless the chairman is elected as such by the people or otherwise designated by law. The board shall also at that time choose a vice-chairman to act in the absence or disability of the chairman. If the chairman and the vice-chairman are both absent from a meeting of the board, the members present may choose a temporary chairman.

The chairman is the presiding officer of the board of commissioners. Unless excused by rule of the board, the presiding officer has the duty to vote on any question before the board, but he has no right to break a tie vote in which he participated. (Code, s. 706; Rev., s. 1317; C. S., s. 1296; 1945, c. 132; 1951, c. 904, s. 1; 1961, c. 154; 1967, c. 617, s. 1; 1969, c. 349, s. 1; c. 1036; 1973, c. 822, s. 1.)

§ 153A-40. Regular and special meetings. — (a) The board of commissioners shall hold a regular meeting at least once a month, and may hold more frequent regular meetings. The board may by resolution fix the time and place of its regular meetings. If such a resolution is adopted, at least 10 days before the first meeting to which the resolution is to apply, the board shall cause a copy of it to be posted on the courthouse bulletin board and a summary of it to be published. If no such resolution is adopted, the board shall meet at the courthouse on the first Monday of each month, or on the next succeeding business day if the first Monday is a holiday.

If use of the courthouse or other designated regular meeting place is made temporarily impossible, inconvenient, or unwise, the board may change the time or place or both of a regular meeting or of all regular meetings within a specified period of time. The board shall cause notice of the temporary change to be posted at or near the regular meeting place and shall take any other action it considers helpful in informing the public of the temporary change.

The board may adjourn a regular meeting from day to day or to a day certain until the business before the board is completed.

(b) The chairman or a majority of the members of the board may at any time call a special meeting of the board of commissioners by signing a written notice stating the time and place of the meeting and the subjects to be considered. The person or persons calling the meeting shall cause the notice to be delivered to the chairman and each other member of the board or left at the usual dwelling place of each at least 48 hours before the meeting and shall cause a copy of the notice to be posted on the courthouse bulletin board at least 48 hours before the meeting. Only those items of business specified in the notice may be transacted at a special meeting, unless all members are present or those not present have signed a written waiver.

If a special meeting is called to deal with an emergency, the notice requirements of this subsection do not apply. However, the person or persons calling such a special meeting shall take reasonable action to inform the other members and the public of the meeting. Only business connected with the emergency may be discussed at a meeting called pursuant to this paragraph.

(c) The board of commissioners shall hold all its meetings within the county. (Code, s. 706; Rev., s. 1317; C. S., s. 1296; 1945, c. 132; 1951, c. 904, s. 1; 1961, c. 154; 1967, c. 617, s. 1; 1969, c. 349, s. 1; c. 1036; 1973, c. 822, s. 1.)

Statute Construed as Directory. — The statute setting the days for meetings was directory and was intended to forbid the commissioners from receiving compensation for attendance on other days than regular meetings. It did not disable the commissioners from acting at other times on due notice to all concerned. People ex rel. McNeill v. Green, 75 N.C. 329 (1876).

Hence, commissioners elected by the county commissioners at an adjourned meeting subject to the call of the chairman were at least de facto officers, whose title could not be collaterally attacked. Tripp v. Commissioners of Pitt County, 158 N.C. 180, 73 S.E. 896 (1912).

§ 153A-41. Procedures. — The board of commissioners may adopt its own rules of procedure, in keeping with the size and nature of the board and in the spirit of generally accepted principles of parliamentary procedure. (Code, s. 706; Rev., s. 1317; C. S., s. 1296; 1945, c. 132; 1951, c. 904, s. 1; 1961, c. 154; 1967, c. 617, s. 1; 1969, c. 349, s. 1; c. 1036; 1973, c. 822, s. 1.)

§ 153A-42. Minutes to be kept; ayes and noes. — The clerk shall keep full and accurate minutes of the proceedings of the board of commissioners, which shall be available for public inspection. The clerk shall record the results of

each vote in the minutes; and upon the request of any member of the board, the ayes and noes upon any question shall be taken and recorded. (Code, s. 712; 1905, c. 530; Rev., s. 1325; C. S., s. 1310; 1953, c. 973, s. 3; 1973, c. 822, s. 1.)

Correction of Record. — The record of a board of county commissioners may be corrected nunc pro tunc to speak the truth by the board itself. Norfolk S.R.R. v. Reid, 187 N.C. 320, 121 S.E. 534 (1924).

Where the county commissioners exercised their statutory authority to loan county funds to the State Highway Commission (now the Board of Transportation), anticipating the allotment of State funds for the building of highways within the county, and lawfully contracted for that purpose, they could not, after the passage of a later act taking away this power, materially change the contract, but the county commissioners nunc pro tunc could correct the entries on their minutes theretofore duly passed and entered of record so as to make the entry speak the truth as to what had been regularly done, and to this end parol evidence was admissible, the time of the correction so made relating back to the time the entry should have been correctly made. Oliver v. Board of Comm'rs, 194 N.C. 380, 139 S.E. 767 (1927).

§ **153A-43. Quorum.** — A majority of the membership of the board of commissioners constitutes a quorum. The number required for a quorum is not affected by vacancies. If a member has withdrawn from a meeting without being excused by majority vote of the remaining members present, he shall be counted as present for the purposes of determining whether a quorum is present. The board may compel the attendance of an absent member by ordering the sheriff to take the member into custody. (Code, s. 706; Rev., s. 1317; C. S., s. 1296; 1945, c. 132; 1951, c. 904, s. 1; 1961, c. 154; 1967, c. 617, s. 1; 1969, c. 349, s. 1; c. 1036; 1973, c. 822, s. 1.)

§ **153A-44. Members excused from voting.** — The board may excuse a member from voting, but only upon questions involving his own financial interest or his official conduct. (For purposes of this section, the question of the compensation and allowances of members of the board does not involve a member's own financial interest or official conduct.) (Code, s. 706; Rev., s. 1317; C. S., s. 1296; 1945, c. 132; 1951, c. 904, s. 1; 1961, c. 154; 1967, c. 617, s. 1; 1969, c. 349, s. 1; c. 1036; 1973, c. 822, s. 1.)

§ **153A-45. Adoption of ordinances.** — To be adopted at the meeting at which it is first introduced, an ordinance or any action having the effect of an ordinance (except the budget ordinance, any bond order, or any other ordinance on which a public hearing must be held before the ordinance may be adopted) must receive the approval of all the members of the board of commissioners. If the ordinance is approved by a majority of those voting but not by all the members of the board, or if the ordinance is not voted on at that meeting, it shall be considered at the next regular meeting of the board. If it then or at any time thereafter within 100 days of its introduction receives a majority of the votes cast, a quorum being present, the ordinance is adopted. (1963, c. 1060, ss. 1, 1½; 1965, cc. 388, 567, 1083, 1158; 1967, c. 495, s. 2; 1969, c. 36, s. 1; 1971, c. 702, ss. 1-3; 1973, c. 822, s. 1.)

§ **153A-46. Franchises.** — No ordinance making a grant, renewal, extension, or amendment of any franchise may be finally adopted until it has been passed at two regular meetings of the board of commissioners. No such grant, renewal, extension, or amendment may be made except by ordinance. (1973, c. 822, s. 1.)

§ **153A-47. Technical ordinances.** — Subject to G.S. 143-138(e), a county may in an ordinance adopt by reference a published technical code or a standard or regulation promulgated by a public agency. A technical code or standard or regulation so adopted has the force of law in any area of the county in which the ordinance is applicable. An official copy of a technical code or standard or regulation adopted by reference shall be available for public inspection in the office of the clerk and need not be filed in the ordinance book. (1973, c. 822, s. 1.)

§ 153A-48. Ordinance book. — The clerk shall maintain an ordinance book, separate from the minute book of the board of commissioners. The ordinance book shall be indexed and shall be available for public inspection in the office of the clerk. Except as provided in this section and in G.S. 153A-47, each county ordinance shall be filed and indexed in the ordinance book.

The budget ordinance and any amendments thereto, any bond order, and any other ordinance of limited interest or transitory nature may be omitted from the ordinance book. However, the ordinance book shall contain a section showing the caption of each omitted ordinance and the page in the commissioners' minute book at which the ordinance may be found.

If a county adopts and issues a code of its ordinances, county ordinances need be recorded and indexed in the ordinance book only until they are placed in the codification. (1963, c. 1060, ss. 1, 1½; 1965, cc. 388, 567, 1083, 1158; 1967, c. 495, s. 2; 1969, c. 36, s. 1; 1971, c. 702, ss. 1-3; 1973, c. 822, s. 1.)

§ 153A-49. Code of ordinances. — A county may adopt and issue a code of its ordinances. The code may be reproduced by any method that gives legible and permanent copies, and may be issued as a securely bound book or books with periodic separately bound supplements, or as a loose-leaf book maintained by replacement pages. Supplements or replacement pages should be adopted and issued at least annually, unless there have been no additions to or modifications of the code during the year.

A code may consist of two parts, the "General Ordinances" and the "Technical Ordinances." The technical ordinances may be published as separate books or pamphlets, and may include ordinances regarding the construction of buildings, the installation of plumbing and electric wiring, and the installation of cooling and heating equipment; ordinances regarding the use of public utilities, buildings, or facilities operated by the county; the zoning ordinance; the subdivision control ordinance; the privilege license tax ordinance; and other similar ordinances designated as technical ordinances by the board of commissioners. The board may omit from the code the budget ordinance, any bond orders, and other designated classes of ordinances of limited interest or transitory nature, but the code shall clearly describe the classes of ordinances omitted from it.

The board of commissioners may provide that ordinances (i) establishing or amending the boundaries of county zoning areas or (ii) establishing or amending the boundaries of zoning districts shall be codified by appropriate entries upon official map books to be retained permanently in the office of the clerk or some other county office generally accessible to the public. (1973, c. 822, s. 1.)

§ 153A-50. Pleading and proving county ordinances. — County ordinances shall be pleaded and proved under the rules and procedures of G.S. 160A-79. References to G.S. 160A-77 and G.S. 160A-78 appearing in G.S. 160A-79 are deemed, for purposes of this section, to refer to G.S. 153A-49 and G.S. 153A-48, respectively. (1973, c. 822, s. 1.)

§ 153A-51: Reserved for future codification purposes.

§ 153A-52. Conduct of public hearing. — The board of commissioners may hold public hearings at any place within the county. The board may adopt reasonable rules governing the conduct of public hearings, including but not limited to rules (i) fixing the maximum time allotted to each speaker, (ii) providing for the designation of spokesmen for groups of persons supporting or opposing the same position, (iii) providing for the selection of delegates from groups of persons supporting or opposing the same positions when the number of persons wishing to attend the hearing exceeds the capacity of the hall, and (iv) providing for the maintenance of order and decorum in the conduct of the hearing.

The board may continue a public hearing without further advertisement. If a

public hearing is set for a given date and a quorum of the board is not then present, the board shall continue the hearing without further advertisement until its next regular meeting. (1973, c. 822, s. 1.)

§§ 153A-53 to 153A-57: Reserved for future codification purposes.

Part 4. Modification in the Structure of the Board of Commissioners.

§ 153A-58. Optional structures. — A county may alter the structure of its board of commissioners by adopting one or any combination of the options prescribed by this section.

(1) Number of members of the board of commissioners: The board may consist of any number of members not less than three, except as limited by subdivision (2)d of this section.

(2) Terms of office of members of the board of commissioners:
   a. Members shall be elected for two-year terms of office.
   b. Members shall be elected for four-year terms of office.
   c. Members shall be elected for overlapping four-year terms of office.
   d. The board shall consist of an odd number of members, who are elected for a combination of four- and two-year terms of office, so that a majority of members is elected each two years. This option may be used only if all members of the board are nominated and elected by the voters of the entire county, and only if the chairman of the board is elected by and from the members of the board.

(3) Mode of election of the board of commissioners:
   a. The qualified voters of the entire county shall nominate all candidates for and elect all members of the board.

   For options b, c, and d, the county shall be divided into electoral districts, and board members shall be apportioned to the districts so that the quotients obtained by dividing the population of each district by the number of commissioners apportioned to the district are as nearly equal as practicable.
   b. The qualified voters of each district shall nominate candidates and elect members who reside in the district for seats apportioned to that district; and the qualified voters of the entire county shall nominate candidates and elect members apportioned to the county at large, if any.
   c. The qualified voters of each district shall nominate candidates who reside in the district for seats apportioned to that district, and the qualified voters of the entire county shall nominate candidates for seats apportioned to the county at large, if any; and the qualified voters of the entire county shall elect all the members of the board.
   d. Members shall reside in and represent the districts according to the apportionment plan adopted, but the qualified voters of the entire county shall nominate all candidates for and elect all members of the board.

   If any of options b, c, or d is adopted, the board shall divide the county into the requisite number of electoral districts according to the apportionment plan adopted, and shall cause a delineation of the districts so laid out to be drawn up and filed as required by G.S. 153A-20. No more than half the board may be apportioned to the county at large.

(4) Selection of chairman of the board of commissioners:
   a. The board shall elect a chairman from among its membership to serve a one-year term, as provided by G.S. 153A-39.
   b. The chairmanship shall be a separate office. The qualified voters of the entire county nominate candidates for and elect the chairman

for a two- or four-year term. (1927, c. 91, s. 3; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

§ 153A-59. Implementation when board has members serving a combination of four- and two-year terms. — If the structure of the board of commissioners is altered to establish a board with an odd number of members serving a combination of four- and two-year terms of office, the new structure shall be implemented as follows:

At the first election all members of the board shall be elected. A simple majority of those elected shall be elected for two-year terms, and the remaining members shall be elected for four-year terms. The candidate or candidates receiving the highest number of votes shall be elected for the four-year terms.

At each subsequent general election, a simple majority of the board shall be elected. That candidate who is elected with the least number of votes shall be elected for a two-year term, and the other member or members elected shall be elected for four-year terms. (1927, c. 91, s. 3; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

§ 153A-60. Initiation of alterations by resolution. — The board of commissioners shall initiate any alteration in the structure of the board by adopting a resolution. The resolution shall:

(1) Briefly but completely describe the proposed alterations;
(2) Prescribe the manner of transition from the existing structure to the altered structure;
(3) Define the electoral districts, if any, and apportion the members among the districts;
(4) Call a referendum on the question of adoption of the alterations. The referendum may be held at the same time as any other referendum or election in the county, but may not otherwise be held within the period of time beginning 30 days before and ending 30 days after the day of any other referendum or election conducted by the county board of elections and already validly called or scheduled by law at the time the referendum on alteration of structure is called. In addition, the referendum may not be held during the period beginning 30 days before the last day for filing notice of candidacy for county offices and ending on the day before the next succeeding general election.

Upon its adoption, the resolution shall be published in full. (1927, c. 91, s. 4; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

§ 153A-61. Submission of proposition to voters; form of ballot. — A proposition to approve an alteration shall be printed on the ballot in substantially the following form:

"Shall the structure of the board of commissioners be altered? (Describe the effect of the alteration.)

☐ YES
☐ NO"

The ballot shall be separate from other ballots used at the election.

If a majority of the votes cast on the proposition are in the affirmative, the plan contained in the resolution shall be put into effect as provided in this Part. If a majority of the votes cast are in the negative, the resolution and the plan contained therein are void. (1927, c. 91, s. 4; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

§ 153A-62. Effective date of any alteration. — Any approved alteration shall be the basis for nominating and electing the members of the board of commissioners at the first succeeding primary and general election for county offices held after approval of the alteration; and the alteration takes effect on the first Monday in December following that general election. (1927, c. 91, s. 4; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

§ 153A-63. Filing copy of resolution. — A copy of a resolution approved pursuant to this Part shall be filed and indexed in the ordinance book required by G.S. 153A-47. (1927, c. 91, s. 4; 1969, c. 717, s. 1; 1973, c. 822, s. 1.)

Editor's Note. — It appears that the reference to § 153A-47 in this section should be to § 153A-48.

Article 5.

Administration.

Part 1. Organization and Reorganization of County Government.

§ 153A-76. Board of commissioners to organize county government. — The board of commissioners may create, change, abolish, and consolidate offices, positions, departments, boards, commissions, and agencies of the county government, may impose ex officio the duties of more than one office on a single officer, may change the composition and manner of selection of boards, commissions, and agencies, and may generally organize and reorganize the county government in order to promote orderly and efficient administration of county affairs, subject to the following limitations:

(1) The board may not abolish an office, position, department, board, commission, or agency established or required by law.

(2) The board may not combine offices or confer certain duties on the same officer when this action is specifically forbidden by law.

(3) The board may not discontinue or assign elsewhere a function or duty assigned by law to a particular office, position, department, board, commission, or agency.

(4) The board may not change the composition or manner of selection of a local board of education, the board of health, the board of social services, the board of elections, or the board of alcoholic beverage control. (1973, c. 822, s. 1.)

§ 153A-77. Authority of boards of commissioners in certain counties over commissions, boards, agencies, etc. — In the exercise of its jurisdiction over commissions, boards and agencies, the board of county commissioners is hereby authorized to assume direct control of any activities theretofore conducted by or through any commission, board or agency by the adoption of a resolution assuming and conferring upon the board of county commissioners all powers, responsibilities and duties of any such commission, board or agency. This section shall apply to the board of health, the social services board, board of mental health (area) and any other commission, board or agency appointed by the board of county commissioners and/or acting under and pursuant to authority of the board of county commissioners of said county. It is provided, however, that the board of county commissioners may exercise the power and authority herein conferred only after a public hearing held by said board pursuant to 30 days' notice of said public hearing given in a newspaper having general circulation in said county.

The board of county commissioners is further authorized and empowered, in the exercise of its discretion, to appoint advisory boards, committees, councils and agencies composed of qualified and interested county residents to study, interpret and develop community support and cooperation in activities conducted by or under the authority of the board of county commissioners of said county.

This section applies to counties with a population in excess of 325,000. (1973, c. 454, ss. 1-2½.)

§§ 153A-78 to 153A-80: Reserved for future codification purposes.

Part 2. Administration in Counties Having Managers.

§ 153A-81. Adoption of county-manager plan; appointment or designation of manager. — The board of commissioners may by resolution adopt or discontinue the county-manager plan. If it adopts the county-manager plan, the board may, in the alternative:

(1) Appoint a county manager to serve at its pleasure. The manager shall be appointed solely on the basis of his executive and administrative qualifications. He need not be a resident of the county or the State at the time of his appointment.

(2) Confer upon the chairman or some other member of the board of commissioners the duties of county manager. If this is done, the chairman or member shall become a full-time county official, and the board may increase his salary pursuant to G.S. 153A-28.

(3) Confer upon any other officer, employee, or agent of the county the duties of county manager.

As used in this Part, the word "manager" includes the chairman or any member of the board of commissioners exercising the duties of manager or any officer, employee, or agent of a county exercising the duties of manager. (1927, c. 91, ss. 5, 8; 1973, c. 822, s. 1.)

§ 153A-82. Powers and duties of manager. — The manager is the chief administrator of county government. He is responsible to the board of commissioners for the administration of all departments of county government under the board's general control and has the following powers and duties:

(1) He shall appoint with the approval of the board of commissioners and suspend or remove all county officers, employees, and agents except those who are elected by the people or whose appointment is otherwise provided for by law. The board may by resolution permit the manager to appoint officers, employees, and agents without first securing the board's approval. The manager shall make his appointments, suspensions, and removals in accordance with any general personnel rules, regulations, policies, or ordinances that the board may adopt. The board may require the manager to report each suspension or removal to the board at the board's first regular meeting following the suspension or removal; and, if the board has permitted the manager to make appointments without board approval, the board may require the manager to report each appointment to the board at the board's first regular meeting following the appointment.

(2) He shall direct and supervise the administration of all county offices, departments, boards, commissioners, and agencies under the general control of the board of commissioners, subject to the general direction and control of the board.

(3) He shall attend all meetings of the board of commissioners and recommend any measures that he considers expedient.

(4) He shall see that the orders, ordinances, resolutions, and regulations of the board of commissioners are faithfully executed within the county.

(5) He shall prepare and submit the annual budget and capital program to the board of commissioners.

(6) He shall annually submit to the board of commissioners and make available to the public a complete report on the finances and administrative activities of the county as of the end of the fiscal year.

(7) He shall make any other reports that the board of commissioners may require concerning the operations of county offices, departments, boards, commissions, and agencies.

(8) He shall perform any other duties that may be required or authorized by the board of commissioners. (1927, c. 91, ss. 6, 7; 1973, c. 822, s. 1.)

§ 153A-83. Acting county manager. — By letter filed with the clerk, the manager may designate, subject to the approval of the board of commissioners,

a qualified person to exercise the powers and perform the duties of manager during the manager's temporary absence or disability. During an absence or disability, the board may revoke the designation at any time and appoint another person to serve until the manager returns or his disability ceases. (1973, c. 822, s. 1.)

§ **153A-84. Interim county manager.** — Whenever the position of county manager is vacant, the board of commissioners shall designate a qualified person to exercise the powers and perform the duties of manager until the vacancy is filled. The board may designate the chairman or some other member as interim manager; for the interim the chairman or member shall become a full-time county official, and the board may increase his salary pursuant to G.S. 153A-28. (1973, c. 822, s. 1.)

§§ **153A-85, 153A-86:** Reserved for future codification purposes.

Part 3. Administration in Counties Not Having Managers.

§ **153A-87. Administration in counties not having managers.** — In a county that has not adopted or does not operate under the county-manager plan, the board of commissioners shall appoint, suspend, and remove all county officers, employees, and agents except those who are elected by the people or whose appointment is otherwise provided for by law. The board may delegate to the head of any county department the power to appoint, suspend, and remove county officers or employees assigned to his department. (1973, c. 822, s. 1.)

§ **153A-88. Acting department heads.** — By letter filed with the clerk, the head of a department may designate, subject to the approval of the board of commissioners, a qualified person to exercise the powers and perform the duties of head of that department during the department head's temporary absence or disability. During an absence or disability, the board may revoke the designation at any time and appoint another person to serve until the department head returns or his disability ceases. (1973, c. 822, s. 1.)

§ **153A-89. Interim department heads.** — Whenever the position of head of a department is vacant, the board may designate a qualified person to exercise the powers and perform the duties of head of the department until the vacancy is filled. (1973, c. 822, s. 1.)

§§ **153A-90, 153A-91:** Reserved for future codification purposes.

Part 4. Personnel.

§ **153A-92. Compensation.** — (a) Subject to the limitations set forth in subsection (b) of this section, the board of commissioners shall fix or approve the schedule of pay, expense allowances, and other compensation of all county officers and employees, whether elected or appointed, and may adopt position classification plans.

(b) In exercising the authority granted by subsection (a) of this section, the board of commissioners is subject to the following limitations:

(1) The board of commissioners may not reduce the salary, allowances, or other compensation paid to an officer elected by the people for the duties of his elective office if the reduction is to take effect during the term of office for which the incumbent officer has been elected, unless the officer agrees to the reduction or unless the Local Government Commission pursuant to Chapter 159, Article 10, orders a reduction.

(2) During the year of a general election, the board of commissioners may reduce the salary, allowances, or other compensation of an officer to be elected at the general election only in accordance with this subdivision. The board of commissioners shall by resolution give notice of intention to make the reduction no later than 14 days before

the last day for filing notice of candidacy for the office. The resolution shall set forth the reduced salary, allowances, and other compensation and shall provide that the reduction is to take effect at the time the person elected to the office in the general election takes office. Once adopted, the resolution may not be altered until the person elected to the office in the general election has taken office. The filing fee for the office shall be determined by reference to the reduced salary.

(3) If the board of commissioners reduces the salaries, allowances, or other compensation of employees assigned to an officer elected by the people, and the reduction does not apply alike to all county offices and departments, the elected officer involved must approve the reduction. If the elected officer refuses to approve the reduction, he and the board of commissioners shall meet and attempt to reach agreement. If agreement cannot be reached, either the board or the officer may refer the dispute to arbitration by the senior regular resident superior court judge of the judicial district in which the county is located. The judge shall make an award within 30 days after the day the matter is referred to him. The award may extend for no more than two fiscal years, including the fiscal year for which it is made.

(4) The board of commissioners shall fix their own salaries, allowances, and other compensation in accordance with G.S. 153A-28.

(5) The board of commissioners shall fix the salaries, allowances and other compensation of county employees subject to the State Personnel Act according to the procedures set forth in Chapter 126. The board may make these employees subject to a county position classification plan only as provided in Chapter 126.

(c) In counties with a county manager, the manager is responsible for preparing position classification and pay plans for submission to the board of commissioners and for administering the pay plan and any position classification plan in accordance with general policies and directives adopted by the board. In counties without a county manager, the board of commissioners shall appoint or designate a personnel officer, who shall then be responsible for administering the pay plan and any position classification plan in accordance with general policies and directives adopted by the board.

(d) A county may purchase life insurance or health insurance or both for the benefit of all or any class of county officers and employees as a part of their compensation. A county may provide other fringe benefits for county officers and employees. (1927, c. 91, s. 8; 1953, c. 1227, ss. 1-3; 1969, c. 358, s. 1; c. 1017; 1973, c. 822, s. 1.)

§ 153A-93. Retirement benefits. — (a) The board of commissioners may provide for enrolling county officers and employees in the Local Governmental Employees' Retirement System, the Law-Enforcement Officers' Benefit and Relief Fund, the Firemen's Pension Fund, or a retirement plan certified to be actuarially sound by a qualified actuary as defined in subsection (c) of this section and may make payments into such a retirement system or plan on behalf of its employees.

(b) No county may make payments into a retirement system or plan established or authorized by a local act unless the system or plan is certified to be actuarially sound by a qualified actuary as defined in subsection (c) of this section.

(c) A qualified actuary means a member of the American Academy of Actuaries or an individual certifed as qualified by the Commissioner of Insurance. (1973, c. 822, s. 1.)

§ 153A-94. Personnel rules; office hours, workdays, and holidays. — (a) The board of commissioners may adopt or provide for rules and regulations or ordinances concerning but not limited to annual leave, sick leave, special leave with full pay or with partial pay supplementing workmen's compensation payments for employees injured in accidents arising out of and in the course of employment, working conditions, service award and incentive award programs, other personnel policies, and any other measures that promote the hiring and retention of capable, diligent, and honest career employees.

(b) The board of commissioners may prescribe the office hours, workdays, and holidays to be observed by the various offices, departments, boards, commissions, and agencies of the county. (1959, c. 251; 1973, c. 822, s. 1.)

§ 153A-95. Personnel board. — The board of commissioners may establish a personnel board with authority, as regards employees in offices, departments, boards, commissions, and agencies under the general control of the board of commissioners, to administer tests designed to determine the merit and fitness of candidates for appointment or promotion, to conduct hearings upon the appeal of employees who have been suspended, demoted, or discharged, to hear employee grievances, or to undertake any other duties relating to personnel administration that the board of commissioners may direct. (1973, c. 822, s. 1.)

§ 153A-96. Participation in the Social Security Act. — The board of commissioners may take any action necessary to allow county officers and employees to participate fully in benefits provided by the Federal Social Security Act. (1973, c. 822, s. 1.)

§ 153A-97. Defense of officers and employees. — A county may, pursuant to G.S. 160A-167, provide for the defense of any county officer or employee, including the county board of elections or any county election official. (1957, c. 436; 1973, c. 822, s. 1.)

§§ 153A-98 to 153A-100: Reserved for future codification purposes.

Part 5. Board of Commissioners and Other Officers, Boards, Departments, and Agencies of the County.

§ 153A-101. Board of commissioners to direct fiscal policy of the county. — The board of commissioners has and shall exercise the responsibility of developing and directing the fiscal policy of the county government under the provisions and procedures of the Local Government Budget and Fiscal Control Act. (1777, c. 129, s. 4, P. R.; R. C., c. 28, s. 16; Code, s. 753; Rev., s. 1379; C. S., s. 1325; 1927, c. 91, s. 11; 1953, c. 973, s. 2; 1973, c. 822, s. 1.)

Power to Create Necessary Debts. — The legislature may confer upon a county the power to create debts for necessary expenses, without the approval of "a majority of the qualified voters" in the county. Evans v. Commissioners of Cumberland, 89 N.C. 154 (1883).

Necessary Expenses Determined by Commissioners. — What is "necessary expense" for a county is to be determined by the sound judgment and discretion of its board of commissioners. Broadnax v. Groom, 64 N.C. 244 (1870); Commissioners of Yancey County v. Road Comm'rs, 165 N.C. 632, 81 S.E. 1001 (1914); Hargrave v. Board of Comm'rs, 168 N.C. 626, 84 S.E. 1044 (1915); Wilson v. Holding, 170 N.C. 352, 86 S.E. 1043 (1915).

As to province of the courts and the legislature, see Burgin v. Smith, 151 N.C. 561, 66 S. E. 607 (1909), citing Cromartie v. Commissioners of Bladen, 87 N.C. 134 (1882); Hightower v. City of Raleigh, 150 N.C. 569, 65 S.E. 279 (1909).

When Commissioners' Actions Not Subject to Review. — The commissioners' exercise of their discretion will not be reviewed except when mala fides is shown. Jackson v. Board of Comm'rs, 171 N.C. 379, 88 S.E. 521 (1916).

When Public and Private Interests

Conflict. — Upon the principle that where public interests conflict with private interests, if the entire fund which can be raised by taxation is required to meet the necessary expenses of an economical administration of the county government, and none can be diverted to pay its indebtedness without serious detriment to the public, none ought to be thus appropriated. Cromartie v. Commissioners of Bladen, 85 N.C. 211 (1881).

County May Hire Auditors. — The commissioners of a county have the right to contract with skilled expert accountants for auditing of the books and accounts of the various departments of the county at a price agreed upon, and empowers them to order that the same be paid by the county treasurer out of the county funds. Wilson v. Holding, 170 N.C. 352, 86 S.E. 1043 (1915).

Support of Convicts. — The support of the county convicts must be paid out of the general county fund. Chambers v. Walker, 120 N.C. 401, 27 S.E. 77 (1897).

Legislature to Determine Care of Indigent. — It is the exclusive right of the legislature to determine how the indigent of the State entitled to support shall be ascertained, and from what fund and by whom allowances for their support shall be made. Board of Educ. v. Commissioners of Bladen, 113 N.C. 379, 18 S.E. 661 (1893).

§ **153A-102. Commissioners to fix fees.** — The board of commissioners may fix the fees and commissions charged by county officers and employees for performing services or duties permitted or required by law. The board may not, however, fix fees in the General Court of Justice or modify the fees of the register of deeds prescribed by G.S. 161-10 or the fees of the board of elections prescribed by G.S. 163-107. (1953, c. 1227, ss. 1-3; 1969, c. 358, s. 1; c. 1017; 1973, c. 822, s. 1.)

§ **153A-103. Number of employees in office of sheriff and register of deeds.** — Subject to the limitations set forth below, the board of commissioners may fix the number of salaried employees in the offices of the sheriff and the register of deeds. In exercising the authority granted by this section, the board of commissioners is subject to the following limitations:

(1) Each sheriff and register of deeds elected by the people has the exclusive right to hire, discharge, and supervise the employees in his office. However, the board of commissioners must approve the appointment by such an officer of a relative by blood or marriage of nearer kinship than first cousin or of a person who has been convicted of a crime involving moral turpitude.

(2) Each sheriff and register of deeds elected by the people is entitled to at least one deputy, who shall be reasonably compensated by the county. (1953, c. 1227, ss. 1, 2; 1969, c. 358, s. 1; 1973, c. 822, s. 1.)

§ **153A-104. Reports from officers, employees, and agents of the county.** — The board of commissioners may require any officer, employee, or agent of the county to make to the board, either directly or through the county manager, periodic or special reports concerning any matter connected with the officer's, employee's or agent's duties. The board may require that such a report be made under oath. If a person fails or refuses to obey a reasonable order to make a report, issued pursuant to this section, the board may apply to the appropriate division of the General Court of Justice for an order requiring that its order be obeyed. The court has jurisdiction to issue these orders. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

§§ **153A-105 to 153A-110:** Reserved for future codification purposes.

Part 6. Clerk to the Board of Commissioners.

§ **153A-111. Appointment; powers and duties.** — The board of commissioners shall appoint or designate a clerk to the board. The board may designate the register of deeds or any other county officer or employee as clerk. The clerk shall perform any duties that may be required by law or the board of commissioners. The clerk shall serve as such at the pleasure of the board. (Const., art. 7, s. 2; Code, s. 710; 1895, c. 135, s. 4; Rev., s. 1324; C. S., s. 1309; 1955, c. 247, s. 1; 1963, c. 372; 1969, c. 207; 1973, c. 822, s. 1.)

§§ 153A-112, 153A-113: Reserved for future codification purposes.

Part 7. County Attorney.

§ 153A-114. Appointment; duties. — The board of commissioners shall appoint a county attorney to serve at its pleasure and to be its legal adviser. (1973, c. 822, s. 1.)

§§ 153A-115 to 153A-120: Reserved for future codification purposes.

Article 6.

Delegation and Exercise of the General Police Power.

§ 153A-121. General ordinance-making power. — (a) A county may by ordinance define, regulate, prohibit, or abate acts, omissions, or conditions detrimental to the health, safety, or welfare of its citizens and the peace and dignity of the county; and may define and abate nuisances.

(b) This section does not authorize a county to regulate or control vehicular or pedestrian traffic on a street or highway under the control of the Board of Transportation, nor to regulate or control any right-of-way or right-of-passage belonging to a public utility, electric or telephone membership corporation, or public agency of the State. In addition, no county ordinance may regulate or control a highway right-of-way in a manner inconsistent with State law or an ordinance of the Board of Transportation.

(c) This section does not impair the authority of local boards of health to adopt rules and regulations to protect and promote public health. (1963, c. 1060, ss. 1, 1½; 1965, cc. 388, 567, 1083, 1158; 1967, c. 495, s. 2; 1969, c. 36, s. 1; 1971, c. 702, ss. 1-3; 1973, c. 507, s. 5; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "State Highway Commission."

For an article on local legislation in the General Assembly, discussing former § 153-9(55), see 45 N.C.L. Rev. 340 (1967).

Home Rule Statute. — Former § 153-9(55), authorizing boards of county commissioners to adopt ordinances for the better government of the county, was a Home Rule statute, applicable throughout the State. It enabled the county commissioners of every county to enact ordinances in the exercise of the general police power within the prescribed territory just as other statutes enable the governing bodies of cities and towns to enact ordinances in the exercise of the general police powers within their corporate limits. Whitney Stores, Inc. v. Clark, 277 N.C. 322, 177 S.E.2d 418 (1970).

Does Not Contravene Constitutional Limitations on Local, Private and Special Legislation. — Former § 153-9(55) was a general law and therefore did not contravene N.C. Const. 1868, Art. II, § 29. Whitney Stores, Inc. v. Clark, 277 N.C. 322, 177 S.E.2d 418 (1970). See N.C. Const., Art. II, § 24.

Former § 153-9(55) did not confer or withhold authority in respect of specific activities; on the contrary, it conferred authority to enact ordinances in the exercise of the general police power. In this respect, the statute was similar to the statutes which confer general police power upon cities and towns. Whitney Stores, Inc. v. Clark, 277 N.C. 322, 177 S.E.2d 418 (1970); State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

The authority conferred by former § 153-9(55) upon the boards of commissioners of the respective counties was the same as that conferred upon cities and towns by §§ 160A-174 and 160A-181. State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

Legislative Authority of County Board of Commissioners. — A county board of commissioners has no legislative authority not granted to it expressly or by necessary implication from expressly granted powers. State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

Power of General Assembly to Delegate Authority to County Boards. — Subject to Constitutional limitations, the power of the General Assembly to delegate to county commissioners the authority to adopt ordinances in the lawful exercise of the police power is well established. Whitney Stores, Inc. v. Clark, 277 N.C. 322, 177 S.E.2d 418 (1970).

Courts Are Not Concerned with Motives, Wisdom or Expediency of Board's Acts. — If the board of commissioners does not exceed its delegated or constitutional authority, the courts are not concerned with the motives, wisdom, or expediency which prompts its actions. Whitney Stores, Inc. v. Clark, 277 N.C. 322, 177 S.E.2d 418 (1970).

Ordinance May Not Forbid Conduct Dealt with by Statute. — The board of

commissioners of a county cannot enact a valid ordinance forbidding certain conduct if a statewide statute in effect at the time the ordinance in question is adopted deals specifically with the identical conduct. State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

And Repeal of Statute Does Not Breathe Life into Ordinance. — The repeal of a statewide law which, during its life, prohibited the enactment of a county ordinance is prospective and does not breathe life into an ordinance which was beyond the authority of the ordaining body when it was adopted. State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

County May Proscribe Obscenity Not Forbidden by State Law. — Nothing in §§ 14-190.1 through 14-190.9, statewide laws relating to obscene literature and exhibitions and to indecent exposure, expresses or indicates an intent by the General Assembly to preclude cities and towns or counties from enacting and enforcing ordinances requiring a higher standard of conduct or condition within their respective jurisdictions. State v. Tenore, 280 N.C. 238, 185 S.E.2d 644 (1972).

Authority for County Ordinance Concerning Drive-In Theaters. — Former § 153-9(55) provided plenary authority for a county ordinance making it unlawful to operate a drive-in motion picture theater near streets or highways in such a manner that the screen is visible to passing motorists. Variety Theaters, Inc. v. Cleveland County, 282 N.C. 272, 192 S.E.2d 290 (1972).

As to constitutionality of county ordinance concerning drive-in theaters, see Variety Theaters, Inc. v. Cleveland County, 282 N.C. 272, 192 S.E.2d 290 (1972).

Sunday Closing Ordinances. — Former § 153-9(55) conferred authority to enact Sunday closing ordinances upon the boards of commissioners of the respective counties. State v. Atlas, 283 N.C. 165, 195 S.E.2d 496 (1973).

As to constitutionality of Sunday closing ordinance, see State v. Atlas, 283 N.C. 165, 195 S.E.2d 496 (1973).

§ 153A-122. Territorial jurisdiction of county ordinances. — Except as otherwise provided in this Article, the board of commissioners may make any ordinance adopted pursuant to this Article applicable to any part of the county not within a city. In addition, the governing board of a city may by resolution permit a county ordinance adopted pursuant to this Article to be applicable within the city. The city may by resolution withdraw its permission to such an ordinance. If it does so, the city shall give written notice to the county of its withdrawal of permission; 30 days after the day the county receives this notice the county ordinance ceases to be applicable within the city. (1963, c. 1060, ss. 1, 1½; 1965, cc. 388, 567, 1083, 1158; 1967, c. 495, s. 2; 1969, c. 36, s. 1; 1971, c. 702, ss. 1-3; 1973, c. 822, s. 1.)

§ 153A-123. Enforcement of ordinances. — (a) A county may provide for fines and penalties for violation of its ordinances and may secure injunctions and abatement orders to further insure compliance with its ordinances, as provided by this section.

(b) Unless the board of commissioners has provided otherwise, violation of a county ordinance is a misdemeanor as provided by G.S. 14-4. An ordinance may provide by express statement that the maximum fine or term of imprisonment to be imposed for its violation is some amount of money or number of days less than the maximum fine or term prescribed by G.S. 14-4.

(c) An ordinance may provide that violation subjects the offender to a civil penalty to be recovered by the county in a civil action in the nature of debt if the offender does not pay the penalty within a prescribed period of time after he has been cited for violation of the ordinance.

(d) An ordinance may provide that it may be enforced by an appropriate equitable remedy issuing from a court of competent jurisdiction. In such a case, the General Court of Justice has jurisdiction to issue any order that may be appropriate, and it is not a defense to the county's application for equitable relief that there is an adequate remedy at law.

(e) An ordinance that makes unlawful a condition existing upon or use made of real property may provide that it may be enforced by injunction and order of abatement, and the General Court of Justice has jurisdiction to issue such an order. When a violation of such an ordinance occurs, the county may apply to the appropriate division of the General Court of Justice for a mandatory or prohibitory injunction and order of abatement commanding the defendant to correct the unlawful condition upon or cease the unlawful use of the property.

The action shall be governed in all respects by the laws and rules governing civil proceedings, including the Rules of Civil Procedure in general and Rule 65 in particular.

In addition to an injunction, the court may enter an order of abatement as a part of the judgment in the cause. An order of abatement may direct that buildings or other structures on the property be closed, demolished, or removed; that fixtures, furniture, or other movable property be removed from buildings on the property; that grass and weeds be cut; that improvements or repairs be made; or that any other action be taken that is necessary to bring the property into compliance with the ordinance. If the defendant fails or refuses to comply with an injunction or with an order of abatement within the time allowed by the court, he may be cited for contempt and the county may execute the order of abatement. If the county executes the order, it has a lien on the property, in the nature of a mechanic's and materialman's lien, for the costs of executing the order. The defendant may secure cancellation of an order of abatement by paying all costs of the proceedings and posting a bond for compliance with the order. The bond shall be given with sureties approved by the clerk of superior court in an amount approved by the judge before whom the matter was heard and shall be conditioned on the defendant's full compliance with the terms of the order of abatement within the time fixed by the judge. Cancellation of an order of abatement does not suspend or cancel an injunction issued in conjunction with the order.

(f) Subject to the express terms of the ordinance, a county ordinance may be enforced by any one or more of the remedies authorized by this section.

(g) A county ordinance may provide, when appropriate, that each day's continuing violation is a separate and distinct offense. (1973, c. 822, s. 1.)

Editor's Note. — The Rules of Civil Procedure are found in § 1A-1.

§ 153A-124. Enumeration not exclusive. — The enumeration in this Article or other portions of this Chapter of specific powers to define, regulate, prohibit, or abate acts, omissions, or conditions is not exclusive, nor is it a limit on the general authority to adopt ordinances conferred on counties by G.S. 153A-121. (1973, c. 822, s. 1.)

§ 153A-125. Regulation of solicitation campaigns and itinerant merchants. — A county may by ordinance regulate, restrict, or prohibit the solicitation of contributions from the public for charitable or eleemosynary purposes, and also the business activities of itinerant merchants, salesmen, promoters, drummers, peddlers, and hawkers. These ordinances may include, but are not limited to, requirements that an application be made and a permit issued, that an investigation be made, that activities be reasonably limited as to time and place, that proper credentials and proof of financial stability be submitted, that not more than a stated percentage of contributions to solicitation campaigns be retained for administrative expenses, and that an adequate bond be posted to protect the public from fraud. A county may charge a fee for a permit issued pursuant to such an ordinance. (1967, c. 80, ss. 1-2½; 1973, c. 822, s. 1.)

§ 153A-126. Regulation of begging. — A county may by ordinance prohibit or regulate begging or otherwise canvassing the public for contributions for the private benefit of the solicitor or any other person. (1973, c. 822, s. 1.)

§ 153A-127. Abuse of animals. — A county may by ordinance define and prohibit the abuse of animals. (1973, c. 822, s. 1.)

§ 153A-128. Regulation of explosive, corrosive, inflammable, or radioactive substances. — A county may by ordinance regulate, restrict, or prohibit the sale, possession, storage, use or conveyance of any explosive,

corrosive, inflammable, or radioactive substance or of any weapon or instrumentality of mass death and destruction. (1973, c. 822, s. 1.)

§ 153A-129. Firearms. — A county may by ordinance regulate, restrict, or prohibit the discharge of firearms at any time or place except when used to take birds or animals pursuant to Chapter 113, Subchapter III, when used in defense of person or property, or when used pursuant to lawful directions of law-enforcement officers. A county may also regulate the display of firearms on the public roads, sidewalks, alleys, or other public property. This section does not limit a county's authority to take action under Chapter 14, Article 36A. (1973, c. 822, s. 1.)

§ 153A-130. Pellet guns. — A county may by ordinance regulate, restrict, or prohibit the sale, possession, or use of pellet guns or any other mechanism or device designed or used to project a missile by compressed air or mechanical action with less than deadly force. (1973, c. 822, s. 1.)

§ 153A-131. Possession or harboring of wild animals. — A county may by ordinance regulate, restrict, or prohibit the possession or harboring of wild animals dangerous to person or property or offensive to the senses. (1973, c. 822, s. 1.)

§ 153A-132. Removal and disposal of abandoned and junked motor vehicles. — (a) Grant of Power. — A county may by ordinance prohibit the abandonment of motor vehicles on public grounds and private property within the county's ordinance-making jurisdiction and on county-owned property wherever located. The county may enforce the ordinance by removing and disposing of abandoned or junked motor vehicles according to the procedures prescribed in this section.

(b) Definitions. — "Motor vehicle" includes any machine designed or intended to travel over land or water by self-propulsion or while attached to self-propelled vehicle.

An "abandoned motor vehicle" is one that:

(1) Is left on public grounds or county-owned property in violation of a law or ordinance prohibiting parking; or

(2) Is left for longer than 24 hours on property owned or operated by the county; or

(3) Is left for longer than two hours on private property without the consent of the owner, occupant, or lessee of the property; or

(4) Is left for longer than seven days on public grounds.

A "junked motor vehicle" is an abandoned motor vehicle that also:

(1) Is partially dismantled or wrecked; or

(2) Cannot be self-propelled or moved in the manner in which it originally was intended to move; or

(3) Is more than five years old and appears to be worth less than one hundred dollars ($100.00); or

(4) Does not display a current license plate.

(c) Removal of Vehicles. — A county may remove to a storage garage or area an abandoned or junked motor vehicle found to be in violation of an ordinance adopted pursuant to this section. A vehicle may not be removed from private property, however, without the written request of the owner, lessee, or occupant of the premises unless the board of commissioners or a duly authorized county official or employee has declared the vehicle to be a health or safety hazard. Appropriate county officers and employees have a right, upon presentation of proper credentials, to enter on any premises within the county ordinance-making jurisdiction at any reasonable hour in order to determine if any vehicles are health or safety hazards. The county may require a person requesting the removal from private property of an abandoned or junked motor

vehicle to indemnify the county against any loss, expense, or liability incurred because of the vehicle's removal, storage, or sale.

When abandoned or junked motor vehicle is removed, the county shall promptly give written notice of the removal to the registered owner at his last known address according to the latest registration certificate or certificate of title on file with the Department of Motor Vehicles. The notice shall inform the owner of the possible sale or other disposition that may be made of the vehicle under this section. The owner may regain possession of the vehicle by paying to the county all reasonable costs incidental to the removal and storage. If the vehicle does not display a current license plate and the vehicle identification numbers have been removed or defaced so as to be illegible, the county need not give notice to the vehicle's registered owner.

(d) Disposal of Abandoned Motor Vehicles. — After holding an abandoned motor vehicle for 30 days after the day the vehicle is removed, the county may sell or dispose of it as provided in this subsection.

If the vehicle appears to be worth less than one hundred dollars ($100.00), the county may dispose of the vehicle as a junked motor vehicle as provided by subsection (e) of this section. With the consent of the owner, the county may remove and dispose of a motor vehicle as a junked motor vehicle without regard to the value, condition, or age of the vehicle and without holding it for any prescribed period of time.

If the vehicle appears to be worth one hundred dollars ($100.00) or more, it shall be sold at public auction. The county shall give 20 days' written notice of the sale to the registered owner at his last known address, to each holder of a lien of record against the vehicle, and to the Department of Motor Vehicles. Any person having an interest in the vehicle may redeem it at any time before the sale by paying all costs accrued to date. The proceeds of the sale shall be paid to the county finance officer, who shall pay to the appropriate officers or persons the cost of removal, storage, investigation, sale, and liens, in that order. The remainder of the proceeds of sale, if any, shall be paid over to the registered owner, or held by the county for 60 days if the registered owner cannot be located with reasonable diligence. If the owner does not claim the remainder of the proceeds within 60 days after the day of the sale, the funds shall be deposited in the county's general fund and the owner's rights in the vehicle are extinguished. When it receives a county's bill of sale from a purchaser or other person entitled to receive a vehicle disposed of as provided in this subsection, the Department of Motor Vehicles shall issue a certificate of title for the vehicle as required by law.

(e) Disposal of Junked Motor Vehicles. — After holding a junked motor vehicle for 15 days, the county may destroy it or sell it at private sale as junk. Within 15 days after final disposition of a junked motor vehicle, the county shall notify the Department of Motor Vehicles that the vehicle has been determined to be a junked motor vehicle and has been disposed of as such. The notice shall contain as full and accurate a description of the vehicle as can be reasonably determined. The proceeds of the sale of a junked motor vehicle shall be paid to the county finance officer, who shall pay to the appropriate officers or persons the cost of removal, storage, investigation, sale, and liens, in that order. The remainder of the proceeds of sale, if any, shall be held by the county for 30 days and paid to the registered owner upon demand. If the owner does not claim the remainder of the proceeds within 30 days after the day the vehicle is disposed of, the funds shall be deposited in the county's general fund, and the owner's rights in the vehicle are extinguished.

(f) Disposal of Vehicles without Plates or Identification Numbers. — If a junked motor vehicle does not display a current license plate and the vehicle identification numbers have been removed or defaced so as to be illegible, a county may dispose of it under this subsection rather than subsection (d) or (e). The county may destroy the vehicle or sell it at private sale (without regard to

value), after having held the vehicle for 48 hours. The proceeds shall be placed in the county's general fund.

(g) No Liability. — No person nor any county may be held to answer in a civil or criminal action to any owner or other person legally entitled to the possession of an abandoned, junked, lost, or stolen motor vehicle for disposing of the vehicle as provided in this section.

(h) Exceptions. — This section does not apply to any vehicle in an enclosed building, to any vehicle on the premises of a business enterprise being operated in a lawful place and manner if the vehicle is necessary to the operation of the enterprise, or to any vehicle in an appropriate storage place or depository maintained in a lawful place and manner by the county. (1971, c. 489; 1973, c. 822, s. 1.)

§ 153A-133. Noise regulation. — A county may by ordinance regulate, restrict, or prohibit the production or emission of noises or amplified speech, music, or other sounds that tend to annoy, disturb, or frighten its citizens. (1973, c. 822, s. 1.)

§ 153A-134. Regulating and licensing businesses, trades, etc. — A county may by ordinance, subject to the general law of the State, regulate and license occupations, businesses, trades, professions, and forms of amusement or entertainment and prohibit those that may be inimical to the public health, welfare, safety, order, or convenience. In licensing trades, occupations, and professions, the county may, consistent with the general law of the State, require applicants for licenses to be examined and charge a reasonable fee therefor. This section does not authorize a county to examine or license a person holding a license issued by an occupational licensing board of this State as to the profession or trade that he has been licensed to practice or pursue by the State.

This section does not impair the county's power to levy privilege license taxes on occupations, businesses, trades, professions, and other activities pursuant to G.S. 153A-152. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

License to Retail Spirituous and Other Liquors. — See generally Chapter 18A of the General Statues relating to intoxicating liquors. For cases decided prior to the enactment of the statutes comprising that chapter and former Chapter 18, see W.O. Muller & Co. v. Commissioners of Buncombe County, 89 N.C. 171 (1883); State v. Voight, 90 N.C. 741 (1884); Jones v. Commissioners of Moore County, 106 N.C. 436, 11 S.E. 514 (1890); Board of Comm'rs v. Smith, 110 N.C. 417, 14 S.E. 972 (1892).

§ 153A-135. Regulation of places of amusement. — A county may by ordinance regulate places of amusement and entertainment, and may regulate, restrict, or prohibit the operation of pool and billiard halls, dance halls, carnivals, circuses, or itinerant shows or exhibitions of any kind. Places of amusement and entertainment include coffee houses, cocktail lounges, night clubs, beer halls, and similar establishments, but any regulation of such places shall be consistent with any permit or license issued by the State Board of Alcoholic Control. (1963, c. 1060, ss. 1, 1½; 1965, cc. 388, 567, 1083, 1158; 1967, c. 495, s. 2; 1969, c. 36, s. 1; 1971, c. 702, ss. 1-3; 1973, c. 822, s. 1.)

§ 153A-136. Regulation of solid wastes. — (a) A county may by ordinance regulate the storage, collection, transportation, use, disposal, and other disposition of solid wastes. Such an ordinance may:

(1) Regulate the activities of persons, firms, and corporations, both public and private.

(2) Require each person wishing to commercially collect or dispose of solid wastes to secure a license from the county and prohibit any person from commercially collecting or disposing of solid wastes without a license. A fee may be charged for a license.

(3) Grant a franchise to one or more persons for the exclusive right to

commercially collect or dispose of solid wastes within all or a defined portion of the county and prohibit any other person from commercially collecting or disposing of solid wastes in that area. The board of commissioners may set the terms of any franchise, except that no franchise may be granted for a period exceeding seven years, nor may any franchise by its terms impair the authority of the board of commissioners to regulate fees as authorized by this section.

(4) Regulate the fees, if any, that may be charged by licensed or franchised persons for collecting or disposing of solid wastes.

(5) Include any other proper matter.

(b) Any ordinance adopted pursuant to this section shall be consistent with and supplementary to any regulations adopted by the State Board of Health. (1955, c. 1050; 1957, cc. 120, 376; 1961, c. 40; c. 514, s. 1; cc. 711, 803; c. 806, s. 1; 1965, c. 452; 1967, cc. 34, 90; c. 183, s. 1; cc. 304, 339; c. 495, s. 4; 1969, cc. 79, 155, 176; c. 234, s. 1; c. 452; c. 1003, s. 4; 1973, c. 822, s. 1.)

History of Former Statute. — See Lafayette Transp. Serv., Inc. v. County of Robeson, 283 N.C. 494, 196 S.E.2d 770 (1973).

Constitutionality. — Former § 153-272, authorizing counties to regulate private collectors of garbage was not an unconstitutional delegation of legislative power but came within the exception permitting the delegation to municipal corporations and to counties of power to legislate concerning local problems. Porter v. Suburban San. Serv., Inc., 283 N.C. 479, 196 S.E.2d 760 (1973).

The most plausible basis for the decisions sustaining the validity of ordinances prohibiting anyone other than the city itself, or its independent contractor, from transporting garbage is that the public health can best be protected if the city authorities have but one scavenger to supervise. Porter v. Suburban San. Serv., Inc., 283 N.C. 479, 196 S.E.2d 760 (1973).

§ 153A-137. Cable television franchises. — Consistent with the rules and regulations of the Federal Communications Commission, a county may by ordinance grant upon reasonable terms franchises for the operation of cable television systems within any portion of the county, exclusive of incorporated areas and make it unlawful to operate such a system without a franchise. A franchise may not be granted for a period longer than the maximum term prescribed by the Federal Communications Commission.

As used in this section, "cable television system" means a facility that, in whole or in part, receives directly or indirectly over the air and amplifies or otherwise modifies the signals transmitting programs broadcast by one or more television stations and distributes these signals by wire or cable to subscribing members of the public who pay for the service. "Cable television system" does not include a facility that serves only the residents of one or more apartment dwellings under common ownership, control, or management and commercial establishments located on the premises of such an apartment dwelling. (1973, c. 822, s. 1.)

§§ 153A-138 to 153A-145: Reserved for future codification purposes.

Article 7.

Taxation.

§ 153A-146. General power to impose taxes. — A county may impose taxes only as specifically authorized by act of the General Assembly. Except when the statute authorizing a tax provides for penalties and interest, the power to impose a tax includes the power to impose reasonable penalties for failure to declare tax liability, if required, and to impose penalties or interest for failure to pay taxes lawfully due within the time prescribed by law or ordinance. The power to impose a tax also includes the power to provide for its administration in a manner not inconsistent with the statute authorizing the tax. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

Cross Reference. — See N.C. Const., Art. V, § 6, and the note thereto.

County Authority to Levy Taxes Subject to Limitations. — While the General Assembly

may regulate the amount and methods for raising county revenues, the present system of county government contemplates that the function shall be performed by the county authorities, subject to the limitations prescribed by the Constitution. Parker v. Board of Comm'rs, 104 N.C. 166, 10 S.E. 137 (1889).

Discretion of Commissioners. — Where it was alleged that a board of commissioners had not levied a sufficient tax to defray the ordinary expenses of the county, on account of the levy of a tax to pay for repairing the courthouse, it was held to be no ground for interference by the courts. Long v. Commissioners of Richmond County, 76 N.C. 273 (1877).

The requirement that every act levying taxes shall state the objects to which they shall be applied (Const., art. V, § 5) has no application to taxes levied by the county authorities for county purposes. Parker v. Board of Comm'rs, 104 N.C. 166, 10 S.E. 137 (1889).

Mandamus Lies to Compel Levy of Tax. — A plaintiff, upon a proper prayer for judgment, may have a mandamus to compel the board of commissioners to levy a tax and pay the debt of a county. Winslow v. Commissioners of Perquimans County, 64 N.C. 218 (1870).

Enjoining Levy of Unconstitutional Tax. — A taxpayer may enjoin county commissioners from making a tax levy to pay interest on railroad bonds issued under an unconstitutional statute, without restoring to the bona fide holders of the bonds the consideration paid therefor. Graves v. Commissioners, 135 N.C. 49, 47 S.E. 134 (1904).

§ 153A-147. Remedies for collecting taxes other than property taxes. — In addition to any other remedies provided by law, a county may collect any county tax by use of the remedies of levy and sale and attachment and garnishment, under the rules and according to the procedures prescribed by the Machinery Act (Chapter 105, Subchapter II) for the enforcement of tax liability against personal property. However, these remedies become available only on the due date of the tax and not before that time. (1973, c. 822, s. 1.)

§ 153A-148. Continuing taxes. — Except for taxes levied on property under the Machinery Act (Chapter 105, Subchapter II), a county may impose any authorized tax by a permanent ordinance that shall stand from year to year until amended or repealed, and it is not necessary to reimpose the tax in each annual budget ordinance. (1973, c. 822, s. 1.)

§ 153A-149. Property taxes; authorized purposes; rate limitation. — (a) Pursuant to Article V, Sec. 2(5) of the Constitution of North Carolina, the General Assembly confers upon each county in this State the power to levy, within the limitations set out in this section, taxes on property having a situs within the county under the rules and according to the procedures prescribed in the Machinery Act (Chapter 105, Subchapter II).

To find the actual rate limit for a particular county, divide the effective rate limit of one dollar and fifty cents ($1.50) by the county assessment ratio. Authorized purposes subject to the rate limitation are:

(1) To provide for the general administration of the county through the board of county commissioners, the office of the county manager, the office of the county budget officer, the office of the county finance officer, the office of the county tax supervisor, the office of the county tax collector, the county purchasing agent, and the county attorney, and for all other general administrative costs not allocated to a particular board, commission, office, agency, or activity of the county.

(d) With an approving vote of the people, any county may levy property taxes for any purpose for which the county is authorized by law to appropriate money. Any property tax levy approved by a vote of the people shall not be counted for purposes of the rate limitation imposed in subsection (c).

The county commissioners may call a referendum on approval of a property tax levy. The referendum may be held at the same time as any other referendum or election, but may not be otherwise held within the period of time beginning 30 days before and ending 10 days after any other referendum or election to be held in the county and already validly called or scheduled by law at the time the tax referendum is called. The referendum shall be conducted by the county board of elections. The clerk to the board of commissioners shall publish a notice of the referendum at least twice. The first publication shall be not less than 14 days and the second publication not less than seven days before the last day on which voters may register for the referendum. The notice shall state the date of the referendum, the purpose for which it is being held, and a statement as to the last day for registration for the referendum under the election laws then in effect.

The proposition submitted to the voters shall be substantially in one of the following forms:

(1) Shall ..... County be authorized to levy annually a property tax at an effective rate not in excess of ..... cents on the one hundred dollars ($100.00) value of property subject to taxation for the purpose of .....?
(2) Shall ..... County be authorized to levy annually a property

tax at a rate not in excess of that which will produce $..... for the purpose of .....?

(3) Shall ..... County be authorized to levy annually a property tax without restriction as to rate or amount for the purpose of .....?

If a majority of those participating in the referendum approve the proposition, the board of commissioners may proceed to levy annually a property tax within the limitations (if any) described in the proposition.

The board of elections shall canvass the referendum and certifiy the results to the board of commissioners. The board of commissioners shall then certify and declare the result of the referendum and shall publish a statement of the result once, with the following statement appended: "Any action or proceeding challenging the regularity or validity of this tax referendum must be begun within 30 days after (date of publication)." The statement of results shall be filed in the clerk's office and inserted in the minutes of the board.

Any action or proceeding in any court challenging the regularity or validity of a tax referendum must be begun within 30 days after the publication of the results of the referendum. After the expiration of this period of limitation, no right of action or defense based upon the invalidity of or any irregularity in the referendum shall be asserted, nor shall the validity of the referendum be open to question in any court upon any ground whatever, except in an action or proceeding begun within the period of limitation prescribed herein.

Except for supplemental school taxes and except for tax referendums on functions not included in subsection (c) of this section, any referendum held before July 1, 1973, on the levy of property taxes is not valid for the purposes of this subsection. Counties in which such referendums have been held may support programs formerly supported by voted property taxes within the general rate limitation set out in subsection (d) [subsection (c)] at any appropriate level and are not subject to the former voted rate limitation.

(e) With an approving vote of the people, any county may increase the property tax rate limitation imposed in subsection (c) and may call a referendum for that purpose. The referendum may be held at the same time as any other referendum or election, but may not be otherwise held within the period of time beginning 30 days before and ending 30 days after any other referendum or election. The referendum shall be conducted by the county board of elections.

The proposition submitted to the voters shall be substantially in the following form: "Shall the effective property tax rate limitation applicable to ..... County be increased from ..... on the one hundred dollars ($100.00) value of property subject to taxation to ..... on the one hundred dollars ($100.00) value of property subject to taxation?"

If a majority of those participating in the referendum approve the proposition, the rate limitation imposed in subsection (c) shall be increased for the county.

(f) With respect to any of the categories listed in subsections (b) and (c) of this section, the county may provide the necessary personnel, land, buildings, equipment, supplies, and financial support from property tax revenues for the program, function, or service.

(g) This section does not authorize any county to undertake any program, function, joint undertaking, or service not otherwise authorized by law. It is intended only to authorize the levy of property taxes within the limitations set out herein to finance programs, functions, or services authorized by other portions of the General Statutes or by local acts. (1973, c. 803, s. 1; c. 822, s. 2.)

Editor's Note. — The above section was enacted as § 153-65 by Session Laws 1973, c. 803, s. 1. As directed by Session Laws 1973, c. 822, s. 2, it has been substituted for § 153A-149, as enacted by Session Laws 1973, c. 822, s. 1.

It appears that the reference to "Article 17 of this Chapter" in subdivision (c) (26) of this section should be to Article 18.

Taxes Leviable Yearly. — General taxes for county purposes are leviable but once in the

year. Bradshaw v. Board of Comm'rs, 92 N.C. 278 (1885).

Tax Rate Variable. — There is no constitutional requirement that the tax rate for county purposes shall be the same everywhere. It varies in the different counties, and may vary in different townships, parts of townships, districts, towns, and cities in the same county. Jones v. Commissioners, 143 N.C. 60, 55 S.E. 427 (1906).

Property Subject to Taxation. — All of the property, including solvent credits, in the State, shall be assessed and taxed at its value in money. Caldwell Land & Lumber Co. v. Smith, 146 N.C. 199, 59 S.E. 653 (1907).

Back Tax. — In Caldwell Land & Lumber Co. v. Smith, 146 N.C. 199, 59 S.E. 653 (1907), the court said: "We have no doubt of the power of the legislature to provide for the listing, assessment, and taxing of personal property omitted to be listed by the owner as the law requires. Nor do we perceive any reason why it may not be taxed for five or more preceding years if it has escaped taxation so long. These questions have been settled by several decisions of this court. Kyle v. Mayor & Comm'rs, 75 N.C. 445 (1876); North Carolina R.R. v. Commissioners of Alamance, 82 N.C. 260 (1880); City of Wilmington v. Cronly, 122 N.C. 388, 30 S.E. 9 (1898)."

Assessment Held Not a Tax. — An assessment for the building of a stock law fence is not a tax which requires a referendum vote by the people. Tripp v. Commissioners of Pitt County, 158 N.C. 180, 73 S.E. 896 (1912).

Exemption from Special Tax. — Where an act provided for the construction of a fence to inclose the whole of several districts and that the commissioners should levy a special tax on all the real estate in the district which was taxable by the State and county, it was held not to embrace the real estate of schools and railroads, which was not taxable for general purposes. Bradshaw v. Board of Comm'rs, 92 N.C. 278 (1885).

Tax Raised for One Purpose and Applied to Another. — In Long v. Commissioners of Richmond County, 76 N.C. 273 (1877), the court said: "We know of no statute nor any rule of law or of public policy which prevents county commissioners from applying a tax raised professedly for one purpose to any other legitimate purpose. There may, perhaps, be an exception where a tax is levied by a special authority from the legislature, or upon the vote of the people, which would not otherwise be lawful."

When Tax Collected Exceeds Limits of Special Purpose. — Where a statute authorizing the levy of a tax beyond the constitutional limit for a special purpose is intra vires, the taxes collected beyond the requirements of the special purpose may be turned into the general fund and used for general purposes, but where the act authorizes the levy partly for a "special purpose" and partly for general purposes it is ultra vires and no part of the levy can be collected. Williams v. Commissioners of Craven County, 119 N.C. 520, 26 S.E. 150 (1896).

Funds Impressed with a Trust. — Where taxes are levied and collected to pay coupons on bonds issued by a county, the funds so collected are impressed with a trust for the benefit of the owners of the coupons. Board of Comm'rs v. Tollman, 145 F. 753 (1906).

Tax Necessary to Maintain Schools for Required Term. — When it becomes necessary, the county commissioners are required to levy a tax sufficient to maintain the county schools for the required term each year. The former constitutional limitation did not apply to defeat such a levy. Collie v. Commissioners of Franklin County, 145 N.C. 170, 59 S.E. 44 (1907), expressly overruling Barksdale v. Commissioners of Sampson County, 93 N.C. 472 (1885), and Board of Educ. v. Board of Comm'rs, 111 N.C. 578, 16 S.E. 621 (1892); Southern Ry. v. Cherokee County, 177 N.C. 86, 97 S.E. 758 (1919).

Tax to Erect and Maintain Courthouse. — The power of limited taxation for the purpose of erecting and maintaining a county courthouse and its exercise is no invasion of the Bill of Rights. Lockhart v. Harrington, 8 N.C. 408 (1821).

Taxpayers cannot enjoin the levy of taxes necessary to pay the principal and interest on bonds issued for repairs to the courthouse. Harrell v. Board of Comm'rs, 206 N.C. 225, 173 S.E. 614 (1934).

Resolution Correcting Record as to Purpose of Levy. — Resolutions of the board of county commissioners correcting records as to the purpose of tax levies will, in the absence of evidence to the contrary, be presumed bona fide. Atlantic Coast Line R.R. v. Duplin County, 226 N. C. 719, 40 S.E.2d 371 (1946).

§ 153A-150. Reserve for octennial reappraisal. — Before the beginning of the fiscal year immediately following the effective date of an octennial reappraisal of real property conducted as required by G.S. 105-286, the county budget officer shall present to the board of commissioners an eight-year budget for financing the cost of the next octennial reappraisal. The budget shall estimate the cost of the reappraisal and shall propose a plan for raising the necessary funds in eight annual installments during the next eight fiscal years, with all installments as nearly uniform as practicable. The board shall consider this budget, making any amendments to the budget it deems advisable, and

shall adopt a resolution establishing a special reserve fund for the next octennial reappraisal. In the budget ordinance of the first fiscal year of the plan, the board of commissioners shall appropriate to the special reappraisal reserve fund the amount set out in the plan for the first year's installment. When the county budget for each succeeding fiscal year is in preparation, the board shall review the eight-year reappraisal budget with the budget officer and shall amend it, if necessary, so that it will reflect the probable cost at that time of the reappraisal and will produce the necessary funds at the end of the eight-year period. In the budget ordinance for each succeeding fiscal year, the board shall appropriate to the special reappraisal reserve fund the amount set out in the plan as due in that year.

Moneys appropriated to the special reappraisal reserve fund shall not be available or expended for any purpose other than the reappraisal of real property required by G.S. 105-286, except that the funds may be deposited at interest or invested as permitted by G.S. 159-30. If there is a fund balance in the reserve fund following payment for the required reappraisal, it shall be retained in the fund for use in financing the next required reappraisal.

Within 10 days after the adoption of each annual budget ordinance, the county finance officer shall report to the State Board of Assessment, on forms to be supplied by the State Board, the terms of the county's eight-year reappraisal budget, the current condition of the special reappraisal reserve fund, and the amount appropriated to the reserve fund in the current fiscal year. (1959, c. 704, s. 6; 1971, c. 806, s. 4; c. 931, s. 2; 1973, c. 822, s. 1.)

§ 153A-151. Sales tax. — A county may levy a local sales and use tax under the rules and according to the procedures prescribed by the Local Government Sales and Use Tax Act (Chapter 105, Subchapter VIII). (1973, c. 822, s. 1.)

§ 153A-152. Privilege license taxes. — A county may levy privilege license taxes on trades, occupations, professions, businesses, and franchises to the extent authorized by Schedule B of the Revenue Act (Chapter 105, Subchapter I, Article 2) and any other acts of the General Assembly. (1973, c. 822, s. 1.)

§ 153A-153. Animal tax. — A county may levy an annual license tax on the privilege of keeping dogs and other pets within the county. (1973, c. 822, s. 1.)

§ 153A-154. Cable television franchise tax. — A county may levy an annual franchise tax on cable television companies franchised under G.S. 153A-137. (1973, c. 822, s. 1.)

§§ 153A-155 to 153A-157: Reserved for future codification purposes.

Article 8.

County Property.

Part 1. Acquisition of Property.

§ 153A-158. Power to acquire property. — A county may acquire, by gift, grant, devise, bequest, exchange, purchase, lease, or any other lawful method, the fee or any lesser interest in real or personal property for use by the county or any department, board, commission, or agency of the county. (1868, c. 20, ss. 3, 8; 1879, c. 144, s. 1; Code, ss. 704, 707; Rev., ss. 1310, 1318; C. S., ss. 1291, 1297; 1973, c. 822, s. 1.)

Necessary Expenses. — The cost of the erection of a courthouse is a necessary expense of a county, and the exercise of the discretionary power of the board of commissioners in providing to meet it is not reviewable by the courts. Vaughn v. Board of Comm'rs, 117 N.C. 429, 23 S.E. 354 (1895).

The building and repairing of a courthouse by the county is a part of its necessary expense. Burgin v. Smith, 151 N.C. 561, 66 S.E. 607 (1909); Jackson v. Board of County Comm'rs, 171 N.C. 379, 88 S.E. 521 (1916).

A jail is a necessary county expense, and, in the absence of statutory restrictions, the county commissioners may pledge the credit of the county in order to obtain one. Haskett v. Tyrrell County, 152 N.C. 714, 68 S.E. 202 (1910).

Discretion of Commissioners. — The board

of commissioners has the discretionary power to issue and sell or discount the notes of the county to provide the means to pay for a courthouse, and such discretion will not be interfered with by the courts. Vaughn v. Board of Comm'rs, 117 N.C. 429, 23 S.E. 354 (1895).

Courts cannot substitute their judgment for that of the county officials honestly and fairly exercised. For a court to enjoin a proposed expenditure, there must be allegation and proof that the county officials acted in wanton disregard of public good. Barbour v. Carteret County, 255 N.C. 177, 120 S.E.2d 448 (1961).

When Legislature Imposes Limit on Expense. — When a special act of the legislature has imposed a limit on the expense of a county to be incurred in improving its courthouse, the commissioners cannot avoid the will of the legislature as therein declared by setting up a general power of contracting debts for necessary expenses, limited only by the constitutional limitation of taxation, and thus under an entire contract made beforehand expend a larger amount for the purpose than that prescribed by the special act. Burgin v. Smith, 151 N.C. 561, 66 S.E. 607 (1909).

Special Tax. — While the county commissioners are clothed with the necessary power to erect and repair county buildings, they have no power to levy a special tax out of which to pay the interest and create a sinking fund, unless they have the special authority of the General Assembly. Harrell v. Board of Comm'rs, 206 N.C. 225, 173 S.E. 614 (1934), holding that the county had such authority under former §§ 153-1, 153-9(8) and 153-77.

County Bound by Conditions Expressed in Conveyance. — Where a county, owning a site upon which to build its courthouse, is authorized by statute to buy, sell, and exchange real estate surrounding it upon such terms and conditions as it may deem just and proper, and for the best interest of the county, and in pursuance of this authority has acquired a conveyance of lands from adjoining owners upon condition that they shall be used as a public square and kept open for that purpose, etc., it is held, that whether the conditions be called conditions subsequent or otherwise, they are within the purview of the authority conferred upon the county; and, coming within the intent of the parties as expressed in the conveyance, and forming a material part of the consideration for the lands, they are valid and binding upon the county. Guilford County v. Porter, 167 N.C. 366, 83 S.E. 564 (1914).

Commissioners Not Individually Liable for Failure to Take Contractor's Bond. — The county commissioners are not individually liable for the failure of their ministerial duty to take the bond required from a contractor for the erection of a county home, such not having been expressly declared; and the remedy is by indictment. Fore v. Feimster, 171 N.C. 551, 88 S.E. 977 (1916).

§ 153A-159. Power of eminent domain conferred. — In addition to any power conferred by any other general law or local act, each county possesses the power of eminent domain and may acquire by condemnation the fee or any lesser interest in property, either inside or outside the county, for the following purposes:

(1) Establishing, extending, enlarging, or improving any of the public enterprises listed in G.S. 153A-274.
(2) Establishing, enlarging, or improving parks, playgrounds, and other recreational facilities.
(3) Constructing, enlarging, or improving hospital facilities.
(4) Constructing, enlarging, or improving library facilities.
(5) Constructing, enlarging, or improving courthouses, jails, office buildings, fire stations, and other buildings for use by the county or any board, commission, or agency thereof.

The power to acquire property by condemnation does not depend on any prior effort to acquire the same property by grant or purchase, nor is the power to negotiate for the grant or purchase of property impaired by initiation of condemnation proceedings for acquisition of the same property.

In exercising the power of eminent domain, a county may in its discretion use the procedures of Chapter 40, Article 2; or the procedures of Chapter 160A, Article 11; or the procedures of any other general law or local act applicable to the county. (1961, c. 1001, s. 1; 1965, c. 934; 1973, c. 822, s. 1.)

Editor's Note. — For an article urging revision and recodification of North Carolina's eminent domain laws, see 45 N.C.L. Rev. 587 (1967).

§ 153A-160. Limitations on the power of eminent domain. — (a) A county does not possess the power of eminent domain with respect to property owned

by the State of North Carolina unless the State consents to the taking. The State's consent shall be given by the Council of State, or by the Director of Administration if the Council of State has delegated this power to him. In a condemnation proceeding against State property, consented to by the State, the only issue shall be the compensation to be paid for the property by the county.

(b) A county possesses the power of eminent domain for the purpose of acquiring any interest in property owned by another county, a city, or a municipal corporation organized for a special purpose only if the property proposed to be taken is not being used and is not needed for any governmental or proprietary purpose.

(c) A county possesses the power of eminent domain for the purpose of acquiring any interest in property already devoted to the public use and owned by a public service corporation, including public utilities as defined in Chapter 62 and electric and telephone membership corporations, only if the acquisition will not prevent or unreasonably impair the continued devotion to the public use of the properties and their operation by the public service corporation. (1973, c. 822, s. 1.)

§ 153A-161. Costs in unsuccessful condemnation actions and in inverse condemnation actions. — If a county or an agency, board, or commission of a county institutes an action to acquire by condemnation any interest in real property and

(1) If the final judgment in the action is that the county or the agency, board, or commission is not authorized to condemn the property; or

(2) If the county or agency, board, or commission abandons the action,

the court with jurisdiction over the action shall award each owner of property sought to be condemned a sum that, in the opinion of the court, will reimburse the owner for his reasonable costs, disbursements, and expenses (including reasonable attorney, appraisal, and engineering fees) incurred because of the action.

If an action is brought against a county or an agency, board, or commission of a county seeking compensation for the taking of any interest in property by the county or agency, board, or commission and judgment is for the plaintiff, the court shall award to the plaintiff as a part of the judgment a sum that, in the opinion of the court, will reimburse the plaintiff for his reasonable costs, disbursements, and expenses (including reasonable attorney, appraisal, and engineering fees) incurred because of the action. (1973, c. 822, s. 1.)

§ 153A-162. Acquisition of remnants. — A county or an agency, board, or commission of a county may offer to acquire and may acquire the entire tract or parcel of an owner if the acquisition, by purchase or eminent domain, of only a part of the tract or parcel would leave the owner with an uneconomic remnant. (1973, c. 822, s. 1.)

§ 153A-163. Acquisition of property at a judicial sale, execution sale, or sale pursuant to a power of sale; disposition of such property. — A county, city, or other unit of local government may purchase real property at a judicial sale, an execution sale, or a sale made pursuant to a power of sale, to secure a debt due the county, city, or other unit. The purchasing government may sell any property so acquired by private sale for not less than the amount of its bid or may sell or exchange the property for any amount according to the procedures prescribed by Chapter 160A, Article 12. (1868, c. 20, s. 8; 1879, c. 144, s. 1; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

§ 153A-164. Joint buildings. — Two or more counties, cities, other units of local government (including local boards of education), or any combination of such governments may jointly acquire or construct public buildings to house offices, departments, bureaus, agencies, or facilities of each government. The

governments may acquire any land necessary for a joint building or may use land already held by one of the governments.

In exercising the powers granted by this section, the governments shall proceed according to the procedures and provisions of Chapter 160A, Article 20, Part 1. (1965, c. 682, s. 1; 1973, c. 822, s. 1.)

§ 153A-165. Leases. — A county may lease as lessee, with or without option to purchase, any real or personal property for any authorized public purpose. A lease of personal property with an option to purchase is subject to Chapter 143, Article 8. (1973, c. 822, s. 1.)

§§ 153A-166 to 153A-168: Reserved for future codification purposes.

Part 2. Use of County Property.

§ 153A-169. Care and use of county property; sites of county buildings. — The board of commissioners shall supervise the maintenance, repair, and use of all county property. The board may issue orders and adopt by ordinance or resolution regulations concerning the use of county property, may designate and redesignate the location of any county department, office, or agency, and may designate and redesignate the site for any county building, including the courthouse. Before it may redesignate the site of the courthouse, the board of commissioners shall cause notice of its intention to do so to be published once at least four weeks before the meeting at which the redesignation is made. (1868, c. 20, ss. 3, 8; Code, ss. 704, 707; Rev., ss. 1310, 1318; C. S., ss. 1291, 1297; 1925, c. 229; 1927, c. 91, ss. 11, 13; 1957, c. 909, s. 1; 1961, c. 811; 1967, c. 581, s. 1; 1973, c. 822, s. 1.)

Duties Inherent in Office of County Commissioner. — County commissioners, in approving the design, the method of construction, the site for a public building, and the amount to be paid for the site, are performing duties inherent in their offices, expressly conferred by the legislature. Barbour v. Carteret County, 255 N.C. 177, 120 S.E.2d 448 (1961).

Extent of Commissioners' Duty. — The commissioners have the duty of employing such agents, and raising and appropriating such moneys, as may be sufficient to keep the public buildings in repair, and maintain them in such a condition as to prevent any noxious and offensive exhalations from proceeding from any of them put to the private use of the people. Threadgill v. Board of Comm'rs, 99 N.C. 352, 6 S.E. 189 (1888), stating the measure and extent of official responsibility for a privy.

Discretion of Commissioners. — It is within the sound discretion of the county commissioners to have the courthouse or jail of the county repaired or to erect new ones on the same sites as a necessary county expense, which will not be reviewed in the courts in the absence of mala fides; and should a bill of indictment be drawn by the solicitor, at the request of the judge holding the courts of the county, and a true bill be found by the grand jury thereon, it is open to the commissioners to set up any available defense they may have. Jackson v. Board of County Comm'rs, 171 N.C. 379, 88 S.E. 521 (1916).

Repairing a courthouse is a necessary county expense. Burgin v. Smith, 151 N.C. 561, 66 S.E. 607 (1909).

Duty of Commissioners to Erect and Maintain Courthouse. — It is the duty of the county commissioners to provide a sufficient courthouse and keep it in repair. They are cognate duties, and failure as to them is "neglect of duty." State v. Leeper, 146 N.C. 655, 61 S.E. 585 (1908).

Remedy for Neglect of Duty. — A mandamus will not lie against county commissioners to compel them to provide a sufficient courthouse. For such neglect of duty, the remedy is by indictment. And the indictment need not allege corrupt intent. State v. Leeper, 146 N.C. 655, 61 S.E. 585 (1908).

The site of a county building embraces only the space occupied by the building and such adjacent land as is reasonably required for the convenient use of the building. Brown v. Candler, 236 N.C. 576, 73 S.E.2d 550 (1952).

§ 153A-170. Regulation of parking on county property. — A county may by ordinance regulate parking of motor vehicles on county-owned property. Such an ordinance may be enforced pursuant to G.S. 153A-123. In addition, the ordinance may provide that vehicles parked in violation thereof may be removed from the property by the county or an agent of the county to a storage area or garage. If a vehicle is so removed, the owner, as a condition of regaining

possession of the vehicle, shall be required to pay to the county all reasonable costs incidental to the removal and storage of the vehicle and any fine or penalty due for the violation. (1961, c. 191; 1971, c. 109; 1973, c. 822, s. 1.)

§§ 153A-171 to 153A-175: Reserved for future codification purposes.

Part 3. Disposition of County Property.

§ 153A-176. Disposition of property. — A county may dispose of any real or personal property belonging to it according to the procedures prescribed in Chapter 160A, Article 12. For purposes of this section references in Chapter 160A, Article 12, to the "city," the "council," or a specific city official are deemed to refer, respectively, to the county, the board of commissioners, and the county official who most nearly performs the same duties performed by the specified city official. (1868, c. 20, ss. 3, 8; Code, ss. 704, 707; Rev., ss. 1310, 1318; C. S., ss. 1291, 1297; 1973, c. 822, s. 1.)

When Commissioners May Not Sell Property. — County commissioners have no power to sell property held for corporate purposes, where its alienation would tend to embarrass or prevent the performance of their duties to the public. Vaughn v. Commissioners of Forsyth County, 118 N.C. 636, 24 S.E. 425 (1896).

Commissioners Do Not Have Power to Mortgage. — Power to sell is not a power to mortgage; hence express authority conferred upon county commissioners to sell real estate of the county at a fair price does not imply power to incumber the same by a mortgage. Threadgill v. Board of Comm'rs, 99 N.C. 352, 6 S.E. 189 (1888).

Cannot Mortgage Courthouse Site. — County commissioners had no authority to convey the land on which they proposed to erect the courthouse by a mortgage deed to secure the bonds issued to build it, and thereby render the site and buildings liable to sale for the satisfaction of the debt. Vaughn v. Commissioners of Forsyth County, 118 N.C. 636, 24 S.E. 425 (1896).

Right of Taxpayer to Bring Action to Restrain Execution of Mortgage. — Though a proposed mortgage of county land by the county commissioners to secure bonds issued to build a courthouse would be void, and equity would enjoin foreclosure thereunder, a taxpayer may bring an action to restrain the execution of the mortgage without waiting until foreclosure is threatened. Vaughn v. Commissioners of Forsyth County, 118 N.C. 636, 24 S.E. 425 (1896).

§ 153A-177. Reconveyance of property donated to a local government. — If real or personal property is conveyed without consideration to a county, city, or other unit of local government to be used for a specific purpose set out in the instrument of conveyance and the governing body of the county, city, or other unit of local government determines that the property will not be used for that purpose, the county, city, or other unit of local government may reconvey the property without consideration to the grantor or his heirs, assigns, or nominees. Before it may make a reconveyance, the county, city, or other unit of local government shall publish once a week for two weeks notice of its intention to do so. (1937, c. 441; 1973, c. 822, s. 1.)

§§ 153A-178 to 153A-184: Reserved for future codification purposes.

Article 9.

Special Assessments.

§ 153A-185. Authority to make special assessments. — A county may make special assessments against benefited property within the county for all or part of the costs of:

(1) Constructing, reconstructing, extending, or otherwise building or improving water systems;

(2) Constructing, reconstructing, extending, or otherwise building or improving sewage disposal systems;

(3) Acquiring, constructing, reconstructing, extending, or otherwise building or improving beach erosion control or flood and hurricane protection works.

A county may not assess property within a city pursuant to subdivision (1) or (2) of this section unless the governing board of the city has by resolution approved the project. (1963, c. 985, s. 1; 1965, c. 714; 1969, c. 474, s. 1; 1973, c. 822, s. 1.)

§ 153A-186. Bases for making assessments. — (a) For water or sewer projects, assessments may be made on the basis of:

(1) The frontage abutting on the project, at an equal rate per foot of frontage; or

(2) The street frontage of the lots served, or subject to being served, by the project, at an equal rate per foot of frontage; or

(3) The area of land served, or subject to being served, by the project, at an equal rate per unit of area; or

(4) The valuation of land served, or subject to being served, by the project, being the value of the land without improvements as shown on the tax records of the county, at an equal rate per dollar of valuation; or

(5) The number of lots served, or subject to being served, by the project when the project involves extension of an existing system to a residential or commercial subdivision, at an equal rate per lot; or

(6) A combination of two or more of these bases.

(b) For beach erosion control or flood and hurricane protection works, assessments may be made on the basis of:

(1) The frontage abutting on the project, at an equal rate per foot of frontage; or

(2) The frontage abutting on a beach or shoreline protected or benefited by the project, at an equal rate per foot of frontage; or

(3) The area of land benefited by the project, at an equal rate per unit of area; or

(4) The valuation of land benefited by the project, being the value of the land without improvements as shown on the tax records of the county, at an equal rate per dollar of valuation; or

(5) A combination of two or more of these bases.

(c) Whenever the basis selected for assessment is either area or valuation, the board of commissioners shall provide for the laying out of one or more benefit zones according (i), in water or sewer projects, to the distance of benefited property from the project being undertaken and (ii), in beach erosion control or flood and hurricane protection works, to the distance from the shoreline, the distance from the project, the elevation of the land, or other relevant factors. If more than one benefit zone is established, the board shall establish differing rates of assessment to apply uniformly throughout each benefit zone.

(d) For each project, the board of commissioners shall endeavor to establish an assessment method from among the bases set out in this section that will most accurately assess each lot or parcel of land according to the benefit conferred upon it by the project. The board's decision as to the method of assessment is final and not subject to further review or challenge. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-187. Corner lot exemptions. — The board of commissioners may establish schedules of exemptions from assessments for water or sewer projects for corner lots when water or sewer lines are installed along both sides of the lots. A schedule of exemptions shall be based on categories of land use (residential, commercial, industrial, and agricultural) and shall be uniform for each category. A schedule may not allow exemption of more than seventy-five percent (75%) of the frontage of any side of a corner lot, or 150 feet, whichever is greater. (1963, c. 985, s. 1; 1973, c. 822, s. 1.)

§ 153A-188. Lands exempt from assessment. — Except as provided in this Article, no land within a county is exempt from special assessments except

land belonging to the United States that is exempt under the provisions of federal statutes and, in the case of water or sewer projects, land within any floodway delineated by a local government pursuant to Chapter 143, Article 21, Part 6. In addition, in the case of water or sewer projects, land owned, leased, or controlled by a railroad company is exempt from assessments by a county to the same extent that it would be exempt from assessments by a city under G.S. 160A-222. (1963, c. 958, s. 1; 1973, c. 822, s. 1.)

§ **153A-189. State participation in improvement projects.** — If a county proposes to undertake a project that would benefit land owned by the State of North Carolina or a board, agency, commission, or institution of the State and to finance all or a part of the project by special assessments, the board of commissioners may request the Council of State to authorize the State to pay its ratable part of the cost of the project, and the Council of State may authorize these payments. The Council of State may authorize the Director of Administration to approve or disapprove requests from counties for payment pursuant to this section, but a county may appeal to the Council of State if the Director disapproves a request. The Council of State may direct that any payment authorized pursuant to this section be made from the Contingency and Emergency Fund of the State of North Carolina or from any other available funds. Except as State payments are authorized pursuant to this section, state-owned property is exempt from assessment under this Article. (1973, c. 822, s. 1.)

§ **153A-190. Preliminary resolution; contents.** — Whenever the board of commissioners decides to finance all or part of a proposed project by special assessments, it shall first adopt a preliminary assessment resolution containing the following:

(1) A statement of intent to undertake the project;
(2) A general description of the nature and location of the project;
(3) A statement as to the proposed basis for making assessments, which shall include a general description of the boundaries of the area benefited if the basis of assessment is either area or valuation;
(4) A statement as to the percentage of the cost of the work that is to be specially assessed;
(5) A statement as to which, if any, assessments shall be held in abeyance and for how long;
(6) A statement as to the proposed terms of payment of the assessment; and
(7) An order setting a time and place for a public hearing on all matters covered by the preliminary assessment resolution. The hearing shall be not earlier than three weeks and not later than 10 weeks from the day on which the preliminary resolution is adopted. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ **153A-191. Notice of preliminary resolution.** — At least 10 days before the date set for the public hearing, the board of commissioners shall publish a notice that a preliminary assessment resolution has been adopted and that a public hearing on it will be held at a specified time and place. The notice shall describe generally the nature and location of the improvement. In addition, at least 10 days before the date set for the hearing, the board shall cause a copy of the preliminary assessment resolution to be mailed by first-class mail to each owner, as shown on the county tax records, of property subject to assessment if the project is undertaken. The person designated to mail these resolutions shall file with the board a certificate stating that they were mailed by first-class mail and on what date. In the absence of fraud, the certificate is conclusive as to compliance with the mailing requirements of this section. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-192. Hearing on preliminary resolution; assessment resolution. — At the public hearing, the board of commissioners shall hear all interested persons who appear with respect to any matter covered by the preliminary assessment resolution. At or after the hearing, the board may adopt a final assessment resolution directing that the project or portions thereof be undertaken. The final assessment resolution shall describe the project in general terms (which may be by reference to projects described in the preliminary resolution) and shall set forth the following:

(1) The basis on which the special assessments will be made, together with a general description of the boundaries of the areas benefited if the basis of assessment is either area or valuation;
(2) The percentage of the cost of the work that is to be specially assessed; and
(3) The terms of payment, including the conditions, if any, under which assessments are to be held in abeyance.

The percentage of cost to be assessed may not be different from the percentage proposed in the preliminary assessment resolution, nor may the project authorized be greater in scope than the project described in that resolution. If the board decides that a different percentage of the cost should be assessed than that proposed in the preliminary assessment resolution, or that the project should be greater in scope than that described in that resolution, it shall adopt and advertise a new preliminary assessment resolution as provided in this Article. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-193. Determination of costs. — When a project is complete, the board of commissioners shall determine the project's total cost. In determining total cost, the board may include construction costs, the cost of necessary legal services, the amount of interest paid during construction, the cost of rights-of-way, and the cost of publishing and mailing notices and resolutions. The board's determination of the total cost of a project is conclusive. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-194. Preliminary assessment roll; publication. — When the total cost of a project has been determined, the board of commissioners shall cause a preliminary assessment roll to be prepared. The roll shall contain a brief description of each lot, parcel, or tract of land assessed, the basis for the assessment, the amount assessed against each, the terms of payment, and the name of the owner of each lot, parcel, or tract as far as this can be ascertained from the county tax records. A map of the project on which is shown each lot, parcel, or tract assessed, the basis of its assessment, the amount assessed against it, and the name of its owner as far as this can be ascertained from the county tax records is a sufficient assessment roll.

After the preliminary assessment roll has been completed, the board shall cause the roll to be filed in the clerk's office, where it shall be available for public inspection, and shall set the time and place for a public hearing on the roll. At least 10 days before the date set for the hearing, the board shall publish a notice that the preliminary assessment roll has been completed. The notice shall describe the project in general terms, note that the roll in the clerk's office is available for inspection, and state the time and place for the hearing on the roll. In addition, at least 10 days before the date set for the hearing, the board shall cause a notice of the hearing to be mailed by first-class mail to each owner of property listed on the roll. The mailed notice shall state the time and place of the hearing, note that the roll in the clerk's office is available for inspection, and state the amount as shown on the roll of the assessment against the property of the owner. The person designated to mail these notices shall file with the board a certificate stating that they were mailed by first-class mail and on what date. In the absence of fraud, the certificate is conclusive as to compliance with the mailing requirements of this section. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-195. Hearing on preliminary assessment roll; revision; confirmation; lien. — At the public hearing the board of commissioners shall hear all interested persons who appear with respect to the preliminary assessment roll. At or after the hearing, the board shall annul, modify, or confirm the assessments, in whole or in part, either by confirming the preliminary assessments against any lot, parcel, or tract described in the preliminary assessment roll or by cancelling, increasing, or reducing the assessments as may be proper in compliance with the basis of assessment. If any property is found to be omitted from the preliminary assessment roll, the board may place it on the roll and make the proper assessment. When the board confirms assessments for a project, the clerk shall enter in the minutes of the board the date, hour, and minute of confirmation. From the time of confirmation, each assessment is a lien on the property assessed of the same nature and to the same extent as the lien for county or city property taxes, under the priorities set out in G.S. 153A-200. After the assessment roll is confirmed, the board shall cause a copy of it to be delivered to the county tax collector for collection in the same manner (except as provided in this Article) as property taxes. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-196. Publication of notice of confirmation of assessment roll. — No earlier than 20 days from the date the assessment roll is confirmed, the county tax collector shall publish once a notice that the roll has been confirmed. The notice shall also state that assessments may be paid without interest at any time before the expiration of 30 days from the date that the notice is published and that if they are not paid within this time, all installments thereof shall bear interest as determined by the board of commissioners. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-197. Appeal to the General Court of Justice. — If the owner of, or any person having an interest in, a lot, parcel, or tract of land against which an assessment is made is dissatisfied with the amount of the assessment, he may, within 10 days after the day the assessment roll is confirmed, file a notice of appeal to the appropriate division of the General Court of Justice. He shall then have 20 days after the day the roll is confirmed to serve on the board of commissioners or the clerk a statement of facts upon which the appeal is based. The appeal shall be tried like other actions at law. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-198. Reassessment. — When in its judgment an irregularity, omission, error, or lack of jurisdiction has occurred in any proceeding related to a special assessment made by it, the board of commissioners may set aside the assessment and make a reassessment. In that case, the board may include in the total project cost all additional interest paid, or to be paid, as a result of the delay in confirming the assessment. A reassessment proceeding shall, as far as practicable, follow the comparable procedures of an original assessment proceeding. A reassessment has the same force as if it originally had been made properly. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-199. Payment of assessments in full or by installments. — Within 30 days after the day that notice of confirmation of the assessment roll is published, each owner of assessed property shall pay his assessment in full, unless the board of commissioners has provided that assessments may be paid in annual installments. If payment by installments is permitted, any portion of an assessment not paid within the 30-day period shall be paid in annual installments. The board shall in the assessment resolution determine whether payment may be made by annual installments and set the number of installments, which may not be more than 10. With respect to payment by installment, the board may provide

(1) That the first installment with interest is due on the date when property taxes are due, and one installment with interest is due on the

same date in each successive year until the assessment is paid in full, or

(2) That the first installment with interest is due 60 days after the date that the assessment roll is confirmed, and one installment with interest is due on that same day in each successive year until the assessment is paid in full. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-200. Enforcement of assessments; interest; foreclosure; limitations. — (a) Any portion of an assessment that is not paid within 30 days after the day that notice of confirmation of the assessment roll is published shall, until paid, bear interest at a rate to be fixed in the assessment resolution. The maximum rate at which interest may be set is eight percent (8%) per annum.

(b) If an installment of an assessment is not paid on or before the due date, all of the installments remaining unpaid immediately become due, unless the board of commissioners waives acceleration. The board may waive acceleration and permit the property owner to pay all installments in arrears together with interest due thereon and the cost to the county of attempting to obtain payment. If this is done, any remaining installments shall be reinstated so that they fall due as if there had been no default. The board may waive acceleration and reinstate further installments at any time before foreclosure proceedings have been instituted.

(c) A county may foreclose assessment liens under any procedure provided by law for the foreclosure of property tax liens, except that (i) lien sales and lien sale certificates are not required and (ii) foreclosure may be begun at any time after 30 days after the due date. The county is not entitled to a deficiency judgment in an action to foreclose an assessment lien. The lien of special assessments is inferior to all prior and subsequent liens for State, local, and federal taxes, and superior to all other liens.

(d) No county may maintain an action or proceeding to foreclose any special assessment lien unless the action or proceeding is begun within 10 years from the date that the assessment or the earliest installment thereof included in the action or proceeding became due. Acceleration of installments under subsection (b) of this section does not have the effect of shortening the time within which foreclosure may be begun; in that event the statute of limitations continues to run as to each installment as if acceleration had not occurred. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-201. Authority to hold assessments in abeyance. — The assessment resolution may provide that assessments made pursuant to this Article shall be held in abeyance without interest for any benefited property assessed. Water or sewer assessments may be held in abeyance until improvements on the assessed property are connected to the water or sewer system for which the assessment was made, or until a date certain not more than 10 years from the date of confirmation of the assessment roll, whichever event occurs first. Beach erosion control or flood and hurricane protection assessments may be held in abeyance for not more than 10 years from the date of confirmation of the assessment roll. When the period of abeyance ends, the assessment is payable in accordance with the terms set out in the assessment resolution.

If assessments are to be held in abeyance, the assessment resolution shall classify the property assessed according to general land use, location with respect to the water or sewer system (for water or sewer assessments), or other relevant factors. The resolution shall also provide that the period of abeyance shall be the same for all assessed property in the same class.

Statutes of limitations are suspended during the time that any assessment is held in abeyance without interest. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-202. Assessments on property held by tenancy for life or years; contribution. — (a) Assessments upon real property in the possession or enjoyment of a tenant for life or a tenant for a term of years shall be paid pro rata by the tenant and the remaindermen after the life estate or by the tenant and the owner in fee after the expiration of the tenancy for years according to their respective interests in the land as calculated pursuant to G.S. 37-13.

(b) If a person having an interest in land held by tenancy for life or years pays more than his pro rata share of an assessment against the property, he may maintain an action in the nature of a suit for contribution against any delinquent party to recover from that party his pro rata share of the assessment, with interest thereon from the date of the payment; and in addition, he is subrogated to the right of the county to a lien on the property for the delinquent party's share of the assessment. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

Editor's Note. — Section 37-13, referred to in this section, was repealed by Session Laws 1973, c. 729, s. 3. See now § 37-36.

§ 153A-203. Lien in favor of a cotenant or joint owner paying special assessments. — Any one of several tenants in common or joint tenants (other than copartners) may pay the whole or any part of a special assessment made against property held in common or jointly. Any amount so paid that exceeds his share of the assessment and that was not paid through agreement with or on behalf of the other joint owners is a lien in his favor upon the shares of the other joint owners. This lien may be enforced in a proceeding for actual partition, a proceeding for partition and sale, or by any other appropriate judicial proceeding. This lien is not effective against an innocent purchaser for value until notice of the lien is filed in the office of the clerk of superior court in the county in which the land lies and indexed and docketed in the same manner as other liens required by law to be filed in that clerk's office. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

§ 153A-204. Apportionment of assessments. — If a special assessment has been made against property that has been or is about to be subdivided, the board of commissioners may, with the consent of the owner of the property, (i) apportion the assessment among the lots or tracts within the subdivision, or (ii) release certain lots or tracts from the assessment if, in the board's opinion, the released lots or tracts are not benefited by the project, or (iii) both. Upon an apportionment each of the lots or tracts in the subdivision is released from the lien of the original assessment, and the portion of the original assessment assessed against each lot or tract has, as to that lot or tract, the same force as the original assessment. At the time the board makes an apportionment under this section, the clerk shall enter on the minutes of the board the date, hour, and minute of apportionment and a statement to the effect that the apportionment is made with the consent of the owners of the property affected, which entry is conclusive in the absence of fraud. The apportionment is effective at the time shown in the minute book. Apportionments may include past due installments with interest, as well as installments not then due; and any installment not then due shall fall due at the same date as it would have under the original assessment. (1963, c. 985, s. 1; 1965, c. 714; 1973, c. 822, s. 1.)

ARTICLE 10.

Law Enforcement and Confinement Facilities.

Part 1. Law Enforcement.

§ 153A-211. Training and development programs for law enforcement. — A county may plan and execute training and development programs for law-enforcement agencies, and for that purpose may:

(1) Contract with other counties, cities, and the State and federal governments and their agencies;
(2) Accept, receive, and disburse funds, grants, and services;
(3) Pursuant to the procedures and provisions of Chapter 160A, Article 20, Part 1, create joint agencies to act for and on behalf of the participating counties and cities;
(4) Apply for, receive, administer, and expend federal grant funds;
(5) Appropriate funds not otherwise limited as to use by law. (1969, c. 1145, s. 2; 1973, c. 822, s. 1.)

§ 153A-212. Cooperation on law-enforcement matters. — A county may cooperate with other local governments in law-enforcement matters, as permitted by G.S. 160A-283 (joint auxiliary police), by G.S. 160A-288 (emergency aid), and by Chapter 160A, Article 20, Part 1. (1973, c. 822, s. 1.)

§§ 153A-213 to 153A-215: Reserved for future codification purposes.

Part 2. Local Confinement Facilities.

§ 153A-216. Legislative policy. — The policy of the General Assembly with respect to local confinement facilities is:

(1) Local confinement facilities should provide secure custody of persons confined therein in order to protect the community and should be operated so as to protect the health and welfare of prisoners and provide for their humane treatment.
(2) Minimum statewide standards should be provided to guide and assist local governments in planning, constructing, and maintaining confinement facilities and in developing programs that provide for humane treatment of prisoners and contribute to the rehabilitation of offenders.
(3) The State should provide services to local governments to help improve the quality of administration in local confinement facilities. These services should include inspection, consultation, technical assistance, and other appropriate services.
(4) Adequate training of the personnel of local confinement facilities is essential to improvement of the quality of administration of those facilities. The State should provide this training and the training should be required as a condition of employment in a local confinement facility. (1967, c. 581, s. 2; 1973, c. 822, s. 1.)

§ 153A-217. Definitions. — Unless otherwise clearly required by the context, the words and phrases defined in this section have the meanings indicated when used in this Part:

(1) "Commission" means the Social Services Commission.
(2) "Secretary" means the Secretary of Human Resources.
(3) "Department" means the Department of Human Resources.
(4) "Governing body" means the governing body of a county or city or the policy-making body for a district or regional confinement facility.
(5) "Local confinement facility" includes a county or city jail, a local lockup, a regional or district jail, a juvenile detention home, a

detention facility for adults operated by a local government, and any other facility operated by a local government for confinement of persons awaiting trial or serving sentences.

(6) "Prisoner" includes any person, adult or juvenile, confined or detained in a confinement facility.

(7) "Unit," "unit of local government," or "local government" means a county or city. (1967, c. 581, s. 2; 1969, c. 981, s. 1; 1973, c. 476, s. 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 138, "Commission" has been substituted for "Board" and "Social Services Commission" has been substituted for "State Board of Social Services" in subdivision (1), "Secretary" has been substituted for "Commissioner" and "Secretary of Human Resources" has been substituted for "State Commissioner of Social Services" in subdivision (2), and "Department of Human Resources" has been substituted for "State Department of Social Services" in subdivision (3) of this section as enacted by Session Laws 1973, c. 822, s. 1.

§ 153A-218. County confinement facilities. — A county may establish, acquire, erect, repair, maintain, and operate local confinement facilities and may for these purposes appropriate funds not otherwise limited as to use by law. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; 1915, c. 140; C. S., s. 1297; 1973, c. 822, s. 1.)

Requirements for Prisoner's Comfort. — The least that is required is that persons confined in any public prison shall have a clean place, comfortable bedding, wholesome food and drink, and necessary attendance. Lewis v. City of Raleigh, 77 N.C. 229 (1877).

An action cannot be maintained against a county for damages sustained by one while imprisoned in the county jail by reason of the failure of the commissioners to provide adequate means for his health and protection. Manuel v. Board of Comm'rs, 98 N.C. 9, 3 S.E. 829 (1887).

Liability for Nuisance in Erection and Maintenance of Jail. — "A county is not liable for a nuisance to a citizen in the erection of a jail in the immediate vicinity of his residence, nor for suffering it to become so filthy and disorderly as to be a nuisance to him and his family." The doctrine is that while these corporate agencies must provide the means and employ the men to perform such duties, they are not personally and by their own labor to perform such menial services; and the default to make them liable must be in neglecting to exercise their authority in the use of labor and money for that purpose, and so must it be charged to make a cause of action against them. Threadgill v. Board of Comm'rs, 99 N.C. 352, 6 S.E. 189 (1888).

Liability for Failure to Make Regulations for Safety of Prisoners. — The duty to make proper rules and regulations imposes a discretionary duty on the board of commissioners exercisable only in its corporate capacity, and the commissioners are not liable as individuals for failure to make regulations for the safety of prisoners unless they corruptly or with malice fail to make proper rules and regulations. Moye v. McLawhorn, 208 N.C. 812, 182 S.E. 493 (1935).

§ 153A-219. District confinement facilities. — (a) Two or more units of local government may enter into and carry out an agreement to establish, finance, and operate a district confinement facility. The units may construct such a facility or may designate an existing facility as a district confinement facility. In addition, two or more units of local government may enter into and carry out agreements under which one unit may use the local confinement facility owned and operated by another. In exercising the powers granted by this section, the units shall proceed according to the procedures and provisions of Chapter 160A, Article 20, Part 1.

(b) If a district confinement facility is established, the units involved shall provide for a jail administrator for the facility. The administrator need not be the sheriff or any other official of a participating unit. The administrator and the other custodial personnel of a district confinement facility have the authority of law-enforcement officers for the purposes of receiving, maintaining custody of, and transporting prisoners.

(c) If a district confinement facility is established, or if one unit contracts to use the local confinement facility of another, the law-enforcement officers of

the contracting units and the custodial personnel of the facility may transport prisoners to and from the facility.

(d) The Department shall provide technical and other assistance to units wishing to exercise any of the powers granted by this section. (1933, c. 201; 1967, c. 581, s. 2; 1969, c. 743; 1971, c. 341, s. 1; 1973, c. 822, s. 1.)

§ 153A-220. Jail and detention services. — The Commission has policy responsibility for providing and coordinating State services to local government with respect to local confinement facilities. The Department shall:

(1) Consult with and provide technical assistance to units of local government with respect to local confinement facilities.

(2) Develop minimum standards for the construction and operation of local confinement facilities.

(3) Visit and inspect local confinement facilities; advise the sheriff, jailer, governing board, and other appropriate officials as to deficiencies and recommend improvements; and submit written reports on the inspections to appropriate local officials.

(4) Review and approve plans for the construction and major modification of local confinement facilities.

(5) Provide for training of personnel of local confinement facilities.

(6) Perform any other duties that may be necessary to carry out the State's responsibilities concerning local confinement facilities. (1967, c. 581, s. 2; 1973, c. 476, s. 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 138, "Commission" has been substituted for "Board" in the introductory paragraph of this section as enacted by Session Laws 1973, c. 822, s. 1.

§ 153A-221. Minimum standards. — (a) The Secretary shall develop and publish minimum standards for the operation of local confinement facilities and may from time to time develop and publish amendments to the standards. The standards shall be developed with a view to providing secure custody of prisoners and to protecting their health and welfare and providing for their humane treatment. The standards shall provide for:

(1) Secure and safe physical facilities;

(2) Jail design;

(3) Adequacy of space per prisoner;

(4) Heat, light, and ventilation;

(5) Supervision of prisoners;

(6) Personal hygiene and comfort of prisoners;

(7) Medical care for prisoners;

(8) Sanitation;

(9) Food allowances, food preparation, and food handling;

(10) Any other provisions that may be necessary for the safekeeping, privacy, care, protection, and welfare of prisoners.

(b) In developing the standards and any amendments thereto, the Secretary shall consult with organizations representing local government and local law enforcement, including the North Carolina Association of County Commissioners, the North Carolina League of Municipalities, the North Carolina Sheriffs' Association, and the North Carolina Police Executives' Association. The Secretary shall also consult with interested State departments and agencies, including the State Department of Social Rehabilitation and Control, the Department of Human Resources, and the Department of Insurance.

(c) Before the standards or any amendments thereto may become effective, they must be approved by the Commission and the Governor. Upon becoming effective, they have the force and effect of law. (1967, c. 581, s. 2; 1973, c. 476, ss. 128, 133, 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, ss. 128, 133 and 138, "Secretary" has been substituted for "Commissioner" in subsections (a) and (b), "Department of Human

Resources" has been substituted for "State Board of Health, the State Department of Mental Health" in subsection (b), and "Commission" has been substituted for "Board" in subsection (c) of this section as enacted by Session Laws 1973, c. 822, s. 1.

§ 153A-222. Inspections of local confinement facilities. — Department personnel shall visit and inspect each local confinement facility at least semiannually. The purpose of the inspections is to investigate the conditions of confinement and treatment of prisoners and to determine whether the facility meets the minimum standards published pursuant to G.S. 153A-221. The inspector shall make a written report of each inspection and submit it within 30 days after the day the inspection is completed to the governing body and other local officials responsible for the facility. The report shall specify each way in which the facility does not meet the minimum standards. The governing body shall consider the report at its first regular meeting after receipt of the report and shall promptly initiate any action necessary to bring the facility into conformity with the standards. (1947, c. 915; 1967, c. 581, s. 2; 1973, c. 822, s. 1.)

§ 153A-223. Enforcement of minimum standards. — If an inspection conducted pursuant to G.S. 153A-222 discloses that a local confinement facility does not meet the minimum standards published pursuant to G.S. 153A-221 and, in addition, if the Secretary determines that conditions in the facility jeopardize the safe custody, safety, health, or welfare of persons confined in the facility, the Secretary may order corrective action or close the facility, as provided in this section:

(1) The Secretary shall give notice of his determination to the governing body and each other local official responsible for the facility. The Secretary shall also send a copy of this notice, along with a copy of the inspector's report, to the senior regular resident superior court judge for the judicial district in which the facility is located. Upon receipt of the Secretary's notice, the governing body shall call a public hearing to consider the report. The hearing shall be held within 20 days after the day the Secretary's notice is received. The inspector shall appear at this hearing to advise and consult with the governing body concerning any corrective action necessary to bring the facility into conformity with the standards.

(2) The governing body shall, within 30 days after the day the Secretary's notice is received, initiate appropriate corrective action or close the facility. The corrective action must be completed within a reasonable time.

(3) If the governing body does not within the 30-day period either initiate corrective action or close the facility, or does not complete the action within a reasonable time, the Secretary may order that the facility be closed. The Secretary shall by registered mail give notice of his order of closure to the governing body and each other local official responsible for the facility and to the senior regular resident superior court judge. The order shall provide for its effective date.

(4) The governing body may appeal an order of the Secretary to the senior regular resident superior court judge. The governing body shall initiate the appeal by giving by registered mail to the judge and to the Secretary notice of its intention to appeal. The notice must be given within 15 days after the day the Secretary's order is received. If notice is not given within the 15-day period, the right to appeal is terminated.

(5) The senior regular resident superior court judge shall hear the appeal. He shall cause notice of the date, time, and place of the hearing to be given to each interested party, including the Secretary, the governing body, and each other local official involved. The judge shall conduct the hearing without a jury. The Secretary, the governing body, and

each other local official may give any evidence the judge finds appropriate. The issue before the court shall be whether the facility continues to jeopardize the safe custody, safety, health, or welfare of persons confined therein. The court may affirm, modify, or reverse the Secretary's order. (1947, c. 915; 1967, c. 581, s. 2; 1973, c. 476, s. 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 138, "Secretary" has been substituted for "Commissioner" and "Secretary's" has been substituted for "Commissioner's" throughout this section as enacted by Session Laws 1973, c. 822.

§ 153A-224. Supervision of local confinement facilities. — (a) No person may be confined in a local confinement facility unless custodial personnel are present and available to provide continuous supervision in order that custody will be secure and that, in event of emergency, such as fire, illness, assaults by other prisoners, or otherwise, the prisoners can be protected. These personnel shall supervise prisoners closely enough to maintain safe custody and control and to be at all times informed of the prisoners' general health and emergency medical needs.

(b) In a medical emergency, the custodial personnel shall secure emergency medical care from a licensed physician according to the unit's plan for medical care. If a physician designated in the plan is not available, the personnel shall secure medical services from any licensed physician who is available. The unit operating the facility shall pay the cost of emergency medical services.

(c) If a person violates any provision of this section, he is guilty of a misdemeanor. (1967, c. 581, s. 2; 1973, c. 822, s. 1.)

§ 153A-225. Medical care of prisoners. — (a) Each unit that operates a local confinement facility shall develop a plan for providing medical care for prisoners in the facility. The plan

(1) Shall be designed to protect the health and welfare of the prisoners and to avoid the spread of contagious disease;

(2) Shall provide for medical supervision of prisoners and emergency medical care for prisoners to the extent necessary for their health and welfare;

(3) Shall provide for compliance with the requirements of G.S. 130-97 and G.S. 130-121.

The unit shall develop the plan in consultation with appropriate local officials and organizations, including the sheriff, the county physician, the local or district health director, and the local medical society. The plan must be approved by the local or district health director, upon a determination that the plan is adequate to protect the health and welfare of the prisoners, and must be adopted by the governing body.

(b) If a prisoner in a local confinement facility dies, the medical examiner and the coroner shall be notified immediately. Within five days after the day of the death, the administrator of the facility shall make a written report to the local or district health director and to the Secretary of Human Resources. The report shall be made on forms provided by the [State Board of Health, and the Board of Health] shall develop and distribute these forms.

(c) If a person violates any provision of this section (including the requirements regarding G.S. 130-97 and 130-121), he is guilty of a misdemeanor. (1967, c. 581, s. 2; 1973, c. 476, ss. 128, 138; c. 822, s. 1.)

Editor's Note. — Pursuant to the Executive Organization Act of 1973, Session Laws 1973, c. 476, s. 138, "Secretary of Human Resources" has been substituted for "Commissioner" at the end of the second sentence of subsection (b) of this section as enacted by Session Laws 1973, c. 822. In the last sentence of subsection (b), the words "State Board of Health, and the Board of Health" have been retained, in brackets, because the 1973 act is unclear whether the Department of Human Resources and/or the Commission for Health Services shall provide, develop and/or distribute the forms.

Liability of County for Emergency Medical Services. — Where a sheriff in an emergency requested a physician to render services to a

prisoner in his custody who had been badly wounded resisting arrest, and there was evidence tending to show that under the circumstances he could not have obtained in time an order from the board of county commissioners that would assume responsibility on behalf of the county to pay them, the objection of the commissioners that under such circumstances the county would not pay for them, and the liability would only attach as to those prisoners delivered at the county jail, is untenable. Spicer v. Williamson, 191 N.C. 487, 132 S.E. 291 (1926).

§ 153A-226. Sanitation and food. — (a) The Commission for Health Services shall adopt rules and regulations governing the sanitation of local confinement facilities, including the kitchens and other places where food is prepared for prisoners. The rules and regulations shall cover such matters as cleanliness of floors, walls, ceilings, storage spaces, utensils, and other facilities; adequacy of lighting, ventilation, water, lavatory facilities, bedding, food protection facilities, treatment of eating and drinking utensils, and waste disposal; methods of food preparation, handling, storage, and serving; adequacy of diet; and any other item necessary to the health of the prisoners or the public.

(b) The [Commission for Health Services] shall prepare a score sheet to be used by sanitarians of local or district health departments in inspecting local confinement facilities. The sanitarians shall inspect local confinement facilities as often as may be required by the Commission for Health Services. If an inspector of the Department finds conditions that reflect hazards or deficiencies in the sanitation or food service of a local confinement facility, he shall immediately notify the local or district health department. The health department shall promptly cause a sanitarian to inspect the facility. After making his inspection, the sanitarian shall forward a copy of his report to the Department and to the unit operating the facility, on forms prepared by the [Department]. The report shall indicate whether the facility and its kitchen or other place for preparing food is approved or disapproved for public health purposes. If the facility is disapproved, the situation shall be rectified according to the procedures of G.S. 153A-223. (1967, c. 581, s. 2; 1973, c. 476, s. 128; c. 822, s. 1.)

Editor's Note. — Pursuant to the Executive Organization Act of 1973, Session Laws 1973, c. 476, s. 128, "Commission for Health Services" has been substituted for "State Board of Health" in the first sentence of subsection (a) and in the first and second sentences of subsection (b), and "Department" has been substituted for "State Board of Health" at the end of the fifth sentence of subsection (b) of this section as enacted by Session Laws 1973, c. 822, s. 1. In the first and fifth sentences of subsection (b), the substitutions have been made in brackets, because the intention of the 1973 act as to the duties imposed by these two sentences is unclear.

§ 153A-227. Training of personnel. — (a) The Secretary shall provide for a training program for supervisory and administrative personnel of local confinement facilities. These personnel include the sheriff and other elected or appointed officials. The Secretary shall develop the training program in consultation with the State Department of Social Rehabilitation and Control, the North Carolina Sheriffs' Association, the North Carolina Association of County Commissioners, the North Carolina League of Municipalities, and the North Carolina Police Executives' Association. To the extent feasible, the training should be provided through the existing educational resources of the State.

(b) Except on a temporary or probationary basis, no person (including elected officials) may serve as jailer or administrator of a local confinement facility unless he has successfully completed an approved program of training established pursuant to subsection (a) of this section. No person may serve on a temporary or probationary basis for longer than one year. (1967, c. 581, s. 2; 1973, c. 476, s. 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 138, "Secretary" has been substituted for "Commissioner" in this section as enacted by Session Laws 1973, c. 822.

No Portion of This Statute Is Repealed by the 1971 Legislation Creating the Criminal Justice Training Standards Council. — See opinion of Attorney General to Mr. Woodburn C. Williams, Chief, Jail and Detention Services, N.C. Department of Social Services, 41 N.C.A.G. 603 (1971).

§ 153A-228. Separation of sexes. — Male and female prisoners shall be confined in separate facilities or in separate quarters in local confinement facilities. (1967, c. 581, s. 2; 1973, c. 822, s. 1.)

§§ 153A-229 to 153A-232: Reserved for future codification purposes.

ARTICLE 11.

Fire Protection.

§ 153A-233. Fire-fighting and prevention services. — A county may establish, organize, equip, support, and maintain a fire department; may prescribe the duties of the fire department; may provide assistance to incorporated volunteer fire departments; may contract for fire-fighting or prevention services with one or more counties, cities, or other units of local government or with an agency of the State government; and may for these purposes appropriate funds not otherwise limited as to use by law. (1945, c. 244; 1973, c. 822, s. 1.)

§ 153A-234. Fire marshal. — A county may appoint a fire marshal and employ persons as his assistants. A county may also impose any duty that might be imposed on a fire marshal on any other officer or employee of the county. The board of commissioners shall set the duties of the fire marshal, which may include but are not limited to:

(1) Advising the board on improvements in the fire-fighting or fire prevention activities under the county's supervision or control.
(2) Coordinating fire-fighting and training activities under the county's supervision or control.
(3) Coordinating fire prevention activities under the county's supervision or control.
(4) Assisting incorporated volunteer fire departments in developing and improving their fire-fighting or fire prevention capabilities.
(5) Making fire prevention inspections, including the periodic inspections and reports of school buildings required by Chapter 115 and the inspections of day-care facilities required by Chapter 110. A fire marshal shall not make electrical inspections unless he is qualified to do so under G.S. 153A-351. (1959, c. 290; 1969, c. 1064, s. 2; 1973, c. 822, s. 1.)

§ 153A-235. Fire prevention codes. — A county may by ordinance adopt a fire prevention code, to be effective in all areas of the county not governed by a city fire prevention code. Any published technical code or any standard or regulation promulgated by a public agency may be adopted in the ordinance by reference, and a technical code or standard or regulation so adopted has the force of law in each area of the county in which the ordinance is effective. An official copy of a technical code or standard or regulation adopted by reference shall be available for public inspection in the clerk's office. Before a fire prevention code may be adopted, it must be submitted to and approved by the State Building Code Council.

A county that adopts a fire prevention code shall appoint one or more fire prevention inspectors or designate one or more other county officers or employees to perform the duties of fire prevention inspector. The board of commissioners shall, subject to the approval of the State Building Code Council, set the duties of any person appointed or designated as a fire prevention inspector. A fire prevention inspector shall not make electrical

inspections unless he is qualified to do so under G.S. 153A-351. (1965, c. 626; 1969, c. 1064, s. 3; 1973, c. 822, s. 1.)

§§ 153A-236 to 153A-238: Reserved for future codification purposes.

ARTICLE 12.

Roads and Bridges.

§ 153A-239. Public road defined. — In this Article "public road" or "road" means any road, street, highway, thoroughfare, or other way of passage that has been irrevocably dedicated to the public or in which the public has acquired rights by prescription, without regard to whether it is open for travel. (1973, c. 822, s. 1.)

§ 153A-240. Naming roads and assigning street numbers in unincorporated areas. — A county may by ordinance name or rename any public road within the county and not within a city, and may assign or reassign street numbers for use on such a road. In naming or renaming a public road, a county may not

(1) Change the name, if any, given to the road by the Board of Transportation, unless the Board of Transportation agrees;
(2) Change the number assigned to the road by the Board of Transportation, but may give the road a name in addition to its number; or
(3) Give the road a name that is deceptively similar to the name of any other public road in the vicinity.

A county shall not name or rename a road or assign or reassign street numbers on a road until it has held a public hearing on the matter. At least 10 days before the day of the hearing, the board of commissioners shall cause notice of the time, place, and subject matter of the hearing to be prominently posted in at least three places along the road involved. After naming or renaming a public road, or assigning or reassigning street numbers on a public road, a county shall cause notice of its action to be given to the local postmaster with jurisdiction over the road, to the Board of Transportation, and to any city within five miles of the road.

This section does not repeal or modify Chapter 945 of the Session Laws of 1953, which pertains to naming streets in Kannapolis. (1957, c. 1068; 1973, c. 507, s. 5; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "State Highway Commission" and for "Commission" in this section as enacted by Session Laws 1973, c. 822.

§ 153A-241. Closing public roads or easements. — A county may permanently close any public road or any easement within the county and not within a city, except public roads or easements for public roads under the control and supervision of the Board of Transportation. The board of commissioners shall first adopt a resolution declaring its intent to close the public road or easement and calling a public hearing on the question. The board shall cause the resolution to be published once a week for four successive weeks before the hearing, a copy of the resolution to be sent by registered or certified mail to each owner as shown on the county tax records of property adjoining the public road or easement who did not join in the request to have the road or easement closed, and a notice of the closing and public hearing to be prominently posted in at least two places along the road or easement. At the hearing the board shall hear all interested persons who appear with respect to whether the closing would be detrimental to the public interest or to any individual property rights. If, after the hearing, the board of commissioners is satisfied that closing the public road or easement is not contrary to the public interest and (in the case of a road) that no individual owning property in the

vicinity of the road or in the subdivision in which it is located would thereby be deprived of reasonable means of ingress and egress to his property, the board may adopt an order closing the road or easement. A certified copy of the order (or judgment of the court) shall be filed in the office of the register of deeds of the county.

Any person aggrieved by the closing of a public road or an easement may appeal the board of commissioners' order to the appropriate division of the General Court of Justice within 30 days after the day the order is adopted. The court shall hear the matter de novo and has jurisdiction to try the issues arising and to order the road or easement closed upon proper findings of fact by the trier of fact.

No cause of action founded upon the invalidity of a proceeding taken in closing a public road or an easement may be asserted except in an action or proceeding begun within 30 days after the day the order is adopted.

Upon the closing of a public road or an easement pursuant to this section, all right, title, and interest in the right-of-way is vested in those persons owning lots or parcels of land adjacent to the road or easement, and the title of each adjoining landowner, for the width of his abutting land, extends to the center line of the public road or easement. However, the right, title or interest vested in an adjoining landowner by this paragraph remains subject to any public utility use or facility located on, over, or under the road or easement immediately before its closing, until the landowner or any successor thereto pays to the utility involved the reasonable cost of removing and relocating the facility. (1949, c. 1208, ss. 1-3; 1957, c. 65, s. 11; 1965, cc. 665, 801; 1971, c. 595; 1973, c. 507, s. 5; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "State Highway Commission" in this section as enacted by Session Laws 1973, c. 822.

For a note discussing the disposition of property within the boundaries of a dedicated street when use of the street is discontinued, see 45 N.C.L. Rev. 564 (1967).

Legislative Intent as to Closing Streets by Municipalities. — The true legislative intent is that if a municipality wishes to close a street, or a part thereof, the notices required must be given. Such an intent is fair and just, because it affords all interested parties an opportunity to be heard. In re City of Washington, 15 N.C. App. 505, 190 S.E.2d 309 (1972).

Notice to Owners of Property Adjoining Street to Be Closed Not Limited to Those with Special Interest. — The statute requires notice by registered mail to the owners of property adjoining the street to be closed who did not join in the request for closing the street. The words of the statute are clear and unequivocal. There is nothing to indicate that only those with a "special interest" must be notified by registered mail. In re City of Washington, 15 N.C. App. 505, 190 S.E.2d 309 (1972).

Owners of Property on Street to Be Partially Closed. — Owners of property on a street which is to be partially closed have an interest in the hearing on the request to close the street. In re City of Washington, 15 N.C. App. 505, 190 S.E.2d 309 (1972).

The closing of a street must not deprive a property owner of reasonable ingress or egress. Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376 (1965).

An individual may restrain the wrongful obstruction of a public way, of whatever origin, if he will suffer injury thereby as distinct from the inconvenience to the public generally, and he may recover such special damages as he has sustained by reason of the obstruction. Wofford v. North Carolina State Hwy. Comm'n, 263 N.C. 677, 140 S.E.2d 376 (1965).

§ 153A-242. Regulation or prohibition of fishing from bridges. — A county may by ordinance regulate or prohibit fishing from any bridge within the county and not within a city. In addition, the governing board of a city may by resolution permit a county to regulate or prohibit fishing from any bridge within the city. The city may by resolution withdraw its permission to the county ordinance. If it does so, the city shall give written notice to the county of its withdrawal of permission; 30 days after the date the county receives this notice the county ordinance ceases to be applicable within the city. An ordinance adopted pursuant to this section shall provide for signs to be posted

on each bridge affected, summarizing the regulation or prohibition pertaining to that bridge.

No person may fish from the drawspan of a regularly attended bridge, and no county may permit any person to do so.

The authority granted by this section is subject to the authority of the Board of Transportation to prohibit fishing from any bridge on the State highway system. (1971, c. 690, ss. 1, 6; 1973, c. 507, s. 5; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "State Highway Commission" in this section as enacted by Session Laws 1973, c. 822.

§ 153A-243. Authorizing bridges over navigable waters. — A county may grant to persons who between them own or occupy real property on both sides of a body of navigable water lying wholly within the county the right to construct and maintain across the body of water a bridge connecting the property. The board of commissioners shall first adopt a resolution declaring its intent to grant the right and calling a public hearing on the question. The board shall cause the resolution to be published once a week for four successive weeks before the hearing. At the hearing the board shall hear all interested persons who appear with respect to whether the grant would be in the public interest. If, after the hearing, the board finds that the grant is not contrary to the public interest, it may adopt an order granting the right to construct the bridge. The board may place reasonable terms and conditions, including time limitations, on the grant.

A person aggrieved by a grant may appeal the board of commissioners' order to the appropriate division of the General Court of Justice within 30 days after the day it is adopted. The court shall hear the matter de novo and has jurisdiction to try the issues arising and to grant the right to construct the bridge.

Before construction may be commenced on any bridge authorized pursuant to this section, the bridge's location and plans must be submitted to and approved by the Chief of Engineers of the United States Army and the Secretary of the Army. (Pub. Loc. 1191, c. 227; C. S., s. 1297; 1973, c. 822, s. 1.)

§§ 153A-244 to 153A-246: Reserved for future codification purposes.

Article 13.

Health and Social Services.

Part 1. Health Services.

§ 153A-247. Provision for public health and mental health. — A county may provide for and regulate the public health pursuant to Chapter 130 and any other law authorizing local public health activities and may provide mental health programs pursuant to Chapter 122. (1973, c. 822, s. 1.)

Summary of Powers Granted. — In reference to the powers conferred by law upon boards of county commissioners, they can establish public hospitals for their several counties in cases of necessity, and make rules, regulations and bylaws for preventing the spread of contagious and infectious diseases and for taking care of those afflicted thereby — the same not being inconsistent with the laws of the State. Prichard v. Board of Comm'rs, 126 N.C. 908, 36 S.E. 353 (1900).

Commissioners Cannot Burn Infected Residence. — A board of county commissioners cannot burn a residence-house to prevent the spread of contagious and infectious diseases. A proper disinfection would be the extent of their powers in respect to property thus tainted or infected. Prichard v. Board of Comm'rs, 126 N.C. 908, 36 S.E. 353 (1900).

§ 153A-248. Health-related appropriations. — (a) A county may appropriate revenues not otherwise limited as to use by law:

(1) To a licensed facility for the mentally retarded, whether publicly or

privately owned, to assist in maintaining and developing facilities and treatment, if the board of commissioners determines that the care offered by the facility is available to residents of the county. The facility need not be located within the county.

(2) To a sheltered workshop or other private, nonprofit, charitable organization offering work and training activities to the physically or mentally handicapped, and may otherwise assist such an organization.

(3) To an orthopedic hospital, whether publicly or privately owned, to assist in maintaining and developing facilities and treatment, if the board of commissioners determines that the care offered by the hospital is available to residents of the county. The hospital need not be located within the county.

(b) The ordinance making the appropriation shall state specifically what the appropriation is to be used for, and the board of commissioners shall require that the recipient account for the appropriation at the close of the fiscal year. (1967, cc. 464, 1074; 1969, c. 802; 1973, c. 822, s. 1.)

§ 153A-249. Hospital services. — A county may provide and support hospital services pursuant to Chapter 131. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1923, c. 81; 1973, c. 822, s. 1.)

County commissioners are not liable for failure to establish hospitals. Bell v. Commissioners of Johnston County, 127 N.C. 85, 37 S.E. 136 (1900).

Duty of County to Pay for Hospitalization of Prisoner in County Jail. — See opinion of Attorney General to Mr. Charles W. Ogletree, Tyrrell County Attorney, 40 N.C.A.G. 352 (1970).

Contracting Hospital Not a State Agency Subject to Federal Interdiction. — Funds paid to a memorial hospital by a city and county under contract did not make the hospital a State agency and hence subject to federal interdiction. Eaton v. Board of Managers of James Walker Mem. Hosp., 261 F.2d 521 (1958).

§ 153A-250. Ambulance services. — (a) A county may by ordinance franchise ambulance services provided in the county to the public at large, whether the service is based inside or outside the county. The ordinance may:

(1) Grant franchises to ambulance operators on terms set by the board of commissioners;

(2) Make it unlawful to provide ambulance services or to operate an ambulance in the county without such a franchise;

(3) Limit the number of ambulances that may be operated within the county;

(4) Limit the number of ambulances that may be operated by each franchised operator;

(5) Determine the areas of the county that may be served by each franchised operator;

(6) Establish and from time to time revise a schedule of rates, fees, and charges that may be charged by franchised operators;

(7) Set minimum limits of liability insurance for each franchised operator;

(8) Establish other necessary regulations consistent with and supplementary to any statute or any Department of Human Resources regulation relating to ambulance services.

Before it may adopt an ordinance pursuant to this subsection, the board of commissioners must first hold a public hearing on the need for ambulance services. The board shall cause notice of the hearing to be published once a week for two successive weeks before the hearing. After the hearing the board may adopt an ordinance if it finds that to do so is necessary to assure the provision of adequate and continuing ambulance service and to preserve, protect, and promote the public health, safety, and welfare.

If a person, firm, or corporation is providing ambulance services in a county or any portion thereof on the effective date of an ordinance adopted pursuant

to this subsection, the person, firm, or corporation is entitled to a franchise to continue to serve that part of the county in which the service is being provided. The board of commissioners shall determine whether the person, firm, or corporation so entitled to a franchise is in compliance with Chapter 130, Article 26; and if that is the case, the board shall grant the franchise.

(b) In lieu of or in addition to adopting an ordinance pursuant to subsection (a) of this section, a county may operate or contract for ambulance services in all or a portion of the county. A county may appropriate for ambulance services any revenues not otherwise limited as to use by law, and may establish and from time to time revise schedules of rates, fees, charges, and penalties for the ambulance services. A county may operate its ambulance services as a line department or may create an ambulance commission and vest in it authority to operate the ambulance services.

(c) A city may adopt an ordinance pursuant to and under the procedures of subsection (a) of this section and may operate or contract for ambulance services pursuant to subsection (b) of this section if (i) the county in which the city is located has adopted a resolution authorizing the city to do so or (ii) the county has not, within 180 days after being requested by the city to do so, provided for ambulance services within the city pursuant to this section. Any action taken by a city pursuant to this subsection shall apply only within the corporate limits of the city.

If a city is exercising a power granted by this subsection, the county in which the city is located may thereafter take action to provide for ambulance service within the city, either under subsection (a) or subsection (b) of this section, only after having given to the city 180 days' notice of the county's intention to take action. At the end of the 180 days, the city's authority under this subsection is preempted by the county.

(d) A county or a city may contract with a franchised ambulance operator or with another county or city for ambulance service to be provided upon the call of a department or agency of the county or city. A county may contract with a franchised ambulance operator for transportation of indigents or persons certified by the county department of social services to be public assistance recipients.

(e) Each county or city operating ambulance services is subject to the provisions of Chapter 130, Article 26 ("Regulation of Ambulance Services"). (1967, c. 343, s. 5; 1969, c. 147; 1973, c. 476, s. 128; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 128, "Department of Human Resources" has been substituted for "State Board of Health" in this section as enacted by Session Laws 1973, c. 822.

Opinions of Attorney General. — Mr. E. Ray Ethridge, Camden County Attorney, 40 N.C.A.G. 74 (1969).

The regulation of ambulance service is a valid and legitimate exercise of the police power. Whaley v. Lenoir County, 5 N.C. App. 319, 168 S.E.2d 411 (1969).

But Authority of County Cannot Exceed That Given by Enabling Act. — The authority of the county to regulate ambulance service — whether it be by franchise, permit, certificate of public convenience or necessity, license or whatever name is given — can only come from and cannot exceed that given by the enabling act. Whaley v. Lenoir County, 5 N.C. App. 319, 168 S.E.2d 411 (1969).

Contract with Funeral Home for Ambulance Services. — In the absence of a vote or of authority expressly granted by the legislature, a county may not legally contract with a funeral home for ambulance services, and its attempt to do so prior to the enactment of an enabling statute was ultra vires. Moody v. Transylvania County, 271 N.C. 384, 156 S.E.2d 716 (1967).

A County May, in Certain Cases, Provide Free Ambulance Service. — See opinion of Attorney General to Mr. Joe O. Brewer, 43 N.C.A.G. 157 (1973).

Subdivision (a)(7) Does Not Contravene Constitutional Prohibitions against Monopolies and Exclusive Emoluments. — Paragraph a6 of former § 153-9 (58), which was identical to subdivision (a)(7) of this section, was not void as being in contravention of constitutional prohibitions against monopolies and exclusive emoluments, since paragraph a6 did not provide that liability insurance should be the exclusive method of indemnifying persons or property against loss due to negligent operation of the ambulance service. Whaley v. Lenoir County, 5 N.C. App. 319, 168 S.E.2d 411 (1969).

County Ordinance Regulating Ambulance Service Unconstitutional. — See Whaley v. Lenoir County, 5 N.C. App. 319, 168 S.E.2d 411 (1969).

§§ 153A-251 to 153A-254: Reserved for future codification purposes.

Part 2. Social Service Provisions.

§ 153A-255. Authority to provide social service programs. — Each county shall provide social service programs pursuant to Chapter 108 and Chapter 111 and may otherwise undertake, sponsor, organize, engage in, and support other social service programs intended to further the health, welfare, education, safety, comfort, and convenience of its citizens. (1868, c. 20, s. 8; Code, s. 707; Rev., s. 1318; C. S., s. 1297; 1973, c. 822, s. 1.)

Opinions of Attorney General. — Mr. Emmett L. Sellers, Director, Division of Medical Services, State Department of Social Services, 40 N.C.A.G. 704 (1969).

Ascertainment of Indigent Entitled to Support. — It is the exclusive right of the legislature to determine and declare by whom and how the indigent of the State entitled to support shall be ascertained, and from what fund and by whom allowances for their support shall be made. Board of Educ. v. Commissioners of Bladen, 113 N.C. 379, 18 S.E. 661 (1893).

The legislature may delegate authority to the county officials to provide and care for one class of the indigent or unfortunate inhabitants of the State, and to disburse a part of the fund devoted to the support of the poor, by appropriating it more directly to another class, whose wants, in the opinion of the lawmakers, can be best supplied through public agencies of a different kind. Board of Educ. v. Commissioners of Bladen, 113 N.C. 379, 18 S.E. 661 (1893).

No Recovery from County for Officiously Providing for Pauper. — Although a person may be a proper subject of county charge, anyone who officiously provides for such person cannot recover of the county the amount of his outlay. Copple v. Commissioners, 138 N.C. 127, 50 S.E. 574 (1905).

Express Contract or Express Request for Service Necessary to Bind County. — In order to make a binding pecuniary obligation on the county, there must be an express contract to that effect, or the service must be done at the express request of the proper county officer or agent. Copple v. Commissioners, 138 N.C. 127, 50 S.E. 574 (1905).

Contract Not Held Invalid Because of Duration. — Where the General Assembly has authorized a county to enter into a contract with a public hospital for the care of its indigent sick for a period of 30 years, and the board of commissioners of the county, in the exercise of the discretion vested in the board by the statute, has agreed to contract for that period, the contract will not be held invalid because of its duration. Martin v. Board of Comm'rs, 208 N.C. 354, 180 S.E. 777 (1935).

Loans for Care of Paupers Held Ultra Vires. — Contracts for the loan of money made by the late county courts for the support of the paupers in their respective counties were ultra vires, and therefore void. Daniel v. Board of Comm'rs, 74 N.C. 494 (1876).

§ 153A-256. County home. — A county may establish, erect, acquire, lease as lessor or lessee, equip, support, operate, and maintain a county home for aged and infirm persons and may appropriate funds for these purposes.

The superintendent of each county home shall make an annual report on its operation to the board of commissioners of the county operating the home and to the Department of Human Resources. The report shall contain any information that the board of commissioners and the Department of Human Resources, respectively, require, and the Department may provide forms for this report. (1876-7, c. 277, s. 3; Code, ss. 3541, 3543; 1891, c. 138; Rev., ss. 1328, 1329; 1919, c. 72; C. S., ss. 1336, 1337, 1338; 1961, c. 139, s. 1; 1973, c. 476, s. 138; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 476, s. 138, "Department of Human Resources" has been substituted for "State Department of Social Services" in this section as enacted by Session Laws 1973, c. 822.

The three-year statute of limitations applies to an action brought by a county against an inmate of county home to secure reimbursement or indemnity for sums expended for her upkeep in the home. Guilford County v. Hampton, 224 N.C. 817, 32 S.E.2d 606 (1945).

§ 153A-257. Legal residence for social service purposes. — (a) Legal residence in a county determines which county is responsible (i) for financial

support of a needy person who meets the eligibility requirements for a public assistance or medical care program offered by the county or (ii) for other social services required by the person.

Legal residence in a county is determined as follows:

(1) Except as modified below, a person has legal residence in the county in which he resides.

(2) If a person is in a hospital, mental institution, nursing home, boarding home, confinement facility, or similar institution or facility, he does not, solely because of that fact, have legal residence in the county in which the institution or facility is located.

(3) A minor has the legal residence of the parent or other relative with whom he resides. If the minor does not reside with a parent or relative and is not in a foster home, hospital, mental institution, nursing home, boarding home, educational institution, confinement facility, or similar institution or facility, he has the legal residence of the person with whom he resides. Any other minor has the legal residence of his mother, or if her residence is not known then the legal residence of his father; if his mother's or father's residence is not known, the minor is a legal resident of the county in which he is found.

(b) A legal residence continues until a new one is acquired, either within or outside this State. When a new legal residence is acquired, all former legal residences terminate.

(c) This section is intended to replace the law defining "legal settlement." Therefore any general law or local act that refers to "legal settlement" is deemed to refer to this section and the rules contained herein. (1777, c. 117, s. 16, P. R.; R. C., c. 86, s. 12; Code, s. 3544; Rev., s. 1333; C. S., s. 1342; 1931, c. 120; 1943, c. 753, s. 2; 1959, c. 272; 1973, c. 822, s. 1.)

Each County Charged with Support of Its Poor. — It is the manifest purpose of the law in regard to pauper settlements to charge each county with the support of its own poor. Commissioners of the County of Burke v. Commissioners of the County of Buncombe, 101 N.C. 520, 8 S.E. 176 (1888).

Legal Settlement Determines Liability. — The legal settlement of the pauper determines the liability. Board of Comm'rs v. Board of Comm'rs, 121 N.C. 295, 28 S.E. 412 (1897).

Residence or Settlement Rather Than Domicile or Citizenship Governs. — The liability of a county for the support of a pauper does not depend upon the law of domicile or citizenship but upon that of residence or settlement. Commissioners of the County of Burke v. Commissioners of the County of Buncombe, 101 N.C. 520, 8 S.E. 176 (1888).

The law applicable to pauper settlements is regulated by statute, and is in no way governed by the law of the domicile or citizenship. Commissioners of the County of Burke v. Commissioners of the County of Buncombe, 101 N.C. 520, 8 S.E. 176 (1888).

When Domicile and Settlement Different. — Although in most cases the county of domicile and the county of settlement are the same, yet they are sometimes different and in such case the county of settlement is chargeable with the maintenance of a bastard child. State v. Elam, 61 N.C. 460 (1868).

Duration of Settlement. — A legal settlement continues until a new one is acquired. Commissioners of the County of Burke v. Commissioners of the County of Buncombe, 121 N.C. 295, 28 S.E. 412 (1897).

Settlement Not Ipso Facto Obtained by Birth. — Neither legitimate nor illegitimate children shall gain a settlement by birth in the county in which they may be born, if neither of their parents had any settlement therein. State v. Elam, 61 N.C. 460 (1868).

Liability for Bastard Child Fixed by Mother's Settlement. — The liability of the county for the maintenance of a bastard child is fixed not by its birth but by the settlement of its mother at the time of its birth. State v. Elam, 61 N.C. 460 (1868).

An illegitimate child, who has not gained a new settlement by a year's residence in some other county, is, for the purpose of being apprenticed, subject to the jurisdiction of the court of that county in which its mother was settled at the time of its birth. Ferrell v. Boykin, 61 N.C. 9 (1866).

When Mother of Bastard Child without Settlement. — A bastard, born in this State of a mother who had not resided in it for 12 months, as required by the statute then in effect, was chargeable for maintenance upon the county in which it was born. Since the statute did not contemplate the case of foreign paupers, the question of settlement was left as at common law. State ex rel. Merritt v. McQuaig, 63 N.C. 550 (1869).

Legal Settlement of Mental Incompetent for Welfare Payment Purposes. — See opinion

of Attorney General to Mr. Joseph P.B. McCauley, Director, Gaston County Department of Social Services, 40 N.C.A.G. 678 (1970).

Daughter reaching majority and confined in institution retained settlement in county from which she came although her parent moved to another county while she was confined. Opinion of Attorney General to Mrs. Bing Lau, Social Worker, Murdoch Center, 41 N.C.A.G. 472 (1971).

Nursing Home Residence Not Sufficient for "Legal Settlement". — See opinion of Attorney General to Mr. Joe Freeman Britt, Robeson County Attorney, 41 N.C.A.G. 197 (1971).

Pauper Injured in Another County. — Where a pauper, temporarily absent from the county where he has a "legal settlement," was so disabled as to require immediate medical services and was furnished by the authorities of another county with such attention and board, the latter was entitled to recover the expenses thereof from the county where the pauper had his settlement. Board of Comm'rs v. Board of Comm'rs, 121 N.C. 295, 28 S.E. 412 (1897).

§ 153A-269. Title to library property. — The title to all property acquired by a county or city for library purposes shall be in the name of the county or city. If property is given, granted, devised, bequeathed, or otherwise conveyed to the board of trustees of a county or city library system, it shall be deemed to have been conveyed to the county or city and shall be held in the name of the county or city. (1953, c. 721; 1963, c. 945; 1971, c. 698, s. 3; 1973, c. 822, s. 1.)

Article 15.

Public Enterprises.

Part 1. General Provisions.

§ 153A-274. Public enterprise defined. — As used in this Article, "public enterprise" includes:

(1) Water supply and distribution systems,
(2) Sewage collection and disposal systems,
(3) Solid waste collection and disposal systems and facilities,
(4) Airports,
(5) Off-street parking facilities. (1955, c. 370; 1957, c. 266, s. 3; 1961, c. 514, s. 1; c. 1001, s. 1; 1971, c. 568; 1973, c. 822, s. 1.)

§ 153A-275. Authority to operate public enterprises. — A county may acquire, lease as lessor or lessee, construct, establish, enlarge, improve, extend, maintain, own, operate, and contract for the operation of public enterprises in order to furnish services to the county and its citizens. A county may acquire, construct, establish, enlarge, improve, maintain, own, and operate outside its borders any public enterprise.

A county may by ordinance or resolution adopt adequate and reasonable rules and regulations to protect and regulate a public enterprise belonging to or operated by it. (1955, c. 370; 1957, c. 266, s. 3; 1961, c. 514, s. 1; c. 1001, s. 1; 1967, c. 462; 1971, c. 568; 1973, c. 822, s. 1.)

Constitutionality of Former Statute. — Former § 153-9(46), was constitutional, violating neither § 5 nor § 17 of Art. I of the Constitution of 1868. Ramsey v. Rollins, 246 N.C. 647, 100 S.E.2d 55 (1957).

The limitation upon the counties contained in Art. VII, § 7, of the Constitution of 1868, requiring that bonds for the construction of water and sewer systems be approved by the voters in such county, did not impair the constitutionality of the grant of the power to construct such systems in any respect. Ramsey v. Rollins, 246 N.C. 647, 100 S.E.2d 55 (1957).

Authority for County to Appropriate Nontax Funds for Water and Sewer System. — See opinion of Attorney General to Mr. M. Alexander Biggs, Special Counsel, Nash County Board of Commissioners, 40 N.C.A.G. 92 (1970).

(1973, c. 822, s. 1.)

§ 153A-277. Authority to fix and enforce rates. — (a) A county may establish and revise from time to time schedules of rents, rates, fees, charges, and penalties for the use of or the services furnished by a public enterprise. Schedules of rents, rates, fees, charges, and penalties may vary for the same class of service in different areas of the county and may vary according to classes of service, and different schedules may be adopted for services provided outside of the county.

(b) A county may collect delinquent accounts by any remedy provided by law for collecting and enforcing private debts. A county may also discontinue service to a customer whose account remains delinquent for more than 10 days. If a delinquent customer is not the owner of the premises to which the services are delivered, the payment of the delinquent account may not be required before providing services at the request of a new and different tenant or occupant of the premises. If water or sewer services are discontinued for delinquency, it is unlawful for a person other than a duly authorized agent or employee of the county to reconnect the premises to the water or sewer system.

(c) Rents, rates, fees, charges, and penalties for enterprisory services are in no case a lien upon the property or premises served and, except as provided in subsection (d) of this section, are legal obligations of the person contracting for them.

(d) Rents, rates, fees, charges, and penalties for enterprisory services are legal obligations of the owner of the property or premises served when:

(1) The property or premises is leased or rented to more than one tenant and services rendered to more than one tenant are measured by the same meter; or

(2) Charges made for use of a sewerage system are billed separately from charges made for the use of a water distribution system. (1961, c. 1001, s. 1; 1973, c. 822, s. 1.)

§§ 153A-279 to 153A-282: Reserved for future codification purposes.

Part 2. Special Provisions for Water and Sewer Services.

§ 153A-284. Power to require connections. — A county may require the owner of improved property located so as to be served by a water line or sewer collection line owned or operated by the county to connect his premises with the water or sewer system and may fix charges for these connections. (1963, c. 985, s. 1; 1965, c. 969, s. 2; 1973, c. 822, s. 1.)

Any proceeding to secure a certificate from the Board shall be governed by the provisions of G.S. 162A-7(b) through 162A-7(f). (1961, c. 1001, s. 1; 1973, c. 822, s. 1.)

§ 153A-286. Law with respect to riparian rights not changed. — Nothing in this Article changes or modifies existing common or statute law with respect to the relative rights of riparian owners or others concerning the use of or disposal of water in the streams of North Carolina. (1961, c. 1001, s. 1; 1973, c. 822, s. 1.)

§ 153A-287. Diversion of water from certain river basins prohibited. — Diversions of water from any major river basin the main stream of which downstream from the point of the diversion is not located entirely in North Carolina is prohibited except when the diversion is now permitted by law. (1961, c. 1001, s. 1; 1973, c. 822, s. 1.)

§ 153A-288. Venue for actions by riparian owners. — Any riparian owner alleging injury as a result of an act taken pursuant to this Article by a county or city acting jointly or by a joint agency may maintain an action for relief against the act (i) in the county where the land of the riparian owner lies, (ii) in the county taking the action, or (iii) in any county in which the city or joint agency is located or operates. (1961, c. 1001, s. 1; 1973, c. 822, s. 1.)

§§ 153A-289, 153A-290: Reserved for future codification purposes.

Part 3. Special Provisions for Solid Waste Collection and Disposal.

§ 153A-291. Cooperation between the Board of Transportation and any county in establishing or operating solid waste disposal facilities. — A county and the Board of Transportation may enter into an agreement under which the Board of Transportation will make available to the county the use of equipment and prison and other labor in order to establish or operate solid waste disposal facilities within the county. The county shall reimburse the Board of Transportation for the cost of providing the equipment and labor. The agreement shall specify the work to be done thereunder and shall set forth the basis for reimbursement. (1967, c. 707; 1973, c. 507, s. 5; c. 822, s. 1.)

Editor's Note. — Pursuant to Session Laws 1973, c. 507, s. 5, "Board of Transportation" has been substituted for "State Highway Commission" and "Commission" in the section as enacted by Session Laws 1973, c. 822, s. 1.

§ 153A-292. County collection and disposal; tax levy. — The board of county commissioners of any county is hereby empowered to establish and operate garbage, refuse, and solid waste collection and disposal facilities, or either, in areas outside of incorporated cities and towns where, in its opinion, the need for such facilities exists. The board may by ordinance regulate the use of such garbage, refuse, and solid waste disposal facilities; the nature of the solid wastes disposed of therein; and the method of disposal. Ordinances so adopted may be enforced by any law-enforcement officer having jurisdiction, which shall include, but not be limited to, officers of the county sheriff's department, county police department and the State Highway Patrol. The board may contract with any municipality, individual, or privately owned corporation to collect and dispose, or collect or dispose, of garbage, refuse, and solid waste in any such area provided no county shall be authorized by this Article to levy a disposal fee upon any municipality located in that county if the board of commissioners levy a countywide tax on property which provides in part for financing such disposal facilities. In the disposal of garbage, refuse, and solid waste, the board may use any vacant land owned by the county, or it may acquire suitable sites for such purpose. The board may make appropriations to carry out the activities herein authorized. The board may impose fees for the use of disposal facilities, and in the event it shall provide for the collection of garbage, refuse, and solid waste, it may charge fees for such collection service sufficient in its opinion to defray the expense of collection. Counties and municipalities therein are authorized to establish and operate joint collection and disposal facilities, or either of these, upon such

terms as the governing bodies may determine. Such agreement shall be in writing and executed by the governing body of the participating units of local government.

The board of commissioners of each county is hereby authorized to levy taxes for the special purpose of carrying out the authority conferred by this section, in addition to the rate of tax allowed by the Constitution for general purposes, and the General Assembly hereby gives its special approval for such tax levies.

The board of county commissioners may use any vacant land owned by the county, and it may acquire by purchase or condemnation suitable land for the disposal sites, and in the event condemnation of said lands is necessary, the procedure used shall be that set forth in Chapter 40 of the North Carolina General Statutes.

The board may impose fees for the use of the disposal site, and if the county provides for collection services, it shall charge fees sufficient to defray the expense of collection.

The board of commissioners of each county is authorized to levy taxes for the special purpose of carrying out the authority conferred by this section, in addition to the rate of tax allowed by the Constitution for general purposes, and the General Assembly hereby gives its special approval for such tax levies. The board of commissioners is authorized to make appropriations from these tax funds, and from nonrevenue funds which may be available. Provided that the county board of commissioners, may authorize the erection of a gate across a state — or county-maintained highway leading directly to a sanitary landfill or garbage disposal site which is operated by the county. The gate may be erected at or in close proximity to the boundary of the landfill or garbage disposal site. The cost of the erection of the gate and its maintenance is to be borne by the county, and the gate shall be closed upon authority of the county commissioners. (1961, c. 514, s. 1; 1971, c. 568; 1973, c. 535; c. 822, s. 2.)

Editor's Note. — The above section was enacted by Session Laws 1973, c. 535, and codified as § 153-274. As directed by Session Laws 1973, c. 822, s. 2, it has also been codified as § 153A-292.

The 1971 General Assembly Gave Its Express Approval to the Levy of Taxes for Garbage Collection and Disposal. — See opinion of Attorney General to Mr. Edward H. McCormick, Harnett County Attorney, 41 N.C.A.G. 756 (1972).

Counties Are Required to Charge Fees Sufficient to Defray Costs of Garbage Collection. — See opinion of Attorney General to Mr. Bill Summerlin, 43 N.C.A.G. 41 (1973).

Article 16.

County Service Districts.

§ 153A-300. Title; effective date. — This Article may be cited as "The County Service District Act of 1973," and is enacted pursuant to Article V, Sec. 2(4) of the Constitution of North Carolina, effective July 1, 1973 (1973, c. 489, s. 1; c. 822, s. 2.)

Cross Reference. — As to the effective date of the 1973 act which enacted this Article, see also the notes to §§ 153A-307 and 153A-308.

Editor's Note. — Sections 153A-300 through 153A-308 were originally codified as §§ 153-383 through 153-391. They have been recodified in Chapter 153A as directed by Session Laws 1973, c. 822, s. 2.

§ 153A-301. Purposes for which districts may be established. — The board of commissioners of any county may define any number of service districts in order to finance, provide, or maintain for the districts one or more of the following services, facilities and functions in addition to or to a greater extent than those financed, provided or maintained for the entire county:

(1) Beach erosion control and flood and hurricane protection works;
(2) Fire protection;

(3) Recreation;
(4) Sewage collection and disposal systems;
(5) Solid waste collection and disposal systems;
(6) Water supply and distribution systems. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-302. Definition of service districts. — (a) Standards. — In determining whether to establish a proposed service district, the board of commissioners shall consider:

(1) The resident or seasonal population and population density of the proposed district;
(2) The appraised value of property subject to taxation in the proposed district;
(3) The present tax rates of the county and any cities or special districts in which the district or any portion thereof is located;
(4) The ability of the proposed district to sustain the additional taxes necessary to provide the services planned for the district;
(5) If it is proposed to furnish water, sewer, or solid waste collection services in the district, the probable net revenues of the projects to be financed and the extent to which the services will be self-supporting;
(6) Any other matters that the commissioners believe to have a bearing on whether the district should be established.

The board of commissioners may establish a service district if, upon the information and evidence it receives, the board finds that

(1) There is a demonstrable need for providing in the district one or more of the services listed in G.S. 153A-301;
(2) It is impossible or impracticable to provide those services on a countywide basis;
(3) It is economically feasible to provide the proposed services in the district without unreasonable or burdensome annual tax levies; and
(4) There is a demonstrable demand for the proposed services by persons residing in the district.

Territory lying within the corporate limits of a city or sanitary district may not be included unless the governing body of the city or sanitary district agrees by resolution to such inclusion.

(b) Report. — Before the public hearing required by subsection (c), the board of commissioners shall cause to be prepared a report containing:

(1) A map of the proposed district, showing its proposed boundaries;
(2) A statement showing that the proposed district meets the standards set out in subsection (a); and
(3) A plan for providing one or more of the services listed in G.S. 153A-301 to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(c) Hearing and Notice. — The board of commissioners shall hold a public hearing before adopting any resolution defining a new service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (b) is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed by first-class mail at least four weeks before the date of the hearing to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(d) Effective Date. — The resolution defining a service district shall take

effect at the beginning of a fiscal year commencing after its passage, as determined by the board of commissioners. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-303. Extension of service districts. — (a) Standards. — The board of commissioners may by resolution annex territory to any service district upon finding that:

(1) The area to be annexed is contiguous to the district, with at least one eighth of the area's aggregate external boundary coincident with the existing boundary of the district; and
(2) That the area to be annexed requires the services of the district.

(b) Annexation by Petition. — The board of commissioners may also by resolution extend by annexation the boundaries of any service district when one hundred percent (100%) of the real property owners of the area to be annexed have petitioned the board for annexation to the service district.

(c) Territory lying within the corporate limits of a city or sanitary district may not be annexed to a service district unless the governing body of the city or sanitary district agrees by resolution to such annexation.

(d) Report. — Before the public hearing required by subsection (e), the board shall cause to be prepared a report containing:

(1) A map of the service district and the adjacent territory, showing the present and proposed boundaries of the district;
(2) A statement showing that the area to be annexed meets the standards and requirements of subsections (a), (b), and (c); and
(3) A plan for extending services to the area to be annexed.

The report shall be available for public inspection in the office of the clerk to the board for at least two weeks before the date of the public hearing.

(e) Hearing and Notice. — The board shall hold a public hearing before adopting any resolution extending the boundaries of a service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (d) is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing to the owners as shown by the county tax records as of the preceding January 1 of all property located within the area to be annexed. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(f) Effective Date. — The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-304. Consolidation of service districts. — (a) The board of commissioners may by resolution consolidate two or more service districts upon finding that:

(1) The districts are contiguous or are in a continuous boundary;
(2) The services provided in each of the districts are substantially the same; or
(3) If the services provided are lower for one of the districts, there is a need to increase those services for that district to the level of that enjoyed by the other districts.

(b) Report. — Before the public hearing required by subsection (c), the board of commissioners shall cause to be prepared a report containing:

(1) A map of the districts to be consolidated;

(2) A statement showing the proposed consolidation meets the standards of subsection (a); and

(3) If necessary, a plan for increasing the services for one of the districts so that they are substantially the same throughout the consolidated district.

The report shall be available in the office of the clerk to the board for at least two weeks before the public hearing.

(c) Hearing and Notice. — The board of commissioners shall hold a public hearing before adopting any resolution consolidating service districts. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, the notice shall be mailed at least four weeks before the hearing to the owners as shown by the county tax records as of the preceding January 1 of all property located within the consolidated district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and his certificate shall be conclusive in the absence of fraud.

(d) Effective Date. — The consolidation of service districts shall take effect at the beginning of a fiscal year commencing after passage of the resolution of consolidation, as determined by the board. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-305. Required provision or maintenance of services. — (a) New District. — When a county defines a new service district, it shall provide, maintain, or let contracts for the services for which the residents of the district are being taxed within a reasonable time, not to exceed one year, after the effective date of the definition of the district.

(b) Extended District. — When a county annexes territory to a service district, it shall provide, maintain, or let contracts for the services provided or maintained throughout the district to the residents of the area annexed to the district within a reasonable time, not to exceed one year, after the effective date of the annexation.

(c) Consolidated District. — When a county consolidates two or more service districts, one of which has had provided or maintained a lower level of services, it shall increase the services within that district (or let contracts therefor) to a level comparable to those provided or maintained elsewhere in the consolidated district within a reasonable time, not to exceed one year, after the effective date of the consolidation. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-306. Abolition of service districts. — Upon finding that there is no longer a need for a particular service district and that there are no outstanding bonds or notes issued to finance projects in the district, the board of commissioners may by resolution abolish that district. The board shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour and place of the hearing, and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any service district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the board. (1973, c. 489, s. 1; c. 822, s. 2.)

§ 153A-307. Taxes authorized; rate limitation. — A county may levy property taxes within defined service districts in addition to those levied throughout the county, in order to finance, provide or maintain for the districts services provided therein in addition to or to a greater extent than those financed, provided or maintained for the entire county. In addition, a county may allocate to a service district any other revenues whose use is not otherwise restricted by law.

Property subject to taxation in a newly established district or in an area

annexed to an existing district is that subject to taxation by the county as of the preceding January 1.

Property taxes may not be levied within any district established pursuant to this Article in excess of a rate on each one hundred dollars ($100.00) value of property subject to taxation which, when added to the rate levied countywide for purposes subject to the rate limitation, would exceed the rate limitation established in G.S. 153A-149(c), unless the portion of the rate in excess of this limitation is submitted to and approved by a majority of the qualified voters residing within the district. Any referendum held pursuant to this paragraph shall be held and conducted as provided in G.S. 153A-149. (1973, c. 489, s. 1; c. 822, s. 2.)

Editor's Note. — Session Laws 1973, c. 489, s. 4, provides that all portions of the act except §§ 153A-307 and 153A-308 become effective upon ratification, that §§ 153A-307 and 153A-308 become effective on July 1, 1973, but that all acts necessary to approve a tax levy or issue bonds on or after July 1, 1973, must be taken at any time after the effective date of the act. The act was ratified May 14, 1973. As to the effective date of this Article, see also § 153A-300.

§ 153A-308. Bonds authorized. — A county may issue its general obligation bonds under the Local Government Bond Act to finance services, facilities, or functions provided within a service district. If a proposed bond issue is required by law to be submitted to and approved by the voters of the county, and if the proceeds of the proposed bond issue are to be used in connection with a service that is or, if the bond issue is approved, will be provided only for one or more service districts or at a higher level in service districts than countywide, the proposed bond issue must be approved concurrently by a majority of those voting throughout the entire county and by a majority of the total of those voting in all of the affected or to-be-affected service districts. (1973, c. 489, s. 1; c. 822, s. 2.)

Editor's Note. — Session Laws 1973, c. 489, s. 4, provides that all portions of the act except §§ 153A-307 and 153A-308 become effective upon ratification, that §§ 153A-307 and 153A-308 become effective on July 1, 1973, but that all acts necessary to approve a tax levy or issue bonds on or after July 1, 1973, must be taken at any time after the effective date of the act. The act was ratified May 14, 1973. As to the effective date of this Article, see also § 153A-300.

Article 18.

Planning and Regulation of Development.

Part 1. General Provisions.

§ 153A-320. Territorial jurisdiction. — Each of the powers granted to counties by this Article, by Chapter 157A, and by Chapter 160A, Article 19 may be exercised throughout the county except as otherwise provided in G.S. 160A-360. (1959, c. 1006, s. 1; c. 1007; 1965, c. 194, s. 2; c. 195; 1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

Editor's Note. — Chapter 157A, referred to in this section, was transferred to Chapter 160A, Article 19, Part 3B, by Session Laws 1973, c. 426, s. 62.

§ 153A-321. Planning agency. — A county may by ordinance create or designate one or more agencies to perform the following duties:

(1) Make studies of the county and surrounding areas;
(2) Determine objectives to be sought in the development of the study area;

(3) Prepare and adopt plans for achieving these objectives;
(4) Develop and recommend policies, ordinances, administrative procedures, and other means for carrying out plans in a coordinated and efficient manner;
(5) Advise the board of commissioners concerning the use and amendment of means for carrying out plans;
(6) Exercise any functions in the administration and enforcement of various means for carrying out plans that the board of commissioners may direct;
(7) Perform any other related duties that the board of commissioners may direct.

An agency created or designated pursuant to this section may include one or more of the following, with any staff that the board of commissioners considers appropriate:

(1) A planning board or commission of any size (not less than three members) or composition considered appropriate, organized in any manner considered appropriate;
(2) A joint planning board created by two or more local governments according to the procedures and provisions of Chapter 160A, Article 20, Part 1. (1945, c. 1040, s. 1; 1955, c. 1252; 1957, c. 947; 1959, c. 327, s. 1; c. 390; 1973, c. 822, s. 1.)

Member of County Planning Board Serves at Will of Commissioners. — See opinion of Attorney General to Mr. William C. Reeves, Madison County Attorney, 41 N.C.A.G. 230 (1971).

§ 153A-322. Supplemental powers. — A county or its designated planning agency may accept, receive, and disburse in furtherance of its functions funds, grants, and services made available by the federal government or its agencies, the State government or its agencies, any local government or its agencies, and private or civic sources. A county, or its designated planning agency with the concurrence of the board of commissioners, may enter into and carry out contracts with the State or federal governments or any agencies of either under which financial or other planning assistance is made available to the county and may agree to and comply with any reasonable conditions that are imposed upon the assistance.

A county, or its designated planning agency with the concurrence of the board of commissioners, may enter into and carry out contracts with any other county, city, regional council, or planning agency under which it agrees to furnish technical planning assistance to the other local government or planning agency. A county, or its designated planning agency with the concurrence of the board of commissioners, may enter into and carry out contracts with any other county, city, regional council, or planning agency under which it agrees to pay the other local government or planning agency for technical planning assistance.

A county may make any appropriations that may be necessary to carry out an activity or contract authorized by this Article, by Chapter 157A, or by Chapter 160A, Article 19 or to support any planning agency that it may create or designate pursuant to this Article. (1945, c. 1040, s. 1; 1955, c. 1252; 1957, c. 947; 1959, c. 327, s. 1; c. 390; 1973, c. 822, s. 1.)

Editor's Note. — Chapter 157A, referred to in this section, was transferred to Chapter 160A, Article 19, Part 3B, by Session Laws 1973, c. 426, s. 62.

§ 153A-323. Procedure for adopting or amending ordinances under this Article and Chapter 160A, Article 19. — Before adopting or amending any ordinance authorized by this Article or Chapter 160A, Article 19, the board of commissioners shall hold a public hearing on the ordinance or amendment. The

board shall cause notice of the hearing to be published once a week for two successive calendar weeks. The notice shall be published the first time not less than 15 days nor more than 25 days before the date fixed for the hearing. (1959, c. 1006, s. 1; c. 1007; 1973, c. 822, s. 1.)

The manifest intention of the General Assembly was that a public hearing be conducted at which those who opposed and those who favored adoption of the ordinance would have a fair opportunity to present their respective views. Freeland v. Orange County, 273 N.C. 452, 160 S.E.2d 282 (1968); Orange County v. Heath, 278 N.C. 688, 180 S.E.2d 810 (1971).

The requirement that a public hearing be conducted is mandatory. Freeland v. Orange County, 273 N.C. 452, 160 S.E.2d 282 (1968); Orange County v. Heath, 278 N.C. 688, 180 S.E.2d 810 (1971).

County commissioners are not required to hear all persons in attendance without limitation as to number and time. Freeland v. Orange County, 273 N.C. 452, 160 S.E.2d 282 (1968).

Nor to Answer Questions. — The county commissioners are not required to answer questions asked by those in attendance at the public meeting. Freeland v. Orange County, 273 N.C. 452, 160 S.E.2d 282 (1968).

Repetition of Same Views Not Contemplated. — The General Assembly did not contemplate that all persons entertaining the same views would have an unqualified right to iterate and reiterate these views in endless repetition. Freeland v. Orange County, 273 N.C. 452, 160 S.E.2d 282 (1968).

§ 153A-324. Enforcement of ordinances. — In addition to the enforcement provisions of this Article and subject to the provisions of the ordinance, any ordinance adopted pursuant to this Article, to Chapter 157A, or to Chapter 160A, Article 19 may be enforced by any remedy provided by G.S. 153A-123. (1959, c. 1006, s. 1; 1961, c. 414; 1973, c. 822, s. 1.)

Editor's Note. — Chapter 157A, referred to in this section, was transferred to Chapter 160A, Article 19, Part 3B, by Session Laws 1973, c. 426, s. 62.

Zoning Ordinance May Be Enforced by Injunction. — The relevant enabling acts provide for enforcement of the provisions of a zoning ordinance by injunction. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

§§ 153A-325 to 153A-329: Reserved for future codification purposes.

Part 2. Subdivision Regulation.

§ 153A-330. Subdivision regulation. — A county may by ordinance regulate the subdivision of land within its territorial jurisdiction. If a county, pursuant to G.S. 153A-342, has adopted a zoning ordinance that applies only to one or more designated portions of its territorial jurisdiction, it may adopt subdivision regulations that apply only within the areas so zoned and need not regulate the subdivision of land in the rest of its jurisdiction. (1959, c. 1007; 1965, c. 195; 1973, c. 822, s. 1.)

Limitation on Authority of County Commissioners to Adopt Subdivision Control Ordinance. — The authority of a board of county commissioners to adopt a subdivision control ordinance may be lawfully exercised only within prescribed limitations. Thus, a subdivision ordinance adopted by the board of county commissioners applies solely to land lying within the county and outside the subdivision-regulation jurisdiction of any municipality. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

§ 153A-331. Contents and requirements of ordinance. — A subdivision control ordinance may provide for the orderly growth and development of the county; for the coordination of streets and highways within proposed subdivisions with existing or planned streets and highways and with other public facilities; for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision and of rights-of-way or easements for street and utility purposes; and for the distribution of population and traffic in a manner that will avoid congestion and overcrowding and will create conditions essential to public health, safety, and the general welfare. The ordinance may include requirements that the

final plat show sufficient data to determine readily and reproduce accurately on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformity with good surveying practice.

The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with county policies and standards, and, to assure compliance with these requirements, the ordinance may provide for the posting of bond or any other method that will offer guarantee of compliance.

The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the board of commissioners or the planning agency. For the authorization to reserve school sites to be effective, the board of commissioners or planning agency, before approving a comprehensive land use plan, shall determine jointly with the board of education with jurisdiction over the area the specific location and size of each school site to be reserved, and this information shall appear in the plan. Whenever a subdivision that includes part or all of a school site to be reserved under the plan is submitted for approval, the board of commissioners or the planning agency shall immediately notify the board of education. That board shall promptly decide whether it still wishes the site to be reserved and shall notify the board of commissioners or planning agency of its decision. If the board of education does not wish the site to be reserved, no site may be reserved. If the board of education does wish the site to be reserved, the subdivision may not be approved without the reservation. The board of education must acquire the site within 18 months after the date the site is reserved, either by purchase or by exercise of the power of eminent domain. If the board of education has not purchased the site or begun proceedings to condemn the site within the 18 months, the subdivider may treat the land as freed of the reservation.

The ordinance may require that a plat be prepared, approved, and recorded pursuant to its provisions whenever a subdivision of land takes place. (1959, c. 1007; 1973, c. 822, s. 1.)

Former Statute Did Not Authorize Laying Out, etc., of Highways, Streets or Alleys within Meaning of Constitution. — The statutory provisions of former §§ 153-266.3 and 153-266.4, as to what may and what must be included in a county subdivision ordinance, did not constitute "authorizing the laying out, opening, altering, maintaining, or discontinuing of highways, streets, or alleys" within the meaning of N.C. Const., Art. II, § 24. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

§ 153A-332. Ordinance to contain procedure for plat approval; approval prerequisite to plat recordation; statement by owner. — A subdivision ordinance adopted pursuant to this Part shall contain provisions setting forth the procedures to be followed in granting or denying approval of a subdivision plat before its registration.

The ordinance shall provide that the following agencies be given an opportunity to make recommendations concerning an individual subdivision plat before the plat is approved:

(1) The district highway engineer as to proposed streets, highways, and drainage systems;

(2) The county health director as to proposed water or sewerage systems;

(3) Any other agency or official designated by the board of commissioners.

The ordinance may provide that final approval of each individual subdivision plat is to be given by:

(1) The board of commissioners,

(2) The board of commissioners on recommendation of a planning agency, or

(3) A designated planning agency.

From the time that a subdivision ordinance is filed with the register of deeds of the county, no subdivision plat of land within the county's jurisdiction may be filed or recorded until it has been submitted to and approved by the appropriate board or agency, as specified in the subdivision ordinance, and until this approval is entered in writing on the face of the plat by the chairman or head of the board or agency. The register of deeds may not file or record a plat of a subdivision of land located within the territorial jurisdiction of the county that has not been approved in accordance with these provisions, and the clerk of superior court may not order or direct the recording of a plat if the recording would be in conflict with this section. The owner of land shown on a subdivision plat submitted for recording, or his authorized agent, shall sign a statement on the plat stating whether any land shown thereon is within the subdivision-regulation jurisdiction of the county. (1959, c. 1007; 1973, c. 822, s. 1.)

Editor's Note. For article, "Transferring North Carolina Real Estate, Part I: How the Present System Functions," see 49 N.C.L. Rev. 413 (1971).

§ 153A-333. Effect of plat approval on dedications. — The approval of a plat does not constitute or effect the acceptance by the county or the public of the dedication of any street or other ground, public utility line, or other public facility shown on the plat and shall not be construed to do so. (1959, c. 1007; 1973, c. 822, s. 1.)

§ 153A-334. Penalties for transferring lots in unapproved subdivisions. — If a person who is the owner or the agent of the owner of any land located within the territorial jurisdiction of a county that has adopted a subdivision-regulation ordinance subdivides his land in violation of the ordinance or transfers or sells land by reference to, exhibition of, or any other use of a plat showing a subdivision of the land before the plat has been properly approved under the ordinance and recorded in the office of the appropriate register of deeds, he is guilty of a misdemeanor. The description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring land does not exempt the transaction from this penalty. The county may enjoin illegal subdivision, transfer, or sale of land by action for injunction. (1959, c. 1007; 1973, c. 822, s. 1.)

Purpose of Section. — The sole purpose of former § 153-266.6, similar to this section, was to compel compliance with ordinance provisions seeking to prevent any subdivision of land covered by its terms unless and until the proposed subdivision map had been submitted to and approved by designated governmental agencies. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

What the statute condemns as a misdemeanor is the description of land in any contract of sale, deed or other instrument of transfer by reference to a subdivision plat that has not been properly approved and recorded. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

Recording of Instrument Containing Improper Reference Is Immaterial. — The misdemeanor defined in the statute relates to a sale or transfer of land with reference to a plat showing a subdivision of land before such plat has been properly approved under the ordinance and recorded in the office of the appropriate register of deeds. Whether the contract of sale, deed or other instrument of transfer is recorded is immaterial. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

Person Subject to Prosecution. — The owner or agent of the owner of land within the "platting jurisdiction" granted the county commissioners by statute is the only person subject to criminal prosecution for sale of land by reference to an unapproved plat. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

Prerequisites to Conviction. — As one of the prerequisites to conviction for sale of land by reference to an unapproved plat, it must be alleged and established that an ordinance regulating the subdivision of land was adopted by the board of county commissioners in accordance with the authority conferred by statute. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

Warrant Must Allege That Defendant Was Owner or Agent of Owner of Land within Platting District. — A warrant is fatally defective if it fails to allege one of the essential elements of the criminal offense, namely, that defendant was the owner or agent of the owner of land within the platting jurisdiction granted

to the county commissioners by the statute. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

The general allegation that defendant's conduct constituted a misdemeanor in violation of the statute is insufficient. State v. McBane, 276 N.C. 60, 170 S.E.2d 913 (1969).

§ 153A-335. "Subdivision" defined. — For purposes of this Part, "subdivision" means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions for the purpose of sale or building development (whether immediate or future) and includes all division of land involving the dedication of a new street or a change in existing streets; however, the following is not included within this definition and is not subject to any regulations enacted pursuant to this Part:

(1) The combination or recombination of portions of previously platted lots if the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the county as shown in its subdivision regulations;

(2) The division of land into parcels greater than 10 acres if no street right-of-way dedication is involved;

(3) The public acquisition by purchase of strips of land for widening or opening streets; and

(4) The division of a tract in single ownership the entire area of which is no greater than two acres into not more than three lots, if no street right-of-way dedication is involved and if the resultant lots are equal to or exceed the standards of the county as shown by its subdivision regulations. (1959, c. 1007; 1973, c. 822, s. 1.)

§§ 153A-336 to 153A-339: Reserved for future codification purposes.

Part 3. Zoning.

§ 153A-340. Grant of power. — For the purpose of promoting health, safety, morals, or the general welfare, a county may regulate and restrict

(1) The height, number of stories, and size of buildings and other structures,

(2) The percentage of lot that may be occupied,

(3) The size of yards, courts, and other open spaces,

(4) The density of population, and

(5) The location and use of buildings, structures, and land for trade, industry, residence, or other purposes, except farming.

These regulations may not affect bona fide farms, but any use of farm property for nonfarm purposes is subject to the regulations. The regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained. The regulations may also provide that the board of adjustment or the board of commissioners may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. Where appropriate, the conditions may include requirements that street and utility rights-of-way be dedicated to the public and that recreational space be provided. (1959, c. 1006, s. 1; 1967, c. 1208, s. 4; 1973, c. 822, s. 1.)

Editor's Note. — For note on coastal land use development and area-wide zoning, see 49 N.C.L. Rev. 866 (1971).

Counties have no inherent authority to enact zoning ordinances. Jackson v. Guilford County Bd. of Adjustment, 275 N.C. 155, 166 S.E.2d 78 (1969).

Delegation of Power to Adopt Zoning Ordinances. — The authority of the General Assembly to delegate to municipal corporations power to legislate concerning local problems, such as zoning, is an exception (established by custom in most, if not all, of the states) to the general rule that legislative powers, vested in

the General Assembly by N.C. Const., Art. II, § 1, may not be delegated by it. This exception to the doctrine of nondelegation is not limited to a delegation of such legislative authority to incorporated cities and towns, but extends, as to other types of local matters, to a like delegation to counties and other units established by the General Assembly for local government. Jackson v. Guilford County Bd. of Adjustment, 275 N.C. 155, 166 S.E.2d 78 (1969).

The General Assembly may, notwithstanding N.C. Const., Art. II, § 1, confer upon county boards of commissioners power to adopt zoning ordinances otherwise valid. Jackson v. Guilford County Bd. of Adjustment, 275 N.C. 155, 166 S.E.2d 78 (1969).

But the legislative body of the municipal corporation may not delegate to the municipal board of adjustment the power to zone; that is, the power originally vested in the General Assembly to legislate with reference to the use which may be made of land and the structures which may be erected or located thereon. It follows that a county zoning ordinance may not delegate such legislative powers to the county board of adjustment. Jackson v. Guilford County Bd. of Adjustment, 275 N.C. 155, 166 S.E.2d 78 (1969).

Zoning Ordinance Is Presumed Valid. — The presumption is that a zoning ordinance as a whole is a proper exercise of the police power. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

Burden of Showing Invalidity Is on One Asserting It. — The burden to show that a zoning ordinance as a whole is not a proper exercise of the police power rests upon a property owner who asserts its invalidity. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

Showing Ordinance Depreciates Complainant's Property Is Insufficient. — The mere fact that a zoning ordinance seriously depreciates the value of complainant's property is not enough, standing alone, to establish its invalidity. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

Power of County Commissioners to Grant Special Exceptions. — The statute, which authorizes the board of county commissioners by regulation to provide that the board of adjustment or the board of county commissioners may issue special use permits or conditional permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified in the zoning ordinance, did not purport to confer more power upon the commissioners to grant special exceptions than the commissioners could delegate to the board of adjustment. In re Application of Ellis, 277 N.C. 419, 178 S.E.2d 77 (1970).

Like the board of adjustment, the commissioners cannot deny applicants a permit in their unguided discretion or, stated differently, refuse it solely because, in their view, a mobile-home park would "adversely affect the public interest." The commissioners must also proceed under standards, rules and regulations, uniformly applicable to all who apply for permits. In re Application of Ellis, 277 N.C. 419, 178 S.E.2d 77 (1970).

Ordinance Requiring Denial of Permit Held Invalid. — So much of an ordinance as required the board of adjustment to deny a permit for the establishment of a mobile-home park in an A-1 agricultural district unless it found "that the granting of the special exception will not adversely affect the public interest" was beyond the authority of the board of county commissioners to enact and so was invalid. Keiger v. Winston-Salem Bd. of Adjustment, 278 N.C. 17, 178 S.E.2d 616 (1971).

§ 153A-341. Purposes in view. — Zoning regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. The regulations shall be made with reasonable consideration as to, among other things, the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the county. In addition, the regulations shall be made with reasonable consideration to expansion and development of any cities within the county, so as to provide for their orderly growth and development. (1959, c. 1006, s. 1; 1973, c. 822, s. 1.)

§ 153A-342. Districts; zoning less than entire jurisdiction. — A county may divide its territorial jurisdiction into districts of any number, shape, and area that it may consider best suited to carry out the purposes of this Part. Within these districts a county may regulate and restrict the erection,

construction, reconstruction, alteration, repair, or use of buildings, structures, or land. All regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts.

A county may determine that the public interest does not require that the entire territorial jurisdiction of the county be zoned and may designate one or more portions of that jurisdiction as a zoning area or areas. A zoning area must originally contain at least 640 acres and at least 10 separate tracts of land in separate ownership and may thereafter be expanded by the addition of any amount of territory. A zoning area may be regulated in the same manner as if the entire county were zoned, and the remainder of the county need not be regulated. (1959, c. 1006, s. 1; 1965, c. 194, s. 2; 1973, c. 822, s. 1.)

§ 153A-343. Method of procedure. — The board of commissioners shall, in accordance with the provisions of this Article, provide for the manner in which zoning regulations and restrictions and the boundaries of zoning districts shall be determined, established, and enforced, and from time to time amended, supplemented, or changed. (1973, c. 822, s. 1.)

§ 153A-344. Planning agency; zoning plan; certification to board of commissioners; amendments. — To exercise the powers conferred by this Part, a county shall create or designate a planning agency under the provisions of this Article or of a local act. The planning agency shall prepare a zoning plan, including both the full text of a zoning ordinance and maps showing proposed district boundaries. The planning agency may hold public hearings in the course of preparing the plan. Upon completion, the planning agency shall certify the plan to the board of commissioners. The board of commissioners may not hold the public hearing required by G.S. 153A-323 or take action until it has received a certified plan from the planning agency. Following its required public hearing, the board of commissioners may refer the plan back to the planning agency for any further recommendations that the agency may wish to make prior to final action by the board in adopting, modifying and adopting, or rejecting the ordinance.

Zoning regulations and restrictions and zone boundaries may from time to time be amended, supplemented, changed, modified, or repealed. Whenever territory is added to an existing designated zoning area, it shall be treated as an amendment to the zoning ordinance for that area. Before an amendment may be adopted, it must be referred to the planning agency for the agency's recommendation. The agency shall be given at least 30 days in which to make a recommendation. The board of commissioners is not bound by the recommendations, if any, of the planning agency. (1959, c. 1006, s. 1; 1965, c. 194, s. 3; 1973, c. 822, s. 1.)

The manifest intention of the General Assembly was that a public hearing be conducted at which those who opposed and those who favored adoption of an ordinance would have a fair opportunity to present their respective views. Orange County v. Heath, 278 N.C. 688, 180 S.E.2d 810 (1971).

The requirement that a public hearing be conducted is mandatory. Orange County v. Heath, 278 N.C. 688, 180 S.E.2d 810 (1971).

§ 153A-345. Board of adjustment. — (a) The board of commissioners may provide for the appointment and compensation, if any, of a board of adjustment consisting of at least five members, each to be appointed for three years. In appointing the original members of the board, or in filling vacancies caused by the expiration of the terms of existing members, the board of commissioners may appoint some members for less than three years to the end that thereafter the terms of all members do not expire at the same time. The board of commissioners may provide for the appointment and compensation, if any, of alternate members to serve on the board in the absence of any regular member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular members. Each alternate member,

while attending any regular or special meeting of the board and serving in the absence of a regular member, has and may exercise all the powers and duties of a regular member. If the board of commissioners does not zone the entire territorial jurisdiction of the county, each designated zoning area shall have at least one resident as a member of the board of adjustment.

A county may designate a planning agency to perform the duties of a board of adjustment in addition to its other duties.

(b) The board of adjustment shall hear and decide appeals from and review any order, requirement, decision, or determination made by an administrative official charged with enforcing an ordinance adopted pursuant to this Part. Any person aggrieved or any officer, department, board, or bureau of the county may take an appeal. Appeals shall be taken within times prescribed by the board of adjustment by general rule, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment, after notice of appeal has been filed with him, that because of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In that case proceedings may not be stayed except by a restraining order, which may be granted by the board of adjustment or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown. The board of adjustment shall fix a reasonable time for the hearing of the appeal, give due notice of the appeal to the parties, and decide the appeal within a reasonable time. The board of adjustment may reverse or affirm, in whole or in part, or may modify the order, requirement, decision, or determination appealed from, and shall make any order, requirement, decision, or determination that in its opinion ought to be made in the circumstances. To this end the board has all of the powers of the officer from whom the appeal is taken.

(c) The zoning ordinance may provide that the board of adjustment may permit special exceptions to the zoning regulations in classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified in the ordinance. The ordinance may also authorize the board to interpret zoning maps and pass upon disputed questions of lot lines or district boundary lines and similar questions that may arise in the administration of the ordinance. The board shall hear and decide all matters referred to it or upon which it is required to pass under the zoning ordinance.

(d) When practical difficulties or unnecessary hardships would result from carrying out the strict letter of a zoning ordinance, the board of adjustment may, in passing upon appeals, vary or modify any regulation or provision of the ordinance relating to the use, construction, or alteration of buildings or structures or the use of land, so that the spirit of the ordinance is observed, public safety and welfare secured, and substantial justice done.

(e) The board of adjustment, by a vote of four fifths of its members, may reverse any order, requirement, decision, or determination of an administrative officer charged with enforcing an ordinance adopted pursuant to this Part, or may decide in favor of the applicant a matter upon which the board is required to pass under the ordinance, or may grant a variance from the provisions of the ordinance. Each decision of the board is subject to review by the superior court by proceedings in the nature of certiorari.

(f) The chairman of the board of adjustment or any member temporarily acting as chairman may in his official capacity administer oaths to witnesses in any matter coming before the board. (1959, c. 1006, s. 1; 1965, c. 194, s. 4; 1967, c. 1208, ss. 5-7; 1973, c. 822, s. 1.)

Authority to Determine Facts and Draw Conclusions. — The legislature may delegate to the board of adjustment, as a quasi-judicial body, the authority to determine facts and

therefrom to draw conclusions as a basis of its official action. Jackson v. Guilford County Bd. of Adjustment, 2 N.C. App. 408, 163 S.E.2d 265 (1968).

The decisions of the board are final, subject to the right of the courts to review errors in law and to give relief against its orders which are arbitrary, oppressive, or attended with manifest abuse of authority. Jackson v. Guilford County Bd. of Adjustment, 2 N.C. App. 408, 163 S.E.2d 265 (1968).

The writ permitted to obtain review of the decision of a board of adjustment is a writ to bring the matter before the court upon the evidence presented by the record itself for review of alleged errors of law. Jackson v. Guilford County Bd. of Adjustment, 2 N.C. App. 408, 163 S.E.2d 265 (1968).

Decisions of a board of adjustment are not subject to collateral attack. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

They Are Only Reviewable on Certiorari for Errors in Law and Abuse of Authority. — The decisions of the board of adjustment are final, subject to the right of courts on certiorari to review errors in law and to give relief against its orders which are arbitrary, oppressive or attended with manifest abuse of authority. County of Durham v. Addison, 262 N.C. 280, 136 S.E.2d 600 (1964).

Equity Will Not Relieve against Zoning Unless Property Rights Invaded or There Is No Other Adequate Remedy. — There is no ground for equitable relief against zoning where there has been no invasion of property rights, or where there is an adequate remedy at law, as by certiorari or mandamus, or by pursuit of a statutory remedy. Michael v. Guilford County, 269 N.C. 515, 153 S.E.2d 106 (1967).

Depreciation of Complainant's Property Does Not Invalidate Ordinance. — The mere fact that a zoning ordinance seriously depreciates the value of complainant's property is not enough, standing alone, to establish its invalidity. Michael v. Guilford County, 269 N.C. 515, 153 S.E.2d 106 (1967).

Special Exception Defined. — A special exception within the meaning of a zoning ordinance is one which is expressly permitted in a given zone upon proof that certain facts and conditions detailed in the ordinance exist. It is granted by the board, after a public hearing, upon a finding that the specified conditions have been satisfied. In re Application of Ellis, 277 N.C. 419, 178 S.E.2d 77 (1970).

A property owner's right to a special-exception permit cannot be made to hinge upon whether the board considers the proposed structure beneficial or harmful to the community. Such power would subject the board to the pressures of individuals or groups who, for an infinite variety of reasons, might oppose the permit, and enable it to make a different rule of law in every case. This section, which empowers the commissioners to authorize the board of adjustment to permit special exceptions "in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified in the ordinance," does not purport to confer such unbridled discretion upon it. In re Application of Ellis, 277 N.C. 419, 178 S.E.2d 77 (1970).

A provision of a county ordinance requiring the board of adjustment to deny a permit if it finds the granting of it will adversely affect the public interest, was in excess of the authority which the statute permits to be so conferred upon the board. Jackson v. Guilford County Bd. of Adjustment, 275 N.C. 155, 166 S.E.2d 78 (1969).

§ 153A-346. Conflict with other laws. — When regulations made under authority of this Part require a greater width or size of yards or courts, or require a lower height of a building or fewer number of stories, or require a greater percentage of a lot to be left unoccupied, or imposed other higher standards than are required in any other statute or local ordinance or regulation, the regulations made under authority of this Part govern. When the provisions of any other statute or local ordinance or regulation require a greater width or size of yards or courts, or require a lower height of a building or a fewer number of stories, or require a greater percentage of a lot to be left unoccupied, or impose other higher standards than are required by regulations made under authority of this Part, the provisions of the other statute or local ordinance or regulation govern. (1959, c. 1006, s. 1; 1973, c. 822, s. 1.)

§ 153A-347. Part applicable to buildings constructed by the State and its subdivisions. — Each provision of this Part is applicable to the erection, construction, and use of buildings by the State of North Carolina and its political subdivisions. (1959, c. 1006, s. 1; 1973, c. 822, s. 1.)

§§ 153A-348, 153A-349: Reserved for future codification purposes.

Part 4. Building Inspection.

§ 153A-350. "Building" defined. — As used in this Part, the words "building" or "buildings" include other structures. (1973, c. 822, s. 1.)

§ 153A-351. Inspection department; certification of electrical inspectors. — (a) A county may create an inspection department, consisting of one or more inspectors who may be given the titles of building inspector, electrical inspector, plumbing inspector, housing inspector, zoning inspector, heating and air-conditioning inspector, fire prevention inspector, deputy or assistant inspector, or any other title that is generally descriptive of the duties assigned. The department may be headed by a superintendent or director of inspections.

(b) No person may perform electrical inspections pursuant to this Part unless he has been certified as qualified by the Commissioner of Insurance. To be certified a person must pass a written examination based on the electrical regulations included in the latest edition of the State Building Code as filed with the Secretary of State. The examination shall be under the supervision of and conducted according to rules and regulations prescribed by the Chief State Electrical Inspector or Engineer of the State Department of Insurance and the Board of Examiners of Electrical Contractors. It shall be held quarterly, in Raleigh or any other place designated by the Chief State Electrical Inspector or Engineer.

The rules and regulations may provide for the certification of class I, class II, and class III inspectors, according to the results of the examination. The examination shall be based on the type and character of electrical installations being made in the territory in which the applicant wishes to serve as an electrical inspector. A class I inspector may serve anywhere in the State, but class II and class III inspectors shall be limited to service in the territory for which they have qualified.

The Commissioner of Insurance shall issue a certificate to each person who passes the examination, approving the person for service in a designated territory. To remain valid, a certificate must be renewed each January by payment of an annual renewal fee of one dollar ($1.00). The examination fee shall be five dollars ($5.00).

If the person appointed by a county as electrical inspector fails to pass the examination, the county shall continue to make appointments until an appointee has passed the examination. For the interim the Commissioner of Insurance may authorize the county to use a temporary inspector. (1937, c. 57; 1941, c. 105; 1947, c. 719; 1951, c. 651; 1953, c. 984; 1955, cc. 144, 942, 1171; 1957, cc. 415, 456, 1286, 1294; 1959, cc. 399, 940, 1031; 1961, cc. 763, 884, 1036; 1963, cc. 639, 868; 1965, cc. 243, 371, 453, 494, 846; 1967, cc. 45, 73, 113; c. 495, ss. 1, 3; 1969, cc. 675, 918; c. 1003, s. 7; c. 1010, s. 4; c. 1064, ss. 1, 4, 5; c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-352. Duties and responsibilities. — The duties and responsibilities of an inspection department and of the inspectors in it are to enforce within the county's territorial jurisdiction State and local laws and local ordinances and regulations relating to:

(1) The construction of buildings;
(2) The installation of such facilities as plumbing systems, electrical systems, heating systems, refrigeration systems, and air-conditioning systems;
(3) The maintenance of buildings in a safe, sanitary, and healthful condition;
(4) Other matters that may be specified by the board of commissioners.

These duties and responsibilities include receiving applications for permits and issuing or denying permits, making necessary inspections, issuing or denying certificates of compliance, issuing orders to correct violations, bringing judicial actions against actual or threatened violations, keeping adequate records, and

taking any other actions that may be required to adequately enforce the laws and ordinances and regulations. The board of commissioners may enact reasonable and appropriate provisions governing the enforcement of the laws and ordinances and regulations. (1937, c. 57; 1941, c. 105; 1947, c. 719; 1951, c. 651; 1953, c. 984; 1955, cc. 144, 942, 1171; 1957, cc. 415, 456, 1286, 1294; 1959, cc. 399, 940, 1031; 1961, cc. 763, 884, 1036; 1963, cc. 639, 868; 1965, cc. 243, 371, 453, 494, 846; 1967, cc. 45, 73, 113; c. 495, ss. 1, 3; 1969, cc. 675, 918; c. 1003, s. 7; c. 1010, s. 4; c. 1064, ss. 1, 4, 5; c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-353. Joint inspection department; other arrangements. — A county may enter into and carry out contracts with one or more other counties or cities under which the parties agree to create and support a joint inspection department for enforcing those State and local laws and local ordinances and regulations specified in the agreement. The governing bodies of the contracting units may make any necessary appropriations for this purpose.

In lieu of a joint inspection department, a county may designate an inspector from another county or from a city to serve as a member of the county inspection department, with the approval of the governing body of the other county or city. The inspector, while exercising the duties of the position, is a county employee. (1937, c. 57; 1941, c. 105; 1947, c. 719; 1951, c. 651; 1959, c. 940; 1963, c. 639; 1965, c. 371; 1967, c. 495, s. 1; 1969, c. 918; c. 1010, s. 4; c. 1064, ss. 1, 5; c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-354. Financial support. — A county may appropriate any available funds for the support of its inspection department. It may provide for paying inspectors fixed salaries, or it may reimburse them for their services by paying over part or all of any fees collected. It may fix reasonable fees for issuing permits, for inspections, and for other services of the inspection department. (1937, c. 57; 1941, c. 105; 1947, c. 719; 1951, c. 651; 1953, c. 984; 1955, cc. 144, 942, 1171; 1957, cc. 415, 456, 1286, 1294; 1959, cc. 399, 940, 1031; 1961, cc. 763, 884, 1036; 1963, cc. 639, 868; 1965, cc. 243, 371, 453, 494, 846; 1967, cc. 45, 73, 113; c. 495, ss. 1, 3; 1969, cc. 675, 918; c. 1003, s. 7; c. 1010, s. 4; c. 1064, ss. 1, 4, 5; c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-355. Conflicts of interest. — Unless he is the owner of the building, no member of an inspection department may be financially interested in furnishing labor, material, or appliances for the construction, alteration, or maintenance of any building within the county's territorial jurisdiction or any part or system thereof, or in making plans or specifications therefor. No member of any inspection department may engage in any work that is inconsistent with his duties or with the interest of the county. (1937, c. 57; 1941, c. 105; 1947, c. 719; 1951, c. 651; 1953, c. 984; 1955, cc. 144, 942, 1171; 1957, cc. 415, 456, 1286, 1294; 1959, cc. 399, 1031; 1961, cc. 763, 884, 1036; 1963, c. 868; 1965, cc. 243, 453, 494, 846; 1967, cc. 45, 73, 113; c. 495, s. 3; 1969, cc. 675, 918; c. 1003, s. 7; c. 1064, ss. 1, 4; c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-356. Failure to perform duties. — If a member of an inspection department willfully fails to perform the duties required of him by law, or willfully improperly issues a permit, or gives a certificate of compliance without first making the inspections required by law, or willfully improperly gives a certificate of compliance, he is guilty of a misdemeanor. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-357. Permits. — No person may commence or proceed with:

(1) The construction, reconstruction, alteration, repair, removal, or demolition of any building;
(2) The installation, extension, or general repair of any plumbing system;
(3) The installation, extension, alteration, or general repair of any hearing or cooling equipment system; or

(4) The installation, extension, alteration, or general repair of any electrical wiring, devices, appliances, or equipment

without first securing from the inspection department with jurisdiction over the site of the work each permit required by the State Building Code and any other State or local law or local ordinance or regulation applicable to the work. A permit shall be in writing and shall contain a provision that the work done shall comply with the State Building Code and all other applicable State and local laws and local ordinances and regulations. No permit may be issued unless the plans and specifications are identified by the name and address of the author thereof; and if the General Statutes of North Carolina require that plans for certain types of work be prepared only by a registered architect or registered engineer, no permit may be issued unless the plans and specifications bear the North Carolina seal of a registered architect or of a registered engineer. If a provision of the General Statutes of North Carolina or of any ordinance requires that work be done by a licensed specialty contractor of any kind, no permit for the work may be issued unless the work is to be performed by such a duly licensed contractor. Violation of this section constitutes a misdemeanor. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-358. Time limitations on validity of permits.** — A permit issued pursuant to G.S. 153A-357 expires six months, or any lesser time fixed by ordinance of the county, after the date of issuance if the work authorized by the permit has not commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefor immediately expires. No work authorized by a permit that has expired may thereafter be performed until a new permit has been secured. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-359. Changes in work.** — After a permit has been issued, no change or deviation from the terms of the application, the plans and specifications, or the permit, except if the change or deviation is clearly permissible under the State Building Code, may be made until specific written approval of the proposed change or deviation has been obtained from the inspection department. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-360. Inspections of work in progress.** — As the work pursuant to a permit progresses, local inspectors shall make as many inspections of the work as may be necessary to satisfy them that it is being done according to the provisions of the applicable State and local laws and local ordinances and regulations and of the terms of the permit. In exercising this power, each member of the inspection department has a right, upon presentation of proper credentials, to enter on any premises within the territorial jurisdiction of the department at any reasonable hour for the purposes of inspection or other enforcement action. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-361. Stop orders.** — Whenever a building or part thereof is being demolished, constructed, reconstructed, altered, or repaired in a hazardous manner, or in substantial violation of a State or local building law or local building ordinance or regulation, or in a manner that endangers life or property, the appropriate inspector may order the specific part of the work that is in violation or that presents such a hazard to be immediately stopped. The stop order shall be in writing and directed to the person doing the work, and shall state the specific work to be stopped, the specific reasons for the stoppage, and the conditions under which the work may be resumed. The owner or builder may appeal from a stop order to the North Carolina Commissioner of Insurance within five days after the day the order is issued. The owner or builder shall give to the Commissioner of Insurance written notice of appeal, with a copy to the local inspector. The Commissioner shall promptly conduct a hearing at which the appellant and the inspector shall be permitted to submit relevant evidence, and the Commissioner shall rule on the

appeal as expeditiously as possible. Pending the ruling by the Commissioner of Insurance on an appeal, no further work may take place in violation of a stop order. Violation of a stop order constitutes a misdemeanor. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-362. Revocation of permits. — The appropriate inspector may revoke and require the return of any permit by giving written notice to the permit holder, stating the reason for the revocation. Permits shall be revoked for any substantial departure from the approved application or plans and specifications, for refusal or failure to comply with the requirements of any applicable State or local laws or local ordinances or regulations, or for false statements or misrepresentations made in securing the permit. A permit mistakenly issued in violation of an applicable State or local law or local ordinance or regulation also may be revoked. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-363. Certificates of compliance. — At the conclusion of all work done under a permit, the appropriate inspector shall make a final inspection. If he finds that the completed work complies with all applicable State and local laws and local ordinances and regulations and with the terms of the permit, he shall issue a certificate of compliance. No new building or part thereof may be occupied, no addition or enlargement of an existing building may be occupied, and no existing building that has been altered or removed may be occupied until the inspection department has issued a certificate of compliance. A temporary certificate of compliance may be issued permitting occupancy for a stated period of specified portions of the building that the inspector finds may safely be occupied before completion of the entire building. Violation of this section constitutes a misdemeanor. (1973, c. 822, s. 1.)

§ 153A-364. Periodic inspections for hazardous or unlawful conditions. — The inspection department shall make periodic inspections, subject to the board of commissioners' directions, for unsafe, unsanitary, or otherwise hazardous and unlawful conditions in buildings within its territorial jurisdiction. In addition, it shall make any necessary inspections when it has reason to believe that such conditions may exist in a particular building. In exercising these powers, each member of the inspection department has a right, upon presentation of proper credentials, to enter on any premises within the territorial jurisdiction of the department at any reasonable hour for the purposes of inspection or other enforcement action. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-365. Defects in buildings to be corrected. — If a local inspector finds any defect in a building, or finds that the building has not been constructed in accordance with the applicable State and local laws and local ordinances and regulations, or finds that a building because of its condition is dangerous or contains fire-hazardous conditions, he shall notify the owner or occupant of the building of its defects, hazardous conditions, or failure to comply with law. The owner and the occupant shall each immediately remedy the defects, hazardous conditions, or violations of law in the property each owns. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-366. Unsafe buildings condemned. — The inspector shall condemn as unsafe each building that appears to him to be especially dangerous to life because of its liability to fire, bad conditions of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes; and he shall affix a notice of the dangerous character of the building to a conspicuous place on its exterior wall. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-367. Removing notice from condemned building. — If a person

removes a notice that has been affixed to a building by a local inspector and that states the dangerous character of the building, he is guilty of a misdemeanor. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-368. Action in event of failure to take corrective action.** — If the owner of a building that has been condemned as unsafe pursuant to G.S. 153A-366 fails to take prompt corrective action, the local inspector shall by certified or registered mail to his last known address or by personal service give him written notice:

(1) That the building is in a condition that appears to constitute a fire or safety hazard or to be dangerous to life, health, or other property;

(2) That a hearing will be held before the inspector at a designated place and time, not later than 10 days after the date of the notice, at which time the owner is entitled to be heard in person or by counsel and to present arguments and evidence pertaining to the matter; and

(3) That following the hearing, the inspector may issue any order to repair, close, vacate, or demolish the building that appears appropriate.

If the name or whereabouts of the owner cannot after due diligence be discovered, the notice shall be considered properly and adequately served if a copy thereof is posted on the outside of the building in question at least 10 days before the day of the hearing and a notice of the hearing is published at least once not later than one week before the hearing. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-369. Order to take corrective action.** — If, upon a hearing held pursuant to G.S. 153A-368, the inspector finds that the building is in a condition that constitutes a fire or safety hazard or renders it dangerous to life, health, or other property, he shall issue a written order, directed to the owner of the building, requiring the owner to remedy the defective conditions by repairing, closing, vacating, or demolishing the building or taking other necessary steps, within such period, not less than 60 days, as the inspector may prescribe. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-370. Appeal; finality of order not appealed.** — An owner who has received an order under G.S. 153A-369 may appeal from the order to the board of commissioners by giving written notice of appeal to the inspector and to the clerk within 10 days following the day the order is issued. In the absence of an appeal, the order of the inspector is final. The board of commissioners shall hear any appeal within a reasonable time and may affirm, modify and affirm, or revoke the order. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-371. Failure to comply with order.** If the owner of a building fails to comply with an order issued pursuant to G.S. 153A-369 from which no appeal has been taken, or fails to comply with an order of the board of commissioners following an appeal, he is guilty of a misdemeanor. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-372. Equitable enforcement.** — Whenever a violation is denominated a misdemeanor under the provisions of this Part, the county, either in addition to or in lieu of other remedies, may initiate any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or to prevent the occupancy of the building involved. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ **153A-373. Records and reports.** — The inspection department shall keep complete, permanent, and accurate records in convenient form of each application received, each permit issued, each inspection and reinspection made, and each defect found, each certificate of compliance granted, and all other work and activities of the department. The department shall submit

periodic reports to the board of commissioners and to the Commissioner of Insurance as the board or the Commissioner may require. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-374. Appeals. — Unless otherwise provided by law, any appeal from an order, decision, or determination of a member of a local inspection department pertaining to the State Building Code or any other State building law shall be taken to the Commissioner of Insurance or other official specified in G.S. 143-139, by filing a written notice with him and with the inspection department within 10 days after the day of the order, decision, or determination. Further appeals may be taken to the State Building Code Council or to the courts as provided by law. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

§ 153A-375. Establishment of fire limits. — A county may by ordinance establish and define fire limits in any area within the county and not within a city. The limits may include only business and industrial areas. Within any fire limits, no frame or wooden building or addition thereto may be erected, altered, repaired, or moved (either into the fire limits or from one place to another within the limits) except upon the permit of the inspection department and approval of the Commissioner of Insurance. The board of commissioners may make additional regulations necessary for the prevention, extinguishment, or mitigation of fires within the fire limits. (1969, c. 1066, s. 1; 1973, c. 822, s. 1.)

A county or city may join an existing regional planning commission with the consent of the existing member governments.

The resolution creating a regional planning commission may be modified, amended, or repealed by the unanimous action of the member governments. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-392. Contents of resolution. — The resolutions creating a regional planning commission shall:

(1) Specify the name of the commission;

(3) Set out the method of determining the financial support that will be given to the commission by each member government;

(4) Set out the budgetary and fiscal control procedures to be followed by the commission, which shall substantially comply with the Local Government Budget and Fiscal Control Act (Chapter 159, Subchapter III).

In addition the resolution may, but need not, contain rules and regulations for the conduct of commission business and any other matters pertaining to the organization, powers, and functioning of the commission that the member governments consider appropriate. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-393. Withdrawal from commission. — A member government may withdraw from a regional planning commission by giving at least two years' written notice to the other counties and cities involved. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-394. Organization of the commission. — Upon its creation, a regional planning commission shall meet at a time and place agreed upon by the counties and cities involved. It shall organize by electing a chairman and any other officers that the resolution specifies or that the commission considers advisable. The commission may adopt bylaws for the conduct of its business. All commission meetings shall be open to the public.

The chairman of the commission may appoint any committees authorized by the bylaws. Committee members need not be delegates to the commission. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-395. Powers and duties. — A regional planning commission may:

(1) Apply for, accept, receive, and disburse funds, grants, and services made available to it by the State of North Carolina or any agency thereof, the federal government or any agency thereof, any unit of local government or any agency thereof, or any private or civic agency;
(2) Employ personnel;
(3) Contract with consultants;
(4) Contract for services with the State of North Carolina, any other state, the United States, or any agency of those governments;
(5) Study and inventory regional goals, resources, and problems;
(6) Prepare and amend regional development plans, which may include recommendations for land use within the region, recommendations concerning the need for and general location of public works of regional concern, recommendations for economic development of the region, and any other relevant matters.
(7) Cooperate with and provide assistance to federal, State, other regional, and local planning activities within the region;
(8) Encourage local efforts toward economic development;
(9) Make recommendations for review and action to its member governments and other public agencies that perform functions within the region;
(10) Exercise any other power necessary to the discharge of its duties. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-396. Fiscal affairs. — Each county and city having membership in a regional planning commission may appropriate to the commission revenues not otherwise limited as to use by law. Services of personnel, use of equipment and office space, and other services may be made available to a commission by its member governments as a part of their financial support. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-397. Reports. — Each regional planning commission shall prepare and distribute to its member governments and make available to the public an annual report of its activities, including a financial statement. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§ 153A-398. Regional planning and economic development commissions. — Two or more counties, cities, or counties and cities may create a regional planning and economic development commission by adopting identical concurrent resolutions to that effect. Such a commission has the powers granted by this Article and the powers granted by Chapter 158, Article 2. If such a commission is created, it shall maintain separate books of account for appropriations and expenditures made pursuant to this Article and for

appropriations and expenditures made pursuant to Chapter 158, Article 2. (1961, c. 722, s. 3; 1973, c. 822, s. 1.)

§§ **153A-399, 153A-400:** Reserved for future codification purposes.

Article 20.

Consolidation and Governmental Study Commissions.

§ 153A-401. Establishment; support. — (a) Two or more counties or cities or counties and cities may by concurrent resolutions of their governing bodies establish a charter or governmental study commission as provided in this section:

(1) Two or more counties that are contiguous or that lie within a continuous boundary may create a commission to study the consolidation of the counties or of one or more functions and services of the counties.

(2) Two or more cities that are contiguous or that lie within a continuous boundary may create a commission to study the consolidation of the cities or of one or more functions and services of the cities.

(3) A county and one or more cities within the county may create a commission to study the consolidation of the county and the city or cities or of one or more of their functions and services.

(b) A county or city that participates in the establishment of a commission pursuant to this Article may appropriate for the support of the commission any revenues not otherwise limited as to use by law. (1973, c. 822, s. 1.)

§ 153A-402. Purposes of a commission. — A commission established pursuant to this Article may be charged with any of the following purposes:

(1) To study the powers, duties, functions, responsibilities, and organizational structures of the counties or cities that established the commission and of other units of local government and public agencies within those counties or cities;

(2) To prepare a report on its studies and findings;

(3) To prepare a plan for consolidating one or more functions and services of the governments that established the commission;

(6) To prepare drafts of any legislation necessary to effect the plan of governmental consolidation;

(7) To call a referendum, as provided in G.S. 153A-405, on the plan of governmental consolidation. (1973, c. 822, s. 1.)

§ 153A-403. Content of concurrent resolutions. — The concurrent resolutions establishing a commission shall:

(1) Set forth the purposes that are to be vested in the commission pursuant to G.S. 153A-402;

(2) Determine the composition of the commission, the manner of appointment of its members, and the manner of selection of its officers;

(3) Determine the compensation, if any, to be paid to commission members;

(4) Provide for the organizational meeting of the commission;

(5) Set out the method for determining the financial support that will be given to the commission by each of the governments establishing the commission;

(7) Set forth any other directions or limitations considered necessary. (1973, c. 822, s. 1.)

§ 153A-404. Powers of a commission. — A commission established pursuant to this Article may:

§ 153A-405. The referendum may be held on the same day as any other referendum or election in the county or counties involved, but may not otherwise be held during the period beginning 30 days before and ending 30 days after the day of any other referendum or election to be conducted by the board or boards of elections conducting the referendum and already validly called or scheduled by law.

The proposition submitted to the voters shall be substantially in one of the following forms:

(1) Shall the County of ..... and the County of ..... be consolidated?
(2) Shall the City of ..... and the City of ..... be consolidated?
(3) Shall the City of ..... be consolidated with the County of .....?

If the proposition is to consolidate two or more counties or to consolidate two or more cities, to be approved it must receive the votes of a majority of those voting in each of the counties or cities, as the case may be. If the proposition is to consolidate one or more cities with a county, to be approved it must receive the votes of a majority of those voting in the referendum. In addition, no governmental consolidation may become effective until enacted into law by the General Assembly. (1973, c. 822, s. 1.)

Article 23.

Miscellaneous Provisions.

§ 153A-435. Liability insurance; damage suits against a county involving governmental functions. — (a) A county may contract to insure itself and any of its officers, agents, or employees against liability for wrongful death or negligent or intentional damage to person or property or against absolute liability for damage to person or property caused by an act or omission of the county or of any of its officers, agents, or employees when acting within the scope of their authority and the course of their employment. The board of commissioners shall determine what liabilities and what officers,

agents, and employees shall be covered by any insurance purchased pursuant to this subsection.

Purchase of insurance pursuant to this subsection waives the county's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. By entering into an insurance contract with the county, an insurer waives any defense based upon the governmental immunity of the county.

(b) If a county has waived its governmental immunity pursuant to subsection (a) of this section, any person, or if he dies, his personal representative, sustaining damages as a result of an act or omission of the county or any of its officers, agents, or employees, occurring in the exercise of a governmental function, may sue the county for recovery of damages. To the extent of the coverage of insurance purchased pursuant to subsection (a) of this section, governmental immunity may not be a defense to the action. Otherwise, however, the county has all defenses available to private litigants in any action brought pursuant to this section without restriction, limitation, or other effect, whether the defense arises from common law or by virtue of a statute.

Despite the purchase of insurance as authorized by subsection (a) of this section, the liability of a county for acts or omissions occurring in the exercise of governmental functions does not attach unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury. The judge shall hear and determine these issues without resort to a jury, and the jury shall be absent during any motion, argument, testimony, or announcement of findings of fact or conclusions of law relating to these issues unless the defendant requests a jury trial on them. (1955, c. 911, s. 1; 1973, c. 822, s. 1.)

Governmental Immunity. — Where a county is covered by a policy of liability insurance, the question of governmental immunity from suit from injuries caused by alleged negligence does not arise with reference to the validity of a judgment of nonsuit. Cook v. County of Burke, 272 N.C. 94, 157 S.E.2d 611 (1967).

Immunity Is Not Waived as to Employees and Premises Not Included in Policy. — A policy of insurance affording protection to a county against liability caused by negligence of named personnel and employees of the county and covering listed and described premises does not waive the county's governmental immunity for negligence in the operation of a public library when the employees of the library and library premises are not included in the policy. Seibold v. City of Kinston, 268 N.C. 615, 151 S.E.2d 654 (1966).

Falling on Public Walk within Courthouse Grounds. — The liability of a county for injuries sustained by a pedestrian falling on a public walk within the courthouse grounds is no more extensive than the liability of a city to a pedestrian falling upon a public sidewalk maintained by the city. Cook v. County of Burke, 272 N.C. 94, 157 S.E.2d 611 (1967).

Jurisdiction of Federal Courts. — Former § 153-9(44), similar to this section, provided that the injured person could sue "in any court of competent jurisdiction in such county." It was held that this language did not attempt to limit jurisdiction to a State court in such county, nor to a court of such county; the United States District Court was a court of competent jurisdiction in the county. Knighton v. Johnston County, 330 F. Supp. 652 (E.D.N.C. 1971).

Even if the legislative intent was to deprive the federal court of jurisdiction, it cannot do so. Federal jurisdiction cannot be defeated by a State statute prescribing the court in which the action is to be brought. Knighton v. Johnston County, 330 F. Supp. 652 (E.D.N.C. 1971).

Complaint. — It is appropriate for the complaint to contain allegations regarding liability insurance and waiver of governmental immunity. Wilkie v. Henderson County, 1 N.C. App. 155, 160 S.E.2d 505 (1968).

Protection against prejudice is afforded by providing that no part of the pleadings relating to liability insurance shall be read or mentioned in the presence of the trial jury. Wilkie v. Henderson County, 1 N.C. App. 155, 160 S.E.2d 505 (1968).

§ 153A-436. Photographic reproduction of county records. — (a) A county may provide for the reproduction, by photocopy, photograph, microphotograph, or any other method of reproduction that gives legible and permanent copies, of instruments, documents, and other papers filed with the register of deeds and of any other county records. The county shall keep each reproduction of an instrument, document, paper, or other record in a fire-resistant file, vault, or

similar container. If a duplicate reproduction is made to provide a security-copy, the county shall keep the duplicate in a fire-resistant file, vault, or similar container separate from that housing the principal reproduction.

If a county has provided for reproducing records, any custodian of public records of the county may cause to be reproduced any of the records under, or coming under, his custody.

(b) If a county has provided for reproducing some or all county records, the custodian of any instrument, document, paper, or other record may permit it to be removed from its regular repository for up to 24 hours in order to be reproduced. An instrument, document, paper or other record may be removed from the county in order to be reproduced. The board of commissioners may permit an instrument, document, paper, or other record to be removed for longer than 24 hours if a longer period is necessary to complete the process of reproduction.

(c) The original of any instrument, document, or other paper received by the register of deeds and reproduced pursuant to this Article shall be filed, maintained, and disposed of in accordance with G.S. 161-17 and G.S. 121-5. The original of any other county record that is reproduced pursuant to this Article may be kept by the county or disposed of pursuant to G.S. 121-5.

(d) If an instrument, document, or other paper received by the register of deeds is reproduced pursuant to this Article, the recording of the reproduction is a sufficient recording for all purposes.

(e) A reproduction, made pursuant to this Article, of an instrument, document, paper, or other record is as admissible in evidence in any judicial or administrative proceeding as the original itself, whether the original is extant or not. An enlargement or other facsimile of the reproduction is also admissible in evidence if the original reproduction is extant and available for inspection under the direction of the court or administrative agency. (1945, c. 286, ss. 1-7; c. 944; 1951, c. 19, ss. 1-6; 1953, c. 675, ss. 23, 24; 1957, c. 330, s. 3; 1973, c. 822, s. 1.)

§ 153A-437. Assistance to historical organizations. — (a) A county or city may appropriate revenues not otherwise limited as to use by law to a local historical or preservation society, museum, or other similar organization. Before such an appropriation may be made, the recipient organization shall adopt and present to the county or city a resolution requesting the funds and describing the intended use of the funds. The funds may be used for preserving historic sites, buildings, structures, areas, or objects; for recording and publishing materials relating to the history of the area; for establishing or maintaining historical museums or projects; for paying salaries of personnel employed in such museums or projects; for the costs of acquiring, recording, and maintaining materials and equipment; and for any other purposes that are approved by the county or city and that contribute to the preservation of historic sites, buildings, structures, areas, or objects, or historic materials. The ordinance making the appropriation shall state specifically what the appropriation is to be used for, and the governing board of the county or city shall require that the recipient account for the appropriation at the close of the fiscal year.

(b) A county or city, a board of education, or the board of trustees of a public library may make available space in a building under its control to a local historical society, historical museum, or other historical organization.

(c) This section is supplemental to and does not supersede any other law. (1955, c. 371, ss. 1-4; 1957, c. 398; 1973, c. 822, s. 1.)

SUBCHAPTER I. DRAINAGE BY INDIVIDUAL OWNERS.

ARTICLE 1.

Jurisdiction in Clerk of Superior Court.

Part 1. Petition by Individual Owner.

§ 156-1. Name of proceeding. — The proceeding under this Subchapter shall be the same as prescribed in the Chapter Eminent Domain, Article 2, Condemnation Proceedings. (Code, s. 1324; Rev., s. 4028; C. S., s. 5260.)

Local Modification. — Alexander, Little River Drainage District: Pub. Loc. 1927, c. 484; Iredell: Pub. Loc. 1937, c. 591; Pasquotank: Pub. Loc. 1923, c. 181; Pub. Loc. 1927, c. 264; Pub. Loc. 1929, c. 471; Robeson: Pub. Loc. 1927, c. 197; Rowan: Pub. Loc. 1937, cc. 591, 592; Tyrrell: Pub. Loc. 1927, c. 336; city of Washington: Pr. 1921, c. 149.

Cross Reference. — As to condemnation proceedings, see § 40-11 et seq.

Editor's Note. — For note on disposition of diffused surface waters in North Carolina, see 47 N.C.L. Rev. 205 (1968).

Constitutionality. — The laws codified as this and the following sections of this Chapter, are constitutional. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910); Forehand v. Taylor, 155 N.C. 353, 71 S.E. 433 (1911). They come within the power of the State for police regulations. Winslow v. Winslow, 95 N.C. 24 (1886). See Porter v. Armstrong, 139 N.C. 179, 51 S.E. 926 (1905).

Various Statutes Harmonized. — While the various statutes for the drainage of swamplands in Eastern North Carolina have not the same provisions in all respects, they have been collected and are to be found in this Chapter and should be construed to harmonize, and constitute, with such variations, a system of drainage laws for the State. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908); Sawyer Canal Co. v. Keys, 234 N.C. 360, 67 S.E.2d 259 (1951).

Statutes Provide Flexible Procedure. — The statutes authorizing the creation, maintenance and improvements of drainage districts provide flexible procedure which may be modified and molded by decrees from time to time to promote the beneficial objects sought by the creation of the district, subject to the restrictions that there should be no material change nor any change that would impose additional costs upon landowners except to the extent of benefits to them. In re Lyon Swamp Drainage & Levee Dist., 228 N.C. 248, 45 S.E.2d 130 (1947).

Commissioners May Issue Bonds and Make Assessments Applicable Only to Section Benefited. — Where proposed improvements and repairs will primarily benefit lands embraced in one section of a drainage district and would be of no substantial benefit to landowners in another section thereof, the drainage commissioners have power under statutory authority to issue bonds and make assessments applicable only to the section benefited. In re Lyon Swamp Drainage & Levee Dist., 228 N.C. 248, 45 S.E.2d 130 (1947).

The correct procedure to secure additional authority for proper maintenance and improvements in a drainage district is by motion or petition in the original cause. In re Lyon Swamp Drainage & Levee Dist., 228 N.C. 248, 45 S.E.2d 130 (1947).

Right to Condemn. — The right of the State to condemn land for drains rests on the same foundation as its right in cases of public roads, mills, railroads, schoolhouses, etc. Norfleet v. Cromwell, 70 N.C. 634 (1874).

The right to drain through the banks of a natural watercourse is exactly similar in character to the right to construct dykes or levees to keep their excessive waters from overflowing the adjacent lands, a right which has been recognized in the legislation of all countries from the most ancient times. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910).

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

Cited in Chappell v. Winslow, 258 N.C. 617, 129 S.E.2d 101 (1963); Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

§ 156-2. Petition filed; commissioners appointed. — Any person owning pocosin, swamp, or flatlands, or owning lowlands subject to inundation, which cannot be conveniently drained or embanked so as to drain off or dam out the water from such lands, except by cutting a canal or ditch, or erecting a dam through or upon the lands of other persons, may by petition apply to the superior court of the county in which the lands sought to be drained or embanked or some part of such lands lie, setting forth the particular circumstances of the case, the situation of the land to be drained or embanked, to what outlet and through whose lands he desires to drain, or on what lands he would erect his dam, and who are the proprietors of such lands; whereupon a summons shall be served on each of the proprietors, and, on the hearing of the petition the court shall appoint three persons as commissioners, who shall be duly sworn to do justice between the parties. (1795, c. 436, P. R.; 1852, c. 57, ss. 1, 2; R. C., c. 40, s. 1; Code, s. 1297; Rev., s. 3983; C. S., s. 5261.)

The clerk of the superior court has jurisdiction of a proceeding to obtain a right of drainage over the land of an adjoining landowner, and to assess damages, etc. Durden v. Simmons, 84 N.C. 555 (1881).

Formerly the law required the appointment of disinterested freeholders as commissioners in a proceeding to obtain a right of drainage over the lands of an adjoining landowner. Durden v. Simmons, 84 N.C. 555 (1881).

This Chapter, and the amendments thereto, are the charts which should guide the commissioners, and their decisions, findings and report should conform thereto. Porter v. Armstrong, 139 N.C. 179, 51 S.E. 926 (1905).

Appeal. — An order in a drainage proceeding directing matters proper for the determination of the commissioners to be referred to a jury is appealable. Porter v. Armstrong, 134 N.C. 447, 46 S.E. 997 (1904).

Artificial Outlets. — This Chapter applies only to artificial outlets made over the land of another to reach a natural watercourse. Mizell v. McGowan, 129 N.C. 93, 39 S.E. 729 (1901).

Readjustment. — When the rights and duties of adjoining landowners as to drainage in a certain canal have been determined under this Chapter, and judgment entered, proceedings subsequently brought for the purpose of readjustment, owing to change of ownership and partition, etc., are in effect a motion in the cause, in which the judgment, unlike a final judgment, is not conclusive; and the cause can be brought forward from time to time, upon notice to the parties, and further decrees made to conform to the exigencies and changes which may arise. Staton v. Staton, 148 N.C. 490, 62 S.E. 596 (1908); Sawyer Canal Co. v. Keys, 234 N.C. 360, 67 S.E.2d 259 (1951).

Jury Question. — See Heirs at Law of Collins v. Heirs at Law of Haughton, 26 N.C. 420 (1844).

Joint Petition. — Two or more separate proprietors cannot sustain a joint petition for a ditch to drain their lands, without alleging that a common ditch would drain the lands of all the petitioners. Shaw v. Burfoot, 53 N.C. 344 (1861).

Diversion of Water. — Water cannot be diverted from its natural course so as to damage another, but it may be increased and accelerated. Hocutt v. Wilmington & W.R.R., 124 N.C. 214, 32 S.E. 681 (1899); Mizell v. McGowan, 125 N.C. 439, 34 S.E. 538 (1899); Lassiter v. Norfolk & C.R.R., 126 N.C. 509, 36 S.E. 48 (1900); Mizell v. McGowan, 129 N.C. 93, 39 S.E. 729 (1901); Barcliff v. Norfolk S.R.R., 168 N.C. 268, 84 S.E. 290 (1915).

The owners of swamps, whose waters naturally flow into natural watercourses, can make such canals as are necessary to drain them of the water naturally flowing therein, although in doing so the flow of water in the natural watercourse is increased and accelerated so that the water is discharged on the land of an abutting owner. Mizell v. McGowan, 120 N.C. 134, 26 S.E. 783 (1897).

Liability for Damages for Diversion. — Where a person diverts water from a stream by cutting a channel from it, and at a point lower down the stream turns it back into the old channel, and by its own momentum it is carried on to the lands of an adjoining owner, he is liable for damages. Briscoe v. Young, 131 N.C. 386, 42 S.E. 893 (1902).

One is liable for damages caused to the lands of another by his diverting the natural flow of surface water thereto. Roberts v. Baldwin, 151 N.C. 407, 66 S.E. 346 (1909).

Surface waters should be drained so as to be carried off in the due course of nature. The upper proprietor is liable in damages to the land of the lower proprietor caused by water diverted by his ditches and not carried to a natural waterway. Briscoe v. Parker, 145 N.C. 14, 58 S.E. 443 (1907).

Landowner's Remedy. — When the lands of the lower proprietor are damaged by the improper drainage of the upper proprietor, he may elect to bring an action for damages or proceed under this and the following sections. Briscoe v. Parker, 145 N.C. 14, 58 S.E. 443 (1907).

Setting Aside Former Judgment. — If a former judgment in a similar proceeding has not been pleaded in an action for drainage of lands, as an estoppel or res adjudicata, before final judgment, the party relying thereon must move the court within one year to set the judgment aside for excusable mistake or inadvertence. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908).

Landowner Must Be Made Party. — An order by county commissioners (now superior court) appointing appraisers to assess the value of the benefits and damages which would accrue to the owner of land on account of a certain canal sought to be cut through his land, upon the petition of other parties, filed under the provisions of this Chapter, is void, unless said landowner be made a party to the petition. Gamble v. McCrady, 75 N.C. 509 (1876).

Liability to Maintain Artificial Waterway Constructed for Temporary Purposes. — When an upper proprietor of lands constructs and maintains for his own use and advantage an artificial waterway or structure affecting the flow of water, without invading the rights of the lower proprietor, for a temporary purpose or a specific purpose which he may at any time abandon, the upper proprietor comes under no obligation to maintain the structure, though the incidental effect has been to confer a benefit on the lower tenant. Lake Drummond Canal & Water Co. v. Burnham, 147 N.C. 41, 60 S.E. 650 (1908).

Where separate owners have derived their lands subject to a drainage system placed upon the entire tract by the original owner, each one using the system must bear the costs of maintenance and repair required by the portion of the system on his own premises. Lamb v. Lamb, 177 N.C. 150, 98 S.E. 307 (1919).

§ 156-3. Duty of commissioners. — The commissioners, or a majority of them, on a day of which each proprietor of land aforesaid is to be notified at

least five days, shall meet on the premises and view the lands to be drained or embanked, and the lands through or on which the drain is to pass or the embankment to be erected, and shall determine and report whether the lands of the petitioner can be conveniently drained or embanked except through or on the lands of the defendants or some of them; and if they are of opinion that the same cannot be conveniently done except through or on such lands, they shall decide and determine the route of the canal, ditch, or embankment, the width thereof, and the depth or height, as the case may be, and the manner in which the same shall be cut or thrown up, considering all the circumstances of the case, and providing as far as possible for the effectual drainage or embankment of the water from the petitioner's land, and also securing the defendant's lands from inundation, and every other injury to which the same may be probably subjected by such canal, ditch, or embankment; and they shall assess, for each of the defendants, such damage as in their judgment will fully indemnify him for the use of his land in the mode proposed; but in assessing such damages, benefits shall be deducted. (1795, c. 436, P. R.; 1852, c. 57, ss. 1, 2; R. C., c. 40, s. 2; Code, s. 1298; Rev., s. 3984; C. S., s. 5262.)

Section Not Repealed. — Section 156-16, concerning the drainage of lowlands, does not expressly repeal this section, but leaves in operation such of the provisions as are not repugnant to such section. Worthington v. Coward, 114 N.C. 289, 19 S.E. 154 (1894).

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-4. Report and confirmation; easement acquired; exceptions. — The commissioners shall report in writing, under their hands, the whole matter to the court, which shall confirm the same, unless good cause be shown to the contrary; and on payment of the damages and cost of the proceedings the court shall order and decree that the petitioner may cut the canal or ditch, or raise the embankment in the manner reported and determined by the commissioners; and thereupon the petitioner shall be seized in fee simple of the easement aforesaid: Provided, that, without the consent of the proprietor, such canal, ditch, or embankment shall not be cut or raised through or on his yard or curtilage, nor be allowed when the same shall injure any mill, by cutting off or stopping the water flowing thereto; nor shall such dam be allowed so as to create a nuisance by stagnant water, or cut off the flow of useful springs or necessary streams of water, or stop any ditches of such proprietor when there is no freshet. (1795, c. 436, s. 2, P. R.; 1835, c. 7; 1852, c. 57, ss. 1, 2; R. C., c. 40, s. 3; Code, s. 1299; Rev., s. 3985; C. S., s. 5263.)

Report of Commissioners Conclusive. — The report of commissioners appointed to condemn lands and assess damages for the purpose of drainage is, like the verdict of a jury, conclusive of the facts therein ascertained, until set aside. Norfolk S.R.R. Co. v. Ely, 101 N.C. 8, 7 S.E. 476 (1888).

Commissioners' Report Set Aside. — Where judge set aside report of commissioners because it did not comply with the statute, and further found as a fact in his order that two of the commissioners had been guilty of gross indiscretion, the Supreme Court would not reverse his order, whether the report conformed to the statute or not. Porter v. Armstrong, 139 N.C. 179, 51 S.E. 926 (1905).

Jury to Settle Issues of Fact. — Upon an application to condemn lands for the purpose of drainage, the issue of fact raised by the pleadings should be framed and settled by a jury; they cannot be raised or considered upon exceptions to the report of the commissioners appointed to assess damages. Norfolk S.R.R. v. Ely, 101 N.C. 8, 7 S.E. 476 (1888).

Title in Lands Condemned. — When, upon the petition of one or more parties, under this section, leave was granted by the county court to cut a canal across the land of another for the purposes of drainage, the petitioners and their assignees, upon the report of the jury provided for in the statute being confirmed, acquire not merely an easement, but title in fee to the land condemned. Norfleet v. Cromwell, 70 N.C. 634 (1874).

Appeal from Judgment of Clerk. — On appeal from the judgment of the clerk upon the report of commissioners appointed to lay off ditch for drainage of lowlands the judge could set aside the report either for cause or in his discretion, if in his opinion the ends of justice could be subserved by that course. Worthington v. Coward, 114 N.C. 289, 19 S.E. 154 (1894).

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-5. Width of right-of-way for repairs. — The commissioners, when they may deem it necessary, shall designate the width of the land to be left on each side of the canal, ditch, or dam, to be used for the protection and reparation thereof, which land shall be altogether under the control and dominion of the owner of the canal, ditch, or dam, except as aforesaid: Provided, that in no case shall a greater width of land on both sides, inclusive of a dam, be taken than five times the base of such dam. (R. C., c. 40, s. 6; Code, s. 1302; Rev., s. 3985a; C. S., s. 5264.)

When Unnecessary Amount of Land Condemned. — Where, upon an appeal from the report of the commissioners, the jury found that the amount of land condemned by them for the purpose of the protection and reparation of the ditches was unnecessary, it was proper for the court to remand the cause, with directions to constitute another commission. Winslow v. Winslow, 95 N.C. 24 (1886).

§ 156-6. Right of owner to fence; entry for repairs. — Any proprietor, through or on whose land such canal or ditch may be cut or embankment raised, may put a fence or make paths across the same, provided the usefulness thereof be not impaired; and the owner of the canal, ditch, or dam, his heirs and assigns, shall at all times have free access to the same for the purpose of making and repairing them; doing thereby no unnecessary damage to the lands of the proprietors. (1795, c. 436, s. 2, P. R.; 1835, c. 7; 1852, c. 57, ss. 1, 2; R. C., c. 40, s. 4; Code, s. 1300; Rev., s. 3986; C. S., s. 5265.)

§ 156-7. Earth for construction of dam; removal of dam. — The earth necessary for the erection of a dam may be taken from either side of it, or wherever else the commissioners may designate and allow. And such dam may be removed by the proprietor of the land, his heirs or assigns, to any other part of his lands, and he may adjoin any dam of his own thereto, if allowed by the court on a petition and such proceedings therein as are provided in this Chapter, as far as the same may apply to his case: Provided always, that the usefulness of the dam will not be thereby impaired or endangered. (R. C., c. 40, s. 5; Code, s. 1301; Rev., s. 3987; C. S., s. 5266.)

§ 156-8. Earth from canal removed or leveled. — The earth excavated from the canal or ditch shall be removed away or leveled as nearly as may be with the surface of the adjacent land, unless the commissioners shall otherwise specially allow. (R. C., c. 40, s. 7; Code, s. 1303; Rev., s. 3988; C. S., s. 5267.)

§ 156-9. No drain opened within 30 feet. — The proprietor of any swamp or flatlands through which a canal or ditch passes shall not have a right to open or cut any drain within 30 feet thereof but by the consent of the owner. Such proprietor, however, and other persons may cut into such canal or ditch in the manner hereinafter provided. (R. C., c. 40, s. 8; Code, s. 1304; Rev., s. 3989; C. S., s. 5268.)

§ 156-10. Right to drain into canal. — Any person desirous of draining into the canal or ditch of another person as an outlet may do so in the manner hereinbefore provided, and in addition to the persons directed to be made parties, all others shall be parties through whose lands, canals, or ditches the water to be drained may pass till it shall have reached the furthest artificial outlet. And the privilege of cutting into such canal or ditch may be granted under the same rules and upon the same conditions and restrictions as are provided in respect to cutting the first canal or ditch: Provided, that no canal or ditch shall be allowed to be cut into another if thereby the safety or utility of the latter shall be impaired or endangered: Provided, further, that if such impairing and danger can be avoided by imposing on the petitioner duties or labor in the enlarging or deepening of such canal or ditch, or otherwise, the

same may be done; but no absolute decree for cutting such second canal or ditch shall pass till the duties or work so imposed shall be performed and the effect thereof is seen, so as to enable the commissioners to determine the matter whether such second canal or ditch ought to be allowed or not: Provided, that any party to the proceeding may appeal from the judgment of the court rendered under this section to the superior court of the county, where a trial and determination of all issues raised in the pleadings shall be had as in other cases before a judge and jury. (R. C., c. 40, s. 9; Code, s. 1305; 1887, c. 222; Rev., s. 3990; C. S., s. 5269; 1973, c. 108, s. 94.)

Editor's Note. — The 1973 amendment deleted "at termtime" following "county" in the third proviso of the second sentence.

Adjudication of Rights of Parties. — In a proceeding by drainage corporation to levy assessments against the lands of respondents for the proportionate part of the expense for making necessary improvements upon allegations that such lands drained into the corporations' canals and would be greatly benefited by the improvements, it appeared that respondents' predecessor in title cut a large canal through his lands draining into the lands of the corporation. It was held that it would be presumed that respondents' predecessor in title acquired the right to cut into the canal of plaintiff pursuant to the provisions of this section and the petition should be considered as a motion in that cause for the proper adjudication of the rights of the parties. Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-11. Expense of repairs apportioned. — Besides the damages which the commissioners may assess against the petitioner for the privilege of cutting into such canal or ditch, they shall assess and apportion the labor which the petitioner and defendants shall severally contribute towards repairing the canal or ditch into or through which the petitioner drains the water from his lands, and report the same to court; which, when confirmed, shall stand as a judgment of the court against each of the parties, his executors and administrators, heirs and assigns. (R. C., c. 40, s. 10; Code, s. 1306; Rev., s. 3991; C. S., s. 5270.)

When Report Fatally Defective. — A report of commissioners under this section, which fails to assess and apportion that part of the labor which is to be contributed by the defendants, is fatally defective. Brooks v. Tucker, 61 N.C. 309 (1867).

Applied in Worthington v. Coward, 114 N.C. 289, 19 S.E. 154 (1894).

Quoted in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-12. Notice of making repairs. — Whenever the canals or ditches for the reparation of which more than one person shall be bound under the provisions of G.S. 156-11 shall need to be repaired, any of the persons so bound may notify the others thereof, and of the time he proposes to repair the same; and thereupon each of the persons shall jointly work on the same and contribute his proportion of labor till the same be repaired or the work cease by consent. (R. C., c. 40, s. 11; Code, s. 1307; Rev., s. 3992; C. S., s. 5271.)

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-13. Judgment against owner in default; lien. — In case the person so notified shall make default, any of the others may perform his share of labor and recover against him the value thereof, on a notice to be issued for such default, in which shall be stated on oath made before the clerk the value of such labor, and unless good cause to the contrary be shown on the return of the notice, the court shall render judgment for the same with interest and costs; which judgment shall be a lien upon the lands from the date of the performance of the work. (R. C., c. 40, s. 12; Code, s. 1308; 1899, c. 396; Rev., s. 3993; C. S., s. 5272.)

Notice to Landowner. — Before any specific amount may be adjudged against a landowner as a lien on his land he is entitled to be heard, after notice, as to whether the assessment

made by the commissioners was unjust or oppressive. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908).

§ 156-14. Subsequent owners bound. — All persons to whom may descend, or who may otherwise own or occupy lands drained by any canal or ditch, for the privilege of cutting which any labor for repairing is assessed, shall contribute the same, and shall be bound therefor to all intents and purposes, and in the same manner and by the same judgment as the original party himself would be if he occupied the land. (R. C., c. 40, s. 13; Code, s. 1309; Rev., s. 3994; C. S., s. 5273.)

Applied in Norfleet v. Cromwell, 70 N.C. 634 (1874); Craft & Bergeson v. John L. Roper Lumber Co., 181 N.C. 29, 106 S.E. 138 (1921).

Quoted in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-15. Amount of contribution for repair ascertained. — Whenever there shall be a dam, canal, or ditch, in the repairing and keeping up of which two or more persons shall be interested and receive actual benefit therefrom, and the duties and proportion of labor which each one ought to do and perform therefor shall not be fixed by agreement or by the mode already in this Subchapter provided for assessing and apportioning such labor, any of the parties may have the same assessed and apportioned by applying to a magistrate, who shall give all parties at least three days' notice, and shall summon two disinterested freeholders who, together with the magistrate, shall meet on the premises and assess the damages sustained by the applicant, whereupon the magistrate shall enter judgment in favor of the applicant for damages or for work done on such ditch or lands. (R. C., c. 40, s. 14; Code, s. 1310; 1889, c. 101; Rev., s. 3995; C. S., s. 5274; 1973, c. 108, s. 95.)

Editor's Note. — The 1973 amendment substituted "magistrate" for "justice of the peace" in one place and for "justice" in two places and deleted the former second sentence, which left the matter of costs to the discretion of the justice.

Constitutionality. — This section is constitutional and valid. Forehand v. Taylor, 155 N.C. 353, 71 S.E. 433 (1911).

Proceeding under this section is in effect a motion in the cause which can be brought forward from time to time, upon notice to all the parties to be affected, for orders in the cause, to promote the objects of the proceeding, the whole matter remaining in the control of the court. Staton v. Staton, 148 N.C. 490, 62 S.E. 596 (1908); Sawyer Canal Co. v. Keys, 234 N.C. 360, 67 S.E.2d 259 (1951).

Action Dismissed for Noncompliance with Statute Not Bar to Second Action. — When damages have been sought in an action before a justice of the peace, relating to drainage districts, etc., and the action was dismissed because there had been no contract or agreement between the parties and the requirements of the statute had not been met, the plaintiff is not thereby barred from proceeding under the act to have the damages assessed and from bringing another action therefor as the former judgment does not bar the second one. Forehand v. Taylor, 155 N.C. 353, 71 S.E. 433 (1911).

Enlarging or Deepening Canal. — The method by which the user of a canal by prescriptive right may enlarge or deepen it with an apportionment of the costs, is provided by this section. Armstrong v. Spruill, 182 N.C. 1, 108 S.E. 300 (1921).

Liability for Damages. — Where the users of a canal by prescriptive right enlarge the same, and thereby place water upon the lower proprietor to his damage, they are liable therefor, and, upon conflicting evidence, the issue should be submitted to the jury. Armstrong v. Spruill, 182 N.C. 1, 108 S.E. 300 (1921).

Applied in Porter v. Durham, 98 N.C. 320, 3 S.E. 832 (1887).

§ 156-16. Petition by servient owner against dominant owner. — Any person owning lands lying upon any creek, swamp, or other stream not navigable, which are subject to inundation and which cannot be conveniently drained or embanked on account of the volume of water flowing over the same from lands lying above, and by draining the same the lands above will be

benefited and better drained, such person may by petition apply to the superior court of the county in which the lands sought to be drained or embanked, or some part of such lands, lie, setting forth the particular circumstances of the case, the valuation of the lands to be drained or embanked, and what other lands above would be benefited, and who are the proprietors of such lands; whereupon a summons shall be served upon each of the proprietors, who are not petitioners, requiring them to appear before the court at a time to be named in the summons, which shall not be less than 10 days from the service thereof, and upon such day the petition shall be heard and the court shall appoint three persons as commissioners, who shall, before entering upon the discharge of their duties, be sworn to do justice between the parties. (1889, c. 253; Rev., s. 4016; C. S., s. 5275.)

Local Modification. — Lenoir: 1891, c. 73; Rev., s. 4016.

This section does not repeal § 156-3, but leaves in operation such of the provisions as are not repugnant to it. Worthington v. Coward, 114 N.C. 289, 19 S.E. 154 (1894).

Analogy to General Drainage Law. — The procedure under this and the following sections is analogous to the general drainage law, and its provisions are applicable, and the proceedings are regarded as kept alive for further orders without being retained on the docket, and in this case the original assessment did not constitute a bar to the motion to vacate, and the assessment was properly set aside on the facts found. Spence v. Granger, 204 N.C. 247, 167 S.E. 805 (1933).

Setting Aside Judgment. — In an action brought for the drainage of lands under this and the following sections, the judgment upon motion thereafter will not be set aside merely upon the ground that a similar proceeding had been prosecuted to judgment between several of the parties. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908).

§ 156-17. Commissioners to examine lands and make report. — The commissioners, or a majority of them, on a day of which each proprietor is to be notified at least five days, shall meet on the premises and view the land to be drained and the lands affected thereby, and shall determine and report whether the lands of the petitioner or petitioners ought to be drained exclusively by him or them, and if they are of the opinion that the same ought not to be drained exclusively at the expense of the petitioner or petitioners, they shall decide and determine the route of the canal, ditch, or embankment, the width thereof, and the depth and height, as the case may be, and the manner in which the same shall be cut or thrown up, considering all the circumstances of the case, and providing as far as possible for the effectual drainage of the petitioner's land, and the protection and benefit of the defendant's lands; and they shall apportion the labor to be done or assess the amount to be paid by each of the owners of the lands affected by such canal, ditch, or embankment, towards the construction and keeping the same in repair, and report the same to the court, which, when confirmed, shall stand as a judgment of the court against each of the parties, his executors, administrators, heirs and assigns. (1889, c. 253, s. 2; Rev., s. 4017; C. S., s. 5276.)

Local Modification. — Beaufort, Lenoir: 1891, c. 73, s. 2; Rev., s. 4017; Pub. Loc. 1911, c. 545.

Cost of Work Not Required in Report. — The cost of the work to be done in the drainage of lands is not required under this section, and cannot, for its uncertainty of amount, be set out in the report of the commissioners appointed. It is a compliance with the statutes when the portion of the work to be done by the landowners is set out. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908).

§ 156-18. Cost of repairs enforced by judgment. — Whenever any such ditch, canal, or embankment shall need repairs or cleaning out, and any of the parties interested therein refuse to perform the labor apportioned to them, or refuse to contribute the amount assessed against them, the same shall be enforced in the manner hereinbefore provided for the joint repair of canals and ditches. (1889, c. 253, s. 3; Rev., s. 4018; C. S., s. 5277.)

Cross Reference. — See § 156-13 and note thereto.

§ 156-19. Obstructing canal or ditch dug under agreement. — Where two or more persons have dug a canal or ditch along any natural drain or waterway under parol agreement, or otherwise, wherein all the parties shall have contributed to the digging thereof, if any servient or lower owner shall fill up or obstruct said canal or ditch without the consent of the higher owners and without providing other drainage for the higher lands, he shall be guilty of a misdemeanor and be fined not exceeding fifty dollars ($50.00) or imprisoned not more than 30 days. (1899, c. 255; Rev., s. 3375; C. S., s. 5278.)

This section applies only where all the parties contributed under a valid agreement to the lawful digging of a ditch or canal. Porter v. Armstrong, 129 N.C. 101, 39 S.E. 799 (1901).

§ 156-20. Right of dominant owner to repair. — In the absence of any agreement for maintaining the efficiency of such ditch or canal, or should the servient owner neglect or refuse to clean out or aid in cleaning out the same through his lands, it shall be lawful for the dominant or higher owner, after giving three days' notice to the servient owner, to enter along such canal and not more than 12 feet therefrom and clean out or remove obstructions or accumulated debris therefrom at his own personal expense or without cost to the servient owner. (1899, c. 255, s. 2; Rev., s. 4025; C. S., s. 5279.)

Where a person enlarges a canal on the lands of another, under a void proceeding, he is a trespasser, and cannot claim credit for money spent thereon. Porter v. Armstrong, 129 N.C. 101, 39 S.E. 799 (1901).

§ 156-21. Canal maintained for seven years presumed a necessity; drainage assessments declared liens. — After a canal has been dug along any natural depression or waterway and maintained for seven years, it shall be prima facie evidence of its necessity, and upon application to the clerk of the superior court of any landowner who is interested in maintaining the same, it shall be the duty of the clerk of the superior court to appoint and cause to be summoned three disinterested and discreet freeholders, who, after being duly sworn, shall go upon the lands drained or intended to be drained by such canal, and after carefully examining the same and hearing such testimony as may be introduced touching the question of cost of canal, the amount paid, and the advantages and disadvantages to be shared by each of the parties to the action, shall make their report in writing to the clerk of the superior court stating the facts and apportioning the cost of maintaining such canal among the parties to the action, and the cost of the action shall be divided in the same ratio; and their report when approved shall be properly registered by the clerk and the said report or reports shall, when filed in the office of the clerk of the superior court, be a lien upon each tract of land embraced in said report or reports to the extent of the proportionate part of the costs stipulated in said report or reports as a charge against same, and shall have the effect and force of a judgment thereon, and such judgments shall be subject to execution and collection as in cases of other judgments. (1899, c. 255, s. 3; Rev., s. 4026; 1917, c. 248, s. 1; C. S., s. 5280; 1931, c. 227, s. 1.)

Construction of Section. — The provisions of this section are necessary for the cultivation and improvements of lowlands required to be drained, and should be construed to carry into effect its beneficent purposes, when practicable. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

This section should be construed in connection with the other sections of the Chapter relating to the drainage of lowlands. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

"Ditch"; "Canal". — In the Chapter relating to the drainage of lowlands the terms "ditch" and "canal" are used indiscriminately to designate an artificial drain. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

An artificial drain in some places from 3 to 5 feet wide and from 2 to 5 feet deep, made for the purpose of cultivating and improving lowlands by draining them is a canal within the meaning of this section. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

Contribution to Original Construction. — It is not necessary that the owner of lands lying along a drainage canal, within the meaning of

this section shall have contributed to its original construction to make him liable to assessments for its maintenance under the provisions of the statute. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

Railroads. — While a railroad company may not be the absolute owner of lands in fee, they have the proprietorship and control of those constituting its rights-of-way; and when these lands are benefited by a canal which comes within the meaning of this section, the provision of the statute relative to the maintenance of the canal applies. Ange & Forest v. Atlantic Coast Line R.R., 159 N.C. 547, 75 S.E. 796 (1912).

Applied in Craft & Bergeson v. John L. Roper Lumber Co., 181 N.C. 29, 106 S.E. 138 (1921).

§ 156-22. Supplemental assessments to make up deficiency; vacancy appointments of assessment jurors. — The freeholders, commissioners or jurors, appointed in any application or proceeding filed or instituted under G.S. 156-21 or any other section of Article 1 of this Chapter, are authorized and empowered during the establishment of and providing for the construction, maintenance and payment therefor, of such ditch, canal or drain, to make other and further assessments for the costs of establishment, construction and expense, when it shall be determined by the clerk of the court that the provisions in the former report for the payment thereof are insufficient, and that such supplementary reports shall be made on the same basis of an equitable and just proportion, as made in the former report, which report or reports shall be filed with the clerk of the superior court and have the same force and effect as the former or original report.

In case of death, resignation, removal or for any other cause there becomes a vacancy as to the freeholders, commissioners or jurors, appointed to carry out the provisions of the sections contained in this Chapter, the clerk of the superior court is authorized to fill such vacancy by the appointment of some disinterested freeholder in the county, and the said person so appointed to fill such vacancy shall qualify before the clerk of the superior court before entering upon his duties. (1931, c. 227, s. 2.)

Local Modification. — Duplin: 1931, c. 227, s. 2.

Interested Parties Entitled to Notice. — Where drainage assessments are levied against lands under this and related sections, either original assessments or additional assessments to cover unforeseen expenses in the construction of the drainage ditch, the parties whose lands are assessed are entitled to notice and an opportunity to be heard. Spence v. Granger, 207 N.C. 19, 175 S.E. 824 (1934).

§ 156-23. Easement of drainage surrendered. —If any persons, or those claiming through or under them, who have cut any ditch or canal into which any other person has been permitted to drain land under any proceeding authorized in this Subchapter, shall desire to surrender their easement or right in such ditch or canal and be discharged from any judgment rendered and existing under such proceedings, such persons may on motion have such proceeding reinstated for hearing and file a petition therein setting forth such fact or any other grounds for relief thereunder, and upon proof satisfactory to the court that such petitioners have cut another ditch or canal which drains their lands formerly drained by the first ditch or canal, and have abandoned the use of it for any purpose of drainage, the court shall adjudge the easement or right of the petitioners surrendered and determined, and from that time the petitioners and their land shall forever be discharged and released from the judgment heretofore rendered in such former proceedings: Provided, however, that all parties then having an easement or right in such ditch or canal shall be served with notice of such petition 20 days before the hearing thereof. (1887, c. 222, s. 3; Rev., s. 4027; C. S., s. 5281.)

§ 156-24. Obstructing drain cut by consent. — If any person shall stop or in any way obstruct the passage of the water in any ditch or canal having been cut through lands of any person by consent of the owner of said land, before giving the interested parties a reasonable time to comply with the mode of

proceedings provided for the drainage of lowlands, he shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding fifty dollars ($50.00) or imprisoned not exceeding 30 days. (1891, c. 434; Rev., s. 3376; C. S., s. 5282.)

§ 156-25. Protection of canals, ditches, and natural drains. — If any person shall fell any tree in any ditch, canal, or natural drainway of any farm, unless he shall remove the same and put such ditch, canal, or natural drainway in as good condition as it was before such tree was so felled; or if any person shall stop up or fill in such ditch, canal, or drainway and thereby obstruct the free passage of water along the said ditch, canal, or drainway, unless the said person shall first secure the written consent of the landowner, and those damaged by such obstruction in said ditch, canal, or drainway, or unless such person so filling in and stopping up such ditch, canal, or drainway shall, upon the demand of the person so damaged, clean out and put the said ditch, canal, or drainway in as good condition as the same was before such filling in and stopping up of the said ditch, canal, or drainway happened, he shall be guilty of a misdemeanor, and upon conviction shall be fined not less than ten ($10.00) nor more than fifty dollars ($50.00), or imprisoned not less than 10 nor more than 30 days. (1901, c. 478; Rev., s. 3382; C. S., s. 5283.)

Local Modification. — Tyrrell: 1907, c. 438.

Part 2. Petition under Agreement for Construction.

§ 156-26. Procedure upon agreement. — (a) Agreement; Names Filed. — Whenever a majority of the landowners or the persons owning three fifths of all the lands in any well-defined swamp or lowlands shall, by a written agreement, agree to give a part of the land situated in such swamp or lowlands as compensation to any person, firm, or corporation who may propose to cut or dig any main drainway through such swamp or lowlands, or shall, by written agreement, contract with any person, firm or corporation to cut or dig any main drainway through such swamp or lowlands, then the person, firm, or corporation so proposing to cut or dig such main drainway shall file with the clerk of the superior court of the county, or, if there be two or more counties, with the clerk of the superior court of either county in or through which the proposed canal or drainway is to pass, the names of the landowners, with the approximate number of acres owned by each to be affected by the proposed drainway who have entered into the written agreement with the person, firm, or corporation, together with a brief outline of the proposed improvement, and in addition thereto shall file with the clerk the names and addresses, as far as can be ascertained, of the landowners, with the number of acres owned by each of them to be affected by the proposed drainway, who have not made any agreement with the person, firm, or corporation proposing to do the improvement.

(b) Notice. — Upon the filing of such names, it shall be the duty of the clerk to forthwith issue a notice which shall be served by the sheriff to all landowners who have not made any agreement to appear before him at a certain date, which date shall be not less than 10 and not more than 20 days from the service of such notice, or, in lieu of the personal service hereinabove required, it shall be sufficient for the clerk to publish in a newspaper published in the county once a week for four weeks a notice to all landowners who have not made any agreement to appear before him at a certain date, which date shall be not less than 30 days and not more than 40 days from the first publication of notice, at which time and place the landowners shall state their objections to the proposed improvement, and in addition thereto make an estimate of the amount of damage that might be done to the land owned by each of them on account of the proposed drainway.

(c) Hearing; Viewers. — Upon the hearing it shall be the duty of the clerk of the superior court to forthwith appoint three disinterested persons, none of

whom shall own land to be affected by such drainway, if requested by the person, firm, or corporation proposing to do the improvement, whose duty it shall be to familiarize themselves with the proposed improvement, view the premises of the landowners, estimating damages, and make an estimate themselves of the amount of damages that might accrue to the lands of each landowner filing objections on account of the proposed improvement, and report the same to the clerk of the superior court within 15 days from the date of their appointment.

(d) Report; Bond. — Immediately upon the filing of the reports the clerk of the superior court shall forthwith notify the person, firm, or corporation proposing to dig the drainway or canal of the estimated damages contained in the reports, and the person, firm, or corporation shall execute and deliver a bond in a surety company authorized to do business in the State of North Carolina in twice the sum total of the estimated amount of damages, which bond shall be payable to the clerk of the superior court and conditioned upon the payment to the landowners of the amount of damages that may be assessed in the manner hereinafter provided.

(e) Construction Authorized. — Upon the execution and delivery to the clerk of the said bond, the person, firm, or corporation so proposing to cut or dig such main drainway shall be and they are hereby authorized to proceed with the cutting or digging of the drainway through any lands in its proposed course, whether the owners of the land may have consented thereto or not, and the person, firm, or corporation so proposing to cut or dig the drainway shall have the proper and necessary right-of-way for that purpose and for all things incident thereto through any lands or timbers situated in such swamp or lowlands. (1917, c. 273, s. 1; C. S., s. 5284; 1969, c. 1046.)

Editor's Note. —The provisions of this and the following sections under this Article supplant those of the act of 1915, Chapter 141, which was held unconstitutional and void in Lang v. Carolina Land & Dev. Co., 169 N.C. 662, 86 S.E. 599 (1915), as a taking of private property without providing for just compensation to the private owners of lands, whose consent has not been given.

Exemption of Housing Authority from Fees. —See opinion of Attorney General to Honorable F. Crane, Commissioner of Labor, 41 N.C.A.G. 303 (1971).

Withdrawal of Petitioners. — Upon the return day set by the clerk of the court for the hearing of the landowners in a proposed drainage district, it may be shown by those opposed to the petition that some of those who signed it desired to withdraw, and that eliminating their names the petitioners would not represent a majority of the landowners in the district, or of persons owning three fifths of the lands, as the statute requires. Armstrong v. Beaman, 181 N. C. 11, 105 S.E. 879 (1921).

§ 156-27. Recovery for benefits; payment of damages. — After the drainway herein provided for shall be completed the person, firm, or corporation cutting or digging the same shall be entitled to recover of the landowners owning that part of the land with reference to which no contract for compensating those cutting or digging the drainway may have been made, an amount equal to the benefits to accrue to such lands by reason of the drainway, and shall be required by the clerk of the superior court to pay to any landowner the amount of damages in excess of benefits which may be done to the land to be determined in the manner hereinafter provided: Provided, that the recovery from any owner of the land shall be limited to the benefits to accrue to that land owned by such person, and situated in such swamp or lowlands or adjacent thereto; and provided further, that the amount to be so recovered as herein provided for until fully paid shall be and constitute a lien upon such land, the lien to be in force regardless of who may own the land at the time the amount to be recovered as compensation for digging or cutting the drainway shall be determined. (1917, c. 273, s. 2; C. S., s. 5285.)

§ 156-28. Notice to landowners; assessments made by viewers. — After the completion of the main drainway, upon the application of the person, firm,

or corporation, or their heirs or assigns, digging or cutting the same, the clerk of the superior court of the county in which any land through which the drainway may pass is situated shall issue a notice to be served by the sheriff upon any person who may have failed to agree with the person, firm, or corporation digging or cutting such drainway, upon a compensation to be paid by the landowner for the digging or cutting of such drainway, notifying the landowner that on a certain day, which shall be named in the notice and not less than 20 days from the date of the issuing of the notice, the clerk of the superior court will appoint three competent and disinterested persons, one of whom may be a surveyor, and none of whom shall own land to be affected by the drainway, to view the land so drained and for which no compensation for the drainage may have been agreed upon as aforesaid, and report to the clerk of the superior court what amount shall be paid therefor by the various landowners who may have failed to arrange for and agree upon the compensation for the drainage as aforesaid, and the amount of damages in cases where the damages have exceeded the benefits, which shall be paid to the landowners by the person, firm, or corporation cutting or digging such canal or drainway. In making the appointment of the viewers the clerk of the superior court shall hear any objections which may be advanced by those interested to any of the persons the clerk may consider to be appointed as viewers, but the clerk shall name those whom he considers best qualified. (1917, c. 273, s. 3; C. S., s. 5286.)

§ 156-29. Report filed; appeal and jury trial. — A report signed by two of the persons appointed as viewers shall be entered by the clerk as the report of the viewers, and from the report any landowner affected thereby and the person, firm, or corporation digging or cutting such drainway shall have the right of appeal and the right to have any issue arising upon the report tried by a jury, provided exceptions shall be filed to the report within 20 days after the filing of the report with the clerk, in which exceptions so filed may be a demand for a jury trial. If a jury trial be demanded, the clerk shall transfer the proceedings to the civil-issue docket and it shall be heard as other civil actions. If no jury trial be demanded, the clerk shall hear the parties upon the exceptions filed, and appeal may be had as in special proceedings, but no jury trial shall be had unless demanded as herein provided for. (1917, c. 273, s. 4; C. S., s. 5287.)

Cross Reference. —As to appeal in special proceedings, see §§ 1-272 through 1-276.

Jurisdiction of Superior Court. — The superior court, upon certification of the opinion of the Supreme Court, has jurisdiction to retain the cause for hearing upon the appeal from the clerk's order, this section providing that appeals from the clerk in drainage assessment proceedings shall be the same as in special proceedings, and § 1-276, giving the superior court jurisdiction to hear and determine all matters in controversy upon appeal from the clerk in special proceedings. Spence v. Granger, 207 N.C. 19, 175 S.E. 824 (1934). See Flat Swamp, Lock's Creek & Evan's Creek Canal Co. v. McAlister, 74 N.C. 159 (1876).

§ 156-30. Confirmation of report. — Unless an appeal shall be taken by any person affected by the report, or by the person, firm, or corporation cutting or digging the drainway, and a jury trial demanded within 20 days after the report shall be filed with the clerk, in all of which appeals exceptions shall be filed, the clerk of the superior court shall confirm the report of the jury; if exceptions shall be filed and no demand for a jury trial shall be made, the clerk shall hear the exceptions as in other cases of special proceedings, and judgment entered accordingly. If the report of the viewers be confirmed by the clerk because no exceptions or demand for a jury trial were filed within 20 days, the judgment of confirmation shall be the judgment of the court, and any judgment herein entered against the person, firm, or corporation cutting or digging the drainway shall be a judgment against the person, firm, or corporation and the surety on its bond given as hereinabove provided. (1917, c. 273, s. 5; C. S., s. 5288.)

§ 156-31. Payment in installments. — The amount to be recovered from any person as compensation for digging or cutting the drainway after the amount shall be definitely determined as herein provided for, shall be payable in five equal annual installments, the first payable one year from the filing of the report of the viewers with the clerk of the superior court, and one payment on the same day of each year thereafter until the full amount be paid. The amount to be recovered from the person, firm, or corporation cutting or digging the drainway, on account of any damages in excess of benefits to the lands of any landowner, shall be payable in one installment which shall be due and payable one year from the filing of the report of the viewers with the clerk of the superior court. (1917, c. 273, s. 6; C. S., s. 5289.)

Article 2.

Jurisdiction in County Commissioners.

§ 156-32. Petition filed; board appointed; refusal to serve misdemeanor. — Upon the petition of three citizens in any county to the county commissioners, petitioning for the draining of any creek, swamp, or branch, either upon the plea of health or to promote and advance the agricultural interest of the farmers who may own lands lying on such creek, swamp, or branch petitioned to be drained, the county commissioners shall within 10 days after the filing of such petition order the county surveyor to summon three disinterested freeholders, good and lawful men of intelligence and discretion, who shall constitute a board, and the county surveyor shall be the chairman of such board; and the chairman shall give all persons who may be interested in having such creek, swamp, or branch drained three days' notice of the time and place of the meeting of the board: Provided, the petitioners shall deposit with the county treasurer the sum of twenty-five dollars ($25.00) for the payment of current expenses not otherwise provided for in this Article. Any person duly summoned by the county surveyor to act as a commissioner for the drainage of any such creek, swamp, or branch, who shall refuse to serve, shall be guilty of a misdemeanor and be fined not exceeding fifty dollars ($50.00) or imprisoned not exceeding 30 days. (1887, c. 267; Rev., ss. 3379, 4011; C. S., s. 5290.)

Local Modification. — Hyde: 1901, c. 166.

§ 156-33. Duty of board; refusal to comply with their requirements misdemeanor. — The board provided for in G.S. 156-32 shall meet at the call of the chairman and shall proceed to inspect and examine the lands as described in the petition to be drained, and the board shall have power to summon witnesses, administer oaths, and take testimony, and if the board decides that the lands specified in the petition shall be drained, either upon the plea of health or for the benefit of the farms lying on or contiguous to such watercourse, then the board shall select a place at which the ditch shall be begun. They shall also decide the depth and width of the ditch to be dug, and shall proceed to survey, locate, lay off, and mark the course of the ditch, and the board shall assign to the landowners the amount of the labor to be performed and the amount of money to be paid for the purpose of defraying the necessary expenses by each landowner in proportion to the amount of lands drained or pro rata benefits received by the drainage of such lands, and the board shall specify the time in which the work so assigned shall be completed: Provided, no one shall be required to commence on the work assigned to him until the person next below him shall have completed his work in accordance with the specifications of the board. If any person shall refuse to comply with any of the requirements of the board he shall be guilty of a misdemeanor and fined not exceeding two hundred dollars ($200.00), or imprisoned not exceeding two years. (1887, c. 267, ss. 2, 7; Rev., ss. 3377, 4012; C. S., s. 5291.)

§ 156-34. Report filed. — The board shall make a written report to the county commissioners showing all the acts and decisions of the board as to the length, depth, and width of the ditch, the names of all the owners of the lands that will be drained, and the amount of work to be performed and the amount of money to be paid by each person benefited by such drainage. But in case the board determines that the lands described in the petition shall not be drained, then the expenses of the board shall be paid out of the funds deposited with the county treasurer by the petitioners. (1887, c. 267, s. 3; Rev., s. 4013; C. S., s. 5292.)

§ 156-35. Owners to keep ditch open. — All persons whose lands shall be drained under the provisions of this Article shall keep the ditch on their lands clear of all rafts of logs, brush, or any trash that will obstruct the flow of water through the ditch. (1887, c. 267, s. 4; Rev., s. 4014; C.S., s. 5293.)

§ 156-36. Compensation of board. — The compensation of the board shall be as follows: The county surveyor shall receive three dollars ($3.00) per day and the other members shall receive one dollar and fifty cents ($1.50) per day while engaged in the duties imposed in this Chapter. (1887, c. 267, s. 5; Rev., s. 4015; C. S., s. 5294.)

SUBCHAPTER II. DRAINAGE BY CORPORATION.

ARTICLE 3.

Manner of Organization.

§ 156-37. Petition filed in superior court. — Any proprietor in fee of swamp-lands, which cannot be drained except by cutting a canal through the lands of another or other proprietor in fee, situated at a lower level and which would also be materially benefited by the cutting of such canal, who desires that such canal be cut on the terms on which it is hereinafter allowed, may apply by petition, setting forth the facts, to the superior court of the county in which any of the lands through which the canal will pass may lie. (1868-9, c. 164, s. 2; Code, s. 1311; Rev., s. 3996; C. S., s. 5295.)

Cross References. — As to constitutionality of, and general procedure under, this Chapter, see notes to §§ 156-1 and 156-2. As to prerequisites to establishment of drainage corporation, see note to § 156-40.

Evidence Insufficient to Show Establishment of Drainage Corporation. — Where petitioners show only the granting of an easement in response to a petition by an individual to be allowed to drain into an existing canal on the lands of another under the provisions of §§ 156-2, 156-3 and 156-10, such evidence is insufficient to show the establishment of a drainage corporation under the provisions of this section. In re Atkinson-Clark Canal Co., 231 N.C. 131, 56 S.E.2d 442 (1949).

Burden of Proof Where Drainage Assessment Challenged. — When the validity of a drainage assessment is challenged the burden is upon the drainage district or corporation to show that it was created in substantial compliance with the applicable statutes and that the assessments were levied pursuant to and in compliance with the statutory provisions. In re Atkinson-Clark Canal Co., 231 N.C. 131, 56 S.E.2d 442 (1949).

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-38. Commissioners appointed; report required. — On the establishment by the petitioner of his allegations, the court shall appoint three persons as commissioners who, having been duly sworn, shall examine the premises and inquire and report:

(1) Whether the lands of the petitioner can be conveniently drained otherwise than through those of some other person.

(2) Through the lands of what other persons a canal to drain the lands of the petitioner would properly pass, considering the interests of all concerned.

(3) A description of the several pieces of lands through which the canal would pass, and the present values of such portions of the pieces of

lands as would be benefited by it, and the reasons for arriving at the conclusion as to the benefit.

(4) The route and plan of the canal, including its breadth, depth, and slope, as nearly as they can be calculated, with all other particulars necessary for calculating its cost.

(5) The probable cost of the canal and of a road on its bank, and of such other work, if any, as may be necessary for its profitable use.

(6) The proportion of the benefit (after a deduction of all damages) which each proprietor would receive by the proposed canal and a road on its bank if deemed necessary and in which each ought, in equity and justice, to pay toward their construction and permanent support.

(7) With their report they shall return a map explaining, as accurately as may be, the various matters required to be stated in their report. (1868-9, c. 164, s. 3; Code, s. 1312; Rev., s. 3997; C. S., s. 5296.)

Prerequisites to Establishment of Corporation. — See note to § 156-40.

Validity of Assessment. — An assessment made under the provisions of this Subchapter is constitutional and valid. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

Collateral Attack on Assessment. — When an assessment does not appear to be void on its face, it may not be collaterally attacked by a defendant owner of lands embraced in the district, in an action to enforce its payment. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

When Report of Commissioners Confirmed. — The report of the commissioners, assessing persons for benefits accruing to their lands from the operations of the plaintiff canal company, should have been confirmed by the court, as to those defendants who did not object; but as to those who did, the court should have proceeded to try the issues involved in the controversy. Locks Creek Canal Co. v. McKeithan, 89 N.C. 52 (1883).

Notice to Landowners. — Landowners, whose interests might be affected under proceedings under the provisions of this Chapter, are entitled to notice. Gamble v. McCrady, 75 N.C. 509 (1876).

It is immaterial whether the owner of lands had notice of a meeting at which a committee had been appointed to assess the lands in the district and determine the amount of each assessment, when the assessment has been accordingly made, and duly ratified and confirmed at a subsequent meeting regularly called and held in accordance with the statute, of which he had notice. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

Cited in In re Atkinson-Clark Canal Co., 231 N.C. 131, 56 S.E.2d 442 (1949).

§ 156-39. Surveyor employed. — The commissioner may employ a surveyor to prepare the map required to accompany their report. (1868-9, c. 164, s. 4; Code, s. 1313; Rev., s. 3998; C. S., s. 5297.)

§ 156-40. Confirmation of report. — If it appear that the lands on the lower level will be increased in value twenty-five percent (25%) or upwards by the proposed improvement, within one year after the completion thereof, and that the cost of making such improvement will not exceed three fourths of the present estimated value of the land to be benefited, and that the proprietors of at least one half in value of the land to be affected consent to the improvement, the court may confirm such report, either in full or with such modifications therein as shall be just and equitable. (1868-9, c. 164, s. 5; Code, s. 1314; Rev., s. 3999; C. S., s. 5298.)

Prerequisites to Establishment of Drainage Corporation. — In order to establish a drainage corporation it is necessary that a petition in conformity with § 156-37 be filed, and that commissioners be appointed and that they file a report in conformity with § 156-38 and that there be an adjudication and confirmation of the report. It is only after such confirmation that the corporation may be declared to exist and may proceed to organize and levy assessments. In re Atkinson-Clark Canal Co., 231 N.C. 131, 56 S.E.2d 442 (1949).

§ 156-41. Proprietors become a corporation. — Upon a final adjudication, confirming the report, the proprietors of the several pieces of land adjudged to be benefited by the improvement shall be declared a corporation, of which the capital stock shall be double the estimated cost of the improvements, and in which the several owners of the land adjudged to be benefited shall be

corporators, holding shares of stock in the proportions in which they are adjudged liable for the expense of making and keeping up the improvement. (1868-9, c. 164, s. 6; Code, s. 1315; Rev., s. 4000; C. S., s. 5299.)

Cited in In re Atkinson-Clark Canal Co., 231 N.C. 131, 56 S.E.2d 442 (1949).

§ 156-42. Organization; corporate name, officers and powers. — The clerk of the court of the county in which the proceeding is pending or any corporator, who is a petitioner, may call a meeting of the corporators, at which meeting the corporators shall choose a name for the corporation, unless the commissioners selected the name, elect a president, vice-president, secretary and treasurer, but said officers shall be chosen or elected from the corporators who are petitioners in the proceeding; and they shall also choose or elect a board of directors and they shall be chosen or elected from the corporators who are petitioners in the proceeding. The corporators shall also make all bylaws and regulations, not contrary to law, which may be necessary and proper for effecting the purpose of the corporation, but said duty may be delegated to the board of directors. They shall fix the number of shares of stock, and assign to each proprietor or corporator his proper number, but this duty and right may be delegated to and done by the board of directors. The board of directors shall have such powers as are generally given to directors under the corporation law of the State; and they shall assess the sums or amount which shall be paid by each proprietor or corporator in conformity with and in compliance with the report of the commissioners on which the corporation is based. When said assessments against said proprietors or corporators and their lands affected are duly certified to the clerk of the superior court of the county in which such proceeding was instituted, the same shall be passed upon by the clerk of court and when approved by the clerk, said assessments shall become judgments against the several proprietors, corporators and owners so assessed, and the same shall be liens on the lands of the owners or corporators against whom said assessments were made and judgments entered, subject only to taxes, but said judgments shall be judgments in rem only. The board of directors will also have power, if they deem it proper, to fix and prescribe the time, mode and manner of payment; and do such other things as are necessary for the construction, enlargement and keeping up or maintaining said canal and improvement. In every meeting of the corporators or stockholders, each proprietor or corporator shall have one vote for each share of stock owned by him. (1868-9, c. 164, s. 7; Code, s. 1316; Rev., s. 4001; C. S., s. 5300; 1939, c. 180, s. 1.)

§ 156-43. Incorporation of canal already constructed; commissioners; reports. — Whenever the proprietors of any canal already cut shall desire to become incorporated, any number of the proprietors, not less than one third in number, may file their petition before the clerk of the superior court of the county in which the canal is located, or in either county, where the canal may be located in more than one county, setting forth the names of the proprietors, the length and size of the canal, the names of the owners of land draining in such canal, and the quantity of land tributary thereto. And upon filing the petition, summons shall issue to all parties having an easement in the canal, returnable as in other special proceedings; upon the return thereof, or upon a day fixed by the clerk for hearing same, all owners of the canal may become corporators therein, and upon failure of any to avail themselves of that right, they shall not be entitled to become corporators, except under such bylaws and regulations as such corporation shall make and declare. But those who fail to avail themselves of the benefit of this Subchapter shall not be deprived of their easement in the canal, but shall enjoy the same upon payment to the

corporation of the assessment made upon them pro rata with the corporators; such assessment shall be made on the land tributary to the canal and apportioned pro rata to each owner thereof; it shall be made by the corporation on 10 days' notice to each owner of the land, under such rules and regulations as the bylaws may prescribe; but any person dissatisfied therewith shall have the right to appeal to a jury at the regular term of the superior court of the county, and the amount of damages assessed shall be a first lien on the land of the owner against whom judgment shall be rendered.

Upon the return date of the summons or on the hearing by the clerk as provided in this section, the clerk of the court may appoint three persons as commissioners, who having been duly sworn shall examine the premises and inquire and report:

(1) The route and plan of the canal, including the breadth, depth and slope as nearly as they can be calculated, with all other particulars necessary for calculating the cost of enlarging and improving said canal.

(2) The probable cost of the improvement and enlargement of said canal.

(3) The proportion which each proprietor or corporator ought in equity and justice to pay toward the enlargement, improvement and permanent support and upkeep of said canal.

(4) With their report they shall return a map explaining as accurately as may be, the various matters required and necessary in aid or explanation of their report.

(5) The said report shall be heard and determined as other reports in special proceedings, and if approved by the clerk, such proprietors shall become a body corporate or a corporation.

(6) A meeting of the corporators may be called by the clerk of court or by any corporator or proprietor who is a petitioner in the proceeding, and at such meeting a president, vice-president, secretary and treasurer shall be elected from the proprietors or corporators who are petitioners; and also a board of directors shall be elected from the proprietors or corporators who are petitioners in the proceeding.

(7) The board of directors shall assess the sum or amount which shall be paid by each proprietor or corporator in conformity and compliance with the report of the commissioners on which the corporation was based. When said assessments against said proprietors or corporators and their lands affected are duly certified to the clerk of the superior court of the county in which said proceeding was pending and instituted, the same shall be passed upon by the clerk of court, and when approved by the clerk, said assessments shall become judgments against the several proprietors or corporators so assessed, and the same shall be liens on the lands of the owners or corporators against whom said assessments were made and judgments entered, subject only to taxes, but said judgments shall be judgments in rem only. The board of directors will also, if they deem it proper, fix and prescribe the time, manner and mode of payment. (1889, c. 380; 1901, c. 670; Rev., s. 4008; C. S., s. 5301; 1939, c. 180, s. 2.)

Assessment Can Be Levied Only on Property Benefited. — The general rule is well settled that a special assessment for the purpose of drainage can be levied only upon property benefited by the improvement. It is said that the legal theory underlying drainage assessments is one of benefit increasing the value of the land and justifying its assessment. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

Where it clearly appears that the canal will neither drain a particular tract of land nor render it more accessible, there is no valid reason for including it in the district, and if it is nevertheless arbitrarily made a part thereof, the owner may obtain relief. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

The statutory provisions determine the property liable to drainage assessment. Hence to constitute a valid assessment the particular land against which it is levied must come within the meaning of this section. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

"Land Tributary to the Canal". — As here used the phrases "land tributary thereto" and "land tributary to the canal" mean land from which water drains or flows into the canal. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

Burden of Proof on Appeal. — This section gives to any person dissatisfied with an assessment the right to appeal to a jury at a regular term of the superior court of the county. In such event, it would seem that the authority undertaking to establish the assessment would still have the burden of proving the provisions of the statute essential to the creation of a valid assessment. It may be that the order of the clerk of the superior court approving and confirming the assessment as proposed by the commissioners and the board of directors of the corporation creates a prima facie case. But a prima facie case, or prima facie evidence, does not change the burden of proof. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

In order to constitute a valid drainage assessment it is necessary that the land assessed drain or flow into the canal, and therefore on appeal to the superior court on a landowner's exceptions to the order of the clerk confirming assessments as proposed by the commissioners, the drainage district has the burden of proving the number of acres of land the exceptor owns which drain into the canal and what amount said land should be assessed per acre. The fact that exceptor first introduced evidence, presumably on the theory that the order of the clerk made out a prima facie case, does not alter the rule as to the burden of proof. In re Westover Canal, 230 N.C. 91, 52 S.E.2d 225 (1949).

Finality of Judgment of Clerk of Superior Court. — A judgment entered by a clerk of the superior court in a special proceeding under this section will stand as a judgment of the court, if not excepted to and reversed or modified on appeal, as allowed by law. In re Atkinson-Clark Canal Co., 234 N.C. 374, 67 S.E.2d 276 (1951).

Where the clerk's decision was erroneous, and the petitioner undertook to appeal therefrom and the appeal was dismissed in the superior court, and notice of appeal was given to the Supreme Court, but the appeal was not perfected the judgment of the clerk of the superior court was as final and effective as if no appeal therefrom had been attempted. In re Atkinson-Clark Canal Co., 234 N.C. 374, 67 S.E.2d 276 (1951).

ARTICLE 4.

Rights and Liabilities in the Corporation.

§ 156-44. Shares of stock annexed to land. — The ownership of the shares of stock is indissolubly annexed to the ownership of the pieces of land adjudged to be benefited by the improvement; and such shares, or a part thereof proportionate to the area of such land that may descend or be conveyed for any longer time than three years, shall, upon such descent or conveyance, descend and pass with the land, even although such shares be not mentioned in the deed of conveyance, and although their transfer be forbidden by such deed so that every owner of such land in possession, except a tenant for a term of years, not exceeding three, and every owner in reversion or remainder after a term not exceeding three years, shall, during his ownership, be entitled to all the rights and privileges and be subject to all the obligations and burdens of a corporator. Every attempted sale of shares otherwise than as annexed to the land shall be void. (1868-9, c. 164, s. 8; Code, s. 1317; Rev., s. 4002; C. S., s. 5302.)

Stated in Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

§ 156-45. Shareholders to pay assessments. — Every corporator shall be bound to obey the lawful bylaws of the company, and pay all dues lawfully assessed on him: Provided, he shall in no case pay more than his proportion of the expenses as fixed by this Subchapter; and such dues may be collected in the corporate name in any court having jurisdiction; and every assessment duly docketed in the county where the land to be affected lies shall be a lien on the lands of the debtor which are connected with the corporation from the date of such docketing. (1868-9, c. 164, s. 9; Code, s. 1318; Rev., s. 4003; C. S., s. 5303.)

Cross Reference. — As to collection of assessments out of other property of delinquent, see § 156-106.

Assessments — Lien upon Land. — An assessment made upon owners of lands constitutes a lien upon the lands therein and is enforceable by proceedings in rem in a court having equitable jurisdiction. Personal

judgment against the defendant may not be had, as in actions arising ex contractu. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916); Long Creek Drainage Dist. v. Huffstetler, 173 N.C. 523, 92 S.E. 368 (1917).

Not Enforceable by Justice of Peace. — A justice of the peace had no jurisdiction over actions to enforce the payment of such assessments, and they would be dismissed upon motion to nonsuit when brought in a justice's court. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916); Long Creek Drainage Dist. v. Huffstetler, 173 N.C. 523, 92 S.E. 368 (1917).

Execution. — Assessments, made in accordance with the statute, become liens on the lands when properly certified by the officers of the corporation and docketed in the office of the superior court of the proper county; and executions may issue directing that such lands be sold to pay the assessments and the costs. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

Review by Certiorari. — The courts will review by writ of certiorari the action of the drainage corporation in making illegal assessments and enjoin such assessments that are absolutely void upon their face. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

Collateral Attack. — An assessment, that does not appear to be void on its face, cannot be attacked collaterally. Middle Canal Co. v. Whitley, 172 N.C. 100, 90 S.E. 1 (1916).

§ 156-46. Payment of dues entitles to use of canal. — Every corporator paying his dues legally assessed without regard to the number of his shares, shall be entitled to the full and free use of the canal for drainage and navigation, and of the road for passage and transportation. Bylaws may be made to regulate these rights, but not so as to produce an inequality. (1868-9, c. 164, s. 10; Code, s. 1319; Rev., s. 4004; C. S., s. 5304.)

§ 156-47. Rights of infant owners protected. — If any proprietor whose lands are adjudged to be benefited by a canal shall be an infant, no process shall be issued against him during his minority, or within 12 months thereafter, to enforce payments of any assessment, and he may, at any time within such 12 months, apply to have any order, judgment, or decree made against him set aside as to him. If the infant or his guardian shall, during his minority, and the 12 months next thereafter, pay the dues assessed on him, he shall have all the rights and privileges of corporator, to be exercised through his guardian. If the infant shall fail to pay, he shall not have any such rights, but if no action to set aside the judgment of the court creating the corporation shall have been brought by him as aforesaid, or upon the decision of such action against him, he shall be entitled to receive his proper share of stock and to possess all the rights and be bound by all the liabilities of a corporator, including a liability for assessments made during his minority, but not for interest on such, nor for any penalty for their prior nonpayment. (1868-9, c. 164, s. 11; Code, s. 1320; Rev., s. 4005; C. S., s. 5305.)

§ 156-48. Compensation for damage to lands. — If any proprietor of lands shall be damaged by any improvement proposed, the commissioners shall so report, and he shall be entitled to be compensated as may be just by the proprietor whose lands are benefited in proportion to the benefit to them respectively; but in estimating such damages the benefit shall be deducted, and such proprietor shall be entitled to all the rights and privileges of a corporator as respects the use of the improvement, but shall not be entitled to a vote, or be bound for the assessment. (1868-9, c. 164, s. 12; Code, s. 1321; Rev., s. 4006; C. S., s. 5306.)

§ 156-49. Dissolution of corporation. — If, from any cause, the canal or other improvement shall become or shall prove to be valueless, any corporator may apply as is provided in other cases of special proceedings, and the court may dissolve the corporation created in connection with it. (1868-9, c. 164, s. 13; Code, s. 1322; Rev., s. 4007; C. S., s. 5307.)

§ 156-50. Laborer's lien for work on canal. — Whenever work or repair shall be done on such canal and any of the parties owning lands liable to be assessed for such work or repairs shall fail or refuse to pay the amount assessed upon their land, then and in that event the laborers performing such

work shall have a lien upon such land to the extent of the amount assessed against the same by the corporation, and such lien may be enforced in the same manner as provided by the laws of this State for the enforcement of laborers' lien. (1899, c. 600, s. 2; Rev., s. 4009; C. S., s. 5308.)

§ 156-51. Penalty for nonpayment of assessments. — Whenever any person whose lands have been adjudged liable to contribute to the maintenance or repair of such canal shall fail or refuse to pay the amount assessed against his land for such maintenance or repair for 30 days after such payment has been demanded by the company, then the company may give such person notice in writing of its intention to cut off his right of drainage into the canal, and if such person shall still neglect and refuse to pay such assessment for 30 days after such notice, then the company may proceed to so obstruct and dam up the ditches of such delinquent as will effectually prevent his draining in the canal. (1899, c. 600, s. 3; Rev., s. 4010; C. S., s. 5309.)

Applicability of Section. — The provisions of this section providing for a penalty for nonpayment of assessments relate only to the remedy available where incorporators fail and refuse to pay assessments duly levied. Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

In a proceeding by drainage corporations to have lands of respondents assessed for improvements upon allegations that respondents are not members of the corporation but that nevertheless their lands drain into the canals and would be materially benefited by the improvements, it was held that respondents' contention that the sole remedy of petitioners is under the provisions of this section to construct dams to prevent water draining from respondents' lands into the canals is untenable, since the provisions of this section are inapplicable to such proceeding, being applicable solely as a remedy where incorporators fail and refuse to pay assessments duly levied. Sawyer Canal Co. v. Keys, 232 N.C. 664, 62 S.E.2d 67 (1950).

Cited in Sawyer Canal Co. v. Keys, 234 N.C. 360, 67 S.E.2d 259 (1951).

§ 156-52. Corporation authorized to issue bonds. — The corporations organized under this Subchapter are authorized to issue bonds to such an amount and in such denomination as they may elect, payable at such times as may be provided, and to sell the same at not less than par, the proceeds of the sale of such bonds to be used for the payment of the costs of survey and construction and maintenance of the canal. The bonds shall constitute a lien upon the lands drained or improved by the canal as described in the reports of the commissioners. (1908, c. 75, s. 1; C. S., s. 5310.)

§ 156-53. Payment of bonds enforced. — Upon default of the payment of the interest or principal of such bonds, the holders of the bonds of the corporations organized under this Subchapter shall have a right to enforce the lien created by G.S. 156-52 by civil actions in the superior courts of the State. (1908, c. 75, s. 2; C. S., s. 5311.)

SUBCHAPTER III. DRAINAGE DISTRICTS.

ARTICLE 5.

Establishment of Districts.

§ 156-54. Jurisdiction to establish districts. — The clerk of the superior court of any county in the State of North Carolina shall have jurisdiction, power and authority to establish levee or drainage districts either wholly or partly located in his county, and which shall constitute a political subdivision of the State, and to locate and establish levees, drains or canals, and cause to be constructed, straightened, widened or deepened, any ditch, drain or watercourse, and to build levees or embankments and erect tidal gates and pumping plants for the purpose of draining and reclaiming wet, swamp or overflowed land; and it is hereby declared that the drainage of swamplands and the drainage of surface water from agricultural lands and the reclamation of tidal marshes shall be considered a public use and benefit and conducive to the

public health, convenience and welfare, and that the districts heretofore and hereafter created under the law shall be and constitute political subdivisions of the State, with authority to provide by law to levy taxes and assessments for the construction and maintenance of said public works. (1909, c. 442, s. 1; C. S., s. 5312; 1921, c. 7.)

Cross Reference. — As to construction of this Subchapter, see § 156-135.

Editor's Note. — For act relating to Scuppernong Drainage District in Washington County, see Session Laws 1947, c. 934. As to construction of drainage act for Mattamuskeet Lake, see Carter v. Board of Drainage Comm'rs, 156 N.C. 183, 72 S.E. 380 (1911).

For note on disposition of diffused surface waters in North Carolina, see 47 N.C.L. Rev. 205 (1968).

Constitutionality. — This and the following sections of the Subchapter are constitutional. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910); In re Big Cold Water Creek Drainage Dist., 162 N.C. 127, 78 S.E. 14 (1913); Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913); Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915); Lower Creek Drainage Comm'rs v. Mitchell, 170 N.C. 324, 87 S.E. 112 (1915); Beaufort County Lumber Co. v. Drainage Comm'rs, 174 N.C. 647, 94 S.E. 457 (1917).

Vested Rights Not Affected. — The proceedings in forming a drainage district under the original act was judicial and not administrative, and the 1921 amendment could not affect vested rights of landowners acquired under orders, judgments, or decrees made in pursuance of the powers conferred by the original act. Broadhurst v. Board of Comm'rs, 195 N.C. 439, 142 S.E. 477 (1928).

The rights of landowners in the Mattamuskeet Drainage District having been determined in a court having jurisdiction as to assessments in proportion to the benefits conferred, was not affected by the subsequent amendment of 1921, for such would be to impair the vested rights of those whose property had been assessed by the final judgment. O'Neal v. Mann, 193 N.C. 153, 136 S.E. 379 (1927).

Statewide Public Statute. — The drainage act, with its various amendments, is a statewide public statute. Nesbit v. Kafer, 222 N.C. 48, 21 S.E.2d 903 (1942).

Subchapter Is Not Objectionable As Not for Public Purpose. — This Subchapter authorizing the establishment of certain levee or drainage districts, is to present a scheme for the drainage of lowlands in which the public of the locality is generally interested, is at once comprehensive, adequate and efficient, in which the rights of all persons to be affected have been fully considered and protected, and is not objectionable on the ground that it is for the benefit of private landowners and not for public purposes. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910).

Nature and Purpose of Drainage Districts. — This Subchapter adopts a system for the cooperation of landowners in the drainage of lands by forming drainage districts, which are to become quasi-public corporations, for the purpose of improving the health of the district and the fertility of the lands, under which the lands are assessed in proportion to the benefits derived and an organization is effected in each district, to execute and maintain a system of drainage. In re Big Cold Water Creek Drainage Dist., 162 N.C. 127, 78 S.E. 14 (1913).

Basis of Legislative Authority. — The authority of the legislature to provide for the creation of levee and drainage districts is based upon the police power, the right of eminent domain, and the taxing power. Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913).

The drainage of swamps and of surface water from agricultural lands in a drainage district is of public benefit and conducive to the public health, etc., thus falling within the police power; and proceedings thereunder are in the exercise of the right of eminent domain. Taylor v. Richardson, 176 N.C. 217, 96 S.E. 1027 (1918).

Clerk's Authority Not a Delegation of Legislative Power. — The authority and powers conferred by this Subchapter upon the clerk of the court is not a delegation of legislative power and duty to the judicial department of the State prohibited by the Constitution, the powers and duties conferred being of a judicial nature in relation to the prescribed proceedings to be instituted for the establishment of drainage districts. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910).

Drainage Districts Are Quasi-Municipal Corporations. — Drainage districts created pursuant to the provisions of this Subchapter are quasi-municipal corporations. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

And Can Alter Their Boundaries Only as Permitted by Statute. — Municipal or quasi-municipal corporations created and having their boundaries fixed by statutory formula can alter their boundaries only as permitted by statute. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961). See § 156-93.2 et seq.

Lands in Several Counties. — Where, in a proceeding in Beaufort County, a drainage district, comprising lands in both Beaufort and Craven Counties, is duly created and organized under this and the following sections, and assessment rolls, showing assessments against each tract of land in the district, have been made and filed in each county, such

assessments, as they become due, are liens upon the lands within the district to which they relate, and it is error for the court to dismiss an action in the nature of a mortgage foreclosure, for the collection of such drainage assessments against lands in Craven County, even where the assessment rolls for Craven County have been removed and there is left in that county no other record relating to the drainage district, except a map on which are shown the boundaries of the several tracts of land within the district in Craven County — the map itself being sufficient notice to a subsequent purchaser of the proceedings, including the assessment rolls filed in Beaufort County. Nesbit v. Kafer, 222 N.C. 48, 21 S.E.2d 903 (1942).

Collateral Attack on District. — The validity of a district laid off according to the drainage acts cannot be collaterally attacked. Newby & White v. Board of Drainage Comm'rs, 163 N.C. 24, 79 S.E. 266 (1913); Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915).

Proceedings Not Defective for Delay. — Proceedings for the establishment of a drainage district under this Article, and bonds to be issued therefor, will not be held as defective because further steps were not taken for several years after they had been commenced, the court holding, they were still pending, and because of the fact that the engineer and viewers did not file a profile map showing the surface of the ground, bottom grades, etc., at the time of the final report, as required by § 156-69, it appearing that this was later done upon order of the board of drainage commissioners, and otherwise the provisions of the statutes had been strictly followed. Oden v. Bell, 185 N.C. 403, 117 S.E. 340 (1923).

Right of Receiver to Intervene and Become Party to Suit in Federal Court. — See Board of Drainage Comm'rs v. Lafayette Southside Bank, 27 F.2d 286 (4th Cir. 1928).

Pendency of Proceedings Is Notice as to All Lands Embraced. — The pendency of a proceeding to lay off a drainage district under the provisions of the act is notice as to all the lands embraced in the district. Newby & White v. Board of Drainage Comm'rs, 163 N.C. 24, 79 S.E. 266 (1913).

§ 156-55. Venue; special proceedings.—When the lands proposed to be drained and created into a drainage district are located in two or more counties, the clerk of the superior court of either county shall have and exercise the jurisdiction herein conferred, and the venue shall be in that county in which the petition is first filed. The law and the rules regulating special proceedings shall be applicable in this proceeding, so far as may be practicable; and the proceedings hereunder may be ex parte or adversary. (1909, c. 42, ss. 2, 38; C. S., s. 5313.)

Proceedings in Rem. — Proceedings to form drainage district under this Subchapter are regarded as proceedings in rem. Staton v. Staton, 148 N.C. 490, 62 S.E. 596 (1908); Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915); Taylor v. Richardson, 176 N.C. 217, 96 S.E. 1027 (1918).

§ 156-56. Petition filed. — A petition signed by a majority of the resident landowners in a proposed drainage district or by the owners of three fifths of all the land which will be affected or assessed for the expense of the proposed improvements may be filed in the office of the clerk of the superior court of any county in which a part of the lands is located, setting forth that any specific body or district of land in the county and adjoining counties, described in such a way as to convey an intelligent idea as to the location of such land, is subject to overflow or too wet for cultivation, and the public benefit or utility or the public health, convenience or welfare will be promoted by draining, ditching, or leveeing the same or by changing or improving the natural watercourses, and setting forth therein, as far as practicable, the starting point, route, and terminus and lateral branches, if necessary, of the proposed improvement.

The petition will also show whether or not the proposed drainage is for the reclamation of lands not then fit for cultivation or for the improvement of land already under cultivation. It shall also state that, if a reclamation district is proposed to be established, such lands so reclaimed will be of such value as to justify the reclamation. (1909, c. 442, s. 2; C. S., s. 5314; 1921, c. 76; Pub. Loc. 1923, c. 88, s. 2; 1925, c. 85; 1927, c. 98.)

This is a flexible proceeding, and is to be

modified and molded by decrees from time to time to promote the objects of the proceeding. Adams v. Joyner, 147 N.C. 77, 60 S.E. 725 (1908); Staton v. Staton, 148 N.C. 490, 62 S.E. 596 (1908); In re Lyon Swamp Drainage Dist., 175 N.C. 270, 95 S.E. 485 (1918).

Assent of Statutory Number of Owners Sufficient. — It is not necessary that every owner of land within a drainage district should have assented to its formation when the statutory number thereof have done so. Taylor v. Richardson, 176 N.C. 217, 96 S.E. 1027 (1918).

Property Must Be Described. — One of the essentials of the proceeding is that the property sought to be charged shall be identified by description in the proceedings. Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917).

Stated in In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

§ 156-57. Bond filed and summons issued. — Upon filing with the petition a bond for the amount of fifty dollars ($50.00) per mile for each mile of the ditch or proposed improvement, signed by two or more sureties or by some lawful and authorized surety company, to be approved by the clerk of superior court, conditioned for the payment of all costs and expenses incurred in the proceeding in case the court does not grant the prayer of the petition, the clerk, shall at any time thereafter, issue summons to be served on all the defendant landowners, who have not joined in the petition and whose lands are included in the proposed drainage district. The summons may be served by publication as to any defendant who cannot be personally served as provided by law.

The attorney for the petitioners shall certify to the clerk of the superior court, prior to the hearing on the final report of the board of viewers, that due diligence has been used to determine the names of all landowners within the area of the proposed drainage district; and, that summons has been issued for such landowners, so determined, and served either by personal service or by publication for all known and unknown landowners, insofar as could be determined by due diligence. (1909, c. 442, s. 2; C. S., s. 5315; 1967, c. 621.)

Cross Reference. — See Local Modification under § 156-56.

In General. — The drainage laws of North Carolina have been largely copied from the acts in Indiana and Illinois, and following the construction of these acts for the long period of time the acts have been in force, it is essential that notice of summons in all such proceedings be given to all parties who will be affected thereby. Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917).

Summons on All Landowners. — This section is mandatory in requiring a "summons to be served on all the defendant landowners who have not joined in the petition and whose lands are included in the proposed drainage district." Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917). "But the statute requires only landowners to be made parties in such drainage proceedings." Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917).

Mortgagee Not Included. — It would interfere with a much-needed public development if, as a prerequisite thereto, and before a final order can be made, all defects of title and mortgages or liens that may be claimed must be looked up and adjudicated. It is sufficient that summons shall be served upon the parties in possession under an apparent legal title, and that before final adjudication notice shall be given in the manner prescribed in order that parties claiming liens by mortgage or otherwise, or title to the land adversely to those in possession, shall have opportunity to come in and oppose confirmation of the final report. Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915). See Drainage Comm'rs v. East Carolina Home & Farm Ass'n, 165 N.C. 697, 81 S.E. 947 (1914).

Effect of Failure to Serve Summons. — Where a landowner having an interest within the meaning of the statute, has not been served, and it does not appear that he was an apparent party, an order laying an assessment on his property is void, and the proceedings as they relate to him are a nullity, and the assessment may be restrained. Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915), holding a mortgagee not a necessary party, cited and distinguished. Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917).

Subsequent Notification. — The proceedings for forming a drainage district are in rem; and where a valid statute has been complied with therein, and it appears that an owner has not been served with process, it is admissible to notify him, in possession, nunc pro tunc, and have the lands therein assessed. Taylor v. Richardson, 176 N.C. 217, 96 S.E. 1027 (1918).

§ 156-58. Publication in case of unknown owners. — If, at the time of the filing of the petition, or at any time subsequent thereto, it shall be made to appear to the court by affidavit or otherwise that the names of the owners of the whole or any share of any tracts of land are unknown, and cannot after due diligence be ascertained by the petitioners, the court shall order a notice in the nature of a summons to be given to all such persons by a publication of the petition, or of the substance thereof, and describing generally the tracts of land as to which the owners are unknown, with the order of the court thereon, in some newspaper published in the county wherein the land is located, or in some other county if no newspaper shall be published in the first-named county, which newspaper shall be designated in the order of the court, and a copy of such publication shall be also posted in at least three conspicuous places within the boundaries of the proposed district, and at the courthouse door of the county. Such publication in a newspaper and by posting shall be made for a period of four weeks. After the time of publication shall have expired, if no person claiming and asserting title to the tracts of land and entitled to notice shall appear, the court in its discretion may appoint some disinterested person to represent the unknown owners of such lands, and thereupon the court shall assume jurisdiction of the tracts of land and shall adjudicate as to such lands to the same extent as if the true owners were present and represented, and shall proceed against the land itself. If at any time during the pendency of the drainage proceeding the true owners of the lands shall appear in person, they may be made parties defendant of their own motion and without the necessity of personal service, and shall thereafter be considered as parties to the proceeding; but they shall have no right to except to or appeal from any order or judgment theretofore rendered, as to which the time for filing exceptions on notice shall have expired. (1911, c. 67, s. 1; C. S., s. 5316; 1953, c. 675, s. 25.)

Owners Bound if Section Is Followed. — By virtue of the notice required by this section the owners of land have opportunity to intervene and assert any right they might have to oppose the proceeding, if deemed contrary to their interest. Not having done so, they are bound by the judgment under which bonds were issued. Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915).

Judgment Presumed Regular. — Where publication in accordance with this section has been made, every presumption is in favor of the regularity of the judgment. Taylor v. Richardson, 176 N. C. 217, 96 S.E. 1027 (1918).

Mortgagee Must Assert Rights. — In proceedings to form a drainage district under this statute, notice by publication is given of the filing of the report in the office of the clerk of the superior court, which is open to inspection to the landowner or other person interested, and a mortgagee of lands who does not intervene and assert his rights to oppose the proceedings is bound by the final judgment. Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915).

§ 156-59. Board of viewers appointed by clerk. — The clerk shall, on the filing of petition and bond, appoint a disinterested and competent civil and drainage engineer and two resident freeholders of the county or counties in which the lands are located as a board of viewers to examine the lands described in the petition and make a preliminary report thereon. The drainage engineer shall be appointed upon the recommendation of the Department of Water Resources; and no member of the board of viewers so appointed shall own any land within the boundaries of the proposed district. In the selection of the two members of the board of viewers, other than the engineer, the clerk before making the appointment shall make careful inquiry into the character and qualifications of the proposed members, to the end that the members so appointed shall possess the necessary character, capacity, fitness, and impartiality for the discharge of their important duties. (1909, c. 442, s. 2; 1917, c. 152, s. 1; C. S., s. 5317; 1961, c. 614, s. 4; c. 1198.)

Cross Reference. — See Local Modification under § 156-56.

Applied in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-60. Attorney for petitioners. — The petitioners shall select some learned attorney or attorneys to represent them, who shall prosecute the drainage proceeding and advise with the petitioners and board of viewers, and

shall agree upon the compensation for his professional services up to the time when the district shall be established and the board of drainage commissioners elected, or as nearly so as the same may be approximated. If the petitioners are unable to agree upon the selection of an attorney or attorneys, the selection may be made by the clerk of the court. The foregoing provision shall not interfere with the right of any individual petitioner in the selection of an attorney to represent his individual interests if he shall deem the same desirable or necessary. (1917, c. 152, s. 1; C. S., s. 5318.)

§ 156-61. Estimate of expense and manner of payment; advancement of funds and repayment from assessments. — The clerk may make an estimate of the aggregate sum of money which shall appear to be necessary to pay all the expenses incident to the performance of the duties by the board of viewers, including the compensation of the drainage engineer and his necessary assistants, and also including the sum for the compensation of the attorney for the district, and such court costs as may probably accrue, which estimates shall embrace the period of services up to and including the establishment of the drainage district and the selection and appointment of the board of drainage commissioners. The clerk shall then estimate the number of acres of land owned or represented by the petitioners, as nearly so as may be practicable without actual survey, and shall assess each acre so represented a level rate per acre, to the end that such assessment will realize the sum of money which he has estimated as necessary to pay all necessary costs of the drainage proceeding up to the time of the appointment of the drainage commissioners, as above provided. The assessment above provided for which has been or may hereafter be levied shall constitute a first and paramount lien, second only to State and county taxes, upon the lands so assessed, and shall be collected in the same manner and by the same officers as county taxes are collected. The board of viewers, including the drainage engineer, shall not be required to enter upon the further discharge of their duties until the amount so estimated and assessed shall be paid in cash to the clerk of the court, which shall be retained by him as a court fund, and for which he shall be liable in his official capacity, and he shall be authorized to disburse the same in the prosecution of the drainage proceeding. Unless all the assessments shall be paid within a time to be fixed by the court, which may be extended from time to time, no further proceedings shall be had, and the proceeding shall be dismissed at the cost of the petitioners. If the entire sum so estimated and assessed shall not be paid to the clerk within the time limited, the amounts so paid shall be refunded to the petitioners pro rata after paying the necessary costs accrued. Nothing herein contained shall prevent one or more of the petitioners from subscribing and paying any sum in addition to their assessment in order to make up any deficiency arising from the delinquency of one or more of the petitioners. When the sum of money so estimated shall be paid, the board of viewers shall proceed with the discharge of their duties, and in all other respects the proceeding shall be prosecuted according to the law. After the district shall have been established and the board of drainage commissioners appointed, it shall be the duty of the board of drainage commissioners to refund to each of the petitioners the amount so paid by them as above provided, out of the first moneys which shall come into the hands of the board from the sale of bonds or otherwise, and the same shall be included in ascertaining the total cost of improvement.

In lieu of the procedures set forth in the preceding paragraph, the board of county commissioners may advance funds, or any part thereof, for the purposes set forth in the preceding paragraph. Such advances shall be made to a county official designated by the commissioners, and shall be disbursed upon such terms as the county commissioners may direct. If the district shall be organized, the funds advanced shall be repaid from assessments thereafter levied. (1917, c. 152, s. 1; C. S., s. 5319; 1941, c. 342; 1961, c. 614, s. 6; c. 662.)

§ 156-62. Examination of lands and preliminary report. — The board of viewers shall proceed to examine the land described in the petition, and other land if necessary to locate properly such improvement or improvements as are petitioned for, along the route described in the petition, or any other route answering the same purpose if found more practicable or feasible, and may make surveys such as may be necessary to determine the boundaries and elevation of the several parts of the district, and shall make and return to the clerk of the superior court within 30 days, unless the time shall be extended by the court, a written report, which shall set forth:

(1) Whether the proposed drainage is practicable or not.

(2) Whether it will benefit the public health or any public highway or be conducive to the general welfare of the community.

(3) Whether the improvement proposed will benefit the lands sought to be benefited.

(4) Whether or not all the lands that are benefited are included in the proposed drainage district.

(5) Whether or not the district proposed to be formed is to be a reclamation district or an improvement district. A reclamation district is defined to be a district organized principally for reclaiming lands not already under cultivation. An improvement district is defined to be a district organized principally for the improvement of lands then under cultivation. The board of viewers shall further report, if the district is a reclamation district within the above definition, whether or not the proposed drainage would be justified by the additional value for agricultural purposes given to land so drained.

They shall also file with this report a map of the proposed drainage district, showing the location of the ditch or ditches or other improvement to be constructed and the lands that will be affected thereby, and such other information as they may have collected that will tend to show the correctness of their findings. (1909, c. 442, s. 3; C. S., s. 5320; 1927, c. 98, s. 2.)

§ 156-63. First hearing of preliminary report. — The clerk of the superior court shall consider this report. If the viewers report that the drainage is not practicable or that it will not benefit the public health or any public highway or be conducive to the general welfare of the community, and the court shall approve such findings, the petition shall be dismissed at the cost of the petitioners, and such petition shall likewise be dismissed at the cost of the petitioners if it is sought to set up a reclamation district and the viewers report that the cost of reclaiming the land would be so great as not to justify the expense of draining it. Such petition or proceeding may again be instituted by the same or additional landowners at any time after six months, upon proper allegations that conditions have changed or that material facts were omitted or overlooked. If the viewers report that the drainage is practicable and that it will benefit the public health or any public highway or be conducive to the general welfare of the community, and the court shall so find, then the court shall fix a day when the report will be further heard and considered. (1909, c. 442, s. 4; C. S., s. 5321; 1927, c. 98, s. 3.)

Date for Objections Set by Clerk. — See Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913).

Applied in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-64. Notice of further hearing. — If the petition is entertained by the court, notice shall be given by publication once a week for at least two consecutive weeks in some newspaper of general circulation within the county or counties, if one shall be published in such counties, and also by posting a written or printed notice at the door of the courthouse and at five conspicuous

places within the drainage district, that on the date set, naming the day, the court will consider and pass upon the report of the viewers. At least 15 days shall intervene between the date of the publication and the posting of the notices and the date set for the hearing. (1909, c. 442, s. 5; C. S., s. 5322; 1963, c. 767, s. 1.)

§ 156-65. Further hearing, and district established. — At the date appointed for the hearing the court shall hear and determine any objections that may be offered to the report of the viewers. If it appear that there is any land within the proposed levee or drainage district that will not be affected by the leveeing or drainage thereof, such lands shall be excluded and the names of the owners withdrawn from such proceeding; and if it shall be shown that there is any land not within the proposed district that will be affected by the construction of the proposed levee or drain, the boundary of the district shall be so changed as to include such land, and such additional landowners shall be made parties plaintiff or defendant, respectively, and summons shall issue accordingly, as hereinbefore provided. After such change in the boundary is made, the sufficiency of the petition shall be verified, to determine whether or not it conforms to the requirements hereinbefore provided. The efficiency of the drainage or levees may also be determined, and if it appears that the location of any levee or drain can be changed so as to make it more effective, or that other branches or spurs should be constructed, or that any branch or spur projected may be eliminated or other changes made that will tend to increase the benefits of the proposed work, such modification and changes shall be made by the board. The engineer and the other two viewers may attend this meeting and give any information or evidence that may be sought to verify and substantiate their report. If necessary, the petition, as amended, shall be referred by the court to the engineer and two viewers for further report. The above facts having been determined to the satisfaction of the court, and the boundaries of the proposed district so determined, it shall declare the establishment of the drainage or levee district, which shall be designated by a name or number, for the object and purpose as herein set forth.

If any lands shall be excluded from the district because of the court having found that such lands will not be affected or benefited, and the names of the owners of such lands have been withdrawn from such proceeding, but such lands are so situated as necessarily to be located within the outer boundaries of the district, such fact shall not prevent the establishment of the district, and such lands shall not be assessed for any drainage tax; but this shall not prevent the district from acquiring a right-of-way across such lands for constructing a canal or ditch or for any other necessary purpose authorized by law.

The court shall further determine, if it is sought to establish a reclamation district, whether or not the increased value of the particular land should be so great as to justify the cost and expenses of its reclaiming. (1909, c. 442, s. 6; 1911, c. 67, s. 2; C. S., s. 5323; 1927, c. 98, s. 4.)

Public Benefits Govern. — It is because of the benefits which accrue to the public from the establishment of a drainage district under the statute, that power conferred thereby upon the court to include lands of owners who are unwilling to sign the petition, or who oppose the establishment of the district, is sustained. O'Neal v. Mann, 193 N.C. 153, 136 S.E. 379 (1927).

Minority Landowner Cannot Contest Formation of District. — A minority landowner included in a proposed drainage district to be laid out may not contest the formation of the district, but can raise only the issue as to his benefits therefrom. Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913).

Signer of Original Petition Can Object. — Upon report of the viewers at the final hearing in proceedings to lay off a drainage district, one who signed the original petition may have ascertained from the information contained in the report, contrary to his previous opinion, that the cost of the improvements and damages will amount to more than the benefits to his

land, and hence he may then file his objections, and the same procedure is then open to him as if he had not signed the petition. Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913).

Boundaries Must Include All Lands Benefited. — The court has no authority to decree the establishment of a drainage district which does not include within its boundaries all lands benefited by the work to be done. It must enlarge the boundaries to include all such land. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

A smaller drainage district may be laid off within the boundaries of a larger one, theretofore organized, the purposes of each harmonizing with the purposes of the other. Drainage Comm'rs v. East Carolina Home & Farm Ass'n, 165 N.C. 697, 81 S.E. 947 (1914).

Applied in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-66. Right of appeal. — Any person owning lands within the drainage or levee district which he thinks will not be benefited by the improvement and should not be included in the district may appeal from the decision of the court to the superior court of such county, in termtime, by filing an appeal, accompanied by a bond conditioned for the payment of the costs if the appeal should be decided against him, for such sum as the court may require, not exceeding two hundred dollars ($200.00), signed by two or more solvent sureties or in some approved surety company to be approved by the court. (1909, c. 442, s. 8; C. S., s. 5324.)

Cross Reference. — As to appeal from final hearing, see § 156-75 and note.

Proceedings upon Appeal. — A petition for the establishment of a drainage district of a majority of the resident landowners or of the owners of three fifths of the land therein, approved by the report of the viewers and affirmed by the clerk, permits a majority owner to raise only the issue of fact for the jury to determine as to the benefit to his lands; and should the jury find in favor of the objector, he is not entitled as a matter of right to have his land excluded, but it is for the judge to decide whether this may be done without injury to the district, and if not, he may order that such land be retained upon payment of the damages to be awarded by the jury, as in condemnation of lands; all other matters embodied in the report are subject to approval by the clerk, and review by the judge without the intervention of a jury, being questions of fact. Shelton v. White, 163 N.C. 90, 79 S.E. 427 (1913).

Proper Appeal Is Notice to Purchaser of Bond. — Where the owner of land in a drainage district has duly excepted under this section and again under § 156-75 and has appealed, the purchaser of bonds issued by the district takes with notice of the rights of the complaining party so excepting, and acquires the bonds subject thereto. Drainage Dist. No. 1 v. Parks, 170 N.C. 435, 87 S.E. 229 (1917).

Effect of Failure to Appeal. — Appeals are separately provided for under this section when the drainage district has been laid off, and under § 156-75 when the final act is passed upon; and where the complaining owner of land in the district has not entered an exception under either of these two sections as the statute provides, and bonds have been duly issued on the lands of the district for drainage purposes, and thereafter application has been made by the commissioners for the issuance of additional bonds, in the further proceedings he may not be permitted to go back and change the formation of the district and the classification and assessments already made, by attacking the reports of the engineers and viewers, and withdraw a large part of his lands from the district theretofore formed. Drainage Dist. No. 1 v. Parks, 170 N.C. 435, 87 S.E. 229 (1917).

Cited in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-67. Condemnation of land. — If it shall be necessary to acquire a right-of-way or an outlet over and through lands not affected by the drainage, and the same cannot be acquired by purchase, then and in such event the power of eminent domain is hereby conferred, and the same may be condemned. The owners of the land proposed to be condemned may be made parties defendant in the manner of an ancillary proceeding, and the procedure shall be substantially as provided by law for the condemnation of rights-of-way for railroads so far as the same may be applicable, and such damages as may be awarded as compensation shall be paid by the board of drainage commissioners out of the first funds which shall be available from the proceeds of sale of bonds or otherwise. (1909, c. 442, s. 7; C. S., s. 5325.)

§ 156-68. Complete survey ordered. — After the district is established the court shall refer the report of the engineer and viewers back to them to

make a complete survey, plans, and specifications for the drains or levees or other improvements, and fix a time when the engineer and viewers shall complete and file their report, not exceeding 60 days. (1909, c. 442, s. 9; C. S., s. 5326.)

§ 156-69. Nature of the survey; conservation and replacement of fish and wildlife habitat; structures to control and store water. — The engineer and viewers shall have power to employ such assistants as may be necessary to make a complete survey of the drainage district, and shall enter upon the ground and make a survey of the main drain or drains and all its laterals. The line of each ditch, drain, or levee shall be plainly and substantially marked on the ground. The course and distance of each ditch shall be carefully noted and sufficient notes made, so that it may be accurately plotted and mapped. A line of levels shall be run for the entire work and sufficient data secured from which accurate profiles and plans may be made. Frequent bench marks shall be established among the line, on permanent objects, and their elevation recorded in the field books. If it is deemed expedient by the engineer and viewers, other levels may be run to determine the fall from one part of the district to another. If an old watercourse ditch, or channel is being widened, deepened, or straightened, it shall be accurately cross-sectioned so as to compute the number of cubic yards saved by the use of such old channel. A drainage map of the district shall then be completed, showing the location of the ditch or ditches and other improvements and the boundary, as closely as may be determined by the records, of the lands owned by each individual landowner within the district. The location of any railroads or public highways and the boundary of any incorporated towns or villages within the district shall be shown on the map. There shall also be prepared to accompany this map a profile of each levee, drain, or watercourse, showing the surface of the ground, the bottom or grade of the proposed improvement, and the number of cubic yards of excavation or fill in each mile or fraction thereof, and the total yards in the proposed improvement and the estimated cost thereof, and plans and specifications, and the cost of any other work required to be done.

The board of viewers shall consider the effect of the proposed improvements upon the habitat of fish and wildlife, and the laws and regulations of the Commission for Health Services. Their report shall include their recommendations and the estimated cost thereof, as to the conservation and replacement of fish and wildlife habitat, if they shall determine such shall be damaged or displaced by the proposed improvement. The board, to determine their recommendations, may consult governmental agencies, wildlife associations, individuals, or such other sources as they may deem desirable, to assist them in their considerations of and recommendations relating to, the conservation and replacement of fish and wildlife habitat.

The board of viewers shall consider the need for and feasibility of, the construction of structures which will do one or more of the following:

(1) Control the flow of water,
(2) Impound or store water and,
(3) Provide areas for conservation and replacement of fish and wildlife habitat.

If structures are recommended for any one or more of said purposes, their report shall include:

(1) Specifications therefor.
(2) Location thereof together with the description of the area of land needed for the purpose of said structure, i.e., water storage or impoundment, or fish and wildlife habitat.
(3) Estimate of cost thereof.

The report of the board of viewers shall set forth, in regard to the foregoing, the following information:

(1) The areas of land needed for construction and maintenance of:

a. The canals and drainage system.
b. Structures to:
1. To control the water,
2. Impound or store water and,
3. To conserve and replace fish and wildlife habitat.
(2) Upon whose land such areas are located.
(3) The area of land necessary to be acquired from each landowner.

The map accompanying the report shall have shown thereon, the location of the areas of land needed for the construction and maintenance of the following:
(1) The canal and drainage system.
(2) Structures to:
a. Control the flow of water
b. Impound or store the water
c. Conserve and replace fish and wildlife habitat.

The board of viewers may, in its discretion, agree with the Soil Conservation Service of the Department of Agriculture or any agency of the government of the United States or of the State of North Carolina whereby such agency will furnish all or a part of the service necessary to obtain the information set forth in the preceding paragraph and in G.S. 156-68.

The board of viewers may accept such information as furnished by such agencies and include such information in their final report to the clerk.

The board of viewers and engineers of the district may use control or semicontrol, mosaic aerial photographs or other sources and stereoscopic or other methods, generally used and deemed acceptable by civil and drainage engineers for the purpose of obtaining the information required in this section and in lieu of a detailed ground survey. In the event a detailed ground survey is not made, only those ground markings need be made as the board of viewers deem necessary. The location of the proposed canals must be shown on the ground prior to actual construction. (1909, c. 442, s. 10; C. S., s. 5327; 1959, c. 597, s. 1; 1961, c. 614, ss. 5, 9; 1965, c. 1143, s. 1; 1973, c. 476, s. 128.)

Editor's Note. — The 1973 amendment substituted "Commission for Health Services" for "State Board of Health" in the first sentence of the second paragraph.

Applied in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-70. Assessment of damages. — It shall be the further duty of the engineer and viewers to assess the damages claimed by anyone that are justly right and due to him for land taken or for inconvenience imposed because of the construction of the improvement, or for any other legal damages sustained. Such damages shall be considered separate and apart from any benefit the land would receive because of the proposed work, and shall be paid by the board of drainage commissioners when funds shall come into their hands. (1909, c. 442, s. 11; 1915, c. 238; 1917, c. 152, s. 16; C. S., s. 5328.)

Independent Action for Damages. — The principles that conclude parties to proceedings in the formation of drainage districts under the statute by final judgment, from a recovery of damages to their lands, applies to such as may have accrued in the laying out and the establishment of the district under the procedure prescribed, and does not prevent an injured proprietor, within or without the district, from maintaining his independent action to recover damages caused by an unauthorized and substantial departure from the scheme and plan established by the decrees and orders in the cause, nor where the damage complained of is attributable to the negligence of the company, or its officers or agents in carrying out the proposed work. Spencer v. Wills, 179 N.C. 175, 102 S.E. 275 (1920).

Permanent Damages Recoverable. — The whole of plaintiff's land was originally included in a drainage district to be established under the statutory provisions, but the final judgment so restricted and modified the survey, plat and boundaries as to exclude all except a comparatively small portion of the land, the preliminary survey showing that a canal would go through the land included as well as through the land, or a large part thereof, excluded by the final judgment. There was no evidence that ancillary proceedings for this outside land by condemnation had been resorted to and it was held, that the plaintiff, in his independent

action, may elect to recover the permanent damages caused to his land. Sawyer v. Camden Run Drainage Dist., 179 N.C. 182, 102 S.E. 273 (1920).

Pendency of Proceedings as Notice to Landowners and Grantees. — The pendency of a proceeding to lay off a drainage district under the provisions of the statute is notice as to all the lands embraced in the district. And the grantees thereof are bound by the statutory requirements as to the procedure to recover damages to the lands, as were their grantors who were parties to the proceedings and who owned the lands at that time. Newby & White v. Board of Drainage Comm'rs, 163 N.C. 24, 79 S.E. 266 (1913).

Damage to Timber Included. — While under the drainage acts no assessments for benefits can be made against the owner of timber interests, only the land itself being liable, the owner of the land and of timber within the district, by the provision of the statute, when made a party to the proceedings and duly notified, is required to present his claim for the entire injury, inclusive of that to his timber, and the damages to the timber should thus be included and allowed in the final judgment in the proceedings. Beaufort County Lumber Co. v. Drainage Comm'rs, 174 N.C. 647, 94 S.E. 457 (1917). And if this is not done, grantees of the landowner cannot recover damages for the loss of the timber in an action against the commissioners.

Applied in In re Drainage of Ahoskie Creek, 257 N.C. 337, 125 S.E.2d 908 (1962).

§ 156-70.1. When title deemed acquired for purpose of easements or rights-of-way; notice to landowner; claim for compensation; appeal. — The district shall be deemed to have acquired title for the purpose of easements or rights-of-way to those areas of land identified in the final report of the board of viewers and as shown on the map accompanying said report, at the time said final report is confirmed by the clerk of the superior court.

The board of viewers shall cause notice as to the area or areas of land involved, to be given to each landowner so affected, which notice shall be in writing and mailed to the last known address of the landowner at least seven days prior to the hearing on the final report as provided by G.S. 156-73.

If the landowner desires compensation for the land areas so acquired by the district, claim for the value of the same shall be submitted to the board of viewers on or before the time of the adjudication upon the final report as provided for by G.S. 156-74.

If the board of viewers shall approve the claim, the amount so approved shall be added to the total cost of the district as estimated in said final report and this shall be done by amendment to the final report submitted to the clerk of the superior court on or before the adjudication provided for in G.S. 156-74.

If the board of viewers shall not approve said claim, the clerk of the superior court shall consider the claim and determine what in his opinion is a fair value and the amount so determined shall be shown in the said final report as amended and confirmed by said adjudication. The landowner or the drainage district may appeal from the decision of the clerk of the superior court, to the superior court, upon the question of the value of the land taken and such value shall be determined by a jury. The procedure for the appeal shall be in accordance with the provision of G.S. 156-75. (1959, c. 597, s. 2; c. 1085; 1965, c. 1143, s. 2.)

Applied in Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

§ 156-71. Classification of lands and benefits. — It shall be the further duty of the engineer and viewers to personally examine the land in the district and classify it with reference to the benefit it will receive from the construction of the levee, ditch, drain, or watercourse or other improvement. In the case of drainage, the degree of wetness on the land, its proximity to the ditch or a natural outlet, and the fertility of the soil shall be considered in determining the amount of benefit it will receive by the construction of the ditch. The land benefited shall be separated in five classes. The land receiving the highest benefit shall be marked "Class A"; that receiving the next highest benefit, "Class B"; that receiving the next highest benefit, "Class C"; that receiving the next highest benefit, "Class D," and that receiving the smallest benefit, "Class E." The holdings of any one landowner need not be all in one class, but the

number of acres in each class shall be ascertained, though its boundary need not be marked on the ground or shown on the map. The total number of acres owned by one person in each class and the total number of acres benefited shall be determined. The total number of acres of each class in the entire district shall be obtained and presented in tabulated form. The scale of assessment upon the several classes of land returned by the engineer and viewers shall be in the ratio of five, four, three, two, and one; that is to say, as often as five mills per acre is assessed against the land in "Class A," four mills per acre shall be assessed against the land in "Class B," three mills per acre in "Class C," two mills per acre in "Class D," and one mill per acre in "Class E." This shall form the basis of the assessment of benefits to the lands for drainage purposes. In any district lands may be included which are not benefited for the agriculture or crop production, or slightly so, but which will receive benefit by improvement in health conditions, and as to such lands the engineer and viewers may assess each tract of land without regard to the ratio and at such a sum per acre as will fairly represent the benefit of such lands. Villages or towns or parts thereof and small parcels of land located outside thereof and used primarily for residence or other specific purposes, and which require drainage, may also be included in any drainage district which by reason of their improved conditions and the limited area in each parcel under individual ownership, it is impracticable to fairly assess the benefits to each separated parcel of land by the ratio herein provided, and as to such parcels of land the engineer and viewers may assess each parcel of land without regard to the ratio and at a higher rate per acre respectively by reason of the greater benefits. If the streets or other property owned by any incorporated town or village are likewise benefited by such drainage works, the corporation may be assessed in proportion to such benefits, which assessment shall constitute a liability against the corporation and may be enforced as provided by law.

The board of viewers may determine that some areas of the district will receive more benefits than other areas and if such is determined, the varying benefits shall be reflected in the manner of classification of benefits to each area and the tracts of land therein. (1909, c. 442, s. 12; C. S., s. 5329; 1923, c. 217, s. 1; 1961, c. 614, s. 7.)

Cross Reference. — See § 156-104 as to application of this section.

Classification Discretionary in Local Act. — The legislature, in authorizing the establishment of a drainage district, may very largely commit to the commissioners the exercise of their judgment as to what should be done in carrying out the general provisions specified by the statute; and the special act of the legislature creating the Gaston County Drainage Commission, ch. 427, Public-Local Laws of 1911, thus construed, does not relieve a landowner therein from paying his authorized assessments for benefits solely because the commission failed to strictly and literally divide the lands into the number of classes therein set out. Mitchem v. Gaston County Drainage Comm'n, 182 N.C. 511, 109 S.E. 551 (1921).

Stated in In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

§ 156-72. Extension of time for report. — In case the work is delayed by high water, sickness, or any other good cause, and the report is not completed at the time fixed by the court, the engineer and viewers shall appear before the court and state in writing the cause of such failure and ask for sufficient time in which to complete the work, and the court shall set another date by which the report shall be completed and filed. (1909, c. 442, s. 14; C. S., s. 5330.)

§ 156-73. Final report filed; notice of hearing. — When the final report is completed and filed it shall be examined by the court, and if it is found to be in due form and in accordance with the law it shall be accepted, and if not in due form it may be referred back to the engineer and viewers, with instructions to secure further information, to be reported at a subsequent date to be fixed by the court. When the report is fully completed and accepted by the court a date not less than 20 days thereafter shall be fixed by the court for the final hearing

upon the report, and notice thereof shall be given by publication in a newspaper of general circulation in the county and by posting a written or printed notice on the door of the courthouse and at five conspicuous places throughout the district, such publication to be made once a week for at least three consecutive weeks before the final hearing. During this time a copy of the report shall be on file in the office of the clerk of the superior court, and shall be open to the inspection of any landowner or other persons interested within the district. (1909, c. 442, s. 15; C. S., s. 5331; 1959, c. 807, ss. 1, 2; 1963, c. 767, s. 2.)

When Publication Unnecessary. — It is not necessary to the validity of bonds issued by a drainage district, that the notice of the time of hearing objections to the final report was not published in some newspaper of general circulation in the county, when it appears that no newspaper was published therein, or elsewhere, which has a general circulation in the county, and that the landowners affected had actual and ample notice of such time and raised no objection. Board of Drainage Comm'rs v. Brett Eng'r Co., 165 N.C. 37, 80 S.E. 897 (1914).

§ 156-74. Adjudication upon final report. — At the date set for hearing any landowner may appear in person or by counsel and file his objection in writing to the report of the viewers; and it shall be the duty of the court to carefully review the report of the viewers and the objections filed thereto, and make such changes as are necessary to render substantial and equal justice to all the landowners in the district. If, in the opinion of the court, the cost of construction, together with the amount of damages assessed, is not greater than the benefits that will accrue to the land affected, the court shall confirm the report of the viewers. If, however, the court finds that the cost of construction, together with the damages assessed, is greater than the resulting benefit that will accrue to the lands affected, the court shall dismiss the proceedings at the cost of the petitioners, and the sureties upon the bond so filed by them shall be liable for such costs. Provided, that the Department of Water Resources may remit and release to the petitioners the costs expended by the board on account of the engineer and his assistants. The court may from time to time collect from the petitioners such amounts as may be necessary to pay costs accruing, other than costs of the engineer and his assistants, such amounts to be repaid from the special tax hereby authorized.

The court shall, at the time of consideration of said report, determine whether:

(1) The petitioners constitute a majority of the resident landowners, whose lands are adjudged to be benefited by the proposed construction work as shown in the final report of the board of viewers and finally approved by the court; or

(2) The petitioners own three fifths of the land area which is adjudged to be benefited by the proposed construction work as shown in the final report of the board of viewers and finally approved by the court.

If the petitioners do not constitute either a majority of the resident landowners or own three fifths of the land as set out in subdivisions (1) or (2) above, then the proceedings shall be dismissed. (1909, c. 442, s. 16; 1915, c. 238, s. 2; 1917, c. 152, s. 16; C. S., s. 5332; 1925, c. 122, s. 4; 1959, c. 1312, s. 1; 1961, c. 1198.)

Effect of Final Decree. — A final decree in proceedings to lay off a statutory drainage district is an adjudication that the benefits derived to the land within the district are more than the burdens assessed against it for such purpose. Banks v. Lane, 170 N.C. 14, 86 S.E. 713 (1915).

Failure to Object Is Waiver. — The question as to whether an owner of land within a drainage district has realized the benefits anticipated is eliminated when there is the establishment of the district upon the report; and where such owner remains silent or makes no objection or exception at the proper time as to the proceedings of the board, his silence is a waiver of any right he may have therein had, and the independent remedy by injunction is not open to him. Mitchem v. Gaston County Drainage Comm'n, 182 N.C. 511, 109 S.E. 551 (1921).

Where a drainage district has been duly laid off in conformity with the statute, and a landowner therein has not excepted to either the preliminary or final report, he may not after the appointment of the commissioners, be heard to complain that the benefits he is to receive are not as great as those he had contemplated. Griffin v. Board of Comm'rs, 169 N.C. 642, 86 S.E. 575 (1915).

§ 156-75. Appeal from final hearing. — Any landowner, party petitioner or the drainage district may, within 10 days after the ruling or adjudication by the clerk upon the report of the board of viewers, appeal to the superior court in session time or in chambers. Such appeal shall be taken and prosecuted as provided in special proceedings. Such appeal shall be based and heard only upon the exceptions filed thereto in writing by the appealing party, either as to issues of law or fact, and no additional exceptions shall be considered by the court upon the hearing of the appeal. In any appeal to the superior court in session or in chambers taken under this section or any other section or provision of the drainage laws of the State, general or local, the same shall have precedence in consideration and trial by the court. If other issues also have precedence in the superior court under existing law, the order in which the same shall be heard shall be determined by the court in the exercise of a sound discretion. (1909, c. 442, s. 17; 1911, c. 67, s. 3; C. S., s. 5333; 1923, c. 217, s. 2; 1969, c. 192, s. 1; 1973, c. 108, s. 96.)

Editor's Note. — The 1973 amendment substituted "session" for "termtime" in the fourth sentence.

In General. — This section providing for an appeal upon exception to the final report by an owner of lands in a drainage district laid off under the provisions of the statute necessarily refers to the formation of the district and the assessments of the lands embraced in it. Wayne County Drainage Dist. No. 1 v. Parks, 170 N.C. 435, 87 S.E. 229 (1917).

Authority of Referee. — Where, by consent of the parties to an action, the court has ordered a referee for hearing and determining "all matters in controversy," and the controversy has arisen upon exceptions taken by a landowner to the final report on the plan and assessments made in forming a drainage district, by this section, the complaining party may not successfully except to the authority of the referee in passing upon questions therein arising which have been referred to him. Wayne County Drainage Dist. No. 1 v. Parks, 170 N.C. 435, 87 S.E. 229 (1917).

Appeal Only upon Exceptions Filed Below. — An appeal from the final order of the clerk in establishing a drainage district under the provisions of this section is heard only upon the exceptions thereto filed as to issues of law or fact. And it is sufficient that the clerk has found as a fact that the allegations set out in the petition are true, if these allegations are sufficient, and distinctly and clearly made. § 156-76. Compensation of board of viewers. — The compensation of the engineer, including his necessary assistants, rodmen, and laborers, and also the compensation of the viewers, shall be fixed by the clerk. In fixing such compensation, particularly of the drainage engineer, the clerk shall confer fully with the Department of Water Resources and with the petitioners. The compensation to be paid the two members of the board of viewers, other than the engineer, shall be in such amount per day as may be fixed by the clerk of the superior court for the time actually employed in the discharge of their duties, and in addition any actual and necessary expenses of travel and subsistence while in the actual discharge of their duties, an itemized report of which shall be submitted and verified. (1909, c. 442, s. 36; 1917, c. 152, ss. 1, 2; C. S., s. 5334; 1925, c. 122, s. 4; 1959, c. 288; 1961, c. 1198.)

§ 156-77. Account of expenses filed. — The engineer and viewers shall keep an accurate account and report to the court the name and number of days each person was employed on the survey and the kind of work he was doing, and any expenses that may have been incurred in going to and from the work, and the

cost of any supplies or material that may have been used in making the survey. (1909, c. 442, s. 13; C. S., s. 5335.)

§ 156-78. Drainage record. — The clerk of the superior court shall provide a suitable book, to be known as the "Drainage Record," in which he shall transcribe every petition, motion, order, report, judgment, or finding of the board in every drainage transaction that may come before it, in such a manner as to make a complete and continuous record of the case. Copies of all the maps and profiles are to be furnished by the engineer and marked by the clerk "official copies," which shall be kept on file by him in his office, and one other copy shall be pasted or otherwise attached to his record book. (1909, c. 442, s. 18; C. S., s. 5336.)

Purpose of Record Book. — Upon the filing of the final report by the viewers, etc., in a proceeding to establish a drainage district under the provisions of the statute, a record is required by the statute to be kept in a book for the purpose, giving all interested in the proceedings notice of all that has been done materially affecting them; and when they have failed to make objection within three years, semble, they have lost their right to object, by the delay. Griffin v. Board of Comm'rs, 169 N.C. 642, 86 S.E. 575 (1915).

§ 156-78.1. Municipalities. — (a) Any municipality may participate in drainage district works or projects upon mutually agreeable terms relating to such matters as the construction, financing, maintenance and operation thereof.

(b) Any municipality may contribute funds toward the construction, maintenance and operation of drainage district works or projects, to the extent that such works or projects:

(1) Provide a source of municipal water supply for the municipality, or protect an existing source of such supply, enhance its quality or increase its dependable capacity or quantity, or implement or facilitate the disposal of sewage of the municipality; or

(2) Protect against or alleviate the effects of floodwater or sediment damages affecting, or provide drainage benefits for property owned by the municipality or its inhabitants.

(c) Municipal expenditures for the aforesaid purposes are declared to be for necessary expenses. Municipalities may enter continuing contracts, some portion or all of which may be performed in an ensuing year, agreeing to make periodic payments in ensuing fiscal years to drainage districts in consideration of benefits set forth in subsection (b) (2) of this section, but no such contract may be entered into unless sufficient funds have been appropriated to meet any amount to be paid under the contract in the fiscal year in which the contract is made. The municipal governing body shall, in the budget ordinance of each ensuing fiscal year during which any such contract is in effect, appropriate sufficient funds to meet the amount to be paid under the contract in such ensuing fiscal year. The statement required by G.S. 160-411.1 to be printed, written or typewritten on all contracts, agreements, or requisitions requiring the payment of moneys shall be placed on such a continuing contract only if sufficient funds have been appropriated to meet the amount to be paid under the contract in the fiscal year in which the contract is made.

(d) The provisions of this section are permissive. If a municipality does not participate in accordance with the provisions of this section, then the other provisions of Subchapter III shall apply and be followed. (1961, c. 614, s. 10.)

Editor's Note. — Section 160-411.1, referred to in this section, was repealed by Session Laws 1971, c. 780, s. 13. See now § 159-28.

Article 6.

Drainage Commissioners.

§ 156-79. Election and organization under original act. — After the drainage district has been declared established, as aforesaid, and the survey and plan therefor approved, the court shall appoint three persons, who shall be designated as the board of drainage commissioners. Such drainage commissioners shall first be elected by the owners of land within the drainage or levee district, or by a majority of same, in such manner as the court shall prescribe. The court shall appoint those receiving a majority of the votes. If any one or more of such proposed commissioners shall not receive the vote of a majority of such landowners the court shall appoint all or the remainder from among those voted for in the election. Any vacancy thereafter occurring shall be filled by the clerk of the superior court. Such three drainage commissioners, when so appointed, shall be immediately created a body corporate under the name and style of "The Board of Drainage Commissioners of ..... District," with the right to hold property and convey the same, to sue and be sued, and shall possess such other powers as usually pertain to corporations. They shall organize by electing from among their number a chairman and a vice-chairman. They shall also elect a secretary, either within or without their body. Such board of drainage commissioners shall adopt a seal, which they may alter at pleasure. The board of drainage commissioners shall have and possess such powers as are herein granted. (1909, c. 442, s. 19; 1917, c. 152, s. 17; C. S., s. 5337; 1947, c. 273; 1963, c. 767, s. 3.)

Local Modification. — Columbus, Chadburn Drainage District: 1939, c. 70; 1953, c. 1020; Hyde, Mattamuskeet Lake District: 1909, c. 509; Pub. Loc. 1927, c. 407; Iredell, Davidson Creek Drainage District: 1933, c. 466.

See also, Local Modification under § 156-56.

Individual Acts of Officials Do Not Bind District. — A drainage district is a corporation and as any other corporation, public or private, cannot be bound by the acts of its officials or agents acting separately or individually. Davenport v. Pitt County Drainage Dist. No. 2, 220 N.C. 237, 17 S.E.2d 1 (1941).

Conferring Special Rights on One Landowner. — The board of drainage commissioners, being a quasi-public corporation, created for the "public benefit," the powers usually pertaining to such corporations would not authorize a drainage district to enter into a contract that would give special or particular rights or claims to one landowner in the drainage district that is not enjoyed by all landowners similarly situated. Davenport v. Pitt County Drainage Dist. No. 2, 220 N.C. 237, 17 S.E.2d 1 (1941).

Appointment of Commissioners under Special Act. — As to appointment of commissioners for particular drainage district established under special act, see State ex rel. Mann v. Gibbs, 156 N.C. 44, 72 S.E. 82 (1911).

§ 156-80. Name of districts. — The name of such drainage district shall constitute a part of its corporate name; for illustration, the board of drainage commissioners of Mecklenburg Drainage District, No. 1. In the naming of a drainage district the clerk of the court, notwithstanding the name given in the petition, shall so change the name as to make it conform to the county within which the district, or the main portion of the district, is located, and such district shall also be designated by number, the number to indicate the number of districts petitioned for in the county. For illustration, the first district organized in Mecklenburg County would be Mecklenburg County Drainage District, No. 1; the name of the second would be Mecklenburg County Drainage District, No. 2; the fifth one organized would be Mecklenburg County Drainage District, No. 5: Provided, that so much of this section as provides for numbering the districts in each county shall not apply to districts in which bonds have been issued and sold prior to the fifth day of March, 1917. (1909, c. 442, s. 19; 1917, c. 152, s. 17; C. S., s. 5338.)

§ 156-81. Election and organization under amended act. — (a) Method of Election. — In the election of drainage commissioners by the owners of land, each landowner shall be entitled to cast the number of votes equaling the

number of acres of land owned by him and benefited, as appears by the final report of the viewers. Each landowner may vote for the names of three persons for commissioners. If any person or persons in any district shall own land in any district containing an area greater than one half of the total area in the district, such owner shall only be permitted to elect two of the drainage commissioners, and a separate election shall be held under the direction of the clerk by the minority landowners, who shall elect one member of the drainage commissioners.

In lieu of the above method of election of drainage commissioners, the clerk of the superior court may, in his discretion, appoint such drainage commissioners and such drainage commissioners so appointed by the clerk shall have the same authority as if they had been elected by the method above described.

(b) Organization. — Immediately after the election of the board of drainage commissioners, and after the members of the board shall be appointed by the clerk, the clerk of the court shall notify each of them in writing to appear at a certain time and place within the county and organize. The clerk of the superior court shall appoint one of the three members as chairman of the board of drainage commissioners, and in doing so he shall consider carefully and impartially the respective qualifications of each of the members for the position.

(c) Term of Office. — The term of service of the members of the board of drainage commissioners so elected and appointed shall begin immediately after their organization. One commissioner shall serve for one year, one for two years, and the other for three years, the term to be computed from the first day of October following their organization. The members so serving for one, two, and three years, respectively, shall be designated by the clerk of the court or designated by lot among the members, in the discretion of the clerk. Thereafter each member shall be elected for three years. In the year when the term of any member or members shall expire the clerk of the court shall provide for an election of their successors to be held on the second Monday in August preceding the expiration of their term on the thirtieth day of September. The clerk of the court shall record in the drainage record the date of election, the members elected, and the beginning and expiration of their term of office.

(d) Vacancies Filled. — If a vacancy shall occur in the office of any commissioner by death, resignation, or otherwise, the remaining two members are to discharge the necessary duties of the board until the vacancy shall be filled; and if the vacancy shall be in the office of chairman or secretary, the two remaining members may elect a secretary, and the clerk shall appoint one of the two remaining members to act as chairman to hold until the vacancy in the board shall be filled. The clerk shall keep a similar record of any election to fill vacancies, and the member or members shall be elected in like manner as the original members, and shall serve until the expiration of the term of his predecessor. The secretary of the board of drainage commissioners shall promptly notify the clerk of the superior court of any vacancy in the board.

(e) Failure to Elect. — If for any reason the clerk of the court shall fail to provide for an election of drainage commissioners on the second Monday in August to succeed those whose terms will expire on the thirtieth day of September, the clerk shall have authority at the most convenient date thereafter to provide for such election, and in the meantime the incumbents shall continue to hold their office as commissioners until their successors are elected and qualified. The term of office of boards of drainage commissioners heretofore elected and appointed shall expire on the thirtieth day of September, 1917, and their successors shall be elected on the second Monday in August, 1917, in the manner provided by law.

(f) Meetings. — The board shall meet once each month at a stated time and place during the progress of drainage construction, and more often if necessary. After the drainage work is completed, or at any time, the chairman

shall have the power to call special meetings of the board at a certain time and place. The chairman shall also call a meeting at any time upon the written request of the owner of a majority in area of the land in the district.

(g) Compensation. — The chairman of the board of drainage commissioners shall receive compensation and allowances as fixed by the clerk of the superior court. In fixing such compensation and allowances, the clerk shall give due consideration to the duties and responsibilities imposed upon the chairman of the board. The other members of the board shall receive a per diem not to exceed twelve dollars ($12.00) a day, while engaged in attendance upon meetings of the board, or in the discharge of duties imposed by the board. The secretary of the board shall receive such compensation and expense allowances as may be determined by the board.

The chairman and members of the board of drainage commissioners shall also receive their actual travel and subsistence expenses while engaged in attendance upon meetings of the board, or in the discharge of duties imposed by the board. The compensation and expense allowances as herein set out shall be paid from the assessments made annually for the purpose of maintaining the canals of the drainage district, or from any other funds of the district.

(h) Application of Section. — The provisions of this section shall apply to all drainage districts now or hereafter existing in this State, without regard to the date of organization, whether before or after April 14, 1949.

(i) Appointment by Clerk of Superior Court as Alternative to Election. — In lieu of the methods of election and filling of vacancies in the position of drainage commissioner as provided in G.S. 156-79 and this section, the clerk of the superior court may, in his discretion, appoint such drainage commissioners and fill such vacancies, and such drainage commissioners so appointed by the clerk shall have the same authority and responsibility as if they had been elected or appointed as provided under G.S. 156-79 or this section. (1917, c. 152, s. 5; 1919, cc. 109, 217; C. S., s. 5339; 1947, c. 935; 1949, c. 956, ss. 1-3; 1957, c. 912, s. 1.)

Where one of three drainage commissioners dies, the two surviving have authority, until the election and qualification of their successors, to levy an additional assessment against the lands of the district necessary to discharge the obligations of the district. Peoples Loan & Sav. Bank v. King, 212 N.C. 349, 193 S.E. 663 (1937).

§ 156-81.1. Treasurer. — The clerk of the superior court for the county where the district was organized, shall appoint a treasurer for the drainage district for a term not to exceed 12 months. The treasurer so appointed may be a member of the board of commissioners of the district or some other person deemed competent, and shall furnish bond as may be required by the said clerk of the superior court. The treasurer shall continue in office until a successor has been appointed and qualified.

All references in Subchapter III of Chapter 156 of the General Statutes of North Carolina, to "treasurer" or "county treasurer" or "county auditor" are hereby amended to refer exclusively to the treasurer appointed as hereinbefore provided. (1963, c. 767, s. 4.)

Local Modification. — Hyde: 1967, c. 1010.

§ 156-82. Validation of election of members of drainage commission. — All irregularities caused by failure of any officer whose duty it was to provide for the election of a member or members of board of drainage commissioners of any drainage district, or the failure of any candidate to make a deposit as may be required by law, shall not invalidate such election where the following facts appear affirmatively:

(1) That said election was held at the time and place prescribed by law.

(2) That a ballot box was provided for the ballots cast for drainage commissioner.

(3) That the ballots were canvassed and the results declared by the judge of the general election.

(4) That the candidate receiving the greatest number of votes was declared elected.

(5) That no candidate for election as a member of board of drainage commissioners made any deposit as prescribed by law.

(6) That the candidate receiving the majority votes at said election has already qualified and is acting as such drainage commissioner.

This section shall not apply to any election contested before March 9, 1921. (1921, c. 210; C. S., s. 5339(a).)

§ 156-82.1. Duties and powers of the board of drainage commissioners. — (a) The board of drainage commissioners shall proceed with the levying of assessments, issuance of bonds and construction of canals, water retardant structures and other improvements and acquisition of equipment as approved by the court in the adjudication upon the final report of the board of viewers, either in the creation of the district or in subsequent proceedings authorized by Article 7B.

(b) The commissioners shall maintain the canals, water retardant structures, and all other improvements and equipment of the district.

(c) The commissioners, with the approval of the clerk of the superior court, may use surplus funds in such manner as they deem best for (i) the maintenance of the improvements, (ii) construction or enlargement of canals and water retardant structures, or other improvements or equipment, (iii) replacement or acquisition of equipment or structures, and (iv) for payment of any or all operating expenses including salaries, fees and costs of court.

The term "surplus funds" is defined to mean any funds remaining after the payment of those items set forth specifically in the certificate of assessment, as well as funds provided in said certificate for maintenance and contingencies, and also, shall include maintenance and any other funds which the said commissioners may have on hand and which are not necessary for the payment of the bonds and interest thereon which have been issued by the said district.

(d) The board of commissioners may agree, or contract, with any agency of the government of the United States or of North Carolina for such engineering or other services as may be provided by such agency.

(e) The board of commissioners may, in its discretion, release areas taken for rights-of-way if it determines, after the construction of the canals, that such are not needed for the purpose of the district. The release must be approved by the clerk of the superior court and such release shall be filed in the proceedings by virtue of which the district was created.

(f) The board of drainage commissioners shall have all the duties and powers as set forth and imposed upon them by the various sections of this Subchapter and all others which are necessary to promote the purposes of the district.

(g) The board of commissioners may authorize the use of stored or impounded water for recreational purposes. They may acquire title, by gift or purchase, but not by condemnation, of land to be used in conjunction with the stored and impounded water, for the development of recreational facilities.

The said commissioners are not authorized to use funds obtained from assessments upon the lands within the drainage district, for the purposes of the acquisition and development of recreational facilities. They are authorized to issue revenue bonds or notes, for the acquisition of land and construction and development of recreational facilities. The funds received from the use of the said recreational facilities, may be pledged for the payment of said revenue bonds and notes.

The terms and conditions of the issuance and payment of the said revenue bonds or notes, must be approved by the clerk of the superior court who has jurisdiction of the said drainage district.

The commissioners are authorized to enter into a contract with persons,

association of persons or municipal or private corporations, for the operation of recreational facilities, owned by the drainage district. The contract may be entered into by negotiation or by award to the highest bidder at a public rental to be advertised as directed by the clerk of the superior court. The terms of the contract must be approved by the clerk of the superior court who has jurisdiction of the said drainage district.

(h) The commissioners may enter into a contract with a municipality or other nonprofit organizations, for the joint use of a facility for the impoundment or storage of water. The contract must be approved by the clerk of the superior court who has jurisdiction of the drainage district.

(i) All improvements constructed and acquired under the provisions of this Subchapter shall be under the control and supervision of the board of drainage commissioners. It shall be their duty to keep all improvements in good repair. (1961, c. 614, s. 2; 1965, c. 1143, s. 3.)

Article 7.

Construction of Improvement.

§ 156-83. Superintendent of construction. — The board of drainage commissioners shall appoint a competent drainage engineer of good repute as superintendent of construction. Such superintendent of construction shall furnish a copy of his monthly and final estimates to the Department of Water Resources, in addition to other copies herein provided which shall be filed and preserved. In the event of the death, resignation, or removal of the superintendent of construction, his successor shall be appointed in the same manner.

The board of drainage commissioners may, in its discretion, agree with the Soil Conservation Service of the Department of Agriculture or any agency of the government of the United States or of North Carolina whereby such agency may furnish the service required of the superintendent of construction. If this is done by the board, any reference in this Chapter to the superintendent of construction and/or his duties shall include or be exercised by the said agency subject to the approval of the board of commissioners. (1909, c. 442, s. 20; C. S., s. 5340; 1923, c. 217, s. 3; 1925, c. 122, s. 5; 1959, c. 597, s. 3; 1961, c. 1198; 1963, c. 767, s. 5.)

Local Modification. — Hyde: 1957, c. 714.

Cross Reference. — See § 156-104 as to application of this section.

§ 156-84. Letting contracts. — The board of drainage commissioners shall cause notice to be given of the letting of the contract. The notice shall be posted at the courthouse door in the county wherein the district was organized. Notice shall be posted no less than 15 days prior to the opening of the bids and shall be published at least once a week for two consecutive weeks immediately prior to the opening of the bids, in some newspaper published in the county wherein such improvement is located, if such there be, and such additional publication elsewhere as they may deem expedient, of the time and place of letting the work of construction of such improvement, and in such notice they shall specify the approximate amount of work to be done and the time fixed for the completion thereof; and on the date appointed for the letting they, together with the superintendent of construction, shall convene and let to the lowest responsible bidder, either as a whole or in sections, as they may deem most advantageous for the district, the proposed work. No bid shall be entertained that exceeds the estimated cost, except for good and satisfactory reasons it shall be shown that the original estimate was erroneous. They shall have the right to reject all bids and advertise again the work, if in their judgment the interest of the district will be subserved by doing so. The successful bidder shall be required to enter into a contract with the board of drainage

commissioners and to execute a bond for the faithful performance of such contract, with sufficient sureties, in favor of the board of drainage commissioners for the use and benefit of the levee or drainage district, in an amount equal to no less than 25 nor more than one hundred per centum (100%) of the estimated cost of the work awarded to him. In canvassing bids and letting the contract, the superintendent of construction shall act only in an advisory capacity to the board of drainage commissioners. The contract shall be based on the plans and specifications submitted by the viewers in their final report as confirmed by the court, the original of which shall remain on file in the office of the clerk of the superior court and shall be open to the inspection of all prospective bidders. All bids shall be sealed and shall not be opened except under the authority of the board of drainage commissioners and on the day theretofore appointed for opening the bids. The drainage commissioners shall have power to correct errors and modify the details of the report of the engineer and viewers if, in their judgment, they can increase the efficiency of the drainage plan and afford better drainage to the lands in the district without increasing the estimated cost submitted by the engineer and viewers and confirmed by the court. (1909, c. 442, s. 21; 1911, c. 67, s. 4; C. S., s. 5341; 1959, c. 806; 1963, c. 767, s. 6.)

Power of Commissioners Is Discretionary. — This section directs that the levee or drainage commissioners shall convene with the superintendent of construction and let the work contemplated to the "lowest responsible bidder," thereby conferring a discretionary power in adjudging the responsibility of the bidder, in all respects, with which the courts will not interfere in the absence of undue influence or a procurement by fraud. Sanderlin v. Luken, 152 N.C. 738, 68 S.E. 225 (1910).

Acceptance of Work by Commissioners. — The acceptance of the work of the contractors as a compliance on their part with the contract is a judicial act of the board of commissioners and cannot be questioned except for fraud or collusion, and then only to make the commissioners personally and individually liable. Craven v. Board of Comm'rs, 176 N.C. 531, 97 S.E. 470 (1918).

Section Authorizes Only Minor Changes in Report. — The authority given by this section to correct errors and modify the details of the report comtemplates only such minor changes of detail as may occur in carrying out the plans, etc., specified in the final report and not a substantial departure therefrom. Griffin v. Board of Comm'rs, 169 N.C. 642, 86 S.E. 575 (1915).

§ 156-85. Monthly estimates for work and payments thereon; final payment. — The superintendent in charge of construction shall make monthly estimates of the amount of work done, and furnish one copy to the contractor and file the other with the secretary of the board of drainage commissioners; and the commissioners shall, within five days after the filing of such estimate, meet and direct the secretary to draw a warrant in favor of such contractor for ninety per centum (90%) of the work done, according to the specifications and contracts; and upon the presentation of such warrant, properly signed by the chairman and secretary, to the treasurer of the drainage fund, he shall pay the amount due thereon. When the work is fully completed and accepted by the superintendent he shall make an estimate for the whole amount due, including the amounts withheld on the previous monthly estimates, which shall be paid from the drainage fund as before provided. (1909, c. 442, s. 22; C. S., s. 5342.)

§ 156-86. Failure of contractors; reletting. — If any contractor to whom such work has been let shall fail to perform the same according to the terms specified in his contract, action may be had in behalf of the board of drainage commissioners against such contractor and his bond in the superior court for damages sustained by the levee or drainage district, and recovery made against such contractor and his sureties. In such an event the work shall be advertised and relet in the same manner as the original letting. (1909, c. 442, s. 23; 1911, c. 67, s. 5; C. S., s. 5343.)

§ 156-87. Right to enter upon lands; removal of timber. — In the construction of the work the contractor shall have the right to enter upon the lands necessary for this purpose and the right to remove private or public

bridges or fences and to cross private lands in going to or from the work. In case the right-of-way of the improvement is through timber the owner thereof shall have the right to remove it, if he so desires, before the work of construction begins, and in case it is not removed by the landowner it shall become the property of the contractor and may be removed by him. (1909, c. 442, s. 24; C. S., s. 5344.)

Cross Reference. — As to recovery of damages for timber, see note to § 156-70.

Opinions of Attorney General. — Colonel Paul S. Denison, 40 N.C.A.G. 197 (1969).

Purpose of Section. — The drainage acts contemplate that all damages to the owner of lands shall be assessed, including the taking of his timber necessary to carry out its plans, this section being designed to give the owner of the timber the privilege of taking such timber if he so elects. Beaufort County Lumber Co. v. Drainage Comm'rs, 174 N.C. 647, 94 S.E. 457 (1917).

Not an Unlawful Taking. — The objection that this section is an unconstitutional taking of the owner's timber and giving it to the contractor, without compensation cannot be maintained. Beaufort County Lumber Co. v. Drainage Comm'rs, 174 N.C. 647, 94 S.E. 457 (1917).

§ 156-88. Drainage across public or private ways. — Where any public ditch, drain or watercourse established under the provisions of this Subchapter crosses or, in the opinion of the board of viewers, should cross a public highway under the supervision of the Board of Transportation the actual cost of constructing the same across the highway shall be paid for from the funds of the drainage district, and it shall be the duty of the Board of Transportation, upon notice from the court, to show cause why it should not be required to repair or remove any old bridge and/or build any new bridge to provide the minimum drainage space determined by the court; whereupon the court shall hear all evidence pertaining thereto and shall determine whether the Board of Transportation shall be required to do such work, and whether at its own expense or whether the cost thereof should be prorated between the Board of Transportation and the drainage district. Either party shall have the right of appeal from the clerk to the superior court and thence to the appellate division, and should the court be of the opinion that the cost should be prorated then the percentage apportioned to each shall be determined by a jury.

Whenever the Board of Transportation is required to repair or remove any old bridge and/or build any new bridge as hereinbefore provided, the same may be done in such manner and according to such specifications as it deems best, and no assessment shall be charged the Board of Transportation for any benefits to the highway affected by the drain under the same, and such bridge shall thereafter be maintained by and at the expense of the Board of Transportation.

Where any public ditch, drain, or watercourse established under the provisions of this Subchapter crosses a public highway or road, not under the supervision of the Board of Transportation, the actual cost of constructing the same across the highway or removing old bridges or building new ones shall be paid for from the funds of the drainage district. Whenever any highway within the levee or drainage district shall be beneficially affected by the construction of any improvement or improvements in such district it shall be the duty of the viewers appointed to classify the land, to give in their report the amount of benefit to such highway, and notice shall be given by the clerk of the superior court to the commissioners of the county where the road is located, of the amount of such assessment, and the county commissioners shall have the right to appear before the court and file objections, the same as any landowner. When it shall become necessary for the drainage commissioners to repair any bridge or construct a new bridge across a public highway or road not under the supervision of the Board of Transportation, by reason of enlarging any watercourse, or of excavating any canal intersecting such highway, such bridge shall thereafter be maintained by and at the expense of the official board or authority which by law is required to maintain such highway so intersected.

Where any public canal established under the provisions of the general

drainage law shall intersect any private road or cartway the actual cost of constructing a bridge across such canal at such intersection shall be paid for from the funds of the drainage district and constructed under the supervision of the board of drainage commissioners, but the bridge shall thereafter be maintained by and at the expense of the owners of the land exercising the use and control of the private roads; provided, if the private road shall be converted into a public highway the maintenance of the bridge shall devolve upon the Board of Transportation or such other authority as by law shall be required to maintain public highways and bridges. (1909, c. 442, s. 25; 1911, c. 67, s. 6; 1917, c. 152, s. 6; C. S., s. 5345; 1947, c. 1022; 1953, c. 675, s. 26; 1957, c. 65, s. 11; 1969, c. 44, s. 78; 1973, c. 507, s. 5.)

Editor's Note. — The 1973 amendment substituted "Board of Transportation" for "State Highway Commission" and for "Commission."

§ 156-89. Drainage across railroads; procedure. — Whenever the engineer and the viewers in charge shall make a survey for the purpose of locating a public levee or drainage district or changing a natural watercourse, and the same would cross the right-of-way of any railroad company, it shall be the duty of the owner in charge of the work to notify the railroad company, by serving written notice upon the agent of such company or its lessee or receiver, that they will meet the company at the place where the proposed ditch, drain, or watercourse crosses the right-of-way of such company, the notice fixing the time of such meeting, which shall not be less than 10 days after the service of the same, for the purpose of conferring with the railroad company with relation to the place where and the manner in which such improvement shall cross such right-of-way. When the time fixed for such conference shall arrive, unless for good cause more time is agreed upon, it shall be the duty of the viewers in charge and the railroad company to agree, if possible, upon the place where and the manner and method in which such improvement shall cross such right-of-way. If the viewers in charge and the railroad company cannot agree, or if the railroad company shall fail, neglect, or refuse to confer with the viewers, they shall determine the place and manner of crossing the right-of-way of the railroad company, and shall specify the number and size of openings required, and the damages, if any, to the railroad company, and so specify in their report. The fact that the railroad company is required by the construction of the improvement to build a new bridge or culvert or to enlarge or strengthen an old one shall not be considered as damages to the railroad company. The engineer and viewers shall also assess the benefits that will accrue to the right-of-way, roadbed, and other property of the company by affording better drainage or a better outlet for drainage, but no benefits shall be assessed because of the increase in business that may come to the road because of the construction of the improvement. The benefits shall be assessed as a fixed sum, determined solely by the physical benefit that its property will receive by the construction of the improvement, and it shall be reported by the viewers as a special assessment, due personally from the railroad company as a special assessment; it may be collected in the manner of an ordinary debt in any court having jurisdiction. (1909, c. 442, s. 26; C. S., s. 5346.)

Mandamus against County Commissioners. — A judgment in proceedings for mandamus against the county commissioners to compel them to pay an assessment of a drainage district for benefit to the public roads therein, that the defendants pay the same, with interest and cost, out of the first moneys coming into their hands and not otherwise appropriated, is valid and not in violation of the Constitution or statutes relating to taxation. Cabarrus County Drainage Dist. No. 2 v. Board of Comm'rs, 174 N.C. 738, 94 S.E. 530 (1917).

§ 156-90. Notice to railroad. — The clerk of the superior court shall have notice served upon the railroad company of the time and place of the meeting to hear and determine the final report of the engineer and viewers, and the

railroad company shall have the right to file objections to the report and to appeal from the findings of the board of commissioners in the same manner as any landowner. But such an appeal shall not delay or defeat the construction of the improvement. (1909, c. 442, s. 27; C. S., s. 5347.)

§ 156-91. Manner of construction across railroad. — (a) Duty of Railroad. — After the contract is let and the actual construction is commenced, if the work is being done with a floating dredge, the superintendent in charge of construction shall notify the railroad company of the probable time at which the contractor will be ready to enter upon the right-of-way of such railroad and construct the work thereon. It shall be the duty of the railroad to send a representative to view the ground with the superintendent of construction and arrange the exact time at which such work can be most conveniently done. At the time agreed upon the railroad company shall remove its rails, ties, stringers, and such other obstructions as may be necessary to permit the dredge to excavate the channel across its right-of-way. The work shall be so planned and conducted as to interfere in the least possible manner with the business of the railroad.

(b) Utilities Commission to Settle. — If the superintendent of construction and the railroad company shall not be able to agree as to the exact time at which such work can be done, including the time of beginning and the time to be consumed in such work, either party may give written notice thereof to the chairman of the Utilities Commission of the State, and thereupon the Utilities Commission shall cause an investigaton to be made, and, after hearing both parties, shall fix the time of beginning such work and the time to be consumed in the work of construction, and the final determination of the Utilities Commission thereon shall be binding upon the superintendent of construction representing the district and the railroad company, and the work shall be done in such time as may be fixed by the Utilities Commission.

(c) Penalty for Delay. — In case the railroad company refuses and fails to remove its tract and allow the dredge to construct the work on its right-of-way, it shall be held as delaying the construction of the improvement, and such company shall be liable to a penalty of twenty-five dollars ($25.00) per day for each day of delay, to be collected by the board of drainage commissioners for the benefit of the drainage district as in the case of other penalties. Such a penalty may be collected in any court having jurisdiction, and shall inure to the benefit of the drainage district.

(d) Payment of Expense. — Within 30 days after the work is completed an itemized bill for actual expenses incurred by the railroad company for opening its tracks shall be made and presented to the superintendent of construction of the drainage improvement. Such bill, however, shall not include the cost of putting in a new bridge or strengthening or enlarging an old one. The superintendent of construction shall audit this bill and, if found correct, approve the same and file it with the secretary of the board of drainage commissioners. The commissioners shall deduct from this bill the cost of the excavation done by the dredge on the right-of-way of the railroad company at the contract price, and pay the difference, if any, to the railroad company. (1909, c. 442, s. 28; 1911, c. 67, s. 7; C. S., s. 5348; 1933, c. 134, s. 8; 1941, c. 97, s. 1.)

§ 156-92. Control and repairs by drainage commissioners. — Whenever any improvement constructed under this Subchapter is completed it shall be under the control and supervision of the board of drainage commissioners. It shall be the duty of the board to keep the levee, ditch, drain, or watercourse in good repair, and for this purpose they may levy an assessment on the lands benefited by the maintenance or repair of such improvement in the same manner and in the same proportion as the original assessments were made, and the fund that is collected shall be used for repairing and maintaining the ditch, drain, or watercourse in perfect order: Provided, however, that if any

repairs are made necessary by the act or negligence of the owner of any land through which such improvement is constructed or by the act or negligence of his agent or employee, or if the same is caused by the cattle, hogs, or other stock of such owner, employee, or agent, then the cost thereof shall be assessed and levied against the lands of the owner alone, to be collected by proper suit instituted by the drainage commissioners. It shall be unlawful for any person to injure or damage or obstruct or build any bridge, fence, or floodgate in such a way as to injure or damage any levee, ditch, drain, or watercourse constructed or improved under the provisions of this Subchapter, and any person causing such injury shall be guilty of a misdemeanor, and upon conviction thereof may be fined in any sum not exceeding twice the damage or injury done or caused. (1909, c. 442, s. 29; C. S., s. 5349; 1947, c. 982, s. 1.)

Cross Reference. — As to improvement, renovation, etc., of canals and structures, see Article 7B of this Chapter.

Section Amended by Implication. — Sections 156-118 and 156-123 were added by Public Laws 1923, ch. 231 and had the effect of amending this section. This section authorizes the drainage commissioners to levy an assessment upon the lands in the district for the purpose of keeping up the drainage. The amending statutes provided that the commissioners could issue bonds instead of levying an assessment. In re Perquimans County Drainage Dist. No. Four, 254 N.C. 155, 118 S.E.2d 431 (1961), decided prior to the repeal of §§ 156-118 to 156-120.

Assessments Authorized on Properties Benefited by Repairs. — It is the duty of the Commissioners to keep the drains and works of the districts in good repair. For this purpose they are authorized to levy assessments on the properties within the district benefited by the repairs. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

Provision Limiting Assessments. — A provision in the petition limiting the amount of assessments to be made on lands within a drainage district being formed under the provisions of the statute, which was not inserted in the final judgment rendered in due course, may not at a subsequent term be supplied by amendment, being also contrary to the statutory provisions and invalid. Mann v. Mann, 176 N.C. 353, 97 S.E. 175 (1918).

Meaning of Original Assessments. — Under the provisions of the statute creating the Mattamuskeet Drainage District the control thereof, after its completion, is continued in the board of drainage commissioners for the purpose of its maintenance, and authority is given it to levy assessments therefor on the lands benefited in the same manner and in the same proportion as the "original assessments" were made, and collected by the same officers as those by whom the State and county taxes are collected. It was held that the term "original assessments" refers to those made for construction work on bonds issued therefor, and the assessments for maintenance should be collected by the sheriff of the county for the purpose of maintenance, as taxes for general county purposes are to be collected by him. Drainage Comm'rs v. Davis, 182 N.C. 140, 108 S.E. 506 (1921).

Cited in Robeson County Drainage Dist. No. 4 v. Bullard, 229 N.C. 633, 50 S.E.2d 742 (1948).

§ 156-93. Construction of lateral drains. — The owner of any land that has been assessed for the cost of the construction of any ditch, drain, or watercourse, as herein provided, shall have the right to use the ditch, drain, or watercourse as an outlet for lateral drains from such land; and if the land be of such elevation that the owner cannot secure proper drainage through and over his own land, or if the land is separated from the ditch, drain, or watercourse by the land of another or others, and the owner thereof shall be unable to agree with such others as to the terms and conditions on which he may enter their lands and construct the drain or ditch, he may file his ancillary petition in such pending proceeding to the court, and the procedure shall be as now provided by law. (1909, c. 442, s. 30; 1915, c. 43, s. 1; 1917, c. 152, s. 3; C. S., s. 5350.)

Article 7A.

Maintenance.

§ 156-93.1. Maintenance assessments and contracts; engineering assistance, construction equipment, etc.; joint or consolidated maintenance operations; water retardant structures; borrowing in anticipation of revenue. — (a) The board of drainage commissioners may annually levy maintenance

assessments in the same ratio as the existing classification of the lands within the district. The amount of these assessments shall be determined by the board of drainage commissioners and must be approved by the clerk of the superior court prior to their annual levy. The proceeds of these assessments shall be used for the purpose of maintaining canals of the drainage district in an efficient operating condition and for the necessary operating expenses of the district as approved by the clerk of the superior court.

The board of drainage commissioners shall have the authority to employ engineering assistance, construction equipment, superintendents and operators for the equipment necessary for the efficient maintenance of the canals, or the maintenance may be done by private contract made after due advertisement as required for the original construction work.

(b) The board of drainage commissioners of a drainage district may join with the commissioners of one or more districts for the purpose of employing engineering assistance, equipment, superintendents and equipment operators for the maintenance of the canals in the several districts desiring to coordinate their maintenance operations and the drainage districts desiring to coordinate a common maintenance force may have a common office with the necessary employees for the furtherance of the joint operations for maintenance. The districts may coordinate their work without regard to county lines.

(c) The board of commissioners of a drainage district may, individually or jointly with the commissioners of other drainage districts, purchase, lease, rent, sell, or otherwise dispose of at public or private sale, equipment for the original construction or maintenance of the canals in the individual or joint districts or the said drainage districts may make contracts with private construction firms for the maintenance and construction of their canals. Contracts made with private construction companies are to be advertised as provided for the contract for the original construction of the canals.

The drainage districts may use the equipment owned by them for the purpose of maintenance of the canals and the construction of extensions to the system of canals in the individual or several drainage districts.

(d) The drainage districts desiring to consolidate their maintenance services and equipment may set up a board composed of one member from each district for the purpose of control and use of the personnel and equipment employed on a joint basis, and in all matters coming before the joint board, the representative of each district shall have a voting strength equal to the proportionate acreage of his drainage district as compared with the total acreage of the combined districts.

(e) The collection of the annual maintenance assessments shall be made by the county tax collector. The board of county commissioners of the county in which a drainage district is located shall upon the request of the board of drainage commissioners of the said district cause to be shown on the tax statement or notice issued by the county to its taxpayers the amount due the drainage district by the landowners in the same manner as other special assessments are shown thereon. This amount shall be collected by the county tax collector in the same manner as county taxes and deposited to the credit of the district in which the land is located.

(f) The provisions for maintenance as set forth in this Article and elsewhere in this Subchapter III shall include water retardant structures and the operation of such.

(g) The board of commissioners may borrow money in anticipation of revenue from maintenance assessments, as hereinbefore provided for, from which assessments the loan shall be repaid. The amount which the commissioners may borrow shall not be limited to the revenues anticipated for any one year. The terms and provisions of such loan shall be approved by the clerk of the superior court which approval shall be requested in the form of a petition and order in the proceeding by virtue of which the district was

organized. The proceeds of said loan shall be used only for purposes set forth in Article 7A of Chapter 156. (1949, c. 1216; 1959, c. 597, s. 4; 1961, c. 614, s. 8.)

Article 7B.

Improvement, Renovation, Enlargement and Extension of Canals, Structures and Boundaries.

§ 156-93.2. Proceedings for improvement, renovation and extension of canals, structures and equipment. — The board of commissioners may construct, renovate, improve, enlarge and extend the drainage systems and water retardant structures and any equipment of the district, by complying with the following provisions:

(1) The commissioners shall file with the clerk of the superior court in the county in which the district was organized, a petition which sets forth the need for the improvements requested and a general description of the proposed improvements.

(2) Upon the filing of the petition, the clerk shall then appoint a board of viewers with the same composition and qualifications as is required by G.S. 156-59. He shall direct the board of viewers to consider the proposals of the board of commissioners and report to him (i) whether or not the improvement proposed will benefit the lands sought to be benefited and (ii) whether or not the proposed improvement is practicable.

The board of viewers shall make their report to the clerk within 30 days after their appointment unless the time shall be extended by the court upon the showing of a meritorious cause for the extension.

(3) a. If the board of viewers shall report (i) that none of the improvement proposed will benefit the lands sought to be benefited, or (ii) that it is not practicable, the petition of the board of commissioners shall be dismissed and shall not be submitted again within six months thereafter.

b. If the board of viewers shall report (i) that part or all the improvement proposed will benefit the lands sought to be benefited and (ii) the proposed improvement is practicable, then the clerk shall fix a time and place for a hearing upon said report. The said hearing shall be no less than 20, nor more than 30, days after the filing of said report.

(4) Notice of said hearing shall be given as follows:

a. Posting and publication:

1. Posting at the courthouse door of the county in which the proceeding is pending;
2. Posting at five conspicuous places within the district;
3. The notice shall be posted at least 20 days prior to said hearing;
4. Publication in a newspaper with general circulation within the area once a week for three successive weeks.

b. Contents:

1. The notice shall state the time and place for the hearing;
2. Describe in general terms the improvements proposed;
3. That the court will consider and adjudicate the report of the board of viewers.

(5) At the date appointed for the hearing the clerk shall hear and determine any objections that may be offered to the said report. The clerk may make such modifications and changes which tend to increase the benefits of the proposed work or improvement.

(6) a. If the clerk shall adjudicate that (i) none of the improvements

proposed will benefit any of the lands sought to be benefited or (ii) that none of the improvements are practicable, he shall dismiss the proceedings and the petition shall not be submitted again within six months thereafter.

b. If the clerk shall approve the said report, he shall then direct the board of viewers to prepare a further and detailed report which shall include the following:

1. Specific plans and profiles together with estimates of the cost of the work recommended by the said board of viewers and an estimate of all other costs including those incurred by the board of viewers;
2. If directed by the clerk, a new property map of the district which shall show thereon the general location of each tract of land which will be benefited by the proposed work;
3. A statement showing the classification of benefits to be received by the several tracts of lands. This classification shall be determined and shown in the same manner as is provided for in G.S. 156-71. The board of viewers may adopt the original classification. Only those lands to be benefited by the proposed work shall be classified for assessment.

The board of viewers shall have, insofar as applicable, the same powers and duties as relate to the final report as are required and provided in Article 5 by G. S. 156-69, 156-70, 156-70.1 and 156-71.

The board of viewers shall make their report to the clerk within 60 days after their appointment. The clerk may extend this time upon the showing of meritorious cause for the extension.

The expense of the board of viewers, their assistants, and all costs incurred by them shall be paid from any surplus funds of the district, as defined in this Subchapter, or if such are not sufficient, by the same means of financing as are available for such purposes when the district is originally organized. The estimate of the expenditures shall be shown in its report and all amounts of money expended shall be reimbursed when funds are available.

(7) Upon the filing of the said report, the clerk shall fix a time and a place for a hearing thereupon.

(8) The notice of the hearing upon said report shall be given in the same manner as required for the notice of the proposed work as required by the preceding subdivision (4) which relates to the preliminary hearing.

Also, a notice of said hearing shall be mailed at least 10 days prior to the hearing, to those landowners as their names appear upon the statement of classification of benefits filed with the report of the board of viewers and whose names and addresses are shown on the tax scrolls of the county wherein their land is situated. The attorneys for, or commissioners of, the district shall use due diligence to determine the said names and addresses from the tax scrolls.

The filing with the clerk of the superior court of a certificate by the attorney for, or the commissioners of, the district, that due diligence has been used to obtain the names and addresses from the tax scrolls and that notice has been mailed to those persons at the address shown, shall be sufficient showing that this provision has been complied with. The certificate shall state the names, addresses and dates to whom such notice was mailed.

(9) At the date set for the hearing any landowner may appear in person, or by counsel, and file his objections in writing to the report of the board of viewers. It shall be the duty of the clerk to carefully review the report of the board of viewers and the objections filed thereto and

make such changes as are necessary to render substantial and equal justice to all landowners in the district.

If the clerk shall adjudicate that the benefits which will accrue to the lands affected are greater than the cost of the improvements, the report of the board of viewers shall be confirmed. The clerk shall then direct the commissioners of the district to proceed with the improvements as approved.

If, however, the clerk finds that the cost of the improvements is greater than the resulting benefits that will accrue to the lands affected, the clerk shall dismiss the proceedings.

(10) Any landowner, party petitioner or the drainage district may, within 10 days after the ruling or adjudication by the clerk upon the report of the board of viewers, appeal to the superior court in session time or in chambers. Such appeal shall be taken and prosecuted as provided in special proceedings. Such appeal shall be based and heard only upon the exceptions filed thereto in writing by the appealing party, either as to issues of law or fact, and no additional exceptions shall be considered by the court upon the hearing of the appeal. All of the terms and provisions of G.S. 156-75 shall apply to the appeal. (1961, c. 614, s. 1; 1969, c. 192, s. 2.)

Purpose of Article. — The legislature, when it enacted Subchapter III authorizing the establishment of drainage districts, made no provision for an alteration and enlargement of boundaries subsequent to the date of creation for the simple reason that the boundaries as finally determined had to include all lands benefited by the improvement, and the lands so benefited were required to be assessed for the benefits accruing. Hence no assessment could be levied either for original construction or for cost of maintenance on lands beyond the boundaries. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

The 1961 legislature, recognizing that lands not originally expected to receive benefit from works to be performed by a drainage district might, by changing conditions and the modification or enlargement and maintenance of the drains, receive benefits from work subsequently proposed to be done, made provision for the enlargement of boundaries of drainage districts. In re Albemarle Drainage Dist., Beaufort County No. 5, 255 N.C. 338, 121 S.E.2d 599 (1961).

§ 156-93.3. Extension of boundaries. — The boundaries of a drainage district may be extended upon compliance with the requirements and procedures as follows:

(1) The request for extension shall be made by the board of commissioners of the district, in the form of a petition in the name of the drainage district, to the clerk of the superior court of the county wherein the district was originally organized. The proceeding may be ex parte or adversary.

(2) The area proposed to be included within the boundaries of the district must be either:

a. Located upstream and adjacent to the existing boundary of the district and must have as its only source of drainage either:

1. The canals of the district; or
2. Natural or artificial drain ways which empty into or are benefited by the canals of the district; and
3. Must be within the watershed of the existing district; or

b. Adjacent to the existing boundary of the district and have a common outfall with the existing district.

(3) a. In the event the area meets the requirements of (2) a, it shall only be necessary for the petition to be filed by the board of commissioners of the district.

b. In the event the area meets the requirement of (2) b of this section, the owners of fifty percent (50%) or more of the land area which it is proposed to include or forty percent (40%) or more of the resident landowners who will be benefited within such area, must

join with and be petitioners with the commissioners of the existing district, asking for the extension of boundaries and inclusion of land within the existing district.

Should the area proposed to be included within the boundary of the enlarged district embrace one or more existing drainage districts, the commissioners of any such district or districts may join in a petition to the court asking for the extension of boundaries of the existing district.

The joinder in the petition by the commissioners of such drainage district in the name of the district shall have the effect of including in the petition all of the land within said existing drainage district to the same extent as if the petition had been signed individually by each landowner of the district. The total acreage in such district or districts shall be included as land in the petition in determining whether or not the requirements under this section have been complied with.

(4) Upon filing of the petition for extension of the boundaries, the clerk of the superior court shall appoint a board of viewers with the same composition and qualifications as is required by G.S. 156-59. The board of viewers shall examine the area proposed to be included within the boundaries of the district to determine whether or not, in their opinion, it is feasible and equitable to include said area within the boundaries of the district, and report their finding to the court. The report must be made within 30 days after the appointment of said board of viewers. The time for filing said report may be extended by the clerk upon a showing of a meritorious cause for the extension.

(5) If the board of viewers shall report that the proposed extension of boundary is not feasible or equitable, the petition shall be dismissed and shall not be submitted again until after six months from date of dismissal.

(6) a. If the board of viewers shall report that the proposed extension of boundary is feasible and equitable, then the clerk of the superior court shall order the board of viewers to make a further and detailed report which shall include a map of the area that is proposed to be annexed which shall show:

1. Boundaries of the existing district;
2. Boundaries of the proposed extension;
3. A general location of each individual tract of land which will be benefited.

b. In the event no additional work is proposed, the board of viewers shall report the following:

1. The allocation of benefits derived from the existing canals, structures or other improvements, between the existing district and the area to be included within the boundaries of the existing district, which shall be a percentage figure and shall be the major factor for the determination of the requirements set forth in the succeeding paragraphs 2 and 3;
2. The amount of money, if any, which the owners of the land to be included within the district should pay for the use of the canals, structures or other improvements of the district;
3. The percent of the cost of maintenance and operating expenses which the owners of the land to be included, should pay;
4. Classification of the additional lands as to benefits derived from the existing canals, structures or other improvements of the district which shall be in accordance with the provisions of G.S. 156-71. The area of the existing district shall not be classified, unless directed by the clerk of the superior court;

5. The names and addresses of the landowners within the areas proposed to be included insofar as may be determined from the tax records of the county;
6. Such other information as may be appropriate or as may be directed by the clerk of the superior court.

c. In the event additional work is proposed, the report of the board of viewers shall also contain the information required in G.S. 156-93.2, as it applies to the final report of the board of viewers.

(7) The board of viewers shall file their detailed or final report within 60 days after their appointment. The time for filing of said report may be extended by the clerk upon a showing of meritorious cause for the extension.

(8) Upon the filing of said report those landowners in the area to be included who are not parties to the proceedings and who do not desire to sign the petition, shall be made parties defendant. Summons shall be served upon the defendants in the manner required for special proceedings. There shall be attached to and served with the summons, in lieu of a copy of the petition or final report, a statement which shall set forth (i) the purpose of the proceedings and (ii) that the report of the board of viewers is on file in the office of the clerk of the superior court and may be examined by persons interested.

(9) The attorney for, or the commissioners of, the district shall use due diligence to give notice to every landowner within the area proposed to be included, who has not signed the petition asking for such extension of boundaries and/or the proposed improvements.

The filing of a certificate by the attorney for, or the commissioners of, the district that due diligence has been used to notify each of said defendant landowners shown by the report of the board of viewers, either by personal service or by publication, shall be sufficient showing of compliance with this provision. The certificate shall contain the names of such landowners served personally, the date of service and the names of those served by publication and the date of service by publication.

(10) Upon filing of said certificate the clerk shall fix a time and place for a hearing upon said report, which date shall be no less than 20 days after filing of said certificate.

(11) Notice of said hearing shall be given as follows:

a. Posting and publication:
1. Posting at the courthouse door of the county in which the proceeding is pending;
2. Posting at five conspicuous places in the district and in the area to be included;
3. The notice shall be posted at least 20 days prior to the said hearing;
4. Publication in a newspaper with general circulation within the area once a week for three successive weeks;
5. Mailing a copy of the notice to those persons for whom an address is shown in the certificate filed by the attorney for, or commissioners of, the district.

b. Contents:
1. The notice shall state the time and place for the hearing;
2. Describe in general terms the area proposed to be included and work proposed, if any;
3. That the court will consider and adjudicate the report of the board of viewers.

(12) At the date set for hearing any landowner may appear in person or by counsel and file his objection in writing to the report of the board of viewers. It shall be the duty of the clerk to carefully review the report

of the board of viewers and the objection filed thereto and make such changes as are necessary to render substantial and equal justice to all of the landowners and the existing district.

(13) The clerk shall, after making adjustments in the report of the board of viewers, if any, determine:

a. If the area(s) of land sought to be included, or any part thereof, is, or will be, benefited by the canals, structures or other improvements of the district.

b. If such area(s) should equitably be included within the boundary of the district because of the benefits received or to be received from the district.

c. If the requirements of the preceding subdivision (3)b, if applicable, are met.

If the clerk shall determine that all of the three preceding requirements are met, he shall direct that the area(s) of land to be included within the boundaries of the district, in accordance with the provisions of the report of the board of viewers, as approved.

(14) If the clerk shall determine either:

a. That no part of the area proposed to be included is or will be benefited by the canals, structures or other improvements of the district and equitably should not be included within the boundaries of the district; or

b. That the requirements of the preceding subdivision (3)a or b, whichever is applicable, have not been complied with; he shall dismiss the proceeding.

(15) Any landowner, party petitioner or the drainage district may, within 10 days after the ruling or adjudication by the clerk upon the report of the board of viewers, appeal to the superior court in session time or in chambers. Such appeal shall be taken and prosecuted as provided in special proceedings. Such appeal shall be based and heard only upon the exceptions filed thereto in writing by the appealing party, either as to issues of law or fact, and no additional exceptions shall be considered by the court upon the hearing of the appeal. All of the terms and provisions of G.S. 156-75 shall apply to the appeal.

(16) The duties and powers of the board of commissioners as to those lands included within the district by the current proceedings shall be the same as to those in the original proceeding. (1961, c. 614, s. 1; 1965, c. 1143, s. 4; 1969, c. 192, s. 3; cc. 440, 1002.)

§ 156-93.4. Coordination of proceedings under §§ 156-93.2 and 156-93.3. — In the event a proceeding shall be instituted as provided for in G.S. 156-93.2 and shall also include the extension of boundaries, as provided for in G.S. 156-93.3, the provisions of G.S. 156-93.2 and 156-93.3 shall be coordinated and if there shall be any conflict as to procedure, that provided for in G.S. 156-93.3 shall be followed. (1961, c. 614, s. 1.)

§ 156-93.5. Assessments and bonds for improvement, renovation, enlargement and extension. — The board of drainage commissioners shall, for the purposes set forth in this Article, levy the necessary assessments and may issue bonds or other debentures for the purpose of providing funds for the construction or acquisition of any of the improvements or works authorized by this Article. The time and manner of levying assessments and the issuance of bonds or other debentures and the terms thereof shall be the same as provided for in Article 8 of Subchapter III. (1961, c. 614, s. 1.)

§ 156-93.6. Rights-of-way and easements for existing districts. — All drainage districts heretofore created shall be deemed to own an easement or right-of-way in and to those lands upon which there are existing canals and spoil banks.

Whenever the proposed repairs, maintenance or other improvements make it necessary for the drainage district to acquire additional land for easements or right-of-way, the procedure to secure the same shall be in accordance with G.S. 156-70.1. (1961, c. 614, s. 1.)

Applied in Taylor v. Askew, 17 N.C. App. 620, 195 S.E.2d 316 (1973).

§ 156-93.7. Existing districts may act together to extend boundaries within watershed. — If there shall be more than one drainage district in a drainage basin, or watershed, the board of drainage commissioners of any of the districts may initiate or join separately or collectively with the commissioners of one or more of other drainage districts, in the drainage basin or watershed, and/or with the owners of land within the drainage basin, whose lands are not included within an existing drainage district in a petition to the court, asking for the creation of a larger drainage district, or the extension of boundaries of one of the existing districts.

The joinder in the petition by the commissioners of an existing drainage district, acting in the name of the district, shall have the effect of including all of the land assessed within the drainage district, in the petition asking for the creation of the larger drainage district or the extension of boundaries of an existing district. The total area of assessed land, within the existing drainage district shall be included, as land in the petition, in determining whether or not the requirement of G.S. 156-93.3 (3) b have been fulfilled.

The provisions of this section shall apply in proceedings provided for in G.S. 156-93.2 and 156-93.3. (1961, c. 614, s. 1; 1965, c. 1143, s. 5.)

Article 8.

Assessments and Bond Issue.

§ 156-94. Total cost for three years ascertained. — After the classification of lands and the ratio of assessments of the different classes to be made thereon has been confirmed by the court, the board of drainage commissioners shall ascertain the total cost of the improvement, including damages awarded to be paid to owners of land, all costs and incidental expenses, and also including an amount sufficient to pay the necessary expenses of maintaining the improvement for a period of three years after the completion of the work of construction, not exceeding ten per centum (10%) of the estimated actual cost of constructing the drainage works or the contract price thereof if such contract has not been awarded, and after deducting therefrom any special assessments made against any railroad or highway, and, thereupon, the board of drainage commissioners, under the hand of the chairman and secretary of the board, shall certify to the clerk of the superior court the total cost, ascertained as aforesaid; and the certificate shall be forthwith recorded in the drainage record and open to inspection of any landowner in the district. (1909, c. 442, s. 31; 1911, c. 67, s. 8; C. S., s. 5351; 1923, c. 217, s. 4.)

Cross Reference. — See § 156-104 as to application of this section.

§ 156-95. Assessment and payment; notice of bond issue. — If the total cost of the improvement is less than an average of twenty-five cents (25¢) per acre on all the land in the district, the board of drainage commissioners shall forthwith assess the lands in the district therefor, in accordance with their classification, and said assessment shall be collected in one installment, by the same officer and in the same manner as State and county taxes are collected, and payable at the same time. In case the total cost exceeds an average of twenty-five cents (25¢) per acre on all lands in the district, the board of drainage commissioners shall give notice for three weeks by publication in some newspaper published in a county in which the district, or some part

thereof, is situated, if there be any such newspaper, and also by posting a written or printed notice at the door of the courthouse and at five conspicuous places in the district, reciting that they propose to issue bonds for the payment of the total cost of the improvement, giving the amount of bonds to be issued, the rate of interest that they are to bear, and the time when payable. Any landowner in the district not wanting to pay interest on the bonds may, within 15 days after the publication of such notice, pay to the county treasurer the full amount for which his land is liable, to be ascertained from the classification sheet and the certificate of the board showing the total cost of the improvement, and have his lands released from liability to be assessed for the improvement; but such land shall continue liable for any future assessment for maintenance or for any increased assessment authorized under the law. (1909, c. 442, s. 32; 1911, c. 67, s. 9; C. S., s. 5352.)

Assessments Not "Taxes". — Assessments made for the maintenance of a drainage district, incorporated under the provisions of the statute, are not "taxes," though they may be so incorrectly denominated therein; they are only assessments made for the special benefits to the land within the district and not imposed for the purpose of general revenue. Drainage Comm'rs v. Davis, 182 N.C. 140, 108 S.E. 506 (1921).

Assessments Are Liens in Rem. — Assessments upon lands in a drainage district are liens in rem, resting upon the lands, into whosesoever hands it may be at the time they accrue, and do not come within the terms of a warranty against encumbrances by deed. Taylor v. Commissioners of Moseley Creek Drainage Dist., 176 N.C. 217, 96 S.E. 1027 (1918).

Timber Interest Not Liable. — A conveyance of the timber, under the usual deed, providing for its cutting and removal from the land within a stated period, is regarded as a severance thereof from the land, and the grantee in the deed is not liable for an assessment for drainage purposes laid thereon. Dover Lumber Co. v. Board of Comm'rs, 173 N.C. 117, 91 S.E. 714 (1917).

One Owner Not Liable for Failure of Others. — No owner is responsible for other owners by reason of their failure to pay, except through the method of assessment provided by the statute. Carter v. Board of Drainage Comm'rs, 156 N.C. 183, 72 S.E. 380 (1911).

Owner Liable for Additional Assessments. — The land of the owner who has paid his assessments, as provided by this section, is subject to additional assessments, the lands in the district being liable until the original bond issue for making the improvements or indebtedness incurred therefor is paid in full. Virginia-Carolina Joint Stock Land Bank v. Watt, 207 N.C. 577, 178 S.E. 228 (1935).

Courts Can Enjoin Collection of Assessments. — The courts, in proper instances, have the power to interfere and stay amounts assessed against the owner of lands within an established drainage district, when it appears that the commissioners, in carrying out the ministerial duties imposed on them, endeavor to collect from him a sum in excess of their own assessment, or that they had made out these rolls in utter disregard to the classifications and ratio of assessments established by the final report, or they had made such changes in the plans and specifications thereof as to exceed their powers and work substantial wrong and hardship upon a landowner, if he is not guilty of laches and has not unduly delayed asserting his rights. Griffin v. Board of Comm'rs, 169 N.C. 642, 86 S.E. 575 (1915).

But where a drainage district has been fully and lawfully established in accordance with the statute, and the commissioners duly appointed and bonds issued in furtherance of the scheme, an injunction restraining the collection of the assessment against the landowners therein, at the suit of one of them, will not issue, as against the interest of the holder of the bonds, unless it clearly appears that the commissioners have substantially departed, to the injury of the claimant, from the scheme set forth in the final report of the viewers, etc. and it appearing in this case that such has not been done, the restraining order is properly dissolved, and the further order that the plaintiff may proceed in his action against the commissioners is approved. Griffin v. Board of Comm'rs, 169 N.C. 642, 86 S.E. 575 (1915).

Purchaser Takes with Notice of Assessments. — The purchaser of lands within a drainage district formed under the provisions of this Chapter is fixed by the statute with notice of the assessments and the time thereof, whether a resident of another state or not. Pate v. Banks, 178 N.C. 139, 100 S.E. 251 (1919).

Presumption as to Notice. — The presumption is in favor of the regularity of the official proceedings of the commissioners of a drainage district, and applies as to the sufficiency of notice to a landowner within the district of a meeting duly had to assess such owners according to benefits received from the improvements therein. Mitchem v. Gaston County Drainage Comm'n, 182 N.C. 511, 109 S.E. 551 (1921).

Waiver of Notice. — Where the owner of

land in a drainage district, formed under the provisions of the statute, appears at a meeting of the commissioners held for the purpose, and is silent, making no objection or exception to the assessment imposed upon his land, the question as to whether he had been sufficiently served with notice of the meeting becomes immaterial, his appearance being construed as a waiver thereof, or rather as dispensing with formal notice. And he cannot collaterally, by injunction, restrain the collection of these assessments by sheriff's sale; and this applies to his grantee who knew that the lands were situate within the district and subject to the assessments. Mitchem v. Gaston County Drainage Comm'n, 182 N.C. 511, 109 S.E. 551 (1921).

Cited in Board of Drainage Comm'rs v. Jarvis, 211 N.C. 690, 191 S.E. 514 (1937).

§ 156-96. Failure to pay deemed consent to bond issue. — Every person owning land in the district who shall fail to pay to the treasurer the full amount for which his land is liable, as aforesaid, within the time above specified, shall be deemed as consenting to the issuance of drainage bonds, and in consideration of the right to pay his proportion in installments, he hereby waives his rights of defense to the payment of any assessments which may be levied for the payment of bonds, because of any irregularity, illegality, or defect in the proceedings prior to this time, except in case of an appeal, as hereinbefore provided, which is not affected by this waiver. The term "person" as used in this Subchapter includes any firm, company, or corporation. (1909, c. 442, s. 33; 1911, c. 67, s. 10; C. S., s. 5353; 1963, c. 767, s. 4.)

Cited in Board of Drainage Comm'rs v. Jarvis, 211 N.C. 690, 191 S.E. 514 (1937).

§ 156-97. Bonds issued. — At the expiration of 15 days after publication of notice of bond issue the board of drainage commissioners may issue bonds of the drainage district for an amount equal to the total cost of the improvement, less such amounts as shall have been paid in in cash to the treasurer. Bonds issued by the board of drainage commissioners shall comply with the following provisions:

(1) The bonds shall be serial bonds;

(2) The denomination of the bonds shall be not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000);

(3) The interest upon said bonds shall not be more than eight percent (8%) per annum, from the date of issue and payable semiannually;

(4) The first annual installment of principal shall fall due not less than three years nor more than six years after the date of the bonds;

(5) Each annual installment of principal shall be not less than two percent (2%) nor more than ten percent (10%) of the total bonds authorized;

(6) If the total amount of bonds to be issued does not exceed ten percent (10%) of the total amount of the assessment, the board of commissioners may, in their discretion, not issue any bonds and in lieu thereof issue assessment anticipation bonds which shall mature over a period of not less than four nor more than 10 years and shall be payable in equal annual installments. The interest rate on said assessment anticipation bonds shall not be more than eight per centum (8%) per annum;

(7) The board of commissioners may issue bond anticipation note or notes to be redeemed and paid upon the sale and delivery of bonds herein provided for. If such bond anticipation note or notes are issued, at the discretion of the commissioners, such may be done after the bonds have been sold and prior to the printing and delivery of said bonds and must be paid from the proceeds of said bonds when delivered. (1909, c. 442, s. 34; 1911, c. 67, s. 11; 1917, c. 152, s. 12; C. S., s. 5354; 1923, c. 217, s. 5; 1955, c. 1340; 1957, c. 1410, s. 1; 1961, c. 601, s. 1; 1963, c. 767, s. 4; 1969, c. 878.)

Cross Reference. — See § 156-104 as to application of this section.

Effect of Interest of Clerk Appointing Commissioners. — An issue of bonds by a drainage commission is not void by reason that the clerk of the court who appointed the

commissioners owned an interest in a tract of land within the drainage district, as such an interest is too minute, and not directly the subject matter of the litigation. White v. Lane, 153 N.C. 14, 68 S.E. 895 (1910).

§ 156-97.1. Issuance of assessment anticipation notes. — In lieu of the bonds provided for in G.S. 156-97, the board of drainage commissioners may issue assessment anticipation notes of the district for an amount not to exceed the assessment levied by the commissioners and approved by the clerk of the superior court, less such amounts as shall have been paid in in cash to the treasurer. It shall be optional with the board of drainage commissioners in issuing assessment anticipation notes to issue serial notes in any denominations bearing not more than six percent (6%) interest from the date of issue, payable semiannually. The first annual installment of principal shall be due not less than one year nor more than two years after date thereof, and each annual installment of principal shall not be less than two percent (2%) nor more than twenty-five percent (25%) of the total amount of notes authorized and issued.

Such assessment anticipation notes, when issued, shall have the same force and effect of bonds issued under the provisions of this Article and shall be collectible in the same manner.

The commissioners may issue either serial notes or an amortized note. (1957, c. 912, s. 2; 1961, c. 601, s. 3; 1963, c. 767, ss. 4, 7.)

§ 156-98. Form of bonds and notes; excess assessment. — All bonds and notes authorized and issued shall be signed by the chairman and secretary of the board of drainage commissioners and the corporate seal of the district affixed thereto, and the interest coupons shall be authenticated by the facsimile signature of the secretary, and both the principal and interest coupons shall be payable at some bank or trust company to be designated by the board of drainage commissioners and incorporated in the body of the bond. The form of the bond shall be authorized by the board of drainage commissioners or by the board and the purchaser of the bonds jointly, at the option of the board.

All bonds of reclamation districts shall have that fact noted upon the face of the bond, either by stamping or printing the same thereon. All bonds of improvement districts shall also have that fact noted upon their face.

For the purpose of meeting any possible deficit in the collection of annual drainage assessments or any deficit arising out of unforeseen contingencies there shall be levied, assessed and collected during each year when either the interest or principal or both interest and principal on the outstanding bonds shall be due, an assessment as will yield ten percent (10%) more than the total of interest and principal due in such years; that is to say, for every one hundred dollars ($100.00) of principal and interest, or either, due in any one year, there shall be levied, assessed and collected a sufficient drainage assessment to yield one hundred and ten dollars ($110.00) for such year. When this excess of drainage tax so levied, assessed and collected shall accumulate so that the aggregate surplus in the hands of the treasurer of the district shall amount to more than fifteen percent (15%) of the total principal of the bonds of the district outstanding and unpaid, then such surplus above fifteen percent (15%) thereof may be available for expenditure by the board of drainage commissioners in the maintenance and upkeep of the drainage work in such district in the manner provided by law: After all the drainage assessments have been collected except the last assessment, if the surplus which has accumulated amounts to more than five percent (5%) of the total issue of bonds of the district, then and in such event the board of drainage commissioners may in their discretion apply such excess above five percent (5%) toward the reduction of the total amount embraced in the last assessment, reducing the

same pro rata as to each tract of land embraced in the district, and having regard to the classification, to the end that such reduction shall be fairly and justly made. As to such surplus as shall accumulate in the hands of the treasurer of the district over and above all obligations of the district which may be due, the treasurer is hereby directed to deposit same in some solvent bank or banks at the highest rate of interest obtainable therefor, and the said treasurer shall be authorized, if he deems it necessary, to demand satisfactory security for such deposits; but the said treasurer shall reserve the right to demand a repayment at any time upon giving not exceeding 30 days' notice thereof. Whereas the proceeds of the first drainage assessment may not be collected and in the hands of the treasurer of the district prior to the maturity of the first and second semiannual installments of interest upon the issue of bonds, the treasurer of the district is hereby directed to pay the interest coupons first maturing and also the interest coupons next maturing, if necessary, out of funds in his hands for the purpose of maintaining the improvement for the period of three years after the completion of the work or construction. As a surplus fund with the treasurer arising out of the annual additional assessment of ten per centum (10%) shall accumulate in any one year in excess of fifteen per centum (15%) of the total principal of the bonds of the district outstanding and unpaid, as herein provided, the treasurer shall transfer in each of such years such surplus fund to the fund for maintaining the improvement after completion, as a reimbursement of the fund formerly withdrawn therefrom for the payment of the first and second installments of interest coupons until such reimbursement shall be fully made. The treasurer shall thereafter keep separate accounts of the proceeds of such additional ten percent (10%) assessment remaining each year after the payment of all maturing obligations, and also a separate account of the funds provided for maintaining the improvement for the period of three years after completion of improvement and all payments therefrom and reimbursements thereto. (1917, c. 152, s. 13; C. S., s. 5355; 1923, c. 217, s. 6; 1927, c. 98, s. 5; 1961, c. 601, s. 2.)

§ 156-99. Application of funds; holder's remedy.—The commissioners of the district may sell the bonds or notes of the district for not less than par and devote the proceeds to the payment of the work as it progresses and to the payment of the other expenses of the district provided for in this Subchapter. The proceeds from the sale of the said bonds or notes shall be for the exclusive use of the levee or drainage district specified therein. A copy of said bonds or notes shall be recorded in the drainage record. If serial bonds or notes are issued it shall only be necessary to record the first numbered bond or note, with a statement showing the serial numbers, the amount and the due dates of principal and interest.

There shall be set out specifically in the drainage record of said proceeding, a description of the lands embraced in the district for which the tax or assessment has not been paid in full, and which is subject to the lien of the said obligations. A reference to the tract number on the map of the district as recorded in the drainage proceedings or in the office of the register of deeds is sufficient description.

If any installment of principal or interest represented by the bonds and notes shall not be paid at the time and in the manner when the same shall become due and payable, and such default shall continue for a period of six months, the holders of such bonds or notes upon which default has been made may have a right of action against the drainage district or the board of drainage commissioners of the district, its officers, including the tax collector

and treasurer, directing the levying of a tax or special assessment as herein provided, and the collection of same, in such sum as may be necessary to meet any unpaid installments of principal and interest and costs of action; and such other remedies are hereby vested in the holders of such bonds or notes in default, as may be authorized by law and the right of action is hereby vested in the holders of such bonds or notes upon which default has been made, authorizing them to institute suit against any officer on his official bond for failure to perform any duty imposed by the provisions of this Subchapter.

The official bond for the tax collector and treasurer shall be liable for the faithful performance of the duties herein assigned them. Such bond may be increased by the board of county commissioners. (1909, c. 442, s. 34; 1911, c. 67, s. 11; c. 205; C. S., s. 5356; 1923, c. 217, s. 7; 1963, c. 767, s. 8.)

Action against Landowner Is Unauthorized. — The remedy provided by statute to the holders of drainage bonds to enforce payment of their obligations is by action against the drainage district and its commissioners and the tax collector and treasurer to compel these officers to perform their legal duties in pursuing the statutory procedure for the collection and application of drainage assessments, which remedy is adequate and exclusive, and the holder of past-due bonds may not maintain an action against the owner of land within the district to enforce the lien of delinquent drainage assessments against the land. Wilkinson v. Boomer, 217 N.C. 217, 7 S.E.2d 491 (1940).

Effect of Foreclosure of Tax Liens. — Where, in an action to foreclose a tax lien, service of process on "bondholders, lien holders or other persons having or claiming some interest in the land" was had by publication, but the publication made no reference to any drainage district, drainage assessment, liens or bonds or bondholders of any drainage district, the publication was held insufficient to give the court jurisdiction of the holders of bonds of the drainage district in which the lands or any part of them lay, and the judgment therein could not preclude the bondholders from exercising their remedy under prescribed conditions to have the drainage district levy additional assessments against the lands for the purpose of paying the drainage bonds. Board of Comm'rs v. Gaines, 221 N.C. 324, 20 S.E.2d 377 (1942).

§ 156-100. Sale of bonds. — In making the sale of drainage bonds the board of drainage commissioners shall prepare a notice of such sale containing the usual and appropriate information regarding the terms and provisions of the bonds, and shall publish the same for at least a period of two weeks in at least one paper of general circulation published within the State and in at least one other newspaper of large circulation among the buyers of bonds, in which they shall invite sealed bids from prospective purchasers to be opened on a certain day, and may require a cash deposit to accompany all bids, and shall reserve the right to reject any and all bids. In such notice the commissioners may hold in reserve information as to the date when the first installment of principal shall fall due, the annual installments of principal to be paid, the number of years within which the serial bonds are to be paid, the form of the bonds, and the name of the bank or trust company at which the interest coupons and the installments of principal are to be made payable, and shall state that the information and data so withheld may subsequently be agreed upon between the drainage commissioners and the purchaser of the bonds; or the board of drainage commissioners in their advertisement asking bids may make optional propositions in the respects above recited, inviting bids as to each kind of bond so proposed. The board of drainage commissioners shall accept the highest bona fide bid for such bonds and issue and sell the same accordingly, provided the highest bid shall equal or exceed the par value of the bonds with any accrued interest thereon. If no satisfactory bid shall be received, the board of drainage commissioners may readvertise the bonds for sale in the manner above provided, or they may accept any private bid for the bonds at not less than their par value, with any accrued interest thereon. The board of drainage commissioners shall in good faith make diligent effort to sell the bonds at a

price not less than their par value, with accrued interest. Bonds of any drainage district heretofore sold or contracted to be sold by the Local Government Commission in the manner provided by the Local Government Act, either alone or in conjunction with the board of drainage commissioners, shall be deemed to have been lawfully sold or contracted to be sold. (1909, c. 442, s. 34; 1911, c. 67, s. 11; 1917, c. 152, s. 15; C.S., s. 5357; 1941, c. 142.)

§ 156-100.1. Sale of assessment anticipation notes. — Should assessment anticipation notes be issued by a drainage district under the provisions of G.S. 156-97.1, the board of drainage commissioners may accept any private bid for said assessment anticipation notes at not less than their par value, with accrued interest thereon without the necessity of advertising the sale hereof as is provided for in the sale of bonds under the provisions of G.S. 156-100. (1957, c. 912, s. 3.)

§ 156-100.2. Payment of assessments which become liens after original bond issue. — Payment of assessments not included in the original bond or note issue shall be financed in the following manner:

(1) In the event of appeal from the order of the clerk of superior court approving the final report of the board of viewers, the assessment approved by the appellate court shall be due and payable 30 days from the entry of the final order in said appeal.

(2) In the event land should be included within the district for any other reason, the assessment thereon shall be due and payable 30 days after the date of the agreement or court order by which said land is included.

(3) In the event the assessments referred to in the preceding subdivisions (1) and (2) are not paid at the expiration of the said 30-day period, then the commissioners may provide for installment payments of said assessment upon such terms as may be approved by the clerk of the superior court who has jurisdiction of the said drainage proceeding.

The commissioners of the district may issue bonds or notes for an amount equal to the total of the installment payments, upon terms as approved by the clerk of the superior court. The lien of the assessment, the rights of the bond or note holder, and all other liabilities and rights shall be the same as prescribed in this Subchapter III for other bonds and notes of the district. (1963, c. 767, s. 9.)

§ 156-100.3. Sinking fund. — The commissioners of the drainage district may establish a sinking fund to be used to pay bonds and notes issued by the district. The terms and conditions by which the said sinking fund is established shall be approved by the clerk of the superior court who has jurisdiction of said district. (1963, c. 767, s. 10.)

§ 156-101. Refunding bonds issued. — In any case where the board of drainage commissioners of any drainage district have issued or may issue bonds for the purpose of constructing or completing the drainage works in such district, the payment of which at maturity would in the judgment of the board of drainage commissioners be an unreasonable burden on the owners of the lands in such district assessed for the payment of such bonds and interest, or if it shall appear for other good and substantial reasons that the welfare of the district and the owners of lands therein would be promoted thereby, the board of drainage commissioners shall have the power to refund such bonds, or any part thereof, and issue new bonds equal to the amount of bonds outstanding and unpaid, or any part thereof. The new or refunding bonds shall bear a rate of interest not exceeding six percent (6%) payable semiannually, and shall be divided into such annual installments not exceeding ten percent (10%) and not less than five percent (5%) of the outstanding bonds so refunded. The new

assessments shall be levied and collected with which to pay the principal and interest on the bonds in the manner provided by law. The first installment of principal on the bonds so refunded may be made payable at a certain date in the future not exceeding six years from the date of the refunding bonds, and in the meantime annual assessments shall be levied and collected for the payment of the interest. (1917, c. 152, s. 14; C. S., s. 5358.)

§ 156-102. Drainage bonds received as deposits. — The State Treasurer is authorized to receive drainage bonds issued by drainage districts in North Carolina as deposits from banks, insurance companies, and other corporations required by law to make deposits with the State Treasurer: Provided, that the Attorney General shall have approved the form of such bonds. (1917, c. 152, s. 7; C. S., s. 5359.)

Local Modification. — Edgecombe, Pitt: 1937, c. 334.

§ 156-103. Assessment rolls prepared. — The board of drainage commissioners shall immediately prepare the assessment rolls or drainage tax lists, giving thereon the names of the owners of land in the district and a brief description of the several tracts of land assessed and the amount of assessment against each tract of land. The first of these assessment rolls shall be due and payable on the first Monday in September following the date of such bonds, and shall provide funds sufficient for the payment of interest on such bonds for one year. The second assessment roll shall make like provision for the payment of the interest for one year. Annual assessment rolls shall thereafter provide funds sufficient to meet the interest for one year on the issue of bonds outstanding. During the year previous to maturity of any annual installment due upon the principal of said bonds there shall be an assessment roll sufficient to provide funds for the payment of both the interest for one year and for the payment of the annual installment due upon the principal of the bonds. Such annual assessments shall be made from year to year to provide funds to meet the interest for one year and the annual installment of the principal due upon the bonds outstanding, until the whole principal due upon the outstanding bonds and the interest thereon shall be fully paid. In making up such assessment rolls there shall be included ten percent (10%) additional as provided in G.S. 156-98. Each of the assessment rolls shall specify the time when collectible and be numbered in their order, and the amounts assessed against the several tracts of land shall be in accordance with the benefits received, as shown by the classification and ratio of assessments made by the viewers. These assessment rolls shall be signed by the chairman of the board of drainage commissioners and by the secretary of the board. There shall be four copies of each of the assessment rolls, one of which shall be filed with the drainage record, one shall be filed with the chairman of the board of drainage commissioners, who shall carefully preserve the same, one shall be preserved by the clerk of the court, without change or mutilation, for the purposes of reference or comparison, and one shall be delivered to the sheriff, or other county tax collector, after the clerk of the superior court has appended thereto an order directing the collection of such assessments, and the assessments, shall thereupon have the force and effect of a judgment as in the case of State and county taxes. If the drainage commission which has assessed the lands of a drainage district prior to March 11, 1919, shall file the aforesaid four copies of assessment rolls within six months from April 1, 1919, the filing of such assessment rolls shall have the same legal effect as if filed strictly in accordance with this section immediately after the preparation of such assessment rolls. The State having authorized the creation of drainage districts and having delegated thereto the power to levy a valid tax in furtherance of the public purposes thereof, it is hereby declared that drainage districts heretofore or hereafter organized under existing law or any subsequent amendments thereto are created for a public use and are

political subdivisions of the State. (1911, c. 67, s. 12; 1917, c. 152, s. 9; 1919, c. 282, s. 1; C. S., s. 5360; 1921, c. 7; 1923, c. 217, s. 8.)

§ 156-104. Application of amendatory provisions of certain sections; amendment or reformation of proceedings. — All the provisions of Chapter 217 of the Public Laws of 1923 amendatory of G.S. 156-71, 156-75, 156-83, 156-94, 156-97, 156-98, 156-99 and 156-103 shall apply to all drainage districts which shall hereafter be organized, and also to all districts where proceedings for the organization thereof have been instituted and are now pending and where the bonds have not been actually issued, sold, and delivered to the purchaser thereof. If it shall be necessary to amend or reform any of the pleadings or orders made by the court or any action taken by the board of drainage commissioners in any drainage proceedings instituted and pending before March 6, 1923, full authority is granted to make any such amendments, to the end that the said drainage proceedings shall conform with the provisions hereof. (1923, c. 217, s. 9; C. S., s. 5360(a).)

Local Modification. — Hyde: 1923, c. 217, s. 10; C. S., s. 5360(a).

§ 156-105. Assessment lien; collection; sale of land. — The assessments shall constitute a first and paramount lien, second only to State and county taxes, upon the lands assessed for the payment of the bonds and interest thereon as they become due, and shall be collected in the same manner and by the same officers as the State and county taxes are collected. The assessments shall be due and payable on the first Monday in September each year, and if the same shall not be paid in full by the thirty-first day of December following, it shall be the duty of the sheriff or tax collector to sell the lands so delinquent. The sale of lands for failure to pay such assessments shall be made at the courthouse door of the county in which the lands are situated, between the hours of 10 o'clock in the forenoon and four o'clock in the afternoon of any date except Sunday or another legal holiday, which may be designated by the board of drainage commissioners. After any such sale date has been designated by the board of drainage commissioners, if for any necessary cause the sale cannot be made on that date, the sale may be continued from day to day for not exceeding four days, or the lands may be readvertised and sold on any day which the board of drainage commissioners may or shall designate during the same hours and without any order being obtained therefor during the same calendar year. Nothing in this section shall be construed to require any order from any court for any sale or resale held hereunder. The existing general tax law in force when sales are made for delinquent assessments shall have application in redeeming lands so sold; and in all other respects, except as herein or otherwise modified or amended, the existing law as to the collection of State and county taxes shall apply to the collection of such drainage assessments. No bid at any sale shall be received unless sufficient in amount to discharge all the drainage assessments and other charges due by the delinquent lands or owner thereof, together with all costs and expenses of sale. If no sufficient bid be received, the board of drainage commissioners of the district shall be deemed the purchaser in its corporate capacity at a sum sufficient to pay all assessments which are due and costs as above stated, and shall be entitled to receive a certificate of purchase and deed in the manner provided by law for purchasers at tax sales. The board of drainage commissioners shall only be required to pay to the sheriff the costs and expenses of sale before receiving a certificate of purchase. The board of drainage commissioners of the district in

their corporate capacity shall be in like position and have the same rights and be subject to the same duties as the purchaser of lands at any tax sale under the general law. If the board of drainage commissioners shall have been the purchaser of lands so sold, the amount paid in redemption by the owner, or any person having an estate therein or lien thereon, shall include the sum bid therefor plus the penalty. The board of drainage commissioners shall pay to the sheriff or tax collector the amount representing their bid at the sale of said lands before they shall be entitled to receive a deed therefor, which the sheriff shall pay to the treasurer of the drainage district in the same manner as other funds received by him. The board of drainage commissioners, after acquiring a deed for said lands, may hold the same as an asset of the district, and shall be liable for the payment of all drainage assessments and State and county taxes accruing after the sale at which the district was a bidder, and in all respects be deemed the owner of said lands and subject to the same privileges and liabilities as any other landowner, including the right to convey the said lands for a consideration and pay the proceeds of said sale to the treasurer of the district, which may be distributed by the drainage commissioners for the benefit of the district in the same manner as other district funds.

If any sheriff or tax collector failed for any reason to collect drainage assessments upon lands in any drainage districts due in 1917, or any subsequent years, and further failed to make valid sales of the lands so delinquent in the payment of such assessments, then and in such event the existing sheriff or tax collector is hereby authorized and directed to proceed to collect such unpaid drainage assessments, with interest thereon from the dates when such assessments respectively became due, and in default of payment being made he is further authorized to make sales of such lands as may be in default at any time hereafter, at the times and in the manner authorized by law as amended herein; and the purchaser at said sales shall acquire title to such lands in the manner provided by law. If the sheriff or tax collector in office at the time such assessments were in default has since died or gone out of office, the powers herein given shall be exercised by the existing sheriff or tax collector.

The 1931 amendment to this section shall have the same force and effect from and after April 13, 1931, as if it had been ratified and enacted prior to the first day of January, 1929, and no sale of drainage lands held under the provisions of section 5361 shall be deemed or declared void by reason of the fact that they may not have been held on the day specified in § 5361 of the Consolidated Statutes prior to this amendment. (1911, c. 67, s. 12; 1917, c. 152, s. 9; C. S., s. 5361; Pub. Loc. 1923, c. 88, ss. 3, 4, 5; 1931, c. 273.)

Local Modification. — Franklin, Hyde, Nash, Wilson: Pub. Loc. 1923, c. 88.

The assessments upon lands in a drainage district are a lien in rem on the lands of the owner for the payment of the bonds issued by the district in accordance with the statute, the district being a geographical quasi-public corporation, and the benefits annually accruing to the advantage of successive owners, such assessments are due and payable at stated intervals. Pate v. Banks, 178 N.C. 139, 100 S.E. 251 (1919).

The legislature intended that the assessments as shown on the assessment rolls which the board of drainage commissioners is required to prepare immediately upon the sale of the bonds, become liens as they become due, affecting all of the lands on the assessment rolls, which relate to the entire district for the entire period over which the payment of the assessments is spread. Nesbit v. Kafer, 222 N.C. 48, 21 S.E.2d 903 (1942).

Not Debt of Owner; Incumbrance. — The lien of the charges for drainage is not a debt of the owner of the land therein, but is a charge solely upon the land and accrues, pari passu, with the benefits as they shall accrue thereafter. They are not liens until they successfully fall due, and are presumed to be paid out of the increased productiveness and other benefits as they accrue from time to time. These assessments are to be levied from time to time to pay, not the indebtedness of the owner of any tract, but to pay the bonded indebtedness of the district, in that they are exactly like bonds issued by the township, county or State for public benefits and which become liens on property in futuro only to the extent of the taxes falling due each year to pay the interest, and such part of the principal as

may become due. One who purchases land in a township, county or State cannot complain that these successive tax liens will, from time to time, be collectible out of his realty. Whether he knew of the existence of such indebtedness or not makes no difference. They are not incumbrances within the sense of the warranty clause of a deed. The assessments in a drainage district to take the water off the land is simply an annual tax for that purpose. Pate v. Banks, 178 N.C. 139, 100 S.E. 251 (1919).

Liens on lands within a statutory drainage district for assessment charges for its maintenance and unkeep do not fall within a warranty or covenant against incumbrances contained in a deed until they are due and payable. Branch v. Saunders, 195 N.C. 176, 141 S.E. 583 (1928).

Remedy for Collection Is Adequate. — It is provided by this section that drainage assessments shall be collected in the same manner as taxes are collected, and such liens may be collected by sale of the land by the sheriff, with issue of certificates of sale, with right in the holder of the certificates to foreclose in due time; or by foreclosure of the lien in a suit instituted by the district or the holder of a tax deed or certificate, in the nature of an action to foreclose a mortgage, and this remedy for the collection of such assessments is adequate, and assessments collected are public funds although they are to be used solely for the purpose of paying principal and interest on drainage bonds. Wilkinson v. Boomer, 217 N.C. 217, 7 S.E.2d 491 (1940).

Provision Implementing Collection. — See § 156-109 and note.

A receiver cannot intervene, in a bank's action against the board, on the ground that he has the right, under this section to collect payments. See Board of Drainage Comm'rs v. Lafayette Southside Bank, 27 F.2d 286 (4th Cir. 1928).

Money from Assessments Is Like Public Money of County. — This and the following sections impress the moneys derived from the assessments as public money of the county, to be kept in the depository designated under the statute for such funds, although the funds in question are devoted to a particular or defined use. Commissioners of Robeson County v. Lewis, 174 N.C. 528, 94 S.E. 8 (1917).

Due Process of Law Not Denied. — The statute under which a drainage district is formed does not deny the district due process of law by providing for the collection and security of the assessments as other county taxes are collected, kept, etc. Commissioners of Robeson County v. Lewis, 174 N.C. 528, 94 S.E. 8 (1917).

Assessments Have Priority over Mortgages. — The assessments on lands for a bond issue have a prior lien to a mortgage executed thereon prior to the formation of said district. Drainage Comm'rs of Washington County Dist. No. 4 v. Eastern Home & Farm Ass'n, 165 N.C. 697, 81 S.E. 947 (1914).

§ 156-106. Assessment not collectible out of other property of delinquent. — Only the land assessed in the drainage proceeding shall be liable for the drainage tax or assessment, and no other property of the landowner shall or may be sold for said drainage tax or assessment: Provided, that this section shall not apply to any drainage bond sold and delivered prior to March 7, 1927, or to any litigation pending at that time. (1919, c. 282, s. 2; C. S., s. 5362; 1927, c. 139.)

Local Modification. — Cumberland, Robeson: 1927, c. 139, s. 1½.

§ 156-107. Sheriff in good faith selling property for assessment not liable for irregularity. — The sheriff who executes upon property for the collection of drainage assessments under the provisions of this Article shall not be liable either civilly or criminally if he shall sell such property in good faith, even though such sale is irregular or for any cause illegal. (1919, c. 282, s. 4; C. S., s. 5363.)

§ 156-108. Receipt books prepared. — The clerk of the superior court in each county where one or more drainage districts have been established shall be required to have prepared annually during the month of August a form of receipt, with appropriate stubs attached and properly bound, for the drainage assessments due on each tract of land as recited in the assessment rolls. This bound book of tax receipts or bills shall be indorsed "Drainage assessments of the (here give the name of the district) for the county of ....., delivered to the sheriff or tax collector as of the first Monday in September, 19.., for collection as required by law," and the same indorsement shall be printed at the top of each tax bill or blank receipt. Each tax bill or blank receipt shall contain a blank space for the name of the owner of the property, the

amount of the annual drainage tax, the amount of maintenance tax, if any, and a receipt at the bottom of the same, followed by a blank line for the signature of the tax collector. This bound book of tax bills or receipts, with the blanks duly filled in, shall be delivered to the sheriff or tax collector on the first Monday of September of each year. The necessary cost of printing and binding such book of tax bills or receipts and the filling in of the same shall be a proper charge against such drainage district and shall be paid by the board of drainage commissioners. (1917, c. 152, s. 9; 1919, c. 208, s. 2; C. S., s. 5364.)

Stated in Nesbit v. Kafer, 222 N.C. 48, 21 S.E.2d 903 (1942).

§ 156-109. Receipt books where lands in two or more counties. — Where any drainage district which has been established contains lands located in a county or counties other than the county in which the district was established, the clerk of the superior court of the county in which the district was established shall have prepared annually during the month of August a form of tax bills or receipts, with appropriate stubs attached, covering all the lands in the drainage district located in such other county or counties, and in the form herein provided for the county in which the district has been established, and have the same substantially bound in book form. He shall also fill in the blanks of such tax receipts ready for the signature of the collector. On a page in such bound book after the tax bills or receipts there shall be appended an order directed to the sheriff or tax collector in the county in which such lands are located, which shall be in substantially the following form: State of North Carolina — County of ..... The Sheriff or Tax Collector of ..... County: This is to certify that the foregoing tax bills or blank receipts embrace the drainage assessments made on certain lands in the county of ....., which are located in and are a part of (here insert the name of the drainage district), which district was established in the county of ..... These assessments are due on the first Monday of September, 19.., and must be paid and collected within the time required by law. You will make monthly settlements of your collections with the treasurer of ..... County, being the county in which the district was established, and in all other respects you will discharge your duties as sheriff or tax collector as required by law. In witness whereof, I have hereunto set my hand and official seal, this ..... day of ....., 19.....

....., Clerk Superior Court ..... County.

Thereupon such drainage assessments in such county shall have the force and effect of a judgment upon the lands so assessed, as in the case of State and county taxes, and shall in all other respects be as valid assessments as those levied upon lands in the county in which the district was established. The auditor for drainage districts herein authorized shall also examine the records and accounts of the sheriff of such county. In the establishment and administration of the drainage districts the clerk of the superior court, the treasurer, and the chairman of the board of drainage commissioners shall have jurisdiction over the lands and the collection of drainage assessments in the county or counties other than the county in which the district was established to the same extent as in the county where such district was established: Provided, that in those counties which do not have a county treasurer, then the auditor provided for in this Subchapter shall perform the duties required by this section for the county treasurer. (1917, c. 152, s. 11; C. S., s. 5365; 1963, c. 767, s. 4.)

Editor's Note. — Section 156-81.1, as enacted by Session Laws 1963, c. 767, s. 4, provides that all references in Subchapter III of this Chapter to "treasurer," "county treasurer" or "county auditor" are amended to refer exclusively to the treasurer appointed as provided in that section. Pursuant to § 156-81.1, the word "county" has been deleted preceding "treasurer" near the beginning of the third sentence of the last paragraph of this section.

However, there was no practicable method of changing the proviso at the end of this section to give effect to § 156-81.1.

The first sentence of the second paragraph must be read in connection with the provisions of § 156-105 that "the assessments shall constitute a first and paramount lien, second only to State and county taxes upon the lands assessed for the payment of bonds and interest thereon as they become due, and shall be collected in the same manner and by the same officers as State and county taxes are collected," and when so considered, it is clear that this section is not in conflict with § 156-105, but is intended to implement collection of the assessment by the sheriff. Nesbit v. Kafer, 222 N.C. 48, 21 S.E.2d 903 (1942).

§ 156-110. Authority to collect arrears. — If any sheriff or tax collector was authorized to collect drainage assessments in any year prior to 1917, and failed to collect any part of such drainage assessments, and is now out of office, or is still holding the office of sheriff or tax collector, then and in such event such sheriff or tax collector, regardless of the expiration of his term of office, is hereby authorized and directed to proceed to the collection of such unpaid drainage assessments, and in default of payment being made, he is further authorized to make sales of such lands as may be in default at the times and in the manner authorized by law during the year 1917, 1918 or 1919. (1917, c. 152, s. 9; C. S., s. 5366.)

§ 156-111. Sheriff to make monthly settlements; penalty. — The sheriff or tax collector shall be required to make settlements with the treasurer on the first day of each month of all collections of drainage assessments for the preceding month, and to pay over to the treasurer the money so collected, for which the treasurer shall execute an appropriate receipt, to the end that the treasurer may have funds in hand to meet the payments of the interest and principal due upon the outstanding bonds as they mature. If any sheriff or tax collector shall fail to comply with the law for the collection of drainage assessments, or in making payments thereof to the treasurer as provided by law, he shall be guilty of a misdemeanor and, upon conviction, shall be subject to fine and imprisonment, in the discretion of the court, and he shall likewise be liable in a civil action for all damages which may accrue either to the board of drainage commissioners or to the holder of the bonds, to either or both of whom a right of action is given. (1911, c. 67, s. 12; 1917, c. 152, s. 9; C. S., s. 5367; 1963, c. 767, s. 4.)

§ 156-112. Duty of treasurer to make payment; penalty. — It shall be the duty of the treasurer, and without any previous order from the board of drainage commissioners, to provide and pay the installments of interest at the time and place as evidenced by the coupons attached to the bonds, and also to pay the annual installments of the principal due on the bonds at the time and place as evidenced by the bonds. The treasurer shall be guilty of a misdemeanor and subject, upon conviction, to fine and imprisonment, in the discretion of the court, if he shall willfully fail to make prompt payments of the interest and principal of the bonds, and he shall likewise be liable in a civil action for all damages which may accrue either to the board of drainage commissioners or to the holder of such bonds, to either or both of whom a right of action is hereby given. (1911, c. 67, s. 12; C. S., s. 5368; 1963, c. 767, s. 4.)

Effect of Act Abolishing Office of County Treasurer. — Chapter 46, Public-Local Laws 1917, abolishes the office of county treasurer of Robeson County and substitutes therefor a depositary and financial agent, with provision that it shall perform the duties of treasurer in disbursement of the county funds. The act further provides that the sheriff, as such, or ex officio treasurer, shall turn over all moneys of the county to such depositary. It was held that moneys derived from assessments of a drainage district, being county funds, should be deposited, as the statute directs, with the depositary lawfully designated. Commissioners of Robeson County v. Lewis, 174 N.C. 528, 94 S.E. 8 (1917). As to treasurer of drainage district, see now § 156-81.1.

§ 156-113. Fees for collection and disbursement. — The fee allowed the sheriff or tax collector for collecting the drainage tax as hereinbefore

prescribed shall be two percent (2%) of the amount collected, and the fee allowed the treasurer for disbursing the revenue obtained from the sale of drainage bonds shall be one percent (1%) of the amount disbursed: Provided, that no fee shall be allowed the sheriff or tax collector or treasurer for collecting or receiving the revenue obtained from the sale of the bonds hereinbefore provided for, nor for disbursing the revenue raised or paying off such bonds; provided, that where the sheriff, tax collector or treasurer is on a salary basis, the fees herein set out shall not be charged. (1911, c. 67, s. 13; C. S., s. 5369; 1925, c. 271, s. 1; 1957, c. 562; 1963, c. 767, s. 4.)

Local Modification. — Pitt: 1925, c. 271, s. 2.

Construed with Other Sections. — The relevant sections of the various statutes upon the subject of the collection of assessments on lands in drainage districts by sheriffs and tax collectors and their compensation therefor, being in pari materia, should be construed together by the courts in ascertaining the legislative intent. Drainage Comm'rs v. Davis, 182 N.C. 140, 108 S.E. 506 (1921).

Sheriff's Compensation Restricted. — The bringing forward of s. 13, c. 67, Public Laws 1911, in this section, providing that 2 percent shall be allowed sheriffs "for collecting the drainage assessments as hereinbefore prescribed," is a legislative construction of the prior law, and was intended to restrict the compensation of the sheriff to 2 percent of the amount of the assessments in drainage districts collected by him, and not to allow him a commission of 5 percent as in case of taxes collected for general governmental purposes. Drainage Comm'rs v. Davis, 182 N.C. 140, 108 S.E. 506 (1921).

Compensation of Treasurer. — This section, dealing with the compensation to be allowed the county treasurer (now the treasurer of the drainage district) for disbursing the revenue obtained from the sale of bonds of drainage district, provides but one compensation for all services. Board of Drainage Comm'rs v. Credle, 182 N.C. 442, 109 S.E. 88 (1921).

§ 156-114. Conveyance of land; change in assessment roll; procedure. — (a) Status of Land Fixed. — The boundaries of lands as surveyed and mapped, the ownership thereof, and the classification and assessment thereof as appears in the final report and map and upon the assessment roll, shall be and remain as of the time when the district was established and the final report of the board of viewers was approved by the court. No conveyance or devise of land or devolution by inheritance after the petition has been filed or the owner thereof has been served with the original summons, either by personal service or by publication, shall affect the status or liability of such land as a part of such drainage district, except as herein provided.

(b) Conveyance before Final Report. — If the owner of any lands included in such district shall, after the filing of the petition, and after being served with the original summons and before the approval of the final report, convey the whole or any part of such lands, or the title thereto shall be otherwise changed, then and in such event the grantor and grantee or new owner, or either, may file a petition in an ancillary proceeding before the clerk of the superior court setting forth the facts, with a description of the lands conveyed either in part or the entire body of land, together with a description of the land excepted and not conveyed. If the grantor or grantee or new owner, in whole or in part, file such petition, the other not so joining shall be served with notice of same. The clerk may require the petitioner to attach to the petition a map showing the boundaries of the entire body of land as it appears in the record of the proceedings, and also showing the part conveyed. If the ownership of such land has been changed by devise or inheritance, or any joint ownership has been changed by partition, such new owner may file a petition as herein provided. Such petition shall conclude with a prayer that the grantee or new owner be made a party to the proceeding. The court after a hearing may make the grantee or new owner a party to the drainage proceeding and shall certify to the engineer and viewers a description of the land so conveyed or held by the new owner, with directions to verify the boundaries and to classify the land to the same extent as if the grantee was the original party. Any part of such lands not so conveyed shall be and remain a part of the district.

(c) Conveyance after District Established. — After the district shall be established, the lands classified, the final report approved, and the assessment

roll filed, no conveyance of any land in the district shall affect or change the existing status or liability of such land as to assessment charges or otherwise, except in the manner herein defined. When the title and ownership of any tract of land embraced in the district have been changed or vested in others by grant, devise, or inheritance, or by partition between joint owners, subsequent to the establishment of the district, the assessment roll may be amended in the following manner: The grantor and grantee, or the new owners, may file a petition with the chairman of the board of drainage commissioners alleging that the ownership of the land has changed, and the manner thereof, in whole or in part. If the whole body of land as appears in the final report or on the assessment roll has changed ownership, a general description consistent with such final report and map shall be sufficient. It the ownership of the body of land has changed only as to part thereof, the petition shall contain a description of the part thereof claimed by the new owners, and the number of acres and the classifications, or the several classes if it be in more than one class, and also a description of that part of the land the title to which remains in the original owner, with the number of acres and with the classification and the several classes if it contains more than one class of land. The petition shall so describe the land and the number of acres in each class as to that part of which the ownership has changed as to maintain the number of acres originally assessed, and the class or classes in which the same has been assessed, and the chairman of the board of drainage commissioners may require the petitioners to have the lands surveyed, and submit a map if the same shall be necessary.

(d) Duty of Chairman of Drainage Commissioners and Clerk. — The chairman of the board of drainage commissioners shall present this petition to the clerk of the superior court at any time thereafter, not later than the first Monday in July following. It shall be the duty of the clerk to examine and verify the facts set forth in the petition, and particularly to determine if the number of acres assessed and the classes thereof against the new owners added to the number of acres and the classes assessed against that part of the land, the title to which has not changed, shall equal the total number of acres and the classes so assessed as appear against such entire body of land in the final report and assessment roll. If the clerk shall be so satisfied, he shall enter an order or decree changing the original assessment roll, or the assessment roll as theretofore amended, by adding the name of the new owner with the number of acres assessed in each class, and by amending the number of acres assessed and the classes thereof against the original owner as appears on the original assessment roll or assessment roll as theretofore amended. It shall be the duty of the clerk after such order to make such changes in the assessment roll. It shall by the duty of the clerk of the superior court in making changes in the original assessment roll from time to time to observe and maintain the total number of acres in each class, to the end that the revenue produced from the annual assessment shall not be thereby diminished. The chairman of the board of drainage commissioners, instead of presenting to the clerk of the court each petition of landowners separately, may combine a number of petitions and present the same to the court at one and the same time. The first Monday in July in each year is hereby set apart as a special day on which petitions for changing the assessment roll may be submitted, at which time the clerk shall hear all petitions not theretofore submitted.

(e) Failure of Chairman of Board to Act. — If the chairman of the board of drainage commissioners shall fail to act when any petition shall be submitted to him as herein provided, or the chairman or any member of the board shall fail to discharge any duty imposed by this section or any other provision of the general drainage law, it is hereby made the duty of the clerk of the superior court, either independently or upon the request of any landowner in the district, to cite such chairman or member to appear before him upon a certain day and show cause why he should not be removed from office, and unless good cause be shown, it shall be the duty of the clerk to remove the chairman or any

member of the board of drainage commissioners and to certify his action, to the end that another member may be elected according to law. If the failure of the chairman or any member of the board of drainage commissioners to discharge such duty shall be willful, he shall be guilty of a misdemeanor, and upon conviction shall be punished by fine or imprisonment, or both, in the discretion of the court.

(f) When Owner May File Petition with Clerk. — If the grantor and grantee, or all those claiming to have acquired title to any body of land on the assessment roll and whose assessment will be affected, cannot agree upon joinder in a petition to the chairman of the board of drainage commissioners, or if the said chairman fails within a reasonable time to discharge his duty by presenting the petition to the court, then either party interested in the tract of land as it appears on the assessment roll may file a petition with the clerk of the superior court setting forth the facts as to the change in ownership and title of such land, with the description of the entire tract of land and the number of acres in each class, together with a description of that part of the land as to which the ownership has changed, with the number of acres in each class, and pray the court to order that the assessment roll be amended in accordance with the title and interest of the several owners. At the time of filing the petition a summons shall issue to the other parties interested in the tract of land to show cause, on a day certain, why the prayer of the petition should not be granted. Upon the return day the clerk of the court shall hear all the evidence, find the facts, and enter up a judgment directing the appropriate amendment to the assessment roll. It shall be the duty of the clerk to amend the assessment roll in accordance with his judgment.

(g) Effect of Change in Assessment Roll. — No judgment or amendment of the assessment roll shall be valid unless the number of acres and the classes assessed against the original and new owners shall equal the area and classification as contained in the tract of land as it appears on the original assessment roll. This petition may be presented to the court at any time, but the first Monday in July in each year is hereby designated as the day upon which all petitions for amendments to the assessment roll may be submitted. Any amendments to the assessment roll ordered after the last day of August in each year shall not become effective until the first day of September the following year, and the assessment roll as it appears on the first day of September of each year shall constitute the assessment roll to be delivered to the sheriff on the first Monday in September, and he shall collect the drainage assessments as they appear thereon without regard to any changes in title or ownership or any changes in the assessment roll made by the court after the thirty-first day of August. All amendments sought to be made to the assessment roll shall have reference to the assessment roll as it appears at the time the amendment is sought, which shall be either the original assessment roll or as amended; but it shall be the duty of the clerk of the superior court to examine frequently the assessment roll as amended, and before the same shall be further amended, and make certain that the aggregate number of acres in each class as appeared on the original assessment roll shall not be reduced, nor the aggregate annual assessments reduced. Any amendments ordered shall be made on the assessment roll and become due in the following September, and on all subsequent assessment rolls which have not become due or collectible.

(h) Clerk to Prepare New Assessment Rolls. — It shall be the duty of the chairman and the secretary of the board of drainage commissioners of the district to render to the clerk of the court any clerical assistance involved in changes in the assessment rolls, but the primary duty and responsibility in making such amendments shall remain with the clerk of the superior court, and he shall be held liable for any error or omission which may work a loss to the district or the bondholders. If such amendments to the assessment rolls shall make necessary the preparation of new assessment rolls, the clerk of the superior court shall be required to prepare such new assessment rolls with the clerical assistance of the chairman and secretary of the board of drainage

commissioners, and such new assessment rolls shall be signed by the chairman and secretary of the board of drainage commissioners and by the clerk of the superior court before delivery to the sheriff or tax collector as required upon the original assessment rolls. The original assessment rolls shall be preserved by the clerk of the court among his records for future reference.

(i) Number of Copies. — In the event it shall be necessary to prepare new assessment rolls, the clerk shall prepare four copies, one copy for the drainage record, another for the sheriff or tax collector, another for the chairman of the board of drainage commissioners, and the other for filing and preserving among the records, and which fourth copy shall never be mutilated or interlined, but shall be preserved in its original form for reference. As to all drainage districts heretofore established, the clerk of the court shall prepare an additional copy of all the original assessment rolls for the several years the lands in such districts are assessed and securely preserve the same, at least until all outstanding bonds of the district shall be paid, to the end that they may always be accessible for reference and comparison. It shall not be necessary hereafter to deliver to the sheriff or tax collector a copy of the assessment roll for the current year in which assessments are due and payable, but the copy provided for him may remain among the records of the clerk of the court for safekeeping and reference by him.

(j) Costs Determined. — As compensation to the clerk of the court for the performance of duties imposed herein, he shall be paid such sum by the board of drainage commissioners of such drainage district as they may deem fair and adequate, and the same is hereby declared a proper charge against said district, but no additional compensation shall be paid to the clerk in those counties where he receives a salary in lieu of fees. Any costs which may accrue in amendments to the assessment rolls shall be adjudged against the parties in interest, in the discretion of the clerk, and such costs shall be paid before the amendment shall become effective. As to all petitions which shall be filed and submitted to the court on the first Monday in July, no costs shall be paid or adjudged against any party in those counties where the clerk and sheriff receive a salary in lieu of fees.

(k) Chairman Represents Board. — As to all petitions filed with the chairman of the board of drainage commissioners, or as to the discharge of any duty by the chairman required of him under the general drainage law, he shall be presumed to act for the board, and the chairman shall do all things necessary to protect and maintain the interests of the drainage district. If the chairman shall be or become a landowner in the drainage district and may desire an amendment to the assessment rolls, he may file his petition before any other member of the board, or file the same directly with the clerk of the superior court.

(l) Application of Section. — The provisions of this section shall apply to landowners in districts heretofore established and to drainage proceedings heretofore instituted to the same extent as to drainage proceedings hereafter instituted and established. (1917, c. 152, s. 4; 1919, c. 208, s. 1; C. S., s. 5370.)

§ 156-115. Warranty in deed runs to purchaser who pays assessment. — Where the land assessed by drainage commissioners under the provisions of this Article has been purchased since the making of the assessment by a purchaser for value without notice under a deed of general warranty, and said purchaser pays to the sheriff the amount of said drainage assessment, which is a lien on the land purchased, then such purchaser who pays the said drainage assessment shall have a right of action against the warrantor of his title under the covenant of general warranty contained in his deed for the recovery of the amount paid. (1919, c. 282, s. 3; C. S., s. 5371.)

Section Does Not Refer to Future Assessments. — An assessment matured and due, under the decisions, would constitute "a lien on the land purchased," but this section does not refer to future assessments not due at the time the land was purchased. Branch v. Saunders, 195 N.C. 176, 141 S.E. 583 (1928). Consequently, liens on lands within a

statutory drainage district for assessment charges for its maintenance and upkeep do not fall within a warranty or covenant against encumbrances contained in a deed until they are due and payable. Branch v. Saunders, 195 N.C. 176, 141 S.E. 583 (1928).

§ 156-116. Modification of assessments. — (a) Relevy. — Where the court has confirmed an assessment for the construction of any public levee, ditch, or drain, and such assessment has been modified by the court of superior jurisdiction, but for some unforeseen cause it cannot be collected, the board of drainage commissioners shall have power to change or modify the assessment as originally confirmed to conform to the judgment of the superior court and to cover any deficit that may have been caused by the order of court or unforeseen occurrence. The relevy shall be made for the additional sum required, in the same ratio on the lands benefited as the original assessment was made.

(b) Upon Sale of Land for Assessments. — If any person, or any number of persons, claiming to have title to any tract or tracts of land subject to assessment or drainage tax shall fail to pay any annual assessment levied against such lands, and the sheriff or tax collector shall be compelled to sell such lands under the law for the purpose of making such collection, the net proceeds of such sale shall be paid to the treasurer, to be held by him and disbursed for the purpose of paying the current assessment and future annual assessments so far as the proceeds may be sufficient. When the fund in the custody of the treasurer shall be exhausted in the payment of annual assessments against such lands, or there shall not be a sufficient sum to pay the next annual assessment, the treasurer shall immediately give written notice to that effect to the chairman of the board of drainage commissioners of the district, and also to the clerk of the superior court, whereupon the board of drainage commissioners shall institute an investigation of such tract or tracts of land to determine the market value, and if they shall find that the market value is not equal to all the future annual assessments to cover its share of installments of principal and interest on the outstanding bonds, they shall proceed, with the approval of the clerk of the superior court, to make new reassessment rolls on all the remaining lands in the district and increase the sum in sufficient sums to equal the deficit thereby created and such new assessment rolls shall constitute the future assessment rolls until changed according to law, and shall be certified to the tax collector as herein provided in lieu of the former assessment rolls. However, the tract or tracts of land which have been so sold by the tax collector shall continue on the assessment roll in the name of the new owner, but reassessed upon the new basis, and the drainage tax collected at the same time and in the same manner as other lands as long as such lands may have sufficient market value out of which to collect the annual drainage tax, and when such lands shall cease to have such value, or shall be abandoned by the person claiming title thereto, the drainage commissioners may omit the same from the assessment roll with the approval of the clerk of the superior court, but such lands may in the same manner at any time in the future be restored to the assessment rolls.

(c) Surplus Funds. — If the funds in the hands of the treasurer at any time, arising under this section or in any other manner, shall be greater than is necessary to pay the annual installments of principal and interest, or the annual cost of maintenance of the drainage works, or both, such surplus shall be held by the treasurer for future disbursement for other purposes as herein provided or subject to the order of the board of drainage commissioners.

(d) Insufficient Funds. — If there shall be any impairment or destruction of the drainage works by any unforeseen cause or occurrence not anticipated, during the period of construction by the contractor, the contractor shall nevertheless repair and complete the works according to the contract and specifications and shall be liable therefor and also his sureties on his bond; but if the contractor shall make default and if there shall be a failure to collect all resulting damages from such contractor and the sureties upon his bond, and it shall thereby be necessary to raise a greater sum of money to complete the

drainage works in accordance with the plans, or if for any other unavoidable cause it shall be necessary to raise a greater sum to complete such drainage works, the board of drainage commissioners, having first obtained the approval of the clerk of the superior court, shall prepare new assessment rolls upon all the lands in the district upon the original basis of classification of benefits and increase the same in sufficient sums to equal the deficit thereby created, and the same shall constitute the new assessment rolls until changed according to law, and shall be certified to the tax collector as herein provided.

(e) Additional Bonds Issued. — If for any of the causes hereinbefore recited in this section, or for any other cause, a sum of money greater than the proceeds of sale of the drainage bonds shall become necessary to complete the drainage system, and the board of drainage commissioners shall determine that the amount to be raised is greater than can be realized from the collection of one annual assessment upon the lands in the district without imposing an undue burden upon the lands, or if it is advisable or necessary to raise the money more expeditiously, then and under such conditions additional bonds may be issued in such aggregate sum as may be necessary.

(f) Manner of Issue. — The proceedings for the issue of such additional bonds shall be substantially as follows: The board of drainage commissioners shall file their petition with the clerk of the superior court, setting forth all the facts which require the expenditure of more money and the issue of additional bonds to complete the drainage system, which shall be accompanied by the recommendation of the drainage engineer who was one of the original viewers, or some other expert drainage engineer selected by the drainage commissioners; whereupon the court shall issue a notice to all the owners of land within the district reciting the substance of the petition and directing each to appear before the court on a day certain, not less than 20 days after the service upon all the parties, and to show cause, if any they have, why the additional bonds should not be authorized, which notice shall be served personally on each such landowner by reading the same, and by leaving a copy, and if the same cannot be personally served, then it shall be served in the manner authorized by law. Any landowner may file an answer denying any material allegation in the petition or setting forth any valid objection to same before the return day thereof.

Upon the day when the notice is returnable, or on such day as to which the same may have been continued, the court shall proceed to hear the petition and answers. If the court shall find that the allegations of the petition are true, and that the issue of additional bonds is advisable or necessary, the court shall make an appropriate order authorizing and directing the issue of such additional bonds, fixing the amount of such issue, the date of same, the time when the interest and principal shall be payable, and all other matters necessary and appropriate in the premises. Any landowner may appeal from the order of the clerk of the superior court, and on such appeal only the issues raised in the answer shall be considered, and such appeal and the further procedure thereon shall be as prescribed in special proceedings, except as modified by this Subchapter.

After the court shall have ordered the additional issue of bonds, the further procedure as to the assessment rolls, the levying and collecting of the drainage taxes, the disbursement of the revenue therefrom for the payment of such bonds and interest thereon, and all further procedure shall be the same as required for the establishment of drainage districts. The additional bonds issued shall not exceed twenty-five percent (25%) of the total amount originally issued. The additional issue of bonds shall bear six percent (6%) interest per annum and may be made payable in 10 annual installments, or in lesser number of annual installments as nearly equal as may be, as recommended by the board of drainage commissioners and approved by the court. (1909, c. 442, s. 35; 1911, c. 67, s. 15; C. S., s. 5372; 1963, c. 767, s. 4.)

Surplus Returned to Owners. — Where a drainage district of a county having assessed the property owners therein for improvements, and when having completed the same there is a

surplus in the hands of the county treasurer, the board of drainage commissioners may, upon the exercise of a sound discretion, and in good faith, determine that the fund on hand is not necessary for further disbursements for the benefit of the district, according to the plan adopted, and distribute the same proportionately among those assessed in accordance with law especially when such owners have thereto agreed. Foil v. Board of Drainage Comm'rs, 192 N.C. 652, 135 S.E. 781 (1926).

The disposition of funds of a drainage district is a matter of statutory regulation in North Carolina. In re Perquimans County Drainage Dist. No. Four, 254 N.C. 155, 118 S.E.2d 431 (1961).

Public-Local Law Must Be Followed. — Where, under the provisions of a public-local law, a drainage district may lend its money derived from its assessments until required for use in payment of the principal and interest on its bonds maturing serially for a period of 10 years, and the statute provides for a depository for these funds, the drainage commissioners may not contract with a different bank to deposit the funds there, in consideration of such bank buying at par a certain issue of such bonds that could not otherwise have been sold, except below par; nor could the transaction, contemplating a period of 10 years, be construed as a loan to the bank as authorized by the statute, and the transaction is void, regarded either as a deposit of the funds or a loan thereof. Commissioners of Robeson County v. Lewis, 174 N.C. 528, 94 S.E. 8 (1917).

§ 156-117. Subdistricts formed. — Subdistricts may be formed by owners of land in main districts theretofore established in the manner provided for the organization of main districts. Such subdistricts shall have the right to use the ditches or canals of the main districts for outlets. The formation of subdistricts shall not operate to release the lands in any subdistrict from the payment of any assessment or levy made prior to the formation of such subdistricts, nor from any assessment which may thereafter be made for the completion and maintenance of the canals in main districts, or for the payment of the principal and interest on any indebtedness incurred by the main district, nor shall it give the subdistrict any claim on the funds of such main district for its local use. It shall be the duty of the drainage commissioners of the main district to control all matters pertaining to the main district drainage. Drainage commissioners for the subdistricts shall have authority and control over all matters pertaining to drainage within their respective subdistricts, except such work as belongs exclusively to the main district. (1917, c. 152, s. 8; C. S., s. 5373.)

§§ 156-118 to 156-120: Repealed by Session Laws 1961, c. 614, s. 11.

§ 156-121. Redress to dissatisfied landowners. — Anyone owning land which has been reclassified by the board of viewers who is dissatisfied with their classification shall have the same redress as has heretofore been provided where divisions of classification have been made by a petition to the clerk or otherwise. (1923, c. 231, s. 4; C. S., s. 5373(d).)

§ 156-122. Increase to extinguish debt. — If in the opinion of the board of drainage commissioners it would help the sale of the maintenance or improvement bonds, or they would deem it necessary under the provision of G.S. 156-101, they may, with the approval of the clerk of the superior court, add to the amount estimated by the board of viewers a sufficient amount to pay off all outstanding obligations of the district, leaving this their only bond issue. (1923, c. 231, s. 5; C. S., s. 5373(e).)

§ 156-123. Proceedings as for original bond issue. — The compensation of the board of viewers and their assistants, together with all other expenses in connection with this bond issue, shall be paid in the same manner, the duties and power of the clerk, and the duties and power of the board of drainage commissioners, the bonds shall be advertised and sold, divided into such annual installments, bear such a rate of interest, the landowners shall be given the same notices and the same rights to pay cash, the contract shall be let and supervised, and contractor paid the same, as if this was the original bond issue. (1923, c. 231, s. 6; C. S., s. 5373(f).)

Cross Reference. — See note under § 156-92.

§ 156-124. No drainage assessments for original object may be levied on property when once paid in full. — Whenever any assessment has been made or may be made by any drainage district formed under the laws of the State of North Carolina upon any lands in said district, either for construction or maintenance of its system of drainage or for any other purpose, and the particular assessment made against any particular piece of property has been paid or shall be hereafter paid in full, then and in that event no other or further assessment may be made upon said land for the purpose of providing money for the purpose for which the original assessment was made. (1933, c. 504; 1935, c. 469, s. 5.)

Local Modification. — Mecklenburg: 1933, c. 504; 1935, c. 469.

This section does not apply to bonds issued prior to its effective date, or affect the right of the holders of such bonds under prescribed conditions to require the levying and collection of special assessments for the purpose of paying the bonds. Board of Comm'rs v. Gaines, 221 N.C. 324, 20 S.E.2d 377 (1942).

Assessments to Pay Judgment Rendered Prior to Effective Date. — This section is held not to affect the liability of lands within a drainage district for additional assessments necessary to pay a judgment against the district, rendered prior to the effective date of this section, for improvements theretofore made by the district. Virginia-Carolina Joint Stock Land Bank v. Watt, 207 N.C. 577, 178 S.E. 228 (1935).

Article 9.

Adjustment of Delinquent Assessments.

§ 156-125. Adjustment by board of commissioners authorized. — The board of commissioners of any drainage district may, in connection with the issuance of bonds for the purpose of refunding outstanding bonds of the district, and in addition to preparing a new assessment roll, for the payment of principal and interest of such refunding bonds, and when the bonds so refunded constitute all of the bonds of the district for which an assessment has been made against property therein, adjust the uncollected delinquent installments of the assessment made upon property in the district, for the payment of principal and interest of the bonds so refunded and for other purposes authorized by law before said bonds were refunded. The adjustment of such delinquent assessments may include reduction of the principal amount of the delinquent installments, not exceeding fifty per centum (50%) thereof, to which reduced installments shall be added interest computed thereon, at a rate not less than the rate of interest of the refunding bonds, from the date of delinquency of said installments to the date of the refunding bonds, and shall include any costs legally incurred for the collection of the same; the date of delinquency shall be deemed to be the first day of December following the date upon which each of said installments became due: Provided, however, all delinquent installments of such assessment shall be adjusted on the same basis and by the same method. (1935, c. 469, s. 1.)

§ 156-126. Extension of adjusted installments. — Upon adjustment of delinquent installments of any assessment as provided herein, the payment of all delinquent installments so adjusted may be extended over a period not exceeding the life of the issue of refunding bonds, but in no event over a period exceeding 20 years. Such extension shall be made by the preparation of assessment rolls, which shall provide for the payment of installments so adjusted in equal annual installments which shall become due annually on September 1, in accordance with the original assessment, and shall bear interest at the rate of four per centum (4%) per annum from December 1 following their due date until paid. Such assessment rolls shall be prepared and filed with the sheriff and the clerk of superior court and receipts shall be

prepared and the same shall be collected in the same manner as other assessments of the district. (1935, c. 469, s. 2.)

§ 156-127. Special fund set up; distribution of collections. — The collection of assessments adjusted under this Article and of interest accrued under G.S. 156-126 shall be set aside in a fund and shall be applied as follows: One third of such collections may be used solely for operating and administrative expenses of the district, but the remaining two thirds thereof shall be reserved as additional security for the payment of the refunding bonds, or for the purchase and retirement of such refunding bonds, at prices not exceeding par and accrued interest. (1935, c. 469, s. 3.)

§ 156-128. Approval of adjustments by Local Government Commission. — Any adjustments of delinquent assessments under the provisions of this Article shall be effective only upon approval of the Local Government Commission. (1935, c. 469, s. 4.)

§ 156-129. Amount of assessments limited; reassessments regulated. — The assessments made under this Article shall in no instance, and against no piece of property, be greater in amount than that percent which the percent assessment authorized by this Article bears to the unpaid original assessment upon each piece or tract of property within the district. In no instance, either under this Article or any other law, shall any reassessment be made upon any piece of property for the purpose of providing money for the same purpose for which the original assessment was made, when the original assessment upon said property has been paid, or shall be paid prior to such general reassessment, nor to the extent that the original assessment has been paid. (1935, c. 469, s. 4(b).)

ARTICLE 10.

Reports of Officers.

§ 156-130. Drainage commissioners to make statements. — It shall be the duty of the commissioners of all drainage districts in the State of North Carolina organized under the provisions of the laws thereof to file with the clerk of the superior court in the county where such district is organized a monthly statement or account during the course of construction of canals for the district, showing the receipts and expenditures of all funds coming into their hands belonging to such drainage district for the period of one month prior to the day on which the same is filed, and also to post a copy of such statement or account at the courthouse door in the county. After the construction of the canals has been concluded and the drainage commissioners have only to maintain the canals, said drainage commissioners shall only be required to file and post the annual statement required in G.S. 156-131. Such statement or account shall be certified by the chairman of the board of commissioners of each drainage district and shall be attested by the secretary thereof, and a copy thereof shall be filed and kept as a part of the minutes of the district. (1917, c. 72, s. 1; C. S., s. 5374; 1927, c. 98, s. 6.)

Cross Reference. — As to this section not applying in case of special local act, see note to § 156-137.

§ 156-131. Annual report. — At the end of each fiscal year the board of commissioners of all drainage districts in the State of North Carolina shall file with the clerk of the superior court in the county where the district is organized a verified itemized statement of receipts and expenditures of all funds belonging to the district during the fiscal year just closed. (1917, c. 72, s. 2; C. S., s. 5375; 1957, c. 1410, s. 2.)

Cross Reference. — As to this section not applying in case of special local act, see note to § 156-137.

§ 156-132. Penalty for failure. — Any board of commissioners of any drainage district in the State, and each of the members thereof, which shall fail or refuse to file the statements or accounts, as provided in G.S. 156-130 and 156-131, shall be deemed guilty of a misdemeanor and upon conviction shall be punished in the discretion of the court. (1917, c. 72, s. 3; C. S., s. 5376; 1957, c. 1410, s. 3.)

§ 156-133. Auditor appointed; duties; compensation. — The clerk of the superior court for the county where the district was organized, shall annually appoint an intelligent and competent person of sufficient experience, as auditor for each drainage district which levies current assessments or which has accumulated funds. The same person may be auditor of more than one drainage district. The auditor shall annually report to the court as to financial affairs of the drainage district. The auditor may prepare all financial reports required by the drainage law to be made to the court by the commissioners of the drainage district. The compensation of the auditor shall be fixed by the said clerk of the superior court, and shall be paid out of the general, or operating, fund of the district. (1917, c. 152, s. 10; 1919, c. 208, s. 3; C. S., s. 5377; 1959, c. 420; 1963, c. 767, s. 11.)

§ 156-134. Duties of the auditor. — The auditor for the drainage district will be required to examine the assessment roll and the records and accounts of the sheriff or tax collector as to the assessment roll which went into his hands on the previous first Monday in September and for all previous years as to which the records and accounts of the sheriff or tax collector have not been audited.

The auditor shall for each of such years make a report as to each drainage district, showing the total amount of drainage assessments due for each year, the amount collected by the sheriff up to the fifteenth day of May of the following year, the names of the owners of land, and a brief description of the lands on which the drainage assessments have not been paid, and the total amount of unpaid drainage assessments, with any further data or information which the auditor may regard as pertinent.

If the lands in the district lie in other counties, the auditor for the county in which the district was established shall also examine the records of the sheriff or tax collector for such other counties.

The auditor shall also examine the books of the treasurer for similar years, and he shall report the amount of drainage assessments paid to the treasurer by the sheriff or tax collector for each year, and the amounts paid out by the treasurer during such years, and for what purposes paid. It shall be the duty of the sheriff and treasurer to permit the auditor to examine their official books and records and to furnish all necessary information, and to assist the auditor in the discharge of his duties.

The auditor shall make a report to the board of county commissioners on or before the first Monday in July following his appointment, and he shall deliver a duplicate of such report to the chairman of the board of drainage commissioners of each drainage district established in the county.

If the sheriff has not collected all of the drainage assessments, or has not paid over all collections to the treasurer, or if the treasurer has not made disbursements of the drainage funds as required by law, or has not in his hands the funds not so disbursed by him, it shall be the duty of the auditor to so report, and to prepare two certified copies of his report, one of which shall be delivered to the judge holding a session of superior court in the county following the first Monday in July, and a copy to the solicitor of the judicial district in which the county is located, and it shall be the duty of such solicitor to examine carefully such report and to institute such action, civil or criminal, against the sheriff or tax collector or the treasurer, as the facts contained in

the report may justify, or as may be required by law. (1917, c. 152, s. 10; C. S., s. 5378; 1963, c. 767, s. 4; 1973, c. 108, s. 97.)

Editor's Note. — The 1973 amendment substituted "session" for "term" near the middle of the last paragraph.

Article 11.

General Provisions.

§ 156-135. Construction of drainage law. — The provisions of this Subchapter shall be liberally construed to promote the leveeing, ditching, draining, and reclamation of wet and overflowed lands. The collection of the assessment shall not be defeated, where the proper notices have been given, by reason of any defect in the proceedings occurring prior to the order of the court confirming the final report of the viewers; but such order or orders shall be conclusive and final that all prior proceedings were regular and according to law, unless they were appealed from. If on appeal the court shall deem it just and proper to release any person or to modify his assessment or liability, it shall in no manner affect the rights and legality of any person other than the appellant, and the failure to appeal from the order of the court within the time specified shall be a waiver of any illegality in the proceedings, and the remedies provided for in this Subchapter shall exclude all other remedies. (1909, c. 442, s. 37; C. S., s. 5379.)

Liberal Construction of Chapter. — The drainage laws apply to the whole State, and by the express provision of this section they should be liberally construed to promote the leveeing, ditching, draining, and reclamation of wet and overflowed lands. Board of Drainage Comm'rs of Parkville Drainage Dist. No. 1 v. Brett Eng'r Co., 165 N.C. 37, 80 S.E. 897 (1914).

A Necessary Provision. — This provision that the collection of assessments shall not be defeated, etc., is absolutely necessary if the public are to be protected in their purchase of the bonds put upon the market. It is to be presumed that when the court has rendered such final judgment and the bonds are issued there will be no interference with the collection of the assessments to pay the bondholders, but that all controversies were thrashed out and settled before such final judgment. Banks v. Lane, 171 N.C. 505, 88 S.E. 754 (1916).

Formation of District Not Subject to Collateral Attack. — Board of Drainage Comm'rs v. Lafayette Southside Bank, 27 F.2d 286 (4th Cir. 1928).

§ 156-135.1. Investment of surplus funds. — Any drainage district organized under the provisions of Subchapter III of Chapter 156 of the General Statutes and the governing authority of same is hereby authorized and empowered to invest any surplus funds or any funds not needed for the immediate use of the district in United States bonds or any securities or type of investment in which guardians, executors, administrators and others acting in a fiduciary capacity are authorized to make investments by virtue of Article 1 of Chapter 36 of the General Statutes as amended. (1951, c. 1058, s. 1.)

Cited in In re Perquimans County Drainage District No. Four, 254 N.C. 155, 118 S.E.2d 431 (1961).

§ 156-136. Removal of officers. — Any engineer, viewer, superintendent of construction or other person appointed under this Chapter may be removed by the court, upon petition, for corruption, negligence of duties, or other good and satisfactory cause shown. (1909, c. 442, s. 38; C. S., s. 5380.)

§ 156-137. Local drainage laws not affected. — This Subchapter shall not repeal or change any local drainage laws already enacted. (1909, c. 442, s. 38½; C. S., s. 5381.)

Special Local Act Not Affected. — Where a special local statute for the formation and operation of a drainage district is complete in itself in all its details, a general law expressing itself applicable to all such drainage districts in the State, adding further duties and making the failure of the commissioners to file certain reports an indictable offense, will not be construed to apply unless special reference is made to the special local act. State v. Gettys, 181 N.C. 580, 107 S.E. 307 (1921).

§ 156-138. Punishment for violating law as to drainage districts. — If any person shall violate any of the provisions of law in reference to drainage districts as provided in this Chapter, or shall leave any log, brush, trash, or other thing where it is liable to wash into an adjacent stream and obstruct the flow of water or cut any tree so as to fall in a stream, or place any other obstruction in a stream in a drainage district, he shall be fined not more than fifty dollars ($50.00) or imprisoned not more than 30 days. (1905, c. 541, ss. 7, 9; Rev., s. 3378; C. S., s. 5382.)

§ 156-138.1. Acquisition and disposition of lands; lease to or from federal or State government or agency thereof. — The district may acquire such lands as may be necessary or convenient to enable it to accomplish the purposes for which the district was established. If the lands cannot be acquired by agreement as to the purchase price, then and in such event, the power of eminent domain is hereby conferred and the same may be condemned by the procedure set out in G.S. 156-67 and Article 2, Chapter 40 of the General Statutes. The land so acquired may be used in such manner and for such purposes as the commissioners of the district may deem best. If, in the opinion of the drainage commission of the district such lands should be sold, leased or rented, the board may do so, subject to the approval of the clerk of the superior court.

The commissioners of the district are hereby authorized and empowered, in their discretion, to convey or lease to the State or federal governments, or any of their agencies, with or without consideration, any properties, real or personal, belonging to said district, if in their opinion such is necessary to enable the district to receive State or federal funds available to it. The terms of such conveyance or lease shall be subject to the approval of the clerk of the superior court of the county in which the district was established.

The commissioners of the district are authorized and empowered to lease from the State or federal governments such real or personal property as may be needed by the district to enable it to efficiently operate and maintain the district for the purposes for which it was established. The terms of such lease shall be subject to the approval of the clerk of the superior court of the county in which the district was established. (1957, c. 539.)

§ 156-138.2. Meaning of "majority of resident landowners" and "owners of three fifths of land area". — Wherever in this Subchapter reference is made to a "majority of resident landowners" or "owners of three fifths of the land area," such reference shall be deemed to refer only to lands alleged in a petition or adjudged by the court to be benefited by the proposed construction work. (1959, c. 1312, s. 2.)

§ 156-138.3. Notice. — Unless specifically required by the provisions of this Subchapter, it is not necessary to give notice to any landowner of a motion made to, or order rendered by the clerk of the superior court or the judge of the superior court relating to the affairs of the district, financial or otherwise, except when an assessment is proposed to be made upon his land and then such notice shall be given as is required by the provisions of this Subchapter. This provision for notice of assessment shall not apply to assessments for annual maintenance expenses, which are provided for in this Subchapter, and specifically in Article 7A and G.S. 156-92. (1961, c. 614, s. 3.)

§ 156-138.4. Procedures to be followed in connection with drainage projects that involve channelization. — Every drainage project that involves channelization shall be subject to the procedures set forth in G.S. 139-47. (1971, c. 1138, s. 4.)

SUBCHAPTER IV. DRAINAGE BY COUNTIES.

ARTICLE 12.

Protection of Public Health.

§ 156-139. Cleaning and draining of streams, etc., under supervision of governmental agencies. — When the board of commissioners of any county subject to the provisions of this Article shall, by resolution duly adopted, find as facts: (i) that the cleaning out and draining of any portion of any nonnavigable stream, creek or swamp area in such county is necessary and/or desirable to protect and promote the health of the citizens of such county, and (ii) that the agricultural benefits which the lands along such stream or area might receive from such cleaning out and draining would be so negligible as not to justify the levying of any special assessments against such lands on account thereof, it may order, provide for, and accomplish the cleaning out and draining of such portion of such stream, creek or swamp area by, through, and under the supervision and jurisdiction of, the health department, or any sanitary committee, or any drainage commission, or other governmental agency or department of such county. (1943, c. 553, s. 1.)

Editor's Note. — For comment on this section and §§ 156-140 and 156-141, see 21 N.C.L. Rev. 352.

§ 156-140. Tax levy. — In order to carry out and accomplish the objects and purposes of this Article, the board of commissioners of any such county may annually levy and collect a countywide tax not exceeding two cents (2¢) upon each one hundred dollars ($100.00) in value of the taxable property in such county. (1943, c. 553, s. 2.)

§ 156-141. Article applicable to certain counties only. — This Article shall apply only to those counties which may have a population in excess of 100,000 persons. (1943, c. 553, s. 3.)
